Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires the Company’s executive officers, directors and persons who own more than 10% of the Company’s outstanding common stock to file initial reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company by such persons, the Company believes that during fiscal 2008 all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with, except that the Form 4 with respect to an award of restricted stock to Ed Roffman and the Form 4 with respect to an award of restricted stock to Jon Witkin, both granted on October 1, 2008, were not timely filed.

Code of Ethics and Corporate Governance

The Company adopted a Code of Business Conduct and Ethics (the “Code”) on July 18, 2007 that applies to all of the Company’s directors and employees, including its chief executive officer and chief financial officer. Item 11. Executive Compensation.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion & Analysis (“CD&A”) outlines the Company’s executive compensation programs. It explains the decision making process used by our Compensation Committee, the reasoning behind our executive compensation programs, and the actions the Compensation Committee took related to the compensation of the following executives (our “Named Executive Officers”):

- Barry Cinnamon — President, Chief Executive Officer and Secretary
- Gary Effren — Chief Financial Officer and Treasurer
- Steve Daniel — Executive Vice President, Sales and Marketing
- James Curran — Chief Operating Officer

I. Overview of Our Compensation Programs

A. Philosophy and Objectives

The Company's executive compensation programs are based on the following philosophies and objectives:

- Compensation Should Align with Stockholders' Interests — The Compensation Committee believes that executives' interests should be aligned with those of the stockholders. Executives are granted restricted stock and stock options so that their total compensation is tied directly to the same value realized by our stockholders. Executive bonuses are tied directly to the value that the Company gains from an executive's contribution to the Company's success as a whole.

- 7 -

- Compensation is Competitive — The Compensation Committee seeks to provide a total compensation package that attracts, motivates and retains the executive talent that the Company needs in order to maximize its return to stockholders. To accomplish this objective, executive compensation is reviewed annually to ensure that compensation levels are competitive and reasonable given the Company’s level of performance and other comparable companies with which the Company competes for talent.
- Compensation Motivates and Rewards the Achievement of Goals — The Company’s executive compensation programs are designed to appropriately reward both individual and collective performance that meets and exceeds annual, long-term and strategic goals of the Company. To accomplish this objective, a substantial percentage of total compensation is variable, “at risk”, both through annual incentive compensation and the granting of long-term incentive awards.

B. Compensation Administration

Role of the Compensation Committee

Pursuant to the terms of its charter, the Compensation Committee is responsible for the review and approval of all aspects of our executive compensation program and makes decisions regarding the compensation of our Named Executive Officers, including our Chief Executive Officer. The Compensation Committee’s responsibilities include but are not limited to the following:

- Reviewing and approving on an annual basis the corporate goals and objectives with respect to the compensation of the Chief Executive Officer and other Named Executive Officers;
- Evaluating the Chief Executive Officer’s and other Named Executive Officer’s performance at least annually in light of those goals and objectives, and based upon these evaluations reviewing on an annual basis those officers’ annual compensations, including (i) annual base salary level, (ii) annual incentive compensation, (iii) long-term incentive compensation, (iv) employment, severance and change-in-control agreements, if any, and (v) any other compensation, ongoing perquisites or special benefit items;
- Developing and periodically assessing the Compensation Committee’s compensation policies applicable to the Company’s Chief Executive Officer and other Named Executive Officers and directors, including the relationship of corporate performance to executive compensation.
- Periodically reviewing and advising the Board concerning both regional and industry-wide compensation practices and trends in order to assess the adequacy and competitiveness of the Company’s compensation programs for the Chief Executive Officer and other Named Executive Officers and directors relative to comparable companies in the Company’s industry.
- Granting restricted stock, stock option, and other equity-based or incentive awards to the Company’s Named Executive Officers, employees and other individuals under the Company’s stock and incentive compensation plans, including any performance criteria relating to the plans or awards, and otherwise assisting the Board in administering awards under these plans.
- Reviewing and approving the Company’s employee benefit programs, including reviewing and approving any incentive-compensation and equity-based plans of the Company that are subject

to Board approval;

Additional information regarding the Compensation Committee's responsibilities is set forth in its charter, which is posted on our website at <http://ir.akeena.com/Governance.cfm>.

Role of the Chief Executive Officer

Our Chief Executive Officer, Barry Cinnamon, makes recommendations to the Compensation Committee regarding the compensation of our other Named Executive Officers. The Compensation Committee often requests Mr. Cinnamon to be present at Compensation Committee meetings where executive compensation and the performance of our Named Executive Officers are discussed and evaluated. Within the framework of the compensation programs approved by the Compensation Committee, Mr. Cinnamon may recommend base salary adjustments and make suggestions regarding incentive plan performance measures and equity compensation grants for other Named Executive Officers. Mr. Cinnamon does not participate in any discussions or processes concerning his own compensation, and participates in a non-voting capacity in discussions or processes concerning the compensation of the Company's Named Executive Officers.

- 8 -

C. Program Design

The Compensation Committee uses a simple and straightforward approach in compensating our Named Executive Officers in which base salary, annual incentives and stock options are the principal components. In addition, executives generally participate in the same benefit programs as other full-time employees.

The Company's executive compensation programs are designed to provide executives with a reasonable level of fixed compensation through base salary and benefits, and an opportunity to earn incentive compensation through the annual and long-term incentive programs based on a mix of individual and Company performance and increases in the value of our stock. The incentive plans are designed to pay well when performance meets or exceeds expectations and pay little or no incentive if performance is below expectations.

As an executive's level of responsibility increases, the Compensation Committee generally targets a greater portion of the executive's compensation to be contingent upon performance. For example, the Company's Chief Executive Officer and the other Named Executive Officers have a higher percentage of compensation at risk (and thus greater upside and downside potential) relative to the Company's other employees. The Compensation Committee believes this is appropriate because the Named Executive Officers have the greatest influence on the Company's performance.

D. Compensation Review Process

The Compensation Committee annually reviews compensation for our Named Executive Officers. In making its decisions, the Compensation Committee considers the executive's role and responsibilities, Company and individual performance, and regional and industry-wide compensation practices and trends. This approach is used to set base salaries, annual incentive opportunities, stock option award levels and the mix of compensation elements.

II. Components of Compensation

The Company provides four compensation components to Named Executive Officers:

- Base salary,
- A cash annual incentive based on the achievement of specified goals and objectives,
- Long-term incentive in the form of restricted stock and stock options, and
- Benefits.

A. Base Salaries

The Company provides its Named Executive Officers a base salary commensurate with their position, responsibilities and experience. The 2008 base salaries, in dollars, and the percentage increase in the 2008 base salaries from the 2007 base salaries, for our Named Executive Officers, are as follows:

	2008 Base Salary	Percentage Increase from 2007 Base Salary
Named Executive Officer Barry Cinnamon	\$ 275,000	35.0%

Edgar Filing: Akeena Solar, Inc. - Form 10-K/A

President and Chief Executive Officer and Secretary

Gary Effren

Chief Financial Officer and Treasurer \$ 250,000 0.0%(1)

Steve P. Daniel

Executive Vice President Sales and Marketing \$ 250,000 38.7%(2)

James Curran

Chief Operating Officer \$ 275,000 17.3%(3)

(1) Mr. Effren joined the Company on September 24, 2007.

(2) Mr. Daniel joined the Company on January 30, 2007 and left on December 5, 2008.

(3) Mr. Curran joined the Company on May 29, 2007 and left on April 23, 2008.

B. Annual Incentives

In 2008, the Compensation Committee established the Company's Executive Bonus Plan (the "Bonus Plan"). Named Executive Officers were to be rewarded bonuses based on whether, in the discretion of the Compensation Committee, the Company met certain revenue and operating income goals that aligned with the business plan to achieve profitability. The Compensation Committee believed that the Bonus Plan was appropriate to motivate the Named Executive Officers to focus on expanding the Company's business and managing profitability.

Based on the executive compensation review, the Compensation Committee established a target incentive of up to 70% of salary for Mr. Cinnamon, up to 50% of salary for Mr. Effren and Mr. Curran, and up to 100% of salary for Mr. Daniel with no eligibility for override commissions. According to the terms of the Bonus Plan, the Company's targeted revenue and operation income goals must be achieved before an incentive is paid, and the Named Executive Officers have the opportunity to receive up to 100% of their target incentive at maximum performance.

Actual performance resulted in revenues of \$40.8 million and an adjusted operating loss of \$24.4 million. The Compensation Committee decided to follow the recommendation of the Chief Executive Officer and to not award any cash bonuses to the Name Executive Officers for 2008 given the financial results for the year.

C. Long-Term Incentives

The Compensation Committee has elected to grant restricted stock and stock options to the Named Executive Officers and other key employees as the primary long-term incentive vehicle. In making this determination, the Compensation Committee considered a number of factors including: the accounting impact, potential value of restricted stock and stock option grants versus other equity instruments and cash incentives, and the alignment of equity participants with stockholders. The Company determined that grants of restricted stock and stock options:

- Enhance the link between the creation of stockholder value and executive compensation;
- Provide an opportunity for equity ownership;
- Act as a retention tool; and
- Provide competitive levels of total compensation.

Restrictions on the Named Executive Officer's shares lapse retain equal annual increments over a period of four (4) years, commencing one year from the date of grant. Each Named Executive Officer is entitled to vote such restricted shares, subject to forfeiture in accordance with the terms of the grant. The stock options granted to the Named Executive Officers in 2008 have five-year terms and, with the exception of 38,500 options for Mr. Cinnamon and 6,918 options for Mr. Effren which vested on January 17, 2009 which was the one year anniversary of the grant date, 33.33% of the shares underlying the Named Executive Officers' options vest in equal annual installments over a period of three years on each anniversary of the grant date.

The Compensation Committee may make grants of equity awards to Named Executive Officers during their regular quarterly meetings or by special meeting during the year. The Compensation Committee reviews Company performance, potential burn rates and dilution levels to create a restricted stock and option pool that may be awarded to employee participants. Grants to the Named Executive Officers were determined by the Compensation Committee after reviewing market data and considering each executive's performance, role and responsibilities.

The Company does not reprice options if the Company stock price declines after the grant date. The Company does not seek to time equity grants to take advantage of information, either positive or negative, about the Company that has not been publicly disclosed. Option grants are effective on the date the award determination is made by the Compensation Committee and the exercise price of options is the closing market price of Company common stock on the last business day prior to the date of the grant or, if the grant is made on a weekend or holiday, on the prior business day.

D. Benefits

Named Executive Officers are eligible to participate in the Company's standard medical, dental, vision, disability insurance, life insurance plans and other health and welfare plans provided to other full time employees.

Retirement Benefits

The Company's retirement savings plans help the Company's employees prepare for retirement. The Company's objectives with regard to retirement savings plans are to provide benefit levels that are competitive when compared to similarly sized companies within the Company's general industry and that are designed with simple and straightforward terms to enable participants to maximize the value they receive from such plans.

- 10 -

All of the Company's Named Executive Officers are entitled to participate in the Company's 401(k) program.

Employment Agreements and Post Termination Compensation

The Company does not maintain employment or other compensatory agreements with any of the Named Executive Officers. If the Company terminates the employment of a Named Executive Officer, it will not be obligated to pay them severance compensation or other benefits. The Compensation Committee believes that the at-will nature of employment of the Named Executive Officers is appropriate because it provides the Company with more flexibility to make a management change if such a change is in the best interests of the Company and stockholders. Upon termination, these executives are bound by confidentiality agreements.

III. Limitation on Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code denies a publicly held corporation a federal income tax deduction for the compensation of certain executive officers exceeding \$1 million per year. "Performance based" compensation is not subject to the limitations on deductibility and the Compensation Committee strives to structure compensation so as to qualify for deductibility. Currently, the Company believes all compensation is deductible. However, the Compensation Committee may authorize compensation that may not be deductible when it deems it to be in the best interest of the Company and its stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K.
