- if the stock price is in excess of \$200 per share (subject to adjustment), then the amount of the make-whole shares will be zero; and
- if the stock price is less than \$20 per share (subject to adjustment) (the minimum stock price), then the amount of make-whole shares will be determined as if the stock price equaled the minimum stock price, using straight line interpolation, as described above, if the effective date is between two dates on the table.
