This notice will also contain instructions on how to receive a paper copy of the proxy materials. All shareholders who do not receive a notice will receive a paper copy of the proxy materials by mail or an electronic copy of the proxy materials by email.

The accompanying Notice of Annual Meeting of Shareholders and Proxy Statement describe proposals to be acted upon at the Annual Meeting. Please give these materials your prompt attention. Then, we ask that you vote by internet, telephone or by mail, as set forth in the voting instructions or proxy card that are included with these materials, to ensure that your shares are represented and voted at the meeting. Voting

You may vote by internet, telephone or by mail, as set forth in the voting instructions or proxy card that is provided to you.

Voting by Internet or Telephone. Voting by internet or telephone is fast and convenient and your vote is immediately confirmed and tabulated. The internet and telephone voting procedures are designed to authenticate votes cast by use of a personal identification number which is provided with your voting instructions. These procedures allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been

properly recorded. If you vote by internet or telephone, you do not have to mail in a proxy card, but your vote must be received by the voting deadline set forth in your voting instructions.

Voting by Mail. If you wish to vote by mail, you may request a paper copy of these materials which will include a proxy card. If you vote by proxy card, be sure to complete, sign, date and mail your proxy card in the accompanying postage-prepaid envelope by the voting deadline set forth on the proxy card.

If your shares are held by a bank, broker or other nominee, please follow the instructions provided with your proxy materials to determine if internet or telephone voting is available. If your bank or broker does make internet or telephone voting available, please follow the voting instructions provided by your bank or broker.

If you vote by internet or by telephone, you should not return a proxy card.

Revocability of Proxies

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised by filing with the Corporate Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Meeting and voting in person at the Meeting. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxy holders in accordance with the instructions on the proxy. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocation of proxies.

Solicitation of Proxies

This solicitation of proxies is made on behalf of the Board and the Company will bear the costs of the preparation of proxy materials and the solicitation of proxies for the Meeting. It is contemplated that proxies will be solicited principally through the mail, but directors, officers and regular employees of the Company or its subsidiary, Central Pacific Bank (the Bank), may solicit proxies personally, by telephone, electronically or by other means of communication. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to beneficial owners. The Company has retained D.F. King & Co., Inc. to assist it in connection with the solicitation of proxies for a fee of approximately \$8,500, plus reimbursement of expenses.

The Company's Proxy Statement and Annual Report on Form 10-K for the fiscal year ended December 31, 2018 are available free of charge at <https://www.centralpacificbank.com/2019proxy> and at <https://www.proxyvote.com>.

In addition, the Company will provide without charge, upon the written request of any shareholder, a copy of the Company's Annual Report on Form 10-K including the financial statements and the financial statement schedules, required to be filed with the United States Securities and Exchange Commission (the SEC) for the fiscal year ended December 31, 2018. From time-to-time, the Compensation Committee seeks advice from outside experts in the compensation field. The Compensation Committee has historically engaged a compensation consultant to provide input on both Board and executive compensation issues. In 2018 the Committee retained McLagan, an AonHewitt Company. McLagan is a compensation consulting and performance benchmarking firm focused exclusively on the financial services sector.

In 2018, the Compensation Committee engaged McLagan to provide market benchmarking information and advisory services related to executive compensation plan design features, positioning to market, regulatory compliance, and with respect to the review and development of various incentive plans. McLagan was engaged directly by the Compensation Committee and McLagan consultants reported directly to the Compensation Committee for its services in these capacities. The Compensation Committee discusses, reviews, and approves all consulting projects performed by McLagan and periodically reviews the relationship with McLagan and considers competitive proposals from other firms.

The Compensation Committee considered the independence of McLagan in light of SEC rules and NYSE listing standards. The Compensation Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to the Company by McLagan; (2) fees paid by the Company as a percentage of Aon's total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Compensation Committee; (5) any Company Common Stock owned by the consultants; and (6) any business or personal relationships between our executive officers and the consultants. The Compensation Committee discussed these considerations as well as other considerations and concluded that the work performed by McLagan and its consultants involved in the engagement did not raise any conflict of interest.

Governance Committee

The Governance Committee held four (4) meetings during 2018. The Governance Committee is responsible for promoting the best interests of the Company and its shareholders through the implementation of sound corporate governance principles and practices, including identifying individuals qualified to become Board members, recommending nominees for directors of the Company, reviewing the qualifications and independence of the members of the Board and its committees, reviewing and monitoring the Company's Corporate Governance Guidelines,

monitoring the Board's and the Company's compliance regarding changes in corporate governance practices and laws and leading the Board in its annual review of the performance of the Board. The Charter of the Governance Committee and the Company's Corporate Governance Guidelines are available on the Company's website (www.centralpacificbank.com). The current members of the Company's Governance Committee are Crystal K. Rose (Chair), Paul J. Kosasa (Vice Chair), and Duane K. Kurisu, each of whom is independent within the meaning of the listing standards of the NYSE.

Director Resignation Policy

On January 28, 2009, the Board adopted a Director Resignation Policy which provides that at any shareholder meeting at which directors are subject to an uncontested election, any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election shall tender a letter of resignation to the Board for consideration by the Governance Committee. The Governance Committee shall recommend to the Board the action to be taken with respect to such offer of resignation. The Board shall act promptly with respect to each such letter of resignation and shall notify the director concerned of its decision. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Governance Committee or Board action regarding whether to accept his or her resignation offer.

Director Independence and Relationships

The Board has determined, in accordance with our Standards Regarding Director Independence, that all directors who are currently directors or who served during 2018 and all nominees (other than John C. Dean who is the former Executive Chair of the Company, A. Catherine Ngo who is President of the Company, and Paul K. Yonamine who is Chairman and Chief Executive Officer of the Company) are independent within the meaning of the rules of the NYSE. All of the directors and nominees (other than Mr. Dean, Ms. Ngo, and Mr. Yonamine) are non-employees. All committees of the Board are comprised solely of independent directors.

With respect to those directors who were determined independent by the Board, the following transactions, relationships and arrangements were considered by the Board in its determination of a director's independence, including with respect to service on the Board's committees, and none were found to adversely impact an independence determination.

During 2018, the following directors and nominees either directly and/or indirectly through companies in which they have a business interest or affiliation, received and/or had outstanding loans with the Bank: Wayne K. Kamitaki, Paul J. Kosasa, Duane K. Kurisu, Colbert M. Matsumoto, Saedene K. Ota, and Crystal K. Rose.

During 2018, the following directors and nominees either directly and/or indirectly through companies in which they have a business interest or affiliation, opened and/or maintained deposit, trust, investment and/or other banking accounts with the Bank: Christine H. H. Camp, John C. Dean, Earl E. Fry, Wayne K. Kamitaki, Paul J. Kosasa, Duane K. Kurisu, Colbert M. Matsumoto, A. Catherine Ngo, Saedene K. Ota, Crystal K. Rose, and Paul K. Yonamine.

During 2018, the following directors and nominees served on boards of, or were involved in fundraising on behalf of, non-profit, community, charitable and/or cultural organizations, which received monetary donations from the Bank: Christine H. H. Camp, John C. Dean, Earl E. Fry, Duane K. Kurisu, Colbert M. Matsumoto, A. Catherine Ngo, Saedene K. Ota, and Crystal K. Rose. For 2018, the Company did not pay to any charitable or non-profit organization in which one of the Company's Board members serves on that organization's board, any amount in excess of the greater of \$1,000,000 or 2% of the recipient organization's gross annual revenues. Donations from the Bank in 2018 totaled \$34,400.

During 2018, the following directors and nominees served on boards of, or were involved in fundraising on behalf of, non-profit, community, charitable and/or cultural organizations, which received monetary donations from the Central Pacific Bank Foundation: Christine H. H. Camp, John C. Dean, Earl E. Fry, Paul J. Kosasa, Duane K. Kurisu, Colbert M. Matsumoto, A. Catherine Ngo, Saedene K. Ota, and Crystal K. Rose. For 2018, the Company did not pay to any charitable or non-profit organization in which one of the Company's Board members serves on that organization's board, any amount in excess of the greater of \$1,000,000 or 2% of the recipient organization's gross annual revenues. Donations from the Foundation in 2018 totaled \$161,527.

During 2018, the following directors and nominees served on boards and as officers of companies that either directly or indirectly had business relationships with the Bank in the ordinary course of the Bank's business, in which the directors had no involvement and which were on no more favorable terms than for other similarly situated matters: Paul J. Kosasa, Duane K. Kurisu and Colbert M. Matsumoto.

Company director Paul J. Kosasa is President and Chief Executive Officer, and a director of ABC Stores. ABC Stores has a fleet of retail convenience stores in Waikiki and other tourist locations in Hawaii and these locations are prime spots for the Bank to place its ATMs for use by tourists. In 2018, the Bank paid a total of \$58,798.44 total to place 17 Bank ATMs in ABC Stores (10 in Waikiki and seven in other tourist locations on Oahu, Maui, Kauai, and Hawaii islands). The Bank does not pay any premium or provide any preferential terms to ABC Stores, the arrangement is made on no more favorable terms than for other similarly situated transactions, and Mr. Kosasa had

no direct involvement in the Bank's ATM contract with ABC Stores. This arrangement is not a large dollar arrangement for ABC Stores; the value to ABC Stores being the ATM convenience afforded its customers. This arrangement is beneficial to the Bank as it generates fee revenue for the Bank due to the heavy tourist traffic in Waikiki and the other tourist areas where these ATMs are located.

Company director Duane K. Kurisu is a director and holds less than five percent (5%) ownership interest in Oahu Publications, Inc., which publishes the Honolulu Star Advertiser newspaper (Hawaii's only major daily newspaper), and the MidWeek, Hawaii Tribune Herald, The Garden Island and West Hawaii Today newspapers, and HILuxury magazine. Mr. Kurisu is also sole owner and co-manager of PacificBasin Communications LLC which publishes Hawaii Business magazine and Honolulu magazine. In 2018, the Bank paid a total amount of \$371,084 for advertising of the Bank's brand, products and services, in the foregoing media, detailed as follows: \$174,126 for the Honolulu Star Advertiser newspaper; \$22,780 for the MidWeek newspaper; \$22,556 for the Hawaii Tribune Herald newspaper; \$17,041 for The Garden Island newspaper; \$14,558 for the West Hawaii Today newspaper; \$59,437 for Hawaii Business magazine; \$15,420 for HILuxury magazine; and, \$45,166 for Honolulu magazine. In addition, Mr. Kurisu is sole member of PCSC LLC and is vice president and director of WKF Inc., which are landlord and managing agent respectively, of a location in which the Bank has one of its branches, and for which the Bank paid \$43,649 (for base rent, common area maintenance fees, real property taxes, and general excise taxes) in 2018. Mr. Kurisu had no involvement with any of the aforementioned transactions and they were made on no more favorable terms than for other similarly situated transactions.

Company director Colbert M. Matsumoto is Chairman of the Board and a minority owner (<10%), of Island Holdings, Inc. (Island Holdings), Executive Chairman of Island Insurance Company, Limited (Island Insurance), a Director of Atlas Insurance Agency, Inc. (Atlas Insurance), and Chairman of the Board of Tradewind Insurance Company, Limited (Tradewind Insurance). Island Holdings is the parent company of Island Insurance and Atlas Insurance. Mr. Matsumoto is an employee of Island Insurance and is not an employee of any of the other aforementioned entities. Tradewind Insurance is a wholly owned subsidiary of Island Insurance. Atlas Insurance is the largest insurance agency in Hawaii, with roots going back to 1929 and an A+ rating from the Better Business Bureau of Hawaii, Inc. Atlas Insurance is headquartered in Honolulu, Oahu and has offices on the islands of Hawaii and Maui. The Company has been a customer of Atlas Insurance since at least 2000, well before Mr. Matsumoto joined the Company's Board. The Company's engagement of Atlas Insurance was not and is not due to Mr. Matsumoto's relationship with Atlas Insurance, and Mr. Matsumoto is not involved in any way in any insurance matters between the Company and Atlas Insurance. In 2018, out of the insurance premiums which the Company and its subsidiaries paid for insurance policies that Atlas placed on behalf of the Company and its subsidiaries, Atlas Insurance received a total of \$112,575 in commissions (based on premiums on the Company's corporate insurance policies totaling \$1,338,128, of which the Company paid \$197,097 in premiums to Island Insurance and Tradewind Insurance for policies they issued). The services provided by Atlas Insurance, Island Insurance and Tradewind Insurance were not professional services; the services were not advisory in nature. Atlas Insurance acted as an insurance agency and the Company independently made all decisions and determinations regarding the Company's insurance coverage. Payments to Island Insurance and Tradewind Insurance were premiums for insurance policies. Mr. Matsumoto did not receive any direct commissions paid for premiums paid by the Company to Island Insurance, Atlas Insurance or Tradewind Insurance. Atlas Insurance paid the Bank \$38,409 (for base rent, common area maintenance fees, real property taxes, and general excise taxes) for space in the Bank's Hilo office building. In addition, Mr. Matsumoto is a director of Oahu Publications, Inc., which publishes the Honolulu Star Advertiser newspaper (Hawaii's only major daily newspaper), and the MidWeek, Hawaii Tribune Herald, The Garden Island and West Hawaii Today newspapers, and HILuxury magazine. In 2018, the Bank paid the following amounts for advertising of the Bank's brand, products and services, in the foregoing media, detailed as follows: \$174,126 for the Honolulu Star Advertiser newspaper; \$22,780 for the MidWeek newspaper; \$22,556 for the Hawaii Tribune Herald newspaper; \$17,041 for The Garden Island newspaper; \$14,558 for the West Hawaii Today newspaper; and \$15,420 for HILuxury magazine; for a total of \$266,481. Mr. Matsumoto had no involvement with any of the aforementioned transactions and they were made on no more favorable terms than for other similarly situated transactions. The Company's relationships with the aforementioned entities predate Mr. Matsumoto joining the Company's Board.

Company executive officer, Mr. Arnold Martines, is Executive Vice President, Commercial Markets of the Company and the Bank. His wife, Thuy Nguyen-Martines, has been employed by the Bank since 2003 and currently

holds the position of Vice President and Senior Private Banking Manager, a non-executive officer position. In 2018, Ms. Nguyen-Martines' total compensation, including salary, bonus, equity awards and other benefits, totaled approximately \$190,000. Her compensation is commensurate with that of her peers.

Loans to Related Persons

The Bank, which is a wholly-owned subsidiary of the Company, has made (in addition to any loans specified in the Director Independence and Relationships section immediately preceding this section) loans to directors and executive officers, their immediate family members, and companies in which they or their immediate family members have an interest, in the ordinary course of its business as a bank. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank and do not involve more than the normal risk of collectability or present other unfavorable features.

Policy Regarding Transactions with Related Persons

The Company has a Board approved written policy (Policy Regarding Transactions with Related Persons) which sets forth the process and procedures for the review, approval, ratification and disclosure of any transaction with a related person (transaction and related person being as defined by Item 404 of SEC Regulation S-K). Loans subject to the lending restrictions set forth in Federal Reserve Board Regulation O are reviewed by the Bank's Board Directors' Loan Committee and approved by the Bank's Board. All other loans to related persons are reviewed by the Bank's Board Directors' Loan Committee and reported to the Audit Committee quarterly. All other transactions with related persons are reviewed by the Company's Audit Committee.

Board Leadership Structure and Risk Oversight

The Company's Board has no policy with respect to the separation of the offices of Chairman, President and Chief Executive Officer. It is the Board's view that rather than having a rigid policy, the Board, with the advice and assistance of its Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the offices of Chairman, President and Chief Executive Officer should be separate. Since June 1, 2014, Crystal K. Rose has served as Lead Independent Director and as Chair of the Governance Committee of the Company's and the Bank's Board of Directors. Ms. Rose previously served as Chair of the Board of Directors of the Company and the Bank from April 20, 2011 through May 31, 2014. Paul K. Yonamine, currently serves as Chairman of the Company's and Executive Chairman of the Bank's Board of Directors, and Chief Executive Officer of the Company. A. Catherine Ngo currently serves as President for the Company and President and Chief Executive Officer for the Bank and also serves on the Company's and Bank's Board of Directors. Colbert M. Matsumoto currently serves as Vice Chair of the Board of Directors of the Company and the Bank. Nine (9) of the twelve (12) Company's and Bank's Board of Directors are independent outside (non-employee) directors. As the Board's former Chair and now as its Lead Independent Director, Ms. Rose previously presided over and once again presides over all meetings of the non-management directors in executive sessions, acts as liaison and facilitates communications between the Board and the principal executive officer, and ensures independent Board governance and oversight of management. In addition, all members of the Board's Audit Committee, Compensation Committee, and Governance Committee are comprised of independent, non-management directors. The Company believes that the current structure ensures sufficient Board independence from management while also optimizing the efficiency and effectiveness of the Board and management in the oversight of the Company and the Bank, and also supports and provides for orderly transition and succession. The Company's Board has adopted a resolution providing that the Board Committee Chairs, and Lead Independent Director shall serve terms of four (4) years. When the Board Committee Chair/Lead Independent Director begins their fourth year of their term, a Vice Chair shall be appointed who shall assume the Board Committee Chair/Lead Independent Director position upon the end of the current Board Committee Chair's/Lead Independent Director's term.

The Company is a one-bank holding company, with the Bank being the Company's only bank subsidiary. All of the directors on the Company's Board also serve on the Bank's Board of Directors. In addition, all of the Company's directors who serve on the Company's Audit Committee, Compensation Committee and Governance Committee also serve on those same board level committees at the Bank. Ernst & Young, the Company's and Bank's internal auditor, reports directly to the Company's and Bank's respective Audit Committees. In addition, the Bank also has an additional board level Trust Committee, Directors' Loan Committee, and Compliance Committee which provide board level oversight over the Bank's trust activities, lending activities, and compliance and cyber security

activities, respectively. The Company's and Bank's Audit Committees perform the required and customary risk oversight functions of an Audit Committee, which include, overseeing accounting, auditing, internal controls, legal and regulatory matters, financial reporting and financial risk. The Company's and the Bank's Compensation Committees perform the required and customary risk oversight functions of a Compensation Committee, which include, overseeing the Company's and Bank's compliance with any laws, rules and regulations applicable to the Company's and Bank's compensation practices, plans and programs, and to ensure that compensation is not structured in a way which will encourage unnecessary or excessive risk taking. The Company's and Bank's Chief Financial Officer and Chief Legal Officer report regularly to the Company's and Bank's Audit Committees. The Company's and Bank's Chief Credit Officer is required to report regularly to the Bank's Directors' Loan Committee.

Cyber security incidents compromising non-public personal financial information may produce material adverse effects to the Bank's business, including but not limited to, reputational harm, loss of intellectual property, disruption of key business operations, governmental fines/penalties, and litigation/remediation costs. Under the direction of its Chief Information Security Officer (CISO), the Bank maintains a formal information security management program to address cyber security risks. The program leverages industry frameworks and standards with the goal of ensuring appropriate controls are established and are frequently assessed for adequacy. Major components of the program include safeguarding customer information, third party vendor oversight and incident response.

The Board and the Bank's Compliance Committee regularly receive reports and briefings from the CISO and Chief Legal Officer relating to a full range of cyber security issues, the Bank's risk posture to protect against cyber security threats, and policies that are intended to adequately implement the program. Annually, the Board reviews and approves the formal written information security program policy including information security risk appetite; obtaining confirmation that the plan is designed to address the dynamic changes in the threat landscape and whenever there is a material change in the Bank's cyber security risks. The CISO periodically keeps the Board abreast of efforts relating to compliance, risk assessments, results of audits, examinations, penetration and vulnerability testing, security breaches or violations and recommended changes to the Bank's information security program. This periodic reporting includes the annual review of the FDIC requirements relating to cyber security and the Gramm-Leach-Bliley Act.

Code of Conduct & Ethics

The Company is committed to promoting and fostering ethical conduct and sound corporate governance principles. The Company has a Code of Conduct & Ethics applicable to all employees, officers and directors of the Company. In addition, the Company also has a supplemental Code of Conduct & Ethics for Senior Financial Officers, which is applicable to the Chief Executive Officer, President, Chief Financial Officer, Controller, any other principal financial officer or principal accounting officer and any other person fulfilling and/or performing any similar role, function or capacity. Both of the aforementioned Codes of Conduct & Ethics are available on the Company's website (www.centralpacificbank.com).

Director Education

Board members are invited to attend the Federal Deposit Insurance Corporation Directors' College Program which is designed to educate bank directors about their fiduciary role and responsibilities, and about regulatory issues and current issues faced by the banking industry. The 2018 attendees from the Company were Christine H.H. Camp, Earl E. Fry, A. Catherine Ngo, and Paul K. Yonamine. In addition, in 2018, Saedene K. Ota, attended a Bank Board Training Forum at a Bank Director conference.

Director Nomination Process

Director Qualifications. The Governance Committee is responsible for reviewing the qualifications and independence of director nominees in accordance with the criteria set forth in the Company's Corporate Governance Guidelines. The general criteria considered include independence, diversity, age, skills, experience and other relevant considerations in

the context of the needs of the Board. Diversity is considered and desired and is viewed in a broad context; we seek Board members from different professions, industries, backgrounds, experiences, cultures, ethnicities, races, and gender, who can represent Hawaii's multi-cultural, multi-ethnic, and multi-racial population and community.

Identifying and Evaluating Nominees. The Board seeks to identify candidates for director positions that are best qualified and suited to meet the needs of the Company and to present these candidates for shareholder approval, as

and when director positions become open and available. The Governance Committee will first identify, review, evaluate and recommend to the Board, nominees for director positions. The Board will then vote whether or not to recommend such nominees to the Company's shareholders for election. In identifying potential director nominees, the Governance Committee will search within the State of Hawaii and may search outside the State of Hawaii for any potential director candidates, and in this regard, may utilize the services of a professional search firm. While the same general criteria set forth above shall be applied in evaluating a candidate's qualifications, it is difficult to enumerate all of the attributes, skills and qualities that the Governance Committee and/or Board may, at any given point in time, determine, consider and value in evaluating, selecting and recommending director nominees. Accordingly, the Governance Committee and the Board exercise their discretion and consider any circumstances, experiences, attributes, skills, qualities, and factors applicable to any director nominee with the intent and purpose of having the best qualified and suited directors serving on the Board at all times, as well as ensuring that the Board as a whole is diverse and well rounded. The Board may enlist the services of a third party to conduct a background check or other investigation in order to determine whether a candidate meets any criteria.

Shareholder Nominees. In accordance with the policies set forth in the Company's Corporate Governance Guidelines and the Company's Bylaws (as amended), the Governance Committee will consider properly submitted director nominees for election at the 2020 Annual Meeting of Shareholders recommended by shareholders if such recommendations are received in writing not less than ninety (90) calendar days nor more than one hundred twenty (120) calendar days prior to the first anniversary date of the annual meeting for the preceding year (such anniversary date, April 26, 2020), and comply with all other applicable requirements set forth in said Corporate Governance Guidelines and Bylaws (as amended). Shareholder recommendations should be addressed to the Company's Corporate Secretary, P.O. Box 3590, Honolulu, Hawaii 96811. In addition, shareholders may bring nominations directly before an annual meeting by giving timely notice in writing to the Company's Corporate Secretary within the same ninety (90) to one hundred twenty (120) calendar day period prior to the first anniversary date of the annual meeting for the preceding year (such anniversary date, April 26, 2020) and complying with all other applicable requirements set forth in the Company's Bylaws.

Communications with the Board

Shareholders of the Company and others may send written communications directly to the Board, addressed to: Board of Directors of Central Pacific Financial Corp., 220 South King Street, 22nd Floor, Honolulu, Hawaii 96813. Any such communication may be directed to the attention of the Chairman of the Board or the Chair of any Board Committee (such as, for example, the Chair of the Audit Committee or the Chair of the Governance Committee) or to the Lead Independent Director or to the non-management or independent directors. Shareholders and others sending such communications should include the following in their written communication: (a) such shareholder(s) and others should identify himself/herself/itself/themselves, and if a shareholder, provide reasonably satisfactory proof of their ownership of the Company's Common Stock; (b) such shareholder(s) and others should state in reasonable detail and communicate with reasonable clarity and specificity their issue or concern; and (c) such shareholder(s) and others should include their contact information (at a minimum, phone number and address). Shareholders and others who wish to communicate anonymously with the Board or any group of the Board should refer to the Company's Complaint Policy available on the Company's website (www.centralpacificbank.com). However, nothing that is stated in this paragraph shall override any requirements imposed on any shareholder communications under the Company's Articles of Incorporation (as amended) or Bylaws (as amended) or other governing documents or by any law, rule or regulation.

ENVIRONMENTAL AND SOCIAL RESPONSIBILITY

The Bank, both directly and through the Central Pacific Bank Foundation ([CPB Foundation](#)), is committed to supporting the communities it serves through its investments, charitable contributions and community service. The Bank believes that a commitment to social, environmental, and economic responsibility is important to the Bank's success.

Environmental Contributions

- **Supporting Renewable Resources:** The Bank continued its program to improve the energy profile of its facilities and branches in 2018. In the past few years, Bank branches on Oahu and the Big Island, as well as another main facility, have been upgraded with roof-mounted photovoltaic solar panels which provide approximately 25% of the energy needs for the four branches and facilities with photovoltaic solar panels.

Energy Savings: The Bank's headquarters has been an ENERGY STAR certified building since 2004. The Bank has commenced LED lighting installation in its headquarters, another main facility, and branches, focusing on common areas where lights are always left on. The Bank is using Variable Frequency Drives for its headquarters' HVAC and pumping systems. The use of Variable Frequency Drives reduces energy use by modulating the speed of fans and pumps depending on need and determined by sensor and set points. Further energy savings at the Bank's headquarters is expected to be achieved through a transformer replacement program that is expected to be completed in 2019.

Social Contributions

Central Pacific Bank Foundation: The CPB Foundation was established in 2007 to strengthen Hawaii communities by creating opportunities for youth and fostering social progress. The CPB Foundation awarded over \$461,000 to 36 organizations in 2018.

Community Service: Bank employees logged more than 9,500 volunteer hours during 2018, benefitting approximately 190 charities.

Central Pacific Bank Works for You Scholarship Fund: For the 2017-2018 academic year, the CPB Foundation awarded three college scholarships totaling \$9,000 for dependents of Bank employees. Eligible recipients also have the opportunity to renew their scholarship each subsequent academic year, for up to four years, or up to \$12,000. Since 2012, the CPB Foundation has provided \$29,000 to fund 20 college scholarships.

Central Pacific Bank Walks for You: The employees of the Bank conduct an annual charity walk with proceeds raised through a wide range of fundraising activities. In 2018, approximately \$100,000 was raised for four charitable organizations selected by Bank employees. Since its inception, this event has raised over \$860,000, which amount includes a 50% match from the CPB Foundation, to benefit 32 charitable organizations in Hawaii.

Commitment to Community Support: In 2018, the Central Pacific Bank Foundation donated a total of \$55,000 to The Salvation Army to aid in services being deployed on Hawaii Island in response to Kilauea's volcanic eruptions, the Hawaii Red Cross in response to the Kauai and East Oahu flooding, and the Hawai'i Community College Emergency Student Aid Fund, which went towards supporting students who have been impacted by emergency situations, including but not limited to the recent volcanic activity on Hawaii Island, and to allow them to continue their educational endeavors. Finally, the Bank launched *Mission Possible - Make A Positive Difference* in 2018 to show its support for Hawaii Island. The Hawaii Island community was suffering from the impact of the volcanic activity, and the declining visitor traffic was affecting many businesses and their employees. The mission was to send two randomly selected Bank employees and their guests every week over a 16 week period to Hawaii Island and make a positive difference by spending at least \$100. The Bank's objective was to lead the business community in taking action, spreading the word via mainstream and social media, and to set an example for other corporations to follow.

Commitment to Education: Approximately 36% of the grants awarded by the CPB Foundation in 2018 went towards education. This included support for the Manoa Heritage Center which connects educators and students through Native Hawaiian cultural resources, and Pacific Aviation Museum Pearl Harbor which provides STEM training for Hawaii Educators. Both the Bank and the CPB Foundation have contributed to programs and scholarship opportunities for University of Hawaii students in various programs. The CPB Foundation helps economically disadvantaged individuals, many of whom are the first in their families to attend college, to fulfill their potential through the University of Hawaii at Manoa College Opportunities Program Central Pacific Bank Rising Scholars scholarship. This program provides a free, intensive six-week summer academic and residential program to prepare students for a successful freshman year, and provides ongoing counseling support.

2018 United Way Campaign: Due to the generosity of Bank employees and a match from the Central Pacific Bank Foundation, the Bank had a successful corporate United Way campaign in 2018. Aloha United Way, Hawaii Island United Way, Kauai United Way, and Maui United Way will benefit from approximately \$400,000 in funding that will allow many local organizations carry on their important work to support our community across the islands.

- **Employee Support:** The Bank increased its minimum hourly rate of pay twice in 2018. The minimum hourly rate was increased to \$15.25 per hour in January 2018 and then to \$16 per hour in December 2018. In addition, the Bank increased the starting pay rates of many job categories of the Bank in 2018.

Economic Involvement

- **Affordable Housing:** From awarding \$10,000 affordable housing grants to Honolulu Habitat for Humanity and Hawaii Homeownership, to organizing a team of volunteers to help build a home or partnering with Hawaii Homeownership that provides support to first-time home buyers, the Bank and CPB Foundation continued to support increasing homeownership in Hawaii in 2018.
- **Support for the Homeless:** In September 2018, the Bank sponsored an application on behalf of Kahauiki Village for the 2018 Strong Communities Award, presented by the Federal Home Loan Bank of Des Moines. Kahauiki Village is a plantation style community off Nimitz Highway that was built to house Hawaii's homeless families. This effort was spearheaded by Director Christine Camp. With the assistance of Bank employees, Kahauiki received more than 8,000 votes and finished in first place, winning \$15,000. The Bank has also provided financial literacy training for residents of Kahauiki Village.
- **Commitment to Small Businesses in Hawaii:** For the fourth year in a row, the Bank was awarded the U.S. Small Business Administration (SBA) lender of the year in Category II (for mid-sized lenders). The Bank originated 102 SBA 7(a) loans, the most among all Hawaii banks, in all categories in the fiscal year ending September 30, 2018. Additionally, for the second straight year, the Bank's total SBA loans in Hawaii exceeded the Hawaii SBA 7(a) loans originated by the three largest Hawaii banks combined (66). This highlights the Bank's commitment to the small business community of Hawaii.
- **Disaster Loan Programs:** During 2018, the Bank offered both a personal loan program and a loan payment deferral option to qualified individuals whose property, belongings or livelihoods were affected by recent natural disasters declared in the state of Hawaii.
- **Commitment to Fostering Financial Literacy:** Bank employees are involved in providing financial literacy education to the next generation. In 2018, the Bank sponsored Junior Achievement events and approximately 25 Bank employees volunteered time to teach financial literacy courses to children.
- **Community Reinvestment Act (CRA):** The Bank is rated Outstanding by the FDIC for CRA performance for its most recent examination period of September 8, 2014 to July 5, 2017. CRA requires banks to help meet the credit needs of the communities in which they operate.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filings under the United States Securities Act of 1933, as amended, or under the United States Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Report by reference.

As of February 22, 2019, the Audit Committee is comprised of three (3) independent directors and operates pursuant to a written charter that was last adopted by our Board in January 2019. The charter is also available on our website at <https://www.centralpacificbank.com>. During 2018, the Audit Committee held eleven (11) meetings, including five (5) private sessions with the independent auditors, four (4) private sessions with internal audit, five (5) private sessions with executive management, and two (2) executive sessions. The Audit Committee's primary purposes are to: (a) assist the Board in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the Company's independent auditors' qualifications and independence, and (iv) the performance of the Company's internal audit function and independent auditors; (b) decide whether to appoint, retain or terminate the Company's independent auditors and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and (c) prepare this Report. The Board has determined, upon the recommendation of the Governance Committee, that each member of the Audit Committee is independent within the meaning of the rules of the NYSE and the SEC. The Board has also determined that each member is financially literate and has accounting or related financial management expertise, as such qualifications are defined under the rules of the NYSE, and that each member is an audit committee financial expert within the meaning of the rules of the SEC. 1. Fees for Christopher T. Lutes represent ten (10) months of service on the CPF/CPB Board of Directors, based on his March 1, 2018 appointment date.

2. Paul K. Yonamine was hired as an employee of Central Pacific Bank on October 1, 2018. Mr. Yonamine's 2018 director fees, paid in June 2018, were not adjusted due to his employment with the Bank. Beginning in 2019, Mr. Yonamine will only be compensated as an employee of Central Pacific Bank.

(a) Board Member A. Catherine Ngo is omitted from this table because Ms. Ngo's compensation is disclosed in the Summary Compensation Table. Board Member, Paul K. Yonamine's compensation as an employee of the Company and Bank beginning October 1, 2018, is omitted from this table because Mr. Yonamine's compensation as an employee is disclosed in the Summary Compensation Table.

(b) Included in this column are fees payable in cash, but which the Directors were permitted to elect to receive in the form of equity. The Directors listed below elected to receive 100% of their fees in equity, either issued from the 2013 Stock Compensation Plan or through the Directors Deferred Compensation (DDC) Plan, under which stock purchase orders in lots of 100 were placed on the market. Actual amounts paid in equity were less than 100% of total fees. The amounts in this column include the following payments made in stock:

- Colbert M. Matsumoto received 2,013 shares (in addition to those listed in column (c)) having a fair market value of \$29.81 per share, a total value of \$60,008. Remaining fees of \$14 were paid in cash.

- Saedene K. Ota received 1,800 shares (in addition to those listed in column (c)) having a fair market value of \$29.8023 per share, a total value of \$53,644. Remaining fees of \$692 were paid in cash.
- Paul K. Yonamine received 1,500 shares (in addition to those listed in column (c)) having a fair market value of \$29.8023 per share, a total value of \$44,703. Remaining fees of \$594 were paid in cash.

Included in this column are fees required to be received in the form of equity, which are paid in shares of CPF common stock either issued from the 2013 Stock Compensation Plan or purchased through the Directors Deferred Compensation (DDC) Plan. In June 2016, the Board of Directors approved a revision to the Directors' fee (c) schedule, which required Directors to receive 50% of total fees in the form of equity. For Directors who elected equity through the DDC Plan, stock purchase orders in lots of 100 were placed on the market. Therefore, actual amounts paid in equity may have resulted in less than 50% of total fees. The fees required to be received in equity and paid in equity were as follows:

- Christine H. H. Camp received 1,800 shares having a fair market value of \$29.8023 per share, a total of \$53,644. Remaining fees of \$53,856 were paid in cash.
- Earl E. Fry received 1,900 shares having a fair market value of \$29.8023 per share, a total value of \$56,624. Remaining fees of \$58,376 were paid in cash.
- Wayne K. Kamitaki received 1,800 shares having a fair market value of \$29.8023 per share, a total value of \$53,644. Remaining fees of \$53,856 were paid in cash.

- Duane K. Kurisu received 1,761 shares having a fair market value of \$29.81 per share, a total value of \$52,495. Remaining fees of \$52,505 were paid in cash.
- Christopher T. Lutes received 1,257 shares having a fair market value of \$29.81 per share, a total value of \$37,471. Remaining fees of \$37,529 were paid in cash.

- Saedene K. Ota received 1,700 shares having a fair market value of \$29.8023 per share, a total value of \$50,664.
- Crystal K. Rose received 2,100 shares having a fair market value of \$29.8023 per share, a total value of \$62,585. Remaining fees of \$62,415 were paid in cash.
- Paul K. Yonamine received 1,500 shares having a fair market value of \$29.8023 per share, a total value of \$44,703.

(g) This column represents the compensation John C. Dean earned as Chairman Emeritus and employee of the Company. He earned a base salary of \$225,000 and earned other compensation (total of \$41,324), including \$1,620 in parking benefits, \$1,854 in group life fringe benefits, \$7,650 in 401(k) Company contributions, \$26,298 in transportation services, \$3,902 in security services.

For each of Messrs. Fry, Kosasa and Matsumoto and Ms. Camp and Ms. Rose, the 216 vested unexercised stock (b) options represent options that were granted on March 11, 2009, as their Company annual Board retainer in lieu of cash. Such stock options, if not exercised, will expire on March 11, 2019.

Directors Deferred Compensation Plan

The Company maintains a Directors Deferred Compensation Plan under which each non-employee director of the Company and the Bank may elect to defer all or a portion of his or her annual retainer. Under the Directors Deferred Compensation Plan, a participating director may elect from various payment alternatives, but full payout must occur no later than the tenth (10th) anniversary of separation from service. Under the Directors Deferred Compensation Plan, deferred amounts are valued based on corresponding investments in certain investment funds offered by the Bank's Trust Division which are selected by the director. No plan earnings are considered to be above-market or preferential and as a result no amounts are reported in column (f) of the Directors Compensation table. The Directors Deferred Compensation Plan is a nonqualified deferred compensation plan under which distributions are made from the general assets of the Company under the direction and oversight of the Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) discusses our 2018 executive compensation program, and more specifically as it relates to the individuals serving as the Company's Chairman and CEO, Paul K. Yonamine (CEO), President, A. Catherine Ngo, Chief Financial Officer (CFO), David S. Morimoto and the three (3) other most highly paid executive officers, David W. Hudson, Executive Vice President, Community Banking, Arnold D. Martines, Executive Vice President, Commercial Markets, and Blenn A. Fujimoto, Executive Vice President, Consumer Lending and Wealth Management. We refer to these executives as our Named Executive Officers (NEOs).

Executive Summary

Under the oversight of our Compensation Committee of the Board of Directors (the Committee), our executive compensation program is designed to attract, retain and incent talented individuals to lead our organization to achieve sustained growth and strong performance for the long term. It includes base pay set at or near the market median, while considering the breadth and scope of each position, with variable incentive opportunities that meet or exceed market based on achieving or exceeding key performance objectives. The performance measures used in 2018 to determine the funding level of the Annual Incentive Compensation Plan and the vesting of performance shares under the Long Term Equity Grant Program were 2018 Net Income and 2018 to 2020 average Return on Assets, respectively.

2018 Executive Compensation Highlights

Strong incentive compensation with short and long term performance alignment. In 2018, our Annual Incentive Compensation goal was based on budgeted Net Income (GAAP), the same metric as was used for the prior year. Two thirds (2/3) of the Long Term Equity Grant is based on targeted 3-year (2018, 2019 and 2020) average Return on Assets (ROA), which cliff vests at the end of the 3-year performance period, based upon the degree to which the goal is achieved. The other one-third (1/3) of the Long Term Equity Grant vests ratably over the 3-year time period.

Type of Compensation	Earnings Opportunity	Relevant Performance Metric	2018 Outcomes
Cash	Annual Cash Incentive (<u>ICP</u>)	2018 Net Income compared to 2018 Budgeted Net Income	The Company achieved 102% of the Net Income goal (adjusted to exclude a non-recurring income tax benefit), which resulted in the pool being funded at 105% of target. In addition, the Company was able to add an additional 2.5% of funding due to exceeding a Customer Experience goal. The result was the overall incentive pool being funded at 107.5% of target. Individual payouts vary based on attainment of corporate, business plan, and personal goals.
Equity (subject to multi-year vesting)	2/3rds Performance-Based Restricted Stock Units (<u>PSUs</u>)	Actual compared to budget 3-Year Average ROA (2018, 2019, 2020)	Not yet earned
	0% to 150% of Performance Award earned at end of 3-year period		

1/3rd Time-based Restricted Stock Units (<u>RSUs</u>)	Time-based step vesting, 1/3 rd per year	Time	First tranche (1/3 of time-based RSUs) vests on 2/15/19
---	--	------	--

We believe our Executive Compensation is consistent with our Solid Financial Performance. The Company continued to realize solid growth on its balance sheet and ended the year with \$5.8 billion in assets, primarily due to a strong increase in loan balances across all lines of business. Asset quality remained strong as non-performing assets were 0.05% of total assets at December 31, 2018. An increase in other operating expense was offset by higher gains in net interest income and other operating income, resulting in improvement in the efficiency ratio. Net income adjusted to exclude the impact of Tax Reform in the prior year, increased by 21.0%, year-over-year, and together with a strong capital position, allowed for the successful execution of a stock repurchase program. In addition, quarterly cash dividends continued in 2018 with an increase to \$0.21 per share in the second quarter. Key factors contributing to the Company's financial performance in 2018 included strong economic and business conditions in the State of Hawaii, as well as a focused strategy on building and strengthening customer relationships. Significant highlights for the year ended December 31, 2018 were as follows:

- Net income was \$59.5 million compared to \$49.1 million in 2017 (adjusted to exclude the impact of Tax Cuts and Jobs Act)
- Return on Assets was 1.05% compared to 0.89% in 2017 (adjusted to exclude the impact of Tax Cuts and Jobs Act)
- Efficiency ratio improved to 63.59% compared to 64.19% in 2017 (Efficiency ratio for 2017 has been revised to reflect the reclassification of amortization of investments in low-income housing tax credit (LIHTC) partnerships from total other operating expense to income tax expense, in connection with a change in accounting policy adopted in the fourth quarter of 2018 related to the Company's investments in LIHTC partnerships)
- Total loans and leases increased by \$307.8 million, or by 8.2%, over 2017
- Total deposits decreased by \$9.9 million, or by 0.2%, over 2017
- Increase in quarterly cash dividend from \$0.18 to \$0.19 per share in the first quarter and from \$0.19 to \$0.21 per share in the second quarter
- Non-performing assets declined by 24.5% to \$2.7 million at year-end 2018 compared to \$3.6 million at year-end 2017

Emphasis on variable pay for Chairman and CEO, Paul K. Yonamine. A significant portion of our CEO's target compensation is comprised of variable short and long term pay. The exhibit below shows the target compensation for our CEO. The peer group benchmark for our CEO is the market median for Executive Chairs or CEO's of the Compensation Peer Group.

CEO Target Compensation versus Compensation Peer Group Median

1. Peer group data is of our Compensation Peer Group based on an analysis completed by McLagan in October 2018.
 2. Fixed pay represents base salary.
3. Variable pay represents annual cash incentives and the current year Long Term Equity Grant at target payout amounts.

Key Areas of Focus and Results for 2018:

Focus on the Long Term

In 2018, the long term incentive plan design performance measure was 3-year average ROA. For our 2018 grant, 2/3 cliff vests based upon the attainment of our 3-year (2018, 2019, 2020) average ROA target.

Focus on Improving Efficiencies

We continue to focus on improving processes, upgrading systems and reducing expenses as evidenced by the continued improvement in the efficiency ratio. Efficiency ratio improved to 63.59% from 64.19% in 2017.

Focus on the Employees

In 2018 as a result of the benefit of the Tax Cuts and Job Act, we increased our starting pay rate twice to \$15.25/hour on January 1, 2018 and \$16.00/hour effective December 1, 2018. These changes support our focus on creating an environment in which employees are engaged and empowered to do their best every day.

Focus on Risk

Take actions to manage and mitigate the Bank's top risks with a focus on compliance and information security.

Focus on Shareholder Support

99.74% approval from shareholders in our most recent Say on Pay vote for 2018. (vote submitted annually) During 2018, the Company repurchased 1,155,157 shares of common stock, or approximately 3.8% of its common stock outstanding as of December 31, 2017.

Focus on Data

Monetize data analytics for revenue generation, cost efficiencies and improved productivity, data integrity and management through data governance.

Focus on the Customer

Customer Experience continues to be a top initiative with the implementation of a Customer Experience Transformation Program to achieve process improvements, increase quality customer face time capacity, and create a customer-centric mind set.

Compensation Governance

The Company's executive compensation program is supported by strong corporate governance and Board oversight. The Committee meets on a regular basis and routinely meets in executive sessions without management present.

Executive Compensation Governance and Practices

Oversight and Governance

- **Independent Oversight of Executive Compensation.** The Committee (comprised of independent directors) oversees and makes recommendations to the Board of Directors on compensation matters as it relates to all NEO's. The Committee also evaluates and recommends to the Board, appropriate policies and decisions relative to executive officer compensation and benefits, including oversight design and administration of executive compensation programs and the Company's compensation policies, practices, and incentive plans for non-executives. It also oversees preparation of executive compensation disclosures for inclusion in our Proxy Statement.
- **Independent Board Members.** Subject to the recommendation of the Committee, all of the independent directors of the Board review and approve the compensation for the Chairman & CEO and the President.
- **Independent Compensation Consultant.** The Committee has retained McLagan, an Aon company, an independent executive compensation consulting firm for the financial services industry, to provide advice and recommendations on Board and executive compensation matters under the oversight and responsibilities as defined by the Compensation Committee Charter. The Committee in its sole discretion selects the consultant, approves their fees and defines their scope of responsibilities.
- **Independent Legal Advisor.** The Committee retains an independent legal advisor, Manatt Phelps & Phillips, LLP, to advise on executive compensation compliance with legal and regulatory requirements.
- **Active Committee engagement.** In 2018, the Committee held five (5) meetings to discuss compensation matters.

Alignment with Shareholder Interests

- **Stock Ownership Guidelines.** Our NEOs and Board members are subject to robust equity ownership guidelines.

Compensation Management & Risk Mitigation

- **Compensation Risk Management.** Committee oversight includes evaluating and monitoring the Company's compensation programs, policies, and practices, which could have a material adverse effect on the risk profile of the overall Company. The Committee conducts at least semi-annual reviews with the Committee-appointed senior risk officer to confirm that all compensation plans, structures, and arrangements do not have a reasonable likelihood to encourage excessive and unnecessary risk taking and do not pose a threat to the overall value of the Company.

Reviews are conducted with the advice of the independent compensation consultant and independent legal advisor. The overall finding from these reviews is that the Company does not believe its plans, policies and practices individually or in their entirety encourage unnecessary or excessive risks that were reasonably likely to have a material adverse effect on the Company or threaten the overall value of the Company.

Executive Compensation Governance and Practices

- **Incentive Plan Risk Management.** Our Annual Cash Incentive Plan is subject to threshold performance at which the incentive pool is funded at 50% of target funding level. At maximum performance, the incentive pool is capped at 150% of target funding level.
- **Long Term Equity Grant Risk Management.** Cliff vesting applies to the performance share portion of the 2018 Long Term Equity Grant, which comprises 2/3 of the total 2018 Long Term Equity Grant. The award is capped at 150% of target shares.
- **No Hedging.** Pursuant to our Company Stock Trading Policy, executive officers and Board members are not permitted to engage in transactions that hedge their investments in Company equity.
- **Limitations on Pledging.** Directors and executive officers of the Company may not pledge the Company's stock as collateral for a loan without the prior consent of the Company's Chairman and CEO or President.

Executive Compensation Features

- **Competitive Peer Analysis.** Compensation decisions are made considering the compensation and performance data of our Compensation Peer Group. All components of executive compensation are reviewed at least annually in consultation with the Committee selected compensation consulting firm.
- **No Employment Agreements.** None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond what is generally available to all other employees if they terminate their employment for good reason, are terminated by the Company without cause, or voluntarily resign, assuming no change-in-control has occurred.
- **Executive Benefits.** Our executives receive the same retirement, health and welfare and other benefits generally available to all employees. As noted in footnote (i) following the Summary Compensation Table, certain NEOs have received company-provided transportation services and relocation benefits.
- **No 280G Excise Tax Gross-ups.** Our executives are not entitled to any Section 280G excise tax gross-up payments.
- **Executive Retirement Benefits.** Our executives are eligible to participate in the same 401(k) Plan as all other employees and the same Non-Qualified Deferred Compensation Plan available to a select group of management and highly compensated employees and are subject to the same eligibility requirements. Two NEOs earned a benefit under the Central Pacific Financial Corp. Defined Benefit Retirement Plan prior to the plan being frozen on December 31, 2002. Benefits under this plan were provided to all other employees eligible to participate in the plan prior to it being frozen.

One NEO is eligible to receive a fully vested nonqualified retirement benefit under a Supplemental Executive Retirement Plan (SERP) Agreement effective July 1, 2005.

Executive Compensation Philosophy and Objectives

The central principle of our compensation philosophy is that executive compensation should align with shareholders interests, without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. The executive compensation program is designed to:

- **Drive performance relative to our strategic plan** and goals, including financial performance.
- **Balance the risk of short-term operational objectives** with the need to build long-term sustainable value.
- **Align executives' long-term interests with those of shareholders** by placing a portion of total compensation at risk, contingent on the Company's performance, without encouraging unnecessary and excessive risks that threaten the overall value of the Company.
- **Attract and retain highly qualified executives** to achieve our goals and to maintain an executive management group that can provide success and stability in leadership.
- Deliver compensation effectively, **providing value to the executive** in an appropriately risk-controlled and cost- efficient manner.
- **Allow flexibility** in responding to changing laws, accounting standards, and business needs, as well as the constraints and dynamic conditions in the markets in which we do business.
- Be supported by **strong corporate governance**, including oversight by the Company's Board.

Our compensation program has multiple pay components, including a fixed annual base salary, variable annual cash incentive pay, variable annual long-term equity grants, and other benefits. We believe that over the long term, a combination of pay components is essential to drive executives to achieve strategic operating and financial goals. There is no set formula to determine the mix of the various pay components and the use of the components may change from year to year based on the Company's circumstances, market conditions, and competitive market for executive talent. We discuss each of the pay components and the role they play in our overall compensation structure, in the Compensation Framework section below.

Say-on-Pay

The Company is required to hold a separate non-binding shareholder vote to approve the compensation of its NEOs, as disclosed pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a Say-On-Pay proposal, permits shareholders to endorse or not endorse the Company's executive compensation program. Because the shareholders' vote is advisory, it is not binding on the Board or the Committee. However, when setting compensation and in determining compensation policies, the Committee took into account the results of the April 2018 shareholder advisory vote on executive compensation and will continue to consider the outcome of this vote each year.

Our shareholders approved the compensation of our NEOs as disclosed in the Proxy Statement for the 2018 annual meeting. 99.74% of our shareholders voting at the 2018 annual meeting voted in favor of the Company's executive compensation program. The Committee believes that the result of this vote is evidence that the Company's compensation policies and decisions are in the best interests of its shareholders and currently expects to apply similar principles going forward.

Compensation Committee Activity and Key Initiatives During 2018

The Committee evaluates existing compensation program components on an ongoing basis to maintain the Company's competitive position to meet the goal of attracting, retaining, and motivating key executives without encouraging unnecessary and excessive risk that could pose a threat to the overall value of the Company.

- **Role of Executives in Compensation Committee Deliberations.** The Committee may request that the Chairman & CEO and/or the President be present at Committee meetings to discuss executive compensation and evaluate the performance of both the Company and individual executives. Other executives may be

requested to attend Committee meetings to provide pertinent financial, legal, or operational information. Executives in attendance may provide their insights and suggestions, but only independent Committee members may vote on decisions regarding executive compensation and other Company compensation matters for recommendation to the Board.

The Chairman & CEO and/or the President do not provide recommendations for their own compensation. The Committee may discuss compensation with them, but the Committee makes final deliberations in an executive session. Based on these deliberations, the Committee submits its recommendations to the entire group of independent members of the Board for approval. Compensation decisions for the Chairman & CEO and the President are based on a variety of factors including but not limited to, Company performance, regulatory restrictions and guidance, periodic market reviews, and recommendations from independent external executive compensation consultants and legal counsel. For all other executives, the Committee considers the Chairman & CEO and/or the President proposals. For all of the NEOs, including the Chairman & CEO and the President, the Committee obtains and considers input from outside advisors including review of market and peer compensation data and trends in making its recommendations to the Board.

In 2018, the Committee completed the following initiatives and actions related to executive compensation:

- **Incentive Plan Review.** Reviewed and discussed the various compensation and incentive arrangements regarding their merits and to confirm they do not encourage any unnecessary and excessive risk that may threaten the value of the Company. These reviews included analysis and feedback from the designated senior risk officer (SRO), our SVP, Director of Internal Audit & Credit Review, as well as, consultation and perspective from Human Resources, Finance, Compliance, Corporate Legal, Credit and Risk, outside legal counsel and executive compensation consultants, where appropriate.
- **Executive Compensation Actions**
 - Approved the 2017 Annual Incentive Compensation Plan payments for Managing Committee members, including NEOs, based on the achievement of corporate, business plan and personal goals.

 - The Committee approved the appointment of A. Catherine Ngo as President of CPF and President and CEO of CPB.

Pay Level and Benchmarking

Benchmarking is an important part of our executive compensation review process. It includes an external review against peer companies and an internal review, based on pay equity, job scope, responsibility and experience. McLagan, an executive compensation consulting firm, is retained to provide consultation to the Committee on the Company's NEO compensation as compared to our peers.

Each year, with assistance from McLagan, the Compensation Committee reviews the compensation practices of our peers in order to assess the competitiveness of the compensation arrangements of our NEOs. Although benchmarking is an active tool used to measure compensation structures among peers, it is only one of the tools used by the Compensation Committee to determine total compensation. Benchmarking is used by the Compensation Committee primarily to ascertain competitive total compensation levels (including base salary, equity awards, cash incentives, and employee benefits) with comparable institutions. Peer performance, market factors, our performance and personal performance are all factors that the Compensation Committee considers when establishing total compensation, including incentives.

Compensation Peer Group

The Compensation Committee reviews the composition of the Compensation Peer Group on an annual basis and modifies the group as necessary as a result of mergers, changes to banks within the group, or changes within the Company. The 2018 compensation peer group was selected based on certain current market criteria, including the following:

1. Publicly-traded United States banks with executive compensation reported in public filings. Western banks with assets between \$2.5 billion and \$8 billion (except for Territorial Bancorp and Columbia Banking System) or Non-Western banks located in a metro area with assets between \$3 billion and \$8 billion.
2. Banking System) or Non-Western banks located in a metro area with assets between \$3 billion and \$8 billion.
3. Excludes thrifts (except for Territorial Bancorp and American Savings Bank)
4. Excludes banks with currently outstanding public severe enforcement actions.

The selection criteria resulted in a group of twenty (20) peers. The Company was positioned at the forty-eighth (48th) percentile in terms of asset size at the time of most recent comprehensive review of the Peer Group members.

Funding of the pool is determined and approved by the Committee and is subject to Net Income performance against our annual target (budget). Based on the Company's Net Income performance against target, it was calculated that the pool should be funded at 105% of target funding. An additional multiplier was available in the plan if the average customer experience goal was exceeded. This resulted in an additional two and one-half percent (2.5%) funding of the incentive pool. For 2018, 50% of the award is payable in cash, 50% in equity with a three year time vest. The percentage of the award payable in cash increases as performance exceeds target. The entire incentive award is payable in cash if 107% of target Net Income is achieved.

- Individual awards may range from 0% to 150% of target.
- Plan allows for up to a plus or minus 15% adjustment to award.
- For 2018, incentive plan payments for NEOs ranged between 21% to 71% of annual base salary.

Salary

We pay our executives cash salaries intended to be competitive and consider the executive's experience, performance, responsibilities, and past and potential contribution to the Company. The objective of paying salary is to provide a base level of compensation to fairly reflect the executive's job and scope of the role performed within the Company. There is no specific weighting applied to the factors considered in setting the level of base salaries, and the Committee uses its own judgment and expertise in determining appropriate salaries within the parameters of our compensation philosophy and objectives, with the guidance and support from an independent executive compensation consultant. While there continues to be a strong focus on collaboration and teamwork, modest adjustments have been made to base salaries over time to recognize the differences in the scope of the positions and individual contributions.

In making salary decisions, the Committee also considers the positioning of projected total compensation with target-level performance incentives. Because we set incentive opportunities as a percentage of salary, changes in salary have a compound effect on total compensation. Before recommending salary changes to the Board, the Committee reviews the projected total compensation based on the proposed salaries, considering both internal and external equity, and confirms that total compensation for the CEO and other NEOs are appropriately aligned with the market.

The base salaries of all NEOs were within acceptable ranges of the peer benchmarks. The table below shows the NEOs' annual base salaries at the beginning of 2018 and with subsequent adjustments to base salaries during 2018.

Annual Variable Cash Compensation

We use annual variable cash compensation to focus executives' attention on current strategic priorities to drive achievement of short-term corporate objectives and to align their interests with our shareholders. Our NEOs participate in an Annual Incentive Compensation Plan under which the Committee approves an incentive pool with funding tied to threshold achievement of eighty-five percent (85%) of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); funding increases based on the level of Net Income results and is capped at one hundred fifty percent (150%) for achievement of one hundred fifteen percent (115%) or more of budgeted Net Income. Actual opportunity for each executive is based on a percentage of base pay. If the pool funding is in excess of the collective formula amounts for NEOs, the remaining balance may be provided as a funded discretionary distribution to NEOs based on performance and/or may be used to increase the incentive opportunity available to non-NEOs. For 2018, the incentive opportunity was a combination of cash and equity with the equity component subject to a three (3) year time vest. The amount of cash earned versus equity increases as the percentage attainment of Net Income increases. At 107% of Net Income, 100% of the incentive is paid in cash.

Budgeted Net Income for 2018 was set during the 2018 budgeting process and was determined with consideration of our continued improvement and outlook in financial performance, including loan and deposit growth, credit risk profile, operational efficiencies and capital position.

In line with our 2018 customer experience initiative, the Plan includes a customer experience multiplier in the incentive pool funding calculation. The multiplier is based on the Company's overall customer feedback score, and could increase or decrease the final pool up to ten percent (10%).

Incentive pool funding based on actual results is summarized in the table below with maximum funding capped at one hundred fifty percent (150%) of target funding, subject to increase by up to ten percent (10%) if the maximum customer experience multiplier were achieved.

Performance goals are focused on a common set of corporate and business plan goals aligned with the board approved budget, annual business plan, and a variety of personal performance goals, focused on financial results, leadership and development.

Yonamine's October 1, 2018 date of hire he was not a participant in the annual cash incentive plan, however, as a result of his strong leadership on the Company's digital, sales, and Japan market strategies, the Committee recommended and the Board approved an incentive payment of \$135,000.

Long-Term Incentives

We use long-term incentives (LTIs) to encourage ownership, foster retention, and align executives' interests with the long-term interests of shareholders.

In 2018, the Committee recommended to the Board and the Board approved a long-term equity grant with both performance and time features. The incentive opportunity for each NEO as well as the plan design was developed in consultation with compensation consultants, McLagan. The amount of equity received by each NEO was determined as a percentage of base salary as follows:

Name	2018 Equity Opportunity as a % of Base Pay	
Paul K. Yonamine ¹	na	
A. Catherine Ngo	75	%
David S. Morimoto	50	%
David W. Hudson	35	%
Arnold D. Martines	35	%
Blenn A. Fujimoto	35	%

Paul K. Yonamine was not eligible to participate in the 2018 Annual Long Term Incentive Plan (LTI) due to his 1. October 1, 2018 date of hire. In 2019, Mr. Yonamine will be eligible to participate in the LTI with a target opportunity of eighty percent (80%) of annual base salary.

On February 15, 2018, the NEOs received long-term equity grants of PSUs and RSUs under the 2013 Stock Compensation Plan, with the PSUs subject to performance vesting and the RSUs subject to time vesting. For each performance vested portion, the performance criteria is based on 2018, 2019 and 2020 average Return on Assets (ROA) as described below. Shares will cliff-vest on February 15, 2021, with the number of shares then to be issued based upon the level of attainment of 2018, 2019 and 2020 average ROA. The 2018, 2019 and 2020 average ROA target was based on a 3-year financial forecast that was utilized by Management and the Board in their strategic planning and capital planning process.

The performance criteria and target goal for the 2018 Long-Term Equity Grant are described below.

- With respect to one-third (1/3) of the grant (RSUs), vesting is time-based, wherein the grant vests in equal amounts over a three-year period.
- With respect to two-thirds (2/3) of the grant (PSUs), vesting is subject to attainment of 95% (threshold) of Board-approved 3-year (2018, 2019, 2020) average ROA. This ROA target was established using reasonable assumptions of the economy and market interest rates that were largely aligned with market consensus estimates at the time. If threshold is not achieved, all shares will be forfeited. If threshold is achieved, the actual number of shares earned will be based on the level of ROA achievement, with Stretch Opportunity capped at 150% of target.
- The number of RSUs and PSUs granted on February 15, 2018 to NEOs is provided in the Grants of Plan-Based Awards table below.

Other Compensation

NEOs are provided the same level of benefits as all other employees. As such, they are eligible to participate in the Company 401(k) Retirement Savings Plan which provides for a Company match, as well as standard health, life and disability insurance benefits. In addition NEOs receive certain perquisites such as transportation services and relocation benefits. The total amounts of these items are reflected in the All Other Compensation column of the Summary Compensation Table. The Committee believes that these items enhance the effectiveness of our key

executives and are consistent with industry practices in comparable banking companies. The Committee regularly reviews the benefits and perquisites we provide.

Adjustment or Recovery of Awards

Our long-term incentive plan currently permits us to cancel or terminate outstanding awards for any reason (which would include misstated or restated financial results). In addition, Section 304 of the Sarbanes-Oxley Act mandates the recovery of incentive awards that would not have otherwise have been paid in the event we are required

to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for (1) any bonus or other incentive or equity-based compensation received during the twelve (12) months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The Securities Exchange Commission has proposed but has not yet finalized rules directing the NYSE and other national securities exchanges to implement Section 954 of the Dodd-Frank Act.

Timing of Equity Grants

On October 25, 2006, we adopted guidelines regarding the equity grant process and related controls. The guidelines, which were reviewed and readopted (with minor changes) on May 20, 2011, are to help ensure that all equity grants are reported and disclosed correctly and accurately, are properly accounted for, and receive proper tax treatment. The grant guidelines are designed to avoid making regular grants during a regularly scheduled Company blackout period, to avoid having the timing of grant dates be affected by material nonpublic information, and to confirm the use of no less than the closing price of our stock on the grant date. Grants take place on the fifteenth (15th) day of February, May, August and November or the next available trading day if the fifteenth falls on a holiday or weekend.

Stock Ownership Guidelines

On May 31, 2012, the Board reinstated Stock Ownership Guidelines applicable to all Board members and executive officers of the Company and Bank. The purpose of the guidelines is to define ownership expectations for these individuals to more closely align with our shareholders.

Due to the executive restructuring in October 2018, the Guidelines were updated by the Board Compensation Committee and is scheduled to go the Board in 2019 for adoption. The following is a summary of the current Stock Ownership Guidelines.

Position	Multiple of Base Pay or # of Shares	Timeframe to Achieve Multiple
Chairman of the Board	Lesser of 25,000 shares or the value of two times annual base salary	5 years
Non-Employee Director	Lesser of 25,000 shares or the value of five times 50% of the annual retainer	5 years
President & CEO	50% of the after-tax net amount of shares granted and vested after May 1, 2012 until such time as the amount of ownership has a market value of four times annual base salary	5 years

Should the multiple not be achieved within the stated timeframe, 100% of the net, after-tax shares vested after the end of the timeframe, must be held until the multiple is achieved.

Executive Vice President	50% of the after-tax net amount of shares granted and vested after May 1, 2012 until such time as the amount of ownership has a market value of 1 ½ times annual base salary	5 years <i>Should the multiple not be achieved within the stated timeframe, 100% of the net, after-tax shares vested after the end of the timeframe, must be held until the multiple is achieved.</i>

Employment Agreements

None of the current NEOs has an employment agreement with the Company and each is employed on an at will basis.

Change-In-Control Agreement

None of our NEOs has a change in control agreement. All NEOs hold unvested options or restricted stock units granted under the Company's 2004 Stock Compensation Plan or the 2013 Stock Compensation Plan. Recent awards under these plans provide for accelerated vesting upon a change-in-control only in the event that employment also terminates in connection with the change-in-control. See the Potential Payments Upon Change-in-Control section later in this document.

Tax and Accounting Considerations

We consider tax and accounting implications in designing our compensation programs. For example, in selecting long-term incentive compensation elements, the Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standard ASC Topic 718), we must expense the grant-date fair value of share-based grants such as restricted stock, restricted stock units, performance shares, and SARs settled in our stock. The grant-date fair value is amortized and expensed over the service period or vesting period of the grant. In contrast, awards that are not share-based (e.g., phantom stock) are expensed based on a value that may fluctuate widely over the vesting period and is not fixed at grant date. In selecting appropriate incentive devices, the Committee reviews extensive modeling analyses and considers the related tax and accounting issues. Section 162(m) of the Internal Revenue Code generally places a limit on the tax deduction for compensation in excess of \$1 million paid in 2018 or in any subsequent taxable year to any of our NEOs or to anyone who was an NEO at any time after December 31, 2016. Beginning in 2018, performance-based compensation is subject to this deduction limit unless paid pursuant to an agreement in effect on November 2, 2017, and not thereafter modified. The Committee has retained the flexibility, however, to pay compensation including incentive compensation, that would exceed the \$1 million deduction limit of Section 162(m) of the Internal Revenue Code, and as a result may not be deductible by us for income tax purposes because the Committee believes that doing so permits it to make compensation decisions that are consistent with the best interests of our shareholders.

Conclusion

The Committee and the Board believe that it is important to provide market-based compensation that will attract and retain highly talented executives with the appropriate competencies and skills necessary for the Company's continued success. Such compensation would include the full range of compensation components, including incentive awards that vary with financial performance, based on achieving our strategic plan and goals without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. Equally important is the need to maintain shareholder confidence and to comply with regulatory executive compensation restrictions and guidance by developing appropriate compensation structures.

Therefore, the Committee evaluates our compensation program and its related components on an ongoing basis. Adjustments are made to the compensation structure as appropriate to maintain the Company's competitive position for executive talent, consistent with our compensation philosophy and objectives, and within the parameters of regulatory restrictions and guidance. The Committee intends this Compensation Discussion and Analysis to provide full, transparent disclosure of what we believe to be a thoughtfully designed compensation structure which focuses on the achievement of short-term objectives, and affirms the philosophy for driving long-term shareholder value.

For year 2018, this column represents actual salary earned at year-end 2018. David W. Hudson base salary (c) includes the prorated equivalent of \$25,000 in interim pay during 2018 for the increased responsibility of managing the bank's operations division for a portion of the year.

Due to Paul K. Yonamine's October 1, 2018 date of hire, he was not eligible to receive an award under the 2018 Annual Incentive Compensation Plan. However, based on his strong leadership on the Company's digital, sales, (d) and Japan market strategies, the Board approved a special bonus for him. A portion of the bonus will be paid in equity in 2019, and will vest ratably over three years. This column includes the total bonus amount, inclusive of cash and equity. The equity portion is valued at \$51,530.

For year 2018, this column represents the value of PSUs and RSUs granted on February 15, 2018, at the closing share price of \$29.44. With respect to PSUs, which were two-thirds (66.67%) of the grant, vesting is subject to attainment of a threshold of 95% of Board approved 3-year average (2018, 2019, 2020) target Return on Assets (ROA). If threshold is not achieved, all PSUs will be forfeited. If threshold is achieved, PSUs will cliff vest on February 15, 2021. Actual PSUs earned will be based on the 3-year average (2018, 2019, 2020) ROA results, (e) with a stretch opportunity capped at 150% of target. The PSUs granted in 2018 were valued based on the probability that the 3-year average (2018, 2019, 2020) ROA will be achieved at 100% of target ROA. Based on the closing price of \$29.44 at the time of grant, the value of the PSUs (66.67% of the total) that the NEOs are eligible to receive at the maximum performance level is as follows: A. Catherine Ngo - \$299,964, David S. Morimoto - \$134,982, David W. Hudson - \$79,429, Arnold D. Martines - \$78,723, Blenn A. Fujimoto - \$80,489. With respect to the remaining one-third (33.33%) portion of the grant, vesting is time-based, whereby shares vest equally over a three-year period.

- The funding of the Annual Incentive Compensation Plan requires a minimum level of overall Company performance before any individual incentive award can be made. The incentive pool is funded upon achieving a minimum of 85% of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); thereafter, funding increases based on the level of Net Income results and capped at one hundred fifty percent (150%). In addition, the Plan includes a customer experience multiplier for the incentive pool calculation. The multiplier is based on the Company's overall customer feedback score, and could increase or decrease the final pool by plus or minus ten percent (10%).

As described in the Summary Compensation Table section above, a portion of the awards under the 2018 Annual Incentive Compensation Plan will be paid in equity in 2019, and will vest ratably over three years.

2. On February 15, 2018, the NEOs received a Board approved grant, with the following features:
 - One-third (33.33%) of the grant - RSUs vest based on time evenly over a three-year period.
 - Two-thirds (66.67%) of the grant - PSUs vest based on attainment of Board approved 3-year average (2018, 2019 and 2020) ROA. If 95% of target (threshold) is not achieved, all shares will be forfeited. If threshold is achieved, the actual number of shares earned will be based on the level of 3-year average ROA achievement, with a stretch opportunity capped at 150% of target shares.

Paul K. Yonamine was not eligible to participate in the 2018 Annual Long Term Incentive Plan due to his October 1, 2018 date of hire.

This column reflects the target annual cash incentive amounts. Individual target incentives were based on a percentage of salary. The target award amounts were based on salaries as of April 1, 2018, when the NEOs received a salary adjustment. Target amounts will adjust as base salary changes throughout the year. Final target amounts are based on 2018 aggregated base salaries. In February 2019, the Committee approved the payment of incentives to NEOs based on achieving 102% of the budgeted Net Income target which equated to incentive pool funding at 105% of target. Paul K. Yonamine was not eligible to participate in the 2018 Annual Incentive Compensation Plan due to his October 1, 2018 date of hire.

This column represents the value of PSUs and RSUs granted on February 15, 2018, at the closing share price of \$29.44. With respect to PSUs, vesting is subject to attainment of a threshold of 95% of Board approved 3-year average (2018, 2019, 2020) target Return on Assets (ROA). If threshold is not achieved, all PSUs will be forfeited. If threshold is achieved, PSUs will cliff vest on February 15, 2021. Actual PSUs earned will be based on the 3-year average (2018, 2019, 2020) ROA results, with a stretch opportunity capped at 150% of target. The PSUs were valued based on the probability that the 3-year average (2018, 2019, 2020) ROA will be achieved at 100% of target ROA.
