We intend for such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of said safe harbor provisions.

Forward-looking statements, which are based on certain assumptions, and describe our future plans, strategies, and expectations of the Company, are generally identified by use of the words “believe,” “expect,” “intend,” “anticipate,” “estimate,” “project,” “plan” or future or conditional verbs such as “will,” “would,” “should,” “could,” “may,” “seek,” “strive,” or “try,” or expressions. Important factors that could cause actual results to differ materially from our forward-looking statements are set forth under the heading “*Risk Factors*” in our most recent Annual Report on Form 10-K, and in other reports filed with the SEC. There are a number of factors, many of which are beyond our control, that could cause actual conditions, events, or results to differ significantly from those described in the forward-looking statements. These factors include, but are not limited to:

- prevailing economic conditions, either nationally or locally in some or all areas in which we conduct business, or conditions in the banking industry;

- interest rate trends, changes in interest rates, deposit flows, loan demand, real estate values and competition, which can materially affect, among other things, loan origination levels and the level of defaults, losses and prepayments on loans we have made and make;

- changes in the quality or composition of the loan or investment portfolios;

- factors driving impairment charges on investments;

- our ability to retain key members of management;

- our ability to successfully integrate any assets, liabilities, customers, systems and management personnel we may acquire into our operations and our ability to realize related revenue synergies and cost savings within expected time frames;

our timely development of new and competitive products or services in a changing environment, and the acceptance of such products or services by customers;

operational issues and/or capital spending necessitated by the potential need to adapt to industry changes in information technology systems, on which we are highly dependent;

changes in accounting principles, policies, and guidelines;

changes in any applicable law, rule, regulation or practice with respect to tax or legal issues;

litigation liabilities, including related costs, expenses, settlements and judgments, or the outcome of other matters before regulatory agencies, whether pending or commencing in the future; and

other economic, competitive, governmental, regulatory and technological factors affecting our operations, pricing, products and services.

Additionally, the timing and occurrence or non-occurrence of events may be subject to circumstances beyond our control. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus. Except as may be required by applicable law or regulation, we assume no obligation to update the forward-looking statements or to update the reasons why actual results could differ from those projected in the forward-looking statements.

THE COMMUNITY FINANCIAL CORPORATION

The Community Financial Corporation, headquartered in Waldorf, Maryland and organized in 1989, is the bank holding company for Community Bank of the Chesapeake, a Maryland-chartered commercial bank subject to supervision and regulation by the Federal Reserve and the Maryland Commissioner of Financial Regulation (the “Maryland Commissioner”). The Bank was founded in 1950 as Tri-County Building and Loan Association of Waldorf, a mutual savings and loan association. In 1986, the Bank converted to a federal stock savings bank and, in 1997, converted to a Maryland-chartered commercial bank. Effective October 18, 2013, the Bank changed its name to “Community Bank of the Chesapeake.” This new name reflects Community Bank’s recent expansion into the Northern Neck of Virginia and will align the Bank’s name with its strategy of being the premier community banking institution throughout the Chesapeake Bay region. In addition, the Company changed its name to “The Community Financial Corporation” to better align the parent company name with the bank name.

The Bank provides an array of financial products and services for businesses and retail customers primarily through its ten full-service offices located in Calvert, Charles and St. Mary’s Counties in Southern Maryland (the “tri-county area”) and one full-service branch office in King George County, Virginia. In addition, the Bank originates loans through loan production offices in La Plata and Prince Frederick, Maryland and Fredericksburg, Virginia. The Bank focuses its commercial business generation efforts on targeting small and medium sized businesses with revenues between \$5 and \$35 million headquartered in Southern Maryland and in King George County and Fredericksburg, Virginia. In addition, the Bank services the retail banking needs of the communities surrounding its 11 full-service branch locations with a full array of retail deposit and loan products. The Bank’s deposit accounts are insured by the Deposit Insurance Fund administered by the Federal Deposit Insurance Corporation (the “FDIC”) to the maximum permitted by law.

The Bank considers its principal lending and deposit market area to consist of the tri-county area in Southern Maryland and King George County in Virginia. In addition, as a result of the Bank’s expansion into the greater Fredericksburg market in 2013, it is expected that Stafford County will become part of the Bank’s principal leading and deposit market area. One of the fastest growing regions in the country, this area is home to a mix of federal facilities, industrial and high-tech businesses. The 2010 U.S. Census estimates place King George County as the third fastest growing locality in Virginia with population growth of 40.36% since 2000. In addition, according to the U.S. Census Bureau, St. Mary’s County’s population has grown 22% over the past decade, the highest growth rate in

Maryland between 2000 and 2010. According to St. Mary's County Department of Economic & Community Development, St. Mary's County was the third fastest growing county in Maryland from 2011 to 2012.

Helping to spur this growth is the influence of several major federal facilities located both within the Bank's footprint and within adjoining counties. Major federal facilities include the Patuxent River Naval Air Station in St. Mary's County, the Indian Head Division, Naval Surface Warfare Center in Charles County and the Naval Surface Warfare –Naval Support Facility in King George County. Collectively, these facilities employ over 33,000 people. According to the St. Mary's County Comprehensive Plan, the Patuxent Naval Air Station alone employs approximately 22,000 people and provides an approximate annual economic impact of \$2.3 billion. In addition, there are several major federal facilities located in adjoining markets including Andrews Air Force Base and Defense Intelligence Agency & Defense Intelligence Analysis Center in Prince Georges County, Maryland and the U.S. Marine Base Quantico, Drug Enforcement Administration Quantico facility and Federal Bureau of Investigation Quantico facility in Prince William County, Virginia.

The economic health of the region, while stabilized by the influence of the federal government, is not solely dependent on this sector. Calvert County is home to the Dominion Power Cove Point Liquid Natural Gas Terminal, which is one of the nation's largest liquefied natural gas terminals and Dominion Power is currently constructing liquefaction facilities for exporting liquefied natural gas. According to Dominion Power, the construction of these liquefaction facilities is expected to create 4,000 jobs in the state of Maryland during the construction phase and would support another 14,600 jobs once the facility is operational with approximately \$1 billion annually of additional federal, state and local government revenues being generated. In addition, King George County has finalized an agreement with Columbia Gas to bring a high-pressure, steel pipe natural gas line into the county to service the King George Industrial Park in 2014.

Even though Southern Maryland is generally considered to have more affordable housing than many other Washington and Baltimore area suburbs, during the recession, growth in the Bank's market area was dampened as the demand for new housing in the tri-county area fell in conjunction with the overall housing market. According to the Maryland Department of Planning, new housing unit starts fell from 2006 through 2010. However, after 2010, real estate values stabilized and there were positive trends in housing during 2012. According to Real Estate Business Intelligence, LLC, St. Mary's County, Charles County and Calvert County saw an increase in the average price of residential homes sold from 2011 to 2012 of 4.21%, 3.30% and 0.47%, respectively.

Based on information from the U.S. Bureau of Labor Statistics, unemployment rates at July 2013 remained well below the national average (not seasonally adjusted) of 7.7% at 6.6%, 6.7% and 6.5% for St. Mary's County, Charles County and Calvert County, respectively, and 6.6% in King George County, Virginia. According to a University of Maryland study, projected job growth within the tri-county area from 2005 through 2030 is 31%, 28% and 45% in St. Mary's, Charles and Calvert counties, respectively. Similarly, according to the King George County Comprehensive Plan, employment in King George County is projected to increase by 33% from 2010 to and 2020.

The Bank is currently in the process of expanding in the greater Fredericksburg market and opened a loan production office in Fredericksburg, Virginia in August 2013. According to the Fredericksburg Regional Alliance, the Fredericksburg Region, including the City of Fredericksburg and the counties of Caroline, King George, Spotsylvania, and Stafford, Virginia, has been the fastest growing region in the Commonwealth of Virginia for the past eight years. Based on information from the Fredericksburg Regional Alliance, this region boasts an impressive array of over 10,000 small businesses and a highly skilled labor force of over one million within a 40-mile commute.

The Bank's primary market area also boasts a strong median household income relative to the median household income of their respective states. According to the U.S. Census Bureau, the median household income from 2007 to 2011 was \$82,529, \$92,981, and \$92,135 for St. Mary's, Calvert and Charles counties, Maryland, respectively, compared to \$72,149 for the State of Maryland. Similarly, according to the U.S. Census Bureau, the median household income from 2007 to 2011 was \$82,173 and \$94,658 for King George and Stafford County, Virginia, respectively, compared to \$63,302 for the Commonwealth of Virginia.

Additional information about us is available at our website, www.cbtc.com. Neither this website nor the information on this website is included or incorporated in, or is a part of, this prospectus.

Our common stock is listed on the Nasdaq Capital Market under the trading symbol "TCFC." Our main office is located at 3035 Leonardtown Road, Waldorf, Maryland 20601 and our telephone number is (301) 645-5601.

USE OF PROCEEDS

The net proceeds to us from the sale of newly issued shares of common stock issued under the Plan will be used for general corporate purposes. The precise amounts and timing of the application of net proceeds will depend upon our funding requirements and the availability of other funds.

THE COMMUNITY FINANCIAL CORPORATION

DIVIDEND REINVESTMENT PLAN

The Community Financial Corporation Dividend Reinvestment Plan (the “Plan”) was adopted on October 23, 2013. The Plan will be in effect until amended, altered or terminated. The Plan is set forth below as a series of questions and answers explaining its significant aspects.

PURPOSE

1. What is the purpose of the Plan?

The purpose of the Plan is to provide participants with a simple and convenient method of reinvesting cash dividends paid on shares of our common stock. Also, the Plan provides us with a source of funds as all shares bought by Broadridge Corporate Issuer Solutions, Inc. for participants are bought directly from us.

2. What are the advantages of the Plan?

The Plan provides participants with the opportunity to reinvest cash dividends paid on their shares of our common stock in additional shares of our common stock.

All cash dividends paid on participants’ shares can be fully invested in additional shares of our common stock because the Plan permits fractional shares to be credited to Plan accounts. Dividends on such fractional shares, as well as on whole shares, will also be reinvested in additional shares, which will be credited to Plan accounts.

The Plan Administrator provides periodic statements reflecting all current activity, including shares purchased with reinvested dividends and latest Plan account balance, which simplifies participants’ record keeping.

3. What are the disadvantages of participation in the Plan?

To sell your shares through a broker of your choice, you must first arrange to obtain a physical stock certificate from the Plan Administrator and have the certificate delivered to you, or ask the Plan Administrator to transfer shares held for you in the Plan directly to your broker. The Plan Administrator will promptly process your instructions, but you should leave ample time for preparation and receipt of your stock certificate if you decide to go that route.

Shares held in the Plan by the Plan Administrator are not covered by the customer protection provisions of the Securities Investor Protection Act of 1970 relating to customers of failed securities broker-dealer firms.

ADMINISTRATION

4. Who administers the Plan for participants?

Broadridge Corporate Issuer Solutions, Inc., The Community Financial Corporation's stock transfer agent, (the "Plan Administrator") administers the Plan for participants by maintaining records, sending statements of account to participants and performing other duties relating to the Plan. Shares of The Community Financial Corporation common stock purchased under the Plan are registered in the name of the Plan Administrator's nominee, as agent for participants in the Plan, and are credited to the accounts of the participants in the Plan. The Community Financial Corporation may replace the Plan Administrator at any time within its sole discretion.

The Plan Administrator may be contacted by e-mail, phone or by mail at:

Broadridge Corporate Issuer Solutions, Inc.

P.O. Box 1342

Brentwood, NY 11717

Phone: 877-830-4936

E-mail: shareholder@broadridge.com

PARTICIPATION

5. Who is eligible to participate?

All holders of record of at least 500 shares of our common stock are eligible to participate in the Plan. Beneficial owners of our common stock whose shares are registered in names other than their own (for instance, in the name of a bank, broker, nominee or trust) must become stockholders of record to participate in the Plan or must request that the bank, broker or nominee holding such shares participate in the Plan. Stockholders who reside in jurisdictions in which it is unlawful for The Community Financial Corporation to permit their participation are not eligible to participate in the Plan.

6. How does an eligible stockholder participate?

Participation in the Plan is entirely voluntary. To participate in the Plan, a stockholder of record must complete an Authorization Form and return it to the Plan Administrator. An Authorization Form is enclosed. Copies of the Authorization Form may be obtained at any time by writing to Broadridge Corporate Issuer Solutions, Inc., P.O. Box 1342, Brentwood, NY 11717, via email at shareholder@broadridge.com or by calling (877) 830-4936.

If your shares of common stock are registered in multiple accounts, you should complete an Authorization Form for each account.

The Plan Administrator must receive a properly completed Authorization Form at least five (5) business days before a dividend record date for those dividends to be reinvested under the Plan. Those stockholders who do not elect to participate in the Plan will continue to receive dividends at such times as dividends are paid to all stockholders.

7. When may an eligible stockholder join the Plan?

An eligible stockholder may join the Plan at any time. If the Authorization Form is received by the Plan Administrator at least five (5) business days before the record date for a dividend payment, reinvestment of dividends will begin with that dividend payment.

8. May a stockholder have dividends reinvested under the Plan with respect to less than all of the shares of The Community Financial Corporation common stock registered in that stockholder's name?

Yes. Participants may have dividends reinvested with respect less than all of the shares of our common stock registered in that stockholder's name provided such amount conforms with the eligibility requirements described in Question 5.

9. How may a participant change options under the Plan?

You may change participation in the Plan at any time by completing a revised Authorization Form and returning it to the Plan Administrator, or by submitting a written request to the Plan Administrator. Any change notification that is not received at least five (5) business days before the dividend record date will not be effective until dividends for such record date have been reinvested and the shares credited to your account.

PURCHASES

10. When will purchases be made?

Purchases of shares with reinvested dividends will be made as of each dividend payment date. The date on which shares are purchased is referred to as the "Investment Date." Dividends, when declared, are generally paid early in the month of each January, April, July and October. The corresponding record dates are generally about the middle of the previous month in which the dividend is paid. In any case, if an Investment Date falls on a day that is not a trading day, the Investment Date will be the following trading day.

11. How many shares of our common stock will be purchased for participants?

The number of shares purchased for participants shall be determined by dividing the amount of dividends in the account of each participant available for investment on the Investment Date by the purchase price per share. If the funds available from participants are not sufficient to purchase an exact number of shares, participants' plan accounts will be credited with fractional shares computed to four decimal places, which will earn proportionate dividends as declared. Participants may not specify the number of shares to be purchased on a given Investment Date.

12. What will be the price of shares of our common stock purchased under the Plan?

The price of shares of our common stock purchased by the Plan Administrator from us for participants will be equal to the closing market price of our common stock on the Nasdaq Capital Market on the business day immediately preceding the Investment Date. If there is no trading in the shares of common stock on the Investment Date, the purchase price will be based on the closing market price on the last trading date before the Investment Date. The Company cannot exercise any direct or indirect control over the prices or timing of purchases made by the Plan Administrator. You cannot specify the price, source, timing or number of shares to be purchased. All purchases are within the sole discretion of the Plan Administrator in accordance with the terms of the Plan. We will bear all costs of administering the Plan, except as described under Question 15.

13. May dividends on shares purchased through the Plan be sent directly to the beneficial owner?

No. The purpose of the Plan is to have the dividends on shares of our common stock reinvested. Accordingly, dividends paid on shares held in the Plan will be automatically reinvested in additional shares of our common stock unless and until the participant elects to terminate participation in the Plan as to any or all shares in the Plan as described below. See Questions 20, 21, 22 and 24. If a stockholder withdraws a portion of his or her shares from the Plan, dividends will continue to be reinvested in shares of common stock for the common stock remaining in the Plan.

14. Will the Plan have a dilutive effect on The Community Financial Corporation's book value per share?

Possibly. The issuance of common stock purchased with reinvested cash dividends will have a dilutive effect on the book value per share of our common stock if such shares are issued at a price below the then prevailing book value of our common stock. The exact amount of such dilution will depend upon the number of shares issued under the Plan and the issue price of such shares.

COSTS

15. Are there any expenses to participants in connection with purchases of common stock from The Community Financial Corporation under the Plan?

All costs or expenses arising out of the purchase of shares pursuant to the Plan, including the Plan Administrator's fees, will be paid by us. There will be no brokerage fees for shares purchased under the Plan. All administrative costs of the Plan will be paid by us.

REPORTS TO PARTICIPANTS

16. How will participants be advised of their purchases of stock?

As soon as practicable after each purchase, each participant will receive a statement of his or her account from the Plan Administrator. These statements are participants' continuing record of the cost of shares purchased and the number of shares acquired, and should be retained for tax purposes.

CASH DIVIDENDS

17. Will participants be credited with dividends on shares held in their account under the Plan?

Yes. Participants' accounts will be credited with dividends on shares held in their accounts. The Plan Administrator will reinvest the dividends in additional shares of our common stock.

STOCK SPLITS AND STOCK DIVIDENDS

18. What is the effect of a stock split or stock dividend by The Community Financial Corporation under the Plan?

Any stock dividend or stock split declared by us on shares held by the Plan Administrator for participants will be credited to participants' accounts without charge.

STOCK CERTIFICATES

19. Will stock certificates be issued for shares of The Community Financial Corporation common stock purchased?

No. Certificates for our common stock purchased under the Plan will not be issued to participants. This service protects against the loss, theft and destruction of stock certificates evidencing shares of our common stock. However, stock certificates will be issued to participants upon specific written request to the Plan Administrator at the address provided in Question 4. The number of shares credited to an account under the Plan will be shown on the participant's statement of account.

Participants' rights under the Plan and shares credited to the accounts of participants under the Plan may not be pledged. Participants who wish to pledge such shares must request that certificates for such shares be issued in their name.

Accounts under the Plan are maintained in the names in which the certificates of participants were registered at the time they entered the Plan. Consequently, certificates for whole shares will be similarly registered when issued.

Certificates for any number of whole shares credited to your account under the Plan will be issued within 30 days of receipt of your written request or of your withdrawal from the Plan, if so requested. If you do not request certificates for your shares, the Plan Administrator will maintain your shares in book-entry form. Any remaining whole shares and fractional shares will continue to be credited to your account. Certificates for fractional shares will not be issued under any circumstances.

WITHDRAWAL FROM THE PLAN

20. How may participants withdraw shares previously purchased under the Plan?

A stockholder who has previously purchased shares under the Plan may withdraw all or a portion of such shares from their Plan account by notifying the Plan Administrator in writing to that effect and specifying in the notice the number of shares to be withdrawn.

If the Plan Administrator receives your notice of withdrawal and termination less than five (5) business days before the next dividend record date, it will not be effective until dividends paid for such record date have been reinvested and the shares credited to your account.

If you terminate participation in the Plan, the Plan Administrator will remove your shares from the Plan and those shares held in book-entry form will continue to be held in your name in such form. If requested, we will send you a check in the amount equal to the value of any fractional shares, based upon the market price of The Community Financial Corporation common stock as determined as set forth in Question 12. You may request certificates for your shares of common stock that are held in book-entry form by following the procedure described in Question 19. Certificates representing fractional shares will not be issued.

After you withdraw from the Plan, you will receive all subsequent dividends in cash unless you re-enroll in the Plan, which you may do at any time by requesting an Authorization Form in the manner specified in Question 6. However, we and the Plan Administrator reserve the right to reject any Authorization Form, on any grounds, including but not limited to excessive joining and withdrawing. This reservation is intended to minimize unnecessary administrative expenses and to encourage use of the Plan as a long-term investment service.

21. What happens to any fractional interest when participants withdraw from the Plan?

Any fractional interest withdrawn will be liquidated at the then current market value and a cash payment made promptly from the proceeds less costs, if any. The current market value will be determined in the same manner as the price for shares purchased through the Plan. See Question 12. The net sales proceeds for any fractional interest together with certificates for whole shares will be mailed to the withdrawing participant by the Plan Administrator.

22. What happens to participants' Plan accounts if all shares held in the Plan by the participant are transferred?

If you cease to be a stockholder of record, you cease to be eligible to participate in the Plan. Periodically, the Plan Administrator will review nonrecord-stockholder Plan accounts and may issue a certificate for whole shares and a cash payment for any fractional share (as described above) to close each such account.

TERMINATION OF PARTICIPATION

23. How may participation in the Plan be terminated?

Participants may terminate participation in the Plan at any time by notifying the Plan Administrator in writing. Any notice of termination received by the Plan Administrator less than five (5) business days before the next dividend record date will not be effective until dividends paid for such record date have been reinvested and the shares credited to the participant's account.

Upon termination of participation in the Plan, the Plan Administrator will send the participant a stock certificate for the number of whole shares in the participant's account and a check in the amount equal to the value of any fractional share, based upon the market price of our common stock. See Questions 12 and 20.

OTHER INFORMATION

24. What happens when participants sell or transfer all of the shares registered in their name?

If participants dispose of all shares of our common stock registered in their name (other than shares credited to their account under the Plan), the Plan Administrator will continue to reinvest the dividends on the shares credited to their account under the Plan until the participant withdraws from the Plan; provided, however, that if following such a disposition of stock the participant's account under the Plan contains less than 500 shares of common stock, then at our election, a certificate will be issued for the full shares in the account, any fractional shares in the account will be sold and the proceeds paid to the participant, and the account will be terminated.

25. How will participants' shares held under the Plan be voted at meetings of stockholders?

You will receive a proxy card covering both your certificated shares and the shares held in your account under the Plan (other than fractional shares). If the proxy card is returned properly signed and marked for voting, all of the shares will be voted as marked. The total number of shares held may be voted in person at the stockholders' meeting in accordance with instructions contained in our Proxy Statement.

If a proxy card is returned properly signed but without indicating instructions as to the manner in which shares are to be voted with respect to any item, all of your shares will be voted (to the extent legally permissible) in accordance

with the recommendations of our Board of Directors. This procedure is consistent with the actions taken with respect to stockholders who are not participating in the Plan and who return properly signed proxy cards and who do not provide voting instructions. If the proxy card is not returned, or if it is returned unsigned or improperly signed, none of your shares covered by such proxy card will be voted.

26. What are the income tax consequences of participation in the Plan?

In general, participants in the Plan have the same federal and state income tax obligations with respect to dividends credited to their accounts under the Plan as other holders of shares of our common stock who elect to receive cash dividends directly. Participants are treated for income tax purposes as having received, on the dividend payment date, a dividend in an amount equal to the fair market value of our common stock credited to their account under the Plan, even though that amount was not actually received by the participant in cash but, instead, was applied to the purchase of additional shares for their account. In addition, any brokerage commissions and service charges paid by us on behalf of a participant are deemed to constitute dividend income by the Internal Revenue Service. Such amounts, if any, will be included on any annual information return filed with the Internal Revenue Service, a copy of which will be sent to the participant.

The basis of each share credited to participants' accounts pursuant to the dividend reinvestment aspect of the Plan is the fair market value of the common stock, and the holding period for such shares begins on the day following the dividend payment date.

The receipt by participants of certificates representing whole shares previously credited to their account under the Plan upon withdrawal from the Plan or pursuant to the request of the participant will not result in the recognition of taxable income. Participants will recognize a gain or loss when fractional shares are sold on behalf of the participant upon withdrawal from the Plan or when the participant sells shares after the participant's withdrawal from the Plan.

You should consult your own tax adviser regarding the particular tax consequences, including state tax consequences, which may result from participation in the Plan and any subsequent disposal of shares acquired pursuant to the Plan.

27. What are the responsibilities of The Community Financial Corporation under the Plan?

The Community Financial Corporation and the Plan Administrator in administering the Plan will not be liable for any act done in good faith or for the good faith omission to act, including, without limitation, any claim of liability (i) arising out of failure to terminate a participant's account in the Plan without receipt of proper documentation and instructions; (ii) with respect to the prices and times at which shares are purchased for the participant's account, including fluctuations in market value of shares being maintained on behalf of a participant; or (iii) with respect to the availability of shares to satisfy dividend reinvestment under the Plan.

28. Who bears the risk of market price fluctuations in the common stock?

Participants' investments in shares acquired under the Plan are no different from direct investments in shares of The Community Financial Corporation. Neither the Company nor the Plan Administrator can assure you of a profit or protect you against a loss from the shares purchased or sold through the Plan. You alone bear the risk of loss and realize the benefits of any gain from market price changes with respect to all your shares held in the Plan, or otherwise. The Community Financial Corporation cannot guarantee liquidity in the market, thus your investment and the marketability of your securities may be adversely affected by the current market conditions.

Neither the Company nor the Plan Administrator provide any advice nor make any recommendations regarding the purchase or sale of shares of common stock. You must make all purchase and sale decisions based upon your own research and judgment.

29. May the Plan be amended, suspended or discontinued?

The Company and the Plan Administrator reserve the right to interpret the Plan as the Company deems necessary or desirable. Any such interpretations will be final. The Plan and related Plan documentation and all accounts of Plan participants will be governed by the laws of the state of incorporation of the Company. The Company reserves the right to remove the Plan Administrator and to appoint a new Plan Administrator at any time upon prior notice to you. The Plan Administrator has the right to resign at any time upon at least thirty (30) days prior written notice to the Company.

The Plan may be amended, suspended, modified or terminated at any time by our Board of Directors without the approval of the participants. Notice of any such suspension or termination or material amendment or modification will be sent to all participants, who shall at all times have the right to withdraw from the Plan.

We or the Plan Administrator may terminate a stockholder's individual participation in the Plan at any time by written notice to the stockholder. In such event, the Plan Administrator will request instructions from the participant for disposition of the shares in the account. If the Plan Administrator does not receive instructions from the participant, it will send the participant a certificate for the number of full shares held for the participant under the Plan and a check for any fractional share.

30. Are Plan accounts insured?

The shares of common stock held in your account, proceeds from the sale of shares from your account and funds held pending investment are not protected under the Securities Investor Protection Act of 1970. Funds held by the Plan Administrator are not deposits of the Plan Administrator or its affiliates, or of us or any of the Company's affiliates, nor are they obligations of, or guaranteed by, us or any of the Company's affiliates or the Plan Administrator or its affiliates, and are not insured by the Federal Deposit Insurance Corporation, the Securities Investor Protection Corporation or any other entity.
