**Item 1.01. Entry into a Definitive Material Agreement.**

On August 19, 2010, General Moly, Inc. (the Company) announced that Eureka Moly, LLC, the Company's 80% owned subsidiary (Eureka Moly), entered into an agreement with the Eureka Producers Cooperative (the EPC) whereby Eureka Moly will fund a Sustainability Trust (the Trust) in Diamond Valley, Nevada, in exchange for the cooperation of the EPC with respect to Eureka Moly's water rights and permitting of the Mt. Hope project.

The Trust will be funded by Eureka Moly and will range between \$8 million and \$12 million, contributed to the Trust over several years, based on the achievement of certain milestones. The amount of the Trust will depend on the timing of the publication of the Company's Draft Environmental Impact Statement and receipt of the Record of Decision, with higher payment amounts corresponding with faster permit receipt. These base total amounts can be reduced by 25% or 50% if Eureka Moly obtains its water rights and other permits, but delays are caused by certain other protestants or other current appellants continuing to protest or appeal the water applications or oppose the permits for the Mt. Hope project. In all cases, at least 50% of the contributions will be provided upon receipt of full financing and the Company's Board of Directors decision to proceed with construction. The remaining payments will be split evenly with one payment due not later than 150 days from the commencement of production at the Mt. Hope project and the remaining payment due one year thereafter.
