THE PROPOSALS

PROPOSAL 1-Election of Directors

Eight directors will be elected at the Annual Meeting to serve until the annual meeting of stockholders in 2006. Under Nevada law, directors are elected by a plurality, so the eight persons nominated for director and receiving the most votes will be elected. Pursuant to AutoZone's Corporate Governance Principles, however, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election is required to tender his or her resignation for consideration by the Nominating and Corporate Governance Committee of the Board. The Nominating and Corporate Governance Committee will recommend to the Board the action to be taken with respect to such resignation.

Abstentions and broker non-votes have no effect on the election of directors. ("Broker non-votes" are shares held by banks or brokers on behalf of their customers that are represented at the meeting but are not voted.)

The Board of Directors recommends that the stockholders vote FOR each of these nominees. These nominees have consented to serve if elected. Should any nominee be unavailable to serve, your proxy will be voted for the substitute nominee recommended by the Board of Directors, or the Board of Directors may reduce the number of directors on the Board.

With the exception of Mr. Rhodes and Ms. Gove, each of the nominees named below was elected a director at the 2004 annual meeting.

Independence

How many independent directors does AutoZone have?

Our Board of Directors has determined that six of our current eight directors are independent: Charles M. Elson, Sue E. Gove, Earl G. Graves, Jr., N. Gerry House, Edward S. Lampert, and W. Andrew McKenna. All of these directors meet the independence standards of our Corporate Governance Principles and the New York Stock Exchange listing standards.

How does AutoZone determine whether a Director is independent?

In accordance with AutoZone's Corporate Governance Principles, a director is considered independent if the director:

- has not been employed by AutoZone within the last five years;
- has not been employed by AutoZone's independent auditor in the last five years;

is not, and is not affiliated with a company that is, an adviser, or consultant to AutoZone or a member of AutoZone's senior management;

- is not affiliated with a significant customer or supplier of AutoZone;
- has no personal services contract with AutoZone or with any member of AutoZone's senior management;
- is not affiliated with a not-for-profit entity that receives significant contributions from AutoZone;
- within the last three years, has not had any business relationship with AutoZone for which AutoZone has been or will be required to make disclosure under Rule 404(a) or (b) of Regulation S-K of the Securities and Exchange Commission as currently in effect;
- receives no compensation from AutoZone other than compensation as a director;
- is not employed by a public company at which an executive officer of AutoZone serves as a director;
- has not had any of the relationships described above with any affiliate of AutoZone; and
- is not a member of the immediate family of any person with any relationships described above.

In determining whether any business or charity affiliated with one of our directors did a significant amount of business with AutoZone, our Board has established that any payments from either party to the other exceeding 1% of either party's revenues would disqualify a director from being independent.

Where can I obtain a copy of AutoZone's Corporate Governance Principles?

Director Nomination Process

What is the Nominating and Corporate Governance Committee's policy regarding consideration of director candidates recommended by stockholders? How do stockholders submit such recommendations?

Copies of the By-laws will be provided upon written request to AutoZone's Secretary and are also available on AutoZone's corporate web site at www.autozoneinc.com.

What qualifications must a nominee have in order to be recommended by the Nominating and Corporate Governance Committee for a position on the Board?

The Board believes each individual director should possess certain personal characteristics, and that the Board as a whole should possess certain core competencies. Such personal characteristics are integrity and accountability, informed judgment, financial literacy, mature confidence, high performance standards, and passion. Core competencies of the Board as a whole are accounting and finance, business judgment, management, crisis response, industry knowledge, international markets, strategy and vision. These characteristics and competencies are set forth in more detail in AutoZone's Corporate Governance Principles, which are available on AutoZone's corporate web site at www.autozoneinc.com.

How does the Nominating and Corporate Governance Committee identify and evaluate nominees for director?

Prior to each annual meeting of stockholders at which directors are to be elected, the Nominating and Corporate Governance Committee considers incumbent directors and other qualified individuals as potential director nominees. In evaluating a potential nominee, the Nominating and Corporate Governance Committee considers the personal characteristics described above, and also reviews the composition of the full Board to determine the areas of expertise and core competencies needed to enhance the function of the Board. The Committee may also consider other factors such as the size of the Board, whether a candidate is independent, how many other public company directorships a candidate holds, and the listing standard requirements of the New York Stock Exchange. The results of an annual self-evaluation process are also considered in the evaluation of future potential director nominees.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying potential nominees for director. Candidates may come to the attention of the Committee through current Board members, stockholders or other persons. The Nominating and Corporate Governance Committee may retain a search firm or other consulting firm from time to time to identify potential nominees. Nominees recommended by stockholders in accordance with the procedure described above, i.e., submitted in writing to AutoZone's Secretary, accompanied by the biographical and business experience information regarding the nominee and the other information required by Article III, Section 1 of AutoZone's Third Amended and Restated By-Laws, will receive the same consideration as the Committee's nominees.

Procedure for Communication with the Board of Directors

How can stockholders communicate with the Board of Directors?

Stockholders may communicate with the Board of Directors by writing to the Board, to any individual director or to the non-management directors as a group c/o Secretary, AutoZone, Inc., 123 South Front Street, Memphis, Tennessee 38103. All such communications will be forwarded unopened to the addressee. Communications addressed to the Board of Directors or to the non-management directors as a group will be forwarded to Charles M. Elson, an independent director, and communications addressed to a committee of the Board will be forwarded to the chairman of that committee.

Compensation of Directors

What compensation do directors receive?

All non-employee directors are paid an annual retainer of \$40,000 per year, with the Audit Committee chairman receiving an additional \$10,000 and the chairmen of the Compensation and Nominating and Corporate Governance committees receiving an additional \$5,000 per year. Mr. Lampert has waived his right to receive the additional retainer as Compensation Committee chairman. There are no meeting fees.

Under the AutoZone, Inc. 2003 Director Compensation Plan, a non-employee director may receive no more than one-half of the annual retainer and other fees immediately in cash, and the remainder of the fees must be taken in common stock or may be deferred in units with value equivalent to the value of shares of common stock as of the grant date.

Do the directors receive stock options?

Under the AutoZone, Inc. 2003 Director Stock Option Plan, on January 1 of each year, each non-employee director receives an option to purchase 1,500 shares of common stock, and each non-employee director who owns common stock worth at least five times the annual fee paid to each non-employee director will receive an additional option to purchase 1,500 shares of common stock. In addition, each new director receives an option to purchase 3,000 shares upon election to the Board of Directors, plus a portion of the annual directors' option grant prorated for the portion of the year served in office. These stock option grants are made at the fair market value of the common stock as of the grant date, defined in the plan as the average of the highest and lowest prices quoted for the common stock on the New York Stock Exchange on the business day immediately prior to the grant date.

PROPOSAL 2-Ratification of Independent Registered Public Accounting Firm

Ernst & Young LLP, our independent auditor for the past eighteen fiscal years, has been selected by the Audit Committee to be AutoZone's independent registered public accounting firm for fiscal year 2006. Representatives of Ernst & Young LLP will be present at the Annual Meeting to make a statement if they so desire and to answer any appropriate questions.

The Audit Committee recommends that you vote FOR ratification of Ernst & Young LLP as AutoZone's independent registered public accounting firm. For ratification, the firm must receive more votes in favor of ratification than votes cast against. Abstentions and broker non-votes will not be counted as voting either for or against the firm. However, the Audit Committee is not bound by a vote either for or against the firm. The Audit Committee will consider a vote against the firm by the stockholders in selecting our independent registered public accounting firm in the future.

During the past two fiscal years, the aggregate fees for professional services rendered by Ernst & Young LLP were as follows:

	2005	2004

The Audit Committee pre-approves all services performed by the independent registered public accounting firm under the terms contained in the Audit Committee charter, a copy of which can be obtained at our web site at www.autozoneinc.com. The Audit Committee pre-approved 100% of the services provided by Ernst & Young LLP during the 2005 fiscal year. The Audit Committee considers the services listed above to be compatible with maintaining Ernst & Young LLP's independence.

Audit Committee Report

The Audit Committee of AutoZone, Inc., has reviewed and discussed AutoZone's audited financial statements for the year ended August 27, 2005, with AutoZone's management. In addition, we have discussed with Ernst & Young LLP, AutoZone's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, the Sarbanes-Oxley Act of 2002, and the charter of the Committee.

The Committee also has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, and we have discussed with Ernst & Young LLP their independence from the Company and its management. The Committee has discussed with AutoZone's management and the auditing firm such other matters and received such assurances from them as we deemed appropriate.

As a result of our review and discussions, we have recommended to the Board of Directors the inclusion of AutoZone's audited financial statements in the annual report for the fiscal year ended August 27, 2005, on Form 10-K for filing with the Securities and Exchange Commission.

While the Audit Committee has the responsibilities and powers set forth in its charter, the Audit Committee does not have the duty to plan or conduct audits or to determine that AutoZone's financial statements are complete, accurate, or in accordance with generally accepted accounting principles; AutoZone's management and the independent auditor have this responsibility. Nor does the Audit Committee have the duty to assure compliance with laws and regulations and the policies of the Board of Directors.

Sue E. Gove
Earl G. Graves, Jr.

Other Matters

Compensation Committee Report on Executive Compensation

The Compensation Committee (the “Committee”) is composed exclusively of non-employee, independent directors. The Committee approves the compensation program for AutoZone’s senior management, including the Chief Executive Officer and the executive officers listed in the Summary Compensation Table on page 20 (the “Named Executive Officers”), and reviews the compensation program for other employees of the Company. The Committee also oversees the administration of employee benefits and benefits plans for AutoZone and its subsidiaries.

Compensation Philosophy

AutoZone’s executive compensation program is designed to attract and retain executives who are key to our long-term success. In this process, we want to align an executive’s compensation with AutoZone’s attainment of business goals and the increase in stockholder value. The Compensation Committee reviews executive compensation annually and makes appropriate adjustments based on company performance, achievement of predetermined goals, and changes in an executive’s duties and responsibilities. Compensation of other AutoZone employees is based on a similar philosophy.

The principal components of AutoZone’s executive compensation program are salary, bonus, and stock options. The Committee believes that each executive’s overall compensation should reflect his or her performance over time, and a mix of cash and equity-based compensation is used to achieve that goal.

Salary. The Committee sets base salaries for AutoZone’s executive officers at levels which the Committee independently determines to be adequate to reward and retain capable executives for the Company. Such determination is based on the Committee’s judgment and on information from a variety of sources about salaries for comparable positions. At the beginning of each fiscal year, the Committee reviews and establishes annual base salaries for the Chief Executive Officer and the other executive officers based on each executive officer’s performance during the past fiscal year and, in the case of executive officers other than the CEO, on the recommendations of the Chief Executive Officer.

Bonus. AutoZone officers and certain other employees are eligible to receive bonuses each fiscal year based on the Company’s attainment of objectives set by the Committee at the beginning of the fiscal year. Bonuses for the executive officers are awarded pursuant to the AutoZone, Inc. 2005 Executive Incentive Compensation Plan (the “Executive Incentive Plan”), which was approved by our shareholders in December, 2004. The Committee approves the bonuses of the executive officers and all bonus-eligible employees of the Company.

At the beginning of each fiscal year, the Committee establishes the bonus objectives for the fiscal year. The objectives can pertain to earnings, earnings per share, sales, market share, operating or net cash flows, pre-tax profits, earnings before interest and taxes, return on invested capital, economic value added, return on inventory, gross profit margin, sales per square foot, comparable store sales, or a combination of objectives. The objectives may change annually to support our business mission. For the 2005 fiscal year, the objectives were based on AutoZone’s earnings before interest and taxes and return on invested capital, as are the objectives for the 2006 fiscal year. As a general rule, as an executive’s level of management responsibility increases, the portion of his or her total compensation dependent on Company performance as measured by business objectives increases.

The Committee also approves a bonus matrix at the beginning of each fiscal year, based on the grade levels of participating employees, that specifies payment of a specified percentage of the participant's annual salary as a bonus if the target objective is achieved. The actual bonus amount paid depends on performance relative to the target objectives. A minimum pre-established goal must be met in order for any bonus award to be paid, and the bonus award as a percentage of annual salary will increase as the performance milestones shown on the matrix are achieved. The Executive Incentive Compensation Plan limits the amount of the bonus award that an executive officer may receive in any one fiscal year to a maximum amount of \$4 million.

Under the Executive Incentive Plan, the Committee has discretion to reduce or eliminate an award that would have been otherwise paid to an executive officer, but not to increase the amount of an award.

Stock Options. To align the long-term interests of AutoZone's management and our stockholders, the Compensation Committee awards stock options to many levels of management, including executive officers. Stock options are granted to executive officers pursuant to the AutoZone, Inc. 1996 Stock Option Plan (the "Stock Option Plan") upon initial hire, and thereafter are typically granted annually in accordance with guidelines established by the Committee. These guidelines establish a range for the number of stock options that could potentially be granted to each eligible employee, including executive officers, based on the grade level of his or her position. The actual grant is determined by the Committee based on the guidelines and the performance of the individual in the position.

Stock options granted in accordance with the Stock Option Plan have a ten-year term and vest in one-fourth increments over a four-year period. All options are granted with an exercise price equal to the fair market value of AutoZone common stock on the date of grant. Option repricing is expressly prohibited by the terms of the Stock Option Plan.

Under the Stock Option Plan, the Committee can grant incentive stock options and non-qualified stock options or a combination of both. The maximum number of option shares which may be granted to any individual in any calendar year is 500,000. During 2003, 2004 and 2005, the Committee granted primarily non-qualified stock options and a smaller number of incentive stock options to executive officers. See the table entitled "Option/SAR Grants in Last Fiscal Year" for details about stock option grants to the Named Executive Officers.

CEO Compensation

The Committee establishes the compensation level for the Chief Executive Officer, including salary and incentive compensation, and reviews and approves any long-term incentive awards for the CEO. The Chief Executive Officer's compensation is reviewed annually by the Committee in conjunction with his performance review, taking into account all forms of compensation, including base salary, cash bonus, long-term incentive awards, and the value of perquisites received.

The Committee and the Board evaluate the performance of the Chief Executive Officer, and the results of this evaluation are used by the Committee to determine the CEO's compensation. The Committee does not rely solely on predetermined formulas or a finite set of criteria when it evaluates the CEO's performance; rather, the evaluation is a subjective determination by the Committee, taking into account such factors as AutoZone's financial performance and results, the CEO's leadership in advancing AutoZone's strategic and operating priorities, and the achievement of short and long-term goals.

In March, 2005, when Mr. Rhodes became Chief Executive Officer, the Committee increased his annual salary to \$600,000 and his bonus target to 100% of base salary, and awarded him 50,000 stock options, based on his increased responsibilities. Mr. Rhodes received a bonus of \$251,216 for the 2005 fiscal year pursuant to the Executive Incentive Plan, which was calculated in accordance with the bonus matrix discussed above. The bonus paid was based on EBIT of \$976 million and ROIC of 23.9%. Mr. Rhodes also received grants of 80,000 stock options during fiscal 2005, including the grant made upon his appointment as Chief Executive Officer, as shown in the table entitled "Option/SAR Grants in Last Fiscal Year."

Tax Deductions for Compensation

The Internal Revenue Code ("Code") limits to \$1 million the amount of compensation that we may deduct in any year for the Chief Executive Officer and our other four most highly paid officers. However, this deduction limitation does not apply to performance-based compensation as defined in the Code. Our compensation plans, including the Executive Incentive Compensation Plan, are generally designed and implemented so that they qualify for full deductibility. However, we may from time to time pay compensation to our executive officers that may not be deductible.

This report was unanimously adopted by the Compensation Committee.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

On March 13, 2005, Mr. Rhodes became the Company's President and Chief Executive Officer. In connection with his appointment as President and Chief Executive Officer, Mr. Rhodes' annual base salary was increased to \$600,000 and his bonus target was increased to 100% of base salary. He received a grant of 50,000 stock options having an exercise price of \$98.30, which will vest in one-fourth increments on March 13, 2006, 2007, 2008 and 2009. Additionally, the Company agreed that if Mr. Rhodes' employment is terminated by the Company without cause, he will receive severance benefits consisting of an amount equal to 2.99 times his then-current base salary.

Mr. Rhodes' salary is subject to annual merit reviews by the Compensation Committee, and he is entitled to participate in the benefit programs afforded to our executive officers. These include eligibility to receive bonus compensation pursuant to the Executive Incentive plan and long-term incentive compensation pursuant to the Stock Option Plan, as approved by the Compensation Committee, as well as other benefit programs.

Mr. Goldsmith has an employment agreement providing that he is employed by AutoZone at a minimum base salary of \$216,000 and a minimum bonus eligibility of 60% of base salary at predetermined targets. Mr. Olsen has an employment agreement providing that he is employed by AutoZone at a minimum base salary of \$285,000 and a minimum bonus eligibility of 60% of base salary. The minimum salaries and bonuses are subject to increase by the Compensation Committee.

Both of these agreements continue until terminated either by the executive or by AutoZone. If the agreement is terminated by AutoZone for cause, or by the executive for any reason, the executive will cease to be an employee, and will cease to receive salary, bonus, and other benefits. If the agreement is terminated by AutoZone without cause, Mr. Goldsmith will remain an employee for three years after the termination date, and Mr. Olsen will remain an employee for two years after the termination date (each, a "Continuation Period"). Each executive will continue to receive his then-current salary and other benefits of an employee, and will receive a prorated bonus for the fiscal year in which he was terminated, but no bonuses thereafter. Each executive's stock options will continue to vest and may be exercised in accordance with the respective stock option agreements until the end of his Continuation Period, after which further stock option exercises and vesting will be governed by the terms of the respective stock option agreements. If the executive is terminated from his position by AutoZone or by the executive for reasons other than a change in control, then the executive will be prohibited from competing against AutoZone for his Continuation Period. "Cause" is defined in each agreement as the willful engagement by the executive in conduct which is demonstrably or materially injurious to AutoZone, monetarily or otherwise. "Change in control" in each agreement means either the acquisition of a majority of our voting securities by or the sale of substantially all of our assets to a non-affiliate of the company.

It has been AutoZone's practice to provide severance benefits to executive officers who do not have written employment agreements. As a general rule, executive officers whose employment is involuntarily terminated without cause and who sign an agreement with the Company waiving certain legal rights and agreeing to non-compete and non-solicitation clauses, receive salary continuation for a period of time ranging from 12 months to 24 months, depending on their length of service. Health insurance benefits continue through the severance period, and the executive is eligible to receive a pro-rated share of his or her annual bonus for the fiscal year in which the severance period begins.

Each grant of stock options to executive officers and other employees pursuant to the Stock Option Plan is governed by the terms of a Stock Option Agreement entered into between the Company and the employee at the time of the grant. The terms of the Stock Option Agreements are determined by the Compensation Committee. They usually provide that stock options may be exercised within 30 days from the option holder's termination of employment due to permanent disability, voluntary termination, involuntary termination without Cause (as defined) or retirement at normal retirement age, or within one year from the date of the option holder's death, whichever occurs later. The Stock Option Agreements also provide that stock options may expire in the event of certain change in control transactions unless the Compensation Committee waives the provision in connection with the transaction.

Executive officers are eligible to participate in the AutoZone, Inc. Executive Deferred Compensation Plan, a nonqualified plan that allows executives who participate in AutoZone's 401(k) plan to make a pretax deferral of base salary and bonus compensation. Officers may defer up to 25% of base salary and bonus, minus deferrals under the 401(k) plan. The Company matches 100% of the first 3% of deferred compensation and 50% of the next 2% deferred. Participants may elect to receive distribution of their deferral accounts at retirement or starting in a specific future year of choice before or after anticipated retirement (but not later than the year in which the participant reaches age 75). If a participant's employment with AutoZone terminates other than by retirement or death, the account balance will be paid in a lump sum payment six months after termination of employment.

On March 11, 2005, Steve Odland resigned as Chairman, President and Chief Executive Officer of the Company. Pursuant to Mr. Odland's employment agreement, originally entered in 2001, (a) Mr. Odland's employment terminated upon his resignation, and he ceased to receive any further salary, bonus or benefits, other than benefits under the AutoZone Plan as discussed below; (b) his stock options were governed by the terms of the applicable Stock Option Agreements, which provided that the options could be exercised during the 90-day period following his resignation, and (c) upon attaining the age of 65, Mr. Odland will receive a pension benefit pursuant to the AutoZone, Inc. Executive Deferred Compensation Plan. The monthly amount of the pension benefit is \$8,160.75; sixty monthly payments are guaranteed. Mr. Odland's employment agreement also provides that Mr. Odland will not compete with AutoZone or hire or encourage others to hire any of our employees for a period of three years following his resignation.

Mr. Longo resigned as Executive Vice President, Supply Chain, Information Technology, Mexico & Store Development effective October 28, 2005. The Company and Mr. Longo entered into an agreement dated October 19, 2005, pursuant to which Mr. Longo's employment will terminate on October 28, 2005, he will continue to receive his current salary for two years after such date, and will receive a prorated bonus for the 2006 fiscal year at the time such bonuses are paid. If Mr. Longo elects COBRA coverage, he also will receive an additional amount sufficient to cover the difference between his current premium payments for group health insurance and the premium payments pursuant to COBRA. The agreement also provides that Mr. Longo will not compete with AutoZone or hire any AutoZone employee during the two-year period. The Employment and Non-Compete Agreement dated August 31, 1999, between Mr. Longo and the Company was terminated effective October 19, 2005.

Our stockholders have approved the AutoZone, Inc. 1996 Stock Option Plan, the AutoZone, Inc. Second Amended and Restated Employee Stock Purchase Plan, the AutoZone, Inc. Executive Stock Purchase Plan, the AutoZone, Inc. 2003 Director Compensation Plan, and the AutoZone, Inc. 2003 Director Stock Option Plan.

Equity Compensation Plans Not Approved by Stockholders

The AutoZone, Inc. Second Amended and Restated Director Compensation Plan and the AutoZone, Inc. Fourth Amended and Restated 1998 Director Stock Option Plan were approved by the Board, but were not submitted for approval by the stockholders as then permitted under the rules of the New York Stock Exchange. Both of these plans were terminated in December 2002 and were replaced by the AutoZone, Inc. 2003 Director Compensation Plan and the AutoZone, Inc. 2003 Director Stock Option Plan, respectively, after the stockholders approved them. No further grants can be made under the terminated plans. However, any grants made under these plans will continue under the terms of the grant made. Only treasury shares are issued under the terminated plans.

Under the Second Amended and Restated Director Compensation Plan, a non-employee director could receive no more than one-half of the annual and meeting fees immediately in cash, and the remainder of the fees were taken in common stock or deferred in stock appreciation rights.

Under the Fourth Amended and Restated 1998 Director Stock Option Plan, on January 1 of each year, each non-employee director received an option to purchase 1,500 shares of common stock, and each non-employee director that owned common stock worth at least five times the annual fee paid to each non-employee director on an annual basis received an additional option to purchase 1,500 shares of common stock. In addition, each new director received an option to purchase 3,000 shares upon election to the Board of Directors, plus a portion of the annual directors' option grant prorated for the portion of the year actually served in office. These stock option grants were made at the fair market value as of the grant date.
