Item 2.01. Completion of Acquisition or Disposition of Assets.

On July 2, 2013, Select Income REIT, or SIR, issued and sold to the public 10,500,000 of its common shares of beneficial interest in a registered public offering, for a purchase price to the public of \$28.25 per common share. According to its public filings, SIR estimates that its net proceeds from this offering, after deducting the underwriting discount and other estimated offering expenses payable by SIR, will be \$283.6 million. We own 22,000,000 common shares of SIR. We did not sell any of our 22,000,000 SIR common shares in the SIR public offering. We did not receive any proceeds from the SIR public offering. Prior to completion of this offering, our 22,000,000 common shares of SIR represented approximately 56.0% of SIR's outstanding common shares, and SIR was one of our consolidated subsidiaries. Following completion of this offering, our 22,000,000 common shares of SIR represent approximately 44.2% of SIR's outstanding common shares and SIR ceased to be our consolidated subsidiary. Since our ownership percentage in SIR is now below 50%, for accounting purposes we are required to deconsolidate our investment in SIR, record our investment in SIR in equity investments and account for such investment under the equity method. We are filing this Current Report on Form 8-K and related Pro Forma Financial Information as a result of the required deconsolidation pursuant to guidance in the Financial Reporting Manual of the Division of Corporation Finance of the Securities and Exchange Commission, or SEC. This is a deconsolidation and disposition for accounting purposes for us.

FOR THESE REASONS, AMONG OTHERS, INVESTORS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE UPON FORWARD LOOKING STATEMENTS.

Item 9.01. Financial Statements and Exhibits.

This Current Report on Form 8-K includes unaudited pro forma condensed consolidated financial statements, which include the deconsolidation for accounting purposes of our ownership in SIR as a result of the public offering by SIR of 10,500,000 of SIR's common shares and our previously disclosed sale of all 9,950,000 common shares of Government Properties Income Trust that we owned as reported in our Current Report on Form 8-K filed with the SEC on March 18, 2013. These unaudited pro forma condensed consolidated financial statements are not necessarily indicative of the expected results of operations for any future period. Differences could result from many factors, including future changes in our portfolio of investments, changes in interest rates, changes in our capital structure, changes in property level operating expenses, changes in property level revenues, including rents expected to be received pursuant to existing leases or leases we may enter into during 2013, and for other reasons. Consequently, actual future results are likely to be different than amounts presented in the unaudited pro forma condensed consolidated financial statements and such differences could be significant.
