Notes

Singapore Financial Statements. At the 2016 annual general meeting, our shareholders will have the opportunity to discuss and ask any questions that they may have regarding our Singapore audited financial statements for the fiscal year ended March 31, 2016, together with the directors' statement and auditors' report thereon, in compliance with Singapore law. Shareholder approval of our audited financial statements is not being sought by this proxy statement and will not be sought at the 2016 annual general meeting.

Eligibility to Vote at Annual General Meeting; Receipt of Notice. The Board of Directors has fixed the close of business on June 27, 2016 as the record date for determining those shareholders of the Company who will be entitled to receive copies of this notice and accompanying proxy statement. However, all shareholders of record on August 24, 2016, the date of the 2016 annual general meeting, will be entitled to vote at the 2016 annual general meeting.

Quorum. Representation of at least 33-1/3% of all outstanding ordinary shares of the Company is required to constitute a quorum to transact business at a general meeting of our shareholders.

Proxies. A shareholder entitled to attend and vote at the 2016 annual general meeting is entitled to appoint a proxy to attend and vote on his or her behalf. A proxy need not also be a shareholder. **Whether or not you plan to attend the meeting, please complete, date and sign the enclosed proxy card and return it in the enclosed envelope.** A proxy card must be received by Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717 not less than 48 hours before the time appointed for holding the 2016 annual general meeting. You may revoke your proxy at any time prior to the time it is voted. Shareholders who are present at the meeting may revoke their proxies and vote in person or, if they prefer, may abstain from voting in person and allow their proxies to be voted.

Availability of Proxy Materials on the Internet. We are pleased to take advantage of Securities and Exchange Commission rules that allow issuers to furnish proxy materials to some or all of their shareholders on the Internet. In accordance with Singapore law, our registered shareholders (shareholders who own our ordinary shares in their own name through our transfer agent, Computershare Investor Services, LLC) will not be able to vote their shares over the Internet, but we will be providing this service to our beneficial holders (shareholders whose ordinary shares are held by a brokerage firm, a bank or other nominee). We believe these rules will allow us to provide our shareholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our annual general meeting of shareholders.

Disclosure Regarding Share Purchase Mandate Funds. Only funds legally available for purchasing or acquiring our issued ordinary shares in accordance with our Constitution and the applicable laws of Singapore will be used for the purchase or acquisition by us of our own issued ordinary shares pursuant to the proposed renewal of the Share Purchase Mandate referred to in this notice. We intend to use our internal sources of funds and/or borrowed funds to finance the purchase or acquisition of our issued ordinary shares. The amount of financing required for us to purchase or acquire our issued ordinary shares, and the impact on our financial position, cannot be ascertained as of the date of this notice, as these will depend on the number of ordinary shares purchased or acquired and the price at which such ordinary shares are purchased or acquired and whether the ordinary shares purchased or acquired are held in treasury or cancelled. Our net tangible assets and the consolidated net tangible assets of the Company and its subsidiaries will be reduced by the purchase price of any ordinary shares purchased or acquired and cancelled. We do not anticipate that the purchase or acquisition of our ordinary shares in accordance with the Share Purchase Mandate would have a material impact on our financial condition and cash flows.

Personal Data Privacy. By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the 2016 annual general meeting and/or any adjournment thereof, a shareholder of the Company (i) consents to the collection, use and disclosure of the shareholder's personal data by us (or our agents or service providers) for the purpose of the processing, administration and analysis by us (or our agents or service providers) of proxies and representatives appointed for the 2016 annual general meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the 2016 annual general meeting (including any adjournment thereof), and in order for us (or our agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines (collectively, the Purposes), (ii) warrants that where the shareholder discloses the personal data of the shareholder's proxy(ies) and/or representative(s) to us (or our agents or service providers), the shareholder has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by us (or our agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the shareholder will indemnify us in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the shareholder's breach of warranty.

We design, build, ship and service complete packaged consumer electronic and industrial products for original equipment manufacturers (OEMs) through our activities in the following segments:

- High Reliability Solutions (HRS), which is comprised of our medical business including consumer health, digital health, disposables, drug delivery, diagnostics, life sciences and imaging equipment; our automotive business, including vehicle electronics, connectivity, and clean technologies; and our defense and aerospace businesses, focused on commercial aviation, defense and military;

- Communications & Enterprise Compute (CEC), formerly referred to as Integrated Network Solutions, which includes radio access base stations, remote radio heads, and small cells for wireless infrastructure; optical, routing, broadcasting, and switching products for the data and video networks; server and storage platforms for both enterprise and cloud based deployments; next generation storage and security appliance products; and rack level solutions, converged infrastructure and software defined product solutions.

We provide our advanced design, manufacturing and supply chain services through a network of over 100 facilities in approximately 30 countries across four continents. We have established this extensive network of design and manufacturing facilities in the world's major consumer electronics and industrial products markets (Asia, the Americas and Europe) in order to serve the outsourcing needs of both multinational and regional OEMs. Our services increase our customers' competitiveness by delivering improved product quality, increased flexibility, leading manufacturability, improved performance, faster time-to-market and competitive costs. Our OEM customers leverage our services to meet their requirements throughout their products' entire life cycles.

Business Transformation and Performance Highlights

In fiscal year 2016, we continued to reorganize and rebalance our business portfolio in order to align with our customers' needs and requirements in an effort to optimize operating results. In particular, we continued to move our long-term portfolio towards a mix of businesses which possess longer product life cycles and higher margins, such as our IEI and HRS businesses. Concurrently, we are also shifting away from customer solutions that have more short-term volatility and lower margins. This business transformation positions us to meet specific customers' supply chain solutions needs across all of the markets we serve, yield margin improvement, earn a return on our invested capital above the weighted-average cost of that capital, and take advantage of the long-term, future growth prospects for outsourcing of advanced manufacturing capabilities, design and engineering services, and after-market services. Another aspect of our business transformation strategy has been to make targeted investments in technologies and businesses that are complementary to our core business but that represent high growth opportunities with attractive profit margins. The shift away from certain parts of our business limited our short-term top-line growth and created negative year-over-year comparisons on some financial metrics, though it places us in a better position to capitalize on long-term revenue growth and enhanced returns on investment and cash flow.

We delivered solid results in fiscal year 2016 in the face of significant external and internal challenges, though final performance was somewhat below our targeted objectives. Several macro-economic factors such as ongoing growth challenges in Europe, a slowdown in Chinese growth, and a high degree of uncertainty about interest rate and stimulus policies acted as a brake on overall global manufacturing activity and created volatility in global stock prices. Internally, we continued on our business transformation journey during fiscal year 2016 through which we are reorganizing and rebalancing our business portfolio. As a result of an improved cost structure and our strategic business transformation, we delivered solid operating results in fiscal year 2016 and executed on key

Table of Contents

strategic priorities, including acquisitions of NEXTracker, Mirrors Controls International and Wink to expand our innovative offerings, though some results represent year-over-year declines due to our business transformation activities. Highlights include:

- Gross profit totaled \$1.6 billion, an increase of 4.1% compared to the prior year.
- Gross margin increased to 6.6% of net sales in fiscal year 2016, compared with 5.9% of net sales in fiscal year 2015.
- We generated operating cash flows of \$1.1 billion during the year. The strong cash flow generated from our operations enabled us to return value to shareholders with the repurchase of \$420.3 million of our shares paid in fiscal year 2016.
- We maintained strong sustainable free cash flow.
- We had some less favorable year-over-year financial result comparisons due to our business transformation, though these actions are positioning the company for enhanced future results.
- We reported net sales of \$24.4 billion, a decrease of 6.6% compared to the prior year.
- Diluted earnings per share for the year were \$0.79, a decrease of 22.5%.

With the results noted above, our stock price declined 4.9% from \$12.68 at the end of fiscal year 2015 to \$12.06 at the end of fiscal year 2016. While we are disappointed in the overall decrease in absolute value, we believe we have delivered solid long-term shareholder value creation despite the challenging business environment during fiscal year 2016. Flex's total shareholder return (TSR) from fiscal year 2014 through the end of fiscal year 2016 (3-year return) was an annualized 22.0%, or above the 80th percentile of our peer group. This represents an annualized return that is nearly 10% ahead of the S&P 500 over the same period, demonstrating strong absolute and relative shareholder value creation over a multi-year time period.

Executive Compensation (pages 52-61)

Pay and Performance Alignment For Fiscal Year 2016

As noted above, we delivered solid operating and shareholder results during fiscal year 2016, though final performance was somewhat below our targeted levels. Our compensation philosophy is to reward above-target performance when achieved, and pay zero or below target when favorable results are not delivered. In line with our fiscal year 2016 performance, our named executive officers (NEOs) earned short-term incentive awards that recognize our solid financial performance, as well as the fact that we did not fully achieve our targeted performance goals. Highlights include the following:

- Maintained the CEO's base salary with no increase, positioned approximately at the peer median.
- Provided modest base salary increases to other NEOs, though overall salary positioning continued to be approximately at our peer group median.

VOTING RIGHTS AND SOLICITATION OF PROXIES

The close of business on June 27, 2016 is the record date for shareholders entitled to notice of our 2016 annual general meeting. All of the ordinary shares issued and outstanding on August 24, 2016, the date of the annual general meeting, are entitled to be voted at the annual general meeting, and shareholders of record on August 24, 2016 and entitled to vote at such meeting will, on a poll, have one vote for each ordinary share so held on the matters to be voted upon. As of June 27, 2016, we had [] ordinary shares issued and outstanding.

Proxies. Ordinary shares represented by proxies in the form accompanying this proxy statement that are properly executed and returned to us will be voted at the 2016 annual general meeting in accordance with our shareholders instructions.

If your ordinary shares are held through a broker, a bank, or other nominee, which is sometimes referred to as holding shares in street name, you have the right to instruct your broker, bank or other nominee on how to vote the shares in your account. Your broker, bank or other nominee will send you a voting instruction form for you to use to direct how your shares should be voted.

Quorum and Required Vote. Representation at the 2016 annual general meeting of at least 33-1/3% of all of our issued and outstanding ordinary shares is required to constitute a quorum to transact business at the annual general meeting.

- The affirmative vote by a show of hands of at least a majority of the shareholders present and voting, or, if a poll is demanded by the chair or by holders of at least 10% of the total number of our paid-up shares in accordance with our Constitution, a simple majority of the shares voting, is required at the 2016 annual general meeting, to re-elect the directors nominated pursuant to Proposal No. 1, to re-appoint the director nominated pursuant to Proposal No. 2, to re-appoint Deloitte & Touche LLP as our independent auditors pursuant to Proposal No. 3, to approve the ordinary resolution to allot and issue ordinary shares contained in Proposal No. 4, to approve the non-binding, advisory resolution contained in Proposal No. 5, and to approve the ordinary resolution to renew the Share Purchase Mandate contained in Proposal No. 6.

Under the Companies Act (Chapter 50) of Singapore, which we refer to as the Singapore Companies Act or the Companies Act, and our Constitution, the shareholders may by passing an ordinary resolution requiring the simple majority of affirmative votes of shareholders present and voting at an annual general meeting, remove an incumbent director and appoint another person as director to replace the removed director.

Abstentions and Broker Non-Votes. Abstentions and broker non-votes are considered present and entitled to vote at the 2016 annual general meeting for purposes of determining a quorum. A broker non-vote occurs when a broker, a bank or other nominee who holds shares for a beneficial owner does not vote on a particular proposal because the broker, bank or other nominee has not received directions from the beneficial owner and does not have discretionary power to vote on that particular proposal. If a broker, bank or other nominee indicates on the proxy card that it does not have discretionary authority to vote as to a particular matter, those shares, along with any abstentions, will not be counted in the tabulation of the votes cast on the proposal being presented to shareholders.

If you are a beneficial owner, your broker, bank or other nominee has authority to vote your shares for or against the re-appointment of our independent auditors and for or against the approval of the general authorization for our directors to allot and issue ordinary shares, even if the broker does not receive voting instructions from you. Your broker, bank or other nominee, however, does not have the discretion to vote your shares on any other proposals included in this proxy statement without receiving voting instructions from you. **It is very important that you instruct your broker, bank or other nominee how to vote on these proposals.** If you do not complete the voting instructions, your shares will not be considered in the election of directors or any other proposal included in this proxy statement other than the re-appointment of our independent auditors and the approval of the general authorization for our directors to allot and issue ordinary shares.

**Part II PROPOSALS TO BE CONSIDERED AT THE
2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

PROPOSAL NOS. 1 AND 2:

RE-ELECTION AND RE-APPOINTMENT OF DIRECTORS

Article 95 of our existing Constitution requires that at each annual general meeting one-third of the directors (or, if their number is not a multiple of three, then the number nearest to but not more than one-third of the directors), are required to retire from office. The directors required to retire in each year are those who have been in office the longest since their last re-election or appointment. As between persons who became or were last re-elected directors on the same day, those required to retire are (unless they otherwise agree among themselves) determined by lot. Under Article 91 of our existing Constitution, any director holding office as a Chief Executive Officer shall not be subject to retirement by rotation, unless the Board of Directors determines otherwise, or be taken into account in determining the number of directors required to retire by rotation. As a result, Mr. McNamara, our Chief Executive Officer and also being one of our directors, is not subject to retirement by rotation or taken into account in determining the number of directors required to retire by rotation. Under Article 101 of our existing Constitution, any director appointed by the Board to fill a vacancy or as an additional director shall not be taken into account in determining the number of directors required to retire by rotation. No directors were appointed as additional directors or appointed to fill a vacancy since our 2015 annual general meeting.

Retiring directors are eligible for re-election. Mr. H. Raymond Bingham and Dr. Willy C. Shih are the members of our Board of Directors who will retire by rotation at our 2016 annual general meeting. Mr. Bingham and Dr. Shih are each eligible for re-election and have been nominated to stand for re-election at the 2016 annual general meeting. If either nominee fails to receive the affirmative vote of a majority of the shares present and voting on the resolution to approve his re-election (that is, if the number of shares voted FOR the director nominee does not exceed the number of votes cast AGAINST that nominee), he will not be re-elected to the Board and the number of incumbent Directors comprising the Board of Directors will be reduced accordingly. Abstentions, if any, will have no effect.

Under Section 153(6) of the Companies Act which was in force during our 2015 annual general meeting, a person of or over the age of 70 years could be appointed or re-appointed as a director of a public company and could only hold office until the next annual general meeting. Mr. Lawrence A. Zimmerman, who reached the age of 70 years prior to the date of the 2015 annual general meeting, was re-appointed as a director of the Company at the 2015 annual general meeting pursuant to Section 153(6) of the Companies Act (which was then in force). Mr. Zimmerman will cease to hold office at the 2016 annual general meeting unless re-appointed by our shareholders. Mr. Zimmerman is eligible for re-appointment and will be seeking re-appointment as a director of the Company at the 2016 annual general meeting without limitation in tenure, save for prevailing laws, applicable listing rules and the Company's existing Constitution.

The proxy holders intend to vote all proxies received by them in the accompanying form of proxy card for the nominees for directors listed below under Nominees to our Board of Directors. In the event that any nominee is unable or declines to serve as a director at the time of the 2016 annual general meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors of the Company, in accordance with Article 100 of our existing Constitution, to fill the vacancy.

As of the date of this proxy statement, our Board of Directors is not aware of any nominee who is unable or will decline to serve as a director.

Qualifications of Directors and Nominees

Our Nominating and Corporate Governance Committee is responsible for assessing the composition and performance of the Board of Directors and Committees of the Board of Directors and for recruiting, evaluating and recommending candidates to be presented for appointment or election to serve as members of the Board of Directors. CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees (including our principal executive officer, our principal financial officer and our principal accounting officer). The Code of Business Conduct and Ethics is available on the Corporate Governance page of the Investor Relations section of our website at www.flextronics.com. In accordance with SEC rules, we

intend to disclose on the Corporate Governance page of our website any amendment (other than technical, administrative or other non-substantive amendments) to, or any material waiver from, a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions.

Shareholder Communications with our Board of Directors

Our shareholders may communicate with our Board of Directors by sending an e-mail to Board@flextronics.com. All e-mails received will be sent to the Chairman of the Board and our Chief Financial Officer and/or Senior Vice President, Finance. The e-mail correspondence is regularly reviewed and summaries are provided to the full Board.

Board of Directors

Our Constitution gives our Board of Directors general powers to manage our business. The Board oversees and provides policy guidance on our strategic and business planning processes, oversees the conduct of our business by senior management and is principally responsible for the succession planning for our key executives, including our Chief Executive Officer.

Our Board of Directors held a total of ten meetings during fiscal year 2016. During the period for which each current director was a director or a committee member, each director attended at least 75% of the aggregate of the total number of meetings of our Board in fiscal year 2016 together with the total number of meetings held by all committees of our Board on which he served. During fiscal year 2016, our non-employee directors met at regularly scheduled executive sessions without management participation.

Our Board has adopted a policy that encourages each director to attend the annual general meeting, but attendance is not required. All nine directors attended the Company's 2015 annual general meeting.

Table of Contents

Director Independence

To assist our Board of Directors in determining the independence of our directors, the Board has adopted Director Independence Guidelines that incorporate the definition of independence adopted by The NASDAQ Stock Market LLC, which we refer to as Nasdaq in this proxy statement. Our Board has determined that each of the Company's directors, other than Mr. McNamara, is an independent director as defined by the applicable rules of Nasdaq and our Director Independence Guidelines. Under the Nasdaq definition and our Director Independence Guidelines, a director is independent only if the Board determines that the director does not have any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, under the Nasdaq definition and our Director Independence Guidelines, a director will not be independent if the director has certain disqualifying relationships. In evaluating independence, the Board broadly considers all relevant facts and circumstances. As part of its director independence assessment, the Board considered certain relationships Messrs. Bingham and Schulman have with Flex other than through their memberships on the Board and its committees. Mr. Bingham serves as a board member, and Flex employs Mr. Bingham's adult son in an entry-level human resources position. Mr. Schulman serves as a board member, and his brother-in-law provides immaterial consulting services periodically to Flex and one of its wholly-owned subsidiaries. The Board determined that these relationships and transactions for Messrs. Bingham and Schulman do not conflict with the elements of independence set forth in the Nasdaq listing rules or our Director Independence Guidelines. Our Director Independence Guidelines are included in our Guidelines with Regard to Certain Governance Matters, a copy of which is available on the Corporate Governance page of our website at www.flextronics.com.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors currently consists of nine directors, each of whom, other than Mr. McNamara, is independent under the Company's Director Independence Guidelines and the applicable rules of Nasdaq. Mr. McNamara has served as our Chief Executive Officer, or CEO, since January 1, 2006, and as a member of our Board of Directors since October 2005. Mr. Bingham, who is an independent director, has served as our Chairman of the Board since January 2008. The Board has separated the roles of Chairman and CEO since 2003.

Our Board of Directors believes that the most effective Board leadership structure for the Company at the present time is for the roles of CEO and Chairman of the Board to be separated, and for the Chairman of the Board to be an independent director. Under this structure, our CEO is generally responsible for setting the strategic direction for the Company and for providing the day-to-day leadership over the Company's operations, while the Chairman of the Board provides guidance to the CEO, sets the agenda for meetings of the Board and presides over Board meetings. Our Board of Directors believes that having an independent Chairman set the agenda and establish the priorities and procedures for the work of the Board provides a greater role for the independent directors in the oversight of the Company, and also provides the continuity of leadership necessary for the Board to fulfill its responsibilities. This leadership structure is supplemented by the fact that all of our directors, other than Mr. McNamara, are independent and all of the committees of the Board are composed solely of, and chaired by, independent directors. In addition, our non-employee directors meet at regularly scheduled executive sessions without management participation. The Board retains the authority to modify this leadership structure as and when appropriate to best address the Company's unique circumstances at any given time and to serve the best interests of our shareholders.

Table of Contents

Our Board of Directors' role in risk oversight involves both the full Board of Directors and its committees. The Audit Committee is charged with the primary role in carrying out risk oversight responsibilities on behalf of the Board. Pursuant to its charter, the Audit Committee reviews the Company's policies and practices with respect to risk assessment and risk management, including discussing with management the Company's major risk exposures and the steps that have been taken to monitor and mitigate such exposures. The Company's enterprise risk management process is designed to identify risks that could affect the Company's achievement of business goals and strategies, to assess the likelihood and potential impact of significant risks to the Company's business, and to prioritize risk control and mitigation. Our Chief Financial Officer, our General Counsel and our Chief Ethics and Compliance Officer periodically report on the Company's risk management policies and practices to relevant Board committees and to the full Board. The Audit Committee reviews the Company's major financial risk exposures as well as major operational, compliance, reputational and strategic risks, including steps to monitor, manage and mitigate those risks. In addition, each of the other Board committees is responsible for oversight of risk management practices for categories of risks relevant to their functions. For example, the Compensation Committee has oversight responsibility for the Company's overall compensation structure, including review of its compensation practices, with a view to assessing associated risk. See *Compensation Risk Assessment*. The Board as a group is regularly updated on specific risks in the course of its review of corporate strategy, business plans and reports to the Board by its respective committees. The Board believes that its leadership structure supports its risk oversight function by providing a greater role for the independent directors in the oversight of the Company.

Audit Committee

The Audit Committee of the Board of Directors is currently composed of Messrs. Marc A. Onetto, Lay Koon Tan, William D. Watkins and Lawrence A. Zimmerman, each of whom the Board has determined to be independent and to meet the financial experience requirements under both the rules of the SEC and the listing standards of the NASDAQ Global Select Market. The Board has also determined that each of Messrs. Tan, Watkins and Zimmerman is an audit committee financial expert within the meaning of the rules of the SEC and is financially sophisticated within the meaning of the rules of Nasdaq. The Audit Committee held eight meetings during fiscal year 2016 and regularly meets in executive sessions without management present. The committee's principal functions are to:

- monitor and evaluate periodic reviews of the adequacy of the accounting and financial reporting processes and systems of internal control that are conducted by our financial and senior management, and our independent auditors;
- be directly responsible for the appointment, compensation and oversight of the work of our independent auditors (including resolution of any disagreements between our management and the auditors regarding financial reporting); and
- facilitate communication among our independent auditors, our financial and senior management and our Board.

Our Board has adopted an Audit Committee Charter that is available on the Corporate Governance page of the Investor Relations section of our website at www.flextronics.com.

Compensation Committee

Responsibilities and Meetings

The Compensation Committee of our Board of Directors is responsible for reviewing and approving the goals and objectives relating to, and recommending to our Board the compensation of, our Chief Executive Officer and all other executive officers. The committee also oversees management's decisions concerning the performance and compensation of other officers, administers the Company's equity compensation plans and regularly evaluates the effectiveness of our overall executive compensation program. The Compensation Committee is currently composed of Messrs. Capellas and Schulman and Dr. Shih, each of whom our Board has determined to be an independent director under applicable listing standards of Nasdaq. The committee held six meetings during fiscal year 2016 and regularly meets in executive sessions without management present. The specific powers and responsibilities of the Compensation Committee are set forth in more detail in the Compensation Committee Charter, which is available on the Corporate Governance page of the Investor Relations section of our website at www.flextronics.com.

Delegation of Authority

When appropriate, our Compensation Committee may form, and delegate authority to, subcommittees. In addition, in accordance with the Company's equity compensation plans, the Compensation Committee's charter allows the committee to delegate to our Chief Executive Officer its authority to grant share options to employees of the Company who are not directors or executive officers.

Compensation Processes and Procedures

The Compensation Committee evaluates our compensation programs and makes recommendations to our Board regarding compensation to be paid or awarded to our executive officers. As part of its process, the Compensation Committee meets with our Chief Executive Officer, Chief Financial Officer, and members of our human resources department to obtain recommendations with respect to the structure of our compensation programs, as well as an assessment of the performance of individual executives and recommendations on compensation for individual executives. In addition, the Compensation Committee has the authority to retain and terminate any third-party compensation consultant and to obtain advice and assistance from internal and external legal, accounting and other advisors. In connection with our 2016 fiscal year compensation review, the Compensation Committee engaged Mercer Human Resources Consulting, a wholly-owned subsidiary of Marsh & McLennan Companies, Inc. (referred to in this proxy statement as Mercer) as its independent adviser for certain executive compensation matters. Mercer was retained by the Compensation Committee to provide an independent review of the Company's executive compensation programs, including an analysis of both the competitive market and the design of the programs. More specifically, Mercer furnished the Compensation Committee with reports on peer company practices relating to the following matters: short and long-term compensation program design; annual share utilization and shareowner dilution levels resulting from equity plans; and executive share ownership and retention values. As part of its reports to the Compensation Committee, Mercer evaluated our peer companies, and provided competitive compensation data and analysis relating to the compensation of our Chief Executive Officer and our other executives and senior officers. Mercer also assisted the Compensation Committee with its risk assessment of our compensation programs.

The Compensation Committee relied on input from Mercer in evaluating management's recommendations and arriving at the Compensation Committee's recommendations to the Board with respect to the elements of compensation discussed below under *Compensation Discussion and*

Analysis for fiscal year 2016 compensation. The Compensation Committee expects that it will continue to retain a compensation consultant on future executive compensation matters.

Relationship with Compensation Consultant

In addition to serving as compensation consultant to the Compensation Committee in fiscal year 2016 with respect to the compensation of our executive officers and non-employee directors, Mercer and its affiliates have provided other services to our management. Mercer's fees in connection with providing consulting services with respect to the compensation of our executive officers and non-employee directors in fiscal year 2016 were approximately \$306,000.

During our 2016 fiscal year, Marsh & McLennan Companies, Inc. (the parent company of Mercer) and its affiliates, which we refer to collectively as Marsh, were retained by the Company to provide services unrelated to executive and director compensation matters. These services included Directors' and Officers', Errors and Omissions and Product Recall insurance brokerage services, business continuity consulting services and captive feasibility analysis. The decision to engage Marsh for these other services was made by management. Although aware of such other services, our Compensation Committee did not review or approve such other services provided by Marsh, which services were approved by management in the ordinary course of business. The aggregate fees paid for those other services in fiscal year 2016 were approximately [].

Table of Contents

Our Compensation Committee has determined that the provision by Marsh of services unrelated to executive and director compensation matters in fiscal year 2016 was compatible with maintaining the objectivity of Mercer in its role as compensation consultant to the committee and that the consulting advice it received from Mercer was not influenced by Marsh's other relationships with the Company. The Compensation Committee is sensitive to the concern that the services provided by Marsh, and the related fees, could impair the objectivity and independence of Mercer, and the committee believes that it is important that objectivity be maintained. However, the committee also recognizes that the services provided by Marsh are valuable to the Company and that it could be inefficient and not in the Company's interest to use a separate firm to provide those services at this time. In addition, the Compensation Committee has confirmed that Mercer and Marsh maintain appropriate safeguards to assure that the consulting services provided by Mercer are not influenced by the Company's business relationship with Marsh. Specifically, Mercer provided to the Compensation Committee an annual update on Mercer's and Marsh's financial relationship with the Company and assurances that members of Mercer who perform consulting services for the Compensation Committee have a reporting relationship and compensation determined separately from Marsh's other lines of business and from its other work for the Company.

Mercer also represented to the Compensation Committee that there are no personal or business relationships between the Mercer account manager and any member of the committee or a named executive officer beyond the Flex relationship. Further, the Mercer account manager does not directly own any Flex shares (although some of his investments controlled solely by independent, third-party managers may own Flex shares by way of indexed funds). Based on the above and other factors, including the factors set forth under Rule 10C-1 under the Exchange Act, the committee assessed the independence of Mercer and concluded that no conflict of interest exists that would prevent Mercer from independently representing the committee.

Compensation Committee Interlocks and Insider Participation

During our 2016 fiscal year, Messrs. Capellas and Schulman and Dr. Shih served as members of the Compensation Committee. None of our executive officers served on the Compensation Committee during our 2016 fiscal year. None of our directors has interlocking or other relationships with other boards, compensation committees or our executive officers that require disclosure under Item 407(e)(4) of SEC Regulation S-K.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is currently composed of Messrs. Bingham, Schulman and Zimmerman, each of whom our Board has determined to be an independent director under the applicable listing standards of Nasdaq. The Nominating and Corporate Governance Committee held eight meetings during fiscal year 2016 and regularly meets in executive sessions without management present. The committee recruits, evaluates and recommends candidates for appointment or election as members of our Board. The committee is also responsible for shaping and overseeing the application of the Company's corporate governance policies and procedures, including recommending corporate governance guidelines to the Board. In addition, the committee oversees the Board's annual self-evaluation process and any Board communications with shareholders. In addition, the Nominating and Corporate Governance Committee reviews and makes recommendations to our Board for the compensation of our non-employee directors. Our Board has adopted a Nominating and Corporate Governance Committee Charter that is available on the Corporate Governance page of the Investor Relations section of our website at www.flextronics.com.

The goal of the Nominating and Corporate Governance Committee is to ensure that our Board possesses a variety of perspectives and skills derived from high-quality business and professional experience. Although the Board does not have a formal policy on diversity, the Nominating and Corporate Governance Committee seeks to achieve a balance and diversity of knowledge, experience and capability on our Board, while maintaining a sense of collegiality and cooperation that is conducive to a productive working relationship within the Board and between the

Board and management. In addition, the committee seeks nominees with the highest professional and personal ethics and values, an understanding of our business and industry, a high level of education, broad-based business acumen, and the ability to think strategically. Although the committee uses these and other criteria to evaluate potential nominees, we have no stated minimum criteria for nominees.

The Nominating and Corporate Governance Committee generally recruits, evaluates and recommends nominees for our Board based upon recommendations by our directors and management or third-party search firms (which the Company retains from time to time to help identify potential candidates). The committee will also consider recommendations submitted by our shareholders. The committee does not have different standards for evaluating nominees depending on whether they are proposed by our directors and management or by our shareholders. Shareholders can recommend qualified candidates for our Board to the Nominating and Corporate Governance Committee by submitting recommendations to our corporate secretary at Flextronics International Ltd., 2 Changi South Lane, Singapore 486123. Submissions that are received and meet the criteria outlined above will be forwarded to the Nominating and Corporate Governance Committee for review and consideration. Shareholder recommendations for our 2017 annual general meeting should be made not later than March 13, 2017 to ensure adequate time for meaningful consideration by the Nominating and Corporate Governance Committee. To date, we have not received any such recommendations from our shareholders.

The Nominating and Corporate Governance Committee also reviews and makes recommendations to our Board for the compensation of our non-employee directors. To assist the Nominating and Corporate Governance Committee in its periodic review of

Table of Contents

director compensation, our management provides director compensation data compiled from the annual reports and proxy statements of companies in our peer comparison group. In addition, the Nominating and Corporate Governance Committee retained Mercer to assist the committee in its review of our non-employee director compensation program. This review was conducted to establish whether the compensation paid to our non-employee directors was competitive when compared to the practices of our peer group of companies. The Nominating and Corporate Governance Committee reviewed, among other things, the existing cash compensation of our non-employee directors, the grant date fair value of restricted share unit awards, and the aggregate number of our ordinary shares held by each of our non-employee directors. The Nominating and Corporate Governance Committee, with the assistance of Mercer, has also taken into consideration compensation trends for outside directors and the implementation of our share ownership guidelines for non-employee directors. The current compensation payable to our non-employee directors and our Chairman of the Board is discussed in the section below captioned *Non-Management Directors Compensation for Fiscal Year 2016*.

Director Share Ownership Guidelines

At the recommendation of the Compensation Committee, our Board of Directors adopted share ownership guidelines for our non-employee directors in July 2009 in connection with its review of our non-employee directors' compensation. The ownership guidelines encourage our non-employee directors to hold a minimum number of our ordinary shares equivalent to \$340,000 in value. The guidelines encourage our non-employee directors to reach this goal within five years of the date that the Board approved the guidelines or the date of their election to our Board of Directors, whichever is later, and to hold at least such minimum value in shares for as long as he or she serves on our Board. All of our non-employee directors have already met the minimum requirements of the share ownership guidelines or are on target to be in compliance with the requirements of the guidelines by the deadline.

NON-MANAGEMENT DIRECTORS' COMPENSATION FOR FISCAL YEAR 2016

The key objective of our non-employee directors' compensation program is to attract and retain highly qualified directors with the necessary skills, experience and character to oversee our management. By using a combination of cash and equity-based compensation, the compensation program is designed to recognize the time commitment, expertise and potential liability relating to active Board service, while aligning the interests of our Board of Directors with the long-term interests of our shareholders. In accordance with the policy of our Board of Directors, we do not pay management directors for Board service in addition to their regular employee compensation. For a discussion of the compensation paid to our only management director, Mr. McNamara, for services provided as our CEO, see the sections of this proxy statement entitled *Compensation Discussion and Analysis* and *Executive Compensation*.

In addition to the compensation provided to our non-employee directors, which is detailed below, each non-employee director is reimbursed for any reasonable out-of-pocket expenses incurred in connection with attending in-person meetings of the Board of Directors and Board committees, as well as for any fees incurred in attending continuing education courses for directors.

Fiscal Year 2016 Annual Cash Compensation

Under the Singapore Companies Act, we may only provide cash compensation to our non-employee directors for services rendered in their capacity as directors with the prior approval of our shareholders at a general meeting. Our shareholders approved the current cash compensation

arrangements for our non-employee directors at our 2009, 2011, and 2014 annual general meetings. The current arrangements include the following compensation:

- annual cash compensation of \$85,000, payable quarterly in arrears to each non-employee director for services rendered as a director;
- additional annual cash compensation of \$100,000, payable quarterly in arrears to the Chairman of the Board of Directors for services rendered as Chairman of the Board (in addition to the regular cash compensation payable to a member of the Board for services rendered as a director and for service on any Board committee, including service as Chairman of any Board committee);
- additional annual cash compensation of \$50,000, payable quarterly in arrears to the Chairman of the Audit Committee for services rendered as Chairman of the Audit Committee and for participation on the committee;
- additional annual cash compensation of \$15,000, payable quarterly in arrears to each other member who serves on the Audit Committee for participation on the committee;
- additional annual cash compensation of \$50,000, payable quarterly in arrears to the Chairman of the Compensation Committee for services rendered as Chairman of the Compensation Committee and for participation on the committee;

Table of Contents

- additional annual cash compensation of \$15,000, payable quarterly in arrears to each other member who serves on the Compensation Committee for participation on the committee;
- additional annual cash compensation of \$15,000, payable quarterly in arrears to the Chairman of the Nominating and Corporate Governance Committee for services rendered as Chairman of the Nominating and Corporate Governance Committee and for participation on the committee;
- additional annual cash compensation of \$8,000, payable quarterly in arrears to each other member who serves on the Nominating and Corporate Governance Committee for participation on the committee; and
- additional annual cash compensation of \$5,000 payable quarterly in arrears to each of our non-employee directors for participation on each standing committee other than the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee (of which there are currently none).

Non-employee directors do not receive any non-equity incentive compensation, or participate in any pension plan or deferred compensation plan.

At our 2013 annual general meeting of shareholders, our shareholders approved a change in the structure of our non-employee director compensation program that allows our non-employee directors to receive their compensation in the form of Company shares, cash, or a combination thereof at the election of each director. Each non-employee director can elect to receive his or her annual retainer and committee compensation, or any portion thereof, in the form of fully-vested, unrestricted shares of the Company. A director making such election will receive shares having an aggregate value equal to the portion of compensation elected to be received in shares, valued at the closing price of our shares on the date the compensation would otherwise be paid in cash.

Fiscal Year 2016 Equity Compensation

Yearly Restricted Share Unit Awards

Under the terms of the discretionary restricted share unit grant provisions of our 2010 Equity Incentive Plan, which we refer to as the 2010 Plan, each non-employee director is eligible to receive grants of restricted share unit awards at the discretion of our Board of Directors. In accordance with the compensation program recommended by the Nominating and Corporate Governance Committee and approved by the Board, each non-employee director receives, following each annual general meeting of the Company, a yearly restricted share unit award consisting of such number of shares having an aggregate fair market value of \$175,000 (increased from \$150,000 in fiscal year 2015) on the date of grant. These yearly restricted share unit awards vest in full on the date immediately prior to the date of the next year's annual general meeting. During fiscal year 2016, each non-employee director received a restricted share unit award covering 16,309 ordinary shares under this program.

Initial Awards

Upon initially becoming a director of the company, each non-employee director receives a pro-rated share of the yearly restricted share unit award granted to our directors, which is discussed above. The pro-rated award vests on the date immediately prior to the date of our next annual general meeting and is based on the amount of time that the director serves on the Board until such date. No director received a restricted share unit award under this program in fiscal year 2016.

Discretionary Grants

Under the terms of the discretionary option grant provisions of the 2010 Plan, non-employee directors are eligible to receive share options granted at the discretion of the Compensation Committee. No director received share options pursuant to the discretionary grant program during fiscal year 2016.

Compensation for the Non-Employee Chairman of the Board

Our non-executive Chairman is entitled to receive, following each annual general meeting of the Company, (i) the \$100,000 in additional annual cash compensation described above, payable quarterly in arrears, and (ii) an additional yearly restricted share unit award that consists of such number of shares having an aggregate fair market value of \$100,000 on the date of grant, which vests on the date immediately prior to the date of the next year's annual general meeting. Following the 2015 annual general meeting, our non-executive Chairman of the Board received a restricted share unit award covering 9,319 ordinary shares under the equity portion of this

Table of Contents

program. Our Chairman of the Board is also eligible to receive all other compensation payable to our non-employee directors for his service as a member of the Board.

In addition, our Chairman of the Board is entitled to receive the regular cash compensation payable to a member of the Board for service on any Board committees, including service as chairman of any Board committees. Our non-executive Chairman of the Board currently serves as the Chairman of the Nominating and Corporate Governance Committee.

While Company aircraft are generally used for Company business only, our Chairman of the Board may be permitted to use Company aircraft for personal travel, provided that Company aircraft are not needed for business purposes at such time. In such cases, Mr. Bingham is required to reimburse the Company for the incremental costs related to his use of the aircraft. We calculate the incremental cost to the Company for use of the Company aircraft by using an hourly rate for each flight hour, which rate is based on the variable operational costs of each flight.

(2) This column represents the grant date fair value of restricted share unit awards granted in fiscal year 2016 in accordance with FASB ASC Topic 718 (except in the case of Mr. Tan, as explained in footnotes 3 and 4 below). The grant date fair value of restricted share unit awards is the closing price of our ordinary shares on the date of grant. For additional information regarding the assumptions made in calculating the amounts reflected in this column, see Note 3 to our audited consolidated financial statements for the fiscal year ended March 31, 2016, Share-Based Compensation, included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016.

(3) In lieu of their cash compensation, Messrs. During fiscal year 2016, both Messrs. Capellas and Tan each received 9,137 ordinary shares under the share election program, the value of which is reflected in the table above under Share Awards.

Change of Control and Termination Provisions

Dr. Shih has outstanding share options that were issued under the terms of our 2001 Equity Incentive Plan, which we refer to as our 2001 Plan, and all of our non-employee directors have outstanding restricted share unit awards granted under the terms of the 2010 Plan. Equity awards to our directors are currently granted under the 2010 Plan, the adoption of which was approved by our shareholders at our 2010 annual general meeting. Under the terms of the 2001 Plan, if a director ceases to provide services to the Company for any reason other than death, cause (as defined in the 2001 Plan) or disability (as defined in the 2001 Plan), then the director may exercise any options which have vested by the date of such termination within three months of the termination date or such other period not exceeding five years or the term of the option, as determined by the Compensation Committee. If a director ceases to provide services to the Company because of death or disability, then the director may exercise any options which have vested by the date of such termination within 12 months of the termination date or such other period not exceeding five years or the term of the option, as determined by the Compensation Committee. All share options held by a director who is terminated for cause expire on the termination date, unless otherwise determined by the Compensation Committee.

In the event of a dissolution or liquidation of the Company or if we are acquired by merger or asset sale or in the event of other change of control events, the treatment of outstanding restricted share units granted under the 2010 Plan is as described in the section entitled Potential Payments upon Termination or Change in Control.

Table of Contents**PROPOSAL NO. 3:****RE-APPOINTMENT OF INDEPENDENT AUDITORS FOR FISCAL YEAR 2017 AND
AUTHORIZATION OF OUR BOARD TO FIX THEIR REMUNERATION**

Our Audit Committee has approved, subject to shareholder approval, the re-appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm to audit our financial statements and records for the fiscal year ending March 31, 2017, and to perform other appropriate services. In addition, pursuant to Section 205(16) of the Companies Act, our Board of Directors is requesting that the shareholders authorize the directors, upon the recommendation of the Audit Committee, to fix the auditors' remuneration for services rendered through the 2017 annual general meeting. We expect that a representative from Deloitte & Touche LLP will be present at the 2016 annual general meeting. This representative will have the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

Principal Accountant Fees and Services

Set forth below are the aggregate fees billed by our principal accounting firm, Deloitte & Touche LLP, a member firm of Deloitte Touche Tohmatsu, and its respective affiliates for services performed during fiscal years 2016 and 2015. All audit and permissible non-audit services reflected in the fees below were pre-approved by the Audit Committee in accordance with established procedures.

	2016	Fiscal Year (in millions)		2015
Audit Fees	\$	9.0	\$	9.1
Audit-Related Fees		0.2		0.3
Tax Fees		1.0		1.3
All Other Fees				
Total	\$	10.2	\$	10.7

Audit Fees consist of fees for professional services rendered by our independent registered public accounting firm for the audit of our annual consolidated financial statements included in our Annual Report on Form 10-K (including services incurred with rendering an opinion under Section 404 of the Sarbanes-Oxley Act of 2002) and the review of our consolidated financial statements included in our Quarterly Reports on Form 10-Q. These fees include fees for services that are normally incurred in connection with statutory and regulatory filings or engagements, such as comfort letters, statutory audits, consents and the review of documents filed with the SEC.

Audit-Related Fees consist of fees for assurance and related services by our independent registered public accounting firm that are reasonably related to the performance of the audit and not included in Audit Fees.

Tax Fees consist of fees for professional services rendered by our independent registered public accounting firm for tax compliance, tax advice, and tax planning services, including assistance regarding federal, state and international tax compliance, return preparation, tax audits and customs and duties.

All Other Fees consist of fees for professional services rendered by our independent registered public accounting firm for permissible non-audit services, if any. We did not incur fees under this category in fiscal years 2016 and 2015.

Audit Committee Pre-Approval Policy

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

Our Audit Committee has determined that the provision of non-audit services under appropriate circumstances may be compatible with maintaining the independence of Deloitte & Touche LLP, and that all such services provided by Deloitte & Touche LLP to us in the past were compatible with maintaining such independence. The Audit Committee is sensitive to the concern that some non-audit services, and related fees, could impair independence and the Audit Committee believes it important that independence be maintained. However, the Audit Committee also recognizes that in some areas, services that are identified by the

Table of Contents

relevant regulations as tax fees or other fees are sufficiently related to the audit work performed by Deloitte & Touche LLP that it would be highly inefficient and unnecessarily expensive to use a separate firm to perform those non-audit services. The Audit Committee intends to evaluate each such circumstance on its own merits, and to approve the performance of non-audit services where it believes efficiency can be obtained without meaningfully compromising independence.

The Board recommends a vote FOR the re-appointment of Deloitte & Touche LLP as our independent auditors for fiscal year 2017 and authorization of the Board, upon the recommendation of the Audit Committee, to fix their remuneration.

AUDIT COMMITTEE REPORT

The information contained under this Audit Committee Report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any filings under the Securities Act of 1933, as amended, which we refer to as the Securities Act, or under the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, or be subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate this information by reference into any such filing.

The Audit Committee assists our Board of Directors in overseeing financial accounting and reporting processes and systems of internal controls. The Audit Committee also evaluates the performance and independence of our independent registered public accounting firm. The Audit Committee operates under a written charter, a copy of which is available on the Corporate Governance page of the Investor Relations section of our website at www.flextronics.com. Under the written charter, the Audit Committee must consist of at least three directors, all of whom must be independent as defined by the Exchange Act and the rules of the SEC and Nasdaq. The members of the Audit Committee during fiscal year 2016 were Messrs. Tan, Watkins, Zimmerman and Onetto, each of whom is an independent director.

Our financial and senior management supervise our systems of internal controls and the financial reporting process. Our independent auditors perform an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and express an opinion on these consolidated financial statements. In addition, our independent auditors express their own opinion on the effectiveness of our internal control over financial reporting. The Audit Committee monitors these processes.

The Audit Committee has reviewed and discussed with both the management of the Company and our independent auditors our audited consolidated financial statements for the fiscal year ended March 31, 2016, as well as management's assessment and our independent auditors evaluation of the effectiveness of our internal control over financial reporting as of March 31, 2016. Our management represented to the Audit Committee that our audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee also discussed with our independent auditors the matters required to be discussed by the Public Company Accounting Oversight Board's Auditing Standard No. 16, *Communications with Audit Committees*. The Audit Committee also has discussed with our independent auditors the firm's independence from Company management and the Company, and reviewed the written disclosures and letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee has also considered whether the provision of non-audit services by our independent auditors is compatible with maintaining the independence of the auditors. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. All audit and permissible non-audit services performed by our independent auditors during fiscal years 2016 and 2015 were pre-approved by the Audit Committee in accordance with established procedures.

Based on the Audit Committee's discussions with the management of the Company and our independent auditors and based on the Audit Committee's review of our audited consolidated financial statements together with the reports of our independent auditors on the consolidated financial statements and the representations of our management with regard to these consolidated financial statements, the Audit Committee recommended to the Company's Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016, which was filed with the SEC on May 20, 2016.

PROPOSAL NO. 4:

**ORDINARY RESOLUTION TO AUTHORIZE
ORDINARY SHARE ISSUANCES**

We are incorporated in the Republic of Singapore. Under Singapore law, our directors may only issue ordinary shares and make or grant offers, agreements or options that might or would require the issuance of ordinary shares, with the prior approval from our shareholders. We are submitting this proposal because we are required to do so under the laws of Singapore before we can issue any ordinary shares in connection with our equity compensation plans, possible future strategic transactions, or public and private offerings.

If this proposal is approved, the authorization would be effective from the date of the 2016 annual general meeting until the earlier of (i) the conclusion of the 2017 annual general meeting or (ii) the expiration of the period within which the 2017 annual general meeting is required by law to be held. The 2017 annual general meeting is required to be held 15 months after the date of the 2016 annual general meeting or six months after the date of our 2017 fiscal year end, whichever is earlier, (except that Singapore law allows for a one-time application for an extension of up to a maximum of two months to be made with the Singapore Accounting and Corporate Regulatory Authority).

Our Board believes that it is advisable and in the best interests of our shareholders for our shareholders to authorize our directors to issue ordinary shares and to make or grant offers, agreements or options that might or would require the issuance of ordinary shares. In the past, the Board has issued shares or made agreements that would require the issuance of new ordinary shares in the following situations:

- in connection with strategic transactions and acquisitions;
- pursuant to public and private offerings of our ordinary shares as well as instruments convertible into our ordinary shares; and
- in connection with our equity compensation plans and arrangements.

If this proposal is not approved, we would not be permitted to issue any new ordinary shares, including shares issuable pursuant to compensatory equity awards (other than shares issuable on exercise or settlement of outstanding options, restricted share units and other instruments convertible into or exercisable for ordinary shares, which were previously granted when the previous shareholder approved share issue mandates were in force). If we are unable to rely upon equity as a component of compensation, we would have to review our compensation practices, and would likely have to substantially increase cash compensation to retain key personnel.

Notwithstanding this general authorization to issue our ordinary shares, we will be required to seek shareholder approval with respect to future issuances of ordinary shares where required under the rules of Nasdaq, such as where the Company proposes to issue ordinary shares that will result in a change in control of the Company or in connection with a private offering involving the issuance of ordinary shares representing 20%

or more of our outstanding ordinary shares at a price less than the greater of book or market value.

Our Board expects that we will continue to issue ordinary shares and grant options and restricted share unit awards in the future under circumstances similar to those in the past. As of the date of this proxy statement, other than issuances of ordinary shares or agreements that would require the issuance of new ordinary shares in connection with our equity compensation plans and arrangements, we have no specific plans, agreements or commitments to issue any ordinary shares for which approval of this proposal is required. Nevertheless, our Board believes that it is advisable and in the best interests of our shareholders for our shareholders to provide this general authorization in order to avoid the delay and expense of obtaining shareholder approval at a later date and to provide us with greater flexibility to pursue strategic transactions and acquisitions and raise additional capital through public and private offerings of our ordinary shares as well as instruments convertible into our ordinary shares.

If this proposal is approved, our directors would be authorized to issue, during the period described above, ordinary shares subject only to applicable Singapore laws and the rules of Nasdaq. The issuance of a large number of ordinary shares could be dilutive to existing shareholders or reduce the trading price of our ordinary shares on the NASDAQ Global Select Market.

We are not submitting this proposal in response to a threatened takeover. In the event of a hostile attempt to acquire control of the Company, we could seek to impede the attempt by issuing ordinary shares, which may dilute the voting power of our existing shareholders. This could also have the effect of impeding the efforts of our shareholders to remove an incumbent director and replace him with a new director of their choice. These potential effects could limit the opportunity for our shareholders to dispose of their ordinary shares at the premium that may be available in takeover attempts.

**The Board recommends a vote FOR the resolution
to authorize ordinary share issuances.**

PROPOSAL NO. 5:

**NON-BINDING, ADVISORY RESOLUTION
ON EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking our shareholders to approve, in a non-binding, advisory vote, the compensation of our named executive officers (NEOs) as reported in this proxy statement in the Compensation Discussion and Analysis and in the compensation tables and accompanying narrative disclosure under *Executive Compensation*. Our named executive officers are identified in the Compensation Discussion and Analysis and include our chief executive officer, our chief financial officer and the three other most highly compensated executive officers serving at the end of our 2016 fiscal year.

As a general matter, our Compensation Committee continually seeks to have a compensation philosophy that emphasizes paying for performance. Key aspects of the philosophy are to:

- Emphasize at-risk compensation;
- Establish market-based, responsible target pay;
- Balance performance-based metrics and measurement time frames; and
- Place emphasis on long-term performance.

The Compensation Committee periodically assesses our compensation programs to ensure that they are appropriately aligned with our business strategy and are achieving their objectives. The Compensation Committee regularly reviews our compensation programs and peer company data and best practices in the executive compensation area. In past years, the Compensation Committee has recommended and our Board has approved changes in our compensation policies and practices in order to align with best practices. Overall, the Compensation Committee has sought to weight a higher percentage of our executives' total direct compensation to performance-based and long-term components.

Performance Highlights For Fiscal Year 2016

We delivered solid results in fiscal year 2016 in the face of significant external and internal challenges, though final performance was somewhat below our targeted objectives. Several macro-economic factors such as ongoing growth challenges in Europe, a slowdown in Chinese growth, and a high degree of uncertainty about interest rate and stimulus policies acted as a brake on overall global manufacturing activity and created volatility in global stock prices. Internally, we continued on our business transformation journey during fiscal year 2016 through which we are reorganizing and rebalancing our business portfolio. As a result of an improved cost structure and our strategic business transformation, we delivered solid operating results in fiscal year 2016 and executed on key strategic priorities, including acquisitions of NEXTracker Inc., Mirror Controls International and Wink Labs, Inc. to expand our innovative offerings, though some results represent year-over-year declines due to our business transformation activities. Highlights include:

- Gross profit totaled \$1.6 billion, an increase of 4.1% compared to the prior year.
- Gross margin increased to 6.6% of net sales in fiscal year 2016, compared with 5.9% of net sales in fiscal year 2015.
- We generated operating cash flows of \$1.1 billion during the year. The strong cash flow generated from our operations enabled us to return value to shareholders with the repurchase of \$420.3 million of our shares paid in fiscal year 2016.
- We maintained strong sustainable free cash flow.
- We had some less favorable year-over-year financial result comparisons due to our business transformation, though these actions are positioning the company for enhanced future results.
- We reported net sales of \$24.4 billion, a decrease of 6.6% compared to the prior year.
- Diluted earnings per share for the year were \$0.79, a decrease of 22.5%.

With the results noted above, our stock price declined 4.9% from \$12.68 at the end of fiscal year 2015 to \$12.06 at the end of fiscal year 2016. While we are disappointed in the overall decrease in absolute value, we believe we have delivered solid long-term shareholder value creation despite the challenging business environment during fiscal year 2016. Flex's total shareholder return (TSR) from fiscal year 2014 through the end of fiscal year 2016 (3-year return) was an annualized 21.3%, or above the 80th percentile of our

Table of Contents

peer group. This represents an annualized return that is nearly 10% ahead of the S&P 500 over the same period, demonstrating strong absolute and relative shareholder value creation over a multi-year time period.

Pay and Performance Alignment For Fiscal Year 2016

As noted above, we delivered solid operating and shareholder results during fiscal year 2016, though final performance was somewhat below our targeted levels. Our compensation philosophy is to reward above-target performance when achieved, and pay zero or below target when favorable results are not delivered. In line with our fiscal year 2016 performance, our named executive officers earned short-term incentive awards that recognize our solid financial performance, as well as the fact that we did not fully achieve our targeted performance goals. Highlights include the following:

- Maintained the CEO's base salary with no increase, positioned approximately at the peer median.
- Provided modest base salary increases to other NEOs, though overall salary positioning continued to be approximately at our peer group median.
- The CEO earned a below-target short-term incentive payout of 81.3% of target, and the average payouts for our other NEOs were also below the targeted level at 92.6% of target.
- Paid out the long-term performance share unit cycles during fiscal year 2016 at 138% and 129% of target in May 2015 and June 2015, respectively, based upon results that were above target over the multi-year performance cycle from fiscal year 2012 through fiscal year 2016.
- Funded the named executive officers' deferred compensation plans with a value that averaged about 37.5% of our named executive officers' respective base salaries based on fiscal year 2015 results.
- Continued to use fiscal year 2016 long-term incentive grants that balance relative TSR performance share units (PSUs) with a long-term incentive plan (LTIP) that measures cumulative free cash flow (FCF) over a multi-year period (from fiscal year 2016 through fiscal year 2018).

- Elementum: Granted modest profits interest unit value awards to certain executives who have been making significant contributions to Elementum business (*see details in the Fiscal Year 2016 Compensation section below*).

Prior Say on Pay Advisory Vote Results, Shareholder Engagement, and Pay Program Changes

We provided shareholders with a say on pay advisory vote on executive compensation at our 2015 Annual General Meeting held on August 20, 2015. The advisory vote received the support of 94% of the votes cast at the General Meeting. We believe the level of support at our 2015 Annual General Meeting reflects ongoing institutional shareholder outreach efforts and the continuing efforts to align our executive compensation with shareholder interests. We plan to hold a say on pay advisory vote on an annual basis. Based on the favorable prior say on pay results, shareholder feedback on existing programs, and our review of the alignment of the pay program design with business results, we continued the structure of our fiscal year 2015 compensation programs in fiscal year 2016.

We urge shareholders to carefully read the Compensation Discussion and Analysis section of this proxy statement to review the correlation between the compensation of our named executive officers and our performance. The Compensation Discussion and Analysis also describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. We also encourage you to read the Summary Compensation Table and the other related compensation tables and narrative that follow the Compensation Discussion and Analysis, which provide detailed information on the compensation of our named executive officers.

While the vote on this resolution is advisory and not binding on the Company, each of the Compensation Committee and the Board values the opinions of our shareholders and will consider the outcome of the vote on this resolution when making decisions regarding future executive compensation arrangements. As previously disclosed, we plan to hold the say on pay advisory vote on an annual basis. The next shareholder advisory vote on executive compensation will occur at the Company's 2017 annual general meeting of shareholders.

The Board recommends a vote FOR the approval of the non-binding, advisory resolution on executive compensation.

PROPOSAL NO. 6

ORDINARY RESOLUTION TO RENEW

THE SHARE PURCHASE MANDATE

Our purchases or acquisitions of our ordinary shares must be made in accordance with, and in the manner prescribed by, the Singapore Companies Act, the applicable listing rules of Nasdaq and such other laws and regulations as may apply from time to time.

Singapore law requires that we obtain shareholder approval of a general and unconditional share purchase mandate given to our directors if we wish to purchase or otherwise acquire our ordinary shares. This general and unconditional mandate is referred to in this proxy statement as the Share Purchase Mandate, and it allows our directors to exercise all of the Company's powers to purchase or otherwise acquire our issued ordinary shares on the terms of the Share Purchase Mandate.

Although our shareholders approved a renewal of the Share Purchase Mandate at the extraordinary general meeting of shareholders held in 2015, the Share Purchase Mandate renewed at the extraordinary general meeting will expire on the date of the 2016 annual general meeting. Accordingly, we are submitting this proposal to seek approval from our shareholders at the annual general meeting for another renewal of the Share Purchase Mandate. Pursuant to the Singapore Companies Act, share repurchases under our share repurchase plans were subject to an aggregate limit of 20% of our issued ordinary shares outstanding as of the date of the extraordinary general meeting held on August 20, 2015. On August 20, 2015 and December 14, 2015, the Board, in two respective tranches, authorized the repurchase of up to an aggregate of \$500 million of ordinary shares of the Company. Until the 2016 annual general meeting, any repurchases would be made under the Share Purchase Mandate renewed at the extraordinary general meeting held in 2015. Commencing on the date of the 2016 annual general meeting, any repurchases may only be made if the shareholders approve the renewal of the Share Purchase Mandate at the annual general meeting. The share purchase program does not obligate the Company to repurchase any specific number of shares and may be suspended or terminated at any time without prior notice.

If renewed by shareholders at the annual general meeting, the authority conferred by the Share Purchase Mandate will, unless varied or revoked by our shareholders at a general meeting, continue in force until the earlier of the date of the 2017 annual general meeting or the date by which the 2017 annual general meeting is required by law to be held. The 2017 annual general meeting is required to be held 15 months after the date of the 2016 annual general meeting or six months after the date of our 2017 fiscal year end, whichever is earlier (except that Singapore law allows for a one-time application for an extension of up to a maximum of two months to be made with the Singapore Accounting and Corporate Regulatory Authority).

The authority and limitations placed on our share purchases or acquisitions under the proposed Share Purchase Mandate, if renewed at the annual general meeting, are summarized below.

Limit on Allowed Purchases

Edgar Filing: FLEXTRONICS INTERNATIONAL LTD. - Form PRE 14A

We may only purchase or acquire ordinary shares that are issued and fully paid up. The prevailing limitation under the Singapore Companies Act that is currently in force does not permit us to purchase or acquire more than 20% of the total number of our issued ordinary shares outstanding at the date of the annual general meeting. Any of our ordinary shares which are held as treasury shares will be disregarded for purposes of computing this 20% limitation.

We are seeking approval for our Board of Directors to authorize the purchase or acquisition of our issued ordinary shares not exceeding 20% of our total number of issued ordinary shares outstanding as of the date of the passing of this proposal (excluding any ordinary shares which are held as treasury shares as at that date).

Purely for illustrative purposes, on the basis of [] issued ordinary shares outstanding as of June 27, 2016, and assuming no additional ordinary shares are issued or repurchased on or prior to the date of the annual general meeting, based on the prevailing 20% limit, we would be able to purchase not more than [# of shares that is 20%] issued ordinary shares pursuant to the proposed renewal of the Share Purchase Mandate.

During fiscal year 2016, we repurchased approximately 37.3 million shares for an aggregate purchase value of approximately \$412.8 million under the Share Purchase Mandate and retired all of these shares. As of June 27, 2016, we had [] shares outstanding.

Table of Contents

Duration of Share Purchase Mandate

Purchases or acquisitions of ordinary shares may be made, at any time and from time to time, on and from the date of approval of the Share Purchase Mandate up to the earlier of:

- the date on which our next annual general meeting is held or required by law to be held; or
- the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by our shareholders at a general meeting.

Manner of Purchases or Acquisitions of Ordinary Shares

Purchases or acquisitions of ordinary shares may be made by way of:

- market purchases on the NASDAQ Global Select Market or any other stock exchange on which our ordinary shares may for the time being be listed and quoted, through one or more duly licensed dealers appointed by us for that purpose; and/or
- off-market purchases (if effected other than on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted), in accordance with an equal access scheme as prescribed by the Singapore Companies Act.

If we decide to purchase or acquire our ordinary shares in accordance with an equal access scheme, our directors may impose any terms and conditions as they see fit and as are in our interests, so long as the terms are consistent with the Share Purchase Mandate, the applicable rules of Nasdaq, the provisions of the Singapore Companies Act and other applicable laws. In addition, an equal access scheme must satisfy all of the following conditions:

- offers for the purchase or acquisition of ordinary shares must be made to every person who holds ordinary shares to purchase or acquire the same percentage of their ordinary shares;

- all of those persons must be given a reasonable opportunity to accept the offers made; and
- the terms of all of the offers must be the same (except differences in consideration that result from offers relating to ordinary shares with different accrued dividend entitlements and differences in the offers solely to ensure that each person is left with a whole number of ordinary shares).

Purchase Price

The maximum purchase price (excluding brokerage commission, applicable goods and services tax and other related expenses of the purchase or acquisition) to be paid for each ordinary share will be determined by our directors. The maximum purchase price to be paid for the ordinary shares as determined by our directors must not exceed:

- in the case of a market purchase, the highest independent bid or the last independent transaction price, whichever is higher, of our ordinary shares quoted or reported on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted, or shall not exceed any volume weighted average price, or other price determined under any pricing mechanism, permitted under SEC Rule 10b-18, at the time the purchase is effected; and
- in the case of an off-market purchase pursuant to an equal access scheme, 150% of the *Prior Day Close Price* of our ordinary shares, which means the closing price of an ordinary share as quoted on the NASDAQ Global Select Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted, on the day immediately preceding the date on which we announce our intention to make an offer for the purchase or acquisition of our ordinary shares from holders of our ordinary shares, stating therein the purchase price (which shall not be more than the maximum purchase price calculated on the foregoing basis) for each ordinary share and the relevant terms of the equal access scheme for effecting the off-market purchase.

Treasury Shares

Under the Singapore Companies Act, ordinary shares purchased or acquired by us may be held as treasury shares. Some of the provisions on treasury shares under the Singapore Companies Act are summarized below.

Maximum Holdings. The number of ordinary shares held as treasury shares may not at any time exceed 10% of the total number of issued ordinary shares.

Voting and Other Rights. We may not exercise any right in respect of treasury shares, including any right to attend or vote at meetings and, for the purposes of the Singapore Companies Act, we shall be treated as having no right to vote and

the treasury shares shall be treated as having no voting rights. In addition, no dividend may be paid, and no other distribution of our assets may be made,

Table of Contents

to the Company in respect of treasury shares, other than the allotment of ordinary shares as fully paid bonus shares. A subdivision or consolidation of any treasury share into treasury shares of a greater or smaller amount is also allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before the subdivision or consolidation, respectively.

Disposal and Cancellation. Where ordinary shares are held as treasury shares, we may at any time:

- sell the treasury shares for cash;
- transfer the treasury shares for the purposes of or pursuant to any share scheme, whether for employees, directors or other persons;
- transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- cancel the treasury shares; or
- sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance of Singapore.

Sources of Funds

Only funds legally available for purchasing or acquiring ordinary shares in accordance with our Constitution and the applicable laws of Singapore shall be used. We intend to use our internal sources of funds and/or borrowed funds to finance any purchase or acquisition of our ordinary shares. Our directors do not propose to exercise the Share Purchase Mandate in a manner and to such an extent that would materially affect our working capital requirements.

The Singapore Companies Act permits us to purchase or acquire our ordinary shares out of our capital and/or profits. Acquisitions or purchases made out of capital are permissible only so long as we are solvent for the purposes of Section 76F(4) of the Singapore Companies Act. A company is solvent if, at the date of the payment made in consideration of the purchase or acquisition (which shall include any expenses including brokerage or commission) the following conditions are satisfied: (a) there is no ground on which the company could be found unable to pay its debts; (b) if it is not intended to commence winding up of the company, the company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of the payment; and (c) the value of the company's assets is not less than the value of

its liabilities (including contingent liabilities) and will not, after the proposed purchase or acquisition, become less than the value of its liabilities (including contingent liabilities).

Status of Purchased or Acquired Ordinary Shares

Any ordinary share that we purchase or acquire will be deemed cancelled immediately on purchase or acquisition, and all rights and privileges attached to such ordinary share will expire on cancellation (unless such ordinary share is held by us as a treasury share). The total number of issued shares will be diminished by the number of ordinary shares purchased or acquired by us and which are not held by us as treasury shares.

We will cancel and destroy certificates in respect of purchased or acquired ordinary shares as soon as reasonably practicable following settlement of any purchase or acquisition of such ordinary shares.

Financial Effects

Our net tangible assets and the consolidated net tangible assets of our subsidiaries will be reduced by the purchase price (including any expenses) of any ordinary shares purchased or acquired and cancelled or held as treasury shares. We do not anticipate that the purchase or acquisition of our ordinary shares in accordance with the Share Purchase Mandate would have a material impact on our consolidated financial condition and cash flows.

The financial effects on us and our group (including our subsidiaries) arising from purchases or acquisitions of ordinary shares which may be made pursuant to the Share Purchase Mandate will depend on, among other things, whether the ordinary shares are purchased or acquired out of our profits and/or capital, the number of ordinary shares purchased or acquired, the price paid for the ordinary shares and whether the ordinary shares purchased or acquired are held in treasury or cancelled.

Table of Contents

Under the Singapore Companies Act, purchases or acquisitions of ordinary shares by us may be made out of profits and/or our capital so long as the Company is solvent.

Our purchases or acquisitions of our ordinary shares may be made out of our profits and/or our capital. Where the consideration (including any expenses) paid by us for the purchase or acquisition of ordinary shares is made out of our profits, such consideration (including any expenses such as brokerage or commission) will correspondingly reduce the amount available for the distribution of cash dividends by us. Where the consideration that we pay for the purchase or acquisition of ordinary shares is made out of our capital, the amount available for the distribution of cash dividends by us will not be reduced. To date, we have not declared any cash dividends on our ordinary shares.

Rationale for the Share Purchase Mandate

We believe that a renewal of the Share Purchase Mandate at the annual general meeting will benefit our shareholders by providing our directors with appropriate flexibility to repurchase ordinary shares if the directors believe that such repurchases would be in the best interests of our shareholders. Our decision to repurchase our ordinary shares from time to time will depend on our continuing assessment of then-current market conditions, our need to use available cash to finance acquisitions and other strategic transactions, the level of our debt and the terms and availability of financing.

Take-Over Implications

If, as a result of our purchase or acquisition of our issued ordinary shares, a shareholder's proportionate interest in the Company's voting capital increases, such increase will be treated as an acquisition for the purposes of The Singapore Code on Take-overs and Mergers. If such increase results in a change of effective control, or, as a result of such increase, a shareholder or a group of shareholders acting in concert obtains or consolidates effective control of the Company, such shareholder or group of shareholders acting in concert with a director could become obliged to make a take-over offer for the Company under Rule 14 of The Singapore Code on Take-overs and Mergers.

The circumstances under which shareholders (including directors and persons acting in concert with them respectively) will incur an obligation to make a take-over offer are set forth in Rule 14 of The Singapore Code on Take-overs and Mergers, Appendix 2. The effect of Appendix 2 is that, unless exempted, shareholders will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring our issued ordinary shares, the voting rights of such shareholders would increase to 30% or more, or if such shareholders hold between 30% and 50% of our voting rights, the voting rights of such shareholders would increase by more than 1% in any period of six months. Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under The Singapore Code on Take-overs and Mergers as a result of any share purchase by us should consult the Securities Industry Council of Singapore and/or their professional advisers at the earliest opportunity.

PROPOSAL NO. 7

SPECIAL RESOLUTION TO APPROVE NAME CHANGE FROM FLEXTRONICS INTERNATIONAL LTD. TO FLEX LTD.

Background

Our shareholders are being asked to approve the change of the Company's name from Flextronics International Ltd. to Flex Ltd.

Over the past few years, we have seen an increased level of diversification by many companies, primarily in the technology sector. The objective of our business model is to allow us to be flexible and redeploy and reposition our assets and resources as necessary to meet specific customer's supply chain solutions needs across all of the markets we serve and earn a return on our invested capital above the weighted average cost of that capital.

During the past few years, we have made significant efforts to evolve our long-term portfolio towards a higher mix of businesses which possess longer product life cycles and higher margins such as reflected in our IEI and HRS businesses. During the last two fiscal years, we launched several programs broadly across our portfolio of services and in some instances we deployed certain new technologies.

As such, we introduced our new brand and website to help us more efficiently manage our business opportunities and explain our new product and service offerings. We shortened our brand name from Flextronics to Flex to signify that our business continues to evolve past the boundaries and confines of electronics alone. With the expansion and diversification of our business and product and service offerings, the Board believes that the proposed change of name will more appropriately reflect the new corporate image and reflect the Company's strategy and future development.

Contingent upon obtaining the approval from (i) the Registrar of Companies (the Accounting and Corporate Regulatory Authority of Singapore); and (ii) our shareholders, the Company shall adopt Flex Ltd. as its new name with effect from the date upon which this resolution is filed with the Accounting and Corporate Regulatory Authority of Singapore. Accordingly, if Proposal Nos. 7 and 8 are approved by our shareholders, the name Flex Ltd. will be substituted for Flextronics International Ltd. wherever the latter name appears in the new Constitution of the Company.

Shareholders should note that notwithstanding the proposed change of name, the Company will not recall any existing share certificates of the Company from shareholders and the rights of shareholders holding certificated shares under currently outstanding share certificates and the number of shares represented by those certificates shall remain unchanged. No further action is required on the part of our shareholders in respect of their existing share certificates.

The Board recommends a vote FOR

the special resolution to approve the name change from Flextronics International Ltd. to Flex Ltd.

PROPOSAL NO. 8

SPECIAL RESOLUTION TO APPROVE ADOPTION OF NEW CONSTITUTION

Background

Our shareholders are being asked to approve the adoption of a new constitution (the **New Constitution**).

The Singapore Companies Act (Amendment) Act 2014 (the **Amendment Act**), which became effective in phases on July 1, 2015 and January 3, 2016, introduced key changes to the Singapore Companies Act (the **Companies Act**). If approved, the **New Constitution** will amend the Memorandum and Articles of Association of the Company which were in force immediately before January 3, 2016 and which were statutorily merged into a single document known as the Constitution (the **Existing Constitution**) by operation of the Amendment Act without any action being taken by the Company. The **New Constitution** will incorporate amendments to take into account the changes to the Companies Act introduced pursuant to the Amendment Act and address the personal data protection regime in Singapore (which came into force in 2012).

Key changes introduced by the Amendment Act included, among other things:

- the merging of the memorandum and articles of association of a company into one document called the **Constitution** ;
- reducing the threshold of eligibility to demand a poll from 10% to 5% of the total voting rights of the shareholders having the right to vote at the meeting or of the total sum paid on all the shares conferring that right; and
- facilitating the electronic transmission of notices and documents.

Our proposed **New Constitution** contains articles and provisions which need to be expressly incorporated as a result of certain changes made pursuant to the Amendment Act in order for the Company and our shareholders to benefit from certain changes such as putting in place a framework to facilitate the electronic dissemination of notices and documents. The changes to the Amendment Act aim to reduce regulatory burden on companies and provide for greater business flexibility. In addition, we are proposing that our shareholders approve the adoption of the **New Constitution** to modernize and streamline certain provisions to be more consistent with the Companies Act, as amended. Finally, the proposed **New Constitution** includes the re-wording of a number of provisions in order to improve clarity and readability.

The full text of the New Constitution is set forth as *Annex A* to this proxy statement. The following description of the proposed changes from our Existing Constitution reflected in the New Constitution is only a summary and is qualified in its entirety by reference to the complete text of the proposed changes, which is shown in *Annex A* to this proxy statement. You are urged to read the text of *Annex A* in its entirety.

Proposal

The following information summarizes the material modifications to our Existing Constitution relating to (i) the changes made by the Amendment Act and (ii) other modifications consisting of a more general nature.

Changes Relating to the Amendment Act

The proposed changes to our Existing Constitution relating to the changes made by the Amendment Act include:

- modification of Article 2 of the Existing Constitution (Interpretation) (Article 1 of the New Constitution) to:
- clarify that registered address or address, in relation to any Member, means his physical address for the service or delivery of notices or documents personally or by post, except where otherwise specified in the Constitution;
- revise the definition of writing, written and in writing to clarify that these expressions include any representation or reproduction of words, symbols or other information which may be displayed in visible form, whether physical or electronic. This would facilitate, for example, a proxy instrument being in either physical or electronic form; and
- provide a new provision stating that current address and electronic communication shall have the meanings ascribed to them respectively in the Companies Act to allow for the facilitation of electronic communication;
- modification of Article 7 of the Existing Constitution (Articles 9 and 10 of the New Constitution) to provide that new shares may be issued for no consideration in line with new Section 68 of the Companies Act, which clarifies the position that a company having a share capital may issue shares for no consideration;
- modification of Article 17 of the Existing Constitution (Article 19 of the New Constitution) to remove the

requirement to disclose the amount paid on the shares in the share certificate pursuant to the Amendment Act;

- modifications of Article 48 of the Existing Constitution (Article 48 of the New Constitution) to allow the Company (i) to convert its share capital or any class of shares from one currency to another currency in line with the Amendment Act, which sets out procedures for such re-denomination, and (ii) to convert one class of shares into another class of shares in line with the Amendment Act, which sets out procedures for such conversions;

Table of Contents

- modifications of Article 58 of the Existing Constitution (Article 58 of the New Constitution), which relates to the routine business that is transacted at an annual general meeting, to:

- substitute the references to *balance sheet* with *financial statements*, and references to *reports of the Directors* with *Directors' statement*, for consistency with the updated terminology in the Companies Act; and

- expand the routine business items to include, in addition to the re-appointment of the retiring auditor, the appointment of a new auditor;

- modification of Article 64 of the Existing Constitution (Article 64 of the New Constitution), which relates to the method of voting at a general meeting, to reduce the threshold for eligibility to demand a poll from 10% to 5% of the total voting rights of the shareholders having the right to vote at the meeting or of the total sum paid up on all the shares conferring that right. The Amendment Act has reduced the threshold for eligibility to demand a poll from 10% to 5% of the total voting rights of the shareholders having the right to vote at the meeting or of the total sum paid up on all the shares conferring that right. The modification to Article 64 is therefore to ensure that the New Constitution does not conflict with the requirements of Section 178(1)(b) of the Companies Act, as amended pursuant to the Amendment Act, as otherwise, any conflict with the requirements of the amended section 178(1)(b) would render this article void. The effect of this change is to lower the bar for entitling shareholders to demand a poll. This change should not have any substantive effect as the Company's historical practice is that the chairman of the meeting demands a poll in order to enable the ordinary shares represented in person by proxy to be counted for voting purposes;

- addition of Article 87(C) of the New Constitution to provide that the provisions of Article 87, which relate to the power of directors to hold office of profit and to contract with the Company, and the disclosure obligations under Section 156 of the Companies Act in respect of transactions or proposed transactions with the Company or of any office held or property possessed by a director, will, where applicable, apply with the requisite modifications to the Chief Executive Officer;

- modification of Article 94(iv) of the Existing Constitution (Article 93(d) of the New Constitution) to additionally provide that a director shall cease to hold office if he shall have a bankruptcy order made against him or if he shall make any arrangement or composition with his creditors generally;

- modification of Article 97 of the Existing Constitution (Article 96 of the New Constitution) to remove the event of a director attaining any applicable retiring age as an exception to a deemed re-election to office, following the repeal of Section 153 of the Companies Act which previously prohibited the appointment of a person of or above 70

years of age as a director of a public company or a subsidiary of a public company unless his appointment or re-appointment is passed by ordinary resolution at an annual general meeting of the Company;

- modification of Article 112 of the Existing Constitution (Article 111 of the New Constitution) to clarify that the business of the Company is to be managed by or, additionally, under the direction or supervision of, the directors;
- modification of Articles 118, 140 and 141 of the Existing Constitution (Articles 117, 138 and 139 of the New Constitution) to update/substitute the references to the Company's accounts, profit and loss account(s) and Directors reports with references to financial statements and Directors statements, for consistency with the updated terminology in the Companies Act;
- modification of Article 136 of the Existing Constitution (Article 134 of the New Constitution) to reflect that the Company is no longer required to keep a register of directors, managers, secretaries and auditors;
- modification of Article 145 of the Existing Constitution (Article 143 of the New Constitution) to facilitate the electronic transmission of notices and documents, following the introduction of simplified procedures for such electronic transmission, while including certain safeguards for the use of the deemed and implied consent regimes. There is deemed consent if the constitution (a) provides for the use of electronic communications and specifies the mode of electronic communications, and (b) specifies that shareholders will be given an opportunity to elect, within a specified period of time, whether to receive electronic or physical copies of such notices and documents, and the shareholder fails to make an election within the specified period of time. There is implied consent if the constitution (a) provides for the use of electronic communications and specifies the mode of electronic communications, and (b) specifies that shareholders agree to receive such notices or documents by way of electronic communications and do not have a right to elect to receive physical copies of such notices and documents.

In particular:

(i) article 143(B) provides that notices and documents may be sent to shareholders using electronic communications either to a shareholder's current address (which may be an email address) or by making it available on a website;

(ii) article 143(C) provides that for these purposes, a shareholder is deemed to have agreed to receive such notice or document by way of electronic communications and shall not have a right to elect to receive a physical copy of such notice or document (this is the implied consent regime permitted under the new section 387C); and

(iii) article 143(D) provides that the directors may in their discretion, nonetheless give a shareholder an opportunity to elect to opt out of receiving such notice or document by way of electronic communications, and a shareholder is deemed to have consented to receive such notice or document by way of electronic communications if he was given such an opportunity but failed to opt out within the specified time (this is the deemed consent regime permitted under the new section 387C);

Notwithstanding the foregoing, if the Company has a registered class of security under Section 12 of the United States Securities Exchange Act of 1934, as amended, any manner of furnishing notices and documents using electronic communications must comply with applicable rules of the United States Securities and Exchange Commission, including Rule 14a-16 under the United States Securities Exchange Act of 1934.

Article 143(E) additionally provides for when service is effected in the case of notices or documents sent by electronic communications. In particular, where a notice or document is made available on a website, it is deemed served on the date on which the notice or document is first made available on the website, unless otherwise provided under the Companies Act and/or other applicable regulations or procedures. Further, under article 143(F), in the case of service on a website, the Company must give separate notice of the publication of the notice or document on that website and the manner in which the notice or document may be accessed by (1) sending such separate notice to shareholders personally or by post, and/or (2) sending such separate notice to shareholders' current addresses (which may be email addresses).

Under new regulation 89D of the Companies Regulations, notices or documents relating to take-over offers and rights issues are excluded from the application of section 387C and therefore cannot be transmitted by electronic means pursuant to section 387C;

- modification of Article 155 of the Existing Constitution (Article 152 of the New Constitution) to expand the indemnification of directors to permit the Company to indemnify a director against losses to be incurred by him in the execution of his duties. This is in line with new sections 163A and 163B of the Companies Act, which permit a company to lend, on specified terms, funds to a director for meeting expenditures incurred or to be incurred by him in defending court proceedings or regulatory investigations; and

- addition of Article 154 of the New Constitution to conform with Singapore law requirements and to specify the purposes for which the Company and/or its agents and service providers would collect, use and disclose personal data of shareholders and their appointed proxies or representatives to comply with the Personal Data Protection Act 2012, which came into force in Singapore in 2012.

Other Substantive Changes

Executive Summary

Business Overview

Flex is a leading end-to-end supply chain solutions company that delivers innovative design, engineering, manufacturing and logistics services to a range of industries and end-markets, including data networking, telecom, enterprise computing and storage, industrial, capital equipment, appliances, automation, medical, automotive, aerospace and defense, energy, mobile, computing and other product categories.

Table of Contents

In fiscal year 2016, we continued to reorganize and rebalance our business portfolio in order to align with our customers' needs and requirements as part of an effort to optimize operating results. In particular, we continued to move our long-term portfolio towards a mix of businesses which possess longer product life cycles and higher margins, such as our Industrial and Emerging Industries (IEI) and High Reliability Solutions (HRS) businesses. Concurrently, we are also shifting away from customer solutions that have more short-term volatility and lower margins. This business transformation positions us to meet specific customers' supply chain solutions needs across all of the markets we serve, yield margin improvement, earn a return on our invested capital above the weighted-average cost of that capital, and take advantage of the long-term, future growth prospects for outsourcing of advanced manufacturing capabilities, design and engineering services, and after-market services. Another aspect of our business transformation strategy has been to make targeted investments in technologies and businesses that are complementary to our core business but that represent high growth opportunities with attractive profit margins. The shift away from certain parts of our business limited our short-term top-line growth and created negative year-over-year comparisons on some financial metrics, though it places us in a better position to capitalize on long-term revenue growth and enhanced returns on investment and cash flow.

Performance Highlights For Fiscal Year 2016

We delivered solid results in fiscal year 2016 in the face of significant external and internal challenges, though final performance was somewhat below our targeted objectives. Several macro-economic factors such as ongoing growth challenges in Europe, a slowdown in Chinese growth, and a high degree of uncertainty about interest rate and stimulus policies acted as a brake on overall global manufacturing activity and created volatility in global stock prices. Internally, we continued on our business transformation journey during FY16 through which we are reorganizing and rebalancing our business portfolio. As a result of an improved cost structure and our strategic business transformation, we delivered solid operating results in fiscal year 2016 and executed on key strategic priorities, including acquisitions of NEXTracker, Mirror Controls International and Wink Labs, Inc. to expand our innovative offerings, though some results represent year-over-year declines due to our business transformation activities. Highlights include:

- Gross profit totaled \$1.6 billion, an increase of 4.1% compared to the prior year.
- Gross margin increased to 6.6% of net sales in fiscal year 2016, compared with 5.9% of net sales in fiscal year 2015.
- We generated operating cash flows of \$1.1 billion during the year. The strong cash flow generated from our operations enabled us to return value to shareholders with the repurchase of \$420.3 million of our shares paid in fiscal year 2016.
- We maintained strong sustainable free cash flow.
- We had some less favorable year-over-year financial result comparisons due to our business transformation, though these actions are positioning the Company for enhanced future results.

- We reported net sales of \$24.4 billion, a decrease of 6.6% compared to the prior year.
- Diluted earnings per share for the year were \$0.79, a decrease of 22.5%.

With the results noted above, our stock price declined 4.9% from \$12.68 at the end of fiscal year 2015 to \$12.06 at the end of fiscal year 2016. While we are disappointed in the overall decrease in absolute value, we believe we have delivered solid long-term shareholder value creation despite the challenging business environment during fiscal year 2016. Flex's total shareholder return (TSR) from fiscal year 2014 through the end of fiscal year 2016 (3-year return) was an annualized 21.3%, or above the 80th percentile of our peer group. This represents an annualized return that is nearly 10% ahead of the S&P 500 over the same period, demonstrating strong absolute and relative shareholder value creation over a multi-year time period.

Pay and Performance Alignment For Fiscal Year 2016

As noted above, we delivered solid operating and shareholder results during fiscal year 2016, though final performance was somewhat below our targeted levels. Our compensation philosophy is to reward above-target performance when achieved, and pay zero or below target when favorable results are not delivered. In line with our fiscal year 2016 performance, Flex's NEOs earned short-term incentive awards that recognize our solid financial performance, as well as the fact that we did not fully achieve our targeted performance goals. Highlights include the following:

- Maintained the CEO's base salary with no increase, positioned approximately at the peer median.

Table of Contents

- Provided modest base salary increases to other NEOs, though overall salary positioning continued to be approximately at our peer group median.
- The CEO earned a below-target short-term incentive payout of 81.3% of target, and the average payouts for our other NEOs were also below the targeted level at 92.6% of target.
- Paid out the long-term performance share unit cycles during fiscal year 2016 at 138% and 129% of target in May 2015 and June 2015, respectively, based upon results that were above target over the multi-year performance cycle from fiscal year 2012 through fiscal year 2016.
- Funded the NEO s deferred compensation plans with a value that averaged about 37.5% of our NEOs respective base salaries based on fiscal year 2015 results.
- Continued to use fiscal year 2016 long-term incentive grants that balance relative TSR performance share units (PSUs) with a long-term incentive plan (LTIP) that measures cumulative free cash flow (FCF) over a multi-year period (from fiscal year 2016 through fiscal year 2018).
- Elementum: Granted modest profit interest unit value awards to certain executives who have been making significant contributions to our Elementum business (*see details in the Fiscal Year 2016 Compensation section below*).

Prior Say on Pay Advisory Vote Results, Shareholder Engagement, and Pay Program Changes

We provided shareholders with a say on pay advisory vote on executive compensation at our 2015 Annual General Meeting held on August 20, 2015. The advisory vote received the support of 94% of the votes cast at the General Meeting. We believe the level of support at our 2015 Annual General Meeting reflects ongoing institutional shareholder outreach efforts and the continuing efforts to align our executive compensation with shareholder interests. We plan to hold a say on pay advisory vote on an annual basis. Based on the favorable prior say on pay results, shareholder feedback on existing programs, and our review of the alignment of the pay program design with business results, we continued the structure of our fiscal year 2015 compensation programs in fiscal year 2016.

Impact of Business Performance on Fiscal Year 2016 Executive Compensation

As noted above, for fiscal year 2016, we delivered solid operating results for certain objectives and did not meet targeted objectives on other goals, resulting in payment of our NEOs' at-risk compensation below target levels. The Compensation Committee recognizes the challenges with the external environment and the transformation in Flex's business strategy, though the Company did not achieve our targeted results against our operating plan. Consequently, the Committee believes that the actual compensation earned by our NEOs is appropriate and consistent with our pay-for-performance philosophy. The table below describes the key elements of our executive compensation program and the key actions taken by the Compensation Committee with respect to the compensation of the NEOs for fiscal year 2016:

Pay Component	Description	Fiscal Year 2016 Considerations

Compensation Philosophy

Flex's compensation philosophy is pay-for-performance. Our pay programs are designed to align executives' compensation with performance against the Company's short-term and long-term performance objectives and the creation of shareholder value. A key objective of our compensation programs is to attract, retain and motivate superior executive talent who are key to the Company's long-term success by paying for the achievement of meaningful Company objectives, balancing achievement incentives with the need to avoid excessive or inappropriate risk-taking, and maintaining an appropriate cost structure. We actively manage our pay-for-performance philosophy through the following elements:

Element	Overview
Substantial Emphasis on At-Risk Compensation	<ul style="list-style-type: none"> • Programs are designed to link a substantial component of our executives' compensation to the achievement of pre-determined performance goals that directly correlate to the enhancement of shareholder value. • 90% of our CEO's target total direct compensation is either at risk or long-term, and an average of 83% of our other NEOs' target total direct compensation is either at risk or long-term. • 100% of at risk or performance-based compensation is based on achievement of core metrics or is subject to market risk based on stock price performance, and is not based on individual performance.
Market-Based, Responsible Target Pay	<ul style="list-style-type: none"> • We regularly benchmark pay against a set of industry peers. • Base salaries are generally positioned at approximately the market median for our NEOs to manage fixed costs and emphasize paying for performance. • Overall target total direct compensation was positioned at approximately the 60th to 65th percentile for our NEOs in fiscal year 2016, subject to individual variances.
Balanced Performance Metrics and Measurement Time Frames	<ul style="list-style-type: none"> • With the rapid pace and dynamic nature of our business, it is necessary to actively measure short-term results across a range of metrics, though with progressively greater emphasis on long-term results for senior leaders. • We measure both quarterly and annual results for revenue, adjusted operating profit (OP), return on invested capital (ROIC), and adjusted earnings per share (EPS) because we believe these reinforce the need to achieve strong top line results, deliver profitability, and manage capital efficiently.

Table of Contents

Majority Focus on Long-Term Performance

- While measurement of short-term results maintains day-to-day focus, we believe that shareholder value is built over the long-term.
- As such, senior leaders are compensated through progressively greater emphasis on performance-based long-term incentives.
- 75% of our CEO's fiscal year 2016 target total direct compensation was through long-term incentives, of which 53% is linked to achievement of long-term operating and TSR performance goals.
- 65% of our other NEOs' target total pay is in long-term incentives, of which 53% is linked to achievement of long-term operating and TSR performance goals.
- We maintain share ownership guidelines to enforce alignment with shareholder results, and have recoupment policies in place.

Compensation Setting Process and Decisions for Fiscal Year 2016

Fiscal year 2016 Corporate Governance Highlights

The Compensation Committee regularly reviews our compensation programs, peer company data and corporate governance best practices in the executive compensation area. We have adopted corporate governance and compensation practices and policies that our Board believes help to advance our compensation goals and philosophy, including the following:

What we do

- x ***Maintain a Completely Independent Compensation Committee and Review Process.*** Our Compensation Committee consists solely of independent directors who establish our compensation practices.
- x ***Use a Pay-for-Performance Model.*** Our executive compensation focuses on corporate performance and a significant portion of executive compensation is at-risk and/or long-term.
- x ***We target fixed compensation at our peer median and allow for greater levels of actual total direct compensation based on performance.*** We generally target base salary to approximate the 50th percentile of our peer group, and generally target our performance or variable annual and long-term incentive compensation to deliver total direct compensation generally between the 60th and 65th percentiles of our peer companies, subject to individual variances.
- x ***We design our incentive plans to drive performance and mitigate risks.*** We have threshold levels of performance that must be met before any short- and long- term cash incentives are paid or performance-based restricted share units vest, while pay-out levels are capped under both our short and long-term incentive plans. In addition, we use multiple

performance metrics under our incentive plans to mitigate risk, so that executives are not excessively incented by any single metric. Non-GAAP adjustments under our annual incentive plan are generally predefined or subject to a case-by-case review and approval by the Compensation Committee to ensure that the non-GAAP adjustment effects on payout levels appropriately reflect Company performance.

- x **Maintain a Reasonable Share Burn Rate.** We continually balance the need to provide competitive equity awards with a strong commitment to limit dilution to shareholders. During fiscal year 2016, we granted option equivalents, based on the Company's fungible share ratio of 1.71:1, of just approximately 2.3% of shares outstanding.
- x **Maintain a Recoupment Policy.** Our Board is authorized to recoup compensation paid to an executive officer in the event of a material restatement of financial results where a covered officer engaged in fraud or misconduct that caused the need for the restatement.
- x **Retain an Independent Compensation Advisor.** Our Committee has engaged an independent compensation consultant, Mercer, as its advisor to provide analysis, advice and guidance on executive compensation.
- x **Consider Shareholder Advisory Votes and Views.** Our Committee considers the voting results of our advisory vote on executive compensation at each annual general meeting and we engage with our shareholders on compensation and governance efforts through outreach efforts.
- x **Maintain Equity Ownership Guidelines for Senior Officers and Directors.** In fiscal year 2011, we adopted equity ownership guidelines for our senior officers and directors, under which senior officers and directors must accumulate and maintain equity in the Company, consistent with the terms of the guidelines.

Compensation Committee

The Compensation Committee periodically assesses our compensation programs to ensure that they are appropriately aligned with our business strategy and are achieving their objectives. The Compensation Committee also reviews market trends and changes in competitive practices. Based on its review and assessment, the Compensation Committee from time to time recommends changes in our compensation programs to our Board. The Compensation Committee is responsible for recommending to our Board the compensation of our Chief Executive Officer and all other executive officers. The Compensation Committee also oversees management's decisions concerning the compensation of other Company officers, administers our equity compensation plans, and evaluates the effectiveness of our overall executive compensation programs. Our committee also reviews the Company's talent assessment and succession planning.

Independent Consultants and Advisors

The Compensation Committee has the authority to retain and terminate any independent, third-party compensation consultants and to obtain advice and assistance from internal and external legal, accounting and other advisors. For fiscal year 2016, the Compensation Committee engaged Mercer, a wholly-owned subsidiary of Marsh & McLennan Companies, Inc. (referred to in this discussion as Mercer) in connection with its fiscal year 2016 compensation review, as its independent advisers for certain executive compensation matters. Mercer was retained by the Compensation Committee to provide an independent review of the Company's executive compensation programs, including an analysis of both the competitive market and the design of the programs. More specifically, Mercer furnished the Compensation Committee with reports on

peer company practices relating to the following matters: short and long-term compensation program design; annual share utilization and shareowner dilution levels resulting from equity plans; and executive share ownership and retention values. As part of its reports to the Compensation Committee, Mercer recommends our selected peer companies, and provides competitive compensation data and analysis relating to the compensation of our Chief Executive Officer and our other executives and senior officers. Mercer also assisted the Compensation Committee with its risk assessment of our compensation programs during fiscal year 2016.

Mercer is owned by Marsh & McLennan Companies, Inc., a multi-services global professional services firm providing advice and solutions in risk, strategy and human capital. For a discussion of amounts paid to Mercer for executive and director compensation consulting services and amounts paid to Marsh & McLennan Companies, Inc. and its affiliates for non-executive and non-director compensation consulting services, please see, *Board Committees Compensation Committee Relationship with Compensation Consultants*. The Compensation Committee has determined that the provision by Marsh & McLennan Companies, Inc. of services unrelated to executive and director compensation matters in fiscal year 2016 was compatible with maintaining the objectivity of Mercer in its role as compensation consultant to the Compensation Committee and that the consulting advice it received from Mercer was not influenced by Marsh & McLennan Companies, Inc.'s other relationships with the Company. The Compensation Committee has retained Mercer as its independent compensation consultant for fiscal year 2017 and expects that it will continue to retain an independent compensation consultant on future executive compensation matters.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes recommendations to our Board on all compensation actions relating to our executive officers. As part of its process, the Compensation Committee meets with our Chief Executive Officer and other executives to obtain recommendations with respect to the structure of our compensation programs, as well as an assessment of the performance of individual executives and recommendations on compensation for individual executives. As discussed in greater detail below under *Fiscal Year 2016 Executive Compensation Incentive Bonus Plan*, our Chief Executive Officer and other executives develop recommendations for performance measures and target payout opportunities under our incentive bonus plan based on management's business forecast both at the Company and business unit levels, which are reviewed and approved by our Board.

Competitive Positioning

In arriving at its recommendations to our Board on the amounts and components of compensation for our Chief Executive Officer and other executive officers, the Compensation Committee considers competitive compensation data prepared by Mercer. The Compensation Committee reviews this data in the context of historical performance and our overall compensation programs and objectives. The Compensation Committee considered the following competitive compensation data for our NEOs:

- Mercer constructed a peer group consisting of 19 companies based on targeting firms with a high degree of complexity in business scale and scope, as well as similar revenues, numbers of employees, and returns on invested capital.
- The Compensation Committee also takes into account Mercer's review of standardized surveys to check the Company's compensation programs against other large high technology and durable goods manufacturing firms to gain an understanding of general compensation practices.

Each year, the peer companies are recommended by the Compensation Committee's independent consultant and approved by the Compensation Committee. We made no changes to its fiscal year 2016 peer group relative to fiscal year 2015. The peer group for fiscal year 2016 compensation decisions consisted of the following companies:

Arrow Electronics, Inc.	Applied Materials, Inc.
Avnet, Inc.	Danaher Corporation
Eaton Corporation	Emerson Electric Co.
General Dynamics Corporation	Honeywell International Inc.
Illinois Tool Works Inc.	Jabil Circuit, Inc.
Johnson Controls, Inc.	Motorola Solutions, Inc.
Northrop Grumman Corporation	Raytheon Company
Seagate Technology	TE Connectivity
Tyco International Ltd	Western Digital Corporation

Fiscal Year 2016 Executive Compensation*Total Direct Compensation*

Total direct compensation is the sum of base salary, annual incentive bonus payouts and long-term incentive awards, but excludes performance-based contributions to our deferred compensation plan. For the table outlined below, the actual total direct compensation represents the actual bonus earned in each fiscal year plus the grant date fair value of the long-term incentive awards provided in each year (where actual long-term incentive values earned over time are subject to future performance conditions and share price movement). For fiscal year 2016, the actual total direct compensation for all NEOs is approximately 10% to 20% below that of the prior year. This change reflects our alignment of pay and performance, where the fiscal year 2016 financial performance was solid in the context of market conditions, though it fell short of internal expectations. Mr. McNamara's total direct compensation decreased 10.8% from fiscal year 2015, due primarily to a significant decrease in the bonus earned due to performance that was below target.

	Mr. McNamara	Mr. Collier	Mr. Barbier	Mr. Hoak	Mr. Humphries
Actual Total Direct Compensation FY 2015	\$ 13,433,729	\$ 4,804,467	\$ 4,630,931	\$ 2,463,036	\$ 4,932,670
Actual Total Direct Compensation FY 2016	\$ 11,988,961	\$ 3,926,554	\$ 3,908,316	\$ 2,243,382	\$ 4,212,442

Elements of Compensation

We allocate compensation among the following components for our NEOs:

- base salary;
- annual incentive bonus awards;
- long-term performance-based and service-based share incentive awards;
- long-term performance-based cash incentive awards;
- performance-based and service-based deferred compensation; and
- other benefits.

As discussed above, a key element of our compensation philosophy is that a significant portion of executive compensation is performance-based and therefore at-risk. A second key element of our compensation philosophy is that a significant portion of executive compensation is comprised of long-term components in order to align executive compensation with sustained, long-term performance and share price appreciation. Annual incentive compensation, performance-based restricted share units, performance-based cash-based incentives, and performance-funded contributions under our deferred compensation plan are compensation that is at-risk because their payouts depend entirely upon performance. Our performance-based compensation elements coupled with service-based restricted share units and our service-based deferred compensation plan contributions are designed to provide significant retention and alignment with long-term shareholder value enhancement, where our long-term incentive awards fully vest after periods of three or four years.

The following charts illustrate the mix of our compensation and show that for our Chief Executive Officer, 90% of total target direct compensation is either at-risk or long-term, and, overall for our other NEOs, 83% of total target direct compensation is either at-risk or long-term:

Table of Contents*Base Salary Levels*

The following table sets forth the base salaries of our NEOs in fiscal years 2015 and 2016, as well as the percentage increase (if any) from the prior year:

Name and Title	Base Salary for		Percentage Increase	Peer Group Percentile Approximation	
	Fiscal Year 2015	Fiscal Year 2016			
Michael M. McNamara Chief Executive Officer	\$ 1,250,000	\$ 1,250,000	0%	50th	
Christopher Collier Chief Financial Officer	\$ 650,000	\$ 675,000	3.8%	25th	50th
Francois P. Barbier President, Global Operations and Components	\$ 675,000	\$ 695,000	3.0%	25th	50th
Jonathan S. Hoak Executive Vice President and General Counsel	\$ 525,000	\$ 525,000	0%	25th	50th
Paul Humphries President, High Reliability Solutions	\$ 675,000	\$ 695,000	3.0%	50th	60th

For fiscal year 2016, we set our executives' base salaries at levels which are competitive with our peer companies based on each individual executive's role and the scope of his or her responsibilities, also taking into account the executive's experience and the base salary levels of other executives within the Company. Adjustments were modest, reflecting the fact that no individual changed roles significantly or was fundamentally mis-aligned with market. The Compensation Committee typically reviews base salaries every fiscal year and adjusts base salaries to take into account competitive market data, individual performance and promotions or changes in responsibilities. Overall salaries for our NEOs in fiscal year 2016 positioned our aggregate pay at approximately the median of our peer companies.

Incentive Bonus Plan

Our annual incentive payouts are based entirely on achievement of financial performance objectives and are linked to achievements of the following performance metrics:

- revenue growth targets;
- adjusted operating profit targets;
- return on invested capital targets; and

- adjusted earnings per share targets.

For fiscal year 2016, the Company's performance level with respect to the above performance metrics exceeded targeted amounts for some metrics and fell below targeted amounts against others (see table below), and therefore, resulted in incentive payment amounts that were below target levels for all the NEOs, except for Mr. Humphries, in whose case performance levels exceeded targeted amounts for all metrics. The payout levels are as follows:

Name	Fiscal Year 2016 Annual Incentive Bonus as a Percentage of Target Bonus	Fiscal Year 2016 Annual Incentive Bonus Target (Potential Bonus as a percentage of Base Salary)	Fiscal Year 2016 Annual Incentive Actual Bonus
Mr. McNamara	81.3%	150%	\$1,524,873
Mr. Collier	81.3%	110%	\$603,850
Mr. Barbier	81.3%	110%	\$621,742
Mr. Hoak	81.3%	80%	\$341,572
Mr. Humphries	121.1%	110%	\$925,868

Through our incentive bonus plan, we seek to provide pay for performance by linking incentive awards to Company and business unit performance. In designing the incentive bonus plan, our Chief Executive Officer and management team develop and recommend performance metrics and targets, which are reviewed and are subject to adjustment by the Compensation Committee and our Board. Performance metrics and payout levels are determined based on management's business forecast both at the Company and business unit levels, as reviewed and approved by the Board. In fiscal year 2016, target levels for performance were set at approximately the levels included in our business forecast. Maximum payout levels were tied to stretch levels of performance. As part of the process of setting performance targets, the Compensation Committee reviewed analyst consensus estimates for fiscal year 2016 and confirmed that target performance measures were appropriately aligned with such estimates. Performance measures were based on quarterly and annual targets.

The following table summarizes the key features of our fiscal year 2016 incentive bonus plan:

Table of Contents

The incentive bonus plan award opportunities for each NEO are shown in the Grants of Plan-Based Awards in Fiscal Year 2016 table in Executive Compensation. In fiscal year 2016, the target incentive bonus awards were set at approximately the 60th percentile of our peer group for Mr. McNamara; at approximately the 75th percentile of our peer group for Mr. Collier; at between the 60th and 75th percentile of our peer group for Mr. Barbier; between the 25th and 50th percentiles of our peer group for Mr. Hoak; and at approximately the 75th percentile of our peer group for Mr. Humphries.

Non-GAAP Adjustments

We used adjusted non-GAAP performance measures for our incentive bonus plan in fiscal year 2016. We used adjusted measures to eliminate the distorting effect of certain unusual income or expense items. The adjustments were intended to:

- align award payout opportunities with the underlying growth of our business; and
- avoid outcomes based on unusual items.

In calculating non-GAAP financial measures, we excluded certain items to facilitate a review of the comparability of the Company's operating performance on a period-to-period basis because such items are not, in the Compensation Committee's view, related to the Company's ongoing operational performance. The non-GAAP measures are used to evaluate more accurately the Company's operating performance, for calculating return on investment, and for benchmarking performance against competitors. For fiscal year 2016, non-GAAP adjustments consisted of excluding after-tax stock-based compensation expense and intangible amortization. All adjustments are subject to approval by the Compensation Committee to ensure that payout levels are consistent with performance.

Incentive Awards for the CEO and CFO

Messrs. McNamara and Collier were each eligible for a bonus award based on achievement of quarterly and annual revenue growth, adjusted operating profit, ROIC and adjusted EPS targets. We refer to these performance measures as the Company performance metrics. The weightings for each of these performance measures was 25%. Mr. McNamara's annual target bonus was 150% of base salary. Mr. McNamara's target percentage of base salary remained the same as in fiscal year 2015 and resulted in total target cash approximately between the 50th and 60th percentiles of our peer companies. Mr. Collier's bonus target as a percentage of base salary was set at 110% and resulted in total target cash between the 50th and 60th percentiles of our peer companies.

The following table sets forth the payout level opportunities that were available for Messrs. McNamara and Collier as a percentage of the target award for each performance measure based on different levels of performance. Revenue targets represented year over year annual growth targets of (-2.5)% at the 50% payout level, 3.3% at the 100% payout level, 9.0% at the 200% payout level, and 10.9% at the 300% payout level.

Edgar Filing: FLEXTRONICS INTERNATIONAL LTD. - Form PRE 14A

No payout is made if the threshold performance level is not achieved. Targets at the 300% level with respect to the annual bonus reflect sustained performance over the year that is considered to provide stretch targets. For performance levels between 50% and 300% presented in the table below, straight line interpolation was used to arrive at the payout level:

Consistent with the Company's pay for performance approach, the Company recognized the performance against its operating plan in fiscal year 2016 and consequently the short-term incentive compensation of our executives decreased this year over the prior year.

Payout levels (as a percentage of target) were in line with operational performance at 45.8% for the first quarter, 117.2% for the second quarter, 133.1% for the third quarter and 50.9% for the fourth quarter. For the annual component, the payout level (as a percentage of target) was 75.9%. The total annual bonus payout was 81.3% as a percentage of target, which represents 122% for Mr. McNamara and 89.5% for Mr. Collier as a percentage of base salary. Comparatively, in fiscal year 2015, incentive award payouts as a percentage of target were 169.6% of target for Messrs. McNamara and Collier.

Incentive Awards for NEOs other than the CEO and CFO

Mr. Barbier was eligible for a bonus award based on achievement of the quarterly and annual Company performance metrics, with the same weightings as Messrs. McNamara and Collier. Mr. Barbier's annual target bonus was 110% of base salary and resulted in total target cash approximately between the 50th and 60th percentiles of our peer group.

Mr. Hoak was eligible for a bonus award based on achievement of the quarterly and annual Company performance metrics, with the same weightings as Messrs. McNamara and Collier. The annual target bonus was 80% of base salary and resulted in total target cash between the 25th and 50th percentiles of our peer group.

Mr. Humphries was eligible for a bonus based on achievement of the quarterly and annual Company performance metrics (i.e., the performance measures that applied to Messrs. McNamara and Collier), as well as the business unit performance metrics of revenue, adjusted operating profit, profit after interest percentage and new business wins for our High Reliability Solutions business group. Mr. Humphries' annual target bonus was 110% of base salary and resulted in total target cash between the 60th and 75th percentiles of our peer group. Actual payout level opportunities ranged from 50% to 200% of target with respect to quarterly metrics and 50% to 300% of target for annual metrics. The weightings of the performance metrics for Mr. Humphries were 20% for the Company performance metrics and 80% for the business unit metrics. Certain business unit metrics were calculated on an adjusted non-GAAP basis consistent with the Company performance metrics. We treat the business unit performance measures as confidential. We set these measures at levels designed to motivate Mr. Humphries to achieve operating results at his business unit in alignment with our business strategy with payout opportunities at levels of difficulty consistent with our Company performance metrics.

The following table sets forth the actual quarterly, annual and total payout levels, both as a percentage of target and of eligible base salary, for Messrs. Barbier, Hoak, and Humphries:

Bonuses under our annual incentive bonus plan are based upon the achievement of Company and business unit (in the cases of business unit executives) performance goals. Based on fiscal year 2016 operating performance, bonus payouts were at 81.3% of target for Messrs. Hoak and Barbier, and 121.1% of target for Mr. Humphries. Comparatively, in fiscal year 2015, bonus payouts as a percentage of target were 169.6% of target for Messrs. Hoak and Barbier, and 210.2% of target for Mr. Humphries.

The Compensation Committee believes that bonuses awarded under our incentive bonus plan appropriately reflected the achievement in the Company's performance targets and appropriately rewarded the performance of the named executive officers.

Long-Term Share- and Cash-Based Incentive Compensation***Restricted Share Unit Awards***

The Compensation Committee grants share- and cash-based long-term incentives to its senior executives as an incentive to maximize the Company's long-term performance and shareholder value creation. These long-term incentives are designed to align the interests of the named executive officers with those of our shareholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner, with a direct stake in the business. These awards are also intended to promote executive retention, as unvested long-term share and cash incentives are generally forfeited if the executive voluntarily leaves the Company. Restricted share unit awards are structured as either performance-based awards, which vest only if pre-established performance measures are achieved, or service-based awards, which vest if the executive remains employed through the vesting period. Before the restricted share unit award vests, the executive has no ownership rights in our ordinary shares. The payouts are made in shares, so the value of the award goes up or down based on share price performance from the beginning of the grant, further aligning the interests of the executive with long-term shareholder value creation.

In fiscal year 2016, the Compensation Committee determined that long-term incentive awards for executives and other senior officers generally would be allocated 50% to service-based restricted share unit awards, 25% to performance-based restricted share unit (PSU) awards that are earned based upon relative TSR performance versus the S&P 500, and 25% to a long-term incentive plan that measures Flex's cumulative free cash flow (FCF LTIP) over a three-year period from fiscal year 2016 to fiscal year 2018. For the FCF LTIP, the awards are payable in shares for the CEO, so 50% of his long-term compensation is in the form of performance-based equity grants. For the other NEOs, the FCF LTIP is payable in cash. The Compensation Committee believes that this allocation promotes retention, serves to link long-term compensation to the Company's long-term performance and limits the dilutive effect of equity awards. Key features of our long-term incentive awards are as follows:

- **Performance-Based RSUs (PSUs):** The awards granted in fiscal year 2016 are earned based upon Flex's percentile rank of total shareholder return (TSR) over a 3-year period against the S&P 500 constituents. The Compensation Committee believes that the relative total shareholder return metric used in the performance based awards is a widely accepted investor benchmark that appropriately aligns compensation with performance. The number of shares earned is dependent on the percentile rank achieved based on the table below:

S&P 500 TSR Percentile Rank	Shares Earned
>75th Percentile	200% of target
50th - 75th Percentile	Interpolate
50th Percentile	100% of target
30th - 50th Percentile	Interpolate
30th Percentile	25% of target
<30th Percentile	0% of target

- **Free Cash Flow LTIP:** The 2016 grants are earned based on Flex's performance against pre-established cumulative Free Cash Flow goals over the period from fiscal year 2016 through fiscal year 2018. The Compensation Committee believes the three-year Free Cash Flow target is an important liquidity metric because it measures the amount of cash generated that is available to repay debt obligations, make investments, fund acquisitions, repurchase Company shares and to use for certain

other activities. The Compensation Committee will assess goal achievement for the 2016 grant cycle and approve awards for the NEOs at the end of the performance cycle following the close of fiscal year 2018. Awards will be measured on a straight line sliding scale as follows:

% of Goal Achieved	<69%	69%	100%	136% and above
% of Target Paid	0%	50%	100%	200%

- **Service-Vested RSUs:** Awards granted in fiscal year 2016 vest in four installments of 25% on each yearly anniversary of the grant date.

The performance-based awards provide that in the event of retirement, a pro-rata number of vested shares shall be issued upon the vesting of the performance-based award pursuant to the performance criteria, with the number of shares that vest determined by multiplying the full number of shares subject to the award by a fraction equal to (x) the number of complete months of continuous service as an employee from the grant date of the award to the date of retirement, divided by (y) the number of months from the grant date to the vesting/release date; provided, further, that if within twelve months of retirement, the executive officer violates the terms of a non-disclosure agreement with, or other confidentiality obligation owed to, the Company or any subsidiary or affiliate, then the award and all of the Company's obligations and the executive officer's rights under the award terminate. For purposes of the awards, Retirement means the executive officer's voluntary termination of service after the executive officer has attained age sixty (60) and completed at least ten (10) years of service as an employee of the Company or any subsidiary or affiliate. At the current time, none of the executive officers would satisfy the retirement criteria.

The size of the total long-term incentive award to each executive officer generally is set at a level that is intended to create a meaningful opportunity for share ownership based upon the individual's current position with the Company, but the Compensation Committee and Board also take into account (i) the individual's potential for future responsibility and promotion over the term of the award, (ii) the individual's performance in recent periods, and (iii) the number of restricted share unit awards and options held by the individual at the time of grant. In addition, the Compensation Committee and Board consider competitive equity award data, and determine award size consistent with the Compensation Committee's and our Board's objective of setting long-term incentive compensation at a competitive level in relation to our peer companies, subject to individual variances. The Compensation Committee and Board also consider annual share usage and overall shareholder dilution when determining the size of equity awards.

Elementum Profits Interest Units

We own substantially all of the equity in Elementum Holding Ltd (Holdco), which in turn is a significant shareholder of Elementum SCM (Cayman) Ltd (Elementum), along with other investors not affiliated with us. Elementum is a privately-held software development company founded in 2012 by Flex and some of our former employees to address the enormous challenges facing global supply chains. Elementum develops SaaS-based supply chain management, or SCM, solutions to help companies deal with supply chain complexities through tools designed to control business processes, execute value chain transactions, and manage supplier relationships. Elementum is a separate organization from Flex with approximately 100 employees, though we currently indirectly hold a majority ownership interest. Flex's CEO, Mike McNamara, is the Chairman of the Board of Elementum, and he and Christopher Collier, Flex's Chief Financial Officer, and François Barbier, Flex's President, Global Operations and Components provide active contributions to Elementum. Prior to 2015, Messrs. McNamara, Collier and Barbier had not received any direct financial interest in Elementum or Holdco in connection with their service to Elementum and Holdco. At its founding, we reserved 3.8% of Flex's interest in Holdco as profits interest, which are rights to receive a specified percentage of the appreciation that Flex realizes from its holdings in Holdco.

We believe that our investment in Elementum represents a significant value creation opportunity for shareholders. Profits interest unit grants are intended to provide incentives for Flex recipients to drive Elementum's success. Because the growth and success of Elementum could have positive implications for Flex as a whole, we believe that it is important to leverage the experience and expertise of our own officers to support Elementum's success. We also believe that our overall compensation plans provide a strong incentive to maximize overall Flex results across the breadth of our business lines and geographies. On October 15, 2015, Mr. McNamara received a 1.302% profits interest in Holdco at a grant date value of \$218,305. Mr. Barbier received a 0.243% profit interests in Holdco at a grant date value of \$40,750. Mr. Collier received a 0.097% profits interest in Holdco at a grant date value of \$16,600. Each award will vest 25% at the end of each year for four years, with the value only recognized upon an Elementum liquidity event.

The Elementum profits interest grants made on October 15, 2015 were one-time, discretionary grants and the value of these grants will be deducted from the Flex equity grant that would otherwise have been issued to the recipient for the next fiscal year. The primary purpose of the profits interest grants in Holdco is to provide the executives with a highly-focused compensation tool that is directly aligned with the goal of creating value within Elementum, and therefore, we believe, for Flex shareholders overall. Various

Table of Contents

features of the incentive program are structured to provide alignment with Flex shareholders and have the appropriate governance controls, including:

- Recipients can only realize value from the profits interest if Flex also realizes value from our Elementum investment after the award of the profit interests

- If the recipient leaves Flex, he or she will only be eligible to realize value from the vested portion of the grant

- The awards are non-voting

- The Flex Board's Nominating and Corporate Governance Committee will oversee a process to monitor and mitigate any potential conflicts of interest

Grants During Fiscal Year 2016

The number of performance-based and service-based restricted share unit awards as well as, in the case of Mr. McNamara, the FCF LTIP awards granted to him in fiscal year 2016, and the grant-date fair value of the restricted share unit awards and Elementum profits interest unit awards determined in accordance with ASC 718-10, are shown in the Grants of Plan-Based Awards in Fiscal Year 2016 table.

As part of the annual compensation review process, the Compensation Committee recommended and the Board approved the following performance-based and service-based restricted share unit awards to our named executive officers in fiscal year 2016. The figures represent the sum of the restricted share unit awards granted. The award is split 50-50 between performance-based awards (at target) and service-based awards for Mr. McNamara, who received 719,008 RSUs. The share-based awards for Messrs. Collier, Barbier, Humphries and Hoak are split 33-67 between performance-based awards (at target) and service-based awards. Mr. Collier received 154,957 RSUs and a target FCF LTIP award of \$625,000; Mr. Barbier received 151,672 RSUs and a target FCF LTIP award of \$611,750, Mr. Humphries received 151,672 RSUs and a target FCF LTIP award of \$611,750, and Mr. Hoak received 80,578 RSUs and a target FCF LTIP award of \$325,000.

Earning of Prior Performance Award Grants

During fiscal year 2016, two portions of prior performance share unit awards completed the applicable performance cycle and were eligible for payouts. The fiscal year 2012 PSU grant measured our TSR versus the S&P 500. Based on our 76% TSR for the period between the grant date in June 2011 and the performance period end in June 2015, the final 50% of the fiscal year 2012 PSU award paid out at 129% of target. The fiscal year 2013 PSU grant also measured our TSR versus the S&P 500. Based on our 73% TSR for the period between the grant date in May 2012 and the performance period ending in May 2015, the fiscal year 2013 PSU award was paid out at 138% of target.

Responsible Share Granting Approach

Flex is committed to maintaining a responsible share burn rate, as we know that this is a critical factor for our shareholders and has a direct impact on the value creation that they can participate in. From a talent perspective, Flex is a technology-driven firm that needs talent that can meet the complex and rapidly evolving demands of its customers. As such, Flex needs to provide equity awards that are competitive in the market for talent that is at capable of delivering innovative technology solutions with world class manufacturing and supply chain expertise. In order to ensure responsible equity usage, we:

Table of Contents

- Target a broad-based equity strategy that generally aligns with the median of market
- Conduct regular market analyses to ensure alignment with market participation and award opportunity values
- Use an equity grant strategy that ensures that awards are focused on high performers and those that make a meaningful impact on Flex's business results
- Include direct performance metrics on more senior level participants, and provide longer-term shareholder alignment for all equity participants with multi-year vesting schedules on restricted stock unit grants
- Analyze overall equity spend levels relative to peers and the broader market to ensure that total Company grant levels are appropriate from a market perspective

Through these mechanisms, we continually balance the need to provide competitive equity awards with a strong commitment to limit dilution to shareholders. During fiscal year 2016, we granted non-adjusted shares of 1.4% of our average common shares outstanding. When considering this grant rate from an option equivalent perspective, based on the Company's fungible share ratio of 1.71:1, Flex granted 2.3% of shares outstanding. Details of Flex's grant history are outlined in more detail below:

Table of Contents

We believe that the equity grant philosophies and governance mechanisms in place allow us to balance the need to be competitive for overall talent while ensuring that shareholders experience a responsible level of dilution.

Administration of Equity Award Grants

Equity awards are not timed in relation to the release of material information. Our current policy provides that equity grants to non-executive new hires and follow on equity grants to non-executives are made on pre-determined dates five times a year.

Hedging and Pledging Policy

Under our insider trading policy, short-selling, trading in options or other derivatives on our shares or engaging in hedging transactions are prohibited. Our insider trading policy also prohibits using our shares as collateral for margin accounts.

Long-Term Deferred Compensation Awards

Each of the NEOs participates in a deferred compensation plan or arrangement. These plans and arrangements are intended to promote retention by providing a long-term savings opportunity on a tax-efficient basis. The Compensation Committee's general policy is to target long-term incentive compensation (which is deemed to include share-and cash-based compensation and target annual performance-based contributions to the deferred compensation plan, discussed below) at between the 60th and 65th percentiles of our peer companies, subject to individual variances. Our competitive positioning for long-term incentive compensation is determined in the context of historical performance and our overall compensation programs, including prior incentive awards. For fiscal year 2016, Mr. McNamara's long-term incentive award was targeted at approximately the 60th percentile of our peer companies, and the other named executive officers' long-term incentive awards generally were targeted to be within a range around the 60th percentile of our peer companies as well.

Under the Company's 2010 Deferred Compensation Plan, which replaced both the prior long-term cash incentive awards program and our Senior Executive and Senior Management Deferred Compensation Plans, the Company in its discretion may make annual contributions in targeted amounts of up to an aggregate of 37.5% of each participant's base salary (subject to offsets for non-U.S. executives' pension and other benefits) to a non-qualified deferred compensation account, subject to approval by the Compensation Committee. The contributions are funded 50% based on a percent of base salary and 50% based on performance, using the same performance measures used under the incentive bonus plan. For performance below the threshold payout level under the incentive bonus plan, there will be no performance-based contribution; for performance between the threshold and target payout levels, the Compensation Committee may award a contribution ranging from 50% to 100% of the target performance-based contribution; and for performance above the target payout level, the Compensation Committee may award a contribution of up to 150% for the performance-based portion of the award. Initial contributions and any annual contributions, together with earnings, will cliff vest after four years provided that the participant remains employed by the Company. For purposes of benchmarking compensation, the Compensation Committee treats target cash awards as long-term incentive compensation. Deferred balances under the plan are deemed to be invested in hypothetical investments selected by the participant or the participant's investment manager. Participants may elect to receive their vested compensation balances upon termination of employment either through a lump sum payment or in installments over a period of up to ten

years. Participants also may elect in-service distributions through a lump sum payment or in installments over a period of up to five years. The deferred account balances are unfunded and unsecured obligations of the Company, receive no preferential standing, and are subject to the same risks as any of the Company's other general obligations. We do not pay or guarantee above-market returns. The appreciation, if any, in the account balances of plan participants is due solely to the performance of the underlying investments selected by participants.

In addition, initial Company contributions under the 2010 Deferred Compensation Plan for new senior executive participants who did not participate in the prior plans are 50% of base salary and are not tied to Company performance. Thereafter, Company contributions are limited to 37.5%, as described above, of each participant's base salary (subject to offsets for non-U.S. executives' pension and other benefits).

For fiscal year 2016, Messrs. Collier, Hoak, Humphries and McNamara each received deferred cash awards with a value that averaged about 37.5% of their 2015 respective base salaries and Mr. Barbier received no deferred cash award.

Jon Hoak Separation Agreement

Voluntary Contributions

Under the 2010 Deferred Compensation Plan, participating officers may defer up to 70% of their base salary and bonus, net of certain statutory and benefit deductions.

Additional Company Contributions

The Company may make a discretionary matching contribution in connection with voluntary deferrals to reflect limitations on our matching contributions under our 401(k) plan.

Benefits

Executive Perquisites

Perquisites represent a small part of the overall compensation program for the named executive officers. In fiscal year 2016, we paid the premiums on long-term disability insurance for our named executive officers. We also reimbursed Mr. Barbier for costs associated with his international assignment, which are discussed below. In addition, we reimbursed Mr. Barbier for FICA and Medicare taxes due upon the partial vesting of his deferred bonuses during fiscal year 2016. These and certain other benefits are quantified under the All Other Compensation column in the Summary Compensation Table.

As discussed above, we have replaced our prior deferred compensation plans with our 2010 Deferred Compensation Plan. Under the prior plans, vested amounts were not paid until termination, while the new plan provides for distribution options, including in-service distributions. For amounts vesting under the prior plans, we will continue to reimburse the executives for FICA taxes since the executives will continue to be unable to access vested funds prior to retirement; however, the executives will continue to be responsible for the tax liability associated with the reimbursement. For amounts vesting under the new plan, the executives will be responsible for FICA taxes and the Company will not reimburse the executives for any taxes due upon vesting.

While Company aircraft are generally used for Company business only, our Chief Executive Officer and Chief Financial Officer and their spouses and guests may be permitted to use Company aircraft for personal travel, provided that Company aircraft are not needed for business purposes at such time. We calculate the incremental cost to the Company for use of the Company aircraft by using an hourly rate for each flight hour. The hourly rate is based on the variable operational costs of each flight, including but not necessarily limited to the following: fuel, maintenance, flight crew travel expense, catering, communications, and fees which include flight planning, ground handling and landing permits. On August 30, 2012, the Compensation Committee eliminated the gross-up that was previously provided under this policy. These benefits are quantified under the All Other Compensation column in the Summary Compensation Table.

Relocation Assignments

In connection with Mr. Barbier's relocation assignment to the Company's San Jose facility, originally effective August 30, 2010 and amended to provide a continuation of certain benefits as of March 5, 2013, we agreed to reimburse Mr. Barbier for certain relocation expenses incurred by Mr. Barbier, including a housing allowance of \$6,000 per month and an auto allowance of up to \$1,200 per month until June 30, 2016. These benefits are quantified under the "All Other Compensation" column in the Summary Compensation Table. For Mr. Barbier, the amount includes reimbursement of \$151,221 for the incremental taxes due as a result of his relocation to the Company's San Jose facility.

401(k) Plan; French Defined Contribution Pension Plan

Under our 401(k) Plan, all of our employees are eligible to receive matching contributions. Effective fiscal year 2011, we also instituted a new annual discretionary matching contribution. The amount of any discretionary annual contribution will be based on Company performance and other economic factors as determined at the end of the fiscal year. For fiscal year 2016, we elected not to make a discretionary contribution. We do not provide an excess 401(k) plan for our executive officers.

Mr. Barbier participates in defined contribution pension schemes mandated under French law. For fiscal year 2016, the Company made required contributions aggregating approximately \$68,534.

Table of Contents

Other Benefits

Executive officers are eligible to participate in all of the Company's employee benefit plans, such as medical, dental, vision, group life, disability, and accidental death and dismemberment insurance, in each case on the same basis as other employees, subject to applicable law.

Termination and Change of Control Arrangements

The named executive officers are entitled to certain termination and change of control benefits under their deferred compensation plans and under certain of their equity awards. These benefits are described and quantified under the section entitled *Executive Compensation Potential Payments Upon Termination or Change of Control*. The Compensation Committee had determined that a single trigger for acceleration of the executives' deferred compensation accounts was appropriate under the Senior Executive Deferred Compensation Plan and the Senior Management Deferred Compensation Plan in order to provide certainty of vesting for benefits that represent the executives' primary source of retirement benefits. No NEOs have unvested awards under the Senior Executive Deferred Compensation Plan or the Senior Management Deferred Compensation Plan.

Under our 2010 Deferred Compensation Plan, vesting of initial and annual awards will accelerate in cases of a change in control only if employment is terminated without cause or by the executive for good reason within two years of the change in control, i.e., double trigger accelerated vesting. Under the terms of certain of our equity incentive plans and the form of restricted share unit award agreement used for certain of our grants of restricted share unit awards to our employees (including our executives), in the event of a change of control, each outstanding stock option and each unvested restricted share unit award with such a provision will automatically accelerate, unless and to the extent such award is either to be assumed or replaced. Under the terms of certain of our equity plans, the Compensation Committee has the discretion to provide that certain awards may automatically accelerate upon an involuntary termination of service within a designated time period following a change of control, even if such awards are assumed or replaced. The Compensation Committee believes that these provisions provide our Board with appropriate flexibility to address the treatment of options and restricted share unit awards in a merger or similar transaction that is approved by our Board, while providing appropriate protections to our executives and other employees in transactions which are not approved by our Board.

Jon Hoak Separation Agreement

On June 20, 2016, Mr. Hoak notified the Company that he intends to retire from his current role of Executive Vice President and General Counsel effective June 30, 2016. Mr. Hoak has agreed to provide transitional services through June 30, 2017. In anticipation of such transitional services, Mr. Hoak entered into a Separation Agreement and Release (the *Agreement*) with the Company. Pursuant to the Agreement, and in consideration for a general release, Mr. Hoak will receive the following from the Company: (1) a payment of Mr. Hoak's quarterly bonus based on actual results for the Company's first quarter of fiscal year 2017; (2) continued vesting and payout of restricted share units, performance share units and the long-term, performance-based cash incentive that are scheduled to vest or be paid (in accordance with actual performance) on or before June 30, 2017; (3) a separation payment of \$1,050,000, to be paid on March 15, 2017; and (4) a payment of approximately \$24,000 in connection with 18 months of COBRA insurance premiums to be paid on December 30, 2016. All of Mr. Hoak's unvested restricted share units, performance share units and long-term, performance-based cash incentives which do not vest on or prior to June 30, 2017 will terminate as of June 30, 2017, and except as

described above, Mr. Hoak will not be eligible for an annual incentive bonus for fiscal 2017.

Executive Share Ownership Guidelines

In fiscal year 2011, to more closely align the interests of our management with those of our shareholders, our Board of Directors, upon the recommendation of the Compensation Committee, adopted share ownership guidelines for all of our executive officers and direct reports of the chief executive officer. The ownership guidelines provide for our executive officers to own a minimum number of our ordinary shares, which (i) for our CEO, is the number of shares having a value equal to at least four times his annual base salary though Mr. McNamara currently holds nearly 20 times his annual base salary, (ii) for our CFO, is the number of shares having a value equal to at least two and one-half times his annual base salary and (iii) for all of our other executive officers and CEO direct reports, is the number of shares having a value equal to at least one and one-half times his or her annual base salary. All ordinary shares and vested restricted share units held by our executives, as well as the value of fully-vested stock options (net of the value of taxes), count toward these goals. The guidelines provide for our executives to reach these goals within five years of the date that the Board approved the guidelines or the date they joined the Company, whichever is later, and to hold such a minimum number of shares for as long as he or she remains an officer. The Company has determined that the named executive officers are on target to be in compliance with the requirements under the guidelines by the deadline.

Executive Incentive Compensation Recoupment Policy

In May 2010, the Compensation Committee recommended and our Board adopted an Executive Incentive Compensation Recoupment Policy. The policy covers our executive officers and direct reports of our chief executive officer, and applies to bonuses or awards under the Company's short and long-term incentive bonus plans, awards under our equity incentive plans, and contributions under our deferred compensation plans where the contributions are based on the achievement of financial results. In the event of a material restatement of financial results where a covered officer engaged in fraud or misconduct that caused the need for the restatement, the Board will have discretion to recoup incentive compensation of any covered officer if and to the extent the amount of compensation which was paid or which vested would have been lower if the financial results had been properly reported. In the case of equity awards that vested based on the achievement of financial results that were subsequently reduced, the Board also may seek to recover gains from the sale or disposition of vested shares (including shares purchased upon the exercise of options that vested based on the achievement of financial results). In addition, the Board will have discretion to cancel outstanding equity awards where the financial results which were later restated were considered in granting such awards. The Board only may seek recoupment in cases where the restatement occurs within 36 months of the publication of the audited financial statements that are restated.

COMPENSATION RISK ASSESSMENT

With the assistance of Mercer, the Compensation Committee reviewed our compensation policies and practices during fiscal year 2016 and determined that our compensation programs do not encourage excessive or inappropriate risk-taking. The Compensation Committee believes that the design and mix of our compensation programs appropriately encourage our executive and senior officers to focus on the creation of long-term shareholder value. In its review, the Compensation Committee noted the following features:

- The Company's pay levels are generally aligned with market pay levels (i.e., not so low that management would pursue extreme risk to achieve significantly higher pay, nor too high to have excessive incentives to meet or exceed target payouts).
- The Company's compensation programs utilize best practices designed to mitigate risk, including, but not limited to:
 - a balanced mix of short-term cash and long-term equity pay;
 - an incentive programs fund based on a mix of performance metrics and over varying time frames (not just short-term revenue or net income);
 - a long-term incentive program that includes time and performance-vested awards, where the performance awards require favorable long-term shareholder results to deliver value;
 - incentive programs that have payout caps and reasonable leverage;
 - share ownership guidelines and anti-hedging/pledging policies that encourage long-term equity ownership;
 - our Committee having the ability to exercise discretion over goals; and
 - a Board-adopted, incentive compensation recoupment policy.

EXECUTIVE COMPENSATION

The following table sets forth the fiscal year 2014, 2015 and 2016 compensation for:

- Michael M. McNamara, our chief executive officer;
- Christopher Collier, our chief financial officer; and
- Francois P. Barbier, Jonathan S. Hoak, and Paul Humphries.

The executive officers included in the Summary Compensation Table are referred to in this proxy statement as our named executive officers or NEOs. A detailed description of the plans and programs under which our named executive officers received the following compensation can be found in the section entitled *Compensation Discussion and Analysis* of this proxy statement. Additional information about these plans and programs is included in the additional tables and discussions which follow the Summary Compensation Table.

(1) Each of the above mentioned named executive officers, except Mr. Barbier, contributed a portion of his fiscal year 2016 salary to his 401(k) savings plan account. All amounts contributed are included under this column.

(2) For fiscal year 2016, this column shows the unvested portion of Messrs. McNamara s, Collier s, Barbier s and Humphries respective deferred compensation accounts that vested on July 1, 2015. For additional information about the Company s deferred compensation arrangements, see the section entitled *Compensation Discussion and Analysis Deferred Compensation* of this proxy statement and the discussion under the section entitled *Nonqualified Deferred Compensation in Fiscal Year 2016* of this proxy statement.

(3) Share awards consist of service-based and performance-based restricted share unit awards. The amounts in this column do not reflect compensation actually received by the named executive officers nor do they reflect the actual value that will be recognized by the named executive officers. Instead, the amounts reflect the grant date fair value for grants made by us in fiscal years 2014, 2015 and 2016, calculated in accordance with FASB ASC Topic 718. The performance-based restricted share unit awards included in this column are at the target number of shares as follows for fiscal year 2016: 359,504 performance-based restricted share unit awards, or \$4,864,089 for Mr. McNamara; 51,652 performance-based restricted share unit awards, or \$772,714 for Mr. Collier; 50,557 performance-based restricted share unit awards, or \$756,333 for Mr. Barbier; 26,859 performance-based restricted share unit awards, or \$401,811 for Mr. Hoak; and 50,557 performance-based restricted share unit awards, or \$756,333 for Mr. Humphries. If the maximum payout is earned, the value of the performance-based restricted share unit awards would be 200% of those amounts as follows for fiscal year 2016: \$9,728,178 for Mr. McNamara; \$1,545,428 for Mr. Collier; \$1,512,666 for Mr. Barbier; \$803,622 for Mr. Hoak; and \$1,512,666 for Mr. Humphries.

For additional information regarding the assumptions made in calculating the amounts reflected in this column, see Note 3 to our audited consolidated financial statements, *Share-Based Compensation*, included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016.

(4) The amounts in this column represent incentive cash bonuses earned in fiscal year 2016. For additional information, see the section entitled *Compensation Discussion and Analysis Fiscal Year 2016 Executive Compensation Incentive Bonus Plan* of this proxy statement.

(5) The amount in this column for fiscal year 2016 represents the above-market earnings on the vested portions of our NEOs nonqualified deferred compensation accounts in fiscal year 2016. None of our NEOs received above-market earnings on the vested portions of their deferred compensation accounts or participated in any defined benefit or actuarial pension plans in fiscal year 2016. Above-market earnings represent the difference between market interest rates determined pursuant to SEC rules and earnings credited to the vested portion of the named executive officers' deferred compensation accounts. See the Nonqualified Deferred Compensation in Fiscal Year 2016 table of this proxy statement for additional information.

(1) These amounts show the range of possible payouts under our cash incentive programs for fiscal year 2016. For Mr. McNamara, the amounts correspond to the range of possible payouts under the incentive bonus plan. The maximum payment represents 250% of the target payment. The threshold payment represents 50% of target payout levels. For Messrs. Collier, Barbier, Hoak and Humphries, the amounts reflect the range of payouts possible under the incentive bonus plan and the Free Cash Flow LTIP awarded on April 1, 2015. The maximum payment represents 250% and 200% of the target payment for our incentive cash bonus program and FCF LTIP, respectively. The threshold payment represents 50% of target payout levels. For the annual incentive bonus plan, the amounts actually earned in fiscal year 2016 are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table and broken down in footnote 4 thereof. For additional information, see the section entitled *Compensation Discussion and Analysis Fiscal Year 2016 Executive Compensation Incentive Bonus Plan* and *Compensation Discussion and Analysis Fiscal Year 2016 Executive Compensation Long-Term Share- and Cash-Based Incentive Compensation* of this proxy statement.

(2) These columns show the range of estimated future vesting of performance-based restricted share unit awards granted in fiscal year 2016 under our 2010 Equity Incentive Plan. The restricted share unit awards cliff vest after three years, with vesting being based on percentile rank of the Company's Total Shareholder Return (TSR) in the constituents of the S&P 500 Index. The maximum payment for each executive officer represents 200% of the target payment. The threshold payment for each named executive officer represents 25% of target payout levels. In addition, under our FCF LTIP, Mr. McNamara was granted 179,752 performance-based restricted share unit awards which cliff vest after three years, with vesting based on the cumulative three-year increase of free cash flow from operations of the Company. The maximum payment for Mr. McNamara represents 200% of the target payment. The threshold payment for Mr. McNamara represents 50% of target payout levels. For additional information, see the section entitled *Compensation Discussion and Analysis Fiscal Year 2016 Executive Compensation Long-Term Share- and Cash-Based Incentive Compensation* of this proxy statement.

(3) These amounts show the number of service-based restricted share units granted in fiscal year 2016 under our 2010 Equity Incentive Plan. For each named executive officer, the restricted share units vest in four annual installments at a rate of 25% per year, provided that the executive continues to remain employed on the vesting dates. For additional information, see the section entitled *Compensation Discussion and Analysis Long-Term Share-and-Cash Based Incentive Compensation Grants During Fiscal Year 2016* of this proxy statement.

(4) These amounts show the number of profits interest shares of Elementum granted in fiscal year 2016 under the Elementum Plan. Table of Contents

(5) This column shows the grant-date fair value of service-based and performance-based restricted share unit awards, at the target level, under FASB ASC Topic 718 granted to our named executive officers in fiscal year 2016. The grant-date fair value is the amount that we will expense in our financial statements over the award's vesting schedule. Expense will be reversed for awards that do not vest as a result of the named executive officers not meeting the requisite service requirement; however expense will not be reversed for awards that do not vest as a result of not achieving the performance requirement. For restricted share unit awards with service-based vesting, fair value is the closing price of our ordinary shares on the grant date. For restricted share unit awards where vesting is contingent on meeting a market condition, the grant-date fair value was calculated using a Monte Carlo simulation. Additional information on the valuation assumptions is included in Note 3 of our audited consolidated financial statements, "Share-Based Compensation," included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016. These amounts reflect our accounting expense, and do not correspond to the actual value that will be recognized by the named executive officers.

Nonqualified Deferred Compensation in Fiscal Year 2016

Each of our named executive officers participates in our 2010 Deferred Compensation Plan. Our deferred compensation program is intended to promote retention by providing a long-term savings opportunity on a tax-efficient basis. Beginning in fiscal year 2011, we replaced our existing deferred compensation plans with the 2010 Deferred Compensation Plan. Under the 2010 plan, participating officers may defer up to 70% of their base salary and bonus, net of certain statutory and benefit deductions. The Company may make a discretionary matching contribution for these deferrals to reflect limitations on our matching contribution under our 401(k) plan. During fiscal year 2015, the Compensation Committee approved a change to the funding of the deferred compensation program whereby 50% of the funding would be paid as a percent of base salary and 50% would be performance-based. This aligns to the distribution of performance and time-based elements in our other long-term compensation programs. Under this plan, we may make annual contributions, in amounts up to 37.5% of each participant's base salary (subject to offsets for non-U.S. executives' pension and other benefits), which will cliff vest after four years. Amounts credited to the deferral accounts are deemed to be invested in hypothetical investments selected by a participant or an investment manager on behalf of each participant. Participants in the 2010 Deferred Compensation Plan may receive their vested deferred compensation balances upon termination of employment at such time as is specified in their deferral agreements, which may include a lump sum payment or installment payments made over a period of years. Participants also may elect in-service distributions through a lump sum payment or in installments over a period of up to five years.

Prior to fiscal year 2011, Mr. McNamara participated in our senior executive deferred compensation plan, which we refer to as the senior executive plan. Participants in the senior executive plan received long-term deferred bonuses, which were subject to vesting requirements. In addition, a participant was able to defer up to 80% of his salary and up to 100% of his cash bonuses. The deferred compensation was credited to a deferral account established under the senior executive plan for recordkeeping purposes. Amounts credited to the deferral accounts are deemed to be invested in hypothetical investments selected by an investment manager on behalf of each participant. Participants in the senior executive plan may receive their vested deferred compensation balances upon termination of employment either through a lump sum payment or in installments over a period of up to 10 years.

Prior to fiscal year 2011, Messrs. Barbier, Collier and Humphries participated in the Company's senior management deferred compensation plan (referred to as the senior management plan). Under the senior management plan, participants received deferred discretionary contributions, which were subject to vesting requirements. Deferred balances under the senior management plan are deemed to be invested in hypothetical investments selected by the participant or the participant's investment manager. Participants in the senior management plan will receive their vested deferred compensation balances upon termination of employment through a lump sum payment on the later of January 15th of the year following termination and six months following termination. In addition, any unvested portions of the deferral accounts will become 100% vested if the executive's employment is terminated as a result of his or her death.

Under each of the deferred compensation plans, we entered into trust agreements providing for the establishment of irrevocable trusts into which we are required to deposit cash or other assets as specified in the applicable deferral agreement, equal to the aggregate amount required to be credited to the participant's deferral account, less any applicable taxes to be withheld. The deferred account balances of the participants in deferred compensation plans are unfunded and unsecured obligations of the Company, receive no preferential standing, and are subject to the same risks as any of our other general obligations.

For a discussion of the contributions granted to each of the named executive officers and their vesting terms, including vesting upon the executive's termination or a change in control of the Company, see the sections entitled *Compensation Discussion and Analysis*, *Long-Term Deferred Compensation Awards* of this proxy statement and *Executive Compensation*, *Potential Payments Upon Termination or Change of Control* below.

The following table presents information for fiscal year 2016 about: (i) contributions to the named executive officers' deferred compensation plan accounts by the executive; (ii) contributions to the NEOs' deferred compensation plan accounts by the Company; (iii) aggregate earnings (or losses) on the deferred compensation plan accounts; (iv) aggregate withdrawals and distributions from the deferred compensation plan accounts; and (v) the deferred compensation plan account balances as of the end of the fiscal year. For fiscal year 2016, Messrs. McNamara, Collier, Hoak, and Humphries each received deferred compensation awards averaged about 37.5% of their 2015 respective base salaries.

(1) Reflects the salary payments deferred by our named executive officers during the fiscal year. These amounts are included in the Summary Compensation Table under the Salary column.

(2) These amounts represent contributions under the 2010 deferred compensation plan. These awards cliff vest after four years. None of these awards have vested under this plan as of March 31, 2016. These amounts, including any earnings or losses thereon, will be reported under the Bonus column of the Summary Compensation Table upon vesting in future years if the executive continues to be a named executive officer. For additional information on these contributions and their vesting terms, including vesting upon the executive's termination or change in control of the Company, see the sections entitled *Compensation Discussion and Analysis Long-Term Deferred Compensation Awards* of this proxy statement and *Executive Compensation Potential Payments Upon Termination or Change of Control*.

(3) Reflects earnings (or losses) for each named executive officer on both the vested and unvested portions of the executive's deferred compensation account(s). The above-market portion of the earnings on the vested portion of the executive's deferred compensation account(s) is included under the Change in Pension Value and Nonqualified Deferred Compensation Earnings column in the Summary Compensation Table. Any earnings that vest in a given year are reported in the Bonus column in the Summary Compensation Table.

(4) The amount in this column reflects distributions made to Messrs. Barbier and Humphries during the fiscal year 2016.

(5) The amounts in this column have previously been reported in the Summary Compensation Table for this and prior fiscal years as follows: Michael M. McNamara \$16,426,701; Christopher Collier \$1,599,851; Francois P. Barbier \$993,430; Jonathan S. Hoak \$584,527; and Paul Humphries \$887,114. The amounts in this column include the following unvested balances related to the respective 2010 deferred compensation plan account of the named

executive officers: Michael M. McNamara \$1,240,268; Christopher Collier \$452,909; Jonathan S. Hoak \$374,474; Paul Humphries \$461,925; and Francois P. Barbier \$0.

Potential Payments Upon Termination or Change in Control

As described in the section entitled *Compensation Discussion and Analysis* of this proxy statement, our named executive officers do not have employment or severance agreements with us. However, our named executive officers are entitled to certain termination and change in control benefits under each executive's deferred compensation plan and under certain equity awards.

Acceleration of Vesting of Deferred Compensation

If the employment of any participant in the 2010 deferred compensation plan is involuntarily terminated by the Company without cause or is terminated by the executive with good reason within two years following a change in control (as defined in the 2010 deferred compensation plan), the entire unvested portion of the deferred compensation account of the named executive officer will vest.

Acceleration of Vesting of Equity Awards

The number of unvested equity awards held by each named executive officer as of March 31, 2016 is listed above in the Outstanding Equity Awards at 2016 Fiscal Year-End table. All unvested outstanding equity awards held by our named executive officers at the end of fiscal year 2016 were granted under the 2010 Plan, which provide certain benefits to plan participants in the event of the termination of such participant's employment or a change in control of the Company. The terms of these benefits are described below.

Table of Contents

Exercise of Stock Options Upon Termination; Treatment of Certain Awards Upon Retirement

Under the terms of the form of award agreement for options granted under the 2010 Plan, if a plan participant ceases to provide services to the Company for any reason other than death, cause (as defined in the plan) or disability (as defined in the plan), then the participant may exercise any options which have vested by the date of such termination within three months of the termination date or such other period not exceeding the term of the option, as determined by the Compensation Committee. If a participant ceases to provide services to the Company because of death or disability, then the participant may exercise any options which have vested by the date of such termination within 12 months of the termination date or such other period not exceeding the term of the option, as determined by the Compensation Committee. All stock options held by a plan participant who is terminated for cause expire on the termination date, unless otherwise determined by the Compensation Committee. In addition, subject to any waiver by the Compensation Committee, all unvested restricted share unit awards and unvested stock options held by a plan participant will be forfeited if the participant ceases to provide services to the Company for any reason. However, certain award agreements for performance-based restricted share unit awards granted under our 2010 Plan provide that if a plan participant ceases to provide services to the Company due to a retirement (meaning a voluntary termination of service after the participant has attained the age of sixty (60) years and completed at least ten (10) years of service as an employee of the Company), then the award will not terminate and a pro-rata number of shares subject to the award shall be issued to the participant upon the vesting of the award agreement pursuant to the original performance criteria. None of our named executive officers are currently eligible for this retirement benefit.

Acceleration of Vesting Upon a Change in Control

Our equity incentive plans are double trigger plans, meaning that unvested stock options and unvested restricted share unit awards vest immediately only if (i) there is a change in control of the Company and (ii)(x) such options or awards are not converted, assumed or replaced by the successor or survivor corporation or (y) if provided by the Compensation Committee as described below, the service of the award recipient is involuntarily terminated within a designated period following the effective date of such change in control.

Under the terms of our 2010 Plan, unless otherwise provided in the applicable award agreement or other agreement between the Company and the participant, in the event of a change of control of the Company (as defined in the 2010 Plan) in which the participant's awards are not converted, assumed, or replaced by a successor or survivor corporation, or a parent or subsidiary thereof, then such awards will become fully exercisable and all forfeiture restrictions on such awards will lapse immediately prior to the change of control and, following the consummation of such a change of control, all such awards will terminate and cease to be outstanding.

Where awards under the 2010 Plan are assumed or continued after a change in control, the Compensation Committee may provide that one or more awards will automatically accelerate upon an involuntary termination of service within a designated period (not to exceed eighteen (18) months) following the effective date of such change in control. If the Compensation Committee so determines, any such award will, immediately upon an involuntary termination of service following a change of control, become fully exercisable and all forfeiture restrictions on such award will lapse.

Among our named executive officers, 2,145,778 of Mr. McNamara's unvested restricted share unit awards, 482,628 of Mr. Collier's unvested restricted share unit awards, 589,330 of Mr. Barbier's unvested restricted share unit awards, 274,400 of Mr. Hoak's unvested restricted share unit awards, and 585,580 of Mr. Humphries' unvested restricted share unit awards include the change in control provision described above.

Potential Payments Upon Termination or Change in Control

as of March 31, 2016

The following table and accompanying notes show the estimated payments and benefits that would have been provided to each named executive officer as a result of (i) the accelerated vesting of deferred compensation in the case of a change of control without a termination of employment or a change of control with a termination of employment and (ii) the accelerated vesting of unvested stock options and restricted share unit awards in the event of a change of control if such awards are not assumed by the successor company in connection with the change of control.

Table of Contents

Calculations for this table assume that the triggering event took place on March 31, 2016, the last business day of our 2016 fiscal year, and are based on the price per share of our ordinary shares on such date, which was \$12.06. The following table does not include potential payouts under our named executive officers' nonqualified deferred compensation plans relating to vested benefits.

Name	Change in Control with Termination: Accelerated Vesting of Deferred Compensation(1)	Change in Control and No Assumption of Award: Accelerated Vesting of Restricted Share Unit Awards(2)	Total
Michael M. McNamara	\$ 1,240,268	\$ 25,878,083	\$ 27,118,351
Christopher Collier	\$ 452,909	\$ 5,820,494	\$ 6,273,403
Francois P. Barbier	\$	\$ 7,107,320	\$ 7,107,320
Jonathan S. Hoak (3)	\$ 374,474	\$ 3,309,264	\$ 3,683,738
Paul Humphries	\$ 461,925	\$ 7,062,095	\$ 7,524,020

(1) The amount shown for each executive represents the portion of the unvested balance of the executive's deferred compensation account that would vest in the event the executive is terminated by the Company without cause or resigns with good reason following a change in control of the Company (as defined in the 2010 deferred compensation plan). No executive's deferred compensation account will vest upon a change of control (without any termination following such change in control) or upon the executive's death.

(2) The amounts shown represent the estimated value of the accelerated vesting of restricted share unit awards following a change of control under the terms of our equity incentive plans, which assumes that such restricted share unit awards are not assumed or replaced by the successor corporation or its parent. If such awards are assumed or replaced in a change of control transaction, the vesting of such awards will not accelerate; provided, that the Compensation Committee may determine that awards under the 2010 Plan may be accelerated if the executive is terminated within a certain period (not to exceed 18 months) following a change of control. Performance-based shares may be accelerated based on a pro-rata basis following a change of control. All amounts shown in this column represent the intrinsic value of the awards based on the closing price of our ordinary shares on March 31, 2016, the assumed date of the triggering event.

(3) On June 20, 2016, Mr. Hoak notified the Company that he was going to retire effective June 30, 2016.

Jon Hoak Separation Agreement

On June 20, 2016, Mr. Hoak notified the Company that he intends to retire from his current role of Executive Vice President and General Counsel effective June 30, 2016. Mr. Hoak has agreed to provide transitional services through June 30, 2017. In anticipation of such transitional services, Mr. Hoak entered into a Separation Agreement and Release (the "Agreement") with the Company.

Pursuant to the Agreement, and in consideration for a general release, Mr. Hoak will receive the following from the Company: (1) a payment of Mr. Hoak's quarterly bonus based on actual results for the Company's first quarter of fiscal year 2017; (2) continued vesting and payout of restricted share units, performance share units and the long-term, performance-based cash incentive that are scheduled to vest or be paid (in accordance with actual performance) on or before June 30, 2017; (3) a separation payment of \$1,050,000, to be paid on March 15, 2017; and (4) a payment of approximately \$24,000 in connection with 18 months of COBRA insurance premiums to be paid on December 30, 2016. All of Mr. Hoak's unvested restricted share units, performance share units and long-term, performance-based cash incentives which do not vest on or prior to June 30, 2017 will terminate as of June 30, 2017, and except as described above, Mr. Hoak will not be eligible for an annual incentive bonus for fiscal 2017.

EQUITY COMPENSATION PLAN INFORMATION

As of March 31, 2016, we maintained only our 2010 Plan, which replaced (i) the 2001 Plan, (ii) the 2002 Plan, (iii) our 2004 Award Plan for New Employees, and (iv) the Solectron Corporation 2002 Stock Plan, which we refer to collectively as the Prior Plans. In addition, we maintained the NEXTracker, Inc. 2014 Equity Incentive Plan, which we assumed as part of an acquisition during fiscal year 2016. The following table provides information about equity awards outstanding under these plans as of March 31, 2016.

Plan Category	Number of Ordinary Shares to be Issued Upon Exercise of Outstanding Options and Vesting of Restricted Share Unit Awards (a)	Weighted-Average Exercise Price of Outstanding Options(1) (b)	Number of Ordinary Shares Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Ordinary Shares Reflected in Column (a)) (c)
Equity compensation plans approved by shareholders	18,907,863(2)	\$ 8.44	27,083,703(3)
Equity compensation plans not approved by shareholders(4)(5)(6)(7)	5,512,799(8)	\$ 4.07	
Total	24,420,662	\$ 5.70	27,083,703(3)

(1) The weighted-average exercise price does not take into account ordinary shares issuable upon the vesting of outstanding restricted share unit awards, which have no exercise price.

(2) Includes 17,000,076 ordinary shares issuable upon the vesting of restricted share unit awards. The remaining balance consists of ordinary shares issuable upon the exercise of outstanding stock options. For awards subject to market performance criteria, the amount reported reflects the number of shares to be issued if the target level is achieved. An additional 3,423,281 shares would be issued if the maximum market performance level is achieved.

Table of Contents

(3) Consists of ordinary shares available for grant under the 2010 Plan. The 2010 Plan provides for grants of up to 10.0 million ordinary shares, plus ordinary shares available for grant as a result of the forfeiture, expiration or termination of options and restricted share unit awards granted under the Prior Plans (if such ordinary shares are issued under such other stock options or restricted share unit awards, they will not become available under the 2010 Plan) and shares that were available for grant under the Prior Plans at the time of the consolidation of such plans into the 2010 Plan. Each ordinary share that is subject to a stock option is counted against this limit as one share. Each share that is subject to a restricted share unit award is counted against this limit as one and seventy-one hundredths (1.71) shares.

(4) The 2004 Plan was established in October 2004 and consolidated into the 2010 Plan in 2010. Options granted under the 2004 Plan generally vest over four years and generally expire seven or ten years from the date of grant. Unvested options are forfeited upon termination of employment.

(5) Our 2002 Plan was adopted by our Board of Directors in May 2002 and consolidated into the 2010 Plan in 2010. Options granted under the 2002 Plan generally have an exercise price of not less than the fair market value of the underlying ordinary shares on the date of grant. Options granted under the 2002 Plan generally vest over four years and generally expire either seven or ten years from the date of grant. Unvested options are forfeited upon termination of employment.

(6) In connection with the acquisition of Solectron Corporation on October 1, 2007, we assumed the Solectron Plan, including all outstanding options to purchase Solectron Corporation common stock with exercise prices equal to, or less than, \$5.00 per share. Each assumed option was converted into an option to acquire our ordinary shares at the applicable exchange rate of 0.345. As a result, we assumed approximately 7.4 million vested and unvested options with exercise prices ranging from between \$5.45 and \$14.41 per ordinary share. The Solectron Plan was consolidated into the 2010 Plan in 2010. Options granted under the Solectron Plan generally have an exercise price of not less than the fair value of the underlying ordinary shares on the date of grant. Such options generally vest over four years and generally expire either seven or ten years from the date of grant. Unvested options are forfeited upon termination of employment.

(7) In connection with the acquisition of NEXTracker, Inc. on September 28, 2015, we assumed the NEXTracker, Inc. 2014 Equity Incentive Plan, including all outstanding options to purchase NEXTracker, Inc common stock with exercise prices equal to, or less than, \$7.34 per share. Each assumed option was converted into an option to acquire our ordinary shares at the applicable exchange rate of 1.4033. As a result, we assumed approximately 5.6 million unvested restricted stock units and unvested options with exercise prices ranging from between \$0.08 and \$10.65 per ordinary share. Options granted under this plan generally have an exercise price less than the fair value of the underlying ordinary shares on the date of grant. The shares generally vest over four years, and options generally expire ten years from the date of grant. Unvested shares are forfeited upon termination of employment.

(8) Consists of ordinary shares issuable upon the exercise of outstanding stock options.

Table of Contents

Beneficial ownership is determined in accordance with the rules of the SEC that deem shares to be beneficially owned by any person who has or shares voting or investment power with respect to such shares. Ordinary shares subject to options that are currently exercisable or are exercisable within 60 days of June 1, 2016, and ordinary shares subject to restricted share unit awards that vest within 60 days of June 1, 2016 are deemed to be outstanding and to be beneficially owned by the person holding such awards for the purpose of computing the percentage ownership of such person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated below, the persons and entities named in the table have sole voting and sole investment power with respect to all the shares beneficially owned, subject to community property laws where applicable.

For each individual and group included in the table below, percentage ownership is calculated by dividing the number of shares beneficially owned by such person or group by the sum of the 545,391,885 ordinary shares outstanding on June 1, 2016 plus the number of ordinary shares that such person or group had the right to acquire on or within 60 days after June 1, 2016.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Review of Related Person Transactions

Our Code of Business Conduct and Ethics provides guidance for addressing actual or potential conflicts of interests, including those that may arise from transactions and relationships between us and our executive officers or directors. In addition, in order to formalize our policies and procedures for the review, approval or ratification, and disclosure of related person transactions, our Board of Directors adopted a Statement of Policy with Respect to Related Person Transactions. The policy generally provides that the Nominating and Corporate Governance Committee (or another committee comprised solely of independent directors) will review, approve in advance or ratify, all related person transactions between us and any director, any nominee for director, any executive officer, any beneficial owners of more than 5% of our ordinary shares or any immediate family member of any of the foregoing individuals. Under the policy, some ordinary course transactions or relationships are not required to be reviewed, approved or ratified by the applicable Board committee, including, among other things, the following transactions:

- transactions involving less than \$25,000 for any individual related person;
- compensation arrangements with directors and executive officers resulting solely from their service on the Board or as executive officers, so long as such arrangements are disclosed in our filings with the SEC or, if not required to be disclosed, are approved by our Compensation Committee; and
- indirect interests arising solely from a related person's service as a director and/or owning, together with all other related persons, directly or indirectly, less than a 10% beneficial ownership interest in a third party (other than a partnership) which has entered into or proposes to enter into a transaction with us.

We have various procedures in place to identify potential related person transactions, and the Nominating and Corporate Governance Committee works with our management and our Office of General Counsel in reviewing and considering whether any identified transactions or relationships are covered by the policy. Our Statement of Policy with Respect to Related Person Transactions
