As previously disclosed, Henry E. Lentz completed his term of service as Chairman of the Board and a director on April 25, 2014 at the 2014 Annual Meeting of Shareholders (the “2014 Annual Meeting”) of Rowan Companies plc (the “Company”). In addition, W. Matt Ralls’ previously announced retirement as CEO, and appointment to the role of Executive Chairman, each became effective as of the 2014 Annual Meeting. Thomas P. Burke was also appointed to the additional role of CEO effective as of the 2014 Annual Meeting. In addition, the independent members of the Board appointed Sir Graham Hearne to be the Lead Director. A copy of the press release announcing these appointments is attached as Exhibit 99.1 hereto and is incorporated herein by reference.

Effective April 25, 2014, the Company entered into previously contemplated change in control agreements (“CIC agreements”) with Mr. Ralls and Dr. Burke in conjunction with Mr. Ralls becoming Executive Chairman of the Board of Directors (the “Board”) and Dr. Burke becoming CEO. A description of the CIC agreements is set forth in the Company’s definitive Proxy Statement filed with the Securities and Exchange Commission (the “SEC”) on March 14, 2014 (the “2014 Proxy Statement”). The description of the CIC agreements included in the 2014 Proxy Statement is qualified in its entirety by the full text of the CIC agreements filed as Exhibits 10.1 and 10.2 to this Current Report on Form 8-K.

In connection with Dr. Burke’s appointment as CEO, the following additional prorated grant was made to Dr. Burke.

NEO	RSU Value (a)	Performance Unit Award Value (a) (b)
Burke	\$463,172	\$463,172

The number of RSUs awarded is determined based on the average high and low trading price per share on April 25, (a)2014 of \$31.255 and the number of PUs awarded is determined based on \$100 per unit. Value amounts may not reflect grant date values calculated in accordance with accounting requirements.

The PUs may only be settled in cash and the value thereof will be determined with reference to the Company’s total (b)shareholder return performance relative to the Company’s peer offshore drilling companies measured each year and over the three-year period.

The Company’s incentive plans were also amended to clarify that fair market value means the average high and low trading price of the Company’s shares instead of volume weighted average price. A copy of the amendment is attached hereto as Exhibit 10.3 to this Current Report on Form 8-K and incorporated herein by reference.
