FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will,” “may” and similar expressions identify forward-looking statements, which generally are not historical in nature. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future, including statements relating to future operating results, are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our Company’s historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, those described in Part II, “Item 1A. Risk Factors,” and elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2013, and those described from time to time in our future reports filed with the Securities and Exchange Commission. As a result of such risks and uncertainties, we urge you not to place undue reliance on any such forward-looking statements. Forward-looking statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

See Notes to Consolidated Financial Statements.

EQUIFAX INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

September 30, 2014

As used herein, the terms Equifax, the Company, we, our and us refer to Equifax Inc., a Georgia corporation, and its consolidated subsidiaries as a combined entity, except where it is clear that the terms mean only Equifax Inc.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations. We collect, organize and manage various types of financial, demographic, employment and marketing information. Our products and services enable businesses to make credit and service decisions, manage their portfolio risk, automate or outsource certain human resources, employment tax and payroll-related business processes, and develop marketing strategies concerning consumers and commercial enterprises. We serve customers across a wide range of industries, including the financial services, mortgage, retail, telecommunications, utilities, automotive, brokerage, healthcare and insurance industries, as well as government agencies. We also enable consumers to manage and protect their financial health through a portfolio of products offered directly to consumers. As of September 30, 2014, we operated in the following countries: Argentina, Canada, Chile, Costa Rica, Ecuador, El Salvador, Honduras, Mexico, Paraguay, Peru, Portugal, Spain, the United Kingdom, or U.K., Uruguay, and the United States of America, or U.S. We also maintain support operations in the Republic of Ireland. We offer credit services in Russia and India through joint ventures and also have an investment in a consumer and commercial credit information company in Brazil.

We develop, maintain and enhance secured proprietary information databases through the compilation of actual consumer data, including credit, employment, asset, liquidity, net worth and spending activity, and business data, including credit and business demographics, that we obtain from a variety of sources, such as credit granting institutions, public record information (including bankruptcies, liens and judgments), income and tax information primarily from large to mid-sized companies in the U.S., and survey-based marketing information. We process this information utilizing our proprietary information management systems.

Basis of Presentation. The accompanying unaudited Consolidated Financial Statements have been prepared in accordance with U.S. generally accepted accounting principles, or GAAP, the instructions to Form 10-Q and applicable sections of Regulation S-X. To understand our complete financial position and results, as defined by

GAAP, this Form 10-Q should be read in conjunction with the Consolidated Financial Statements and the notes thereto included in our annual report on Form 10-K for the year ended December 31, 2013 (“2013 Form 10-K”).

Our unaudited Consolidated Financial Statements reflect all adjustments which are, in the opinion of management, necessary for a fair presentation of the periods presented and are of a normal recurring nature. Certain prior year amounts have been reclassified to conform to current period presentation.

Earnings Per Share. Our basic earnings per share, or EPS, is calculated as net income attributable to Equifax divided by the weighted-average number of common shares outstanding during the period. Diluted EPS is calculated to reflect the potential dilution that would occur if stock options or other contracts to issue common stock were exercised and resulted in additional common shares outstanding. The net income amounts used in both our basic and diluted EPS calculations are the same. A reconciliation of the weighted-average outstanding shares used in the two calculations is as follows:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
	(In millions)			
Weighted-average shares outstanding (basic)	121.1	121.6	121.7	121.0
Effect of dilutive securities:				
Stock options and restricted stock units	2.4	2.3	2.4	2.5
Weighted-average shares outstanding (diluted)	123.5	123.9	124.1	123.5

For the three and nine months ended September 30, 2014 and 2013, the stock options that were anti-dilutive were not material.

Financial Instruments. Our financial instruments consist of cash and cash equivalents, accounts and notes receivable, accounts payable and short- and long-term debt. The carrying amounts of these items, other than long-term debt, approximate their fair market values due to the short-term nature of these instruments. The fair value of our fixed-rate debt is determined using Level 2 inputs such as quoted market prices for publicly traded instruments, and for non-publicly traded instruments through valuation techniques depending on the specific characteristics of the debt instrument. As of September 30, 2014 and December 31, 2013, the fair value of our long-term debt, based on observable inputs was \$1.3 billion and \$1.2 billion, respectively compared to its carrying value of \$1.1 billion.

Derivatives and Hedging Activities. We use derivative financial instruments as a risk management tool to hedge the Company's exposure to changes in interest rates, not for speculative purposes. On occasion, we have used interest rate swaps and interest rate lock agreements to manage interest rate risk associated with our fixed and floating-rate borrowings. Forward contracts on various foreign currencies have been used to manage the foreign currency exchange rate risk of certain firm commitments denominated in foreign currencies. We recognize all derivatives on the balance sheet at fair value. Derivative valuations reflect the value of the instrument including material amounts associated with counterparty risk.

Fair Value Hedges. In conjunction with our November 2009 sale of five-year Senior Notes, we entered into five-year interest rate swaps, designated as fair value hedges, which convert the debt's fixed interest rate to a variable rate. These swaps involve the receipt of fixed rate amounts for floating interest rate payments over the life of the swaps without exchange of the underlying principal amount. Changes in the fair value of the interest rate swaps offset changes in the fair value of the fixed-rate Senior Notes they hedge due to changes in the designated benchmark interest rate and are recorded in interest expense. The fair value of these interest rate swaps was an asset of \$1.2 million and \$6.0 million at September 30, 2014 and December 31, 2013, respectively, and was recorded in other current assets on our Consolidated Balance Sheets.

Fair Value Measurements. Fair value is determined based on the assumptions marketplace participants use in pricing the asset or liability. We use a three level fair value hierarchy to prioritize the inputs used in valuation techniques between observable inputs that reflect quoted prices in active markets, inputs other than quoted prices with observable market data and unobservable data (e.g., a company's own data).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following table presents items measured at fair value on a recurring basis:

Description	Fair Value Measurements at Reporting Date Using:			
	Fair Value of Assets (Liabilities) at September 30, 2014 (In millions)	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fair Value Interest Rate Swaps ⁽¹⁾	\$ 1.2	\$ -	\$ 1.2	\$ -
Notes, due 2014 ⁽¹⁾	(276.2)	-	(276.2)	-
Deferred Compensation Plan Assets ⁽²⁾	24.0	24.0	-	-
Deferred Compensation Plan Liability ⁽²⁾	(24.0)	-	(24.0)	-
Total	\$(275.0)	\$ 24.0	\$ (299.0)	\$ -

(1) The fair value of our interest rate swaps, which are designated as fair value hedges, and our notes, due in 2014, are based on the present value of expected future cash flows using zero coupon rates and are classified within Level 2 of the fair value hierarchy.

(2) We maintain deferred compensation plans that allow for certain management employees to defer the receipt of compensation (such as salary, incentive compensation and commissions) until a later date based on the terms of the plan. The liability representing benefits accrued for plan participants is valued at the quoted market prices of the participants' investment elections. The asset consists of mutual funds reflective of the participants' investment selections and is valued at daily quoted market prices.

Variable Interest Entities. We hold interests in certain entities, including credit data and information solutions ventures, that are considered variable interest entities, or VIEs. These variable interests relate to ownership interests that require financial support for these entities. Our investments related to these VIEs totaled \$21.5 million at September 30, 2014, representing our maximum exposure to loss. We are not the primary beneficiary and are not required to consolidate any of these VIEs.

Other Assets. Other assets on our Consolidated Balance Sheets primarily represents our investment in unconsolidated affiliates, our cost method investment in Boa Vista Servicos (“BVS”), interest rate swaps, assets related to life insurance policies covering certain officers of the Company, and employee benefit trust assets. Our investment in BVS, which represents a 15% equity interest in BVS, was valued at 90 million Brazilian Reais (\$36.9 million and \$38.2 million at September 30, 2014 and December 31, 2013, respectively) and is accounted for using the cost method. The estimated fair value of the investment approximates carrying value at September 30, 2014.

Impairment of Cost Method Investment. We monitor the status of our cost method investment in order to determine if conditions exist or events and circumstances indicate that it may be impaired in that its carrying amount may exceed the fair value of the investment. Significant factors that are considered that could be indicative of an impairment include: changes in business strategy, market conditions, underperformance relative to historical or expected future operating results; and negative industry or economic trends. If potential indicators of impairment exist, we estimate the fair value of the investment using a combination of a discounted cash flow analysis and an evaluation of EBITDA and transaction multiples for comparable companies. If the carrying value of the investment exceeds the estimated fair value, an impairment loss is recorded based on the amount by which the investment’s carrying amount exceeds its fair value. We recorded an impairment of our cost method investment in 2013. See Note 2 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K for further discussion.

Recent Accounting Pronouncements. Revenue Recognition. In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." ASU 2014-09 is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. ASU 2014-09 also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. ASU 2014-09 is effective for annual reporting periods, and interim periods within that period, beginning after December 15, 2016 and early adoption is not permitted. Companies may use either a full retrospective or a modified retrospective approach to adopt ASU 2014-09. The Company is evaluating the potential effects of the adoption of ASU 2014-09 on its Consolidated Financial Statements.

2. TDX GROUP ACQUISITION

On January 15, 2014, we acquired 100% of the stock of TDX Group ("TDX") for \$322.8 million. TDX is a data and technology company in the United Kingdom that specializes in helping lenders and creditors optimize collection and recovery performance through the use of analytics, data exchanges and technology platforms. This acquisition has broadened our service offerings within collections. The results of this acquisition have been included in our International and USIS operating segments.

Purchase Price Allocation. The following table summarizes the estimated fair value of the net assets acquired and the liabilities assumed at the acquisition date. The allocations are considered final, except for the resolution of certain contingencies all of which existed at the acquisition date, primarily related to the finalization of working capital as well as certain tax items, which will be resolved when final returns are filed related to the acquired entities. Estimates for these items have been included in the purchase price allocations and will be finalized prior to the one year anniversary date of the acquisition.

	September 30, 2014 (In millions)
Current assets	\$ 12.6
Property and equipment	3.6
Identifiable intangible assets ⁽¹⁾	111.9
Goodwill ⁽²⁾	230.7
Total assets acquired	358.8
Total liabilities assumed	(36.0)
Net assets acquired	\$ 322.8

(1) Identifiable intangible assets are further disaggregated in the table below.

- (2) None of the goodwill resulting from the TDX acquisition is tax deductible.

The primary reasons the purchase price of the acquisition exceeded the fair value of the net assets acquired, which resulted in the recognition of goodwill, were expanded growth opportunities from new or enhanced product offerings and the acquisition of an assembled workforce that are not recognized as assets apart from goodwill.

Intangible asset category	Fair value (In millions)	Weighted-average remaining useful life (In years)
Customer relationships	\$ 69.5	10.0
Technology	18.7	5.0
Non-compete agreements	12.6	2.4
Trade names	11.1	10.0
Total acquired intangibles	\$ 111.9	

3. DISCONTINUED OPERATIONS

During the first quarter of 2013, we divested of two non-strategic business lines, Equifax Settlement Services, which was part of our Mortgage business within the USIS operating segment, and Talent Management Services, which was part of our Employer Services business within our Workforce Solutions operating segment, for a total of \$47.5 million. \$3.5 million of the proceeds of the sale of Talent Management Services was placed in escrow and is due 18 months after the transaction date. The historical results of these operations are classified as discontinued operations in the Consolidated Statements of Income. Revenue for these business lines for the three and nine months ended September 30, 2013, was \$0 and \$9.3 million, respectively. Pretax income for the three and nine months ended September 30, 2013 was \$0 and \$1.5 million, respectively. We recorded a gain on the disposals in the first quarter of 2013 of \$18.4 million, including an income tax benefit of \$18.1 million, of which \$14.3 million was current tax benefits. The tax benefit is primarily a result of our tax basis in Talent Management Services. The gain was classified as discontinued operations in the Consolidated Statements of Income.

4. GOODWILL AND INTANGIBLE ASSETS

Goodwill. Goodwill represents the cost in excess of the fair value of the net assets acquired in a business combination. Goodwill is tested for impairment at the reporting unit level on an annual basis and on an interim basis if an event occurs or circumstances change that would reduce the fair value of a reporting unit below its carrying value. We perform our annual goodwill impairment tests as of September 30.

Our annual goodwill impairment testing was completed during the third quarter of 2014. The fair value estimates for our reporting units were determined using a combination of the income and market approaches in accordance with our methodology as discussed in the “Application of Critical Accounting Policies” section in this Form 10-Q. The estimated fair value for all reporting units exceeded the carrying value of those units as of September 30, 2014. As a result, no goodwill impairment was recorded.

On July 1, 2014 the North America Commercial Solutions operating segment was consolidated into the U.S. Consumer Information Solutions and International operating segments. The change was driven by an enterprise wide distribution marketing strategy to maximize the penetration of our products and services in our targeted markets. In an effort to accelerate our penetration and simplify how our commercial information customers interact with us, we have reorganized our operating segments. The U.S. portion of the North America Commercial Solutions (“NACS”) operating segment was consolidated into the U.S. Consumer Information Solutions operating segment. The combined operating segment was renamed U.S. Information Solutions. The Canadian portion of the NACS operating segment was consolidated into the Canada operations of the International operating segment. To reflect this new organizational structure, we have reallocated goodwill from NACS reporting unit to U.S. Information Solutions and Canada reporting units based on the relative fair values of the respective portions of NACS, in accordance with ASC 350. When reporting units are changed, ASC 350 requires that goodwill be tested for impairment. During the third quarter

of 2014, we performed our goodwill impairment test following the reallocation of goodwill, which resulted in no impairment.

Changes in the amount of goodwill for the nine months ended September 30, 2014, are as follows:

	U.S.		Workforce	North America	
	Information	International	Solutions	Personal	Total
	(In millions)				
Balance, December 31, 2013 ¹	\$ 1,054.2	\$ 416.5	\$ 907.7	\$ 16.7	\$ 2,395.1
Acquisitions	66.4	173.8	-	-	240.2
Adjustments to initial purchase price allocation	-	1.6	-	-	1.6
Foreign currency translation	-	(12.2)	-	-	(12.2)
Tax benefits of stock options exercised	-	-	(0.1)	-	(0.1)
Balance, September 30, 2014	\$ 1,120.6	\$ 579.7	\$ 907.6	\$ 16.7	\$ 2,624.6

The December 31, 2013 balances have been recast to reflect the new organizational structure. As of December 31, (1)2013, the USIS and International goodwill include \$21.7 million and \$15.5 million of goodwill, respectively, from the legacy NACS segment.

4. GOODWILL AND INTANGIBLE ASSETS (Continued)

Indefinite-Lived Intangible Assets. Indefinite-lived intangible assets consist of indefinite-lived reacquired rights representing the value of rights which we had granted to various affiliate credit reporting agencies that were reacquired in the U.S. and Canada. At the time we acquired these agreements, they were considered perpetual in nature under the accounting guidance in place at that time and, therefore, the useful lives are considered indefinite. Indefinite-lived intangible assets are not amortized. We are required to test indefinite-lived intangible assets for impairment annually and whenever events or circumstances indicate that there may be an impairment of the asset value. We perform our annual indefinite-lived intangible asset impairment test as of September 30. Our indefinite-lived intangible asset carrying amounts did not change materially during the nine months ended September 30, 2014.

Purchased Intangible Assets. Purchased intangible assets represent the estimated acquisition date fair value of acquired intangible assets used in our business. Purchased data files represent the estimated acquisition date fair value of consumer credit files acquired primarily through the purchase of independent credit reporting agencies in the U.S. and Canada. We expense the cost of modifying and updating credit files in the period such costs are incurred. Our reacquired rights represent the value of rights which we had granted to Computer Sciences Corporation that were reacquired in connection with the acquisition of certain assets of CSC Credit Services (“CSC Credit Services Acquisition”) in the fourth quarter of 2012. These reacquired rights are being amortized over the remaining term of the affiliation agreement on a straight-line basis from December 28, 2012 to August 1, 2018. We amortize all of our purchased intangible assets on a straight-line basis. For additional information about the useful lives related to our purchased intangible assets, see Note 1 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

Purchased intangible assets at September 30, 2014 and December 31, 2013 consisted of the following:

	September 30, 2014			December 31, 2013		
	Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
Definite-lived intangible assets:	(In millions)					
Purchased data files	\$699.1	\$ (213.7)	\$485.4	\$709.5	\$ (187.4)	\$522.1
Acquired software and technology	59.8	(28.8)	31.0	38.4	(20.2)	18.2
Customer relationships	577.3	(196.7)	380.6	506.7	(166.5)	340.2
Reacquired rights	73.3	(23.0)	50.3	73.3	(13.1)	60.2
Proprietary database	7.4	(5.3)	2.1	7.4	(5.0)	2.4
Non-compete agreements	31.3	(13.4)	17.9	20.2	(7.8)	12.4
Trade names and other intangible assets	53.1	(28.6)	24.5	41.7	(24.0)	17.7
Total definite-lived intangible assets	\$1,501.3	\$ (509.5)	\$991.8	\$1,397.2	\$ (424.0)	\$973.2

Amortization expense from continuing operations related to purchased intangible assets was \$33.0 million and \$33.9 million during the three months ended September 30, 2014 and 2013, respectively. Amortization expense from continuing operations related to purchased intangible assets was \$98.3 million and \$90.4 million during the nine months ended September 30, 2014 and 2013, respectively.

5. DEBT

Debt outstanding at September 30, 2014 and December 31, 2013 was as follows:

	September 30, 2014	December 31, 2013
	(In millions)	
Commercial paper	\$ 132.1	\$ -
Notes, 7.34%, due in installments through May 2014	-	15.0
Notes, 4.45%, due December 2014	275.0	275.0
Notes, 6.30%, due July 2017	272.5	272.5
Notes, 3.30%, due Dec 2022	500.0	500.0
Debentures, 6.90%, due July 2028	125.0	125.0
Notes, 7.00%, due July 2037	250.0	250.0
Other	0.6	0.6
Total debt	1,555.2	1,438.1
Less short-term debt and current maturities	(408.9)	(296.5)
Less unamortized discounts	(1.8)	(2.1)
Plus fair value adjustments	1.2	6.0
Total long-term debt, net	\$ 1,145.7	\$ 1,145.5

Senior Credit Facility. We are party to a \$750.0 million unsecured revolving credit facility, which we refer to as the Senior Credit Facility, with a group of financial institutions. The Senior Credit Facility also has an accordion feature that allows us to request an increase in the total commitment to \$1.0 billion. Borrowings may be used for general corporate purposes, including working capital, capital expenditures, acquisitions and share repurchase programs. The Senior Credit Facility is scheduled to expire in December 2017. Availability of the Senior Credit Facility for borrowings is reduced by the outstanding face amount of any letters of credit issued under the facility and, pursuant to our existing Board of Directors authorization, by the outstanding principal amount of our commercial paper notes. As of September 30, 2014, there were no outstanding borrowings under this facility and \$616.4 million was available for borrowing.

Commercial Paper Program. Our \$750.0 million commercial paper program has been established through the private placement of commercial paper notes from time-to-time. Maturities of commercial paper can range from overnight to 397 days. The commercial paper program is supported by our Senior Credit Facility and, pursuant to our existing Board of Directors authorization, the total amount of commercial paper which may be issued is reduced by the amount of any outstanding borrowings under our Senior Credit Facility. At September 30, 2014, \$132.1 million in commercial paper notes was outstanding, all with maturities of less than 90 days.

For additional information about our debt agreements, see Note 6 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

6. COMMITMENTS AND CONTINGENCIES

Data Processing, Outsourcing Services and Other Agreements. We have separate agreements with IBM, Tata Consultancy Services Limited (TCS) and others to outsource portions of our computer data processing operations, applications development, maintenance and related functions and to provide certain other administrative and operational services. The agreements expire between 2014 and 2019. The estimated aggregate minimum contractual obligation remaining under these agreements is approximately \$70 million as of December 31, 2013, with no future year's minimum contractual obligation expected to exceed approximately \$40 million. Annual payment obligations in regard to these agreements vary due to factors such as the volume of data processed; changes in our servicing needs as a result of new product offerings, acquisitions or divestitures; the introduction of significant new technologies; foreign currency; or the general rate of inflation. In certain circumstances (e.g., a change in control or for our convenience), we may terminate these data processing and outsourcing agreements and, in doing so, certain of these agreements require us to pay a significant penalty.

Guarantees and General Indemnifications. We may issue standby letters of credit, performance bonds or other guarantees in the normal course of business. The aggregate notional amount of all performance bonds and standby letters of credit was not material at September 30, 2014, and all have a remaining maturity of one year or less. The maximum potential future payments we could be required to make under the guarantees is not material at September 30, 2014.

We have agreed to standard indemnification clauses in many of our lease agreements for office space, covering such things as tort, environmental and other liabilities that arise out of or relate to our use or occupancy of the leased premises. Certain of our credit agreements include provisions which require us to make payments to preserve an expected economic return to the lenders if that economic return is diminished due to certain changes in law or regulations. In conjunction with certain transactions, such as sales or purchases of operating assets or services in the ordinary course of business, or the disposition of certain assets or businesses, we sometimes provide routine indemnifications, the terms of which range in duration and sometimes are not limited. Additionally, the Company has entered into indemnification agreements with its directors and executive officers to indemnify such individuals to the fullest extent permitted by applicable law against liabilities that arise by reason of their status as directors or officers. The Company maintains directors and officers liability insurance coverage to reduce its exposure to such obligations.

We cannot reasonably estimate our potential future payments under the indemnities and related provisions described above because we cannot predict when and under what circumstances these provisions may be triggered. We had no accruals related to indemnities on our Consolidated Balance Sheets at September 30, 2014 or December 31, 2013.

6. COMMITMENTS AND CONTINGENCIES (Continued)

Contingencies. We are involved in legal and regulatory matters, government investigations, claims and litigation arising in the ordinary course of business. We periodically assess our exposure related to these matters based on the information which is available. We have recorded accruals in our Consolidated Financial Statements for those matters in which it is probable that we have incurred a loss and the amount of the loss, or range of loss, can be reasonably estimated. These amounts do not have a material impact on our Consolidated Financial Statements, either individually or in the aggregate.

For additional information about these and other commitments and contingencies, see Note 7 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

7. INCOME TAXES

We are subject to U.S. federal, state and international income taxes. We are generally no longer subject to federal, state, or international income tax examinations by tax authorities for years ending prior to December 31, 2008, with few exceptions. Due to the potential for resolution of state and foreign examinations, and the expiration of various statutes of limitations, it is reasonably possible that our gross unrecognized tax benefit balance may change within the next twelve months by a range of \$0 to \$5.3 million.

Effective Tax Rate. Our effective income tax rate was 32.5% for the three months ended September 30, 2014, down from 35.3% for the same period in 2013. The decline was due primarily to increased discrete tax benefits related to federal and state tax items and a more favorable foreign rate differential as compared with the third quarter of 2013. The effective income tax rate was relatively flat for the nine months ended September 30, 2014 as compared to the prior period.

8. ACCUMULATED OTHER COMPREHENSIVE INCOME

Changes in accumulated other comprehensive income by component, after tax, for the nine months ended September 30, 2014, are as follows:

	Foreign currency	Pension and other postretirement benefit plans	Cash flow hedging transactions	Total
	(In millions)			
Balance, December 31, 2013	\$ (108.5)	\$ (202.2)) \$ (1.9)) \$ (312.6)
Other comprehensive income before reclassifications	(27.8)	0.4	0.1	(27.3)
Amounts reclassified from accumulated other comprehensive income	-	6.0	-	6.0
Net current-period other comprehensive income	(27.8)	6.4	0.1	(21.3)
Balance, September 30, 2014	\$ (136.3)	\$ (195.8)) \$ (1.8)) \$ (333.9)

Reclassifications out of accumulated other comprehensive income for the nine months ended September 30, 2014, are as follows:

Details about accumulated other comprehensive income components	Amount reclassified from accumulated other comprehensive income (In millions)	Affected line item in the statement where net income is presented
Amortization of pension and other postretirement plan items:		
Prior service cost	\$ 0.3	(1)
Recognized actuarial loss	(9.9)) (1)
	(9.6)) Total before tax
	3.6	Tax benefit
	\$ (6.0)) Net of tax

(1) These accumulated other comprehensive income components are included in the computation of net periodic pension cost (See Note 9 Benefit Plans for additional details).

Changes in accumulated other comprehensive income related to noncontrolling interests were not material as of September 30, 2014.

9. BENEFIT PLANS

We sponsor defined benefit pension plans and defined contribution plans. For additional information about our benefit plans, see Note 11 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

The following table provides the components of net periodic benefit cost, included in selling, general and administrative expenses in the Consolidated Statements of Income, for the three and nine months ended September 30, 2014 and 2013:

	Pension Benefits		Other Benefits	
	Three Months Ended September 30,			
	2014	2013	2014	2013
	(In millions)			
Service cost	\$ 1.1	\$ 1.3	\$ 0.1	\$ 0.1
Interest cost	7.8	7.2	0.2	0.3
Expected return on plan assets	(9.9)	(9.8)	(0.4)	(0.4)
Amortization of prior service cost	0.2	0.3	(0.3)	(0.1)
Recognized actuarial loss	3.2	4.4	0.1	0.3
Total net periodic benefit cost	\$ 2.4	\$ 3.4	\$ (0.3)	\$ 0.2

	Pension Benefits		Other Benefits	
	Nine Months Ended			
	2014	2013	2014	2013
	(In millions)			
Service cost	\$3.3	\$3.9	\$0.3	\$0.4
Interest cost	23.4	21.6	0.6	1.0
Expected return on plan assets	(29.7)	(29.4)	(1.2)	(1.2)
Amortization of prior service cost	0.6	0.9	(0.9)	(0.3)
Recognized actuarial loss	9.6	13.2	0.3	3.9
Total net periodic benefit cost	\$7.2	\$10.2	\$(0.9)	\$3.8

10. RESTRUCTURING CHARGES

In the fourth quarter of 2013, we recorded a restructuring charge to realign internal resources of \$9.3 million (\$5.9 million, net of tax) in selling, general and administrative expenses on our Consolidated Statements of Income primarily related to headcount reductions of approximately 160 positions. This charge resulted from our continuing

efforts to align our business to better support our strategic objectives. Generally, severance benefits for our U.S. employees are paid through monthly payroll according to the number of weeks of severance benefit provided to the employee, while our international employees receive a lump sum severance payment for their benefit. Payments related to this charge totaled \$0.9 million and \$6.1 million during the three and nine months ended September 30, 2014, respectively and all payments are expected to be substantially completed by the end of 2014. Restructuring charges are recorded in selling, general and administrative expense on the Consolidated Statements of Income and are included in general corporate expense.

11. SEGMENT INFORMATION

Organizational Realignment. On July 1, 2014 the NACS operating segment was consolidated into the U.S. Consumer Information Solutions and International operating segments. The change was driven by an enterprise wide distribution marketing strategy to maximize the penetration of our products and services in our targeted markets. In an effort to accelerate our penetration and simplify how our commercial information customers interact with us, we have reorganized our operating segments. The U.S. portion of the NACS operating segment was consolidated into the U.S. Consumer Information Solutions operating segment. The combined operating segment was renamed U.S. Information Solutions. The Canadian portion of the NACS operating segment was consolidated into the Canada operations of the International operating segment. As a result, we modified our segment reporting effective in the third quarter of 2014. Our financial results for the three and nine months ended September 30, 2013 and as of December 31, 2013, have been recast below to reflect our new organizational structure.

Reportable Segments. We manage our business and report our financial results through the following four reportable segments, which are the same as our operating segments:

-U.S. Information Solutions (“USIS”)

-International

-Workforce Solutions

-North America Personal Solutions

The accounting policies of the reportable segments are the same as those described in our summary of significant accounting policies in Note 1 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K. We evaluate the performance of these reportable segments based on their operating revenues, operating income and operating margins, excluding unusual or infrequent items, if any. Inter-segment sales and transfers are not material for all periods presented. The measurement criteria for segment profit or loss and segment assets are substantially the same for each reportable segment. All transactions between segments are accounted for at cost, and no timing differences occur between segments.

A summary of segment products and services is as follows:

U.S. Information Solutions. This segment includes consumer and commercial information services (such as credit information and credit scoring, credit modeling services and portfolio analytics (decisioning tools), which are derived from our databases of business credit and financial information, locate services, fraud detection and prevention services, identity verification services and other consulting services); mortgage loan origination information; financial marketing services; and identity management.

International. This segment includes information services products, which includes consumer and commercial services (such as credit and financial information, credit scoring and credit modeling services), credit and other marketing products and services, and products and services sold directly to consumers similar to those sold by North America Personal Solutions. In Europe and Latin America, we also provide information and technology services to support lenders and other creditors in the collections and recovery management process.

Workforce Solutions. This segment includes employment, income and social security number verification services as well as complementary payroll-based transaction services and employment tax management services.

North America Personal Solutions. This segment includes credit information, credit monitoring and identity theft protection products sold directly to consumers via the Internet and in various hard-copy formats.

11. SEGMENT INFORMATION (Continued)

Operating revenue and operating income by operating segment during the three and nine months ended September 30, 2014 and 2013 are as follows:

(In millions)	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Operating revenue:				
U.S. Information Solutions	\$ 278.6	\$ 270.2	\$ 821.0	\$ 808.4
International	158.4	134.5	467.2	400.2
Workforce Solutions	122.5	115.0	361.6	361.9
North America Personal Solutions	53.9	52.3	162.0	154.9
Total operating revenue	\$ 613.4	\$ 572.0	\$ 1,811.8	\$ 1,725.4

(In millions)	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Operating income:				
U.S. Information Solutions	\$ 104.3	\$ 97.7	\$ 312.4	\$ 298.1
International	37.1	40.7	104.5	117.2
Workforce Solutions	39.8	34.5	119.0	110.2
North America Personal Solutions	17.0	13.7	48.8	42.4
General Corporate Expense	(44.5)	(36.6)	(111.7)	(110.8)
Total operating income	\$ 153.7	\$ 150.0	\$ 473.0	\$ 457.1

Total assets by operating segment at September 30, 2014 and December 31, 2013 are as follows:

(In millions)	September 30,	December 31,
	2014	2013
Total assets:		
U.S. Information Solutions	\$ 1,987.4	\$ 1,979.1
International	918.0	629.7
Workforce Solutions	1,279.4	1,295.5
North America Personal Solutions	47.2	42.9
General Corporate	475.1	592.7
Total assets	\$ 4,707.1	\$ 4,539.9

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

As used herein, the terms Equifax, the Company, we, our and us refer to Equifax Inc., a Georgia corporation, and its consolidated subsidiaries as a combined entity, except where it is clear that the terms mean only Equifax Inc.

All references to earnings per share data in Management's Discussion and Analysis, or MD&A, are to diluted earnings per share, or EPS, unless otherwise noted. Diluted EPS is calculated to reflect the potential dilution that would occur if stock options or other contracts to issue common stock were exercised and resulted in additional common shares outstanding.

BUSINESS OVERVIEW

We are a leading global provider of information solutions, employment and income verifications and human resources business process outsourcing services. We leverage some of the largest sources of consumer and commercial data, along with advanced analytics and proprietary technology, to create customized insights which enable our business customers to grow faster, more efficiently and more profitably, and to inform and empower consumers.

Businesses rely on us for consumer and business credit intelligence, credit portfolio management, fraud detection, decisioning technology, marketing tools, and human resources-related services. We also offer a portfolio of products that enable individual consumers to manage their financial affairs and protect their identity. Our revenue stream is diversified among businesses across a wide range of industries, international geographies and individual consumers.

Segment and Geographic Information

Segments. On July 1, 2014 the North America Commercial Solutions ("NACS") operating segment was consolidated into the U.S. Consumer Information Solutions and International operating segments. The change was driven by an enterprise wide distribution marketing strategy to maximize the penetration of our products and services in our targeted markets. In an effort to accelerate our penetration and simplify how our commercial information customers interact with us, we have reorganized our operating segments. The U.S. portion of the NACS operating segment was consolidated into the U.S. Consumer Information Solutions operating segment. The combined operating segment was renamed U.S. Information Solutions ("USIS"). The Canadian portion of the NACS operating segment was consolidated into the Canada operations of the International operating segment.

The USIS segment, the largest of our four segments, consists of three product and service lines: Online Information Solutions; Mortgage Solutions; and Financial Marketing Services. Online information solutions and Mortgage Solutions revenue is principally transaction-based and is derived from our sales of products such as consumer and commercial credit reporting and scoring, identity management, fraud detection and modeling services. USIS also markets certain decisioning software services which facilitate and automate a variety of consumer and commercial credit-oriented decisions. Financial Marketing Services revenue is principally project- and subscription-based and is derived from our sales of batch credit and consumer wealth information such as those that assist clients in acquiring new customers, cross-selling to existing customers and managing portfolio risk.

The International segment consists of Canada, Europe and Latin America. Canada's products and services are similar to our USIS offerings, while Europe and Latin America are made up of varying mixes of product lines that are in our USIS and North America Personal Solutions reportable segments. In Europe and Latin America, we also provide information and technology services to support lenders and other creditors in the collections and recovery management process.

The Workforce Solutions segment consists of the Verification Services and Employer Services business lines. Verification Services revenue is transaction-based and is derived primarily from employment and income verification. Employer Services revenues are derived from our provision of certain human resources business process outsourcing services that include both transaction- and subscription-based product offerings. These services include unemployment claims management, employment-based tax credit services and other complementary employment-based transaction services.

North America Personal Solutions revenue is both transaction- and subscription-based and is derived from the sale of credit monitoring and identity theft protection products, which we deliver electronically to consumers primarily via the internet. We reach consumers directly and indirectly through partners.

Geographic Information. We currently have significant operations in the following countries: Argentina, Canada, Chile, Costa Rica, Ecuador, El Salvador, Honduras, Mexico, Paraguay, Peru, Portugal, the Republic of Ireland, Spain, the U.K., Uruguay and the U.S. Our operations in the Republic of Ireland focus on data handling and customer support activities. We also offer consumer credit services in India and Russia through joint ventures and have an investment in a consumer and commercial credit information company in Brazil.

Key Performance Indicators. Management focuses on a variety of key indicators to monitor operating and financial performance. These performance indicators include operating revenue, change in operating revenue, operating income, operating margin, net income attributable to Equifax, diluted earnings per share, cash provided by operating activities and capital expenditures. The key performance indicators for the three and nine months ended September 30, 2014 and 2013 were as follows:

	Key Performance Indicators			
	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2014	2013	2014	2013
	(Dollars in millions, except per share data)			
Operating revenue	\$613.4	\$572.0	\$1,811.8	\$1,725.4
Operating revenue change	7 %	10 %	5 %	12 %
Operating income	\$153.7	\$150.0	\$473.0	\$457.1
Operating margin	25.1 %	26.2 %	26.1 %	26.5 %
Net income from continuing operations attributable to Equifax	\$92.7	\$84.1	\$269.4	\$256.7
Net income attributable to Equifax	\$92.7	\$83.5	\$269.4	\$275.1
Diluted earnings per share from continuing operations attributable to Equifax	\$0.75	\$0.67	\$2.17	\$2.08
Diluted earnings per share attributable to Equifax	\$0.75	\$0.67	\$2.17	\$2.23
Cash provided by operating activities	\$195.6	\$174.3	\$413.4	\$377.1
Capital expenditures	\$26.2	\$25.3	\$63.9	\$61.5

Operational and Financial Highlights

During the first quarter of 2014, we acquired 100% of the stock of TDX, a data and technology company in the United Kingdom that specializes in helping lenders and creditors optimize collection and recovery performance through the use of analytics, data exchanges and technology platforms. The results of this acquisition have been included in our International operating segment subsequent to the acquisition. We also purchased Forseva, a provider of end-to-end, cloud-based credit management software solutions. The results of this acquisition have been included in our USIS operating segment subsequent to the acquisition.

We repurchased 2.5 million shares of our common stock on the open market for \$186.6 million during the first nine months of 2014. On September 11, 2014, the Board of Directors authorized the repurchase of up to an additional \$400 million of the Company's outstanding shares of common stock in connection with a previously authorized share repurchase program. At September 30, 2014, \$428.5 million was available for future purchases of common stock under our share repurchase authorization.

Business Environment and Company Outlook

Demand for our services tends to be correlated to general levels of economic activity, to consumer credit activity, to a lesser extent small commercial credit and marketing activity and to our own initiatives to expand our products and markets served. In the United States, for the first nine months of 2014, we experienced modestly improved growth in overall economic activity and in general consumer credit, a moderating year-over-year decline in consumer mortgage activity, and continuing benefits from our new product and market initiatives. As expected, total company mortgage related revenues declined in the third quarter albeit at a lesser rate than in the second quarter of 2014. While we continue to expect modest growth in overall economic activity and general consumer credit for the remainder of 2014, mortgage market origination activity is expected to grow slightly when compared to 2013. Internationally, the environment continues to be challenging as developed countries continue to experience low economic growth rates and certain developing countries face country specific political or economic issues. In addition, recent weakening in foreign exchange rates of certain of the countries in which we operate has further reduced growth in revenue and profit when reported in U.S. dollars.

Over the longer term, we continue to expect that our ongoing investments in new product innovation, business execution, enterprise growth initiatives, technology infrastructure and continuous process improvement will enable us, in a modestly growing global economy, to deliver long-term average organic revenue growth ranging between 6% and 8% with additional growth of 1% to 2% derived from strategic acquisitions consistent with our long term business strategy. We also expect to grow earnings per share at a somewhat faster rate than revenue over time as a result of both operating and financial leverage.

RESULTS OF OPERATIONS—THREE AND NINE MONTHS SEPTEMBER 30, 2014 AND 2013

Consolidated Financial Results

Operating Revenue

	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
Consolidated Operating Revenue	(Dollars in millions)		\$	%	(Dollars in millions)		\$	%
U.S. Information Solutions	\$ 278.6	\$ 270.2	\$ 8.4	3 %	\$ 821.0	\$ 808.4	\$ 12.6	2 %
International	158.4	134.5	23.9	18 %	467.2	400.2	67.0	17 %
Workforce Solutions	122.5	115.0	7.5	6 %	361.6	361.9	(0.3)	0 %
North America Personal Solutions	53.9	52.3	1.6	3 %	162.0	154.9	7.1	5 %
Consolidated operating revenue	\$ 613.4	\$ 572.0	\$ 41.4	7 %	\$ 1,811.8	\$ 1,725.4	\$ 86.4	5 %

Revenue increased by 7% and 5% in the third quarter and first nine months of 2014, respectively, compared to the same periods in 2013. Excluding the \$5.6 million negative impact of the effect of foreign exchange rates in the third quarter of 2014 and the \$21.7 million negative impact for the first nine months of 2014, revenue increased 8% and 6% when compared to the third quarter and first nine months of 2013, respectively. The acquisition of TDX in the first quarter of 2014 and several smaller acquisitions in the fourth quarter of 2013 (“2013 Acquisitions”) drove 4% of the local currency growth in the third quarter and first nine months of 2014. Growth across our core organic non-mortgage businesses was partially offset by the expected decline in mortgage refinancing activity in the U.S. This expected decline reduced reported growth rates in our USIS and Workforce Solutions business units for the third quarter and first nine months of 2014 as compared to the same period in 2013 when mortgage refinancing activity was still strong. The net decline in mortgage market activity reduced our revenue growth rates by approximately 2% and 4% for the third quarter of 2014 and the first nine months of 2014, respectively, as compared to the prior year periods.

Operating Expenses

Consolidated Operating Expenses	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
	(Dollars in millions)				(Dollars in millions)			
			\$	%			\$	%
Consolidated cost of services	\$ 211.0	\$ 196.8	\$ 14.2	7 %	\$ 630.1	\$ 590.1	\$ 40.0	7 %
Consolidated selling, general and administrative expenses	197.8	173.4	24.4	14 %	556.7	534.4	22.3	4 %
Consolidated depreciation and amortization expense	50.9	51.8	(0.9)	-2 %	152.0	143.8	8.2	6 %
Consolidated operating expenses	\$ 459.7	\$ 422.0	\$ 37.7	9 %	\$ 1,338.8	\$ 1,268.3	\$ 70.5	6 %

The increase in cost of services, when compared to the third quarter and first nine months of 2013, was due primarily to the impact of the acquisition of TDX in the first quarter of 2014 and the 2013 Acquisitions. The effect of changes in foreign exchange rates reduced cost of services by \$0.5 million and \$3.5 million in the three and nine months ended September 30, 2014.

Selling, general and administrative expense increased \$24.4 million in the third quarter 2014 as compared to third quarter 2013, and \$22.3 million in the first nine months of 2014 as compared to the first nine months of 2013. The increase was primarily due to the impact of the TDX acquisition in the first quarter of 2014 and the 2013 Acquisitions, a third quarter 2014 settlement of a legal dispute over certain software license agreements and an increase in incentives. For the first nine months, these increases were partially offset by decreases in benefits and severance expenses, as well as smaller decreases in expense in various other categories. The impact of changes in foreign currency exchange rates decreased our selling, general and administrative expenses by \$0.9 million and \$3.6 million in the three and nine months ended September 30, 2014.

Depreciation and amortization expense for the third quarter 2014 as compared to 2013 decreased \$0.9 million and increased \$8.2 million for the first nine months of 2014, as compared to the same period in 2013. The decrease for the third quarter 2014 was primarily driven by \$7.7 million of expense in the third quarter of 2013 resulting from a correction to the purchase price allocation related to CSC Credit Services Acquisition, which had the effect of increasing amortizable acquisition-related intangible assets, partially offset by \$6.3 million of expense resulting from the acquisition of TDX and the 2013 Acquisitions. The increase for the first nine months of 2014 was primarily driven by \$18.2 million of expense resulting from the acquisition of TDX and the 2013 Acquisitions, partially offset by a reduction in amortization of certain purchased intangible assets related to our TALX Corporation acquisition in 2007 that became fully amortized during the second quarter of 2013.

Operating Income and Operating Margin

	Three Months Ended September 30,			Change			Nine Months Ended September 30,			Change		
	2014	2013		\$	%		2014	2013		\$	%	
Consolidated Operating Income	(Dollars in millions)						(Dollars in millions)					
Consolidated operating revenue	\$613.4	\$572.0	\$41.4	7	%	\$1,811.8	\$1,725.4	\$86.4	5	%		
Consolidated operating expenses	(459.7)	(422.0)	(37.7)	9	%	(1,338.8)	(1,268.3)	(70.5)	6	%		
Consolidated operating income	\$153.7	\$150.0	\$3.7	3	%	\$473.0	\$457.1	\$15.9	3	%		
Consolidated operating margin	25.1 %	26.2 %			-1.2%pts	26.1 %	26.5 %					-0.4%pts

Total company margin decreased slightly in the third quarter of 2014 and the first nine months of 2014 due to a third quarter 2014 settlement of a legal dispute over certain software license agreements and increased cost of services and acquisition-related amortization expense related to the acquisition of TDX and the 2013 Acquisitions. The decrease in the third quarter of 2014 was partially offset by the third quarter 2013 increase in acquisition-related intangible amortization related to the CSC Credit Services Acquisition. The decrease in the first nine months of 2014 was partially offset by a reduction in amortization of certain purchased intangible assets related to our TALX Corporation acquisition in 2007 that became fully amortized during the second quarter of 2013.

Interest and Other Income, net

Three Months Ended
September 30,

Nine Months Ended
September 30,

Edgar Filing: EQUIFAX INC - Form 10-Q

Consolidated Interest and Other Income, net	2014		2013		Change		2014		2013		Change	
	<i>(Dollars in millions)</i>		<i>(Dollars in millions)</i>		\$	%	\$	%	\$	%	\$	%
Consolidated interest expense	\$17.1	\$17.5	\$	(0.4)	-2	%	\$51.8	\$52.8	\$	(1.0)	-2	%
Consolidated other income, net	3.2	0.6	2.6	433	%	1.6	4.2	(2.6)	-62	%		
Average cost of debt	4.5	%	4.8	%			4.4	%	4.5	%		
Total consolidated debt, net, at quarter end	\$1,554.6	\$1,444.2	\$110.4	8	%	\$1,554.6	\$1,444.2	\$110.4	8	%		

Interest expense decreased slightly for the third quarter of 2014 when compared to the same period in 2013. Our consolidated debt outstanding increased as of September 30, 2014, as compared to September 30, 2013, as a result of commercial paper issued to fund the majority of the acquisition price of TDX. The slight decrease in the average cost of debt for the third quarter of 2014 was due to a decrease in our 7.34% Notes following the repayment during the quarter and offset by the addition of lower rate commercial paper.

The increase in other income, net, for the three month period ending September 30, 2014, as compared to the prior year, is primarily due to foreign exchange losses related to dividends declared by our subsidiary in Argentina and losses incurred repatriating these funds in the third quarter of 2013, which did not recur in the current quarter. The decrease in other income, net, for the nine month period ending September 30, 2014, as compared to the prior year, is due to increased foreign exchange losses related to dividends declared by our subsidiary in Argentina and losses incurred repatriating these funds during the first half of 2014. These expenses were partially offset by higher earnings from our Russian and Indian joint ventures.

Income Taxes

	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
Consolidated Provision for Income Taxes	(Dollars in millions)				(Dollars in millions)			
Consolidated provision for income taxes	\$ 45.4	\$ 47.0	\$ (1.6)	-3 %	\$ 147.6	\$ 145.9	\$ 1.7	1 %
Effective income tax rate	32.5 %	35.3 %			34.9 %	35.7 %		

Our effective income tax rate was 32.5% for the three months ended September 30, 2014, down from 35.3% for the same period in 2013. The decline was due primarily to increased discrete tax benefits related to federal and state tax items and a more favorable foreign rate differential as compared with the third quarter of 2013. The effective income tax rate was relatively flat for the nine months ended September 30, 2014 as compared to the prior period.

Net Income

	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change

Net income from continuing operations attributable to Equifax	\$ 0.75	\$ 0.67	\$ 0.08	12 %	\$ 2.17	\$ 2.08	\$ 0.09	4 %

Edgar Filing: EQUIFAX INC - Form 10-Q

Discontinued operations attributable to Equifax	-	-	-	0	%	-	0.15	(0.15)	-100	%
Net income attributable to Equifax	\$ 0.75	\$ 0.67	\$ 0.08	12	%	\$ 2.17	\$ 2.23	\$(0.06)	-3	%
Weighted-average shares used in computing diluted earnings per share	123.5	123.9				124.1	123.5			

Consolidated income from continuing operations increased by \$8.3 million and \$12.6 million, or 10% and 5%, in the three and nine month periods ending September 30, 2014, respectively, due to increased operating income in our USIS, Workforce Solutions and North America Personal Solutions businesses, partially offset by declines in International and increased corporate expenses. Net income attributable to Equifax for the nine months ended September 30, 2014, was negatively impacted compared to the prior year period by the absence of earnings from the discontinued operations, including a gain on the disposition of those operations, which benefitted the prior year period.

Segment Financial Results**USIS**

	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
U.S. Information Solutions	(Dollars in millions)				(Dollars in millions)			
Operating revenue:								
Online Information Solutions	\$ 205.5	\$ 197.7	\$ 7.8	4 %	\$ 603.8	\$ 585.6	\$ 18.2	3 %
Mortgage Solutions	28.3	28.4	(0.1)	0 %	80.3	90.5	(10.2)	-11 %
Financial Marketing Services	44.8	44.1	0.7	2 %	136.9	132.3	4.6	4 %
Total operating revenue	\$ 278.6	\$ 270.2	\$ 8.4	3 %	\$ 821.0	\$ 808.4	\$ 12.6	2 %
% of consolidated revenue	45 %	47 %			45 %	47 %		
Total operating income	\$ 104.3	\$ 97.7	\$ 6.6	7 %	\$ 312.4	\$ 298.1	\$ 14.3	5 %
Operating margin	37.4 %	36.2 %		1.2 % pts	38.1 %	36.9 %		1.2 % pts

USIS revenue increased 3% and 2% in the third quarter and first nine months of 2014, respectively, as compared to the prior year periods. Solid mid-single digit percentage growth from core non-mortgage products and from strategic product penetration and pricing initiatives were partially offset by the decline in mortgage market activity compared to the third quarter and first nine months of 2013 when mortgage refinancing activity was still high.

Online Information Solutions

Revenue for the third quarter and first nine months of 2014 increased 4% and 3% when compared to the prior year periods. Core credit report transaction volume increased 14% in the first quarter of 2014 and 12% in the first nine months of 2014 compared to the prior year due to increased volumes to customers in the financial services market, auto industry and our key client program. This increase was partially offset by lower average unit revenue due to a less favorable mix of business, a lower proportion of reports sold into the mortgage resale market, and to a lesser extent, lower revenue from the commercial credit business. Both periods also benefited from growth in our identity and fraud solutions business.

Mortgage Solutions

Revenue decreased less than 1% and 11% for the three and nine month periods ended September 30, 2014, when compared to the prior year period due to lower mortgage refinancing activity.

Financial Marketing Services

Revenue increased 2% for the third quarter and 4% for the first nine months of 2014, as compared to 2013. The growth in both periods was driven by increased marketing revenue due to the moderate expansion of loan activity in the banking industry and from growth in our customer base for our wealth-based consumer information services products.

USIS Operating Margin

USIS operating margin increased in the third quarter and the first nine months of 2014 as compared to the same periods in 2013. Margin expansion resulted from realized synergies related to our CSC Credit Services Acquisition completed at the end of 2012 including certain transitional expenses in 2013 that did not recur in 2014. The increase in margin for the third quarter of 2014 was also due to a correction in purchase price allocation in the third quarter of 2013 that did not recur in 2014. The increase in margin for the third quarter and the first nine months of 2014 was partially offset by a third quarter 2014 settlement of a legal dispute over certain software license agreements of \$7.9 million.

International

International	Three Months Ended September 30,				Nine Months Ended September 30,

Total operating income	\$ 37.1	\$ 40.7	\$ (3.6)	-9 %	\$ 104.5	117.2	\$ (12.7)	-11 %
Operating margin	23.5 %	30.2 %		-6.7 % pts	22.4 %	29.3 %		-6.9 % pts

Local currency international revenue increased by 22% in the third quarter and first nine months of 2014 as compared to the same periods in 2013. Revenue grew 16% and 15% in the three and nine month periods, respectively, as a result of our first quarter 2014 acquisition of TDX and our fourth quarter 2013 acquisitions in Paraguay and Mexico. The remainder of the local currency growth was driven by growth across the geographies, primarily Argentina and the U.K. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$5.6 million, or 4%, in the third quarter of 2014 and \$21.7 million, or 5%, in the first nine months of 2014. Reported revenue increased 18% and 17% in the three and nine month periods ended September 30, 2014, respectively, compared to the same periods in 2013.

Latin America

Local currency revenue increased 18% in the third quarter and 20% in the first nine months of 2014 driven by growth in Argentina, Peru, Chile, and Ecuador. Approximately half of this growth was organic growth in Argentina and other countries, while the other half resulted from the fourth quarter 2013 acquisitions in Paraguay and Mexico. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$8.4 million, or 17%, in the third quarter of 2014 and \$29.0 million, or 20%, in the first nine months of 2014, most notably due to depreciation in the foreign exchange rate of the Argentine peso. Reported revenue grew less than a 1% in the third quarter and decreased slightly for the first nine months of 2014.

Europe

Local currency revenue growth was 40% in the third quarter and first nine months of 2014 primarily due to the acquisition of TDX in the first quarter of 2014 which represented 32% of the growth in the three and nine month periods ended September 30, 2014. The remaining growth was driven by increased revenue in the U.K. across most product segments, despite continued challenging economic conditions. Local currency fluctuations against the U.S. dollar positively impacted revenue by \$4.7 million, or 10%, for the third quarter of 2014, and \$15.1 million, or 11%, for the first nine months of 2014. Reported revenue increased 51% in the three and nine month periods ended September 30, 2014.

Canada

Local currency revenue increased 5% and 4% in the three and nine month periods ended September 30, 2014, respectively, compared to the prior year periods in 2013 primarily due to new customers within marketing and decision solutions and growth in information and analytical services. Local currency fluctuations against the U.S. dollar negatively impacted revenue by \$1.9 million, or 5%, in the third quarter of 2014 and \$7.8 million, or 7%, in the first nine months of 2014. Reported revenue increased less than a 1% in the third quarter and decreased 2% for the first nine months of 2014.

International Operating Margin

Operating margin decreased in the third quarter and first nine months of 2014 as compared to 2013. The decline primarily resulted from the recent acquisitions, including increased acquisition-related amortization expense of \$5.9 million and \$17.2 million in the three and nine months ended September 30, 2014, respectively, related to the recent acquisitions. The decline in margin was also a result of inflation-driven pressures on margin in Argentina.

Workforce Solutions

Workforce Solutions	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
	(Dollars in millions)				(Dollars in millions)			
Operating revenue:								
Verification Services	\$ 75.9	\$ 68.7	\$ 7.2	10 %	\$ 212.1	\$ 214.2	\$ (2.1)	-1 %
Employer Services	46.6	46.3	0.3	1 %	149.5	147.7	1.8	1 %
Total operating revenue	\$ 122.5	\$ 115.0	\$ 7.5	6 %	\$ 361.6	\$ 361.9	\$ (0.3)	0 %
% of consolidated revenue	20 %	20 %			20 %	21 %		
Total operating income	\$ 39.8	\$ 34.5	\$ 5.3	15 %	\$ 119.0	\$ 110.2	\$ 8.8	8 %
Operating margin	32.5 %	29.9 %		2.6 % pts	32.9 %	30.4 %		2.5 % pts

Verification Services

Revenue increased 10% in the third quarter of 2014 and decreased 1% in the first nine months of 2014 compared to the prior year periods, due to 18% and 15% growth in non-mortgage verification revenue for the three and nine month periods, respectively. Third quarter 2014 growth was driven by card, pre-employment screening and government verticals, as well as 2% growth in the mortgage related verification revenue, compared to 25% decline in the mortgage related verification revenue in the first half of 2014. For the first nine months, the growth in non-mortgage verification revenue was more than offset by a 17% decline in mortgage-related verification revenue in the first nine months of 2014 due to the expected decline in mortgage market activity.

Employer Services

Revenue grew 1% in both the third quarter and the first nine months of 2014, as compared to the same periods in 2013. Revenue growth in both periods was due to growth in our transaction-based complementary services business and workforce analytics business. The growth in the third quarter and in the first nine months of 2014 was partially offset by lower unemployment claims activity and a decline in revenue related to the non-renewal of the federal Work Opportunity Tax Credit program in 2014.

Workforce Solutions Operating Margin

Operating margin for the third quarter and first nine months of 2014 increased compared to the prior year periods. Margin expansion in the third quarter was driven by a higher mix of high margin business compared to 2013, as well as cost management initiatives executed in the quarter. Margin improvement for the first nine months of 2014 was also driven by lower acquisition-related amortization due to certain purchased intangible assets related to our TALX Corporation acquisition in 2007 that became fully amortized during the second quarter of 2013.

Total operating revenue	\$ 53.9	\$ 52.3	\$ 1.6	3 %	\$ 162.0	\$ 154.9	\$ 7.1	5 %
% of consolidated revenue	9 %	9 %			9 %	9 %		
Total operating income	\$ 17.0	\$ 13.7	\$ 3.3	24 %	\$ 48.8	\$ 42.4	\$ 6.4	15 %
Operating margin	31.6 %	26.3 %		5.3 % pts	30.1 %	27.4 %		2.7 % pts

Revenue increased 3% for the three month period ended September 30, 2014, as compared to prior year, principally due to the growth in the indirect market and subscription revenue in Canada. Revenue increased 5% for the nine month period ended September 30, 2014, as compared to the same period in 2013, principally due to the acquisition of TrustedID in the third quarter of 2013, as well as growth in subscription revenue in Canada. Direct to consumer, Equifax-branded U.S.-based subscription service revenue was flat in the third quarter of 2014 and up 2% in the first nine months of 2014 as a result of higher average revenue per subscriber. This growth was largely offset by declines in transaction and breach revenue and revenue from legacy wholesale partners. Operating margin increased in the third quarter and first nine months of 2014 as compared to the prior year, as increased acquisition-related amortization due to the acquisition of TrustedID in the third quarter of 2013 was more than offset by lower marketing expenses.

General Corporate Expense

General Corporate Expense	Three Months Ended September 30,				Nine Months Ended September 30,			
	2014	2013	Change		2014	2013	Change	
(Dollars in millions)	(Dollars in millions)							
	\$		\$	%	\$		\$	%
General corporate expense	\$ 44.5	\$ 36.6	\$ 7.9	21 %	\$ 111.7	\$ 110.8	\$ 0.9	1 %

Our general corporate expenses are unallocated costs that are incurred at the corporate level and include those expenses impacted by corporate direction, including shared services, administrative, legal, restructuring, and the portion of management incentive compensation determined by total company-wide performance. General corporate expense increased \$7.9 million in the third quarter of 2014 and \$0.9 million in the first nine months of 2014 primarily due to incentive expenses partially offset by lower benefit expenses.

LIQUIDITY AND FINANCIAL CONDITION

Management assesses liquidity in terms of our ability to generate cash to fund operating, investing and financing activities. We continue to generate substantial cash from operating activities and remain in a strong financial position, with resources available for reinvestment in existing businesses, strategic acquisitions and managing our capital structure to meet short- and long-term objectives.

Sources and Uses of Cash

Funds generated by operating activities and our credit facilities continue to be our most significant sources of liquidity. We expect that funds generated from results of operations will be sufficient to finance our anticipated working capital and other cash requirements (such as capital expenditures, interest payments, potential pension funding contributions and dividend payments) for the foreseeable future. If borrowings were needed, we would expect to borrow in the commercial paper or corporate bond markets; or in the event that credit market conditions were to deteriorate, we would rely more heavily on borrowings from the Senior Credit Facility as described below. At September 30, 2014, \$616.4 million was available to borrow under our Senior Credit Facility. Our Senior Credit Facility does not include a provision under which lenders could refuse to allow us to borrow under this facility in the event of a material adverse change in our financial condition, as long as we are in compliance with the covenants contained in the credit agreement.

The following table summarizes our cash flows for the nine months ended September 30, 2014 and 2013:

Net cash provided by (used in):	Nine Months Ended September 30,		Change 2014 vs. 2013
	2014	2013	
	(Dollars in millions)		
Operating activities	\$ 413.4	\$ 377.1	\$ 36.3
Investing activities	\$ (399.5)	\$ (50.6)	\$ (348.9)
Financing activities	\$ (126.7)	\$ (333.9)	\$ 207.2

Operating Activities

Cash provided by operating activities in the nine months ended September 30, 2014 increased by \$36.3 million over the prior year. Cash provided from net income, excluding the impact of the 2013 divestitures, the impact of depreciation and amortization and stock based compensation expense, increased \$26.6 million.

Fund Transfer Limitations. The ability of certain of our subsidiaries and associated companies to transfer funds to U.S. is limited, in some cases, by certain restrictions imposed by foreign governments. These restrictions do not, individually or in the aggregate, materially limit our ability to service our indebtedness, meet our current obligations or pay dividends. As of September 30, 2014, we held \$106.8 million of cash in our foreign subsidiaries.

Investing Activities

Capital Expenditures

Net cash provided by (used in):	Nine Months Ended September 30,		Change 2014 vs. 2013
	2014	2013	
	(In millions)		
Capital expenditures	\$ (63.9)	\$ (61.5)	\$ (2.4)

Our capital expenditures are used for developing, enhancing and deploying new and existing software in support of our expanding product set, replacing or adding facilities and equipment, updating systems for regulatory compliance, the licensing of software applications and investing in system reliability, security and disaster recovery enhancements. Capital expenditures in 2014 were not materially different from 2013 as we are continuing to invest in new products and technology infrastructure.

Acquisitions, Divestitures and Investments

Net cash provided by (used in):	Nine Months Ended September 30,		Change 2014 vs. 2013
	2014	2013	
	(In millions)		
Acquisitions, net of cash acquired	\$ (333.7)	\$ (27.5)	\$ (306.2)
Cash received from divestitures	\$ 0.6	\$ 47.5	\$ (46.9)
Investment in unconsolidated affiliates, net	\$ (2.5)	\$ (9.1)	\$ 6.6

During the first quarter of 2014, we acquired TDX, included as part of our International operating segment, and Forseva, included as part of our USIS operating segment.

During the first quarter of 2013, we divested of two non-strategic business lines, Equifax Settlement Services which was part of our Mortgage business within the USIS operating segment and Talent Management Services which was part of our Employer Services business within our Workforce Solutions operating segment, for a total of \$47.5 million. \$3.5 million of the proceeds of the sale of Talent Management Services was placed into an escrow account to be released to us at a later date. During the third quarter of 2014, we received \$0.6 million of the proceeds from the escrow.

We invested \$2.5 million in our joint venture in India during the first nine months of 2014. This investment was more than offset by dividends received from our joint venture in Russia. During the first nine months of 2013, we invested \$5.3 million and \$2.7 million in our joint ventures in Russia and India, respectively, to increase our percentage ownership interest as well as \$1.0 million in another international entity. These investments were partially offset by dividends received from our joint venture in Russia.

Financing Activities**Borrowings and Credit Facility Availability**

Net cash provided by (used in):	Nine Months Ended September 30,		Change 2014 vs. 2013
	2014	2013	
	(In millions)		

Net short-term borrowings (repayments)	\$ 132.3	\$ (266.5)	\$ 398.8
Payments on long-term debt	\$ (15.0)	\$ (15.0)	\$ -

Credit Facility Availability

Our principal unsecured revolving credit facility with a group of banks, which we refer to as the Senior Credit Facility, permits us to borrow up to \$750.0 million through December 2017. The Senior Credit Facility may be used for general corporate purposes. Availability of the Senior Credit Facility for borrowings is reduced by the outstanding face amount of any letters of credit issued under the facility and, pursuant to our existing Board of Directors authorization, by the outstanding principal amount of our commercial paper notes, or CP.

Our \$750.0 million CP program has been established to allow for borrowing through the private placement of CP with maturities ranging from overnight to 397 days. We may use the proceeds of CP for general corporate purposes. The CP program is supported by our Senior Credit Facility and, pursuant to our existing Board of Directors authorization, the total amount of CP which may be issued is reduced by the amount of any outstanding borrowings under our Senior Credit Facility.

At September 30, 2014, \$132.1 million was outstanding under our CP program. At September 30, 2014, a total of \$616.4 million was available under our Senior Credit Facility.

At September 30, 2014, 74% of our debt was fixed-rate debt and 26% was effectively variable-rate debt. Our variable-rate debt consists of our commercial paper, which is generally issued for terms of 1 to 90 days, and our five-year senior notes due 2014 (against which we have executed interest rate swaps to convert interest expense from fixed rates to floating rates), which generally bear interest based on a specified margin plus a base rate (LIBOR). The interest rates established by our interest rate swaps reset periodically, depending on the terms of the respective financing arrangements. At September 30, 2014, the interest rates on our variable-rate debt ranged from 0.27% to 2.04%.

Borrowing and Repayment Activity

Net short-term borrowings (repayments) primarily represent activity under our CP program. We primarily borrow under our CP program, as needed and availability allows.

The increase in net short-term borrowings (repayments) primarily reflects the borrowing of CP notes in the first quarter of 2014 to fund the acquisition of TDX. The net repayment in the first quarter of 2013 represents the repayment of the CP notes outstanding as a result of the CSC Credit Services Acquisition at the end of 2012.

Our 4.45% Senior Notes, due December 2014 are recorded as short-term debt on our Consolidated Balance Sheet. We currently plan to repay the \$275 million principal amount of outstanding 4.45% Senior Notes on the maturity date with short-term borrowings from our CP Program.

The payments on long-term debt reflect \$15 million payments made the in the third quarter of both 2014 and 2013 on our 7.34% Notes.

Debt Covenants. A downgrade in our credit ratings would increase the cost of borrowings under our CP program and credit facilities, and could limit or, in the case of a significant downgrade, preclude our ability to issue CP. Our outstanding indentures and comparable instruments also contain customary covenants including, for example, limits on the incurrence of secured debt and sale/leaseback transactions. In addition, our Senior Credit Facility requires us to maintain a maximum leverage ratio of not more than 3.5. Our leverage ratio was 1.81 at September 30, 2014. None of these covenants are considered restrictive to our operations and, as of September 30, 2014, we were in compliance with all of our debt covenants.

We do not have any credit rating triggers that would accelerate the maturity of a material amount of our outstanding debt; however, our 4.45% Senior Notes due 2014, 6.3% Senior Notes due 2017, 3.3% Senior Notes due 2022 and 7.0% Senior Notes due 2037 (together, the “Senior Notes”) contain change of control provisions. If we experience a change of control or publicly announce our intention to effect a change of control and the rating on the Senior Notes is lowered by each of Standard & Poor’s, or S&P, and Moody’s Investors Service, or Moody’s, below an investment grade rating within 60 days of such change of control or notice thereof, we will be required to offer to repurchase the Senior Notes at a price equal to 101% of the aggregate principal amount of the Senior Notes plus accrued and unpaid interest.

For additional information about our debt, including the terms of our financing arrangements, basis for variable interest rates and debt covenants, see Note 6 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

Equity Transactions

Net cash provided by (used in):	Nine Months Ended September 30,		Change
	2014	2013	2014 vs. 2013
	(In millions)		
Treasury stock repurchases	\$ (186.6)	\$ (11.9)	\$ (174.7)
Dividends paid to Equifax shareholders	\$ (91.3)	\$ (79.9)	\$ (11.4)
Dividends paid to noncontrolling interests	\$ (7.7)	\$ (9.8)	\$ 2.1
Proceeds from exercise of stock options	\$ 29.7	\$ 38.9	\$ (9.2)
Excess tax benefits from stock-based compensation plans	\$ 11.9	\$ 11.1	\$ 0.8

Sources and uses of cash related to equity during the nine months ended September 30, 2014 and 2013 were as follows:

During the first nine months of 2014, we repurchased 2.5 million of our common shares on the open market for \$186.6 million, at an average price of \$74.12 per share.

We increased our quarterly dividend from \$0.22 per share to \$0.25 per share as announced in the fourth quarter of 2013. We paid cash dividends to Equifax shareholders of \$91.3 million or \$0.75 per share and \$79.9 million or \$0.66 per share, during the nine months ended September 30, 2014 and 2013, respectively.

We received cash of \$29.7 million and \$38.9 million during the first nine months of 2014 and 2013, respectively, from the exercise of stock options.

At September 30, 2014, the Company had \$428.5 million remaining for stock repurchases under the existing Board authorization.

Contractual Obligations, Commercial Commitments and Other Contingencies

Our contractual obligations have not changed materially from those reported in our 2013 Form 10-K. For additional information about certain obligations and contingencies, see Note 6 of the Notes to Consolidated Financial Statements in this Form 10-Q.

Off-Balance Sheet Arrangements

There have been no material changes with respect to our off-balance sheet arrangements from those presented in our 2013 Form 10-K.

Related Party Transactions

We engage in various transactions and arrangements with related parties. We believe the terms of the transactions and arrangements do not differ from those that would have been negotiated with an independent party.

Benefit Plans

At December 31, 2013, our U.S. Retirement Income Plan, or USRIP, met or exceeded ERISA's minimum funding requirements. In the future, we expect to make minimum funding contributions as required and may make discretionary contributions, depending on certain circumstances, including market conditions and our liquidity needs. We believe additional funding contributions, if any, would not prevent us from continuing to meet our liquidity needs, which are primarily funded from cash flows generated by operating activities, available cash and cash equivalents, and our committed credit facilities.

For our non-U.S., tax-qualified retirement plans, we fund an amount sufficient to meet minimum funding requirements but no more than allowed as a tax deduction pursuant to applicable tax regulations. For our non-qualified supplementary retirement plans, we fund the benefits as they are paid to retired participants, but accrue the associated expense and liabilities in accordance with GAAP.

For additional information about our benefit plans, see Note 11 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

Seasonality

We experience seasonality in certain of our revenue streams. Revenue generated by the online consumer information services component of our USIS operating segment are typically the lowest during the first quarter, when consumer lending activity is at a seasonal low. Revenue generated from the Employer Services business unit within the Workforce Solutions operating segment is generally higher in the first quarter due primarily to the provision of Form W-2 preparation services which occur in the first quarter each year. Revenue generated from our financial wealth asset products and data management services in our Financial Marketing Services business are generally higher in the fourth quarter each year due to the significant portion of our annual renewals which occur in the fourth quarter of each year.

RECENT ACCOUNTING PRONOUNCEMENTS

For information about new accounting pronouncements and the potential impact on our Consolidated Financial Statements, see Note 1 of the Notes to Consolidated Financial Statements in this Form 10-Q and Note 1 of the Notes to Consolidated Financial Statements in our 2013 Form 10-K.

APPLICATION OF CRITICAL ACCOUNTING POLICIES

The preparation of financial statements in conformity with GAAP requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and related disclosures of contingent assets and liabilities in our Consolidated Financial Statements and the Notes to Consolidated Financial Statements. We believe the most complex and sensitive judgments, because of their significance to the Consolidated Financial Statements, result primarily from the need to make estimates and assumptions about the effects of matters that are inherently uncertain. The “Application of Critical Accounting Policies and Estimates” section in the MD&A, and Note 1 of the Notes to Consolidated Financial Statements, in our 2013 Form 10-K describe the significant

accounting estimates and policies used in the preparation of our Consolidated Financial Statements. Although we believe that our estimates, assumptions and judgments are reasonable, they are based upon information available at the time. Actual results may differ significantly from these estimates under different assumptions, judgments or conditions.

Goodwill

We review goodwill and indefinite lived intangible assets for impairment annually (as of September 30) and whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable. These events or circumstances could include a significant change in the business climate, legal factors, operating performance or trends, competition, or sale or disposition of a significant portion of a reporting unit. We have eight reporting units comprised of USIS (which includes part of Online Information Solutions, Mortgage Solutions and Financial Marketing Services), Identity Management (part of Online Information Solutions), Europe, Latin America, Canada, North America Personal Solutions, Verification Services and Employer Services.

The goodwill balance at September 30, 2014, for our eight reporting units was as follows:

	September 30, 2014 (In millions)
U.S. Information Solutions	\$ 1,059.5
ID Management	61.1
Europe	296.3
Latin America	240.3
Canada	43.1
North America Personal Solutions	16.7
Verification Services	738.6
Employer Services	169.0
Total goodwill	\$ 2,624.6

We performed a qualitative assessment to determine whether further impairment testing was necessary for our U.S. Information Solutions, Latin America, Canada, North America Personal Solutions, Verification Services and Employer Services reporting units. In this qualitative assessment, we considered the following items for each of the reporting units: macroeconomic conditions, industry and market conditions, overall financial performance and other entity specific events. In addition, for each of these reporting units, the most recent fair value determination resulted in an amount that exceeded the carrying amount of the reporting units. Based on these assessments, we determined the likelihood that a current fair value determination would be less than the current carrying amount of the reporting unit is not more likely than not. As a result of our conclusions, no further testing was required for these reporting units.

Valuation Techniques

In determining the fair value of the Europe and ID Management reporting units, as to which we performed a quantitative test, we used a combination of the income and market approaches to estimate the reporting unit's business enterprise value.

Under the income approach, we calculate the fair value of a reporting unit based on estimated future discounted cash flows which require assumptions about short and long-term revenue growth rates, operating margins for each reporting unit, discount rates, foreign currency exchange rates and estimates of capital charges. The assumptions we use are based on what we believe a hypothetical marketplace participant would use in estimating fair value. Under the market approach, we estimate the fair value based on market multiples of revenue or earnings before income taxes, depreciation and amortization, for benchmark companies. We believe the benchmark companies used for each of the reporting units serve as an appropriate input for calculating a fair value for the reporting unit as those benchmark companies have similar risks, participate in similar markets, provide similar services for their customers and compete with us directly. The companies we use as benchmarks are principally outlined in our discussion of Competition in our

2013 Form 10-K. Data for the benchmark companies was obtained from publicly available information. Europe and ID Management have benchmark companies that conduct operations of businesses of a similar type, such as Experian Group Limited and Fair Isaac Corporation. Valuation multiples were selected based on a financial benchmarking analysis that compared the reporting unit's operating result with the comparable companies' information. In addition to these financial considerations, qualitative factors such as variations in growth opportunities and overall risk among the benchmark companies were considered in the ultimate selection of the multiple.

The values separately derived from each of the income and market approach valuation techniques were used to develop an overall estimate of a reporting unit's fair value. We use a consistent approach across all reporting units when considering the weight of the income and market approaches for calculating the fair value of each of our reporting units. This approach relies more heavily on the calculated fair value derived from the income approach, with 70% of the value coming from the income approach. We believe this approach is consistent with that of a market participant in valuing prospective purchase business combinations. The selection and weighting of the various fair value techniques may result in a higher or lower fair value. Judgment is applied in determining the weightings that are most representative of fair value.

We have not made any material changes to the valuation methodology we use to assess goodwill impairment since the date of the last annual impairment test.

Growth Assumptions

The assumptions for our future cash flows begin with our historical operating performance, the details of which are described in our Management's Discussion & Analysis of operating performance. Additionally, we consider the impact that known economic, industry and market trends will have on our future forecasts, as well as the impact that we expect from planned business initiatives including new product initiatives, client service and retention standards, and cost management programs. At the end of the forecast period, the long-term growth rate we used to determine the terminal value of each reporting unit was 3% based on management's assessment of the minimum expected terminal growth rate of the reporting unit, as well as broader economic considerations such as GDP, inflation and the maturity of the markets we serve.

We projected revenue growth in 2015 for our reporting units in completing our 2014 impairment testing based on planned business initiatives and prevailing trends exhibited by these units and not based on the assumption of meaningful acceleration in economic growth. The anticipated revenue growth in our reporting units, however, is partially offset by assumed increases in expenses for a majority of our reporting units which reflect the additional level of investment needed in order to achieve the planned revenue growth. Our 2015 long-term forecast is not dependent upon meaningful acceleration of global economic growth in the near term and we continue to take cost containment actions to help maintain operating margins for our reporting units.

Discount Rate Assumptions

We utilize a weighted average cost of capital, or WACC, in our impairment analysis that makes assumptions about the capital structure that we believe a market participant would make and include a risk premium based on an assessment of risks related to the projected cash flows of each reporting unit. We believe this approach yields a discount rate that is consistent with an implied rate of return that a market participant would require for an investment in a company having similar risks and business characteristics to the reporting unit being assessed. To calculate the WACC, the cost of equity and cost of debt are multiplied by the assumed capital structure of the reporting unit as compared to industry trends and relevant benchmark company structures. The cost of equity was computed using the Capital Asset Pricing Model which considers the risk-free interest rate, beta, equity risk premium and specific company risk premium related to a particular reporting unit. The cost of debt was computed using a benchmark rate and the Company's tax rate. For the 2014 annual goodwill impairment evaluation, the discount rates used to develop the estimated fair value of the reporting units evaluated were 10.5% and 12.5%. Because of assigned market premiums, discount rates are lowest for reporting units, whose cash flows are expected to be less volatile due to such factors as the maturity of the market they serve, their position in that market or other macroeconomic factors. Where there is the greatest volatility of cash flows due to competition, or participation in less stable geographic markets than the United States, such as our Europe reporting unit, the discount rate selected is in the higher portion of the range as there is more inherent risk in the expected cash flows of that reporting unit.

Estimated Fair Value and Sensitivities

The estimated fair value of the reporting units whose fair value was calculated for purposes of the 2014 impairment testing is derived from the valuation techniques described above, incorporating the related projections and assumptions. An indication of possible impairment occurs when the estimated fair value of the reporting unit is below the carrying value of its equity. The estimated fair value for these reporting units exceeded their related carrying value as of September 30, 2014. As a result, no goodwill impairment was recorded.

The estimated fair value of the reporting unit is highly sensitive to changes in these projections and assumptions; therefore, in some instances changes in these assumptions could impact whether the fair value of a reporting unit is greater than its carrying value. For example, an increase in the discount rate and decline in the projected cumulative cash flow of a reporting unit could cause the fair value of certain reporting units to be below its carrying value. We perform sensitivity analyses around these assumptions in order to assess the reasonableness of the assumptions and the resulting estimated fair values. Ultimately, future potential changes in these assumptions may impact the estimated fair value of a reporting unit and cause the fair value of the reporting unit to be below its carrying value. The excess of fair value over carrying value for the Company's two reporting units that were valued as of September 30, 2014, were 34% and 45%, respectively.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For information regarding our exposure to certain market risks, see “Quantitative and Qualitative Disclosures about Market Risk,” in Part II, Item 7A of our 2013 Form 10-K. There were no material changes to our market risk exposure during the nine months ended September 30, 2014.

ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, an evaluation was carried out by the Company’s management, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that these disclosure controls and procedures were effective as of the end of the period covered by this report. In addition, no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) occurred during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are involved in the following legal actions:

California Bankruptcy Litigation. In consolidated actions filed in the U.S. District Court for the Central District of California, captioned *Terri N. White, et al. v. Equifax Information Services LLC, Jose Hernandez v. Equifax Information Services LLC, Kathryn L. Pike v. Equifax Information Services LLC, and Jose L. Acosta, Jr., et al. v. Trans Union LLC, et al.*, plaintiffs asserted that Equifax violated federal and state law (the FCRA, the California Credit Reporting Act and the California Unfair Competition Law) by failing to follow reasonable procedures to determine whether credit accounts are discharged in bankruptcy, including the method for updating the status of an account following a bankruptcy discharge. On August 20, 2008, the District Court approved a Settlement Agreement and Release providing for certain changes in the procedures used by defendants to record discharges in bankruptcy on consumer credit files. That settlement resolved claims for injunctive relief, but not plaintiffs' claims for damages. On May 7, 2009, the District Court issued an order preliminarily approving an agreement to settle remaining class claims. The District Court subsequently deferred final approval of the settlement and required the settling parties to send a supplemental notice to those class members who filed a claim and objected to the settlement or opted out, with the cost for the re-notice to be deducted from the plaintiffs' counsel fee award. Mailing of the supplemental notice was completed on February 15, 2011. The deadline for this group of settling plaintiffs to provide additional documentation to support their damage claims or to opt-out of the settlement was March 31, 2011. On July 15, 2011, following another approval hearing, the District Court approved the settlement. Several objecting plaintiffs subsequently filed notices of appeal to the U.S. Court of Appeals for the Ninth Circuit, which, on April 22, 2013, issued an order remanding the case to the District Court for further proceedings. On January 21, 2014, the District Court denied the objecting plaintiffs' motion to disqualify counsel for the settling plaintiff and granted the motion of counsel for the settling plaintiffs' to be appointed as interim lead class counsel. On May 1, 2014, the District Court granted the objecting plaintiffs motion for leave to file an interlocutory appeal from the January 21, 2014 Order and the objectors filed a petition for permission to appeal to the U.S. Court of Appeals for the Ninth Circuit. On July 9, 2014, the U.S. Court of Appeals for the Ninth Circuit granted the petition for permission to appeal.

State Attorneys General Investigation. The Attorneys General of the State of Ohio and multiple other states commenced an investigation in late 2012 into certain business practices of the nationwide consumer reporting agencies (Equifax, Experian and TransUnion). Presently, there are 32 states participating in this investigation. In addition, the Attorneys General for the States of New York and Mississippi have commenced separate investigations into the same or similar matters being reviewed by the multi-state attorney general investigation. We are cooperating with the attorneys general in these investigations. At this time, we are unable to predict the outcomes of these investigations, including whether the investigations will result in any actions or proceedings being brought against us.

CFPB Investigation. In February 2014, we received a Civil Investigative Demand (a “CID”) from the Consumer Financial Protection Bureau (the “CFPB”) as part of its investigation to determine whether nationwide consumer reporting agencies have been or are engaging in unlawful acts or practices relating to the advertising, marketing, sale or provision of consumer reports, credit scores or credit monitoring products in violation of the Dodd Frank Act or the Fair Credit Reporting Act. The CID requests the production of documents and answers to written questions. We are cooperating with the CFPB in its investigation. At this time, we are unable to predict the outcome of this CFPB investigation, including whether the investigation will result in any action or proceeding against us.

Other. Equifax has been named as a defendant in various other legal actions, including administrative claims, regulatory matters, government investigations, class actions and other litigation arising in connection with our business. Some of the legal actions include claims for substantial compensatory or punitive damages or claims for indeterminate amounts of damages. We believe we have strong defenses to and, where appropriate, will vigorously contest, many of these matters. Given the number of these matters, some are likely to result in adverse judgments, penalties, injunctions, fines or other relief. We may explore potential settlements before a case is taken through trial because of the uncertainty and risks inherent in the litigation process.

For information regarding our accounting for legal contingencies, see Note 6 of the Notes to Consolidated Financial Statements in this Form 10-Q.

ITEM 1A. RISK FACTORS

There have been no material changes with respect to the risk factors disclosed in our 2013 Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table contains information with respect to purchases made by or on behalf of Equifax or any “affiliated purchaser” (as defined in Rule 10b-18(a) (3) under the Securities Exchange Act of 1934), of our common stock during our third quarter ended September 30, 2014:

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share (2)	Total Number of Shares Purchased as Part of Publicly-Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs (3)
July 1 - July 31, 2014	339,698	\$ 76.77	337,733	\$ 115,739,965
August 1 - August 31, 2014	771,177	\$ 76.49	771,014	\$ 56,766,622
September 1 - September 30, 2014	359,470	\$ 78.71	358,805	\$ 428,523,436
Total	1,470,345	\$ 77.10	1,467,552	\$ 428,523,436

(1) The total number of shares purchased for the quarter includes shares surrendered, or deemed surrendered, in satisfaction of the exercise price and/or to satisfy tax withholding obligations in connection with the exercise of employee stock options, totaling 1,965 shares for the month of July 2014, 163 shares for the month of August 2014, and 665 shares for the month of September 2014.

(2) Average price paid per share for shares purchased as part of our share repurchase program (includes brokerage commissions).

(3) On September 11, 2014, the Board of Directors authorized the repurchase of up to an additional \$400 million of the Company’s outstanding shares of common stock in connection with a previously authorized share repurchase program. At September 30, 2014, the amount authorized for future share repurchases under the share repurchase program was \$428.5 million. The program does not have a stated expiration date.

Dividend and Share Repurchase Restrictions

Our Senior Credit Facility restricts our ability to pay cash dividends on our capital stock or repurchase capital stock if a default or event of default exists or would result, according to the terms of the credit agreement.
