**Santiago, Chile, April 02, 2014.**- Sociedad Química y Minera de Chile S.A. (SQM) (NYSE: SQM; Santiago Stock Exchange: SQM-A, SQM-B) announced today its preliminary evaluation of the effects on the Company's productive facilities of the earthquake that occurred last night in Northern Chile.

· There were no accidents or injuries involving personnel at SQM's productive facilities.

The earthquake was approximately 200 kilometers from our operations in Nueva Victoria, 300 kilometers from our operations in María Elena, 500 kilometers from our operations in the Salar de Atacama, 430 kilometers from our operations in the Salar del Carmen, and 260 kilometers from our operations in the port of Tocopilla.

· Upon preliminary inspection, no structural damage was detected at our production facilities.

○ Nueva Victoria: Operations were suspended last night resulting from a loss of electricity. It was reestablished this morning, and we expect operations to resume later today after an operational check of our main equipment.

○ Tocopilla: Operations were suspended last night resulting from a loss of electricity, and following a tsunami alert issued by the Chilean authorities. We expect that electricity will be reestablished today, and we expect to resume normal operations tomorrow.

○ María Elena, Salar del Carmen, and Salar de Atacama: Production was not suspended, and we are operating normally.

· There was no visible damage to the town of María Elena, the city of Tocopilla and various towns located near our operations in the Salar de Atacama.

· We will continue to assess if there was any damage to our production facilities.
