Forward Looking Statements

This Form 8-K/A contains forward-looking statements within the meaning of Section 27A of the Securities Act, and Section 21E of the Exchange Act. These forward-looking statements which are based on current expectations, estimates and projections about the industry and markets in which Essex operates and beliefs of and assumptions made by management, involve uncertainties that could significantly affect the financial results of Essex. Words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates,” variations of such words and similar expressions are intended to identify such forward-looking statements, which generally are not historical in nature. Such forward-looking statements include, but are not limited to, statements about the anticipated benefits of the Merger, including future financial and operating results, and Essex’s plans, objectives, expectations and intentions. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future – including statements relating to expected synergies, improved liquidity and balance sheet strength – are forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that our expectations will be attained and therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. Some of the factors that may affect outcomes and results include, but are not limited to: (i) national, regional and local economic climates, (ii) changes in financial markets and interest rates, or to the business or financial condition of Essex or its business, (iii) changes in market demand for rental apartment homes and competitive pricing, (iv) risks associated with acquisitions, (v) maintenance of real estate investment trust (“REIT”) status, (vi) availability of financing and capital, (vii) risks associated with achieving expected revenue synergies or cost savings, and (viii) those additional risks and factors discussed in reports filed with the SEC by Essex from time to time, including those discussed under the heading “Risk Factors” in its most recently filed reports on Forms 10-K and 10-Q.
