#### **Table of Contents**

INSPERITY, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS September 30, 2012 (Unaudited)

#### 1. Basis of Presentation

Insperity, Inc., a Delaware corporation ("Insperity," "we," "our," and "us"), provides an array of human resources ("HR") and business solutions designed to help improve business performance. Our most comprehensive HR business offering is provided through our professional employer organization ("PEO") services, known as Workforce OptimizationTM , which encompasses a broad range of HR functions, including payroll and employment administration, employee benefits, workers' compensation, government compliance, performance management, and training and development services.

In addition to Workforce Optimization, we offer Human Capital Management, Payroll Services, Time and Attendance, Performance Management, Organizational Planning, Recruiting Services, Employment Screening, Financial Services, Expense Management, Retirement Services and Insurance Services (collectively "Adjacent Businesses"), many of which are offered via desktop applications and software as a service ("SaaS") delivery models. These other products or services are offered separately, as a bundle, or along with Workforce Optimization ("Bundle Plus").

We provide our Workforce Optimization solution to small and medium-sized businesses in strategically selected markets throughout the United States. For the nine months ended September 30, 2012 and 2011, Workforce Optimization revenues from Insperity's Texas markets represented 26% and 27%, while Workforce Optimization revenues from Insperity's California markets represented 17% and 16%, of Insperity's total Workforce Optimization revenues, respectively.

The Consolidated Financial Statements include the accounts of Insperity and its subsidiaries, all of which are wholly owned. Intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The accompanying Consolidated Financial Statements should be read in conjunction with our audited Consolidated Financial Statements as of and for the year ended December 31, 2011. Our Consolidated Balance Sheet at December 31, 2011 has been derived from the audited financial statements at that date, but does not include all of the information or footnotes required by GAAP for complete financial statements. Our Consolidated Balance Sheet at September 30, 2012 and the Consolidated Statements of Operations and Comprehensive Income for the three and nine month periods ended September 30, 2012 and 2011, the Consolidated Statements of Cash Flows for the nine month period ended September 30, 2012 and 2011, and Consolidated Statement of Stockholders' Equity for the nine month period ended September 30, 2012, have been prepared by us without audit. In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary to present fairly the consolidated financial position, results of operations and cash flows, have been made.

#### **Table of Contents**

The results of operations for the interim periods are not necessarily indicative of the operating results for a full year or of future operations.

## 2. Accounting Policies

#### **Health Insurance Costs**

We provide group health insurance coverage to our worksite employees through a national network of carriers, including UnitedHealthcare ("United"), Kaiser Permanente, Blue Shield of California, HMS BlueCross BlueShield, Unity Health Plan and Tufts, all of which provide fully insured policies or service contracts.

The policy with United provides the majority of our health insurance coverage. As a result of certain contractual terms, Insperity has accounted for this plan since its inception using a partially self-funded insurance accounting model. Accordingly, Insperity records the costs of the United plan, including an estimate of the incurred claims, taxes and administrative fees (collectively the "Plan Costs") as benefits expense in the Consolidated Statements of Operations. The estimated incurred claims are based upon: (i) the level of claims processed during the quarter; (ii) estimated completion rates based upon recent claim development patterns under the plan; and (iii) the number of participants in the plan, including both active and COBRA enrollees. Each reporting period, changes in the estimated ultimate costs resulting from claim trends, plan design and migration, participant demographics and other factors are incorporated into the benefits costs.

Additionally, since the plan's inception, under the terms of the contract, United establishes cash funding rates 90 days in advance of the beginning of a reporting quarter. If the Plan Costs for a reporting quarter are greater than the premiums paid and owed to United, a deficit in the plan would be incurred and a liability for the excess costs would be accrued in our Consolidated Balance Sheets. On the other hand, if the Plan Costs for the reporting quarter are less than the premiums paid and owed to United, a surplus in the plan would be incurred and we would record an asset for the excess premiums in our Consolidated Balance Sheets. The terms of the arrangement require Insperity to maintain an accumulated cash surplus in the plan of \$9.0 million, which is reported as long-term prepaid insurance. In addition, United requires a deposit equal to approximately one day of claims funding activity, which was \$2.8 million as of September 30, 2012, and is reported as a long-term asset. As of September 30, 2012, Plan Costs were less than the net premiums paid and owed to United by \$30.2 million. As this amount is in excess of the agreed-upon \$9.0 million surplus maintenance level, the \$21.2 million balance is included in prepaid insurance, a current asset, in our Consolidated Balance Sheets. The premiums owed to United at September 30, 2012 were \$19.2 million, which is included in accrued health insurance costs, a current liability in our Consolidated Balance Sheets.

- 11 -

#### **Table of Contents**

#### Workers' Compensation Costs

Insperity's workers' compensation coverage has been provided through an arrangement with the ACE Group of Companies ("the ACE Program") since 2007. The ACE Program is fully insured in that ACE has the responsibility to pay all claims incurred regardless of whether Insperity satisfies its responsibilities. Through September 30, 2010, Insperity bore the economic burden for the first \$1 million layer of claims per occurrence and the insurance carrier was and remains responsible for the economic burden for all claims in excess of such first \$1 million layer.

Effective October 1, 2010, in addition to our bearing the economic burden for the first \$1 million layer of claims per occurrence, we also bear the economic burden for those claims exceeding \$1 million, up to a maximum aggregate amount of \$5 million per policy year.

Because we bear the economic burden for claims up to the levels noted above, such claims, which are the primary component of our workers' compensation costs, are recorded in the period incurred. Workers' compensation insurance includes ongoing health care and indemnity coverage whereby claims are paid over numerous years following the date of injury. Accordingly, the accrual of related incurred costs in each reporting period includes estimates, which take into account the ongoing development of claims and therefore requires a significant level of judgment.

Insperity employs a third party actuary to estimate its loss development rate, which is primarily based upon the nature of worksite employees' job responsibilities, the location of worksite employees, the historical frequency and severity of workers' compensation claims, and an estimate of future cost trends. Each reporting period, changes in the actuarial assumptions resulting from changes in actual claims experience and other trends are incorporated into our workers' compensation claims cost estimates. During the nine months ended September 30, 2012 and 2011, Insperity reduced accrued workers' compensation costs by \$10.4 million and \$8.6 million, respectively, for changes in estimated losses related to prior reporting periods. Workers' compensation cost estimates are discounted to present value at a rate based upon the U.S. Treasury rates that correspond with the weighted average estimated claim payout period (the average discount rates utilized in 2012 and 2011 were 0.7% and 1.2%, respectively) and are accreted over the estimated claim payment period and included as a component of direct costs in our Consolidated Statements of Operations.

- 12 -

#### **Table of Contents**

The following table provides the activity and balances related to incurred but not paid workers' compensation claims:

	Nine Months Ended September 3 2012 2011 (in thousands)			
Beginning balance, January 1,	\$	104,791	\$	96,934
Accrued claims		28,586		26,668
Present value discount		(712)		(1,159)
Paid claims		(23,133)		(21,123)
Ending balance	\$	109,532	\$	101,320
Current portion of accrued claims	\$	46,069	\$	42,812
Long-term portion of accrued claims		63,463		58,508
	\$	109,532	\$	101,320

The current portion of accrued workers' compensation costs on the Consolidated Balance Sheets at September 30, 2012 includes \$2.3 million of workers' compensation administrative fees.

As of September 30, 2012 and 2011, the undiscounted accrued workers' compensation costs were \$121.7 million and \$115.1 million, respectively.

At the beginning of each policy period, the insurance carrier establishes monthly funding requirements comprised of premium costs and funds to be set aside for payment of future claims ("claim funds"). The level of claim funds is primarily based upon anticipated worksite employee payroll levels and expected workers' compensation loss rates, as determined by the insurance carrier. Monies funded into the program for incurred claims expected to be paid within one year are recorded as restricted cash, a short-term asset, while the remainder of claim funds are included in deposits, a long-term asset in our Consolidated Balance Sheets. In the first nine months of 2012 and 2011, we received \$2.5 million and \$10.0 million, respectively, for the return of excess claim funds related to the ACE Program, which reduced deposits. As of September 30, 2012, we had restricted cash of \$46.1 million and deposits of \$57.6 million.

Insperity's estimate of incurred claim costs expected to be paid within one year are recorded as accrued workers' compensation costs and included in short-term liabilities, while its estimate of incurred claim costs expected to be paid beyond one year are included in long-term liabilities on our Consolidated Balance Sheets.

#### **Table of Contents**

#### 3. Cash, Cash Equivalents and Marketable Securities

The following table summarizes our cash and investments in cash equivalents and marketable securities held by investment managers and overnight investments:

	September 30, 2012 (in thousand	December 31, 2011
Overnight Holdings		-,
Money market funds (cash equivalents)	\$46,079	\$ 71,350
Investment Holdings		
Money market funds (cash equivalents)	67,395	59,587
Marketable securities	51,702	56,987
	165,176	187,924
Cash held in demand accounts	102,761	113,968
Outstanding checks	(14,017	(33,697)
Total cash, cash equivalents and marketable securities	\$253,920	\$ 268,195
Cash and cash equivalents	\$202,218	\$ 211,208
Marketable securities	51,702	56,987
	\$253,920	\$ 268,195

Our cash and overnight holdings fluctuate based on the timing of the client's payroll processing cycle. Included in the cash balance as of September 30, 2012 and December 31, 2011, are \$96.5 million and \$150.8 million, respectively, in funds associated with federal and state income tax withholdings, employment taxes and other payroll deductions, as well as \$12.4 million and \$10.4 million in client prepayments, respectively.

Insperity accounts for its financial assets in accordance with Accounting Standard Codification ("ASC") 820, Fair Value Measurement. This standard defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The fair value measurement disclosures are grouped into three levels based on valuation factors:

- Level 1 quoted prices in active markets using identical assets
- •Level 2 significant other observable inputs, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other observable inputs
  - Level 3 significant unobservable inputs

- 14 -

## **Table of Contents**

The following table summarizes the levels of fair value measurements of our financial assets:

	Fair Value Measurements (in thousands) September 30, 2012 Level 1 Level 2 Level 3								vel 3
Money market funds	\$	113,474	\$	113,474	\$	_	_	\$	_
Municipal bonds		51,702		_		5	1,702		_
Total	\$	165,176	\$	113,474	\$	5	1,702	\$	
					wel 1		Level 2	Lev	el 3
Money market funds			\$130,9	37 \$1:	30,937	\$	S—	\$	-
Municipal bonds			56,98	7 –	_		56,987	_	
Total			\$187,9	24 \$1:	30,937	\$	556,987	\$—	

The municipal bond securities valued as Level 2 investments are primarily pre-refunded municipal bonds that are secured by escrow funds containing U.S. Government securities. Valuation techniques used by Insperity to measure fair value for these securities during the period consisted primarily of third party pricing services that utilized actual market data such as trades of comparable bond issues, broker/dealer quotations for the same or similar investments in active markets and other observable inputs.

The following is a summary of our available-for-sale marketable securities:

	Gross	Gross
Amortized
