Item 1.01. Entry into a Material Definitive Agreement

On October 29, 2010 (“Effective Date”), Nektar Therapeutics, a Delaware corporation (“Nektar”), entered into a Supply, Dedicated Suite and Manufacturing Guarantee Agreement (the “Agreement”) with Amgen Inc. and Amgen Manufacturing, Limited (collectively “Amgen”). Under the terms of the Agreement, Nektar will guarantee the manufacture and supply of its proprietary PEGylation materials (the “Polymer Materials”) to Amgen or its designees in an existing manufacturing suite to be used exclusively for the manufacture of Polymer Materials for Amgen (the “Manufacturing Suite”) in Nektar’s manufacturing facility in Huntsville, Alabama (the “Facility”). This supply arrangement is on a non-exclusive basis (other than the use of the Manufacturing Suite and certain equipment) whereby Nektar is free to manufacture and supply the Polymer Materials to any other third party and Amgen is free to procure the Polymer Materials from any other third party. Under the terms of the Agreement, Nektar will receive (i) a \$50 million payment payable within thirty (30) days after the Effective Date in return for Nektar guaranteeing its supply of certain quantities of Polymer Materials to Amgen including without limitation the Additional Rights described below and (ii) manufacturing fees that are calculated based on fixed and variable components applicable to the Polymer Materials ordered by Amgen and delivered by Nektar. Amgen has no minimum purchase commitments. If quantities of the Polymer Materials ordered by Amgen exceed specified quantities (with each specified quantity representing a small portion of the quantity that Nektar historically supplied to Amgen), significant additional payments become payable to Nektar in return for Nektar guaranteeing its supply of additional quantities of the Polymer Materials.

The term of the Agreement runs through the tenth anniversary of the Effective Date. In the event of Nektar becoming subject to a bankruptcy or insolvency proceeding, Nektar ceasing to own or control the Facility, Nektar’s failure to manufacture and supply or certain other events, Amgen or its designated third party will have the right to elect, among certain other options, to take title to the dedicated equipment and access the Facility to operate the Manufacturing Suite solely for the purpose of manufacturing the Polymer Materials (the “Additional Rights”). Amgen may terminate the Agreement for convenience or due to an uncured material default by Nektar. Either party may terminate the Agreement in the event of insolvency or bankruptcy of the other party. The Agreement contains various representations, warranties, covenants and other provisions customary for transactions of this nature.

The foregoing summary is qualified in its entirety by reference to the Agreement, which will be filed as an exhibit to Nektar’s Annual Report on Form 10-K for the year ending December 31, 2010.
