Item 1.01 Entry into a Material Definitive Agreement

On February 17, 2016, RiceBran Technologies (the “Company,” “we” or “us”) entered into a placement agency agreement (the “Placement Agreement”) with Maxim Group LLC (the “Placement Agent”) under which the Placement Agent agreed to serve as the sole placement agent, on a “reasonable best efforts” basis, in connection with the registered direct public offering of 3,000 shares (“Shares”) of Series F Preferred Stock (the “Preferred Stock”) at \$1,000 per share (the “Public Offering Price”) through the Placement Agent (the “Registered Direct Offering”). Also on February 17, 2016, to effect the Registered Direct Offering, we entered into securities purchase agreement (the “Securities Purchase Agreement”) with certain institutional investors named in the signature pages thereto (the “Purchasers”) under which we agreed to issue and sell the Shares directly to the Purchasers at the Public Offering Price. In a concurrent private placement, we agreed to sell through the Placement Agent warrants to purchase an aggregate of 2,660,000 shares of the Company’s common stock, par value \$0.001 per share (“Common Stock”), at an exercise price equal to \$2.00 per share (each a “Warrant” and collectively, the “Warrants”) (the “Private Placement”).

We expect to receive aggregate net proceeds, after deducting Placement Agent fees and other estimated expenses related to the Registered Direct Offering and the Private Placement, in the amount of approximately \$2.7 million. We intend to use the net proceeds from this offering for working capital, business development and certain other expenditures.

The closing of the Registered Direct Offering and the Private Placement is expected to take place on February 22, 2016, subject to customary closing conditions.

The Shares are being offered and sold to the public under our shelf registration statement on Form S-3 (File No. 333-196541) initially filed with the Securities and Exchange Commission (the “Commission”) declared effective on June 17, 2014 (the “Registration Statement”), and a prospectus supplement relating to the Registered Direct Offering will be filed with the Commission.

The Series F Preferred Stock will be created under a Certificate of Determination of Preferences and Rights of Series F Convertible Preferred Stock (the “Certificate of Determination”). The Certificate of Determination provides that the Preferred Stock is non-voting and has a conversion into Common Stock at the holder’s election at any time, at a conversion price of \$1.50. Subject to limited exceptions, a holder of Shares will not have the right to exercise any portion of its Shares if the holder, together with its affiliates, would beneficially own over 4.99% of the number of shares of our common stock outstanding immediately after giving effect to such exercise (the “Shares’ Beneficial Ownership Limitation”); provided, however, that upon 61 days’ prior notice to us, the holder may increase the Shares’ Beneficial Ownership Limitation, provided that in no event will the Shares’ Beneficial Ownership Limitation exceed 9.99%.

The Securities Purchase Agreement contain customary representations, warranties and agreements by us and customary conditions to closing. Under the Securities Purchase Agreement, we have agreed not to contract to issue or announce the issuance or proposed issuance of any common stock or common stock equivalents for six months following the closing of the offering. In addition, we have also agreed with the Purchasers that until the later of (i) the date that the Warrants are no longer outstanding or (ii) such time as not more than 20% of the originally issued Preferred Stock remains outstanding, we will not effect or contract to effect a “Variable Rate Transaction” as defined in the Securities Purchase Agreement.

We granted to the investors, if we issue any shares of common stock or securities exercisable for, or convertible into, shares of common stock within twelve (12) months after the registration statement covering the resale of the securities issued under the Purchase Agreement has been declared effective by the SEC (the "Subsequent Financing"), the right to participate in up to 50% of the Subsequent Financing on the same terms, conditions and price provided for in the Subsequent Financing.

Under the Placement Agreement, we have agreed to pay the Placement Agent an aggregate cash placement fee equal to 8% of the aggregate gross proceeds raised in the Registered Direct Offering and Private Placement ("Offering"). Subject to certain conditions, we also have agreed to reimburse all travel and other out-of-pocket expenses of the Placement Agent for this offering, including but not limited to legal fees, not to exceed \$75,000.

The Placement Agreement contains customary representations, warranties and agreements by us and customary conditions to closing. We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act of 1993, as amended ("Securities Act"), and liabilities arising from breaches of representations and warranties contained in the placement agent agreement, or to contribute to payments that the placement agent may have to make regarding those liabilities.

Each Warrant will be exercisable beginning on the initial exercise date that is six months after the date of closing (the "Initial Exercise Date") at an exercise price of \$2.00 per share, subject to adjustment as provided therein. The Warrants will be exercisable for five years from the Initial Exercise Date, but not thereafter. Subject to limited exceptions, a holder of Warrants will not have the right to exercise any portion of its Warrants if the holder, together with its affiliates, would beneficially own over 4.99% of the number of shares of our common stock outstanding immediately after giving effect to such exercise (the "Warrants' Beneficial Ownership Limitation"); provided, however, that upon 61 days' prior notice to us, the holder may increase the Warrants' Beneficial Ownership Limitation, provided that in no event will the Warrants' Beneficial Ownership Limitation exceed 9.99%.

The exercise price and number of the shares of our common stock issuable upon exercising the Warrants will be subject to adjustment if any stock dividends occurs and splits, reverse stock split, recapitalization, reorganization or similar transaction, as described in the Warrants.

The Warrants and Warrant Shares are being offered under an exemption from the registration requirement of the Securities Act provided in Section 4(a)(2) of the Securities Act and/or Regulation D. The Warrants and the shares of Common Stock issuable upon exercising the Warrants ("Warrant Shares") may not be offered or sold in the United States absent an effective registration statement or exemption from the registration requirement of the Securities Act. We entered into a Registration Rights Agreement (the "Registration Rights Agreement") under which we must register the Warrant Shares on a Registration Statement by April 17, 2016 ("Resale Registration Statement"). If the Resale Registration Statement is not declared effective by May 17, 2016 (or June 17, 2016 if a full SEC review occurs) then we will have to pay certain liquidated damages of 2% multiplied by the aggregate exercise price of the warrants each month, up to an aggregate of 10% of the amount the investor purchased in this offering.

After the Initial Exercise Date, if and only if no effective registration statement registering, or no current prospectus available for, reselling the Warrants, they may exercise the Warrants by means of a “cashless exercise.”
