Item 5.02 **Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers**

Intrepid Potash, Inc. (Intrepid, we, us, or our) held its 2016 annual meeting of stockholders on May 24, 2016. At the annual meeting, stockholders approved our Amended and Restated Short-Term Incentive Plan (the STIP) and Amended and Restated Equity Incentive Plan (the EIP). Our Board of Directors (the Board) approved the STIP and EIP on March 22, 2016, subject to stockholder approval at the annual meeting.

The STIP is designed to provide annual incentives to our executive officers and other key employees to achieve pre-established, objective performance goals. We sought stockholder approval of the STIP to permit certain awards paid to executive officers to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended.

The EIP is designed to provide long-term equity incentives to attract, retain, and motivate eligible employees, directors, and consultants and to align their interests with those of our stockholders. The EIP is designed with the flexibility to award restricted stock, restricted stock units, performance awards, incentive stock options, non-qualified stock options, stock appreciation rights, cash-based awards, and other stock-based awards to eligible individuals. The EIP includes the following changes as compared to its previous version:

- Approved an additional 4,004,647 new shares of common stock available for grant under the EIP, which when added to the shares available for grant as of December 31, 2015, authorizes a total of 7,060,000 shares of common stock available for grant under the EIP, less awards made after December 31, 2015, and counted at the new fungible ratio (described below).
- Adopted a fungible share design, where each share subject to an award of options or stock appreciation rights counts against the share authorization as one share and where each share subject to an award other than an option or stock appreciation right counts against the share authorization as 1.7 shares.
- Added a one-year minimum vesting provision applicable to full value awards (awards other than options or stock appreciation rights), subject to limited exceptions as described in the EIP.
- Eliminated liberal share recycling on options and stock appreciation rights, so that shares tendered or withheld to pay for taxes on these awards or to pay an option exercise price will not be added to the shares available for grant.
- Added an individual award limit for awards to nonemployee directors (which limits both cash and equity) and modified certain other individual award limits.
- Extended the duration of the EIP to May 24, 2026.
- Made certain other administrative changes.

A summary of the principal features of the STIP and EIP is included in our definitive proxy statement for our 2016 annual meeting of stockholders, as filed with the Securities and Exchange Commission on April 4, 2016, under the headings Proposal 6 Approval of Amended and Restated Short-Term Incentive Plan and Proposal 7 Approval of Amended and Restated Equity Incentive Plan. The description above is
