CGI COMMUNICATIONS SERVICES COMMON STOCK IS NOW TRADING UNDER THE SYMBOL "CGIC"

"Inks a memorandum of understanding with ITeMAX"

LOS ANGELES, CALIF.- Meridian Holdings, Inc. (OTC Bulletin Board: MRDH), announced today that its' subsidiary CGI Communications Services, Inc., (CGI) Common Stock is now trading Over The Counter (OTC) under the symbol "CGIC".

Also, CGI Communications Services, Inc., an applications services provider specializing in Telemedicine and Telehealth services to the healthcare community, has entered into a memorandum of understanding (MOU) with ITeMAX, a technology Company based in Riverside California , that specialized in providing ITenabled services to the global marketplace

Under the terms of the MOU, the two companies have mutually decided to explore and develop the following business opportunities:

1 Preferred IT Services Partnership: Under this term, ITeMAX will identify IT service and implementation opportunities within its target marketplace and will team up with CGI to develop the necessary solution and provide the associated service

2 IT Services Business Venture: Under this concept the two companies will jointly develop an IT services business infrastructure to serve target customers world-wide. They will set up a joint venture company with mutually acceptable operating terms and conditions to execute this business

3 Co-operative Marketing: The two companies will develop a co-operative marketing program. Under this arrangement, each party agrees to list the other as a strategic partner in their advertising, promotional, product description and corporate and sales literature

"We are very delighted to have the opportunity to work with ITeMAX, and looking forward to a win-win business relationship " said Dike.

"After many years of research and development in telehealthcare sector, ITeMAX is teaming up with leading and potential technology corporations for a low-cost turn-key e-Healthcare solution for developing countries. We are very proud to be working with CGI Communications Services, Inc., whose Telemedicine and Telehealth solutions, have greater economy through the use of low cost technology, robust and innovative software, and portability of equipment with an average turn-key end-user e-healthcare system at a cost of less than \$10,000, which is a prime objective of ITeMAX. We project that the combined e-healthcare system of CGI Communications Services, Inc. and ITeMAX will be more cost-effective than many of the existing systems that are currently available, and will fit the budget of developing countries, whose need for such a solution
