Ad-Hoc Notice

January 23, 2015

**Moscow, Russian Federation Mobile TeleSystems OJSC ( MTS or the Company NYSE: MBT), the leading telecommunications provider in Russia and the CIS, announces that its majority-owned subsidiary, Moscow City Telephone Network OJSC ( MGTS ), divested its 49.95% stake in Intellect Telecom OJSC ( Intellect Telecom ) to Sistema JFSC (LSE: SSA) ( Sistema ), the parent company of MTS, for a price of RUB 344 mln. MGTS also acquired from Sistema a 89.53% stake in NIS PJSC, the leading systems integrator for GLONASS satellite projects ( NIS ), for a price of RUB 44 mln.**

The acquisition of NIS allows MTS Group to further develop its proprietary technological platform for machine-to-machine (M2M) solutions and strengthen its leadership in the quickly emerging Russian M2M market. MTS will leverage the expertise and capabilities of NIS to enhance its presence in the areas of telematics solutions for transport, insurance and security systems.

Intellect Telecom is a research and development innovation center in the field of telecommunications. The sale of its ownership stake supports MGTS 's strategy of divesting minority stakes to provide greater transparency within MGTS 's business.

Both transactions have been approved by the Federal Antimonopoly Service of Russia (FAS). MTS has received all the necessary corporate approvals, including approval by the MTS Board of Directors.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned Risk Factors that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including

volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
