NOTES TO FINANCIAL STATEMENTS

(1) Financial Statement Presentation

The unaudited financial statements of eXegenics Inc., a Delaware corporation (the “Company”), included herein have been prepared in accordance with the rules and regulations promulgated by the Securities and Exchange Commission and, in the opinion of management, reflect all adjustments necessary to present fairly the results of operations for the interim periods presented. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. However, management believes that the disclosures are adequate to make the information presented not misleading. These financial statements and the notes thereto should be read in conjunction with the financial statements and the notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2005. The results for the interim periods are not necessarily indicative of the results for the full fiscal year.

(2) Cash and Cash Equivalents

The Company considers all non-restrictive, highly liquid short-term investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents, which amount to \$8,591,000 and \$8,901,000 at September 30, 2006 and December 31, 2005, respectively, consist principally of interest-bearing cash deposits.

(3) Loss Per Common Share

Basic and diluted loss per common share is based on the net loss increased by dividends on preferred stock divided by the weighted average number of common shares outstanding during the period. No effect has been given to outstanding options, warrants or convertible preferred stock in the diluted computation, as their effect would be antidilutive.

(4) Share-Based Compensation

During the nine months ended September 30, 2006, the stock option activity under our 1996 Stock Option Plan and 2000 Stock Option Plan (collectively the “Stock Option Plans”), was as follows:

	Weighted Average Price	Number of Shares	Weighted Average Remaining Contractual Term(In Years)
Outstanding, January 1, 2006	\$ 3.37	905,000	
Granted	0.40	60,000	
Canceled or Expired	4.31	(670,000)	
Forfeited	-	-	
Exercised	-	-	
Outstanding, September 30, 2006	\$ 0.62	295,000	8.28

Options exercisable as of September 30, 2006	295,000	8.28
--	---------	------

eXegenics Inc.

NOTES TO FINANCIAL STATEMENTS - (Continued)

Under the Stock Option Plans, 3,955,000 shares of our Common Stock are available for issuance. Options outstanding and exercisable were granted at a stock option price, which was not less than the fair market value of our Common Stock on the date the option was granted and no option has a term in excess of ten years. Additionally, options vested and became exercisable either on the date of grant or commencing one or two years from the option grant date.

In December 2004, Financial Accounting Standards Board issued SFAS No. 123R, Share-Based Payment (“SFAS No. 123R” or the “Statement”). This Statement is a revision of SFAS No. 123, Accounting Principles Board Option No. 25, Accounting for Stock Issued to Employees (“APB No. 25”) and its related implementation guidance. On January 1, 2006, we adopted the provisions of SFAS No. 123R using the modified prospective method. SFAS No. 123R focuses primarily on accounting transactions in which an entity obtains employee or similar services in share-based payment transactions. The Statement requires entities to recognize compensation expense for awards of equity instruments to employees or employee equivalents based on the grant-date fair value of those awards (with limited exceptions). SFAS No. 123R also requires the benefits of tax deductions in excess of recognized compensation expense to be reported as financing cash flows, rather than as an operating cash flow as prescribed under the prior accounting rules. This requirement reduces net operating cash flows and increases net financing cash flows in periods after adoption. Total cash flow remains unchanged from what would have been reported under prior accounting rules.

Prior to the adoption of SFAS No. 123R, we followed the intrinsic value method in accordance with APB No. 25 to account for our employee stock options. Accordingly, no compensation expense was recognized for the issuance of stock options under any of our Stock Option Plans for periods ended prior to January 1, 2006. The adoption of SFAS No. 123R primarily resulted in a change in our method of recognizing the fair value of share-based compensation. Specifically, the adoption of SFAS No. 123R will result in our recording compensation expense for employee stock options.

The pre-tax share-based employee compensation expense recorded in the 2006 third quarter was approximately \$3,000. Such expense resulted solely from the estimated value to be recognized from the share-based payments of options granted to our board of directors. The options outstanding at December 31, 2005 did not and will not impact 2006 consolidated results of operations and financial positions since substantially all option-holders were fully vested in such options at December 31, 2005.

The fair market value of the shared-based payments made in the third quarter of 2006 was estimated using Black-Scholes option pricing model with the following weighted average assumptions:

Risk-free interest rate	5.1%
Expected volatility	19.6%
Weighted average expected life (in years)	5.0
Dividend yield	0%

eXegenics Inc.

NOTES TO FINANCIAL STATEMENTS - (Continued)

Results for 2005 third quarter have not been restated. Had compensation expense for employee stock options granted under our Stock Option Plans been determined based on fair value at the grant date consistent with SFAS No. 123, our net income and earnings per share for the 2005 first quarter would have been the pro forma amounts indicated below:

	Three Months Ended September 30, 2005	Nine Months Ended September 30, 2005
Net income (loss) attributable to common stockholders as reported	\$ 871	\$ (88)
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(4)	(1)
Pro forma net income (loss)	\$ 867	\$ (89)
Earnings per share:		
Basic and diluted-as reported	\$ 0.05	\$ (0.01)
Basic-pro forma	\$ 0.05	\$ (0.01)

(5) Dividends

During the nine month periods ended September 30, 2006 and September 30, 2005, 10% preferred stock dividends were declared equal to \$238,000 and \$234,000 respectively. These dividends were paid through the issuance of 95,253 and 93,502 additional shares of Series A preferred stock, respectively.

(6) Subscriptions Receivable

In May, 2001, the Company entered into a limited recourse note and pledge agreement with a former President and Chief Executive Officer (Dr. Ronald Goode) in connection with a stock subscription arrangement. The amount of this note is \$300,000 plus 4.71% interest paid on a semi-annual basis. Dr. Goode failed to make the semi-annual interest payment since May 2005 and principal due May 2006. During the second quarter period ended June 30, 2005, the Company created a reserve and the subscription receivable balance on September 30, 2006 is presented net, equal to the value of the underlying collateral. On October 30, 2006, the Company reached agreement with Dr. Goode concerning the cancellation of the subscription agreement and note in consideration for the assignment to the Company of the 100,000 shares of common stock underlying the subscription.

eXegenics Inc.

NOTES TO FINANCIAL STATEMENTS - (Continued)

(7) Recently Issued Accounting Standards

In May 2005, the FASB issued Statement of Financial Accounting Standards No. 154, "Accounting Changes and Error Corrections-a replacement of APB Opinion No. 20 and FASB Statement No. 3" (SFAS 154"). This Statement replaces APB Opinion No. 20, "Accounting Changes," and FASB Statement No. 3, "Reporting Accounting Changes in Interim Financial Statements." SFAS 154 requires retrospective application to prior periods' financial statements for changes in accounting principle, unless it is impractical to determine either the period-specific effects or the cumulative effect of the change. SFAS 154 also requires that a change in depreciation, amortization, or depletion method for long, non-financial assets be accounted for as a change in accounting estimate effected by a change in accounting principle. SFAS is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company believes that adoption of the provisions of SFAS 154 will not have a material effect on the Company's financial statements.

In September 2006, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard ("SFAS") No. 157, "Fair Value Measurements". SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. As such, the Company is required to adopt these provisions at the beginning of the fiscal year ended December 31, 2008. The Company is currently evaluating the impact of SFAS 157 on its financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

In this section, "Management's Discussion and Analysis of Financial Condition and Results of Operations," references to "we," "us," "our," and "ours" refer to eXegenics Inc.

The following discussion should be read in conjunction with, and is qualified in its entirety by, the Financial Statements and the Notes thereto included in this report. This report contains certain forward-looking statements as that term is defined in the Private Securities Litigation Reform of 1995. Such statements are based on management's current expectations and are subject to a number of factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. When used in this report the words "anticipate," "believe," "estimate," "expect" and similar expressions as they relate to our management or us are intended to identify such forward-looking statements. Our actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements. Historical operating results are not necessarily indicative of the trends in operating results for any future period.

eXegenics, Inc., formerly known as Cytoclonal Pharmaceuticals Inc. (the "Company"), was previously involved in the research, creation, and development of drugs for the treatment and/or prevention of cancer and infectious diseases. We had previously operated as a drug discovery company, exploiting new enabling technologies to advance and shorten the new drug development cycle. Commencing in 2003, we began terminating our research and related activities and we have now completed the termination of all research activities. All scientific staff and administrative positions were eliminated and all of our research and development activities have been terminated. As such, we are now a holding company with a portfolio of cash and marketable securities.

eXegenics Inc.

Our Board and management are focused on redeploying the remaining residual assets of the Company. The Board has established a committee to study strategic direction and identify potential business opportunities and the Company's objective continues to be to redeploy its assets and actively pursue new business.

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to investments, intangible assets, income taxes, contingencies and litigation. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements.

The Company considers all non-restrictive, highly liquid short-term investments purchased with an original maturity of three months or less to be cash equivalents. We record a valuation allowance to reduce our deferred tax asset to the amount that is more likely than not to be realized. While we have considered future taxable income and ongoing prudent and feasible tax planning strategies in assessing the need for the valuation allowance, in the event we were to determine that we would be able to realize deferred tax assets in the future in excess of its net recorded amount, an adjustment to the net deferred tax asset would increase income in the period such determination was made. Likewise, should we determine that we would not be able to realize all or part of our net deferred tax asset in the future, an adjustment to the net deferred tax asset would be charged to income in the period such determination was made. The Company periodically evaluates the need to maintain the reserve for its material pending legal proceeding.

RECENT DEVELOPMENT

On August 14, 2006, we entered into a Stock Purchase Agreement with a small group of investors led by Dr. Phillip Frost. Pursuant to the agreement, the investors will purchase shares of our common stock that will represent 51% of our common stock, on a fully diluted basis. The shares will be purchased for \$8,613,000, reflecting our book value at June 30, 2006, although the purchase price is subject to adjustment to reflect our book value at closing. The transaction is subject to customary conditions of closing, including approval of our stockholders. The closing is presently expected to close in the first quarter of 2007.

eXegenics Inc.

RESULTS OF OPERATIONS

FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2006 AND 2005

Revenue

There were no revenues for the three months ended September 30, 2006 and September 30, 2005.

General and Administrative Expenses

We incurred general and administrative expenses of \$280,000 and \$194,000 for the three months ended September 30, 2006 and 2005, respectively, an increase of \$86,000 or 44%. The increase is attributable to the following: a \$120,000 increase in legal and accounting expense, which includes \$100,000 increase in the reserve for an ongoing litigation with Dr. Labidi. That increase was partially offset by decreases in the following: a \$17,000 decrease in director and officer insurance premium expense, a \$14,000 decrease in professional consulting fees and a \$3,000 decrease in travel expense.

Other Income and Expenses

Other income and expenses was a profit of \$112,000 and \$1,065,000 for the three months ended September 30, 2006 and 2005, respectively. In 2005 the Company sold Javelin Pharmaceuticals, Inc. common stock for \$1,039,000. Interest income was \$112,000 and \$26,000 for the three months ended September 30, 2006 and 2005, respectively. The increase was due to increased interest rates and the increase in cash and cash equivalents as a result of the sale of Javelin Pharmaceuticals, Inc. common stock.

Net Loss

We incurred a net loss attributable to common shareholders of \$168,000 and a net profit of \$871,000 for the three months ended September 30, 2006 and 2005, respectively. Net loss (profit) per common share was \$0.03 and \$(0.05) for the three months ending September 30, 2006 and 2005, respectively.

FOR NINE MONTHS ENDED SEPTEMBER 30, 2006 AND 2005

Revenue

There were no revenues for the nine months ended September 30, 2006 and September 30, 2005.

General and Administrative Expenses

We incurred general and administrative expenses of \$640,000 and \$1,008,000 for the nine months ended September 30, 2006 and 2005, respectively, a decrease of \$368,000 or 37%. The decrease is attributable to the following: a \$46,000 decrease in leased equipment, a \$77,000 decrease in director and officer insurance premium expense, a \$20,000 decrease in business travel related expenses, a \$264,000 decrease in compensation and overhead expenses, a \$5,000 decrease in other taxes paid, a decrease of \$3,000 in postal, delivery and office expense and a \$73,000 decrease in miscellaneous expense. That decrease was partially offset by increase in the following: a \$66,000 increase in legal and accounting expenses (primarily attributable to a \$100,000 increase in the reserve for on ongoing litigation with Dr. Labidi), a \$3,000 increase in investor relations expense, a \$30,000 increase in professional consulting fees and a \$21,000 increase in board of director compensation.

eXegenics Inc.

Other Income and Expenses

Other income and expenses was a profit of \$360,000 and \$1,154,000 for the nine months ended September 30, 2006 and 2005, respectively. In 2005 the Company sold Javelin Pharmaceuticals, Inc. common stock for \$1,039,000. Interest income was \$360,000 and \$115,000 for the nine months ended September 30, 2006 and 2005, respectively. The increase was due to increased interest rates and the increase in cash and cash equivalents as a result of the sale of Javelin Pharmaceuticals, Inc. common stock.

Net Loss

We incurred a net loss attributable to common shareholders of \$518,000 and \$88,000 for the nine months ended September 30, 2006 and 2005, respectively. Net loss per common share was \$0.03 and \$0.01 for the nine months ending September 30, 2006 and 2005, respectively.

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2006, we had cash and cash equivalents of approximately \$8,591,000. During the nine months ended September 30, 2006, net cash used in operating activities was \$310,000.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

3.

Our exposure to financial market risk, including changes in interest rates, relates primarily to our marketable security investments. We do not believe that a 100 basis point increase or decrease in interest rates would significantly impact our business. We do not have any derivative instruments. We operate only in the United States. We do not have any material exposure to changes in foreign currency exchange rates.

Item 4. Controls and Procedures

4.

An evaluation was carried out by the Company's Interim Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Company's "Disclosure Controls and Procedures". They have concluded that, given our limited operation, our Disclosure Controls and Procedures were effective. As such term is used above, the Company's Controls and Procedures are controls and other procedures of the Company that are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure Controls and Procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by the Company in such reports is accumulated and communicated to the Company's management, as appropriate to allow timely decisions regarding required disclosure.

Further, there were no significant changes in the internal controls over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the quarter ended September 30, 2006 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

eXegenics Inc.

PART II. OTHER INFORMATION

Item Legal Proceedings

1.

On October 5, 2005, in the matter brought by Abdel Hakim Labidi (one of our former employees) against the Company, a jury ruled in favor of Dr. Labidi determining that the Company converted certain biological research materials owned by Dr. Labidi, and the Company committed theft of biological materials owned by Dr. Labidi. The jury awarded Dr. Labidi a total of \$600,000. Dr. Labidi has moved the court to award attorney fees and interest on the jury's award. We await a decision from the Court on this motion. The Company is reviewing this matter to determine the validity of appealing the decision of the jury. The final amount due by the Company to Dr. Labidi under such judgment is likely to be between \$350,000 and \$750,000. The Company has recorded a provision of \$350,000 in the financial statements in September 30, 2006.

Item Risk Factors

1A.

There are no material changes from the risk factors previously disclosed in the Company's Form 10-K for the year ended December 31, 2005 in response to Item 1A. to Part 1 of Form 10-K.

Item Unregistered Sales of Equity Securities and Use of Proceeds

2.

None.

Item Defaults Upon Senior Securities

3.
