**ITEM 2.02. Results of Operations and Financial Condition.**

On April 24, 2007, Euronet Worldwide, Inc. issued a press release to announce its financial results for the first quarter ended March 31, 2007. The press release is attached hereto as Exhibit 99.1.

With the exception of information contained in Item 8.01, the information in this Current Report, including without limitation Exhibit 99.1, is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that Section, and shall not be incorporated by reference into any registration statement or other document filed pursuant to the Securities Act of 1933, except as shall be expressly set forth by specific reference in such a filing.

**ITEM 8.01. Other Events.**

**Euronet’s first quarter 2007 financial highlights included:**

- Consolidated revenues of \$170.4 million, compared to \$147.0 million for the first quarter 2006.
- Operating income of \$12.1 million, compared to \$12.3 million in the first quarter 2006.
- Net income of \$9.6 million, or \$0.24 diluted earnings per share, compared to net income for the first quarter 2006 of \$9.4 million, or \$0.24 diluted earnings per share.

**The EFT Processing Segment** reported the following results:

- First quarter 2007 revenues of \$42.0 million, compared to \$36.0 million for the first quarter 2006.
- First quarter 2007 operating income of \$6.9 million, compared to \$7.8 million for the first quarter 2006.

**The Prepaid Processing Segment** reported the following results:

- First quarter 2007 revenues of \$128.4 million, compared to \$111.0 million for the first quarter 2006.
- First quarter 2007 operating income of \$8.8 million, compared to \$9.0 million for the first quarter 2006.

**Corporate and Other** had \$3.6 million of operating expenses for the first quarter 2007, compared to \$4.4 million in the first quarter 2006.

The Company’s total unrestricted cash was \$419.5 million as of March 31, 2007 as compared to \$321.1 million as of December 31, 2006. Euronet’s total indebtedness was \$353.5 million as of March 31, 2007 as compared to \$373.5 million as of December 31, 2006.

In December 2004 and October 2005, the Company issued \$140 million and \$175 million, respectively, in convertible debentures. These debentures are potentially convertible into approximately 4.2 million and 4.3 million shares, respectively, of the Company’s common stock, subject to adjustment. As required by EITF 04-8, “The Effect of Contingently Convertible Debt on Diluted Earnings per Share,” regardless of whether the conditions upon which the debentures would be convertible into shares of the Company’s common stock have been met, if dilutive, the impact of the contingently issuable shares is included in the calculation of diluted earnings per share under the “if converted” method. The assumed conversion of the December 2004 debentures was dilutive for the first quarter 2007 and for the first quarter 2006. Accordingly, for the first quarter 2007 and for the first quarter 2006, 4.2 million contingently issuable shares have been assumed to be outstanding for the period and \$0.7 million and \$0.8 million, respectively, in related interest charges and amortization of debt issuance costs have been added back to income available to common shareholders to determine diluted earnings per share. The assumed conversion of the October 2005 debentures was not dilutive for the first quarter 2007 or for the first quarter 2006.

The Company’s consolidated income statements for the three-month periods ended March 31, 2007 and 2006 and the Company’s consolidated summary balance sheets as of March 31, 2007 and December 31, 2006 are set forth below.
