NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in millions, except as noted)

Note 1. Background and Basis of Presentation

Background

Neenah Paper, Inc. (Neenah or the Company), is a Delaware corporation incorporated in April 2004. The Company has two primary operations: its technical products business and its fine paper and packaging business. See Note 11, Business Segment Information.

Basis of Consolidation and Presentation

These statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC) and, in accordance with those rules and regulations, do not include all information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Management believes that the disclosures made are adequate for a fair presentation of the Company s results of operations, financial position and cash flows. In the opinion of management, the condensed consolidated financial statements reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the results of operations, financial position and cash flows for the interim periods presented herein. The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make extensive use of estimates and assumptions that affect the reported amounts and disclosures. Actual results may vary from these estimates.

These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company s most recent Annual Report on Form 10-K. The results of operations for any interim period are not necessarily indicative of the results of operations to be expected for the full year.

The condensed consolidated financial statements of Neenah and its subsidiaries included herein are unaudited. The condensed consolidated financial statements include the financial statements of the Company and its wholly owned and majority owned subsidiaries. Intercompany balances and transactions have been eliminated from the condensed consolidated financial statements.

The condensed consolidated statement of operations and related notes to the condensed consolidated financial statements for the three and six months ended June 30, 2015 have been revised to report the results of the Company s former wall covering mill located in Lahnstein, Germany (the Lahnstein Mill) as discontinued operations. See Note 10, Discontinued Operations. In July 2015, the Company reorganized its internal management structure and, accordingly, addressed its segment reporting structure. Segment information for the three and six months ended

Edgar Filing: Neenah Paper Inc - Form 10-Q

June 30, 2015 has been revised to conform to the current period presentation. See Note 11, Business Segment Information.

(a) For the three months ended June 30, 2016, there were no antidilutive options. For the three months ended June 30, 2015, approximately 90,000 potentially dilutive options were excluded from the computation of dilutive common shares because the exercise price of such options exceeded the average market price of the Company's common stock. For the six months ended June 30, 2016 and 2015, approximately 111,000 and 45,000 potentially dilutive options, respectively, were excluded from the computation of dilutive

Table of Contents

common shares because the exercise price of such options exceeded the average market price of the Company's common stock for the respective three month periods during which the options were outstanding.

Fair Value of Financial Instruments

The Company measures the fair value of financial instruments in accordance with Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (ASC Topic 820) which establishes a framework for measuring fair value. ASC Topic 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following table presents the carrying value and the fair value of the Company's debt.

	June 30, 2016		December 31, 2015	
	Carrying Value	Fair Value (a)(b)	Carrying Value	Fair Value (a)(b)
2021 Senior Notes (5.25% fixed rate)	\$ 175.0	\$ 175.6	\$ 175.0	\$ 169.9
Global Revolving Credit Facilities (variable rates)	40.8	40.8	51.1	51.1
German loan agreement (2.45% fixed rate)	7.8	7.8	8.3	8.3
Total debt	\$ 223.6	\$ 224.2	\$ 234.4	\$ 229.3

(a) The fair value for all debt instruments was estimated from Level 2 measurements.

(b) The fair value of short and long-term debt is estimated using rates currently available to the Company for debt of the same remaining maturities.

As of June 30, 2016, the Company had \$3.5 million in marketable securities classified as Other Assets on the condensed consolidated balance sheet. The cost of such marketable securities was \$3.4 million. Fair value for the Company's marketable securities was estimated from Level 1 inputs. The Company's marketable securities are designated for the payment of benefits under its supplemental employee retirement plan (SERP). As of June 30, 2016, Neenah Germany had investments of \$1.6 million that were restricted to the payment of certain post-retirement employee benefits of which \$0.5 million and \$1.1 million are classified as Prepaid and other current assets and Other Assets, respectively, on the condensed consolidated balance sheet.

Note 2. Accounting Standard Changes

Edgar Filing: Neenah Paper Inc - Form 10-Q

In May 2014, the FASB, issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). This guidance specifies how and when an entity will recognize revenue arising from contracts with customers and requires entities to disclose information about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In August 2015, the FASB deferred the effective date for annual reporting periods beginning after December 15, 2017. Early adoption is permitted to the original effective date of December 15, 2016. On April 14, 2016, the FASB issued ASU 2016-10, which amends certain aspects of the guidance in ASU 2014-09 on identifying performance obligations and licensing. On May 9, 2016, the FASB issued ASU 2016-12, which amends certain aspects of the guidance in ASU 2014-09 on collectability, presentation of sales tax, noncash consideration, contract modifications and completed contracts at transition, and transition method. The effective date for these ASUs is the same as the effective date for ASU 2014-09. The Company is currently assessing the impact of the adoption of these changes on its consolidated financial statements.

F-7

Table of Contents

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) (ASU 2016-02). ASU 2016-02 requires lessees to put most leases on their balance sheets but recognize expenses on their income statements in a manner similar to current lease accounting. The guidance also eliminates current real estate-specific provisions for all entities. ASU 2016-09 is effective for fiscal years beginning after December 15, 2018, although early adoption is permitted. The Company is currently assessing the impact of the adoption of ASU 2016-09 on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting (ASU 2016-09). ASU 2016-09 modifies the accounting for excess tax benefits and tax deficiencies associated with share-based payments and amends the associated cash flow presentation. ASU 2016-09 (i) eliminates the requirement to recognize excess tax benefits in additional paid-in capital (APIC), (ii) eliminates the requirement to evaluate tax deficiencies for APIC or income tax expense classification and (iii) provides for these benefits or deficiencies to be recorded as an income tax expense or benefit in the income statement. Additionally, the tax benefits related to dividends paid on share-based payment awards will be reflected as an income tax benefit in the income statement. With these changes, tax-related cash flows resulting from share-based payments will be classified as operating activities as opposed to financing activities, as currently presented. ASU 2016-09 is effective for fiscal years beginning after December 15, 2016, although early adoption is permitted. The Company is currently assessing the impact of the adoption of ASU 2016-09 on its consolidated financial statements.

As of June 30, 2016, no other amendments to the ASC were issued that will have or are reasonably likely to have a material effect on the Company's financial position, results of operations or cash flows.

Note 3. Acquisitions

Acquisition of FiberMark

On August 1, 2015, the Company purchased all of the outstanding equity of ASP FiberMark, LLC (FiberMark) from ASP FiberMark Holdings, LLC for approximately \$118 million (the FiberMark Acquisition). For the three and six months ended June 30, 2016, the Company incurred \$1.1 million and \$1.8 million of integration costs, respectively.

The following selected unaudited pro forma consolidated statement of operations data for the three and six months ended June 30, 2015 was prepared as though the FiberMark Acquisition had occurred as of the beginning of the comparable annual reporting period. The information does not reflect events that occurred after June 30, 2015 or any operating efficiencies or inefficiencies that may result from the FiberMark Acquisition. Therefore, the information is not necessarily indicative of results that would have been achieved had the businesses been combined during the period presented or the results that the Company will experience going forward.

For each of the six months ended June 30, 2016 and 2015, the Company reclassified \$3.6 million of costs from accumulated other comprehensive income to cost of products sold and selling, general and administrative expenses on the condensed consolidated statements of operations. For the six months ended June 30, 2016 and 2015, the Company recognized an income tax benefit of \$1.4 million and \$1.3 million, respectively, related to such reclassifications classified as Provision for income taxes on the condensed consolidated statements of operations.

Table of Contents**Note 5. Debt**

Long-term debt consisted of the following:

	June 30, 2016	December 31, 2015
2021 Senior Notes (5.25% fixed rate) due May 2021	\$ 175.0	\$ 175.0

Less: Debt payable within one year	1.2	1.2
Long-term debt	\$ 218.0	\$ 228.2

2021 Senior Notes

In May 2013, the Company completed an underwritten offering of eight-year senior unsecured notes (the 2021 Senior Notes) at a face amount of \$175 million. The 2021 Senior Notes contain terms, covenants and events of default with which the Company must comply, which the Company believes are ordinary and standard for notes of this nature. As of June 30, 2016, the Company was in compliance with all terms of the indenture for the 2021 Senior Notes.

Amended and Restated Secured Revolving Credit Facility

In December 2014, the Company amended and restated its existing credit facility by entering into the Third Amended and Restated Credit Agreement (the Third Amended Credit Agreement). The Third Amended Credit Agreement, among other things:

- (1) provides for a secured U.S. revolving credit facility in the maximum principal amount of \$125 million (the U.S. Revolving Credit Facility);
- (2) provides for a secured, multicurrency, revolving credit facility for the German borrowers in the maximum principal amount of \$75 million (the German Revolving Credit Facility, and together with the U.S. Revolving Credit Facility, the Global Revolving Credit Facilities); and
- (3) provides for an accordion feature permitting one or more increases in the Global Revolving Credit Facilities in an aggregate principal amount not exceeding \$50 million, such that the aggregate commitments under the Global Revolving Credit Facilities do not exceed \$250 million.

Edgar Filing: Neenah Paper Inc - Form 10-Q

The Third Amended Credit Agreement contains covenants with which the Company and its subsidiaries must comply during the term of the agreement, which the Company believes are ordinary and standard for agreements of this nature. As of June 30, 2016, the Company was in compliance with all terms of the Third Amended Credit Agreement. In addition, if aggregate availability under the Global Revolving Credit Facilities is less than the greater of (i) \$20 million or (ii) 10% of the maximum aggregate commitments under the Global Revolving Credit Facilities as then in effect, the Company is required to comply with a fixed charge coverage ratio (as defined in the Third Amended Credit Agreement) of not less than 1.1 to 1.0 for the preceding four-quarter period, tested as of the end of each quarter. As of June 30, 2016, aggregate availability under the Global Revolving Credit Facilities exceeded the minimum required amount, and the Company was not required to comply with such fixed charge coverage ratio.

On July 28, 2016, the Company amended its existing Third Amended Credit Agreement (the "First Amendment"), which among other things, makes certain definitional and administrative changes to address the calculation of the fixed charge coverage ratio, as described in the First Amendment.

Availability under the Global Revolving Credit Facilities varies over time depending on the value of the Company's inventory, receivables and various capital assets. As of June 30, 2016, the Company had \$40.8 million of borrowings and \$2.5 million in letters of credit outstanding under the Global Revolving Credit Facilities and \$131.7 million of available credit (based on exchange rates at June 30, 2016). As of June 30, 2016, the weighted-average interest rate on outstanding Global Revolving Credit Facility borrowings was 1.9 percent per annum. As of December 31, 2015, the weighted-average interest rate under the Global Revolving Credit Facilities was 1.8 percent per annum.

Under the terms of the 2021 Senior Notes and the Third Amended Credit Agreement, the Company has limitations on its ability to repurchase shares of and pay dividends on its Common Stock. These limitations are triggered depending on the Company's credit availability under the Third Amended Credit Agreement and leverage levels under the Senior Notes. As of June 30, 2016, none of these covenants were restrictive to the Company's ability to repurchase shares of and pay dividends on its Common Stock.

Table of Contents***Borrowings and Repayments of Long-Term Debt***

The condensed consolidated statements of cash flows present borrowings and repayments under the Global Revolving Credit Facilities using a gross approach. This approach presents not only discrete borrowings for transactions such as a business acquisition, but also reflects all borrowings and repayments that occur as part of daily management of cash receipts and disbursements. For the six months ended June 30, 2016, the Company made scheduled debt repayments of \$0.6 million and net long-term debt repayments of \$11.1 million related to daily cash management activities. For the six months ended June 30, 2015, the Company made scheduled debt repayments of \$0.6 million and net long-term debt repayments of \$12.8 million related to daily cash management activities.

Note 6. Pension and Other Postretirement Benefits***Pension Plans***

Substantially all active employees of the Company's U.S. operations participate in defined benefit pension plans and/or defined contribution retirement plans. The Company has defined benefit plans designed to provide a monthly pension upon retirement for substantially all its employees in Germany and the United Kingdom. In addition, the Company maintains a SERP which is a non-qualified defined benefit plan and a supplemental retirement contribution plan (the SRCP) which is a non-qualified, unfunded defined contribution plan. The Company provides benefits under the SERP and SRCP to the extent necessary to fulfill the intent of its retirement plans without regard to the limitations set by the Internal Revenue Code on qualified and non-qualified retirement benefit plans.

The following table presents the components of net periodic benefit cost for the Company's defined benefit plans and postretirement plans other than pensions:

Components of Net Periodic Benefit Cost for Defined Benefit Plans

	Pension Benefits		Postretirement Benefits Other than Pensions			
	2016	2015	Three Months Ended June 30,		2015	
Service cost	\$ 1.2	\$ 1.3	\$ 0.3	\$ 0.5

Amortization of prior service benefit		0.1		0.1		(0.1)		(0.1)
Net periodic benefit cost	\$	4.3	\$	3.3	\$	1.4	\$	1.7

(a) The expected return on plan assets is determined by multiplying the fair value of plan assets at the prior year-end (adjusted for estimated current year cash benefit payments and contributions) by the expected long-term rate of return.

The Company expects to make aggregate contributions to qualified and nonqualified defined benefit pension trusts and to pay pension benefits for unfunded pension plans of approximately \$10 million (based on exchange rates at June 30, 2016) in calendar 2016. For the six months ended June 30, 2016, the Company made \$3.4 million of such payments.

Performance Share Units (PSUs) and Restricted Share Units (RSUs)

Edgar Filing: Neenah Paper Inc - Form 10-Q

For the six months ended June 30, 2016, the Company granted target awards of approximately 54,364 PSUs. The measurement period for the PSUs is January 1, 2016 through December 31, 2016. The PSUs vest on December 31, 2018. Common Stock equal to not less than 40 percent and not more than 200 percent of the PSUs target will be awarded based on the Company's return on invested capital, consolidated revenue growth and total return to shareholders relative to the companies in the Russell 2000® Value small cap index. The market price on the date of grant for the PSUs was \$57.95 per share.

For the six months ended June 30, 2016, the Company awarded 1,652 RSUs to employees and 7,020 RSUs to non-employee members of the Board of Directors. The weighted average grant date fair value of such awards was \$66.86 per share and the awards vest one year from the date of grant. During the vesting period, the holders of the RSUs are entitled to dividends, but the RSUs do not have voting rights and are forfeited in the event the holder is no longer an employee or member of the Board of Directors on the vesting date.

Note 8. Stockholders' Equity

Common Stock

As of June 30, 2016 and December 31, 2015, the Company had 16,778,000 shares and 16,819,000 shares of Common Stock outstanding, respectively.

Table of Contents

In May 2016, the Company's Board of Directors authorized a program that would allow the Company to repurchase up to \$25 million of its outstanding Common Stock over the next 12 months (the 2016 Stock Purchase Plan). The Company also had \$25 million repurchase programs in place during the preceding two years that expired in May 2016 (the 2015 Stock Purchase Plan) and May 2015 (the 2014 Stock Purchase Plan), respectively. The following table shows shares purchased under the respective stock purchase plans:

Note 9. Contingencies and Legal Matters

Litigation

The Company is involved in certain legal actions and claims arising in the ordinary course of business. While the outcome of these legal actions and claims cannot be predicted with certainty, it is the opinion of management that the outcome of any such claim which is pending or threatened, either individually or on a combined basis, will not have a material effect on the consolidated financial condition, results of operations or cash flows of the Company.

Table of Contents***Income Taxes***

The Company periodically undergoes examination by the Internal Revenue Service (the IRS) as well as various state and foreign jurisdictions. These tax authorities routinely challenge certain deductions and credits reported by the Company on its income tax returns. No significant tax audit findings are being contested at this time with either the IRS or any state or foreign tax authority.

Employees and Labor Relations

The Company's U.S. union employees are represented by the United Steelworkers Union (the USW). Approximately 50 percent of salaried employees and 80 percent of hourly employees of Neenah Germany are eligible to be represented by the Mining, Chemicals and Energy Trade Union, Industriegewerkschaft Bergbau, Chemie und Energie (the IG BCE). As of June 30, 2016, the Company had approximately 192 employees covered under collective bargaining agreements that will expire in the next 12-months. The following table shows the expiration dates of the Company's various bargaining agreements and the number of employees covered under each of these agreements.

Contract Expiration Date	Location	Union	Number of Employees
August 2016	Brattleboro, VT	USW	74
September 2016	Reading, PA	USW	29
November 2016	Lowville, NY	USW	89
June 2017	Neenah Germany	IG BCE	(a)
January 2018	Whiting, WI	USW	206
June 2018	Neenah, WI	USW	269
July 2018	Munising, MI	USW	200
May 2019	Appleton, WI	USW	78

(a) Under German law union membership is voluntary and does not need to be disclosed to the Company. As a result, the number of employees covered by the collective bargaining agreement with the IG BCE cannot be determined.

The Company's United Kingdom salaried and hourly employees are eligible to participate in Unite the Union (UNITE) on an individual basis, but not under a collective bargaining agreement.

Note 10. Discontinued Operations***Discontinued Operations***

Edgar Filing: Neenah Paper Inc - Form 10-Q

On October 31, 2015, the Company sold the Lahnstein Mill to the Kajo Neukirchen Group (the Acquirer) for net cash proceeds of approximately \$5.4 million. During the second quarter of 2016, the Company and the Acquirer finalized the purchase price for the Lahnstein Mill, which will result in a payment by the Company of \$0.5 million to the Acquirer. The Company recognized this payment, plus associated transaction costs, as a loss from discontinued operations of \$0.6 million (\$0.4 million, net of tax) in our consolidated statement of operations for the three and six months ended June 30, 2016.

Note 11. Business Segment Information

The Company's reportable operating segments consist of Technical Products, Fine Paper and Packaging and Other.

- The Technical Products segment is an aggregation of the Company's filtration and performance materials businesses which are similar in terms of economic characteristics, nature of products, processes, customer class and product distribution methods and is an international producer of fiber-formed, coated and/or saturated specialized media that delivers high performance benefits to customers. Included in this segment are filtration media, tape and abrasives backings products, and durable label and specialty substrate products.
- The Fine Paper and Packaging business is a leading supplier of premium printing and other high-end specialty papers, premium packaging and specialty office papers primarily in North America.
- The Other segment consists of certain product lines composed of papers sold to converters for end uses such as covering materials for datebooks, diaries, yearbooks and traditional photo albums. These product lines represent an operating segment which does not meet the quantitative threshold for a reportable segment, however, due to the dissimilar nature of these products, they are not managed as part of either the Fine Paper and Packaging or Technical Products businesses.

Edgar Filing: Neenah Paper Inc - Form 10-Q

Each segment employs different technologies and marketing strategies. Disclosure of segment information is on the same basis that management uses internally for evaluating segment performance and allocating resources. Transactions between segments are eliminated in consolidation. The costs of shared services, and other administrative functions managed on a common basis, are allocated to the segments based on usage, where possible, or other factors based on the nature of the activity. General corporate expenses that do not directly support the operations of the business segments are shown as Unallocated corporate costs.

Prior year period segment information has been revised from the amounts previously reported as a result of our reorganization of business segments in July 2015 to conform to our internal management structure and in October 2015 the sale of the Lahnstein Mill resulted in the reclassification of the results of the Lahnstein Mill to discontinued operations. See Note 10, Discontinued Operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis presents the factors that had a material effect on our financial position as of June 30, 2016 and our results of operations for the three and six months ended June 30, 2016 and 2015. You should read this discussion in conjunction with our consolidated financial statements and the notes to those consolidated financial statements included in our most recent Annual Report on Form 10-K. This Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements. See Forward-Looking Statements for a discussion of the uncertainties, risks and assumptions associated with these statements.

Basis of Presentation

The prior year period segment information has been revised from the amounts previously reported because we reorganized our business segments in July 2015 to conform to our internal management structure and in October 2015 the sale of the Lahnstein Mill resulted in the reclassification of the results of the Lahnstein Mill to discontinued operations. See Note 11, Business Segment Information and Note 10, Discontinued Operations.

Executive Summary

For the three months ended June 30, 2016, consolidated net sales increased \$34.7 million (16%) from the prior year period to \$246.0 million due to revenues related to the FiberMark Acquisition and incremental Technical Products organic volume complemented by favorable currency exchange effects, which was partially offset by lower net selling prices in both segments.

Consolidated operating income of \$33.9 million for the three months ended June 30, 2016 increased \$6.2 million (22%) from the prior year period. The favorable comparison was primarily due to lower manufacturing input costs (including purchasing synergies resulting from the acquisition) and incremental volume. These favorable variances were partially offset by higher acquisition-related SG&A, integration and restructuring costs, the timing of certain other selling, general and administrative (SG&A) expenses and lower net selling prices.

Cash provided by operating activities of \$56.3 million for the six months ended June 30, 2016 was \$11.8 million favorable to the \$44.5 million in the prior year period, primarily due to higher operating earnings and a smaller increase in our investment in working capital.

Results of Operations and Related Information

In this section, we discuss and analyze our net sales, earnings before interest and taxes (which we refer to as operating income) and other information relevant to an understanding of our results of operations for the three and six months ended June 30, 2016 and 2015.

Consolidated net sales for the three months ended June 30, 2016 were \$34.7 million (16%) higher than the prior year period as revenues related to the FiberMark Acquisition and incremental Technical Products volume growth, complemented by favorable currency exchange effects, was partially offset by lower net selling prices.

- Net sales in our technical products business increased \$20.3 million (19%) from the prior period due to acquired volume, organic volume growth in filtration and performance materials, and favorable currency exchange effects, which were partially offset by lower net selling prices.
- Net sales in our fine paper and packaging business increased \$8.6 million (8%) from the prior year period due to acquired volume partially offset by lower net selling prices.

The following table presents our net sales by segment for the six months ended June 30, 2016 and 2015:

Consolidated net sales for the six months ended June 30, 2016 were \$62.4 million (15%) higher than the prior year period as revenues related to the FiberMark Acquisition and incremental volume growth more than offset lower net selling prices.

Edgar Filing: Neenah Paper Inc - Form 10-Q

- Net sales in our technical products business increased \$35.7 million (17%) from the prior period due to acquired volume and organic volume growth in filtration and performance materials, which was partially offset by lower net selling prices.

- Net sales in our fine paper and packaging business increased \$14.1 million (7%) from the prior year period due to acquired volume, partially offset by lower net selling prices.

Edgar Filing: Neenah Paper Inc - Form 10-Q

Consolidated operating income of \$33.9 million for the three months ended June 30, 2016 increased \$6.2 million (22%) from the prior year period. The favorable comparison was primarily due to lower manufacturing input costs (including purchasing synergies resulting from the FiberMark Acquisition), and incremental volume. These favorable variances were partially offset by acquisition related SG&A and integration and restructuring costs, the timing of certain other SG&A expenses and lower net selling prices. Excluding integration and restructuring costs of \$1.4 million, operating income increased \$7.6 million (27%).

- Operating income for our technical products business increased \$4.9 million (32%) from the prior year period primarily due to incremental volume growth and lower manufacturing input costs, complemented by favorable currency exchange effects. These favorable variances were partially offset by acquired SG&A, integration costs, and lower net selling prices. Excluding integration costs of \$0.2 million, operating income increased \$5.1 million (34%) from the prior year.

Table of Contents

- Operating income for our fine paper and packaging business increased \$1.0 million (6%) from the prior year period as lower manufacturing input costs, manufacturing efficiencies, and higher sales were partially offset by lower net selling prices, acquired SG&A and timing of other SG&A spending, and integration costs. Excluding integration costs of \$0.5 million, operating income increased \$1.5 million (9%).

- Unallocated corporate expenses for the three months ended June 30, 2016 of \$4.6 million were \$0.3 million favorable to the prior year period. The favorable comparison to the prior year period is primarily due to the timing of certain corporate spending in the prior year period, partially offset by \$0.3 million of restructuring costs in the current year period.

The following table presents our operating income by segment for the six months ended June 30, 2016 and 2015:

	Six Months Ended June 30,		Total Change	Change in Operating Income Compared to Prior Period				
	2016	2015		Volume	Net Price (a)	Material Costs (b)	Currency	Other (c)
Technical Products	\$ 39.3	\$ 30.8	\$ 8.5	\$ 8.5	\$ (1.6)	\$ 5.3	\$ (0.2)	\$ (3.5)
Fine Paper and Packaging	35.9	35.0	0.9	0.6	(0.7)	6.0		(5.0)
Other								
Unallocated corporate costs	(9.9)	(9.7)	(0.2)					(0.2)
Consolidated	\$ 65.3	\$ 56.1	\$ 9.2	\$ 9.1	\$ (2.3)	\$ 11.3	\$ (0.2)	\$ (8.7)

(a) Includes changes in selling price and product mix.

(b) Includes price changes for raw materials, energy, and acquisition related synergies.

(c) Includes other manufacturing costs, over (under) absorption of fixed costs, distribution and SG&A expenses, integration/restructuring costs, and acquisition related synergies.

Consolidated operating income of \$65.3 million for the six months ended June 30, 2016 increased \$9.2 million (16%) from the prior year period. The favorable comparison was primarily due to lower manufacturing input costs (including purchasing synergies resulting from the FiberMark Acquisition), and incremental volume and increased sales. These favorable variances were partially offset by higher acquisition related SG&A and integration and restructuring costs, the timing of certain other SG&A expenses and lower net selling prices. Excluding integration and restructuring costs of \$2.5 million, operating income increased \$11.7 million (21%).

- Operating income for our technical products business increased \$8.5 million (28%) from the prior year period primarily due to incremental volume growth and lower manufacturing input costs. These favorable variances were partially offset by incremental acquired SG&A and integration costs, and lower net selling prices. Excluding

integration costs of \$0.5 million, operating income increased \$9.0 million (29%).

- Operating income for our fine paper and packaging business increased \$0.9 million (3%) from the prior year period as lower manufacturing input costs, manufacturing efficiencies, and higher sales were partially offset by lower net selling prices, incremental acquired SG&A and timing of other SG&A costs, and integration costs. Excluding integration costs of \$0.8 million, operating income increased \$1.7 million (5%).
- Unallocated corporate expenses for the six months ended June 30, 2016 of \$9.9 million were \$0.2 million unfavorable to the prior year period. The unfavorable comparison to the prior year period is primarily due to \$0.6 million of restructuring costs in the current year period offset by the timing of certain corporate spending in the prior year period.

In accordance with generally accepted accounting principles in the United States (GAAP), consolidated operating income includes the pre-tax effects of integration and restructuring costs. We believe that by adjusting reported operating income to exclude the effects of these items, the resulting adjusted operating income is on a basis that reflects the results of our ongoing operations. We believe that providing adjusted operating results will help investors gain an additional perspective of underlying business trends and results. Adjusted operating income is not a recognized term under GAAP and should not be considered in isolation or as a substitute for operating income derived in accordance with GAAP. Other companies may use different methodologies for calculating their non-GAAP financial measures and, accordingly, our non-GAAP financial measures may not be comparable to their measures.

Additional Statement of Operations Commentary:

- SG&A expense of \$24.4 million for the three months ended June 30, 2016 was \$4.8 million higher than SG&A expense of \$19.6 million in the prior year period primarily due to the FiberMark Acquisition and the timing of certain other expenses. For the three months ended June 30, 2016, SG&A expense as a percent of sales increased to 9.9 percent from 9.3 percent in the prior year period.
- For the three months ended June 30, 2016, we incurred net interest expense of \$2.7 million which was slightly lower than the prior year period as lower average borrowing costs were partially offset by higher average net debt levels due to incremental borrowings under our Global Revolving Credit Facilities to partially fund the FiberMark Acquisition.

Edgar Filing: Neenah Paper Inc - Form 10-Q

- In general, our effective tax rate differs from the U.S. statutory tax rate of 35 percent primarily due to the proportion of pre-tax income in jurisdictions with marginal tax rates that differ from the U.S. statutory tax rate. For the three months ended June 30, 2016 and 2015, we recorded an income tax provision of \$10.5 million and \$8.4 million, respectively. The effective income tax rate of 34 percent for the three months ended June 30, 2016 was comparable to the prior year period. The effective income tax rate of 33 percent for the six months ended June 30, 2016 was consistent with the full-year rate for 2015.

Operating Cash Flow Commentary

- Cash provided by operating activities of \$56.3 million for the six months ended June 30, 2016 was \$11.8 million favorable to cash provided by operating activities of \$44.5 million in the prior year period. The favorable comparison was primarily due to higher operating earnings and a smaller increase in our investment in working capital.

Investing Commentary:

- For the six months ended June 30, 2016 and 2015, cash used by investing activities was \$28.7 million and \$12.4 million, respectively. The increase was due to capital expenditures, which for the six months ended June 30, 2016 were \$28.6 million compared to spending of \$12.6 million in the prior year period. In general, we expect aggregate annual capital expenditures of approximately 3 to 5 percent of net sales. For 2016, we expect annual capital expenditures of approximately \$75 million to exceed our normal level of spending due to incremental investments in filtration assets in the U.S. We expect that capital spending will return to our normal range in 2017. We believe that the level of our capital spending can be more than adequately funded from cash provided from operating activities and allows us to maintain the efficiency and cost effectiveness of our assets and also invest in expanded manufacturing capabilities to successfully pursue strategic initiatives and deliver attractive returns.

Financing Commentary:

Our liquidity requirements are provided by cash generated from operations and short and long-term borrowings.

Edgar Filing: Neenah Paper Inc - Form 10-Q

- For the six months ended June 30, 2016 and 2015, cash used in financing activities was \$27.1 million and \$26.1 million, respectively. Cash used in financing activities consists primarily of net repayments of long-term debt, dividends paid, share repurchases, and proceeds from exercise of stock options.
- Availability under our revolving credit facility varies over time depending on the value of our inventory, receivables and various capital assets. As of June 30, 2016, we had \$40.8 million outstanding under our Global Revolving Credit Facilities and \$131.7 million of available credit (based on exchange rates at June 30, 2016).
- We have required debt principal payments through June 30, 2017 of \$1.2 million for principal payments on the German loan agreement.
- For the six months ended June 30, 2016, cash and cash equivalents increased \$0.3 million to \$4.5 million at June 30, 2016 from \$4.2 million at December 31, 2015. Total debt decreased \$10.2 million to \$219.2 million at June 30, 2016 from \$229.4 million at December 31, 2015. Net debt (total debt minus cash and cash equivalents) decreased by \$10.5 million.
- As of June 30, 2016, our cash balance of \$4.5 million consists of \$1.4 million in the U.S. and \$3.1 million held at entities outside of the U.S. As of June 30, 2016, there were no restrictions regarding the repatriation of our non-U.S. cash and, we believe, the repatriation of these cash balances to the U.S. would not materially increase our income tax provision.

Transactions With Shareholders

- In November 2015, our Board of Directors approved a ten percent increase in the annual dividend rate on our common stock to \$1.32 per share. Beginning in March 2016, the dividend is being paid in four equal quarterly installments of \$0.33 per share. For the six months ended June 30, 2016 and 2015, we paid cash dividends of \$0.66 per common share or \$11.1 million and \$0.60 per common share or \$10.1 million, respectively.
- In May 2016, our Board of Directors authorized the 2016 Stock Purchase Plan. The 2016 Stock Purchase Plan allows us to repurchase up to \$25 million of our outstanding Common Stock through May 2017. Purchases under the 2016 Stock Purchase Plan will be made from time to time in the open market or in privately negotiated transactions in accordance with the requirements of applicable law. The timing and amount of any purchases will depend on share price, market conditions and other factors. The 2016 Stock Purchase Plan does not require us to purchase any specific number of shares and may be suspended or discontinued at any time. The 2016 Stock Purchase Plan replaced the 2015 Stock Purchase Plan that expired in May 2016. For share repurchase activity under these plans for six months ended June 30, 2016 and 2015, refer to Note 8.

Other Items:

- As of June 30, 2016, we had \$69.9 million of state NOLs. Our state NOLs may be used to offset approximately \$2.2 million in state income taxes. If not used, substantially all of the state NOLs will expire in various amounts between 2016 and 2035. In addition, we had \$25.4 million of U.S. federal and state R&D Credits which, if not used, will expire between 2027 and 2035 for the U.S. federal R&D Credits and between 2017 and 2030 for the state R&D Credits. As of June 30, 2016, we recorded a valuation allowance of \$2.9 million against a portion of the R&D Credits.

Management believes that our ability to generate cash from operations and our borrowing capacity are adequate to fund working capital, capital spending and other cash needs for the next 12 months. Our ability to generate adequate cash from operations beyond 2016 will depend on, among other things, our ability to successfully implement our business strategies, control costs in line with market conditions and manage the impact of changes in input prices and currencies. We can give no assurance we will be able to successfully implement these items.

Critical Accounting Policies and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of net sales and expenses during the reporting period. We believe that the estimates, assumptions and judgments described in Management's Discussion and

Edgar Filing: Neenah Paper Inc - Form 10-Q

Analysis of Financial Condition and Results of Operations Critical Accounting Policies of our most recent Annual Report on Form 10-K have the greatest potential impact on our financial statements, so we consider these to be our critical accounting policies. The critical accounting policies used in the preparation of the consolidated financial statements are those that are important both to the presentation of financial condition and results of operations and require significant judgments with regard to estimates used. These critical judgments relate to the timing of recognizing sales revenue, the recoverability of deferred income tax assets, pension benefits and future cash flows associated with impairment testing of long-lived assets. Actual results could differ from these estimates and changes in these estimates are recorded when known. We believe that the consistent application of these policies enables us to provide readers of our financial statements with useful and reliable information about our operating results and financial condition. There have been no significant changes in these policies, or the estimates used in the application of the policies, since December 31, 2015.

Cautionary Note Regarding Forward-Looking Statements

Certain statements in this Quarterly Report on Form 10-Q may constitute forward-looking statements as defined in Section 27A of the Securities Act of 1933 (the Securities Act), Section 21E of the Securities Exchange Act of 1934 (the Exchange Act), the Private Securities Litigation Reform Act of 1995 (the PSLRA), or in releases made by the SEC, all as may be amended from time to time. Statements contained in this quarterly report that are not historical facts may be forward-looking statements within the meaning of the PSLRA and we caution investors that any forward-looking statements we make are not guarantees or indicative of future performance. These forward-looking statements rely on a number of assumptions concerning future events and are subject to risks, uncertainties and other factors, many of which are outside of our control, that could cause actual results to materially differ from such statements. Such risks, uncertainties and other factors include, but are not necessarily limited to, those set forth under the captions Cautionary Note Regarding Forward-Looking Statements and/or Risk Factors of our latest Form 10-K filed with the SEC as periodically updated by subsequently filed Form 10-Qs (these securities filings can be located on our website at www.neenah.com). Unless specifically required by law, we assume no obligation to update or revise these forward-looking statements to reflect new events or circumstances. These cautionary statements are being made pursuant to the Securities Act, the Exchange Act and the PSLRA with the intention of obtaining the benefits of the safe harbor provisions of such laws.

You can identify forward-looking statements as those that are not historical in nature, particularly those that use terminology such as may, will, should, expect, anticipate, contemplate, estimate, believe, plan, project, predict, potential or continue, or the negative of the above. In evaluating these forward-looking statements, you should consider the following factors, as well as others contained in our public filings from time to time, which may cause our actual results to differ materially from any forward-looking statement:

- changes in market demand for our products due to global economic conditions;
- fluctuations in (i) exchange rates (in particular changes in the U.S. dollar/Euro currency exchange rates) and (ii) interest rates;
- increases in commodity prices, (particularly for pulp, energy and latex) due to constrained global supplies or unexpected supply disruptions;
- the availability of raw materials and energy;
- the impact of competition, both domestic and international, changes in industry production capacity, including the construction of new mills or new machines, the closing of mills and incremental changes due to capital expenditures or productivity increases;
- capital and credit market volatility and fluctuations in global equity and fixed-income markets;
- unanticipated expenditures related to the cost of compliance with environmental and other governmental regulations;
- the enactment of adverse state, federal or foreign tax or other legislation or changes in government policy or regulation;
- our ability to control costs and implement measures designed to enhance operating efficiencies;

Edgar Filing: Neenah Paper Inc - Form 10-Q

- the loss of current customers or the inability to obtain new customers;
- loss of key personnel;
- increases in the funding requirements for our pension and postretirement liabilities;
- changes in asset valuations including write-downs of assets including property, plant and equipment; inventory, accounts receivable, deferred tax assets or other assets for impairment or other reasons;
- our existing and future indebtedness;
- our ability to successfully integrate acquired businesses into our existing operations;
- our net operating losses may not be available to offset our tax liability and other tax planning strategies may not be effective;
- strikes, labor stoppages and changes in our collective bargaining agreements and relations with our employees and unions; and
- other risks that are detailed from time to time in reports we file with the SEC.

Any subsequent written or oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth or referred to above, as well as the risk factors contained in our most recent Annual Report on Form 10-K. Except as required by law, we disclaim any obligation to update such statements or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to the disclosure on this matter made in our Annual Report on Form 10-K for the year ended December 31, 2015.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports we file or submit under the Exchange Act, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management in a timely manner.

Table of Contents

As of June 30, 2016, an evaluation was performed under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective as of June 30, 2016.

Internal Controls over Financial Reporting

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated whether any change in our internal control over financial reporting occurred during the three and six months ended June 30, 2016. Based on that evaluation, we have concluded that there has been no change in our internal control over financial reporting during the three and six months ended June 30, 2016 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

See Note 9, Contingencies and Legal Matters of Notes to Condensed Consolidated Financial Statements of Item 1 Financial Statements.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our most recent Annual Report on Form 10-K, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds
