The following directors were determined to be independent: Glen R. Bressner, Winston J. Churchill, Robert E. Mittelstaedt, Jr., Roger A. Carolin and Robert H. Rau.

Executive Officers

The current executive officers of the Company, their ages, positions, terms of office with the Company, and brief summaries of their business experience are set forth in Part I of the Form 10-K beginning on page 12.

Audit Committee and Audit Committee Expert

Edgar Filing: INNOVATIVE SOLUTIONS & SUPPORT INC - Form 10-K/A

The Audit Committee makes recommendations to the Board with respect to various auditing and accounting matters, including the selection and compensation of the Company's independent registered public accounting firm, the scope of the Company's annual audits, fees to be paid to the independent registered public accounting firm, the performance and independence of the Company's independent registered public accounting firm, and the Company's accounting practices.

The Audit Committee approves all services provided to the Company by the independent registered public accounting firm. The Audit Committee has established procedures for the receipt, retention, and treatment, on a confidential basis, of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters. In addition, the Audit Committee has responsibility for, among other things, the planning and review of the Company's annual and periodic reports and accounts, and the involvement of the Company's independent registered public accounting firm in that process. The members of the Audit Committee are currently Messrs. Bressner (Chairman), Rau and Churchill. The Audit Committee is comprised solely of independent members, as independence for audit committee members is defined by the applicable NASDAQ listing standards. In addition, the Board has determined, in its business judgment, that each member of the Audit Committee is financially literate, and that at least one of the Audit Committee members, Mr. Rau, is an audit committee financial expert, as defined by SEC rules and regulations. The Audit Committee has adopted a formal written charter that has been approved by the Board. The charter specifies the scope of the Audit Committee's responsibilities and procedures for carrying out such responsibilities. A copy of the charter is available on the Company's website, www.innovative-ss.com, under the heading Investor Relations.

Section 16(A) Beneficial Ownership Reporting Compliance

Based solely on a review of the forms the Company has received and on written representations from certain reporting persons that no such forms were required for them, the Company believes that during the fiscal year ended September 30, 2017, the officers, directors, and 10% beneficial owners of the Company complied with all of the applicable filing requirements of Section 16(a) of the Exchange Act, except that on January 18, 2017, a late Form 4 was filed on behalf of Mr. Bressner reporting a grant of 14,234 restricted stock units to Mr. Bressner on January 2, 2017.

Code of Ethics

The Company maintains a Code of Business Conduct and Ethics (the Code of Ethics) applicable to its directors, its principal executive officer and principal financial and accounting officer, and persons performing similar functions. In addition, the Code of Ethics applies to all of the Company s employees, officers, agents, and representatives. Employment Contracts, Termination of Employment and Change in Control Arrangements

It is the Company's general philosophy that all of the Company's employees should be at will employees, thereby allowing both the Company and the employee to terminate the employment relationship at any time and without restriction or financial obligation. However, in certain cases, the Company has determined that, as a retention device and a means to obtain non-compete arrangements, employment agreements are appropriate.

The Company entered into an employment agreement with Dr. Askarpour on February 14, 2012 in connection with his promotion to the position of President of the Company. The initial term of the employment agreement began on April 1, 2012 and ended on March 31, 2013. Pursuant to the terms of the agreement, the term extends for one additional year each subsequent April 1, unless either party provides written notice to the other party at least 30 days prior to the expiration of the then-current term that the term will not be renewed. The employment agreement provides for a base salary of \$300,000 per year, which the Company determined to be appropriate given Dr. Askarpour's increased duties and responsibilities as President. If Dr. Askarpour's employment is terminated by the Company without cause, then, subject to Dr. Askarpour's execution and non-revocation of a release of claims in favor of the Company, the Company will continue to pay Dr. Askarpour his base salary at the rate then in effect for a period of six (6) months following his termination date, during which period the Company will also pay Dr. Askarpour's COBRA premiums. The employment agreement contains covenants restricting Dr. Askarpour's ability to compete with the Company or solicit its employees, other service providers, or current, former, or prospective customers for 12 months after the cessation of Dr. Askarpour's employment. The employment agreement also contains standard confidentiality, assignment of invention, and non-disparagement provisions.

Change in Control Benefits

The Compensation Committee has the authority to accelerate the vesting of Company stock options granted to named executive officers under the Company's 2009 Plan upon a change in control of the Company. The Company believes that such accelerated vesting is essential to maintaining the commitment and dedication of its key employees throughout a potential change in control of the Company. Unless otherwise determined by the Compensation Committee or provided in an award agreement, change in control is generally defined for these purposes as:

- the acquisition in one or more transactions during any 12-month period by any person (as such term is used for purposes of section 13(d) or section 14(d) of the Exchange Act) but excluding, for this purpose, the Company or its Subsidiaries (as defined in the 2009 Plan) or any employee benefit plan of the Company or its Subsidiaries, of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of thirty percent (30%) or more of the combined voting power of the Company's then outstanding voting securities;
- a change in the composition of the Board during any 12-month period such that the individuals who at the beginning of such period constituted the Board cease to constitute a majority of the Board;
- the consummation of a merger or consolidation involving the Company, if the shareholders of the Company, immediately before such merger or consolidation, do not own, directly or indirectly, immediately following such merger or consolidation, more than seventy percent (70%) of the combined voting power of the outstanding voting securities of the corporation resulting from such merger or consolidation; or

- a complete liquidation or dissolution of the Company or a sale or other disposition of all or substantially all of the assets of the Company.

Stock Ownership/Retention Requirements

The Company does not require its named executive officers to maintain a minimum ownership interest in the Company.

Deductibility of Compensation

The Company considers tax and accounting implications in determining all elements of its executive compensation program. Section 162(m) of the Code denies a federal income tax deduction for certain compensation exceeding \$1,000,000 paid in a taxable year to the Chief Executive Officer or any of the three highest compensated officers (other than the Chief Executive Officer and Chief Financial Officer). Certain performance-based compensation is excluded from this deductibility limitation. The Compensation Committee considers the impact of this deductibility limitation on the compensation that it intends to award, and may structure compensation such that it is deductible if it determines that doing so is in the best interest of the Company and consistent with the Company's executive compensation program. The foregoing does not limit the

Compensation Committee's discretion to award compensation that is not deductible under Section 162(m) of the Code if it determines that doing so is in the best interest of the Company and consistent with the Company's executive compensation program. Through September 30, 2017, Section 162(m) of the Code has not affected the Company's tax deductions. At the present time, the Compensation Committee believes that it is unlikely that the compensation paid to any of the Company's employees in a taxable year will exceed \$1,000,000.

Compensation of Directors

The Company's compensation program for non-employee directors consists of two elements of compensation: meeting fees and restricted stock or restricted stock unit awards. Each non-employee director is entitled to a fee of \$1,000 for each Board meeting attended and \$1,000 for each in-person committee meeting that is not held on the same day as a Board meeting. Mr. Bressner, in his role as Chairman of the Audit Committee, receives \$12,000 per year in addition to the meeting fees and restricted stock or restricted stock unit awards.

The Company also makes annual awards of restricted stock or restricted stock units, with each such unit representing a contingent right to receive one share of common stock upon vesting, to non-employee directors under the 2009 Plan. The number of shares underlying such annual awards are calculated based upon the price of the Company's common stock at the close of business on the first business day of each calendar year and such shares vest on the last business day of such calendar year. A director who resigns during the course of the year will vest in and receive a pro rata portion of the shares that he or she otherwise would have vested in and received had no such resignation occurred, based on the number of days served during the applicable calendar year.

With respect to the fiscal year ended September 30, 2016, the Company's common stock closed at a price of \$2.81 per share on January 4, 2016. Accordingly, each non-employee director (other than Mr. Carolin) received a grant of 14,234 restricted stock units on November 12, 2016 for service during the calendar year ended December 31, 2016. Mr. Carolin, who was appointed to the Board in April 2016, received a pro rata grant of 10,179 restricted stock units on September 26, 2016. All such restricted stock units granted to each non-employee director vested in full on January 2, 2017.

With respect to the fiscal year ended September 30, 2017, the Company's common stock closed at a price of \$3.48 per share on January 3, 2017. Accordingly, each non-employee director received a grant of 11,494 shares of restricted stock on January 2, 2018 for service during the calendar year ended December 31, 2017.

In addition, all directors are reimbursed for reasonable travel and lodging expenses actually incurred in connection with required attendance at Board meetings.

The following table provides information on the total compensation earned by each non-employee director of the Company for the fiscal year ended September 30, 2017.

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(2)	Option Awards \$	Non-Equity Incentive Plan Compensation \$	Change in Pension Value and Non-qualified Deferred Compensation Earnings	All Other Compensation \$(3)	Total \$
Glen R. Bressner	17,000	40,000					57,000
Winston J. Churchill	5,000	40,000				37,500	82,500
Roger A. Carolin	4,000	40,000					44,000
Robert E. Mittelstaedt, Jr.	4,000	40,000					44,000
Robert H. Rau	5,000	40,000					45,000

(1) The amounts reported in this column include fees paid for attendance of Board and Board committee meetings.

(2) The amounts reported in this column represent the grant date fair value, computed based on the compensation cost recognized for financial reporting purposes by the Company in accordance with the valuation guidelines of Accounting Standards Codification (ASC) 505-50, *Equity-Based Payments to Non-Employees* and ASC 718 *Compensation Stock Compensation* with respect to the restricted stock unit awards granted to each non-employee director during the fiscal year ended September 30, 2017. See also Note 3, under the heading *Share-Based Compensation*, to the Company's audited financial statements as filed in the Annual Report, which sets forth the material assumptions used in determining the compensation cost to the Company with respect to such awards. In addition, as of the close of the fiscal year ended September 30, 2017, none of the non-employee directors held outstanding options to purchase stock of the Company.

(3) Mr. Churchill's received a \$37,500 bonus in connection with Mr. Churchill's contributions with respect to the Company's settlement of its litigation with Delta Airlines.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objective of Compensation Policy

The objective of the Company's executive compensation policy is to:

- attract and retain exceptional individuals as executive officers; and
- provide key executives with motivation to perform to the full extent of their abilities to maximize the performance of the Company and deliver enhanced value to the Company's shareholders.

What the Company's Executive Compensation Program is Designed to Reward

Overall, the Company's executive compensation program is designed to reward the contributions of each individual executive officer, to ensure that each executive officer's interest is aligned with those of the Company's shareholders, and to provide sufficient incentives to executive officers to ensure their dedication to the Company. As discussed further below, the Company seeks to achieve these goals by providing sufficient base salaries to compensate executives for the day-to-day performance of their duties and awarding cash bonuses when the executive attains the personal or corporate goals and objectives established by the Company. Also, from time to time, the Company grants equity-based awards when it believes that such equity awards will further align the interests of executive officers with those of the Company's shareholders and provide an additional incentive to executive officers to contribute to the achievement of the Company's financial and strategic objectives.

General Executive Compensation Policies

Process for Setting Total Compensation

Generally, upon hiring or promoting a named executive officer, the Compensation Committee sets the initial levels of base salary and other compensation on the basis of subjective factors, including experience, individual achievements, and level of responsibility assumed at the Company, and may consider market compensation practices from time to time. Actual base salaries, cash bonuses, and equity-based awards for each named executive officer may be adjusted from year to year based upon each named executive officer's annual review and level of attainment of personal and corporate goals and objectives, including Company financial performance, shareholder return, and such other factors as the Compensation Committee deems appropriate and in the best interests of the Company's shareholders.

Each named executive officer's annual review is a subjective process whereby the Chief Executive Officer or the Compensation Committee (as applicable, as described below) evaluates various factors relevant to the named executive officer's contributions to the Company, such as the executive's role in the development and execution of strategic plans, leadership skills, motivation, and involvement in industry groups. The weight given to such factors may vary from one named executive officer to another.

The Compensation Committee seeks recommendations from the Chief Executive Officer regarding changes to or increases in the overall compensation level or any particular element of compensation for the other named executive officers. In addition, the Chief Executive Officer is principally responsible for reviewing each other named executive officer's performance, and for making recommendations for the Company's compensation plan for such executive officer for the following fiscal year. The Compensation Committee reviews the recommendations of the Chief Executive Officer in light of his proximity to the other executives and his knowledge of their contributions to the Company. The Compensation Committee independently reviews the performance of the Company's Chief Executive Officer.

Historically, the Compensation Committee has not retained an outside consultant or advisor to advise it regarding the Company's executive compensation program. The Compensation Committee did not retain such consultant or advisor for fiscal year 2017. The Compensation Committee also did not consider any peer groups or engage in benchmarking for setting compensation levels for fiscal year 2017.

Consideration of Shareholder Advisory Vote on Executive Compensation

Based upon the vote of the Company's shareholders at the 2017 annual meeting of the shareholders, the Company currently provides its shareholders with the opportunity to cast an advisory vote on executive compensation (a say-on-pay proposal) once every three (3) years. At the Company's annual meeting of shareholders held in 2017, a substantial majority of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes that this voting result affirms shareholders' support of the Company's approach to executive compensation and did not materially change its approach in fiscal year 2017. The Compensation Committee will consider the outcome of the subsequent say-on-pay vote when making future compensation decisions for the named executive officers. The next time the Company is scheduled to hold a say-on-pay vote is at the Company's annual meeting of shareholders to be held in 2020.

Elements of Compensation

The Company's executive compensation program consists of the following elements of compensation, each described in greater depth below:

- Base Salary;
- Annual Bonus;
- Equity-based Compensation;
- Perquisites; and
- General Benefits.

In determining the different elements of compensation to provide to the named executive officers, the Compensation Committee does not adhere to a specific allocation between short-term and long-term compensation, or between cash and non-cash compensation. Instead, the Compensation Committee determines the elements of compensation in a manner designed to reward strong financial performance, provide overall compensation opportunities that are sufficient to attract and retain highly skilled named executive officers, and ensure that named executive officers' interests are aligned with those of the Company's shareholders. This may result in the named executive officers receiving all cash compensation in some years (through base salary and annual bonuses) and a combination of cash and equity-based compensation in other years (through base salary, annual bonuses and equity awards).

Base Salary

The Company pays base salaries to named executive officers because the Company believes that base salaries are essential to recruiting and retaining qualified executives. In addition, base salaries create an incentive for named executive officers to make meaningful contributions to the Company's success because they are subject to increase based on the executive's performance. The Compensation Committee sets the initial base salary level upon the hire or promotion of a named executive officer and may incorporate base salary into related employment contracts. Base salary levels are determined initially based on the named executive officer's previous experience and employment, and the named executive officer's expected duties and responsibilities with respect to the Company. Thereafter, the Compensation Committee may increase a named executive officer's base salary each year based on the results of the named executive officer's annual review (which is conducted by the Chief Executive Officer for each of the other named executive officers and by the Compensation Committee for the Chief Executive Officer), and based on the Compensation Committee's subjective assessment of the Company's overall performance during the preceding year.

The Compensation Committee determined that there would be no increases in the base salaries of the named executive officers during fiscal year 2017.

Annual Bonus Compensation

The Compensation Committee retains discretion to grant bonus compensation to the named executive officers and other employees of the Company outside of the Bonus Plan. From time to time the Company may award discretionary annual bonuses to the named executive officers and may agree, in hiring or promoting a named executive officer, to a target bonus opportunity, expressed as a percentage of base salary, in any case, to be paid only if the Company determines that the Company has attained its financial performance goals or other objectives.

Named executive officers did not receive any discretionary bonuses for fiscal year 2017.

Equity Compensation

The Company awards equity-based compensation to named executive officers in order to provide a link between the long-term results achieved for its shareholders and the rewards provided to named executive officers, thereby ensuring that such officers have a continuing stake in the Company's long-term success. Historically, equity-based compensation has been provided to named executive officers in the form of stock options (see *Equity Compensation Plan Information* section below). Such awards are made at the discretion of the Compensation Committee and are not timed or coordinated with the release of material, non-public information.

No equity awards were granted to any named executive officers during fiscal year 2017.

Perquisites

In fiscal year 2017, the Company provided certain personal benefits to the Chief Executive Officer, as summarized below. The aggregate incremental cost to the Company of the perquisites received by Mr. Hedrick is included in the Summary Compensation Table, below. The Company has, with the approval of the Independent Directors, permitted the Company's Chief Executive Officer to use the Company's corporate aircraft for personal travel and, in past years, to use a corporate automobile. The Compensation Committee believes that use of the Company's aircraft and the automobile represent valuable perquisites for the Chief Executive Officer and is appropriate considering his position and contributions to the Company.

General Benefits

The following are standard benefits offered to all eligible Company employees, including the named executive officers.

Retirement Benefits. The Company maintains a tax-qualified 401(k) savings plan for all eligible employees, including the named executive officers, known as the IS&S 401(k) Plan (the Savings Plan). The Savings Plan is a voluntary contributory plan under which employees may elect to defer compensation for federal income tax purposes under Section 401(k) of the Code. The Company makes a matching contribution to the Savings Plan at one half of each participant's deferral rate, limited to a maximum contribution of 2% of base salary and subject to limitations imposed by the Internal Revenue Code.

Medical, Dental, Life Insurance, and Disability Coverage. The Company makes available medical, dental, life insurance, and disability coverage to all active eligible employees, including the named executive officers.

Other Paid Time-Off Benefits. The Company provides vacation and other paid holidays to all employees, including the named executive officers.

The Audit Committee pre-approves all proposed non-audit related services to be provided by the Company's independent registered public accounting firm. The Audit Committee reviews the terms of the engagement and a description of the services along with a fee proposal for the engagement. If agreed to by the Audit Committee, the Audit Committee formally accepts the engagement letter and fee proposal. Any proposal by the Company's independent registered public accounting firm for non-audit services must be specific as to the particular services to be provided. Management and the independent registered public accounting firm must each confirm to the Committee that each proposed non-audit and non-audit related service is permissible under all applicable legal requirements. Requests can be submitted to the Audit Committee and approved in one of the following ways: by a request for approval of services at a meeting of the Audit Committee, or through a written request to the Audit Committee, which may be approved by a written consent by the Audit Committee or by a designated member of the Audit Committee. The Audit Committee approved all 2017 and 2016 fees paid to Grant Thornton.

Pursuant to the adoption of the Audit Committee Charter (as revised), the Board has adopted a policy which prohibits the Company from entering into non-audit related consulting agreements for financial information systems design and implementation, for certain other services considered to have an impact on independence, and for all other services prohibited by Sarbanes-Oxley and new SEC regulations.
