PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JULY 26, 2011

June 9, 2011

GENERAL INFORMATION

Why am I receiving these Proxy Materials?

The Company has made these Proxy Materials (as defined below) available to you on the Internet or, upon your request, has delivered printed versions of these Proxy Materials to you by mail, in connection with the Company's solicitation of proxies for use at the Annual Meeting to be held on Tuesday, July 26, 2011 at 10:00 a.m., Eastern Standard Time, and at any postponement(s) or adjournment(s) thereof. These Proxy Materials were first sent or given to stockholders on June 9, 2011. You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement as promptly as possible to ensure that your vote is counted at the Annual Meeting. The Annual Meeting will be held at the Radisson Resort at the Port located at 8701 Astronaut Boulevard, Cape Canaveral, Florida 32920.

Why did I receive a notice in the mail regarding the Internet availability of Proxy Materials instead of a full set of Proxy Materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), the Company has elected to provide access to its Proxy Materials via the Internet. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (the "Notice") to the Company's stockholders. All stockholders will have the ability to access the Proxy Materials on the website referred to in the Notice or to request to receive a printed set of the Proxy Materials. Instructions on how to access the Proxy Materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive Proxy Materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the Proxy Materials on the Internet to help reduce the environmental impact of its annual meetings.

What is included in these materials?

These Proxy Materials include:

- This Proxy Statement for the Annual Meeting; and

• The Company's Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the SEC on March 30, 2011 (the "Annual Report" and together with the Proxy Statement, the "Proxy Materials").

If you requested printed versions of these Proxy Materials by mail, these Proxy Materials also include the proxy card or vote instruction form for the Annual Meeting.

What items will be voted on at the Annual Meeting?

Shareholders will vote on four items at the Annual Meeting:

1

• To elect the one member named in the Proxy Statement to the Board of Directors to serve for a three-year term as a Class I Director (Proposal I);

• To approve the Amended and Restated Certificate of Incorporation of the Company (the “Charter”), which among other things, increases the authorized common stock, par value \$0.00001 per share, of the Company (the “Common Stock”) from 500,000,000 to 750,000,000 shares (Proposal II);

- To approve the 2011 Equity Compensation Incentive Plan (the “Plan”) (Proposal III); and

• To ratify the appointment of the Company’s independent registered public accounting firm, Rosen Seymour Shapss Martin & Company LLP (Proposal IV).

What are the Board’s voting recommendations?

The Board recommends that you vote your shares:

- “FOR” the nominee to serve as a Class I Director (Proposal I);
- “FOR” the approval of the Charter (Proposal II);
- “FOR” the approval of the Plan (Proposal III); and

• “FOR” ratification of the appointment of the Company’s independent registered public accounting firm, Rosen Seymour Shapss Martin & Company LLP (Proposal IV).

Where are the Company’s principal executive offices located and what is the Company’s main telephone number?

The Company’s principal executive offices are located at State Road 405, Building M6-306A, Room 1400, Kennedy Space Center, FL 32815. The Company’s main telephone number is (321) 452-3545.

What is the Company’s fiscal year?

The Company’s fiscal year ends on December 31. Unless otherwise stated, all information presented in this Proxy Statement is based on the Company’s fiscal calendar.

I share an address with another shareholder, and we received only one paper copy of the Proxy Materials. How may I obtain an additional copy of the Proxy Materials?

The Company has adopted a procedure called “householding,” which the SEC has approved. Under this procedure, the Company is delivering a single copy of the Notice and, if applicable, the Proxy Materials to multiple stockholders who share the same address unless the Company has received contrary instructions from one or more of the stockholders. This procedure reduces the Company’s printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, the Company will deliver promptly a separate copy of the Notice and, if applicable, the Proxy Materials to any stockholder at a shared address to which the Company delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, the Proxy Materials, stockholders may write or call the Company at the following address and telephone number:

Sanswire Corp.

Edgar Filing: Sanswire Corp. - Form PRE 14A

Mail Code: SWC
Kennedy Space Center, FL 32899
Attn: General Counsel
(321) 452-3545

Stockholders who hold shares in “street name” (as described below) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

How can I get electronic access to the Proxy Materials?

The Notice will provide you with instructions regarding how to:

- View on the Internet the Company’s Proxy Materials for the Annual Meeting; and
- Instruct the Company to send future Proxy Materials to you by email.

The Company’s Proxy Materials are also available on the Company’s website at www.sanswire.com/SEC Filings.

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company’s annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who may vote at the Annual Meeting?

Each share of the Company’s Common Stock has one vote on each matter. Only stockholders of record as of the close of business on May 31, 2011 (the “Record Date”) are entitled to receive notice of, to attend and to vote at the Annual Meeting. As of March 21, 2011, there were 329,852,704 shares of the Company’s Common Stock issued and outstanding, held by approximately 21,000 stockholders.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered directly in your name with the Company’s transfer agent, American Stock Transfer (“AST”), you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by the Company. If you request printed copies of the Proxy Materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in “street name,” and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a “vote instruction form.” If you request printed copies of the Proxy Materials by mail, you will receive a vote instruction form.

If I am a stockholder of record of the Company’s shares, how do I vote?

There are four ways to vote:

• **In person.** If you are a stockholder of record, you may vote in person at the Annual Meeting. The Company will give you a ballot when you arrive.

• **Via the Internet.** You may vote by proxy via the Internet using either a computer or a smartphone by following the instructions provided in the Notice or the Proxy Materials.

By Telephone. If you request copies of the Proxy Materials by mail or email, you may vote by proxy by calling the toll free number found on the proxy card.

By Mail. If you request printed copies of the Proxy Materials by mail, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided.

Please see the proxy for complete instructions on how to vote your shares.

If I am a beneficial owner of shares held in street name, how do I vote?

There are four ways to vote:

In person. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy.

Via the Internet. You may vote by proxy via the Internet using either a computer or a smartphone by visiting www.proxyvote.com and entering the control number found in the Notice.

By Telephone. If you request copies of the Proxy Materials by mail or email, you may vote by proxy by calling the toll free number found on the vote instruction form.

By Mail. If you request printed copies of the Proxy Materials by mail, you may vote by proxy by filling out the vote instruction form and sending it back in the envelope provided.

Please see the proxy for complete instructions on how to vote your shares.

What is the quorum requirement for the Annual Meeting?

The holders of a majority of the shares entitled to vote at the Annual Meeting must be present at the Annual Meeting for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against or abstained, if you:

- Are present and vote in person at the Annual Meeting; or

• Have voted on the Internet, by telephone or by properly submitting a proxy card or vote instruction form by mail.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

How are proxies voted?

All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

- Indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or
- Sign and return a proxy card without giving specific voting instructions,

then the proxies will vote your shares in the manner recommended by the Board and therefore FOR all matters presented in this Proxy Statement and as the proxies may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

4

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.”

Which ballot measures are considered “routine” or “non-routine”?

The ratification of the appointment of Rosen Seymour Shapss Martin & Company LLP as the Company’s independent registered public accounting firm (Proposal IV) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal IV. The election of a Class I Director (Proposal I), the approval of the Charter (Proposal II), and the approval of the Plan (Proposal III) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals I, II and III.

What is the voting requirement to approve each of the proposals?

For Proposal I, directors are elected by a plurality of the votes cast by stockholders entitled to vote at the Annual Meeting and the nominee receiving the highest number of affirmative votes of the shares entitled to be voted for him will be elected as a Class I Director to serve a three year term and until his successor is duly elected and qualified. Any stockholder submitting a proxy has a right to withhold authority to vote for a nominee by indicating this in the space provided on the proxy.

Approval of Proposal II requires the affirmative vote of a majority of the shares outstanding, in person or by proxy.

Approvals of Proposals III and IV require the affirmative vote of a majority of the shares present or represented by proxy and voting at the Annual Meeting, assuming a quorum is present.

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with each proposal, and therefore broker non-votes and abstentions have no effect on the proposal relating to the election of the Class I Director. Abstentions, as well as broker non-votes, will not be considered to have been voted for the approval of the Charter (Proposal II) and will have the practical effect of a vote against approval of the Amended and Restated Certificate of Incorporation. In the case of each of the other proposals, abstentions and broker non-votes have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Annual Meeting. In order to minimize the number of broker non-votes, the Company encourages you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may vote again on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted) by signing and returning a new proxy card or vote instruction form with a later

date, or by attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation prior to the Annual Meeting to the Company's General Counsel at State Road 405, Building M6-306A, Room 1400, Kennedy Space Center, FL 32815 if delivered by hand or courier or Mail Code: SWC, Kennedy Space Center, FL 32899 if mailed.

Who will serve as proxies?

The persons named as proxies, Glenn D. Estrella and Barbara M. Johnson, were selected by the Board and are officers of the Company.

Who will serve as the inspector of election?

A representative from Broadridge Financial Solutions (“Broadridge”) will serve as the inspector of election and will tabulate the votes using an automated system. The vote on each matter submitted to the stockholders at the Annual Meeting will be tabulated separately.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except:

- As necessary to meet applicable legal requirements;
- To allow for the tabulation and certification of votes; and
- To facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to the Company’s management and the Board.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in the Company’s Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the Annual Meeting.

Who is paying for the cost of this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. The Company may also reimburse brokerage firms and other persons representing beneficial owners of shares held in street name for their expenses associated with:

- Forwarding the Notice to beneficial owners;
- Forwarding printed Proxy Materials by mail to beneficial owners who specifically request them; and
- Obtaining beneficial owners’ voting instructions.

In addition to soliciting proxies by mail, certain of the Company’s directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, letter, facsimile or email on the Company’s behalf. We may also engage a proxy solicitor to assist in the solicitation of proxies from stockholders.

How can I attend the Annual Meeting?

Attendance at the Annual Meeting is limited to stockholders as of the Record Date. Admission to the Annual Meeting will be on a first-come, first-served basis. Please email Barbara Johnson at bjohnson@sanswire.com if you plan to attend. Registration will begin at 9:00 a.m. Eastern Standard Time on the date of the Annual Meeting, and each shareholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the Record Date. Stockholders holding stock in brokerage accounts ("street name" holders) will also need to bring a copy of a brokerage statement reflecting stock ownership as of the Record Date. The use of cell phones, smartphones, pagers, cameras, recording and photographic equipment and/or computers is not permitted in the meeting rooms at the Annual Meeting.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2012 annual meeting of stockholders?

Requirements for Stockholder Proposals to Be Considered for Inclusion in the Company's Proxy Materials. Shareholder proposals to be considered for inclusion in the proxy statement and form of proxy relating to the 2012 annual meeting of stockholders must be received no later than February 11, 2012. In addition, all proposals will need to comply with Rule 14a-8 of the Securities Exchange Act of 1934 (the "Exchange Act"), which lists the requirements for the inclusion of shareholder proposals in company-sponsored proxy materials. Shareholder proposals must be delivered to the Company's General Counsel by mail at Mail Code: SWC, Kennedy Space Center, FL 32899, by facsimile at (321) 452-8965 or by email at bjohnson@sanswire.com.

Requirements for Stockholder Proposals to Be Brought Before the 2012 Annual Meeting of Stockholders. Notice of any director nomination or other proposal that you intend to present at the 2012 annual meeting of stockholders, but do not intend to have included in the proxy statement and form of proxy relating to the 2012 annual meeting of stockholders, must be delivered to the Company's General Counsel by mail at Mail Code: SWC, Kennedy Space Center, FL 32899, by facsimile at (321) 452-8965 or by email at bjohnson@sanswire.com not earlier than the close of business on January 12, 2011 and not later than the close of business on February 11, 2012. In addition, your notice must set forth the information required by the Company's by-laws with respect to each director nomination or other proposal that you intend to present at the 2012 annual meeting of stockholders.

If, however, notwithstanding the requirements of the Company's by-laws, the proposal is brought before the 2012 annual meeting of stockholders, then under the SEC's proxy rules, the proxies solicited by management with respect to the 2012 annual meeting will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules. In order to curtail controversy as to the date on which a proposal will be marked as received by the Company, it is suggested that stockholders submit their proposals by Certified Mail—Return Receipt Requested.

OWNERSHIP OF SECURITIES

Securities Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of the Company's Common Stock as of March 21, 2011 by:

- each person or entity who is known by the Company to beneficially own more than 5% of its Common Stock (based solely on the Company's review of SEC filings);
- each of the Company's directors, nominees to become a director and executive officers named in the Summary Compensation Table (the "Named Executive Officers"); and
- all of the current directors and executive officers of the Company as a group.

Unless otherwise indicated, the address of each person or entity named in the table is c/o Sanswire Corp., State Road 405, Building M6-306A, Room 1400, Kennedy Space Center, FL 32815, and each person or entity has sole voting power and investment power (or shares such power with his or her spouse), with respect to all shares of capital stock listed as owned by such person or entity.

The number and percentage of shares beneficially owned is determined in accordance with the rules of the SEC, and is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which a person has sole or shared voting power or investment power and also any shares of Common Stock underlying options or warrants that are exercisable by that person within 60 days of March 21, 2011. However, the shares of Common Stock underlying such options or warrants exercisable by a person or entity are not treated as outstanding for the purpose of computing the percentage ownership of any other person or entity. Percentage of beneficial ownership is based on 329,852,704 shares of the Company's Common Stock outstanding as of March 21, 2011.

Mr. Seifert operated as the Company's Chief Executive Officer from February 8, 2010 to June 22, 2010 and as Chief Financial Officer from June 1, 2009 to June 22, 2010, but was not an executive officer or employee of the Company as of December 31, 2010.

PROPOSAL I

ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of three members, one of whom is an independent, non-employee director. The Board of Directors is divided into three classes. Each class serves for a term of three years, with the terms of office of the directors in the respective classes expiring in successive years. The present term of the Class I Director expires at the Annual Meeting. The Board of Directors has nominated Wayne P. Jackson for reelection as a Class I Director. The Board of Directors knows of no reason why General Jackson should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of some other person, or for fixing the number of directors at a lesser number. General Jackson has consented to being named in this Proxy Statement as a nominee to be a Class I Director and to serving in that capacity, if elected. At the Annual Meeting, proxies cannot be voted for a greater number of individuals than the one Nominee named in the Proxy Statement.

The Board of Directors unanimously recommends a vote "FOR" the election of Wayne P. Jackson.

The following table sets forth, for each nominee to be elected at the Annual Meeting and for each director whose term of office extends beyond the Annual Meeting, the year the nominee or director was first appointed or elected a director, the principal occupation of the nominee or director during at least the past five years, any other public company boards on which the nominee or director serves or has served in the past five years, the nominee's or director's qualifications to serve on the Board and the age of the nominee or director. In addition, included in the information presented below is a summary of each nominee's or director's specific experience, qualifications, attributes and skills that led the Board to the conclusion that he should serve as a director.

Class I Director Nominee (Term Expires at 2011 Annual Meeting)

Nominee's Name and Year First Became Director	Position and Principal Occupation and Business Experience During the Past Five Years
Wayne P. Jackson (2009)	Director

Wayne P. Jackson, 82, has served as a Director of the Company since April 2009, and is a member of the Audit Committee. Arrangements or Understandings Regarding the Selection of Certain Directors

The Company does not have any arrangements or understandings regarding the selection or appointment of directors.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

Determination of Director Independence

The Board of Directors has determined that General Jackson is an “independent” director, meeting all applicable independence requirements of the SEC, including Rule 10A-3(b)(1) pursuant to the Exchange Act. In making this determination, the Board of Directors affirmatively determined that he has no relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Availability of Corporate Governance Documents

The Company has adopted a Code of Ethics and Business Conduct (the “Ethics Policy”) that is applicable to all directors and all employees of Sanswire, including executive officers. A copy of the Ethics Policy is available on the Company’s website at www.sanswire.com under the “Governance Documents” section. The Company intends to disclose any changes to and waivers from the Ethics Policy by posting such information on its website or by filing a Current Report on Form 8-K within four business days of any such amendment or waiver.

Board Meetings

The Company’s Board of Directors met six times and acted by written consent nine times during the fiscal year ended December 31, 2010. During the fiscal year ended December 31, 2010, each director attended or participated in at least 75% or more of the total number of meetings of the Board of Directors (held during the period for which such person has been a director) and the total number of meetings of all the committees of the Board on which they served (during the periods that such person served). The Company has a policy that the members of the Board of Directors attend annual meetings of stockholders.

Board Leadership Structure and the Chairman of the Board

The Board oversees the Company’s Chief Executive Officer and other senior management in the competent and ethical operation of the Company and assures that the long-term interests of the stockholders are being served. While the Company’s Chief Executive Officer serves as a director of the Company, the Board has appointed Michael K. Clark as the Chairman of the Board of Directors and the Board includes an independent member. The Board has adopted this structure to strike an effective balance between management and leadership participation in the Board process and to enhance the ability of the Board to carry out its roles and responsibilities on behalf of stockholders. The function of the Chairman of the Board is to facilitate and improve communication between the independent directors and the Company by serving as the interface between the senior management of the Company and the independent director. The Chairman of the Board works with the independent director to establish goals for the Chief Executive Officer each fiscal year, and with the independent director, conducts the annual Chief Executive Officer evaluation.

Board Oversight of Risk

The Board oversees the business and strategic risks of the Company, as well as the risks associated with its compensation policies and practices (including performance-based compensation and change of control and termination of employment plans and risks), its corporate governance practices and the process governing the nomination of members of the Board, since the Board does not yet have either a standing Compensation or a Corporate Governance and Nominating Committee. The Audit Committee oversees financial reporting and financial compliance risks confronting the Company. While the Board and its committees oversee risk management strategy, management is responsible for implementing, and supervising day-to-day risk management processes and reporting to the Board on such matters.

The Company provides a detailed description of the risk factors impacting its business in its Annual Reports on Form 10-K and its Quarterly Reports on Form 10-Q filed with the SEC.

Board Committees

The Board has a standing Audit Committee but does not yet have a standing Compensation Committee or Nominating and Corporate Governance Committee. The full Board carries out the duties and responsibilities normally carried out by a compensation committee and a nominating and corporate governance committee. The Company intends to add independent members to its Board of Directors in 2011, one of whom the Company intends shall qualify as an “audit committee financial expert.” At such time as the number of directors on the Board that qualify as independent has increased, the Company intends on establishing both a Compensation and a Nominating and Corporate Governance Committee, each of which shall have a separate charter detailing its role, responsibilities and governance.

Audit Committee

The Audit Committee was established in January 2011 and currently has one member, Wayne P. Jackson, who meets the independence requirements of the SEC as described above. The Board appointed General Jackson to the Audit Committee after determining that General Jackson is financially literate. The Audit Committee is currently not governed by a committee specific charter, but the Company intends to adopt such a charter for its Audit Committee in 2011. The Company does not currently have an independent member of the Board who qualifies as an “audit committee financial expert” as defined in the rules and regulations promulgated under the Exchange Act. The Company intends to add such a member to the Board and Audit Committee this year. The Audit Committee’s oversight responsibilities include matters relating to the Company’s financial disclosure and reporting process, including the system of internal controls, the performance of its internal audit function, compliance with legal and regulatory requirements, the approval of related party transactions, and the appointment and activities of (including the pre-approval of all services offered or performed by) the Company’s independent registered public accounting firm. Actions taken by the Audit Committee are reported to the Board, usually at the next Board meeting following a committee meeting. The Audit Committee did not meet during fiscal 2010 since it was not established until January 2011. The responsibilities of the Audit Committee and its activities related to the Company’s financial statements for the fiscal year ended December 31, 2010 are more fully described in the Audit Committee Report contained in this Proxy Statement.

Nominating and Corporate Governance Committee

The Company does not yet have a standing Nominating and Corporate Governance Committee, but plans to establish such a committee upon the appointment of additional members of the Board who are independent. Neither Mr. Clark nor Mr. Estrella is an independent director. The Board currently performs the functions that such a committee would perform and each director participates in identifying qualified individuals to become directors, making

recommendations to the Board concerning the size, structure and composition of the Board and its committees, monitoring the process to assess the Board's effectiveness, considering director nominees and overseeing the Company's corporate governance policies.

Qualifications of Director Candidates

In evaluating the suitability of individuals for Board membership, the Board takes into account many factors, including whether the individual meets the requirements for independence, professional expertise and educational background, and the potential to contribute to the diversity of viewpoints, backgrounds or experiences of the Board as a whole including diversity of experience, gender, race, ethnicity and age. The Board evaluates each individual in the context of the entire Board, with the objective of recommending nominees who can best further the success of the Company's business and represent stockholder interests. The Board does not assign specific weights to particular criteria for prospective nominees. The Company believes that the backgrounds and qualifications of directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Procedures for Stockholders to Recommend Director Candidates

The Board will consider director candidates received from security holders under the criteria set forth above. Stockholders wishing to suggest candidates to the Board for consideration as potential director nominees may do so by submitting the candidate's name, experience, and other relevant information to the Company's General Counsel at State Road 405, Building M6-306A, Room 1400, Kennedy Space Center, FL 32815 if by hand or courier delivery, or to Mail Code: SWC, Kennedy Space Center, FL 32899 if by mail delivery. Stockholders wishing to nominate directors may do so by submitting a written notice to the Company's General Counsel at the same address in accordance with the nomination procedures set forth in the Company's by-laws. The procedures are summarized above in this Proxy Statement. The Board does not distinguish between nominees recommended by stockholders and other nominees. All nominees must meet, at a minimum, the qualifications described in "Qualifications of Director Candidates" above. The Committee did not receive any stockholder nominee recommendations for the Annual Meeting.

Process for Stockholders to Communicate with Directors

Stockholders may write to the Board or a particular Board member by addressing such communication to the Chairman of the Board, if directed to the Board as a whole, or to an individual director, if directed to that particular Board member, care of the Company's General Counsel at State Road 405, Building M6-306A, Room 1400, Kennedy Space Center, FL 32815 if by hand or courier delivery, or to Mail Code: SWC, Kennedy Space Center, FL 32899 if by mail delivery. Unless such communication is addressed to an individual director, the Company will forward any such communication to each of the directors. The General Counsel will forward all communications to the Board, provided, however, that the General Counsel reserves the right not to forward any abusive, threatening or otherwise inappropriate materials.

Compensation Committee

The Company does not yet have a standing Compensation Committee, but plans to establish such a committee upon the appointment of additional members of the Board who are independent. The Company's Board currently performs the functions that such a committee would perform and each director participates in the consideration of executive officer and director compensation. Neither Mr. Clark nor Mr. Estrella is an independent director. The Board reviews the compensation arrangements for the Company's executive officers, including the CEO, administers the Company's equity compensation arrangements and reviews the compensation of the Board.

The Company structures its executive compensation to reflect individual responsibilities and contributions, while providing incentives to achieve overall business and financial objectives. The Board has responsibility for establishing, implementing and monitoring adherence to this philosophy. The Board has designed an executive compensation program that rewards the achievement of financial and non-financial goals through a combination of

cash and stock-based compensation. This bifurcation between financial and non-financial objectives and between cash and stock-based compensation provides a structure in which executives are rewarded for achieving results that the Board believes will enhance stockholder value. The Board believes that stockholder interests are best served by compensating employees at industry competitive rates, enabling the Company to attract and retain the best available talent and recognize superior performance while providing incentives to achieve overall business and financial objectives. By doing so, the Board believes that the Company's ability to achieve financial and non-financial goals is enhanced.

When making compensation decisions, the Board begins with a review of each compensation component for its Chief Executive Officer. This review includes the dollar amount of each component of compensation payable to the Chief Executive Officer related to the relevant period, together with the related goals for performance-based compensation. The overall purpose of this is to review all of the elements of fixed and contingent compensation, so that the Board may analyze both the individual elements of compensation (including the compensation mix) as well as the aggregate amount of actual and projected compensation.

The Board discusses this review with the Chief Executive Officer, who provides input to the Board on the reasonableness, feasibility and effectiveness of the compensation components proposed by the Board. The Chief Executive Officer then creates similar compensation component reviews for the other executive officers, presenting compensation recommendations of both base and performance-based compensation related to the relevant period, together with the associated performance metrics. These recommendations are then reviewed and, once agreed upon, approved by the Board. The Board can exercise its discretion in modifying any recommended compensation to executives and exercises this discretion in active consultation with the Chief Executive Officer.

The Board endeavors to establish a compensation program that is internally consistent and equitable in order for the Company to achieve its overall corporate objectives.

Compensation of Directors

During the fiscal year ended December 31, 2010, directors who were employees of the Company received no cash compensation for their services as directors, except for reimbursement of expenses incurred in connection with attending meetings. During fiscal 2010, there was not a uniform compensation structure for non-employee directors. Mr. Clark entered into an agreement with the Company on June 23, 2010 in connection with his services as Chairman of the Board pursuant to which he was issued 5,000,000 shares of Common Stock. General Jackson entered into an agreement with the Company on April 21, 2009 in connection with his services as a director of the Company pursuant to which he is entitled to 250,000 shares of Common Stock per quarter and cash compensation of \$5,000 per quarter. The Board intends to establish uniform compensation policies for its directors in fiscal 2011 as it adds new independent members to its Board.

Report of the Audit Committee

The Audit Committee currently consists of General Jackson who is an independent director under the SEC audit committee structure and membership requirements. The Audit Committee’s primary duties and responsibilities are to:

- Appoint, compensate and retain, oversee the work performed by, and pre-approve the scope and fees related to work performed by, the Company’s independent registered public accounting firm;
- Assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial information and reports that will be provided by the Company to the SEC and its stockholders;
- Monitor the integrity of financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance;

- Recommend, establish and monitor procedures designed to improve the quality and reliability of the disclosure of the Company's financial condition and results of operations;

- Approve any related-party transactions; and
- Provide an avenue of communication among the independent registered public accounting firm, management and the Board of Directors.

The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements. Management has primary responsibility for the Company's consolidated financial statements and the overall reporting process, including the Company's system of internal controls. The independent registered public accounting firm audits the annual consolidated financial statements prepared by management, expresses an opinion as to whether those consolidated financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America, and discusses with the Audit Committee any issues resulting from the audit or otherwise that the independent registered public accounting firm believes should be raised with the Committee.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by the Company's independent registered public accounting firm, the Audit Committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit related services. The Company maintains a pre-approval policy that mandates that the Audit Committee approve all services and budgets in advance, and that the Audit Committee be provided with updates on actual fees.

For fiscal year 2010, the Audit Committee reviewed and discussed the audited consolidated financial statements and met with both management and Rosen Seymour Shapss Martin & Company LLP ("RSSM"), the Company's independent registered public accounting firm, to discuss such consolidated financial statements. Management has represented to the Audit Committee that (i) the 2010 consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, (ii) that there were control deficiencies in the design or operation of the Company's internal control over financial reporting which could adversely affect the Company's ability to record, process, summarize and report financial data, and (iii) there was no fraud, whether or not material, that involved management or other employees who have a significant role in the Company's internal controls. A plan to address such control deficiencies was discussed by management and RSSM with the Audit Committee.

The Committee has received from, reviewed and discussed with RSSM the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding RSSM's communications with the Audit Committee concerning independence, and has discussed with RSSM their independence from the Company. The Committee also discussed with RSSM the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board (United States) in Rule 3200T regarding "Communications with Audit Committees."

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2010. The Audit Committee also decided to retain Rosen Seymour Shapss Martin & Company LLP as its independent registered public accounting firm for the 2011 fiscal year.

Respectfully Submitted By The Audit
Committee Of The Board Of Directors

Upon a termination by the Company of Mr. Estrella's employment other than for Cause or as a result of death or Disability, or upon a termination by Mr. Estrella of his employment for Good Reason (each as defined in the agreement), Mr. Estrella shall receive six months of his base salary, a pro-rated annual bonus as determined by the Board of Directors, and all health benefits for Mr. Estrella and his family for six months; provided, however, that if Executive's employment is terminated during the initial term of the agreement, Mr. Estrella will instead be entitled to 100% of the unpaid portion of the base salary that would have been paid to him during the initial term. The initial term of the agreement is for three years from June 23, 2010 with automatic renewal for one year unless a party notifies the other that it is not being renewed or unless the agreement is earlier terminated. Mr. Estrella also received an option for the purchase of 7,222,222 shares of Common Stock that were fully vested on the date of grant at an exercise price of \$0.09 per share.

On October 6, 2010, the Company and Ms. Johnson entered into an Employment Agreement outlining the terms pursuant to which Ms. Johnson shall serve as Vice President, General Counsel and Secretary of the Company. Pursuant to the agreement, Ms. Johnson received 1,000,000 shares of restricted stock that vest 50% in 6 months and 50% in one year and an option for 1,300,000 shares of Common Stock that vested in full after three months at an exercise price of \$0.094 per share. Ms. Johnson's salary has been set by the Board at \$175,000 per year and she is eligible to receive an annual bonus as determined by the Board. In the event that the Company is acquired as a result of a change of control, the above vesting restrictions on the restricted stock and option terminate. Upon a termination by the Company of Ms. Johnson's employment other than for Cause or as a result of death or Disability, or upon a termination by Ms. Johnson of her employment for Good Reason (each as defined in the agreement), Ms. Johnson shall receive six months of her base salary, a pro-rated annual bonus as determined by the Board of Directors, and all health benefits for Ms. Johnson and her family for six months.

The Company has entered into indemnification agreements with each of its executive officers and directors whereby the Company agrees to indemnify, defend and hold harmless each such person to the fullest extent permitted by law against all damages and expenses incurred by such person relating to any action taken or omitted to be taken in his or her capacity as such executive officer or director of the Company, subject to certain limitations.

On February 8, 2010, Mr. Christian and the Company entered into a Mutual Release and Separation Agreement in connection with Mr. Christian's termination as the Chief Executive Officer and a director of the Company pursuant to which Mr. Christian was to be issued 4,000,000 shares of Common Stock, an option to purchase 500,000 shares of Common Stock at an exercise price of \$0.075 per share which has since terminated, \$15,000 in cash and 250,000 shares for his services as a director of the Company in return for a full release of all claims against the Company. None of such shares or cash was ever issued by the Company and the Company and Mr. Christian are currently in the process of re-negotiating this Agreement.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth summary information regarding the outstanding equity awards held by each of the Named Executive Officers as of December 31, 2010, including the vesting dates for the portions of these awards that had not vested as of that date.

Name	Option Awards(1)				Stock Awards(2)	
	Number of Securities Underlying Unexercised Options (#) Exercisable	Number of Securities Underlying Unexercised Options (#) Unexercisable	Option Exercise Price (\$)	Option Expiration Date	Number of Shares or Units of Stock That Have Not Vested (#)	Market Value of Shares or Units of Stock That Have Not Vested (\$)
Glenn D. Estrella	7,222,222	-	\$ 0.09	12/26/13	-	-
Barbara M. Johnson (3)	-	1,300,000	\$ 0.094	10/5/13	1,000,000	\$ 84,000
Thomas Seifert	500,000 2,000,000	- -	\$ 0.14 \$ 0.073	5/31/12 12/31/12	- -	- -
David Christian	-	-	-	-	-	-

(1) All options in the table above were granted under the Company's 2004 Employee Stock Option Plan.

(2) These columns show the number of shares of Common Stock represented by unvested restricted stock at December 31, 2010. The dollar amount shown in the last column is determined by multiplying (x) the number of shares reported in the prior column by (y) \$0.084 (the closing price of the Company's Common Stock on December 31, 2010, the last trading day of 2010).

(3) Ms. Johnson's options vested and became fully exercisable 90 days after October 6, 2010. The vesting dates for Ms. Johnson's unvested restricted stock shares are as follows: 500,000 shares vest as of April 6, 2011 and the remaining 500,000 shares vest on October 6, 2011. All 1,000,000 restricted stock shares and the 1,300,000 options are subject to full accelerated vesting on a change of control.

Potential Payments upon Termination or Change of Control

As discussed above, the Company has entered into certain employment agreements with Mr. Estrella and Ms. Johnson that contain severance provisions and, in the case of Ms. Johnson, change in control acceleration of vesting provisions regarding options and restricted stock. Upon a change of control, Ms. Johnson's unvested stock options will automatically vest and become immediately exercisable, and the shares of restricted stock then held by Ms. Johnson shall fully vest and become immediately transferable free of restriction, other than those restrictions imposed by applicable securities laws.

In the event of a termination of the executive's employment by the Company without Cause (other than as the result of death or Disability), or by the executive for Good Reason (as defined in their employment agreements), the executive shall be entitled to the following:

- (i) for Mr. Estrella, his annual base salary plus a prorated portion of his annual bonus determined in good faith by the Board for six months following such termination unless such termination occurs prior to June 22, 2013 (the "Expiration Date"), in which case Mr. Estrella would be entitled to his annual base salary through the Expiration Date, and (ii) for Ms. Johnson, her annual base salary plus a prorated portion of her annual bonus determined in good faith by the Board for six months following such termination;
- for a period of six months following such termination, continued health benefits for the executive and his or her family; and
- accrued vacation pay.

As a condition to the receipt by the executive of any payment or benefit under their employment agreement, the executive must first execute a valid, binding and irrevocable general release in favor of the Company in a form reasonably acceptable to the Company.

As disclosed in the Current Report on Form 8-K filed with the SEC on February 8, 2011, in connection with the commencement of Mr. Sawyers' employment with the Company, Mr. Sawyers entered into an employment agreement, dated as of February 8, 2011, pursuant to which Mr. Sawyers' options will accelerate upon a change of control and he will be entitled to six months severance upon termination of his employment by the Company without Cause (other than as the result of death or Disability) as such terms are defined in his agreement, including base salary and health care continuation, subject to his execution of a release in favor of the Company.

The following table shows the payments to which the Named Executive Officers would have been entitled pursuant to his or her employment agreement had (i) his or her employment been terminated as of December 31, 2010 and (ii) a change of control occurred on December 31, 2010.

Potential Payments Upon Termination or Change of Control

Name	Salary (\$) ⁽¹⁾	Non-Equity Incentive Plan Compensation (\$) ⁽¹⁾	Equity Incentive Plan Compensation (\$) ⁽¹⁾	Benefits (\$) ⁽²⁾	Equity Awards (\$) ⁽³⁾
Glenn D. Estrella (4)	\$375,000	-	-	\$8,408	-
Glenn D. Estrella (5)	-	-	-	-	-
Barbara M. Johnson (4)	\$87,500	-	-	-	-
Barbara M. Johnson (5)	-	-	-	-	\$84,000

- (1) For Mr. Estrella, reflects a termination of employment on December 31, 2010; if he is terminated after June 22, 2013, this salary number would be equal to \$125,000 reflecting six months of his base salary.

For Ms. Johnson, reflects six months of her base salary. No bonus payment is included since any bonus payment on a termination of employment is to be determined at the discretion of the Board.

- (2) Reflects the continuation of medical benefits under group benefit plans. Ms. Johnson is not currently covered by the Company's medical plan.
- (3) Reflects the value of all unvested stock options and restricted stock shares that would vest as a result of a termination or change of control. The amounts are based on (i) in the case of accelerated options, the excess of the December 31, 2010 closing price of the Common Stock (\$0.084) over the applicable exercise price, and (ii) in the case of accelerated restricted stock shares, the closing price of the Common Stock as of December 31, 2010 multiplied by the number of unvested restricted stock shares as of December 31, 2010. The grant date fair value of restricted stock share awards have previously been disclosed in the Summary Compensation Table.
- (4) Reflects the termination of his or her employment as of December 31, 2010.
- (5) Reflects the occurrence of a change of control as of December 31, 2010. All of Mr. Estrella's options are currently fully vested, and thus there is no acceleration applicable to his options on a change of control. The December 31, 2010 closing price is greater than Ms. Johnson's exercise price, so no amount is recorded in connection with the acceleration of her 1,300,000 options on a change of control effective December 31, 2010.

Compensation Committee Interlocks and Insider Participation

We do not currently have a standing Compensation Committee. Glenn D. Estrella, our President and Chief Executive Officer and a member of the Board, participated in discussions of the Board concerning executive officer compensation. Except as disclosed in "Certain Relationships and Related Transactions" below, no member of the Board had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related party transactions. No executive officer of the Company served as a member of the compensation committee (or other committee performing equivalent functions) of another entity, one of whose executive officers served as a director of the Company.

Certain Relationships and Related Transactions

The Company has adopted a written policy that any transactions in which the aggregate amount involved is reasonably expected to exceed \$120,000 between it and its executive officers, directors, and greater than 5% stockholders and immediate family members of any such persons will be approved by the Audit Committee of the Board of Directors. In determining whether to approve or ratify an interested transaction, the Audit Committee will take into account all relevant information including, among other factors, whether such transaction is on terms no less favorable to the Company than could be obtained from unaffiliated third parties under the same or similar circumstances, whether the transaction is in the ordinary course of business of the Company, the dollar value of the transaction, the purpose of and potential benefit to the Company, and the extent of the related person's interest in such transaction. No related party transactions in fiscal 2010 were reviewed under this policy since it was not adopted by the Audit Committee until March 2011.

On February 8, 2010, Mr. Christian, the then Chief Executive Officer and a director of the Company, and the Company entered into a Mutual Release and Separation Agreement in connection with Mr. Christian's termination as the Chief Executive Officer and a director of the Company pursuant to which Mr. Christian was to be issued 4,000,000 shares of Common Stock, an option to purchase 500,000 shares of Common Stock at an exercise price of \$0.075 per share which has since terminated, \$15,000 in cash and 250,000 shares for his service as a director of the Company in return for a full release of all claims against the Company. None of the shares or cash was ever issued by the Company and the Company and Mr. Christian are currently in the process of re-negotiating this Agreement.

On February 8, 2010, Mr. Hotz, a then director of the Company, and the Company entered into a Mutual Release and Separation Agreement in connection with Mr. Hotz's termination as a director of the Company pursuant to which Mr. Hotz was to be issued 1,000,000 shares of Common Stock, an option to purchase 200,000 shares of Common Stock at an exercise price of \$0.075 per share which has since terminated and \$10,000 in cash in return for a full release of all claims against the Company. None of the shares or cash was ever issued by the Company and the Company and Mr. Hotz are currently in the process of re-negotiating this Agreement.

In September 2010, the Company entered into an agreement with Rocky Mountain, a company of which Mr. Seifert is the controlling shareholder, cancelling a certain conversion agreement that had previously been entered into on May 5, 2009 between the parties. As part of cancelling the prior conversion agreement, the Company agreed to reinstate \$185,387 of wages and/or fees owed to Mr. Seifert and Rocky Mountain, and Rocky Mountain agreed to waive its rights to the 29,615 shares of Series E Preferred Stock of the Company deliverable to Rocky Mountain thereby allowing the Company to cancel such shares of Preferred Stock. Mr. Seifert was a director of the Company at the time and is a former Chief Executive Officer and Chief Financial Officer of the Company.

Following Mr. Seifert's termination of employment with the Company but while he was still a director of the Company, in September 2010 the Company entered into a consulting agreement with Rocky Mountain pursuant to which Rocky Mountain is paid \$10,000 per month for such consulting services. Originally scheduled to terminate on October 31, 2010, the consulting agreement was extended to March 31, 2011.

In November 2010, January 2011 and April 2011, Glenn D. Estrella, Sanswire's President and Chief Executive Officer and a director, and Michael K. Clark, Sanswire's Chairman of the Board, purchased shares of the Company's Common Stock and warrants to purchase shares of Common Stock in a private placement on terms identical to other purchasers.

In September 29, 2010, the Company, Mr. Clark, and Hinshaw & Culbertson LLP ("Hinshaw") entered into an Escrow and Stock Purchase Agreement (the "Clark Agreement") pursuant to which Mr. Clark agreed to provide \$250,000 to the Company to be held in escrow by Hinshaw. Those funds were provided by Mr. Clark to facilitate Sanswire's effort and offer to settle pending litigation with the SEC. In December 2010, the Company settled with the SEC and agreed to pay a civil fine in the amount of \$300,000, of which \$50,000 was funded directly by the Company. Pursuant to an amendment to the Clark Agreement and a Stock Purchase Agreement, in December 2010, Mr. Clark received 3,333,333 shares of Common Stock in return for the \$250,000 and Mr. Clark received an option to purchase 1,333,334 shares of the Company's Common Stock at an exercise price of \$0.09 per share, which was the fair market value of the Company's Common Stock on the date of grant. The option is fully vested and exercisable until the earlier of three years from the date of grant or 90 days after the termination of Mr. Clark's membership on the Company's Board of Directors.

In December 2010, the Company entered into an agreement with Mr. Estrella whereby the parties mutually agreed to rescind the issuance of 5,000,000 shares of Common Stock of the Company that had been issued to Mr. Estrella in June 2010.

PROPOSAL II

TO APPROVE THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF THE COMPANY, WHICH AMONG OTHER THINGS, INCREASES THE AUTHORIZED COMMON STOCK OF THE COMPANY FROM 500,000,000 TO 750,000,000 SHARES

The Company's Restated Certificate of Incorporation currently authorizes the issuance of up to 500,000,000 shares of common stock, par value \$0.00001 per share (the "Common Stock"). As of March 21, 2011, there were only 4,147,583 shares of Common Stock unissued or unreserved and available for future issuance. In order to ensure that sufficient

shares of Common Stock will be available for issuance by the Company from time to time in the future, on March 30, 2011, the Company's Board of Directors unanimously approved and resolved to recommend to its stockholders that the Company's Restated Certificate of Incorporation be amended and restated to, among other things, increase the number of authorized shares of Common Stock from 500,000,000 shares to 750,000,000 shares. The number of shares of Preferred Stock authorized for issuance under our Restated Certificate of Incorporation would remain unchanged at 10,000,000 shares. The full text of the Amended and Restated Certificate of Incorporation (the "Charter") is attached to this Proxy Statement as Appendix A, which you should read carefully and is hereby incorporated by reference in its entirety.

The Board of Directors believes it to be in the best interests of the Company and its stockholders to amend and restate the Restated Certificate of Incorporation thereby increasing the number of authorized shares of Common Stock to ensure that the Company will continue to have an adequate number of shares of Common Stock available for future issuance to finance its operations, pay and comply with its outstanding obligations, consummate strategic acquisitions, investments, partnerships or other similar transactions, and attract and retain talented personnel.

The Board of Directors unanimously recommends a vote “FOR” the proposal to approve the Amended and Restated Certificate of Incorporation, which among other things, increases the authorized Common Stock of the Company from 500,000,000 to 750,000,000 shares.

The following shows the Company’s fully diluted capitalization (assuming the conversion of all outstanding convertible and exercisable securities) as of March 21, 2011:

	Number of Shares Issued or Reserved
Common Stock Outstanding	329,852,704
Common Stock Reserved for Warrants	47,639,829
Common Stock Reserved for Outstanding Options Granted to Non-Employee Directors	2,583,334
Common Stock Reserved for Outstanding Options Granted to Employees and Former Employees	27,083,333
Remaining Shares of Common Stock Available under 2004 Plan	1,129,850
Common Stock Reserved for GTC Acquisition	30,000,000
Common Stock Reserved for Financing Related to GTC Acquisition	40,000,000
Common Stock Reserved for Settlements, Debt Obligations and Other Corporate Purposes	17,563,367
TOTAL	495,852,417

Based on our current capitalization, the Company has only 4,147,583 shares of Common Stock available to use to raise additional capital to finance its operations; to pay outstanding debts, judgments, settlements and other obligations; to consummate strategic acquisitions, investments, partnerships or other similar transactions; to recruit, retain and motivate its employees, directors, consultants and advisers; to satisfy any future obligations triggered by a dilutive issuance; or for any other future issuance. As shown in the above table, virtually the entire 500,000,000 shares of Common Stock currently authorized is outstanding or specifically reserved for other existing obligations.

Purposes and Effects of the Amended and Restated Certificate of Incorporation

In addition to selling either Common Stock or securities convertible into Common Stock as a way to fund its operations, the Company has historically issued shares of its Common Stock to satisfy debt and other obligations, as well as to compensate its employees and directors so as to preserve available cash for use in its research and development efforts. The Board of Directors believes it is in the Company's best interests to have Common Stock available for these and other purposes rather than making payments in cash. Furthermore, the Company would not be able to afford to make payment of all of these obligations in cash unless it is able to raise additional funds. Without stockholder approval of the Charter, which increases the Company's authorized Common Stock, the Company believes it would be virtually impossible for the Company to raise sufficient additional cash to cover the cash payments that would be required to satisfy its existing obligations and to fund its development and corporate operations.

The Company does not expect that existing capital resources will be sufficient to sustain its operations until the Company reaches profitability. Accordingly, the Company expects to have to raise additional cash to meet its liquidity needs in at least 2011. Unless the Company's stockholders approve the Charter, which increases its authorized Common Stock, the Company will have limited approaches to raising funds and is not likely to be able to raise sufficient funds to sustain its current operations. If the Company does not receive an adequate amount of additional financing in the future or such financing does not occur on a timely basis, the Company will be required to curtail its expenses by reducing research and development efforts or by taking other steps that could hurt its future performance, including but not limited to, the premature sale of some or all of the Company's assets or product lines on undesirable terms, merger with or acquisition by another company on unsatisfactory terms, or the cessation of the Company's operations.

Without stockholder approval of the Charter, which increases the Company's authorized Common Stock, the Company will be able to grant very few stock options to current or future employees, directors, consultants and advisers as its existing option pool under the 2004 Plan as defined below has only approximately 1,129,850 shares of Common Stock available for awards. The Company wants to add independent non-employee directors to its Board of Directors and may be unable to do so without the ability to issue additional options and restricted stock awards. In addition, the Company has historically paid bonuses to its employees in Common Stock since this compensation approach serves to reduce its cash needs and also, the Company believes, to secure the ongoing commitment of its management. If the Company's stockholders do not approve the Charter, which increases the Company's authorized Common Stock, the Company will have to revise its compensation policies. This revision may require the Company to utilize more cash for compensation and may otherwise jeopardize its ability to retain and appropriately reward its employees, management, directors, consultants and advisers. See "Proposal III – To Approve the 2011 Equity Compensation Incentive Plan."

It is possible that not all of the shares of Common Stock currently reserved for issuance will be issued. The various warrants have exercise prices significantly above the current fair market value of the Company's Common Stock and they each have a term after which the warrant terminates if it has not previously been exercised. Any shares related to terminated warrants would be available for future issuance by the Board. Likewise, the various options have a term after which they cannot be exercised and if an optionee's relationship with the Company terminates, the option expires 90 days later. The shares of Common Stock underlying any options that terminate prior to exercise go back into the

option pool and are once again available for grant. The Company, however, does not believe it can rely on the above events that may or may not occur, and even if shares become available through these termination provisions, they may not be sufficient in quantity or on a timely enough basis to satisfy the Company's requirements for shares.

The Charter modifies certain other provisions of the Company's Certificate of Incorporation including it: (i) identifies the rights of the preferred stock, if issued, and the Common Stock, (ii) establishes that the Company has a perpetual existence, (iii) requires a 75% stockholder vote to amend certain provisions of the Company's By-Laws, (iv) allows for the books and records of the Company to be kept wherever the Board of Directors designates, (v) requires all stockholder actions to be taken at an annual or special meeting, (vi) eliminates the personal liability of directors except in certain circumstances, as allowed by Delaware law, and (vii) requires a 75% stockholder vote to amend certain provisions of the Charter. The Company suggests each stockholder reads in its entirety the Charter that is attached hereto as Annex A.

The terms of the additional authorized shares of Common Stock will be the same as those that apply to the currently authorized shares of Common Stock. If the stockholders approve the Charter, the Company would be able to issue stock for any valid corporate purpose that the Board of Directors from time to time deems necessary or advisable, including, without limitation, payments on outstanding and future debt and obligations, continued financings in furtherance of our research, product development and operations, strategic acquisitions, investments, partnerships or other similar transactions, future stock splits in the form of a stock dividend, and incentives for employees, officers, directors, consultants and advisers, and other transactions involving the use of Common Stock. The availability of additional shares of Common Stock for issuance will provide the Company's Board and management with greater flexibility in taking any of these actions if they deem it necessary or appropriate. The availability of additional shares of Common Stock is particularly important in the event that the Board needs to undertake any of the foregoing actions on an expedited basis and does not have the time to seek stockholder approval in connection with the contemplated issuance of Common Stock, unless stockholder approval is required by law or SEC requirements.

Other than as set forth above with respect to anticipated issuances of stock, if Proposal II (approval of the Charter) of this Proxy Statement is approved, the Company's Board of Directors does not have any present intention, plan, proposals or arrangements, written or otherwise, to issue any of the newly available authorized shares of Common Stock other than to meet existing obligations under warrants, judgments, settlements, stock option and other existing agreements. As has been disclosed in the Company's periodic reports filed with the SEC, the Company anticipates that it will, from time to time, need to raise additional capital in order to support its operations. The primary source of the additional capital the Company has historically raised has been the sale of equity and convertible debt, and the Company expects that will continue to be the case.

The increase in the authorized Common Stock will not have any immediate effect on the rights of the existing stockholders. While the Board will determine whether, when and on what terms the issuance of additional shares of Common Stock may be warranted in connection with any future actions based on its judgment as to the Company's and the stockholders' best interests, future issuances may decrease an existing stockholder's percentage ownership and, depending on the price at which shares are issued, be dilutive to the existing stockholders. Holders of the Company's Common Stock do not now have and will not be entitled to preemptive rights to purchase shares of any authorized capital stock if additional shares are issued later. The proposed increase in the authorized shares of Common Stock pursuant to the Charter is not intended for the purposes of effecting an anti-takeover device and is not in response to any effort by any person or group to accumulate the Company's Common Stock or to obtain control of the Company.

Under Delaware law, the stockholders are not entitled to appraisal rights with regard to the increase in authorized Common Stock pursuant to the Amended and Restated Certificate of Incorporation.

The Charter is being submitted for the approval of the Company's stockholders pursuant to the Delaware General Corporation Law. Under Delaware law, the proposed Amended and Restated Certificate of Incorporation requires the approval of the holders of at least a majority of the Company's outstanding Common Stock, not just a majority of those shares present, in person or represented by proxy, and voting on that matter. An abstention or a broker 'non-vote' has the effect of a vote against approval of the Amended and Restated Certificate of Incorporation. Whether or not you expect to attend the meeting, please complete, date and sign the enclosed proxy and mail it promptly in the enclosed envelope, or vote via Internet or by telephone, to ensure representation of your shares.

PROPOSAL III

TO APPROVE THE 2011 EQUITY COMPENSATION INCENTIVE PLAN

At the Annual Meeting, stockholders will be asked to approve the 2011 Equity Compensation Incentive Plan (the "Plan") that would authorize the issuance of 25,000,000 shares of Common Stock pursuant to awards that may be granted under the Plan, and permit all of these shares of Common Stock to be used for any form of award under the Plan.

The Board of Directors believes that approval of the Plan is fundamental to the Company's ongoing ability to recruit, retain and motivate employees, officers, directors, consultants and advisers and to align the interests of such personnel with the interests of the Company's stockholders. The Company currently has minimal ability to issue options to employees or directors pursuant to the 2004 Sanswire Employee Stock Option Plan (the "2004 Plan") since only 1,129,850 shares of Common Stock remain available for grant, and there is no ability to make grants of restricted stock, restricted stock units or other non-stock awards under the 2004 Plan. Furthermore, the 2004 Plan does not allow for any awards of any type to consultants or advisers to the Company. The Plan will serve as a successor plan to our 2004 Plan, and assuming the stockholders approve the Plan, all shares available under the 2004 Plan at the time of such approval will be terminated and shall no longer be available for issuance. Awards granted under the 2004 Plan will continue to be governed by the terms of the 2004 Plan, but no further awards may be made under the 2004 Plan after such approval. The Board of Directors believes that without a continued ability to make grants of options, restricted stock and other awards to its employees, officers, directors, consultants and advisers pursuant to an approved equity plan, the Company would suffer a severe competitive disadvantage in the recruitment, retention and motivation of such personnel.

On March 30, 2011, the Company's Board of Directors unanimously approved and resolved to recommend to its stockholders that the Plan be approved. The full text of the Plan is attached to this Proxy Statement as Appendix B, which you should read carefully and which is hereby incorporated by reference in its entirety.

The affirmative vote of a majority of the shares of Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting is necessary for the approval of the 2011 Equity Compensation Plan. The Plan is conditional upon and of no force or effect unless the Plan receives the approval by the requisite vote of the stockholders.

The Board of Directors unanimously recommends a vote "FOR" the proposal to approve the 2011 Equity Compensation Incentive Plan.

Purposes of the Plan

Currently, the 2004 Plan has only 1,129,850 shares that remain available for future awards. The 2004 Plan did not allow awards of restricted stock, restricted stock units or any other stock-based award other than options and did not allow awards of any kind to consultants and advisers of the Company. While the Company can issue certain awards outside of an approved plan, such awards are not eligible to receive the favored tax treatment of awards under a stockholder approved plan, may make it more difficult for the award recipient to comply with Rule 16b-3 of the Exchange Act, and the Company may be prevented from being able to take deductions related to such awards pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) thereby preventing the Company from taking advantage of potentially significant tax benefits and associated cash flows. Approval of the Plan and the flexibility to issue full-value awards to employees, officers, directors, consultants and advisers is fundamental to the Company’s ongoing ability to recruit, retain and motivate such personnel. The Board strongly believes that the grant of options, restricted stock, restricted stock units and other full value awards is in the Company’s and its stockholders’ best interests due to the enhanced ability to recruit, retain and motivate those personnel who provide services to the Company and assist in its growth and success.

The Company believes that it has a strong business model and that, in order to achieve future success, it will need to attract, retain and motivate key personnel and new hires. The Company also is looking to add new independent members to its Board of Directors who will expect some form of stock-based award in return for their service as a director. The Board believes that equity-based compensation that includes options, restricted stock, restricted stock units and other stock-based awards will continue to be essential to permit the Company to successfully pursue these objectives.

As discussed above, the Company believes that the use of the Plan as an effective part of the overall compensation offered by it to its employees and directors is essential especially in light of the Company’s restricted cash flow position. Options and stock grants have been a fundamental part of employees’ and directors’ compensation over the past several years, even more so than base salary, which the Company has not always been capable of paying in cash. Bonuses have also historically been paid in grants of stock or options. Without approval of this new Plan, the Board believes that the Company would suffer a severe competitive disadvantage in the recruitment, retention and motivation of its employees, officers, directors, consultants and advisers.

The following shows the Company’s issued and available shares pursuant to its 2004 Plan as of March 21, 2011:

Common Stock Reserved for Outstanding Options Granted to Non-Employee Directors	2,583,334
Common Stock Reserved for Outstanding Options Granted to Executive Officers	11,772,222
Common Stock Reserved for Outstanding Options Granted to Employees and Former Employees (Other than Executive Officers)	15,311,111
Remaining Shares of Common Stock Available for Issuance under 2004 Plan	1,129,850

The principal features of the Plan include:

- No Discount Stock Options: The Plan prohibits the grant of a stock option with an exercise price less than the fair market value of the Company’s Common Stock on the date of grant.
- Maximum Seven-Year Option Term: The Plan provides that stock options may not have a term greater than seven years.

- Mandatory Vesting : The Plan requires at least one year vesting on a minimum of 80% of the Awards granted pursuant to the Plan other than options, except that such vesting may be accelerated upon a participant's disability, death, retirement, cessation of status as a Participant, in connection with a change of control and certain other circumstances.
- No Repricing or Extension of Stock Options: The Plan prohibits the reduction of the exercise price of stock options or the extension of the time stock options are exercisable beyond seven (7) years, without stockholder approval.
- Board and Independent Committee Administration: The Plan is administered by the Board of Directors until a Compensation Committee of the Board whose members satisfy the independence requirements of Rule 10A-3(b)(1) of the Exchange Act is formed, and such Committee thereafter.
- Material Amendments to the Plan Require Stockholder Approval: The Plan provides that a material amendment to the Plan is not effective unless approved by the Company's stockholders.

Summary of the Plan

The following description of the Plan is a summary only and does not purport to be a complete description of all of the provisions of the Plan. The summary is qualified in its entirety by reference to, and the Company strongly recommends that you read, the complete text of the Plan that is attached as Appendix B to this Proxy Statement.

The purpose of the Plan is to strengthen the Company and its subsidiaries by enhancing its profitable growth by providing incentives in the form of stock options and other equity ownership opportunities in the Company (each, an "Award") to its and its subsidiaries' employees, officers, directors, consultants and advisers, all of whom are eligible to receive Awards under the Plan, thereby encouraging them to devote their abilities and industry to the success of the Company and its subsidiaries and their business and enterprise. Any person to whom an Award is granted will be called a "Participant."

Administration

The Plan is administered by the Board of Directors of the Company until a committee (the "Committee") composed solely of members of its Board of Directors that are "independent," as defined pursuant to Rule 10A-3(b)(1) of the Exchange Act is formed. The Company's Board (and thereafter once formed, the Committee) (each referred to herein as the "Administrator") has the authority to grant Awards, to adopt, amend and repeal rules relating to the Plan, to interpret and correct the provisions of the Plan and any Award, and, subject to the limitations of the Plan, to modify and amend any Award. The Plan also provides that authority to grant Awards to employees may be delegated to one or more executive officers of the Company subject to certain limitations. All decisions and determinations by the Administrator in the exercise of its power are final and binding.

Authorized Shares

Subject to certain adjustments, the aggregate number of shares (the "Authorized Shares") of Common Stock that may be delivered in satisfaction of Awards granted under the Plan is 25,000,000 shares of Common Stock. If any Award expires, or is terminated, surrendered, forfeited, expires unexercised, is settled in cash in lieu of Common Stock or is exchanged for other Awards, in whole or in part, the unissued shares covered by such Award shall again be available for the grant of Awards under the Plan.

Eligibility

Employees, officers, directors, consultants and advisers of the Company and its subsidiaries are eligible to be granted Awards under the Plan. Under present law, however, incentive stock options within the meaning of Section 422 of the Code may only be granted to employees of the Company and its subsidiaries. The maximum number of shares of

Common Stock with respect to which Awards may be granted to any Participant under the Plan may not exceed 5,000,000 in any fiscal year, subject to certain adjustments. Awards are made to eligible individuals at the discretion of the Administrator and therefore, the Company can not determine who will receive a future grant at this time.

Exercise Price

The Administrator shall establish the exercise price of options (or determine the method by which the exercise price shall be determined) at the time each option is granted, provided, however, that the exercise price for an option will not be less than 100% (110% for an incentive stock option granted to an employee who is also a 10% or more stockholder) of the fair market value of the Common Stock on the date of grant. The exercise price, if applicable, of other stock-based Awards shall be set by the Administrator. An option may not be amended subsequent to its issuance to reduce the exercise price unless such amendment is approved by the Company's stockholders.

Exercise of Options

The Administrator shall establish vesting dates for options based on the passage of time, the satisfaction of performance criteria or other conditions deemed appropriate by the Administrator; provided, however, that options may be fully vested on grant and alternative vesting may be established by the Administrator in the agreement evidencing an option upon such person's disability, death, retirement, cessation of status as a Participant, on a change of control or in certain other circumstances. Each option or installment may be exercised at any time or from time to time, in whole or in part, for up to the total number of shares with respect to which it is then exercisable, by delivery of a properly signed written notice of exercise to the Company at its principal office address or to such transfer agent as the Company shall designate together with payment in full for the number of shares for which the option is being exercised. The Administrator has the right to accelerate the date of exercise of any installment of any option despite the fact that such acceleration may disqualify all or part of any option as an incentive stock option or cause the application of Sections 280G or 4999 of the Code.

Types of Awards

Awards under the Plan may be in the form of incentive stock options ("ISOs"), nonstatutory stock options, restricted stock, restricted stock units, and any other equity-based interests as the Administrator shall determine, or any combination thereof.

Stock Options

Stock options represent the right to purchase shares of Common Stock within a specified period of time at a specified price. As detailed above, the exercise price for options will be not less than 100% (110% for an incentive stock option granted to an employee who is also a 10% or more stockholder) of the fair market value of the Company's Common Stock on the date of grant. Granted options that are intended to be ISOs shall not constitute ISOs to the extent that such options, in the aggregate, become exercisable for the first time by such person in any calendar year for shares of Common Stock with an aggregate fair market value of more than \$100,000 (determined on the date such option is granted). To the extent that any such ISO exceeds the \$100,000 limitation (or such other limit as may be provided by the Code), such options shall be nonstatutory options. No ISO will be granted to a person who is not an "employee" as defined in the applicable provisions of the Code and regulations issued thereunder. The Administrator will determine the duration of any option, but options shall expire no later than seven (7) years (five (5) years in the case of an incentive stock option granted to an employee who is also a 10% or more stockholder) after the date of grant. No stock options can be granted under the Plan after the ten-year anniversary of the date on which the Plan is approved by the stockholders of the Company, but options granted before that date may be exercised thereafter.

Payment for the exercise of options under the Plan may be made by one or any combination of the following forms of payment:

- by cash or by check payable to the order of the Company;”
- at the discretion of the Administrator through delivery of shares of Common Stock having fair market value equal as of the date of exercise to the cash exercise price of the option, provided, however, that such shares were not acquired in the prior six months; or”
- at the discretion of the Administrator, by delivery of an assignment to the Company of a sufficient amount of the proceeds from the sale of the Common Stock acquired upon exercise of the option and an authorization to the optionee’s broker or selling agent to pay that amount to the Company.

Restricted Stock, Restricted Stock Units and Other Awards

The Plan provides the flexibility to grant other forms of Awards based upon the Common Stock, having the terms and conditions established at the time of grant by the Administrator and as evidenced by an agreement in form to be determined by the Administrator. Restricted stock is Common Stock that is subject to a risk of forfeiture or other restrictions that will lapse upon satisfaction of specified conditions (based on passage of time, performance criteria or other conditions set by the Administrator). A Participant granted restricted stock generally has all of the rights of a stockholder of the Company, unless otherwise determined by the Administrator. Generally restricted stock will be deposited by the Participant, together with an appropriate stock power, with the Company. Upon the lapse of such restrictions, the Company will cause a stock certificate to be delivered to the Participant. Restricted stock units represent the right to receive shares of Common Stock in the future, with the right to future delivery of the shares of Common Stock subject to a risk of forfeiture or other restrictions that will lapse upon satisfaction of specified conditions (based on passage of time, performance criteria or other conditions set by the Administrator). Prior to settlement, an Award of restricted stock units, unlike restricted stock, carries no voting, dividend rights or other rights associated with stock ownership. The Administrator has the right to grant other Awards based upon the Common Stock and having such terms and conditions as shall be determined at the time of grant. All of the 25,000,000 shares being approved for issuance under the Plan may be granted as Awards of options, restricted stock, restricted stock units or other non-stock option Awards. The Plan also provides that 80% of restricted stock, restricted stock units or other non-stock option Awards shall have vesting of at least one year, except that such vesting may be accelerated upon a participant’s disability, death, retirement, cessation of status as a Participant, on a change of control or in certain other circumstances.

Transferability

Except as the Administrator may otherwise determine or provide in an Award, Awards may be transferred only by will or by the laws of descent and distribution and shall, during the life of the Participant, be exercisable only by the Participant; provided, however, that nonstatutory stock options may be transferred to a grantor-retained annuity trust or a similar estate-planning vehicle under which the trust is bound by all provisions of the option which are applicable to the Participant.

Adjustment

In the event of any stock split, stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off, split-up, or other similar change in capitalization or event, the following shall be equitably adjusted:

- the number and class of securities available for Awards under the Plan and the per-Participant share limit;”

- the number and class of securities, vesting schedule and exercise price per share subject to each outstanding Award;”
- the repurchase price per security subject to repurchase; and”
- the terms of each other outstanding stock-based Award shall be adjusted by the Company (or substituted Awards may be made) to the extent the Administrator shall determine, in good faith, that such an adjustment (or substitution) is appropriate.

Treatment upon Acquisition

Unless otherwise expressly provided in the applicable Award, upon the occurrence of an Acquisition of the Company (as defined in the Plan), either (i) appropriate provision is to be made for the continuation and the assumption by the surviving or acquiring entity of all Awards, (ii) the Administrator may provide that one or more Awards granted under the Plan must be exercised by a certain date after which period the Awards if unexercised shall terminate, or (iii) any such Awards shall be terminated in exchange for a cash payment equal to the excess of the fair market value of the shares subject to the Award over the exercise price thereof. The Administrator may also determine that any Award may accelerate in full upon the occurrence of an Acquisition.

Effect of Termination, Disability, Death, Retirement or Cessation of Status

The Administrator shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant’s legal representative, conservator, guardian or designated beneficiary, may exercise rights under the Award, subject to applicable law and the provisions of the Code.

Amendment of Awards

The Administrator may amend, modify or terminate any outstanding Award, provided, however, that except as relates to an Acquisition of the Company or certain adjustments identified in the Plan, the Participant’s consent to such action shall be required unless the Administrator determines that the action, taking into account any related action, would not materially and adversely affect the Participant, and provided, further, that previously issued options may not be amended without stockholder approval to reduce the price at which such previously issued options are exercisable or to extend the period of time for which such previously issued option shall be exercisable beyond seven (7) years.

Termination of Plan; Amendments

Awards may be granted under the Plan at any time prior to the ten-year anniversary of the date on which the Plan is approved by the stockholders of the Company, but Awards previously granted may extend beyond that date. The Administrator may amend, suspend or terminate the Plan or any portion thereof at any time, provided, however, that any material amendment to the Plan will not be effective unless approved by the Company’s stockholders.

Federal Income Tax Consequences

The following discussion is a general summary of the principal U.S. federal income tax consequences relating to Awards granted under the Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of Participants in the Plan may vary depending on the particular situation and may, therefore, be subject to special rules not discussed above, so each Participant should consult his or her tax adviser as to the Federal, state, local and other tax consequences of the grant or exercise of an Award or the disposition of stock acquired as a result of an Award. This information is not a definitive explanation of the tax consequences of such Awards, nor is this summary intended to be exhaustive as it, among other things, does not describe state, local or foreign income tax or other tax consequences.

Incentive Stock Options

The following general rules are applicable under current United States federal income tax law to incentive stock options (“ISOs”) granted under the Plan.

1. In general, no taxable income results to the optionee upon the grant of an ISO or upon the issuance of shares to him or her upon the exercise of the ISO, and no corresponding federal tax deduction is allowed to the Company upon either grant or exercise of an ISO.
2. If shares acquired upon exercise of an ISO are not disposed of within (i) two years following the date the option was granted or (ii) one year following the date the shares are issued to the optionee pursuant to the ISO exercise (the “Holding Periods”), the difference between the amount realized on any subsequent disposition of the shares and the exercise price will generally be treated as long-term capital gain or loss to the optionee.
3. If shares acquired upon exercise of an ISO are disposed of before the Holding Periods are met (a “Disqualifying Disposition”), then in most cases the lesser of (i) any excess of the fair market value of the shares at the time of exercise of the ISO over the exercise price or (ii) the actual gain on disposition will be treated as compensation to the optionee and will be taxed as ordinary income in the year of such disposition.
4. In any year that an optionee recognizes ordinary income as the result of a Disqualifying Disposition, the Company generally should be entitled to a corresponding deduction for federal income tax purposes, subject to any deduction limitations under Sections 162(m) or 280G of the Code.
5. Any excess of the amount realized by the optionee as the result of a Disqualifying Disposition over the sum of (i) the exercise price and (ii) the amount of ordinary income recognized under the above rules will be treated as capital gain to the optionee and will not be deductible by the Company.
6. Capital gain or loss recognized by an optionee upon a disposition of shares will be long-term capital gain or loss if the optionee’s holding period for the shares exceeds one year.
7. An optionee may be entitled to exercise an ISO by delivering shares of the Company’s Common Stock to the Company in payment of the exercise price. If an optionee exercises an ISO in such fashion, special rules will apply.
8. In addition to the tax consequences described above, the exercise of an ISO may result in additional tax liability to the optionee under the alternative minimum tax rules. The Code provides that an alternative minimum tax (at a maximum rate of 28%) will be applied against a taxable base which is equal to “alternative minimum taxable income” reduced by a statutory exemption. In general, the amount by which the value of the Common Stock received upon exercise of the ISO exceeds the exercise price is included in the optionee’s alternative minimum taxable income. A taxpayer is required to pay the higher of his or her regular tax liability or the alternative minimum tax. A taxpayer that pays alternative minimum tax attributable to the exercise of an ISO may be entitled to a tax credit against his or her regular tax liability in later years.
9. Special rules apply if the stock acquired is subject to vesting, or is subject to certain restrictions on resale under federal securities laws applicable to directors, officers or 10% stockholders.

Nonstatutory Stock Options

The following general rules are applicable under current federal income tax law to options that do not qualify as ISOs (“Nonstatutory Stock Options”) granted under the Plan:

1. The optionee generally does not realize any taxable income upon the grant of a Nonstatutory Stock Option, and the Company is not allowed a federal income tax deduction by reason of such grant.
2. The optionee generally will recognize ordinary income at the time of exercise of a Nonstatutory Stock Option in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price.
3. When the optionee sells the shares acquired pursuant to a Nonstatutory Stock Option, he or she generally will recognize a capital gain or loss in an amount equal to the difference between the amount realized upon the sale of the shares and his or her basis in the shares (generally, the exercise price plus the amount taxed to the optionee as ordinary income). If the optionee’s holding period for the shares exceeds one year, such gain or loss will be a long-term capital gain or loss.
4. The Company generally should be entitled to a corresponding tax deduction for federal income tax purposes when the optionee recognizes ordinary income, subject to any deduction limitations under Sections 162(m) or 280G of the Code.
5. An optionee may be entitled to exercise a Nonstatutory Stock Option by delivering shares of the Company’s Common Stock to the Company in payment of the exercise price. If an optionee exercises a Nonstatutory Stock Option in such fashion, special rules will apply.
6. Special rules apply if a Nonstatutory Stock Option has an exercise price less than the fair market value of the shares on the date of grant, or if the stock acquired is subject to vesting, or is subject to certain restrictions on resale under federal securities laws applicable to directors, officers or 10% stockholders.

Awards and Purchases

The following general rules are applicable under current federal income tax law to awards of restricted stock and restricted stock units:

1. A Participant will generally not recognize taxable income upon the grant of restricted stock unless the Participant elects to be taxed at that time. Instead a Participant generally will recognize ordinary income at the time of vesting equal to the difference between the fair market value of the shares on the vesting date and the amount, if any, paid for the shares. However, the Participant of a restricted stock Award may elect, through a filing with the Internal Revenue Service, to recognize income at the time he or she receives the Award in an amount equal to the fair market value of the shares underlying the Award (less any cash paid for the shares) on the date the Award is granted.
2. A Participant generally will not recognize taxable income upon the grant of a restricted stock unit. Instead the Participant generally will recognize ordinary income at the time the Participant receives Common Stock in satisfaction of the restricted stock unit in an amount equal to the fair market value of the shares of Common Stock received less the amount, if any, paid for the shares.

3. The Company generally should be entitled to a corresponding deduction for federal income tax purposes when such person recognizes ordinary income and equal to such amount of ordinary income taxable to the Participant. When such Common Stock underlying an Award is sold, the Participant generally will recognize capital gain or loss equal to the difference between the amount realized upon the sale and the seller's tax basis in the Common Stock (generally, the amount that the seller paid for such stock plus the amount taxed to the Seller as ordinary income) and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she would be required to recognize any compensation income.

Eligibility Under Section 162(m)

In general, under Section 162(m) of the Code, the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers in any single year. This deduction limitation, however, does not apply to compensation that constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The regulations under Section 162(m) of the Code contain a "safe harbor" that treats stock options granted at fair market value as qualified performance-based compensation (assuming certain other requirements are satisfied including (i) stockholder approval of the material terms of the plan, (ii) setting limits on the number of awards that any individual may receive, and (iii) for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid). A favorable vote for the Plan may allow the Company to continue to deduct certain executive compensation in excess of \$1,000,000 and provide the Company with potentially significant future tax benefits and associated cash flows.

Section 280G

Under certain circumstances, the accelerated vesting or exercise of options or other share Awards in connection with a change of control of the Company might be deemed an "excess parachute payment" for purposes of the golden parachute tax provisions of Section 280G of the Code. To the extent that any such event is considered to have occurred under the Plan, the Participant would be subject to a 20% excise tax, and the Company would lose the ability to deduct the excess parachute payment.

PROPOSAL IV

TO RATIFY THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, ROSEN SEYMOUR SHAPSS MARTIN & COMPANY LLP

Rosen Seymour Shapss Martin & Company LLP ("RSSM") currently serves as the Company's independent registered public accounting firm. The Board of Directors is seeking ratification of the Audit Committee's appointment of RSSM to continue to serve as the registered public accounting firm and as auditors of the Company's consolidated financial statements for the fiscal year ending December 31, 2011.

Independent Registered Public Accounting Firm for the Fiscal Year 2011

The Audit Committee of the Board of Directors has appointed the firm of RSSM to serve as the registered public accounting firm and as auditors of the Company's consolidated financial statements for the fiscal year ending December 31, 2011.

A representative of RSSM is expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and is expected to be available to respond to appropriate questions.

The Board of Directors has put the ratification of the appointment of RSSM before the stockholders because the Board believes that seeking stockholder ratification of the appointment of the independent registered public accounting firm is good corporate practice. If the appointment of RSSM is not ratified, the Audit Committee will first review the basis for the stockholder vote and the Company's relationship with RSSM and will then take such action as it deems necessary. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Approval of Proposal IV requires the affirmative vote of a majority of the shares of Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting.

The Board of Directors unanimously recommends a vote “FOR” the proposal to ratify the appointment of the Company’s independent registered public accounting firm, Rosen Seymour Shapss Martin & Company LLP.

The Company entered into a Mutual Release and Settlement Agreement with Weinberg and Company PA dated March 3, 2010 whereby the Company settled all outstanding issues with Weinberg for an agreement to pay an aggregate of \$120,000.

Audit Fees. These are aggregate fees billed for professional services rendered by RSSM for the fiscal year ended December 31, 2010, and by RSSM and Weinberg & Co. for the fiscal year ended December 31, 2009 for (a) the annual audit of the Company’s financial statements for each such fiscal year included in the Company’s Annual Report on Form 10-K, (b) reviews of the quarterly financial information included in the Company’s Quarterly Reports on Form 10-Q for each such fiscal year, and (c) reviews of SEC filings.

All Other Fees. These are aggregate fees for products and services other than those services previously reported.

The Audit Committee of the Board of Directors has determined that the provision of the services as set out above is compatible with maintaining RSSM's independence.

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit, audit-related, tax and other non-audit services that may be provided by RSSM, the independent registered public accounting firm, and the related budgets for such services. The policy identifies the principles that must be considered by the Audit Committee in approving these services to ensure that RSSM's independence is not impaired; describes the audit and audit-related, tax and other services that may be provided; and sets forth pre-approval requirements for all permitted services. Since the formation of the Audit Committee in January 2011, Audit Committee pre-approval has been sought for the provision of all services by RSSM.

Changes In and Disagreements With Accountants on Accounting and Financial Disclosure

On October 19, 2009 (the "Dismissal Date"), the Company dismissed Weinberg & Co., as its independent certifying accountant. The Company's Board of Directors approved the dismissal on October 20, 2009. Except for the provision of a "Going Concern" opinion, the reports of Weinberg & Co. on the Company's consolidated financial statements for the years ended December 31, 2008 and 2007 did not contain an adverse opinion or disclaimer of opinion, and such reports were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During the years ended December 31, 2008 and 2007, and through the Dismissal Date, the Company did not have any disagreements with Weinberg & Co. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Weinberg & Co.'s satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with its report.

During the years ended December 31, 2008 and 2007, and through the Dismissal Date, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Weinberg & Co. with a copy of the Current Report on Form 8-K disclosing the dismissal prior to its filing with the SEC and requested that Weinberg & Co. furnish the Company with a letter addressed to the SEC stating whether it agreed with such disclosure and, if it did not agree, the respects in which it did not agree. A copy of the letter from Weinberg & Co. was attached as Exhibit 16.1 to the Company's Current Report on Form 8-K filed with the SEC on October 22, 2009.

On October 20, 2009, the Company engaged RSSM, as its independent registered public accounting firm, to audit its consolidated financial statements. The decision to engage RSSM was approved by the Company's Board of Directors at a Board meeting called for such purpose.

During the Company's two most recent fiscal years and through the date of the engagement of RSSM, it did not consult with RSSM regarding either (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or (2) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

Prior to the engagement of RSSM, they did not provide us with any written or oral advice that RSSM concluded was an important factor considered by the Company in reaching any decision as to any accounting, auditing or financial reporting issue.

OTHER MATTERS

Expenses and Solicitation

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, certain of the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, facsimile, e-mail and personal interviews. Brokers, custodians and fiduciaries will be requested to forward the Notice and Proxy Materials to the owners of Common Stock held in their names, and the Company will reimburse them for their reasonable out-of-pocket costs. The Company may also engage a proxy solicitor to assist in the solicitation of proxies from stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires the Company's directors, executive officers and holders of more than 10% of its Common Stock (collectively, "Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock. Reporting Persons are required by regulations of the SEC to furnish the Company with copies of all such filings. Based on its review of the copies of such filings received by it with respect to the fiscal year ended December 31, 2010, the Company believes that all Reporting Persons complied with all Section 16(a) filing requirements in the fiscal year ended December 31, 2010, except that certain Forms 3 and 4 were filed late.

CERTIFICATE OF INCORPORATION

SANSWIRE CORP.

* * * * *

FIRST. The name of the Corporation is Sanswire Corp. (hereinafter the "Corporation").

SECOND. The address of its registered office in the State of Delaware is 1209 Orange Street, in the City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

THIRD. The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of Delaware, as the same exists or may hereafter be amended.

FOURTH. The total number of shares of all classes of capital stock which the Corporation shall have authority to issue is 760,000,000, of which (i) 750,000,000 shares shall be Common Stock, par value \$0.00001 per share ("Common Stock"); and (ii) 10,000,000 shares of preferred stock, par value \$0.0001 per share (the "Preferred Stock").

The following is a statement of the designations, preferences, voting powers, qualifications, special or relative rights and privileges of the authorized capital stock of the Corporation.

I. PREFERRED STOCK

The Preferred Stock may be issued from time to time in one or more classes or series. The Board of Directors of the Corporation shall have authority to the fullest extent permitted under the Delaware General Corporation Law to adopt by resolution from time to time one or more certificates of designation providing for the designation of one or more classes or series of Preferred Stock and the voting powers, whether full, limited or no voting powers, and such designations, preferences and relative, participating, optional or other special rights, and qualifications, or restrictions thereof, and to fix, alter or reduce the number of shares comprising any such class or series, subject to any requirements of the Delaware General Corporation Law and this certificate of incorporation, as amended from time to time.

The authority of the Board of Directors with respect to each such class or series shall include, without limiting the generality of the foregoing, the right to determine and fix the following preferences and powers, which may vary as between different classes or series of Preferred Stock:

(a) the distinctive designation of such class or series and the number of shares to constitute such class or series;

(b) the rate at which dividends on the shares of such class or series shall be declared and paid, or set aside for payment, whether dividends at the rate so determined shall be cumulative or accruing, and whether the shares of such class or series shall be entitled to any participating or other dividends in addition to dividends at the rate so determined, and if so, on what terms;

(c) the right or obligation, if any, of the Corporation to redeem shares of the particular class or series of Preferred Stock and, if redeemable, the price, terms and manner of such redemption;

(d) the special and relative rights and preferences, if any, and the amount or amounts per share, which the shares of such class or series of Preferred Stock shall be entitled to receive upon any voluntary or involuntary liquidation, dissolution or winding up of the Corporation;

(e) the terms and conditions, if any, upon which shares of such class or series shall be convertible into, or exchangeable for, shares of capital stock of any other class or series, including the price or prices or the rate or rates of conversion or exchange and the terms of adjustment, if any;

(f) the obligation, if any, of the Corporation to retire, redeem or purchase shares of such class or series pursuant to a sinking fund or fund of a similar nature or otherwise, and the terms and conditions of such obligation;

(g) voting rights, if any, including special voting rights with respect to the election of directors and matters adversely affecting any class or series of Preferred Stock;

(h) limitations, if any, on the issuance of additional shares of such class or series or any shares of any other class or series of Preferred Stock; and

(i) such other preferences, powers, qualifications, special or relative rights and privileges thereof as the Board of Directors of the Corporation, by the action of at least a majority of the members of the Board of Directors then in office acting in accordance with this certificate of incorporation, or any certificate of designation with respect to any Preferred Stock, may deem advisable and are not inconsistent with law, the provisions of this certificate of incorporation or the provisions of any such certificate of designation.

II. COMMON STOCK

1. **Priority.** All preferences, voting powers, relative, participating, optional or other special rights and privileges, and qualifications, limitations or restrictions of the Common Stock are expressly made subject to and subordinate to those that may be fixed with respect to the Preferred Stock.

2. **Voting Rights.** Each holder of record of Common Stock shall be entitled to one vote for each share of Common Stock standing in his name on the books of the Corporation on each matter properly submitted to the stockholders of the Corporation for their vote; provided, however, that except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (including any certificate of designation of Preferred Stock relating to any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon by law or pursuant to this Certificate of Incorporation (including any certificate of designation of Preferred Stock relating to any series of Preferred Stock). Except as otherwise provided by this Certificate of Incorporation or by law, the holders of Common Stock and the holders of Preferred Stock shall vote together as a single class on all matters as to which the Common Stock is entitled to vote.

3. **Dividends.** Subject to provisions of law, this certificate of incorporation and the rights of any Preferred Stock, the holders of Common Stock shall be entitled to receive dividends out of funds legally available therefore at such times and in such amounts as the Board of Directors may determine in their sole discretion.

4. **Liquidation.** Upon any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, after the payment or provision for payment of all debts and liabilities of the Corporation and all preferential amounts to which the holders of the Preferred Stock are entitled with respect to the distribution of assets in liquidation, the holders of Common Stock shall be entitled to share ratably in the remaining assets of the Corporation available for distribution.

FIFTH. The Corporation is to have perpetual existence.

SIXTH.

1. Business of Corporation. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by statute or by this Amended and Restated Certificate of Incorporation or the By-Laws of the Corporation, the directors are hereby empowered to exercise all such powers and do all such and things as may be exercised or done by the Corporation.

2. By-Laws. In furtherance and not in limitation of the powers conferred by the Delaware General Corporation Law, the Board of Directors of the Corporation is expressly authorized to adopt, amend, alter or repeal the By-Laws of the Corporation without the assent or vote of the stockholders, in any manner not inconsistent with the General Corporation Law or this Amended and Restated Certificate of Incorporation. Notwithstanding anything to the contrary contained herein, the affirmative vote of the holders of at least 75% in voting power of all the shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required in order for the stockholders of the Corporation to alter, amend or repeal Sections 1.3, 1.10, 1.11, 6.1 or 6.2 or Article II of the By-Laws of the Corporation or to adopt any provision inconsistent therewith. No By-Law hereafter legally adopted, amended, altered or repealed shall invalidate any prior act of the directors or officers of the Corporation that would have been valid if such By-Law had not been adopted, amended, altered or repealed.

SEVENTH. Elections of directors need not be by written ballot unless the By-Laws of the Corporation shall so provide. Advance notice of new business and stockholder nominations for the election of directors shall be given in the manner and to the extent provided in the By-Laws of the Corporation. The books of the Corporation may be kept (subject to any provisions contained in the statutes) at such place within or without the State of Delaware as the By-Laws of the Corporation may provide or as may be designated from time to time by the Board of Directors of the Corporation.

EIGHTH. Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of the stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Special meetings of the stockholders of the Corporation may be called only by the Chairman of the Board, the President or by a majority of the Board of Directors of the Corporation.

NINTH. The Corporation eliminates the personal liability of each member of its Board of Directors to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that the foregoing shall not eliminate the liability of a director (i) for any breach of such director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law or (iv) for any transaction from which such director derived an improper personal benefit. If the General Corporation Law of Delaware is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of Delaware as so amended.

TENTH. The Corporation shall, to the fullest extent legally permissible under the provisions of the General Corporation Law of the State of Delaware, as the same may be amended and supplemented, indemnify and hold harmless any person made or threatened to be made a party to an action or proceeding, whether criminal, civil, administrative or investigative, by reason of the fact that he or she was a director, officer, employee or agent of the Corporation, or was serving or served at any other corporation, partnership, joint venture, trust or other enterprise as a director, officer, employee or agent of the Corporation at the direction of the Corporation, from and against all liabilities (including expenses) imposed upon or reasonably incurred by him or her in connection with any such action, suit, or other proceeding in which he or she may be involved or with which he or she may be threatened, and shall continue as to a person who has ceased to be a director, officer, employee or agent of the Corporation. Such

indemnification provided shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any by-law, agreement or resolution adopted by the stockholders entitled to vote thereon after notice. Any amendment, repeal or modification of the foregoing paragraph shall not adversely affect any right or protection of a director, officer, employee or agent of the Corporation existing at the time of such amendment, modification or repeal.

ELEVENTH. The Corporation reserves the right to amend or repeal any provision contained in this Amended and Restated Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon the stockholders herein are granted subject to this reservation; provided, however, that notwithstanding anything contained in this Amended and Restated Certificate of Incorporation to the contrary, or any provision of law that might otherwise permit a lesser vote or no vote, but in addition to any vote of the holders of any class or series of the stock of the Corporation required by law or by this Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least 75% of the voting power of the then outstanding shares of voting stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, amend or repeal this Article SIXTH, SEVENTH, EIGHTH, NINTH, TENTH or ELEVENTH or to adopt any provision inconsistent therewith.

TWELFTH. If any provision or provisions of this Amended and Restated Certificate of Incorporation shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever, then, to the fullest extent permitted by applicable law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Amended and Restated Certificate of Incorporation (including, without limitation, each portion of any paragraph of this Amended and Restated Certificate of Incorporation containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby.

Appendix B

SANSWIRE CORP.
2011 EQUITY COMPENSATION INCENTIVE PLAN

1. Purpose and Eligibility

The purpose of this 2011 Equity Compensation Incentive Plan (the “Plan”) of Sanswire Corp. (the “Company”) is to provide equity ownership opportunities in the Company (each an “Award”) to employees, officers, directors, consultants and advisors of the Company and its Subsidiaries, all of whom are eligible to receive Awards under the Plan. Any person to whom an Award has been granted under the Plan is called a “Participant.” Additional definitions are contained in Section 10(a).

2. Administration

a. Administration. The Plan will be administered by the Board of Directors of the Company (the “Board”) until a committee (the “Committee”) composed solely of members of the Board that are “independent,” as defined pursuant to Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended, and as prescribed under the rules of either a national securities exchange or Nasdaq (as defined in Section 10), depending on where the Common Stock is then traded, is formed to, among other things, administer this Plan; provided, however, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee’s exercise of its authority hereunder. The Board and thereafter when formed, the Committee (each referred to herein as the “Administrator”), in its sole discretion, shall have the authority to grant Awards, to adopt, amend and repeal rules relating to the Plan, to interpret and correct the provisions of the Plan and any Award, and, subject to the limitations of the Plan, to modify and amend any Award. All decisions by the Administrator shall be final and binding on all interested persons. Neither the Company nor any member of the Administrator shall be liable for any action or determination relating to the Plan.

b. Delegation to Executive Officers. To the extent permitted by applicable law, the Administrator may delegate to one or more executive officers of the Company the power to grant Awards and exercise such other powers under the Plan as the Administrator may determine; provided, however, that the Administrator shall fix the maximum number of Awards to be granted and the maximum number of shares issuable to any one Participant pursuant to Awards granted by such executive officer or officers. The Administrator may, by a resolution adopted by the Administrator, authorize one or more executive officers of the Company to do one or both of the following: (i) designate employees of the Company or of any of its Subsidiaries to be recipients of Awards and (ii) determine the number, type and terms of such Awards to be received by such employees, subject to the limitations of the Plan; provided, however, that, in each case, the resolution so authorizing such officer or officers shall specify the maximum number and type of Awards such officer or officers may so award. The Administrator may not authorize an officer to designate himself or herself as a recipient of any such Awards or to grant Awards to other executive officers of the Company.

3. Stock Available for Awards

a. Number of Shares. Subject to adjustment under Section 3(c), the aggregate number of shares (the “Authorized Shares”) of the Company’s common stock, \$0.00001 par value per share (the “Common Stock”), which may be issued pursuant to the Plan shall be 25,000,000 shares of Common Stock. If any Award expires, is terminated, surrendered, forfeited, expires unexercised, is settled in cash in lieu of Common Stock or is exchanged for other Awards, in whole or in part, the unissued Common Stock covered by such Award shall again be available for the grant of Awards under

the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares.

b. **Per-Participant Limit.** Subject to adjustment under Section 3(c), no Participant may be granted stock-based Awards during any one fiscal year to purchase more than 5,000,000 shares of Common Stock.

c. **Adjustment to Common Stock.** In the event of any stock split, stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off, split-up, or other similar change in capitalization or event, (i) the number and class of securities available for Awards under the Plan and the per-Participant share limit, (ii) the number and class of securities, vesting schedule and exercise price per share subject to each outstanding stock-based Award, (iii) the repurchase price per security subject to repurchase, and (iv) the terms of each other outstanding stock-based Award shall be adjusted by the Company (or substituted Awards may be made) to the extent the Administrator shall determine, in good faith, that such an adjustment (or substitution) is appropriate. If Section 8(f)(i) applies for any event, this Section 3(c) shall not be applicable.

d. **Fractional Shares.** No fractional shares shall be issued under the Plan and the Participant shall, at the Administrator's discretion, receive either cash in lieu of such fractional shares or no share for each fractional share.

4. Stock Options

a. **General.** The Administrator may grant options to purchase Common Stock (each, an "Option") and determine the terms and conditions of each Option, including, but not limited to (i) the number of shares subject to such Option or a formula for determining such, (ii) subject to Section 4(e) hereof, the exercise price of the Options and the means of payment for the shares, (iii) the Performance Criteria (as defined in Section 8(d)), if any, and level of achievement of such Performance Criteria that shall determine the number of shares or Options granted, issued, retainable and/or vested, (iv) the terms and conditions of the grant, issuance and/or forfeiture of the shares or Options, and (v) such further terms and conditions as may be determined from time to time by the Administrator, in each case not inconsistent with this Plan.

b. **Incentive Stock Options.** An Option that the Administrator intends to be an "incentive stock option" as defined in Section 422 of the Code (an "Incentive Stock Option") shall be granted only to employees of the Company and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Administrator and the Company shall have no liability if an Option or any part thereof that is intended to be an Incentive Stock Option does not qualify as such.

c. **Nonstatutory Stock Options.** An Option or any part thereof that does not qualify as an Incentive Stock Option is referred to herein as a "Nonstatutory Stock Option."

d. **Dollar Limitation.** For so long as the Code shall so provide, Options granted to any employee under the Plan (and any other plans of the Company) which are intended to constitute Incentive Stock Options shall not constitute Incentive Stock Options to the extent that such Options, in the aggregate, become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate Fair Market Value (as defined in Section 10 and determined as of the respective date or dates of grant) of more than \$100,000 (or such other limit as may be provided by the Code). To the extent that any such Incentive Stock Options exceed the \$100,000 limitation (or such other limit as may be provided by the Code), such Options shall be Nonstatutory Stock Options.

e. **Exercise Price.** The Administrator shall establish the exercise price (or determine the method by which the exercise price shall be established) at the time each Option is granted and specify the exercise price in the applicable Option agreement; provided, however, that the exercise price per share specified in the agreement relating to each Option granted under the Plan shall not be less than the Fair Market Value per share of Common Stock on the date of such grant. In the case of an Incentive Stock Option to be granted to an employee owning stock possessing more than

ten percent (10%) of the total combined voting power of all classes of stock of the Company, the price per share specified in the agreement relating to such Incentive Stock Option shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock on the date of grant (or such other limit as may be provided by the Code). For purposes of determining stock ownership under this subsection, the rules of Section 424(d) of the Code shall apply. Subject to Section 3(c), an Option may not be amended subsequent to its issuance to reduce the price at which it is exercisable unless such amendment is approved by the Company's shareholders.

f. **Duration of Options.** Each Option shall be exercisable at such times and subject to such terms, conditions and expiration as the Administrator may specify in the applicable Option agreement; provided, however, that no Option shall be exercisable for a period of time greater than seven (7) years from the date of grant of such Option; provided, further, however, that Incentive Stock Options granted to an employee owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company shall be exercisable for a maximum of five (5) years from the date of grant of such Option (or such other limit as may be provided by the Code). For purposes of determining stock ownership under this subsection, the rules of Section 424(d) of the Code shall apply.

g. **Vesting of Options.** Subject to Sections 8(f), 8(i) and 8(k), at the time of the grant of an Option, the Administrator shall establish a vesting date or vesting dates with respect to the shares of Common Stock covered by such Options; provided, however, that an Option may be fully vested on the date of grant if so determined by the Administrator. The Administrator may establish vesting dates based upon the passage of time and/or the satisfaction of Performance Criteria or other conditions as deemed appropriate by the Administrator.

h. **Exercise of Option.** Options may be exercised only by delivery to the Company at its principal office address or to such transfer agent as the Company shall designate of a written notice of exercise specifying the number of shares as to which such Option is being exercised, signed by the proper person, together with payment in full as specified in Section 4(i) for the number of shares for which the Option is exercised.

i. **Payment Upon Exercise.** Common Stock purchased upon the exercise of an Option shall be paid for by one or any combination of the following forms of payment:

- (i) in United States dollars in cash or by check payable to order of the Company;
- (ii) at the discretion of the Administrator, through delivery of shares of Common Stock having a Fair Market Value equal as of the date of the exercise to the cash exercise price of the Option, provided, however, that such shares were not acquired by the Participant in the prior six months;
- (iii) at the discretion of the Administrator and consistent with applicable law, through the delivery of an assignment to the Company of a sufficient amount of the proceeds from the sale of the Common Stock acquired upon exercise of the Option and an authorization to the broker or selling agent to pay that amount to the Company, which sale shall be at the Participant's direction at the time of exercise; or
- (iv) at the discretion of the Administrator, by any combination of (i), (ii), or (iii) above.

If the Administrator exercises its discretion to permit payment of the exercise price of an Incentive Stock Option by means of the methods set forth in clauses (ii), (iii) or (iv) of the preceding sentence, such discretion shall be exercised in writing in the instrument evidencing the Award of the Incentive Stock Option.

j. Notice to Company of Disqualifying Disposition. By accepting an Incentive Stock Option granted under the Plan, each optionee agrees to notify the Company in writing immediately after such optionee makes a disqualifying disposition of any stock acquired pursuant to the exercise of the Incentive Stock Options. A “disqualifying disposition” is generally any disposition occurring on or before the later of (a) the date two years following the date the Incentive Stock Option was granted or (b) the date one year following the date the Incentive Stock Option was exercised.

k. Issuances of Securities. Except as provided in Section 3(c) or as otherwise expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to Options. No adjustments shall be made for dividends paid in cash or in property other than securities of the Company.

5. Restricted Stock

a. Grants. The Administrator may grant Awards entitling recipients to acquire shares of Common Stock, subject to (i) delivery to the Company by the Participant of cash, a check or other sufficient legal consideration in an amount at least equal to the par value of the shares purchased, (ii) the right of the Company to repurchase or reacquire all or part of such shares at their issue price or other stated or formula price from the Participant in the event that conditions specified by the Administrator in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Administrator for such Award (each, a “Restricted Stock Award”), and (iii) Section 5(b).

b. Terms and Conditions. A Participant that is the holder of a Restricted Stock Award, whether vested or unvested, shall be entitled to enjoy all shareholder rights with respect to the shares of Common Stock underlying such Restricted Stock Award, including the right to receive dividends and vote such shares. Subject to Section 5(c), the Administrator shall determine all terms and conditions of any such Restricted Stock Award, including, but not limited to (i) the number of shares subject to such Restricted Stock Award or a formula for determining such, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the Performance Criteria, if any, and level of achievement of such Performance Criteria that shall determine the number of shares granted, issued, retainable and/or vested, (iv) the terms and conditions on the grant, issuance and/or forfeiture of the shares, and (v) such further terms and conditions as may be determined from time to time by the Administrator, in each case not inconsistent with this Plan. At the Administrator’s election, shares of Common Stock issued in respect of a Restricted Stock Award may be (i) held in book entry form subject to the Company’s instructions until any restrictions relating to the Restricted Stock Award lapses, or (ii) evidenced by a stock certificate that may bear a legend indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Restricted Stock Award. Any stock certificates issued in respect of a Restricted Stock Award shall be registered in the name of the Participant. All certificates registered in the name of the Participant shall, unless otherwise determined by the Administrator, be deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). After the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or, if the Participant has died, to the beneficiary designated by the Participant, in a manner determined by the Administrator, to receive amounts due or exercise rights of the Participant in the event of the Participant’s death (the “Designated Beneficiary”). In the absence of an effective designation by a Participant, Designated Beneficiary shall mean the Participant’s estate.

c. Vesting of Restricted Stock. Subject to Section 8(f) and Section 8(i), at the time of the grant of a Restricted Stock Award, the Administrator shall establish a vesting date or vesting dates with respect to the shares of Common Stock covered by such Restricted Stock Award, which vesting dates may be based upon the passage of time and/or the satisfaction of Performance Criteria or other conditions as deemed appropriate by the Administrator; provided,

however, that all Restricted Stock Awards, other than Awards granted under Section 8(k), shall vest in one or more installments over a period of no less than one (1) year.

6. Restricted Stock Unit

a. Grants. The Administrator may grant Awards entitling recipients to acquire shares of Common Stock in the future, with the future delivery of the Common Stock subject to a risk of forfeiture or other restrictions that will lapse upon the satisfaction of one or more specified conditions (each, a “Restricted Stock Unit”).

b. Terms and Conditions. Subject to Section 6(c), the Administrator shall determine all terms and conditions of any such Restricted Stock Unit, including, but not limited to (i) the number of shares subject to such Restricted Stock Unit or a formula for determining such, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the Performance Criteria, if any, and level of achievement of such Performance Criteria that shall determine the number of shares granted, issued, retainable and/or vested, (iv) the terms and conditions on the grant, issuance and/or forfeiture of the shares, and (v) such further terms and conditions as may be determined from time to time by the Administrator, in each case not inconsistent with this Plan. A Participant shall not be entitled to any shareholder rights with respect to any Restricted Stock Unit, and may not vote the shares represented by a Restricted Stock Unit or, subject to Section 3(c), receive dividends with respect to the shares represented by the Restricted Stock Unit. A Restricted Stock Unit may be settled in cash or Common Stock, as determined by the Administrator, with the amount of the cash payment based on the Fair Market Value of the shares of Common Stock at the time of vesting. Any such settlements may be subject to such conditions, restrictions and contingencies as the Administrator shall establish.

c. Vesting of Restricted Stock Unit. Subject to Section 8(f) and Section 8(i), at the time of the grant of a Restricted Stock Unit, the Administrator shall establish a vesting date or vesting dates with respect to the shares of Common Stock covered by such Restricted Stock Unit, which vesting dates may be based upon the passage of time and/or the satisfaction of Performance Criteria or other conditions as deemed appropriate by the Administrator; provided, however, that all Awards of Restricted Stock Units, other than Awards granted under Section 8(k), shall vest in one or more installments over a period of no less than one (1) year.

7. Other Stock-Based Awards

The Administrator shall have the right to grant other Awards based upon the Common Stock and having such terms and conditions as the Administrator may determine, including, without limitation, the grant of shares based upon certain conditions, past services and/or Performance Criteria, the grant of securities convertible into Common Stock and the grant of stock units. The Administrator shall determine the terms and conditions of any such Awards, including, but not limited to (i) the number of shares subject to such Award or a formula for determining such, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the Performance Criteria, if any, and level of achievement of such Performance Criteria that shall determine the number of shares granted, issued, retainable and/or vested, (iv) the terms and conditions on the grant, issuance and/or forfeiture of the shares or Award, and (v) such further terms and conditions as may be determined from time to time by the Administrator, in each case not inconsistent with this Plan. Subject to Section 8(f) and Section 8(i), at the time of the grant of an Award under this Section 7, the Administrator shall establish a vesting date or vesting dates with respect to such Award, which vesting date may be based upon the passage of time and/or the satisfaction of Performance Criteria or other conditions as deemed appropriate by the Administrator; provided, however, that all Full Value Awards granted under this Section 8, other than Full Value Awards granted under Section 8(k) herein, shall vest in one or more installments over a period of no less than one (1) year.

8. General Provisions Applicable to Awards

a. **Transferability of Awards.** Except as the Administrator may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant, provided, however, that Nonstatutory Stock Options may be transferred to a grantor-retained annuity trust or a similar estate-planning vehicle in which the trust is bound by all provisions of the Option which are applicable to the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees of such an Option.

b. **Documentation.** Each Award granted under the Plan shall be evidenced by a written Award agreement in such form as the Administrator shall from time to time approve. Award agreements shall comply with the terms and conditions of the Plan and may contain such other provisions not inconsistent with the terms and conditions of the Plan as the Administrator shall deem advisable. In the case of an Incentive Stock Option, the Award agreement shall contain, or refer to, such provisions relating to exercise and other matters as are required of “incentive stock options” under the Code. Award agreements may be evidenced by an electronic transmission (including an e-mail or reference to a website or other URL) sent to the Participant through the Company’s normal process for communicating electronically with its employees. As a condition to receiving an Award, the Administrator may require the Participant to affirmatively accept the Award and agree to the terms and conditions set forth in the Award agreement by physically and/or electronically executing the Award agreement or by otherwise physically and/or electronically acknowledging such acceptance and agreement. With or without such affirmative acceptance, however, the Administrator may prescribe conditions (including the exercise or attempted exercise of any benefit conferred by the Award) under which the proposed Participant may be deemed to have accepted the Award and agreed to the terms and conditions set forth in the Award agreement.

c. **Administrator Discretion.** The terms of each type of Award need not be identical, and the Administrator need not treat Participants uniformly.

d. **Performance Criteria.** For purposes of this Plan, the term “Performance Criteria” shall mean any one or more of the following performance criteria, applied to either the Company as a whole or to a division, business unit or Subsidiary, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years’ results or to a designated comparison group, in each case as specified by the Administrator in the Award: cash flow; earnings per share; earnings before interest, taxes and amortization; return on equity; total shareholder return; share price performance; return on capital; return on assets or net assets; revenue; income or net income; operating income or net operating income; operating profit or net operating profit; operating margin or profit margin; return on operating revenue; return on invested capital; market segment share; product release schedules; new product innovation; product cost reduction; brand recognition/acceptance; product ship targets; process improvement results; verification of business strategy and/or business plan; improvement of strategic position; adaptation to changes in the marketplace or environment; customer satisfaction; or such other criteria as may be determined by the Administrator. If the Award so provides, the Administrator may appropriately evaluate achievement against Performance Criteria to take into account any of the following events that occurs during a performance period: asset write-downs; litigation or claim judgments or settlements; the effect of changes in tax law; accounting principles or other such laws or provisions affecting reported results; accruals for reorganization and restructuring programs and any extraordinary non-recurring charges or other events. The Administrator may prescribe the foregoing criteria either individually or in combination. The Administrator’s determination of the achievement of any Performance Criteria shall be conclusive.

e. **Termination of Status.** Except as otherwise specified herein, the Administrator shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the employment or other

status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award under such circumstances, subject to applicable law and the provisions of the Code.

f. Acquisition or Liquidation of the Company.

(i) Consequences of an Acquisition. If the Company is to be consolidated with or acquired by another entity in a merger or other reorganization in which the holders of the outstanding voting stock of the Company immediately preceding the consummation of such event shall, immediately following such event, hold, as a group, less than a majority of the voting securities of the surviving or successor entity or its ultimate parent, or in the event of a sale of all or substantially all of the Company's assets (each, an "Acquisition"), the Administrator or the board of directors of any entity assuming the obligations of the Company hereunder (the "Successor Administrator"), shall, as to outstanding Awards, either (A) make appropriate provision for the continuation of such Awards by substituting on an equitable basis for the shares then subject to such Awards either (1) the consideration payable with respect to the outstanding shares of Common Stock in connection with the Acquisition, (2) shares of stock of the surviving or successor corporation, or (3) such other securities as the Administrator or the Successor Administrator deems appropriate, the Fair Market Value of which shall not materially exceed the Fair Market Value of the shares of Common Stock subject to such Awards immediately preceding the Acquisition; or (B) upon written notice to the Participants, provide that all Awards must be exercised, to the extent then exercisable or to be exercisable as a result of the Acquisition, within a specified number of days of the date of such notice, at the end of which period the Awards shall terminate; or (C) terminate all Awards in exchange for a cash payment equal to the excess, if any, of the Fair Market Value of the shares subject to such Awards (to the extent then exercisable or to be exercisable as a result of the Acquisition) over the exercise price thereof, if any; or (D) in the case of Awards that may be settled in whole or in part in cash, provide for equitable treatment of such Awards.

(ii) Substitution of Awards Upon Certain Events. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Administrator may grant Awards under the Plan in substitution for stock and stock-based awards issued by such entity or an affiliate thereof. The substitute Awards shall be granted on such terms and conditions as the Administrator considers appropriate in the circumstances.

(iii) Liquidation or Dissolution. In the event of the proposed liquidation or dissolution of the Company, each Award, to the extent not then exercised or vested, will terminate immediately prior to the consummation of such proposed action or at such other time and subject to such other conditions as shall be determined by the Administrator.

(iv) Withholding. Each Participant shall pay to the Company, or make provisions satisfactory to the Company for payment, of any taxes required by law to be withheld in connection with Awards to such Participant no later than the date of the event creating the tax withholding obligation. The Administrator may allow Participants to satisfy such tax withholding obligations in whole or in part by transferring shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value. The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

g. Amendment of Awards. The Administrator may amend, modify or terminate any outstanding Award including, but not limited to, substituting therefore another Award of the same or a different type, changing the date of exercise or realization, the vesting provisions (subject to the minimum vesting requirements set forth herein), Performance Criteria, or level of achievement of Performance Criteria, and converting an Incentive Stock Option to a Nonstatutory Stock Option; provided, however, that, except as otherwise provided in Section 8(f)(i), the Participant's consent to such action shall be required unless the Administrator determines that the action, taking into account any related action, would not materially and adversely affect the Participant; provided, further, however, that subject to Section 3(c), an Option may not be amended subsequent to its issuance either to reduce the price at which such previously issued Option is exercisable or to extend the period of time for which such previously-issued Option shall be exercisable beyond seven (7) years unless such amendment is approved by the Company's shareholders. Furthermore, no Option shall be canceled and replaced with Options having a lower exercise price

unless such cancellation and exchange is approved by the Company's shareholders.

h. **Conditions on Delivery of Stock.** The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations, and (iv) the Participant has paid to the Company, or made provisions satisfactory to the Company for payment of, any taxes required by law to be withheld in connection with the Award.

i. **Acceleration.** The Administrator may at any time provide (i) that any Option shall become immediately exercisable in full or in part, (ii) that Awards that may be settled in whole or in part in cash may become immediately exercisable in full or in part, and (iii) in connection with the disability, death, or retirement of, or cessation of status as, a Participant or in connection with an event contemplated by Section 8(f)(i), (A) that any Restricted Stock Award or Restricted Stock Unit shall become exercisable in full or in part or shall be free of some or all restrictions or the risk of forfeiture or (B) that any other Full Value Award shall become exercisable in full or in part or free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be. The Administrator may take the actions contemplated by the preceding sentence despite the fact that such actions may (x) cause the application of Sections 280G and 4999 of the Code if an event contemplated by Section 8(f)(i) occurs, or (y) disqualify all or part of an Option as an Incentive Stock Option. In the event of the acceleration of the exercisability of one or more outstanding Options, including pursuant to Section 8(f)(i), the Administrator may provide, as a condition of accelerated exercisability of any or all such Options, that the Common Stock or other substituted consideration, including cash, as to which exercisability has been accelerated shall be restricted and subject to forfeiture back to the Company at the election of the Company at the cost thereof upon termination of employment or other relationship, with the timing and other terms of the vesting of such restricted Common Stock or other consideration being not less favorable to the Participant than the timing and other terms of the superseded vesting schedule of the related Option.

j. **Option Award Exchange.** The Administrator may, from time to time, upon obtaining shareholder approval therefor, undertake an exchange program under which employees deemed eligible by the Administrator may elect to surrender for cancellation then existing Awards under the Plan or outstanding, unexercised options previously granted under the Company's 2004 Employee Stock Option Plan that have, at the time, an exercise price at or above a level determined by the Board of Directors or the Administrator in exchange for cash and/or another Award under the Plan, the form of such consideration to be determined by the Administrator.

k. **Exception to Minimum Vesting Periods.** The Administrator may grant up to 20% of the maximum, aggregate shares of Common Stock authorized for issuance hereunder in the form of Restricted Stock Awards, Restricted Stock Units and other Awards based upon Common Stock that do not comply with the minimum vesting periods set forth in Sections 5(c), 6(c) and 7.

l. **Compliance with Section 409A.** Any other provision of the Plan or any Award to the contrary notwithstanding, the Plan and every Award hereunder shall be construed, administered and enforced as necessary to comply with applicable requirements of Section 409A of the Code and the Treasury and IRS rulings and regulations issued thereunder, so that no Participant shall (without such Participant's express written consent) incur any of the additional tax or interest liabilities of Section 409A(a)(B) of the Code with respect to any Award. The Plan and each Award are hereby modified and limited as necessary to comply with applicable requirements of Section 409A.

9. Foreign Jurisdictions

To the extent that the Administrator determines that the material terms set by the Administrator or imposed by the Plan preclude the achievement of the material purposes of the Plan in jurisdictions outside the United States, the Administrator will have the authority and discretion to modify those terms and provide for such other terms and conditions as the Administrator determines to be necessary, appropriate or desirable to accommodate differences in local law, policy or custom or to facilitate administration of the Plan. The Administrator may adopt or approve sub-plans, appendices or supplements to, or amendments, restatements or alternative versions of, the Plan as it may consider necessary, appropriate or desirable for such purpose, without thereby affecting the terms of the Plan as in effect for any other purpose. The special terms and any appendices, supplements, amendments, restatements or alternative versions, however, shall not include any provisions that are inconsistent with the terms of the Plan as then in effect, unless the Plan could have been amended to eliminate such inconsistency without further approval by the shareholders. The Administrator shall also have the authority and discretion to delegate the foregoing powers to officers of the Company.

10. Miscellaneous

a. Definitions.

(i) “Company” for purposes of eligibility under the Plan, shall include Sanswire Corp. and any present or future subsidiary corporations of Sanswire Corp., as defined in Section 424(f) of the Code (a “Subsidiary”), and any present or future parent corporation of Sanswire Corp., as defined in Section 424(e) of the Code. For purposes of Awards other than Incentive Stock Options, the term “Company” shall include any other entity in which the Company has a direct or indirect significant interest, as determined by the Administrator in its sole discretion.

(ii) “Code” means the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder.

(iii) “Employee” for purposes of eligibility under the Plan shall include a person to whom an offer of employment has been extended by the Company and who has actually commenced employment with the Company, whether full or part-time status.

(iv) “Fair Market Value” of the Company’s Common Stock on any date means (i) the closing price (on that date) of the Common Stock on the principal national securities exchange on which the Common Stock is traded, if the Common Stock is then traded on a national securities exchange; or (ii) the last reported sale price (on that date) of the Common Stock on the NASDAQ Global Select Market, the NASDAQ Global Market or the NASDAQ Capital Market (collectively, “Nasdaq”), if the Common Stock is not then traded on a national securities exchange; or (iii) the average of the closing bid and asked prices last quoted (on that date) by an established quotation service for over-the-counter securities, if the Common Stock is not then traded on a national securities exchange or reported on the Nasdaq; or (iv) if the Common Stock is not publicly traded, the fair market value of the Common Stock as determined by the Administrator after taking into consideration all factors which it deems appropriate, including, without limitation, recent sale and offer prices of the Common Stock in private transactions negotiated at arm’s length; provided, however, that, in all events the Fair Market Value shall represent the Administrator’s good faith determination of the fair market value of the Common Stock. The Administrator’s determination shall be conclusive as to the Fair Market Value of the Common Stock.

(v) “Full Value Awards” means Restricted Stock, Restricted Stock Units and Awards other than (a) Options or (b) other stock-based Awards for which the Participant pays the intrinsic value (whether directly or by forgoing a right to receive a cash payment from the Company).

b. Legal Consideration for Issuance of Shares. Unless otherwise determined by the Administrator, in the case of Awards of Restricted Stock, Restricted Stock Units, or Awards that are settled in whole or in part with shares of Common Stock, to the extent such Awards do not otherwise require the payment by the Participant of cash consideration that exceeds the par value of the shares of Common Stock received in connection therewith, the services rendered or to be rendered by the Participant shall satisfy the legal requirement of payment of par value for such shares of Common Stock.

- c. **No Right To Employment or Other Status.** No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan.
- d. **No Rights As Shareholder.** Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder thereof.
- e. **Effective Date and Term of Plan.** The Plan shall become effective on the date on which it is approved by the shareholders of the Company (the "Effective Date"). No Awards shall be granted under the Plan after the completion of ten (10) years from the Effective Date, but Awards previously granted may extend beyond that date.
- f. **Amendment of Plan.** The Administrator may amend this Plan at any time, provided that any material amendment to the Plan will not be effective unless approved by the Company's shareholders. For this purpose, a material amendment is any amendment that would (i) other than pursuant to Section 3(c), materially increase either the aggregate number of shares of Common Stock available for issuance under the Plan or the maximum number of shares of Common Stock issuable in one fiscal year to a Participant; (ii) expand or limit the class of persons eligible to receive Awards or otherwise participate in the Plan; (iii) subject to Section 3(c), reduce the price at which a previously-issued Option is exercisable or extend the period of time for which a previously-issued Option shall be exercisable beyond seven (7) years; (iv) subject to Section 8(f) and Section 8(i), amend the minimum vesting provisions of Full Value Awards; or (v) require shareholder approval pursuant to the requirements of Nasdaq and/or any other securities exchange on which the Company's Common Stock is then listed or pursuant to applicable law.
- g. **Governing Law.** The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, exclusive of reference to rules and principles of conflicts of law.
