Notes to Condensed Consolidated Financial Statements

1. Organization and Basis of Presentation

HealthWarehouse.com, Inc. ("HEWA" or the "Company"), a Delaware company incorporated in 1998, is an online mail order pharmacy, licensed in 50 states and the District of Columbia to focus on the out-of-pocket prescription drug market. The Company is Verified Internet Pharmacy Practice Site ("VIPPS") accredited by the National Association of Boards of Pharmacy ("NABP"). The Company markets a complete range of generic, brand name, and pet prescription medications as well as over-the-counter ("OTC") medications and products.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information. Accordingly, they do not include all of the information and disclosures required by U.S. GAAP for annual financial statements. In the opinion of management, such statements include all adjustments (consisting only of normal recurring items) which are considered necessary for a fair presentation of the condensed consolidated financial statements of the Company as of March 31, 2016 and for the three months ended March 31, 2016 and 2015. The results of operations for the three months ended March 31, 2016 are not necessarily indicative of the operating results for the full year ending December 31, 2016 or any other period. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related disclosures of the Company as of December 31, 2015 and for the year then ended, which were filed with the Securities and Exchange Commission on Form 10-K on March 25, 2016.

2. Going Concern and Management's Liquidity Plans

Since inception, the Company has financed its operations primarily through debt and equity financings and advances from related parties. As of March 31, 2016, the Company had a working capital deficiency of \$4,260,215 and an accumulated deficit of \$31,498,616. During the three months ended March 31, 2016 and the year ended December 31, 2015, the Company incurred net losses of \$253,657 and \$626,682, respectively and used cash in operating activities of \$100,637 and \$548,281, respectively. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

Subsequent to March 31, 2016, the Company continues to incur net losses, use cash in operating activities and experience cash and working capital constraints.

The Company is subject to a 2013 Notice of Redemption related to its Series C Redeemable Preferred Stock aggregating \$1,000,000, whereby the Company must now apply all of its assets to redemption of the Series C Preferred Stock and to no other corporate purpose, except to the extent prohibited by Delaware law governing distributions to stockholders (the Company is not permitted to utilize toward the redemption those assets required to pay its debts as they come due and those assets required to continue as a going concern).

The Company recognizes it will need to raise additional capital in order to fund operations, meet its payment obligations and execute its business plan. There is no assurance that additional financing will be available when needed or that management will be able to obtain financing on terms acceptable to the Company and whether the Company will become profitable and generate positive operating cash flow. If the Company is unable to raise sufficient additional funds, it will have to develop and implement a plan to further extend payables, attempt to extend

note repayments, attempt to negotiate the preferred stock redemption and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. If the Company is unable to obtain financing on a timely basis, the Company could be forced to sell its assets, discontinue its operation and /or seek reorganization under the U.S. bankruptcy code.

Accordingly, the accompanying condensed consolidated financial statements have been prepared in conformity with U.S. GAAP, which contemplates continuation of the Company as a going concern and the realization of assets and the satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the condensed consolidated financial statements do not necessarily represent realizable or settlement values. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

3. Summary of Significant Accounting Policies

Principles of Consolidation

The condensed consolidated financial statements include the accounts of HealthWarehouse.com, Inc., Hwareh.com, Inc., Hocks.com, Inc., ION Holding NV and ION Belgium NV, its wholly-owned subsidiaries. ION Holding NV and ION Belgium NV are inactive subsidiaries. All material inter-company balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's significant estimates include reserves related to accounts receivable and inventory, the recoverability and useful lives of long-lived assets, the valuation allowance related to deferred tax assets, the valuation of equity instruments and debt discounts.

Reclassifications

Certain accounts in the prior period condensed consolidated financial statements have been reclassified for comparison purposes to conform to the presentation of the current period condensed consolidated financial statements. These reclassifications had no effect on the previously reported net loss.

Net Earnings (Loss) Per Share of Common Stock

Basic net earnings (loss) per share is computed by dividing net earnings (loss) attributable to Common Stockholders by the weighted average number of common shares outstanding during the period. Diluted net earnings (loss) per share reflects the potential dilution that could occur if securities or other instruments to issue Common Stock were exercised or converted into Common Stock. Potentially dilutive securities are excluded from the computation of diluted net earnings (loss) per share if their inclusion would be anti-dilutive and consist of the following:

	March 31,	
	2016	2015
Options	5,381,205	3,944,557
Warrants	10,121,198	9,839,044

Table of Contents

5. Notes Payable

The Company is a party to a Loan and Security Agreement (the "Loan Agreement") with a lender (the "Lender"). Under the terms of the Loan Agreement, the Company borrowed an aggregate of \$1,000,000 from the Lender (the "Loan"). The Loan is evidenced by a promissory note (the "Senior Note") in the face amount of \$1,000,000 (as amended). The Senior Note bears interest on the unpaid principal balance of the Note until the full amount of principal has been paid at a floating rate equal to the Prime Rate plus four and one-quarter percent (4.25%) per annum (7.75% as of March 31, 2016). Under the terms of the Loan Agreement, the Company has agreed to make monthly payments of accrued interest on the first day of every month. The principal amount and all unpaid accrued interest on the Note is payable on May 31, 2016, or earlier in the event of default or a sale or liquidation of the Company. The Loan may be prepaid in whole or in part at any time by the Company without penalty. The Senior Note contains financial covenants which require the Company to meet certain minimum targets for earnings before interest, taxes and non-cash expenses, including depreciation, amortization and stock-based compensation ("EBITDAS"). The Company granted the Lender a first, priority security interest in all of the Company's assets, in order to secure the Company's obligation to repay the Loan, including a Deposit Account Control Agreement, which grants the Lender a security interest in certain bank accounts.

On January 11, 2016, the Company entered into an Amendment to Promissory Note in the face amount of \$100,000 with a different lender, effective October 31, 2015, which extended the maturity date of the note payable from November 1, 2015 to October 31, 2016. In consideration of the extension of the maturity date of the note payable, the Company issued to the lender a five-year warrant to purchase 75,000 shares of Common Stock at an exercise price of \$0.25 per share. The warrants had a fair value of \$15,500 using the Black-Scholes model (see note 6) which was established as debt discount during the three months ended March 31, 2016 and will be amortized using the effective interest method over the remaining term of the Promissory Note. Including the value of the warrants issued in connection with the extension of the maturity date of the Promissory Note, the Promissory Note has an effective interest rate of 23% per annum during the extension period.

The Company recorded amortization of debt discount associated with notes payable of \$3,444 and \$54,517 for the three months ended March 31, 2016 and 2015, respectively.

6. Stockholders' Deficiency

Preferred Stock

As of March 31, 2016 and December 31, 2015, the Company had accrued contractual dividends of \$85,558 and \$319,853, respectively, related to the Series B Preferred Stock. On January 1, 2016 and 2015, the Company issued 33,847 and 31,633 shares of Series B convertible preferred stock valued at approximately \$320,000 and \$299,000, respectively, representing approximately \$0.66 in value per share of Series B Preferred Stock outstanding on each date, to the Series B convertible preferred stock holders as payment in kind for dividends.

Stock Options

Valuation

In applying the Black-Scholes option pricing model to stock options, the Company used the following weighted average assumptions:

	For The Three Months Ended March 31,	
	2016	2015
Risk free interest rate	1.63% to 2.12%	n/a
Dividend yield	0.00%	n/a

Grants

The weighted average fair value of the stock options granted during the three months ended March 31, 2016 was \$0.24 per share. There were no stock options granted during the three months ended March 31, 2015.

Table of Contents

During the three months ended March 31, 2016, the Company granted options to consultants and directors of the Company to purchase an aggregate of 172,254 shares of common stock under a previously approved plan at exercise prices ranging between \$0.24 and \$0.25 per share for an aggregate grant date value of \$41,379. The options vested on the grant date and have a term of ten years.

Stock-based compensation expense related to stock options was recorded in the condensed consolidated statements of operations as a component of selling, general and administrative expenses and totaled \$75,138 and \$78,789 for the three months ended March 31, 2016 and 2015, respectively.

As of March 31, 2016, stock-based compensation expense related to stock options of \$996,064 remains unamortized, including \$104,495 which is being amortized over the weighted average remaining period of 2.0 years. The remaining \$891,569 is related to a performance based option where vesting is currently deemed to be improbable and no amount is being amortized.

Summary

A summary of the stock option activity during the three months ended March 31, 2016 is presented below:

7. Commitments and Contingent Liabilities

Operating Leases

The Company is a party to a lease agreement for approximately 28,500 square feet of office and storage space with an entity. On March 15, 2016, the Company entered into an amendment of the lease agreement which extended the lease for an additional three years. The amended monthly lease rate will be \$5,462 in 2016, \$6,649 in 2017, \$6,886 in 2018 and \$7,124 in 2019. The lease expires on December 31, 2019. The Company accounts for rent expense using the straight line method of accounting, deferring the difference between actual rent due and the straight line amount. Deferred rent payable of \$19,389 and \$25,852 as of March 31, 2016 and December 31, 2015, respectively, has been included in accrued expenses and other current liabilities on the condensed consolidated balance sheets.

Table of Contents

On June 7, 2013, Pagosa signed a three year lease for \$1,000 per month to house an office, pharmacy as well as inventory and is located in Lawrenceburg, IN. On July 8, 2013, the parties agreed to extend the lease for two additional years, such that the new termination date is now June 7, 2018. On January 14, 2014, the Company closed Pagosa Health and vacated the Lawrenceburg facility. The Company is currently in discussions with the Landlord regarding termination of the lease related to the building. The present value of the remaining lease payments of \$50,078 is reflected as a component of accrued expenses and other liabilities on the condensed consolidated financial statements as of March 31, 2016.

Future minimum payments, by year and in the aggregate, under operating leases as of March 31, 2016 are as follows:

<u>For years ending December 31,</u>	Amount
2016	\$58,152
2017	91,783
2018	87,633
2019	85,482
Total future minimum lease payments	\$323,050

During the three months ended March 31, 2016 and 2015, the Company recorded aggregate rent expense of \$20,274 and \$18,342 (net of sub-lease), respectively.

Litigation

In the ordinary course of business, we may become subject to lawsuits and other claims and proceedings that might arise from litigation matters or regulatory audits. Such matters are subject to uncertainty and outcomes are often not predictable with assurance. Our management does not presently expect that any such matters will have a material adverse effect on the Company's condensed consolidated financial condition or condensed consolidated results of operations. We are not currently involved in any pending or threatened material litigation or other material legal proceedings nor have we been made aware of any penalties from regulatory audits.

8. Concentrations

During the three months ended March 31, 2016, three vendors represented 49%, 16% and 15% of total inventory purchases. During the three months ended March 31, 2015, two vendors represented 74% and 10% of total inventory purchases, respectively.

Two vendors represented 40% and 12% of the accounts payable balance as of March 31, 2016. Two vendors represented 43% and 13% of the accounts payable balance as of December 31, 2015.

9. Subsequent Events

The Company evaluates events that have occurred after the balance sheet date but before the financial statements are issued. Based upon the evaluation, the Company did not identify any recognized or non-recognized subsequent events that would have required adjustment or disclosure in the condensed consolidated financial statements, except as disclosed.

Stock Option Grants

On April 8, 2016, the Company granted options to directors of the Company to purchase an aggregate of 94,848 shares of common stock under a previously approved plan at an exercise price of \$0.29 per share for an aggregate grant date value of \$27,000. The options vested on the grant date and have a term of ten years. The options were granted as part of director compensation approved by the Compensation Committee.

Common Stock Issued

On May 3, 2016, the Company issued 28,242 shares of common stock to an investor as a result of a cashless exercise of warrants.

Employment Agreement

On May 9, 2016, the Company entered into an employment agreement (the "Employment Agreement") with Mr. Lalit Dhadphale. The terms of the Employment Agreement include a term of two years beginning on January 1, 2016 with an extension provision, the titles and positions of Chief Executive Officer and President, an initial base salary of \$175,000 per year, subject to certain bonus and severance provisions. Mr. Dhadphale's agreement is bound by restrictive covenants regarding disclosure of confidential information, non-solicitation and employee non-competition.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operation.

The following discussion and analysis of the results of operations and financial condition of HealthWarehouse.com, Inc. (and including its subsidiaries, the "Company") as of March 31, 2016 and for the three months ended March 31, 2016 and 2015 should be read in conjunction with our financial statements and the notes to those financial statements that are included elsewhere in this Quarterly Report on Form 10-Q. References in this Management's Discussion and Analysis of Financial Condition and Results of Operations to "us," "we," "our," and similar terms refer to the Company. This Quarterly Report contains forward-looking statements as that term is defined in the federal securities laws. The events described in forward-looking statements contained in this Quarterly Report may not occur. Generally these statements relate to business plans or strategies, projected or anticipated benefits or other consequences of our plans or strategies, projected or anticipated benefits from acquisitions to be made by us, or projections involving anticipated revenues, earnings or other aspects of our operating results. The words "may," "will," "expect," "believe," "anticipate," "project," "plan," "intend," "estimate," and "continue," and their opposites and similar expressions, are intended to identify forward-looking statements. We caution you that these statements are not guarantees of future performance or events and are subject to a number of uncertainties, risks and other influences, many of which are beyond our control, which may influence the accuracy of the statements and the projections upon which the statements are based. Factors that may affect our results include, but are not limited to, the risks and uncertainties discussed in Item 7 ("Management's Discussion and Analysis of Financial Condition and Results of Operations – Factors That May Affect Results and Financial Condition") of our Annual Report on Form 10-K for the year ended December 31, 2015 filed with the Securities and Exchange Commission (the "SEC") on March 25, 2016.

Any one or more of these uncertainties, risks and other influences could materially affect our results of operations and whether forward-looking statements made by us ultimately prove to be accurate. Our actual results, performance and achievements could differ materially from those expressed or implied in these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether from new information, future events or otherwise.

Overview

HealthWarehouse.com, Inc. ("HEWA" or the "Company") is America's Trusted Online Pharmacy, licensed in 50 states to focus on the out-of-pocket prescription drug market, a market which is expected to grow to \$80 billion in 2016. HealthWarehouse.com is currently 1 of 45 Verified Internet Pharmacy Practice Websites ("VIPPS") accredited by the National Association of Boards of Pharmacy ("NABP") and is the only VIPPS accredited pharmacy licensed in all 50 states and the District of Columbia that processes out-of-pocket prescriptions online. The Company won the 2015 BizRate Circle of Excellence Award for outstanding customer service and satisfaction along with 186 other major online retailers, the fourth time since its inception and was prominently featured in two nationally recognized consumer magazines during the fourth quarter of 2015 as having the lowest price among top US pharmacies for five commonly prescribed medications. The Company markets a complete range of generic, brand name, and pet prescription medications as well as over-the-counter ("OTC") medications and products.

Consumers who pay out of pocket for their prescriptions include those:

- with no insurance coverage;
- with high insurance deductibles or copays;
- with Medicare Part D plans with high deductibles;

with Health Savings Accounts (HSA) or Flexible Savings Accounts (FSA);
with insurance through the Affordable Care Act (ACA) with high deductibles;
with drug exclusions and quantity restrictions placed by insurance companies.

Our objectives are to utilize our proprietary technology to make the pharmaceutical supply chain more efficient and to pass the savings on to the consumer. We are becoming known by consumers as a convenient, reliable, discount provider of over-the-counter products and prescription medications. We intend to continue to expand our product line as our business grows.

Net Sales

	For three months ended March 31, 2016	% Change	\$ Change	For three months ended March 31, 2015
	\$2,347,798	45.6	% \$735,121	\$1,612,677

Net sales for the three months ended March 31, 2016 increased to \$2,347,798 from \$1,612,677, an increase of \$735,121, or 45.6% due to an increase in core consumer prescription and over-the-counter sales offset by a reduction in business-to-business sales. The core prescription sales grew by \$691,929 or 63.3% as new customers grew 198.5% and repeat customers grew 38.9%, in comparison to the same quarter of the prior year, continuing the upward trend experienced during 2015. Core over-the-counter sales grew by \$187,029 or 68.8% and order volume more than doubled due to continued advertising efforts and improved order fulfillment rates and customer satisfaction. The combined first quarter core consumer prescription and over-the-counter order volume increased 89.4% when compared to order levels of the same quarter of the prior year due to new customer acquisition through advertising and customer retention.

The Company continues to benefit from being prominently featured in two nationally recognized consumer magazines during the fourth quarter of 2015 as having the lowest price among top US Pharmacies for five commonly prescribed medications. The favorable articles had an immediate impact on order volume beginning in December 2015 with consumer prescription orders from new customers in March 2016 increasing by 88% in comparison to order levels in October 2015, prior to the release of the article. We believe this trend in new customer acquisition growth will positively impact repeat customer orders during the remainder of 2016 as the Company will continue to focus on customer acquisition, conversion and retention.

Cost of Sales and Gross Margin

	For three months ended March 31, 2016	% Change	\$ Change	For three months ended March 31, 2015
Cost of sales	\$891,820	41.3 %	\$ 260,657	\$631,163

Gross margin %	62.0 %	1.8 %	1.1 %	60.9 %

Cost of sales were \$891,820 for the three months ended March 31, 2016 as compared to \$631,163 for the three months ended March 31, 2015, an increase of \$260,657, or 41.3%, primarily as a result of an increase in consumer prescription and over-the-counter order volume offset by a reduction in business-to-business orders. Gross margin percentage increased from 60.9% for the three months ended March 31, 2015 to 62.0% for the three months ended March 31, 2016, primarily due to a reduction in the lower margin business-to-business sales. Management will continue to focus its advertising and operational efforts on promoting and offering its higher margin product lines to consumers and strategic purchasing efforts to further improve costs.

Selling, General and Administrative Expenses

For three months ended March 31, 2016	% Change	\$ Change	For three months ended March 31, 2015
\$1,683,716	52.0 %	\$576,166	\$1,107,550
71.7	%		68.7 %

Selling, general and administrative expenses totaled \$1,683,716 for the three months ended March 31, 2016 compared to \$1,107,550 for the three months ended March 31, 2015, an increase of \$576,166, or 52.0%. The three months ended March 31, 2016 expense increases included (a) an increase in salary expense of \$184,681 (primarily due to an increase in headcount to process higher levels of call and order volumes, reduced efficiency of pharmacy staff due to higher level of new customer orders and the addition of the Chief Financial Officer); (b) an increase in freight expense of \$134,042 (due to higher volume and higher expedited shipping cost); (c) an increase in advertising and public relations expenses of \$101,811 (primarily due to an increase in the advertising and promotion campaigns); (d) an increase in credit card processing expense of \$34,672 (primarily due to the increase in order volume); (e) an increase in legal expense of \$19,778 (primarily related to efforts to release the garnishment of funds in our bank account); and (f) an increase in the board of directors fees of \$18,000. We will continue to focus on controlling costs and improving efficiencies of our personnel to limit the future growth in expenses.

Interest Expense

Interest expense decreased from \$74,752 in the three months ended March 31, 2015 to \$25,919 in the three months ended March 31, 2016, a decrease of \$48,833, or 65.3% primarily due to a reduction in amortization of debt discounts.

Adjusted EBITDAS

We believe Adjusted Earnings Before Interest, Taxes, Depreciation, Amortization and Stock-Based Compensation ("Adjusted EBITDAS"), a non-GAAP financial measure, is useful in evaluating our operating performance compared to that of other companies in our industry, as this metric generally eliminates the effects of certain items that may vary for different companies for reasons unrelated to overall operating performance. We believe that:

Adjusted EBITDAS provides investors and other users of our financial information consistency and comparability with our past financial performance, facilitates period-to-period comparisons of operations and facilitates comparisons with other companies, many of which use similar non-GAAP financial measures to supplement their GAAP results; and

Adjusted EBITDAS is useful because it excludes non-cash charges, such as depreciation and amortization, stock-based compensation and one-time charges, which the amount of such expense in any specific period may not directly correlate to the underlying performance of our business operations and these expenses can vary significantly between periods.

We use Adjusted EBITDAS in conjunction with traditional GAAP measures as part of our overall assessment of our performance, to evaluate the effectiveness of our business strategies and to communicate with our lenders, stockholders and board of directors concerning our financial performance.

Adjusted EBITDAS should not be considered as a substitute for other measures of financial performance reported in accordance with GAAP. There are limitations to using non-GAAP financial measures, including that other companies may calculate these measures differently than we do. We compensate for the inherent limitations associated with using Adjusted EBITDAS through disclosure of these limitations, presentation of our financial statements in accordance with GAAP and reconciliation of Adjusted EBITDAS to the most directly comparable GAAP measure, specifically net loss.

Off-Balance Sheet Arrangements

We have not entered into any transactions with unconsolidated entities in which we have financial guarantees, subordinated retained interests, derivative instruments or other contingent arrangements that expose us to material continuing risks, contingent liabilities or any other obligations under a variable interest in an unconsolidated entity that provides us with financing, liquidity, market risk or credit risk support.

Impact of Inflation

We believe that inflation has not had a material impact on our results of operations for the three months ended March 31, 2016 and 2015. We cannot assure you that future inflation will not have an adverse impact on our operating results and financial condition.

Liquidity and Capital Resources

Since inception, we have financed operations primarily through debt and equity financings and advances from stockholders. As of March 31, 2016, we had a working capital deficiency of \$4,260,215 and an accumulated deficit of \$31,498,616. During the three months ended March 31, 2016 and the year ended December 31, 2015, we incurred net losses of 253,657 and \$626,682 and used cash in operating activities of \$100,637 and \$548,281, respectively. These conditions raise substantial doubt about our ability to continue as a going concern.

Subsequent to March 31, 2016, we continue to incur net losses, use cash in operating activities and experience cash and working capital constraints.

The Company is subject to a Notice of Redemption related to our Series C Redeemable Preferred Stock aggregating \$1,000,000 and must apply all of our assets to redemption of the Series C Preferred Stock and to no other corporate purpose, except to the extent prohibited by Delaware law governing distributions to stockholders (we are not permitted to utilize toward the redemption those assets required to pay our debts as they come due and those assets required to continue as a going concern).

We recognize that we will need to raise additional capital in order to fund operations, meet our payment obligations, including the redemption of the Series C Redeemable Preferred Stock, and execute our business plan. There is no assurance that additional financing will be available when needed or that management will be able to obtain financing on terms acceptable to us and whether we will become profitable and generate positive operating cash flow. If we are unable to raise sufficient additional funds, we will have to develop and implement a plan to further extend payables, extend note repayments, extend the preferred stock redemption and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. If we are unable to obtain financing on a timely basis, we could be forced to sell our assets, discontinue our operations and/or seek reorganization under the U.S. bankruptcy code.

Accordingly, the accompanying condensed consolidated financial statements have been prepared in conformity with U.S. GAAP, which contemplate our continuation as a going concern and the realization of assets and the satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the condensed consolidated financial statements do not necessarily represent realizable or settlement values. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As of March 31, 2016 and December 31, 2015, the Company had cash on hand of \$24,866 and \$11,217, respectively. Our cash flow from operating, investing and financing activities during these periods were as follows:

For the three months ended March 31, 2016, cash flows included net cash used in operating activities of \$100,637. This amount included a decrease in operating cash related to a net loss of \$253,657, partially offset by aggregate non-cash adjustments of \$124,091 and aggregate cash provided by changes in operating assets and liabilities of \$28,929 (primarily a result of increased accounts payable offset by increased inventories). For the three months ended March 31, 2015, cash flows included net cash used in operating activities of \$208,308. This amount included a decrease in operating cash related to a net loss of \$200,788, partially offset by aggregate non-cash adjustments of \$115,237, plus aggregate cash used by changes in operating assets and liabilities of \$122,757 (primarily a result of a reduction of accounts payable).

Table of Contents

For the three months ended March 31, 2016, net cash provided by investing activities was \$30,000 related to a decrease in restricted cash. For the three months ended March 31, 2015, net cash utilized by investing activities was \$16,481 related to capitalized website development costs and the purchase of computer equipment.

For the three months ended March 31, 2016, net cash provided by financing activities was \$84,286 related to proceeds received from the issuance of notes payable offset by principal payments on equipment leases and repayment of notes payable. For the three months ended March 31, 2015, net cash used by financing activities was \$15,382 related to the principal payment on equipment leases.

Critical Accounting Policies and Estimates

There are no material changes from the critical accounting policies set forth in "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Form 10-K filed on March 25, 2016. Please refer to that document for disclosures regarding the critical accounting policies related to our business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to provide reasonable assurance that information required to be disclosed in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the forms and rules of the SEC and that such information is accumulated and communicated to management, including the Chief Executive Officer, in a manner to allow timely decisions regarding required disclosures.

In connection with the preparation of this Form 10-Q, our management, (Chief Executive and Principal Financial Officer), evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2016. Management had previously identified material weaknesses in our internal control over financial reporting as of December 31, 2015 (see Form 10-K filed with the SEC on March 25, 2016), which is an integral component of our disclosure controls and procedures. During the year ended December 31, 2015, management implemented policies, procedures and controls to address the weaknesses in various areas including operational and financial systems integration, separation of duties in review and approval of disbursement, cash handling, purchasing, receiving, shipping and invoicing functions, daily transaction processing and monthly financial closing procedures and timelines and board approval of related party and other significant transactions. Management believes that the controls implemented in these specific areas are sufficient to address the above weaknesses, however, they have concluded that such controls have not been in place for a sufficient period of time in order to conclude that the identified material weaknesses described above have been fully remediated. Therefore, management has concluded that as of March 31, 2016, our disclosure controls were not effective.

Effective January 1, 2016, the Company hired a Chief Financial Officer with sufficient experience with United States generally accepted accounting principles to address the accounting for complex transactions. The Chief Financial Officer is developing a plan to continue to evaluate the controls and procedures implemented in the prior year.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting or in other factors during the three months ended March 31, 2016, that have materially affected, or were reasonably likely to materially affect, our internal control over financial reporting, except as discussed above.

Limitations of the Effectiveness of Control

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations of any control system, no evaluation of controls can provide absolute assurance that all control issues, if any, within a company have been detected.
