On June 28, 2016, Turning Point Brands, Inc. (the “Company”) converted 938,857 shares of the Company’s non-voting common stock, par value \$0.01 per share, held by Standard General Master Fund, L.P. into an equal number of shares of the Company’s common stock, par value \$0.01 per share, in accordance with the terms of the non-voting common stock set forth in the Company’s Second Amended and Restated Certificate of Incorporation. The conversion was exempt from the registration requirements of the Securities Act of 1933, as amended, pursuant to Section 3(a)(9) thereof. No commission or other remuneration was paid or given directly or indirectly in connection with the conversion.

The common stock and non-voting common stock have identical rights, powers, preferences and privileges, except with respect to voting rights and conversion rights applicable to the non-voting common stock. As a result of the conversion, the total number of outstanding shares of non-voting common stock decreased by 938,857, and the total number of outstanding shares of common stock increased by the same amount, with no shares of non-voting common stock remaining issued and outstanding. The conversion did not increase the aggregate number of outstanding shares of the Company’s capital stock.
