Edgar Filing: P&F INDUSTRIES INC - Form NT 10-K

P&F Industries, Inc. (the Registrant) has determined that it was unable to file its Annual Report on Form 10-K for the fiscal year ended December 31, 2009 (the 2009 Form 10-K) by March 31, 2010 without unreasonable effort and expense because it has not yet completed the preparation of its consolidated financial statements for the fiscal year ended December 31, 2009 and related disclosures, as discussed more fully below.

The Registrant together with certain of its subsidiaries (collectively, the Co-Borrowers) are parties to a secured credit agreement (the Credit Agreement) with Citibank, N.A. and HSBC USA Bank, National Association, as lenders, and Citibank, N.A. as administrative agent. The revolving portion of the credit facility pursuant to the Credit Agreement expired in accordance with its terms on March 30, 2010. While the Registrant continues to attempt to extend the maturity date of the revolving loan commitment under the Credit Agreement and reestablish the ability of the Co-Borrowers to seek further advances thereunder, it has been unable to do so thus far, and no assurance can be given that it will be successful in the future. The Registrant also continues to explore obtaining alternative or supplemental sources of financing; however, there can be no assurance that the Registrant will be successful obtaining any other source of financing or that any such financing will be on terms favorable to the Registrant.

Unless the Registrant enters into an amendment or extension to the Credit Agreement prior to the filing of the 2009 Form 10-K that provides terms that adequately supports the Registrant's ability to continue as a going concern, the Registrant anticipates that the report of its independent registered public accounting firm on the Registrant's consolidated financial statements for the fiscal year ended December 31, 2009 would contain an explanatory paragraph indicating substantial doubt about the Registrant's ability to continue as a going concern. Further, if the Registrant is unable to enter into such an amendment or extension to the Credit Agreement or otherwise obtain satisfactory alternative or supplemental financing, the Registrant anticipates that it may be required to take certain actions, including but not limited to restructuring or reorganizing in other ways.

Because of the Registrant's time devoted to negotiating, evaluating and attempting to implement the strategic and financing plans of actions set forth above and certain other alternatives plans of actions, and the uncertainty and range of potential outcomes, the Registrant was unable to complete the financial statements and other disclosures required to be included in its 2009 Form 10-K within the prescribed time period without unreasonable effort and expense.

If answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

Edgar Filing: P&F INDUSTRIES INC - Form NT 10-K

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant anticipates that it will report revenue of approximately \$72.6 million for the year ended December 31, 2009, compared to approximately \$87.7 million for the same period in 2008. This reduction is primarily attributable to the sluggish economy which affected all of the Registrant's businesses, and the loss of a large customer in mid-2008, the full effect of which was experienced in 2009, and was partially offset by increased revenue in the Registrant's stair part business as a result of the acquisition of a complementary business in mid-2009. The Registrant also anticipates that it will report a loss of \$9.3 million for the year ended December 31, 2009, compared to a loss of \$4.3 million for the year ended December 31, 2008. As set forth in the table below, this decrease is primarily the as a result of (i) a net decrease in net revenue in 2009; (ii) a lower gross margin percentage in 2009 and (iii) an effective tax rate expense in 2009 as opposed to an effective tax rate benefit in 2008, which were partially offset by a gain resulting from the adjustment to the fair value of contingent consideration and a reduction of impairment charges in 2009.

	Years Ended December 31,	
	2009 (unaudited)	2008 (audited)
Net Revenue	\$ 72,585,000	\$ 87,656,000
Gross Profit	18,114,000	26,915,000
Selling, general and administrative Expenses	(22,076,000)	(24,114,000)
Impairment of Assets	(5,549,000)	(7,477,000)
Operating loss	(9,511,000)	(4,676,000)
Interest, net	(1,918,000)	(1,769,000)
Change in fair value of contingent consideration	4,118,000	
Loss before income tax effect	(7,311,000)	(6,445,000)
Income tax (expense) benefit	(1,970,000)	2,147,000
Net loss	\$ (9,281,000)	\$ (4,298,000)

The Registrant expect to more fully explain each of these factors in the Registrant's Annual Report on Form 10-K for the year ended December 31, 2009.

This Form 12b-25 includes forwarding-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934 regarding the Registrant and the financial results it expects to report that are not historical facts and are indicated by words such as anticipate, expect, believe, other formulations of those terms and similar terms. Such forward-looking statements are based on the Registrant's current expectations and beliefs, which are subject to change, and involve certain risks and uncertainties including, in particular, whether the Registrant's final unaudited financial results for the year ended December 31, 2009 will comport with the preliminary information summarized herein. These risks and uncertainties may cause actual results to differ materially from those contained in the forward-looking statements.
