Item 8.01. Other Events.

Settlement of Certain Litigation Relating to the Merger.

On September 26, 2016, Bats Global Markets, Inc., a Delaware corporation (**Bats**) announced that it had entered into an Agreement and Plan of Merger (the **Merger Agreement**), dated as of September 25, 2016, by and among Bats, CBOE Holdings, Inc., a Delaware corporation (**CBOE Holdings**), CBOE Corporation, a Delaware corporation and wholly owned subsidiary of CBOE Holdings (**Merger Sub**), and CBOE V, LLC, a Delaware limited liability company and wholly owned subsidiary of CBOE Holdings (**Merger LLC**). The Merger Agreement provides, among other things, that, upon the terms and subject to the conditions set forth in the Merger Agreement, (i) Merger Sub will merge with and into Bats, with Bats surviving as a wholly owned subsidiary of CBOE Holdings (the **Merger**), and (ii) following the completion of the Merger, the surviving corporation from the Merger will merge with and into Merger LLC (the **Subsequent Merger**), with Merger LLC surviving the Subsequent Merger and continuing as a wholly owned subsidiary of CBOE Holdings.

On December 16, 2016, a putative class action lawsuit captioned Seung Kim, Individually and on Behalf of All Other Similarly Situated v. Bats Global Markets, Inc., Chris Concannon, Joseph Ratterman, Alan H. Freudenstein, Robert W. Jones, Jamil Nazarali, John McCarthy, Chris Mitchell, Frank Reardon and Michael Richter, Case No. 2:16-CV-02817-DDC-KGG (the **Merger Litigation**) was filed in the United States District Court for the District of Kansas. The Merger Litigation relates to the Merger Agreement and the definitive proxy statement filed with the United States Securities and Exchange Commission (the **SEC**) on December 12, 2016 (the **Proxy Statement**) in connection with the Merger.

Bats believes that the claims asserted in the Merger Litigation are without merit and intends to defend against the Merger Litigation vigorously. However, in order to moot plaintiffs' unmeritorious disclosure claims, alleviate the costs, risks and uncertainties inherent in litigation and provide additional information to its stockholders, Bats has determined to voluntarily supplement the Proxy Statement as described in this Current Report on Form 8-K. Nothing in this Current Report on Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosures set forth herein. To the contrary, Bats specifically denies all allegations in the Merger Litigation that any additional disclosure was or is required.

Accretion / Dilution Analysis

Barclays reviewed and analyzed the pro forma impact of the merger on CBOE Holdings' projected adjusted EPS for each of calendar years 2017, 2018 and 2019 using (i) the Bats scenario two financial projections, as extrapolated, (ii) the adjusted CBOE Holdings financial projections, as extrapolated, and (iii) the estimated synergies (assuming the year three estimated GAAP synergies of \$50.0 million would be realized beginning in calendar year 2017). With respect to the pro forma adjusted EPS of CBOE Holdings (excluding the amortization of acquisition related intangibles), Barclays noted that pro forma adjusted EPS would be 33.0%, 34.0% and 31.0% accretive to CBOE Holdings' standalone adjusted EPS for each of calendar years 2017, 2018 and 2019, respectively. An alternative analysis was also performed assuming that the actual GAAP synergies would be \$15.0 million in 2017, \$35.0 million in 2018 and \$50.0 million in 2019, per Bats and CBOE Holdings management. Barclays noted that in this alternative analysis the pro forma adjusted EPS would be 25.8%, 31.2% and 31.0% accretive to CBOE Holdings' standalone adjusted EPS for each of the 2017, 2018 and 2019 calendar years, respectively.
