Proxy Statement

INTRODUCTION

This proxy statement is furnished to the shareholders of Culp, Inc. (sometimes referred to as the "Company") by the Company's Board of Directors in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, September 20, 2007, at 8:30 a.m. at the Company's corporate offices, 1823 Eastchester Drive, High Point, North Carolina, and at any adjournment or adjournments thereof. Action will be taken at the Annual Meeting on the items described in this proxy statement, and on any other business that properly comes before the meeting.

This proxy statement and accompanying form of proxy are first being mailed to shareholders on or about August __, 2007.

Whether or not you expect to attend the Annual Meeting, please complete, date and sign the accompanying form of proxy and return it promptly to ensure that your shares are voted at the meeting. Any shareholder giving a proxy may revoke it at any time before a vote is taken: (i) by duly executing a proxy bearing a later date; (ii) by executing a notice of revocation in a written instrument filed with the secretary of the Company; or (iii) by appearing at the meeting and notifying the secretary of the intention to vote in person. Unless a contrary choice is specified, all shares represented by valid proxies that are

Edgar Filing: CULP INC - Form PRE 14A

received pursuant to this solicitation, and not revoked before they are exercised, will be voted for the approval of the bylaw amendments described below, for the election of the director nominees named in this proxy statement, and for approval of the 2007 Equity Incentive Plan. The proxy also confers discretionary authority upon the persons named therein, or their substitutes, with respect to any other business that may properly come before the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock of the Company is necessary to constitute a quorum at the Annual Meeting and any adjournment thereof. Unless otherwise stated herein, each matter submitted to the shareholders will be approved if more votes are cast in favor of the proposal than the votes cast against the proposal. A shareholder abstaining from the vote on a proposal and any broker non-votes will be counted as present for purposes of determining whether a quorum is present, but will be counted as not having voted on the proposal in question. This means that in cases where a majority of the shares represented is required to approve a proposal, an abstention or broker non-vote will have the effect of a vote against the proposal in question. Shareholders do not have dissenters' rights with respect to any of the matters to be considered.

The Company will bear the entire cost of preparing this proxy statement and of soliciting proxies. Proxies may be solicited by employees of the Company, either personally, by special letter, or by telephone. The Company also will request brokers and others to send solicitation material to beneficial owners of the Company's stock and will reimburse them for this purpose upon request.

PROPOSAL 1: AMEND THE BYLAWS TO CHANGE THE RANGE OF THE BOARD SIZE, WITH THE NUMBER OF SEATS TO BE DETERMINED BY THE BOARD

Article III, Section 2 of the Company's bylaws states that the shareholders have the power to determine the number of directors constituting the Board of Directors within the specified range of nine to fifteen directors. The size of the Board is currently fixed at nine directors.

Article IX, Section 4 of the Company's bylaws provides that the Board shall not have the power to adopt a bylaw increasing or decreasing the number of directors.

We propose to amend the bylaws so that the number of directors constituting the Board shall be not less than five nor more than nine, as may be fixed by an affirmative vote of a majority of the directors then holding office at any regular or special meeting of the Board of Directors. The Company is significantly smaller now than it used to be, and we believe a smaller board

Edgar Filing: CULP INC - Form PRE 14A

will serve the Company's purposes more efficiently. Further, allowing the Board to establish its own size will provide the Company with increased flexibility to respond to changing circumstances quickly and without waiting for an annual meeting. If the Board has the power to increase and decrease the number of directors within the specified range, it will also be better equipped to keep up with industry best practices.

During the past year, the size of the Board was reduced by two members due to the unexpected death of one director and the resignation of another director. The Board has carried two vacancies since that time, and it has discovered that having a smaller number of directors is sometimes advantageous in terms of efficiency, full discussion and participation by all members, and greater flexibility in scheduling meetings. The Board does not believe it is desirable to continue to carry vacancies indefinitely, and this is part of the rationale for reducing the number of seats on the Board. We believe a smaller number of directors will allow the Board to function more effectively and efficiently, particularly in light of the Company's smaller size.

The first sentence of Article III, Section 2 of the Company's bylaws currently states: "The number of directors constituting the Board of Directors shall be not less than nine (9) nor more than fifteen (15) as may be fixed by resolution duly adopted by the shareholders at or prior to the annual meeting at which such directors are to be elected; and, in the absence of such a resolution, the number of directors shall be the number elected at the preceding annual meeting."

If the shareholders approve this proposal, the first sentence of Article III, Section 2 of the bylaws would state: "The number of directors constituting the Board of Directors shall be not less than five (5) nor more than nine (9) as may be fixed by resolution duly adopted by the Board of Directors at any regular or special meeting of the Board of Directors; and, in the absence of such a resolution, the number of directors shall be the number elected at the preceding annual meeting."

Article IX, Section 4 currently states: "The Board of Directors shall have no power to adopt a bylaw . . . (3) increasing or decreasing the number of directors" If the shareholders approve this proposal, the above language would be removed from the bylaws. If this Proposal is adopted, it is expected that the size of the Board will be initially set at five (5) members. See "Impact of Proposals 1 and 2" below.

PROPOSAL 2: DECLASSIFY THE BOARD OF DIRECTORS

Article III, Section 2 of the Company's bylaws states that the directors must be divided into three classes, as close to equally sized as possible, and that each class serves a three year term.

We propose to declassify the terms of directors so that all directors are elected annually. Any director subsequently appointed by the Board of Directors as a result of a newly created directorship or to fill a vacancy on the Board of Directors would hold office only until the next annual meeting.

The Board carefully considered both the advantages and disadvantages of a classified board and believes that declassification will best serve the Company's interests. A classified board may promote continuity and stability, as at least 2/3 of directors have at least one year remaining on their terms at any one time. However, because there is no limit to the number of terms an individual may serve, the continuity and stability of the Board's membership should not be materially affected by declassification. In addition, if Proposal 1 above is adopted, the size of the Board of Directors will be reduced, and each of the classes in a continuing classified board would be very small, with the shareholders having the opportunity to elect only one or two directors per year

Edgar Filing: CULP INC - Form PRE 14A

if the Board were not declassified. For this reason, Proposal 2 will only be submitted to the shareholders if Proposal 1 is adopted. If Proposal 1 is not adopted by the shareholders, Proposal 2 will be withdrawn, and the Board of Directors will remain classified into three classes as currently provided in Article III, Section 2 of the bylaws.

4

Proponents of a classified board suggest that it may encourage director independence, as it lessens the threat that a director who refuses to act in conformity with the wishes of the management will not be re-nominated for office. However, a classified board may reduce directors' accountability to shareholders, because the directors do not face annual elections. A non-classified board structure enables shareholders to hold all directors accountable on an annual basis, rather than over a three year period. Annual votes allow shareholders to register their views more frequently on the board's collective performance, and on the performance of each director individually. Therefore, an annually-elected board will increase the opportunity for shareholder involvement in corporate management.

Finally, a classified board reduces the possibility of an unsolicited and disadvantageous takeover of control of the Company, because a would-be acquiror cannot replace the majority of the board at a single annual meeting. Similarly, because a would-be acquiror cannot easily remove a classified board, the directors on such a board may be better able to negotiate the best price from an acquiror and would therefore have more time to search for superior alternatives. Those anti-takeover mechanisms, however, might discourage takeover proposals and proxy contests that could have the effect of increasing shareholder value.

In making this decision, we also looked to the example of other major corporations. Many large public companies have determined that principles of good corporate governance dictate that all directors of a corporation should be elected annually and have declassified their boards in recent years.

The second paragraph of Article III, Section 2 of the bylaws currently states: "The directors shall be divided into three classes, as nearly equal in number as may be, to serve in the first instance for terms of one, two and three years, respectively, and until their successors shall be elected and shall qualify, and thereafter the successors in each class of directors shall be elected to serve for terms of three years and until their successors shall be elected and shall qualify. In the event of any increase or decrease in the number of directors, the additional or eliminated directorships shall be so classified or chosen that all classes of directors shall remain or become equal in number, as nearly as may be. Directors need not be residents of the State of North Carolina or shareholders of the corporation."

If the shareholders approve this proposal, the second paragraph of Article III, Section 2 of the bylaws would state: "The directors shall be elected each year to serve for terms of one year, or until their successors shall be elected and shall qualify. Directors need not be residents of the State of North Carolina or shareholders of the corporation."

IMPACT OF PROPOSALS 1 AND 2

The Board has agreed on certain actions that will take effect if the shareholders approve both Proposal 1 and Proposal 2.

First, the Board will reduce the number of directors from nine to five. Next, if the shareholders approve both proposals, incumbent director Jean L.P.

Edgar Filing: CULP INC - Form PRE 14A

Brunel will tender his resignation from the Board. Director Howard L. Dunn, whose term expires in 2007, will not seek re-election.

These proposals will not reduce the terms of the four remaining incumbent directors; if the shareholders approve both proposals, those directors will serve the balance of their terms. Kenneth R. Larson and Franklin N. Saxon each have one year remaining on their terms, which expire at the 2008 Annual Meeting of Shareholders. Robert G. Culp, III and Patrick B. Flavin each have two years remaining on their terms, which expire at the 2009 Annual Meeting. Kenneth W. McAllister will be nominated for election to a one year term that will expire next year at the 2008 Annual Meeting of Shareholders.

If the shareholders do not approve either Proposal 1 or Proposal 2, the Company's corporate governance structure will not change. The Board will remain classified, with three classes of three directors each elected for a three year term. Jean L.P. Brunel, Kenneth R. Larson, and Franklin N. Saxon will serve until their terms expire in 2008. Robert G. Culp, III and Patrick B. Flavin will serve until their terms expire in 2009. Kenneth W. McAllister and Howard L. Dunn, Jr. will be nominated for election to a new three year term expiring in 2010. The shareholders may then re-elect any of the above directors upon the expiration of their terms. The Board would also continue to carry two vacancies.

5

Summary of Impact on Existing Board of Directors

	Term Expires	Action
Kenneth W. McAllister	2007	Proposed for re-election
Howard L. Dunn, Jr.	2007	Term expires - not re-elected

Patrick B. Flavin	2009	Continues - expires in 2009

PROPOSAL 3: ELECTION OF DIRECTORS

The number of directors constituting the Board is expected to be fixed at five as described above, assuming the adoption of Proposal 1 set forth above. If Proposal 1 is not approved, the number of directors constituting the entire Board will be fixed at nine, in accordance with the Company's bylaws.

If Proposals 1 and 2 are adopted, Mr. McAllister will be nominated for election to a one year term. If the proposals are not adopted, Mr. McAllister and Mr. Dunn will be nominated for election to a new three year term. In the absence of specifications to the contrary, proxies will be voted for the election of Mr. McAllister if Proposals 1 and 2 have been adopted, and for the election of Messrs. McAllister and Dunn if the Proposals are not adopted. The persons who receive the highest number of votes for election at the Annual Meeting will be elected as directors. If, at or before the time of the meeting, any of the nominees becomes unavailable for any reason, the proxy holders have the discretion to vote for a substitute nominee or nominees. The Board currently knows of no reason why any of the nominees listed below is likely to become unavailable.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Committee Charters

The Board of Directors has approved Corporate Governance Guidelines, with the goal of providing effective governance of the Company's business and affairs for the benefit of shareholders. The Corporate Governance Guidelines are available on the Company's website at www.culpinc.com in the "Investor Relations/Governance" section and are available in print to any shareholder upon request. In addition, the charters for the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also included in the "Investor Relations/Governance" section of the Company's website and are available in print to any shareholder upon request.

Director Independence

The Board believes that independent directors should comprise a majority of the Board, and the Company's Corporate Governance Guidelines (as well as New York Stock Exchange rules) require that a majority of the Company's Board be independent. To be considered independent, a director must be determined, by resolution of the Board as a whole, to have no material relationship with the Company other than as a director. These determinations will be made annually. In each case, the Board considers all relevant facts and circumstances and applies the independence standards of the New York Stock Exchange. In addition, the Board has adopted the following categorical standards (also available as part of the Corporate Governance Guidelines available on the Company's website at www.culpinc.com in the "Investor Relations/Governance" section) to assist in the determination of director independence, which conform to, or are more exacting than the independence requirements in the New York Stock Exchange listing standards:

- (i) Disqualifying Relationships - A director will not be considered independent if any of the following has occurred within the preceding three years:
 - o the director was employed by the Company
 - o the director's immediate family member was employed by the Company as an executive officer
 - o the director or the director's immediate family member received more than \$25,000 per year in direct compensation from the Company (other than director's fees and pension or other forms of deferred compensation for prior service with the Company)
 - o the director was affiliated with or employed by the Company's

Edgar Filing: CULP INC - Form PRE 14A

independent auditor

- o the director's immediate family member was affiliated with or employed by the Company's independent auditor as a partner, principal, manager, or in any other professional capacity
 - o an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or the director's immediate family member as an executive officer
- (ii) Commercial Relationships - The following commercial relationships will not be considered to be material relationships that would impair a director's status as being independent:
- o the director is an executive officer or employee or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier
 - o the director's immediate family member is an executive officer or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier

10

- o the director or the director's immediate family member is an executive officer of another company that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer
- (iii) Charitable Relationships - The following charitable relationship will not be considered to be a material relationship that would impair a director's independence: if a director of the Company, or a member of a director's immediate family, serves as an executive officer of a charitable or other not for profit organization, and the Company's charitable contributions to the organization, in the aggregate, are less than two percent of that organization's total revenues during its most recent fiscal year.
- (iv) Stock Ownership - Ownership of a significant amount of the Company's stock does not necessarily preclude a determination of independence.

Until August 3, 2006, the Company had five independent directors and four non-independent directors, applying the standards set forth above. On August 3, 2006, H. Bruce English died unexpectedly, and thus the Board did not have a majority of independent directors. The Company informed the New York Stock Exchange of this situation and stated the Board's intention to make changes to its membership to address the lack of a majority of independent directors created by the death of Mr. English. Effective August 14, 2006, Patrick H. Norton, a director who is not independent under the Company's independence standards and New York Stock Exchange rules, resigned from the Company's Board. Since the death of Mr. English and the resignation of Mr. Norton, the Board has had seven directors, four of whom are independent, and two vacancies. As described more fully above, the Board is proposing that the number of seats on the Board be reduced to five (see "Proposal 1" above).

Edgar Filing: CULP INC - Form PRE 14A

Applying the independence standards described above, the Board has determined that the following current directors are independent within the meaning of the listing standards of the New York Stock Exchange and the Company's categorical standards of independence: Messrs. Brunel, Flavin, Larson and McAllister. These determinations are based primarily on a review of the responses of our directors to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with directors.

Executive Sessions of Non-Management Directors and Independent Directors; Lead Director

Non-management Board members meet separately from the other directors at regularly scheduled executive sessions, without the presence of management directors or executive officers of the Company (except to the extent that the non-management directors request the attendance of any executive officers). The non-management directors have designated a "lead director" to preside at these meetings, to advise management and to otherwise act as a liaison between the non-management directors and the Company's management. Mr. McAllister has served as lead director since September 25, 2006. In addition to the meetings of non-management directors, the independent directors (as defined by New York Stock Exchange rules and the Company's categorical standards of independence) meet in a separate executive session at least once per year.

Director Attendance at Annual Meetings

Directors are expected to attend the Company's Annual Meeting of Shareholders absent exceptional cause. All directors then on the Board attended the 2006 Annual Meeting of Shareholders.

Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is available on the Company's website at www.culpinc.com under the "Investor Relations/Governance" section and is available in print to any shareholder who requests it. The Company will disclose on its website or by the filing of a Form 8-K any substantive amendments to the Code with regard to executive officers and any waivers granted under the Code for executive officers or directors.

11

Communications with Directors

The Company and the Company's Board of Directors believe it is important that a direct and open line of communication exist between the Company's Board of Directors and its shareholders and other interested parties. Any shareholder or other interested party who desires to contact the Company's directors may send a letter to the following address:

Culp, Inc. Board of Directors
c/o Corporate Secretary
P.O. Box 2686
High Point, North Carolina 27261-2686

Communications to directors will be handled by the office of the Corporate

Edgar Filing: CULP INC - Form PRE 14A

Secretary and forwarded as soon as practicable to the lead director designated by the non-management directors.

The Company also has a separate policy that allows shareholders, employees or other interested parties to communicate with the Chairman of the Audit Committee of the Board of Directors to report complaints or concerns regarding accounting, internal accounting controls, or audit matters. More details about this policy are available on the Company's internet website at www.culpinc.com, in the "Investor Relations/Governance" section under the heading "Complaint Procedures for Accounting, Internal Accounting Controls, or Auditing Matters."

Director Nomination Process

The Corporate Governance and Nominating Committee is responsible for selecting persons to be recommended to the Board to fill vacancies on the Board, as well as persons to be recommended to the Board to be submitted to the shareholders as nominees for election as directors of the Company. The charter of the Corporate Governance and Nominating Committee sets forth the specific responsibilities and duties of that committee, and a copy of the charter may be found on the Company's internet website at www.culpinc.com, in the "Investor Relations/Governance" section. Among other things, the charter requires that the Corporate Governance and Nominating Committee consist of not less than three directors, each of whom is independent as determined by the Board of Directors and as defined by New York Stock Exchange rules. All of the current members of the Corporate Governance and Nominating Committee are independent directors.

The goal of the Corporate Governance and Nominating Committee is to create a Board that will demonstrate competence, objectivity, and the highest degree of integrity on an individual and collective basis. In evaluating current members and new candidates, the Corporate Governance and Nominating Committee considers the needs of the Board of Directors in light of the current mix of director skills and attributes. In accordance with the Corporate Governance Guidelines adopted by the Board, the Corporate Governance and Nominating Committee will seek a diversity of skills and backgrounds among directors in assessing candidates for membership on the Board. The Corporate Governance and Nominating Committee will seek candidates who possess honesty and integrity, sound business judgment, financial literacy, strategic and analytical insight, and the ability to commit an adequate amount of time to make a productive contribution to the Board and the Company. In addition, the Corporate Governance and Nominating Committee will seek to assure that one or more Board members possess each of the following characteristics: knowledge and experience in the Company's industry, management experience, international business knowledge, expertise in accounting or financial analysis, and regulatory compliance expertise. When the Corporate Governance and Nominating Committee is considering current Board members for nomination for reelection, the committee also considers prior Board contributions and performance, as well as attendance records for Board and committee meetings. If Proposal 1 above is approved and the size of the Board is reduced, the Corporate Governance and Nominating Committee may consider amendments to the Corporate Governance Guidelines to reflect the smaller size of the Board, although no specific proposals have been formulated at this time.

The Corporate Governance and Nominating Committee may seek input from other members of the Board and management in identifying and attracting director candidates who meet the criteria outlined above. In addition, the committee may use the services of consultants or a search firm, although it has not done so in the past. Recommendations from shareholders for nominees to the Board of Directors will be considered by the Corporate Governance and Nominating Committee if made in writing addressed to any member of the committee at the Company's main office. In order to be considered, such recommendations must be received at least 120 days prior to the date of the meeting at which directors are to be elected. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as

Edgar Filing: CULP INC - Form PRE 14A

a director. Based on a preliminary assessment of a candidate's qualifications, the Corporate Governance and Nominating Committee may conduct interviews with the candidate and request additional information from the candidate. The committee uses the same process for evaluating all nominees, including those recommended by shareholders.

12

BOARD COMMITTEES AND ATTENDANCE

There are four standing committees of the Board of Directors: Executive Committee, Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each of the members of each of our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee (and any director who served at any time during the fiscal year) has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the director independence standards set forth in the regulations of the New York Stock Exchange and the Company's categorical standards of independence. Also, each of the members of our Audit Committee is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The written charters of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are available on our website at www.culpinc.com in the "Investor Relations/Governance" section.

Executive Committee

The Executive Committee, the members of which are Messrs. Culp, Saxon and McAllister, may exercise the full authority of the Board of Directors when the Board is not in session, except for certain powers related to borrowing and electing certain officers, and other powers that may not lawfully be delegated to Board committees. Under current management practices, the Executive Committee exists mainly to act in place of the Board in cases where time constraints or other considerations make it impractical to convene a meeting of the entire Board or to obtain written consents from all Board members. The Executive Committee held several informal meetings during fiscal 2007. All significant management decisions requiring action by the Board of Directors were considered and acted upon by the full Board.

Audit Committee

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors of the Company, and must pre-approve all services provided. The committee discusses and reviews in advance the scope and the fees of the annual audit and reviews the results thereof with the independent auditors. The auditors meet with the committee to discuss audit and financial reporting issues. The committee reviews the Company's significant accounting policies, internal accounting controls, reports from the Company's internal auditor, quarterly financial information releases, the Annual Report to shareholders, and the Annual Report on Form 10-K filed with the Securities and Exchange Commission. In addition, the committee reviews and approves all significant transactions between the Company and any related party.

Members of the Audit Committee are Messrs. Larson (Chairman), Brunel, Flavin and McAllister. The Board of Directors has determined that all members of the Audit Committee are financially literate as defined by the rules of the New York Stock Exchange. In addition, the Board has determined that Mr. Flavin qualifies as an "audit committee financial expert" for purposes of the rules and

Edgar Filing: CULP INC - Form PRE 14A

regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002.

Compensation Committee

The Compensation Committee reviews the performance of the chief executive officer and determines the chief executive officer's compensation after consulting with the Board of Directors. The Compensation Committee performs the same functions with regard to other executive officers after consulting with the chief executive officer. The committee also makes recommendations to the Board regarding incentive compensation plans and equity-based plans, and it administers the incentive compensation and equity-based plans after they are adopted. In performing its obligations, the Compensation Committee regularly meets with and consults with the chief executive officer, the senior vice president of human resources, and occasionally other executive officers, to receive their recommendations regarding executive compensation. The committee's charter does not address its ability to delegate its authority to others, and although it may have such power, in practice the Compensation Committee approves all final decisions regarding changes in the compensation of executive officers. The members of this committee are Messrs. Brunel (Chairman), Flavin, Larson and McAllister. Mr. English served on the compensation committee until his death on August 3, 2006.

Corporate Governance and Nominating Committee

The current members of the Corporate Governance and Nominating Committee are Messrs. Flavin (Chairman), Brunel, Larson and McAllister. Mr. English served on this committee until his death on August 3, 2006. The committee reviews and recommends to the Board candidates for appointment to fill vacancies on the Board as well as candidates for selection as director nominees for election by shareholders. The Corporate Governance and Nominating Committee also considers and makes recommendations to the Board on other matters relating to the size and function of the Board and its committees, to the Board's policies and procedures, and to corporate governance policies applicable to the Company.

13

Attendance

During the fiscal year ended April 29, 2007, the Board of Directors had 11 meetings; the Audit Committee 9 meetings; the Compensation Committee 7 meetings; and the Corporate Governance and Nominating Committee 4 meetings. Each Board member attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees on which he served.

PROPOSAL 4: APPROVAL OF 2007 EQUITY INCENTIVE PLAN

The Board of Directors is submitting to the shareholders for their approval, a new equity incentive plan entitled the "Culp, Inc. 2007 Equity Incentive Plan" (the "2007 Plan"). The Board believes that the 2007 Plan will promote the interests of the Company by giving eligible individuals the opportunity to acquire an ownership interest in the Company. The Board believes that equity compensation is an important means of attracting, retaining and motivating directors and key employees, aligning the long-term financial interests of eligible individuals with those of our shareholders, rewarding eligible individuals for increasing the value of our common stock, and providing for a direct relationship between annual performance results and executive compensation.

Edgar Filing: CULP INC - Form PRE 14A

The Company has historically had a stock option plan. However, the accounting rules governing stock options have changed in recent years, and the Compensation Committee and the Board believe that it may be appropriate to use other types of equity incentives. The 2007 Plan will expand the types of equity based awards available for grant by the Compensation Committee.

On July 25, 2007, the Compensation Committee approved the 2007 Plan and recommended it to the Board for approval, and the Board adopted the 2007 Plan. The 2007 Plan will become effective on the date it is approved by the shareholders of the Company. Because our officers and directors may receive awards under the 2007 Plan, the officers and directors are deemed to have an interest in the approval of the 2007 Plan.

If the 2007 Plan is approved by the shareholders, the Company's 2002 Stock Option Plan will be terminated (except with regard to currently outstanding options), and no options will be granted under the 2002 Plan after the effective date of the 2007 Plan.

The following is a summary of the material terms of the 2007 Plan, which is qualified in its entirety by the complete terms of the 2007 Plan. The full text of the 2007 Plan is attached hereto as Annex A.

Types of Awards

The 2007 Plan provides for the grant of stock options intended to qualify as incentive stock options, or ISOs, under Section 422 of the Code, nonqualified stock options, or NSOs, that are not intended to qualify as ISOs, stock appreciation rights, or SARs, restricted stock, and restricted stock units, or RSUs, performance units and other equity-related awards. These awards are described in more detail below.

Shares Available for Issuance

An aggregate of 1,200,000 shares of our common stock are authorized for issuance under the 2007 Plan. In addition, the following sublimits apply with respect to specific types of awards that may be issued under the 2007 Plan:

- o no more than 800,000 shares of common stock may be issued under the 2007 Plan pursuant to options intending to qualify as ISOs (as described below), and the aggregate fair market value of shares of common stock for which one or more ISOs becomes exercisable for the first time during any calendar year may not exceed \$100,000 for any individual;
- o no more than 600,000 shares of common stock may be issued under the 2007 Plan pursuant to awards of restricted stock; and
- o for awards intended to be Qualifying Awards (as described below) for purposes of exemption from the deduction limitations of Section 162(m) of the Internal Revenue Code (the Code), no more than (1) 100,000 shares of common stock, and (2) with respect to cash and other property other than common stock, \$1,000,000 (valued at its fair market value).

The limitations described above, as well as the number, class (if applicable) and exercise price per share in effect with respect to each outstanding award shall be adjusted by the Committee to preserve the value of awards in the event of any stock splits, stock dividends, recapitalizations, share combinations or exchanges, extraordinary distributions, split-ups or spin-offs or similar changes. These adjustments will be binding and conclusive.

The Committee also may make adjustments in the terms and conditions of, and the criteria included in, awards in recognition of unusual or nonrecurring events affecting us or any of our affiliates, our financial statements or those of any of our affiliates, or of changes in applicable accounting principles, laws, rules, rulings, regulations or other requirements of any governmental body or applicable securities exchange or trading market. These adjustments may include, but are not limited to, the substitution or assumption of awards, the acceleration of the exercisability of, lapse of restrictions on, or termination of, awards, or the allowance of time to exercise awards prior to the occurrence of such event. Such adjustments may also provide for a cash payment in consideration for the cancellation of an award.

Share Counting

In calculating the maximum number of shares issuable under the 2007 Plan, the following rules apply:

- o shares actually delivered to a participant or beneficiary in satisfaction of an award will count against the maximum number of shares issuable under the 2007 Plan and any applicable sublimits on particular types of awards;
- o shares subject to an award that is terminated, forfeited or canceled without delivery of stock to a participant will not count against the maximum share limits under the 2007 Plan and will again be available for issuance; and
- o shares not delivered to a participant because the award is settled in cash or because the shares are used to pay the exercise of the award or the withholding taxes associated with the award will not be counted against the maximum share limits and will again be available for issuance.

Notwithstanding these share counting rules, in no event will undelivered shares increase the maximum number of shares that may be granted under the 2007 Plan as ISOs.

Term

Awards may be made under the 2007 Plan until the earlier of such time as no more authorized shares of the Company's common stock are available for issuance under the 2007 Plan or July 25, 2017.

Administration

The Compensation Committee or any other committee the Board may designate from time to time (the Committee) will administer the 2007 Plan. Subject to the terms of the 2007 Plan and applicable law, the Committee has sole authority and discretion to administer the 2007 Plan. This authority includes the power to:

- o select the participants to whom awards may be made under the plan;
- o determine the types and amounts of awards made to participants;
- o determine the terms and conditions of awards, including any exercise price, vesting conditions, restrictions or limitations, payments, rights or other matters to be calculated in connection with any awards, any deferred payment arrangements regarding awards, and any

Edgar Filing: CULP INC - Form PRE 14A

- acceleration of vesting or waiver of forfeiture under any award;
- o determine whether, and if so, what, performance criteria must be met as a condition to receipt of any award, and determine and certify whether any applicable performance criteria have been met;
 - o modify, amend or adjust the terms and conditions of any award, including modifications, amendments or adjustments to take advantage of changes in tax laws or regulations or in the event the actual tax consequences of an award differ from originally anticipated consequences;
 - o determine the circumstances and methods by which an award may be settled in cash, common stock, or other securities or property;
 - o determine the circumstances under which awards may be canceled, forfeited or suspended;
 - o adopt, alter and repeal the administrative rules, guidelines and practices governing the 2007 Plan;
 - o interpret, administer, reconcile any inconsistency in, and correct any default in or supply any omission in, the terms and provisions of the 2007 Plan and any award or other document or communication under the 2007 Plan; and
 - o otherwise oversee the administration of the 2007 Plan and take any other action the Committee deems necessary or desirable for the administration of the 2007 Plan.

15

Except to the extent prohibited by applicable law or any stock exchange on which the Company's common stock is then primarily listed or traded, the Board may exercise all powers of the Committee under the 2007 Plan from time to time, or the Committee may delegate all or any portion of its responsibilities and powers to any one or more of its members or to any person or persons selected by the Committee, except for decisions about the fundamental terms of Awards (number of shares in initial grant, exercise price, term, and vesting schedule). All decisions made pursuant to the exercise of these powers will be final and binding on all persons, including the Company and all participants.

Eligible Participants

Eligible participants include all employees, non-employee members of the Board or members of the boards or similar governing body of any subsidiaries of the Company, and consultants or other independent advisors who provide services to the Company or any of its subsidiaries.

Types of Awards

Options. Except as otherwise established by the Committee at the time of grant, all stock options awarded under the 2007 Plan must have an exercise price at least equal to the fair market value of our common stock on the date the options are granted. Options may be subject to vesting and such other terms as determined by the Committee in its discretion and set forth in the individual award agreements.

The exercise price of an option may be paid in such consideration as the

Edgar Filing: CULP INC - Form PRE 14A

Committee deems appropriate, including cash, common stock or a combination thereof.

Two types of options may be awarded under the 2007 Plan: options intended to qualify as ISOs under Section 422 of the Internal Revenue Code, and options not intended to qualify as ISOs. The following special rules apply to ISOs: ISOs may be awarded only to employees; the exercise price of an ISO may not be less than 100% of the fair market value per share of the Company's common stock on the grant date of the ISO or, if such ISO is awarded to an owner of 10% or more of the total combined voting power of all classes of the Company's common stock, not less than 110% of such fair market value; the aggregate fair market value of shares of common stock (determined as of the respective grant date(s)) for which one or more ISOs becomes exercisable for the first time during any calendar year may not exceed \$100,000 for any individual; and the term of the ISO may not exceed ten years, or five years for owners of 10% or more of the total combined voting power of all classes of the Company's common stock.

Stock Appreciation Rights. A SAR entitles a participant to receive value equal to the excess of the fair market value of a specified number of shares of common stock over the exercise price established for the SAR, with cash payable to the extent that any fraction of a share would be issuable. SARs may be subject to such terms and conditions, including vesting, as determined by the Committee and set forth in the individual award agreement. Except as otherwise established by the Committee at the time of grant, the exercise price of a SAR shall not be less than the fair market value of the SAR on the date of grant.

Restricted Stock and Restricted Stock Units. Restricted stock is a grant of a specified number of shares of common stock, subject to such restrictions, risk of forfeiture, vesting or other conditions as the Committee may determine. A restricted stock unit is the right to receive a future grant of a specified number of shares of common stock, subject to such restrictions, conditions, risk of forfeiture, or vesting conditions as the Committee may determine. Unlike holders of restricted stock units, holders of restricted stock will have all rights of a shareholder with respect to the shares of restricted stock granted, except as otherwise provided in the applicable award agreement.

Performance Units. Performance units entitle a participant to receive a specified value, established by the Committee at the time of the award, based on the extent to which specific performance goals are achieved. Performance units are subject to such terms and conditions as determined by the Committee, including the establishment of specified performance goals for a specified performance period as described below under "Performance Based Compensation." The performance unit is not earned unless and until the specified performance goals are attained. The value of performance units may be measured by the fair market value of our common stock or any other maximum dollar value established by the Committee, and may be settled in either cash or common stock, as determined by the Committee.

Other Discretionary Awards. The Committee may, in its sole discretion, grant and determine the terms and conditions of other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, the Company's common stock or factors that may influence the value of the Company's common stock. These awards may include, but are not limited to, convertible or exchangeable debt securities, other rights convertible or exchangeable into the Company's common stock, common stock purchase rights, awards with value and payment contingent upon the Company's performance or that of specified subsidiaries, affiliates or other business

Edgar Filing: CULP INC - Form PRE 14A

units or other factors determined by the Committee. The Committee may also, in its sole discretion, grant cash awards, independent of, or as an element of, or supplement to, any other award granted under the 2007 Plan. The Committee may also, in its sole discretion, grant common stock as a bonus, or grant other awards in lieu of obligations of the Company or its subsidiary to pay cash or deliver other property under the 2007 Plan or under other plans or compensatory arrangements.

Performance Based Compensation

For any awards that are intended to be "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code (a Qualifying Award), no more than (1) 100,000 shares of common stock, and (2) with respect to cash and other property other than common stock, \$1,000,000 (valued at its fair market value) may be subject to such Qualifying Awards made to any one individual during any one calendar year period. The right to receive or retain any award granted as a Qualifying Award (other than an Option or SAR) will be conditioned on the achievement of specified performance goals during a calendar year or performance period established by the Committee. Performance goals will be established in writing by the Committee prior to the beginning of each performance period, or in any event no later than the time permitted for the establishment of such goals by Section 162(m).

Performance goals may vary from participant to participant and award to award and will be based upon the attainment of specific amounts of, or increases in, one or more of the following: the fair market value of the Company's common stock, revenues, operating income, cash flow, earnings before income taxes, net income, earnings per share, shareholders' equity, return on equity, return on investment or capital, return on assets, share price, profitability or profit margins, market share or strategic business objectives consisting of one or more objectives based on meeting specified cost targets, business expansion goals and goals relating to acquisitions or divestitures, all whether applicable to us or any relevant subsidiary or business unit or entity in which we have a significant investment, or any combination thereof as the Committee may deem appropriate. Each performance goal may be expressed on an absolute or relative basis, may be based on, or otherwise employ, comparisons based on internal targets, our past performance or the past or current performance of other companies, and may provide for the inclusion, exclusion or averaging of specified items in whole or in part, such as realized gains or losses on strategic investments, discontinued operations, extraordinary items, accounting changes, and unusual or nonrecurring items, and, in the case of earnings-based measures, may use or employ comparisons relating to capital, shareholders' equity or shares outstanding, assets or net assets. Prior to the payment of any award granted as a Qualifying Award, the Committee will certify in writing that the performance goals were satisfied. The Committee may also exercise discretion to reduce or eliminate a Qualifying Award, even if the applicable performance goals have been met.

Termination of Employment

The Committee will determine the consequences to awards under the 2007 Plan of a participant's death, disability, retirement or other termination of employment or service. These consequences will be set forth in the individual award agreements or as the Committee may otherwise determine.

Transferability of Awards

A participant may transfer options awarded under the 2007 Plan by will or the laws of inheritance. In addition, at the discretion of the Committee, a participant may transfer options by gift or other transfer other than for value to any of the following:

Edgar Filing: CULP INC - Form PRE 14A

- o the participant's immediate family;
- o a trust in which either the participant or the participant's immediate family members have more than 50% of the beneficial interest;
- o an entity in which the participant or participant's immediate family members own more than 50% of the voting interests; or
- o such other transferees as permitted by the Committee.

17

Exchange and Buy Out -- Limits on Repricing

The Committee may at any time offer to exchange or buy out any previously granted award for a payment in cash, shares of common stock, or other awards or property. However, the repricing of outstanding options or SARs without shareholder approval is expressly prohibited under the 2007 Plan.

Amendment and Termination of Plan and Awards

The Committee may suspend or terminate the 2007 Plan at any time. The Committee may also amend or modify the 2007 Plan, except that it may not, without Shareholder approval, adopt any amendment that would be prohibited by applicable laws, regulations or Stock Exchange requirements absent Shareholder approval. The Committee also may amend, modify, suspend, cancel, terminate, discontinue or waive any conditions or rights under, any award, award agreement or related documents in any manner, either prospectively or retroactively; provided, however, that except as set forth in the 2007 Plan or otherwise provided in the applicable award agreement, no such amendment, modification, alternation, suspension, discontinuation, cancellation or termination that would materially impair the rights of any participant under any outstanding award will be effective to that extent without the consent of the impaired participant or the representative or beneficiary of the affected participant.

Change of Control

The Committee may, in its discretion and on such terms and conditions as it may establish, determine that prior to or in connection with the consummation of a Change of Control (as defined in the 2007 Plan), that any or all outstanding awards become fully, partially or conditionally exercisable or vested. The Committee also may, in its discretion, cancel any outstanding awards in exchange for a payment in cash or securities equal to the "in the money" value represented by the difference between the exercise price associated with the award and the amount offered to holders of our common stock in the change of control transaction. Unless otherwise determined by the Committee, upon consummation of a Change of Control in which the Company is not the surviving entity, all outstanding options and SARs, to the extent not exercised or vested, will terminate and cease to be outstanding, except to the extent expressly assumed by the successor entity (or parent thereof), and all unvested restricted stock, restricted stock units and performance units shall be forfeited and cancelled.

Unless otherwise determined by the Committee, upon consummation of a Change of Control in which the Company is the surviving entity, all awards will remain outstanding in full force and effect on the same terms and conditions.

Except as otherwise provided in an applicable award agreement, the 2007 Plan defines a "change of control" as the occurrence of any of the following

Edgar Filing: CULP INC - Form PRE 14A

events:

- (i) during any period of 24 consecutive months, individuals who were members of the Board at the beginning of such period (the "Incumbent Directors") cease at any time during such period for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the beginning of such period whose appointment or election, or nomination for election, by the Company's shareholders was approved by a vote of at least a majority of the Incumbent Directors (either by specific vote or by approval of a proxy statement in which such person is named as a nominee, without written objection to such nomination) shall be considered as though such individual were an Incumbent Director, but excluding, for purposes of this proviso, any such individual whose initial assumption of office occurs as a result of an actual or threatened proxy contest with respect to election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of any "person" (as such term is used in Section 13(d) of the Exchange Act) (each, a "Person"), other than the Board;

- (ii) the consummation of (A) a merger, consolidation, statutory share exchange or similar form of corporate transaction involving (x) the Company or (y) any of its Subsidiaries, but in the case of this clause (y) only if Company Voting Securities (as defined below) are issued or issuable in connection with such transaction (each of the transactions referred to in this clause (A), being hereinafter referred to as a "Reorganization") or (B) a sale or other disposition of all or substantially all the assets of the Company (a "Sale"), unless, immediately following such Reorganization or Sale, (1) all or substantially all the individuals and entities who were the "beneficial owners" (as such term is defined in Rule 13d-3 under the Exchange Act (or a successor rule thereto)) of shares of the Company's common stock or other securities eligible to vote for the election of the Board outstanding immediately prior to the consummation of such Reorganization or Sale (such securities, the "Company Voting Securities") beneficially own, directly or indirectly, more than 50% of the combined voting power of the then outstanding voting securities of the corporation or other entity resulting from such Reorganization or Sale (including a corporation or other entity that, as a result of such transaction, owns the Company or all or substantially all the Company's assets either directly or through one or more subsidiaries) (the "Continuing Entity") in substantially the same proportions as their ownership, immediately prior to the consummation of such Reorganization or Sale, (2) no Person (excluding any employee benefit plan (or related trust) sponsored or maintained by the Continuing Entity or any corporation or other entity controlled by the Continuing Entity) beneficially owns, directly or indirectly, 35% or more of the combined voting power of the then outstanding voting securities of the Continuing Entity and (3) at least a majority of the members of the board of directors or other governing body of the Continuing Entity were Incumbent Directors at the time of the execution of the definitive agreement providing for such Reorganization or Sale or, in the absence of such an agreement, at the time at which approval of the Board was obtained for such Reorganization or Sale;

liquidation or dissolution of the Company, unless such liquidation or dissolution is part of a transaction or series of transactions described in paragraph (ii) above that does not otherwise constitute a Change of Control; or

- (iv) any Person, corporation or other entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of securities of the Company representing a percentage of the combined voting power of the Company Voting Securities that is equal to or greater than 35%; provided, however, that for purposes of this subparagraph (iv) (and not for purposes of subparagraphs (i) through (iii) above), the following acquisitions shall not constitute a Change in Control: (A) any acquisition by the Company or any Subsidiary, (B) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary, (C) any acquisition by an underwriter temporarily holding such Company Voting Securities pursuant to an offering of such securities or (D) any acquisition pursuant to a Reorganization or Sale that does not constitute a Change in Control for purposes of subparagraph (ii) above.

Grants

No awards have been made under the 2007 Plan, and the Company cannot currently determine the number of awards that will be granted to any person during fiscal 2008. Our current compensation arrangements for non-employee directors, which are subject to change, provide that non-employee directors receive 2,000 options per year ("see "Compensation of Directors" below). If Proposal 1 described above is adopted and if the shareholders elect the director nominees proposed, the Company will have three non-employee directors who would receive 2,000 options during fiscal 2008 under the current director compensation arrangements, or an aggregate of 6,000 options, with a term of ten years and an exercise price equal to the fair market value of our common stock at the time of grant (expected to be in October 2007).

APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board is responsible for the appointment, compensation and retention of our independent auditors. As of the date of this proxy statement, the Audit Committee has not engaged independent auditors for fiscal 2008 and is currently evaluating audit firms to serve in this capacity. For this reason, the Audit Committee has not recommended an auditor for ratification at the Annual Meeting. KPMG LLP served as the independent auditors for the Company for fiscal 2007. Representatives of KPMG LLP are expected to attend the Annual Meeting and will have the opportunity to make any statements they consider appropriate and to respond to shareholders' questions.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table sets forth the fees billed to the Company by KPMG LLP for services in the fiscal years ended April 29, 2007 and April 30, 2006.

	Fiscal 2007	Fiscal 2006
Audit Fees	\$441,695	\$451,195
Audit-Related Fees (1)	19,800	7,500
Tax Fees (2)	15,490	20,700
All Other Fees (3)	175,000	0
Total	\$651,985	\$479,395

- (1) Audit-related fees are for services related to a registration statement on Form S-3 filed in connection with the purchase of certain assets from International Textile Group, Inc. in fiscal 2007 and Canadian loan compliance reports in fiscal 2007 and fiscal 2006.
- (2) Tax fees are for services rendered in connection with domestic and foreign tax compliance and advisory services.
- (3) All other fees are for services rendered in connection with transfer pricing studies and other international tax services in connection with the Company's subsidiaries in Canada and China.

The Audit Committee's policy is to approve in advance all audit fees and terms and all non-audit services provided by the independent auditors. Under the policy, and in accordance with the Sarbanes-Oxley Act of 2002, any member of the Audit Committee who is an independent member of the Board of Directors may approve proposed non-audit services that arise between committee meetings, provided that the decision to pre-approve the service is presented at the next scheduled committee meeting. The Audit Committee did not fail to pre-approve any of the services provided by KPMG LLP during fiscal 2007.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.culpinc.com under the "Investor Relations/Governance" section. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the Company's financial reports and information, systems of internal controls, and accounting, auditing and financial reporting processes. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors and must pre-approve all services provided by the independent auditors. Both the independent auditors and the Company's internal auditor report directly to and meet with the Audit Committee.

Management has the primary responsibility for financial statements and the reporting process. The Company's firm of independent auditors, which for the fiscal year 2007 was KPMG LLP, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed with management and KPMG the audited financial statements as of and for the year ended April 29, 2007. The Audit Committee has also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from KPMG the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee also has considered whether KPMG's provision of non-audit services to the Company is compatible with the concept of auditor independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended April 29, 2007 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Objectives and Overview

The primary objective of our executive compensation program is to support the corporate goals of increasing our earnings and shareholder return. We believe the best way to accomplish this objective is to focus the program on four secondary objectives:

- o attracting management with the skills to lead the company successfully;
- o fairly compensating management for their service to our company, which helps retain and motivate them;
- o aligning the long-term interests of management with those of our shareholders; and
- o rewarding management for achieving specific corporate goals.

Our compensation committee's policy is to base compensation for our executive officers on three main factors:

- (1) the compensation paid to executive officers at comparable companies in our industry;
- (2) each individual officer's performance and contribution to our company; and
- (3) our financial performance.

The committee relies most heavily on the first two factors in setting base salaries for executive officers and in making decisions about non-current compensation - for example, retirement plans and severance protection - that is available only to top management. The committee typically links the third factor to executive officer compensation through annual incentive cash bonuses and periodic grants of stock options to executive officers.

Compensation Elements

The following elements made up the fiscal 2007 compensation program for our executive officers, including all of the executive officers listed in the summary compensation table on page 28 (whom we refer to as the "named executive officers"):

Element	Form of compensation	Purpose	Performance criteria
---------	----------------------	---------	----------------------

Edgar Filing: CULP INC - Form PRE 14A

Base salary	Cash	Provide a competitive level of fixed compensation that attracts and retains skilled management	Not performance-based
Annual bonus	Cash	Reward officers for efforts in leading the company through restructuring efforts and challenging industry environment	Discretionary, awarded by the compensation committee after the end of the year based on the factors mentioned in the "Purpose" column
Long-term incentive	Stock options	Create a strong financial incentive for meeting or exceeding long-term financial goals, rewarding past performance, and encouraging an equity stake in our company	Common stock price
Welfare plans	Eligibility to receive health and other welfare benefits paid for or subsidized by the company, including broad-based medical, life insurance and disability plans and a severance plan	Providing a competitive, broad-based employee benefits structure	Not performance-based
Retirement plans	Eligibility to participate in, and receive company contributions to, our 401(k) plan and, for two officers, a supplemental deferred compensation plan	Providing competitive retirement-planning benefits to attract and retain skilled management	Not performance-based
Split-dollar life insurance plan	Company paid life insurance policy for the benefit of Mr. Culp, III, our fiscal 2007 CEO and Chairman	Providing an additional death benefit in a cost-effective manner	Not performance-based
Perquisites	Automobile allowance or lease, plus business club dues for Mr. Culp, III	Providing a competitive compensation package	Not performance-based
Severance protection plan	Eligibility to receive cash severance in connection with termination in anticipation of or for a period after a change of control	Providing a competitive compensation package and ensuring continuity of management in the event of any actual or threatened change in control of our company	Not performance-based

Base salary

Our compensation committee sets base salaries for our named executive officers based primarily on:

- (1) base salaries paid to executive officers at comparable companies in our industry, and

Edgar Filing: CULP INC - Form PRE 14A

(2) each individual officer's performance and contribution to our company.

Our financial performance for the prior year can also play a role in the committee's consideration of annual salary increases.

22

The committee's information on base salaries at comparable companies comes from SEC filings by public companies and general knowledge about manufacturing companies of similar size or within our industry. Given the size of our company, we believe it is appropriate to research this information ourselves rather than relying on a potentially more extensive, but expensive, data review by a compensation consultant. During 2003, and in setting salaries for fiscal 2004, we considered base salary data from the following companies:

Burlington Industries
Collins and Aikman
Cone Mills Corporation
Dan River Corporation
Delta Woodside
Galey & Lord
Guilford Mills
JP Stevens
Pillowtex
Quaker Fabric Corporation
Russell
Unifi
Westpoint Stevens

We considered these companies to be comparable because they were other manufacturers of textile products based in the U.S. During the years that followed, including fiscal 2007, the U.S. based textile industry continued to undergo rapid changes, and many of the companies on the list above were restructured, acquired, or filed for bankruptcy. Our company also was engaged in significant restructuring activities during the same time period, with difficult financial challenges. For these reasons, and also because limited salary increases occurred during these years, comparable company data was not reviewed by the compensation committee during this period in setting base salaries. None of our executive officers received salary increases for fiscal 2007, except for Mr. Bowling in connection with his assumption of additional duties in managing our finance department.

Based on its review of base salary from companies in our industry and the other considerations discussed above, the committee decided that the salaries of our executive officers for fiscal 2007 were comparable to or below the average level within our industry, and were at levels needed to properly reward and retain qualified leadership for the company.

In setting base salaries for the named executive officers, the committee also considers each officer's performance and contribution to our company in the prior fiscal year. The committee determined that each of the named executive officers performed satisfactorily during fiscal 2006. Nonetheless, due to the financial difficulties faced by the company and in light of the significant cost cutting efforts underway at the company during the year, and after consulting with management, the committee decided not to raise executive officer salaries for 2007 for Mr. Culp, Mr. Saxon and Mr. Ludwig.

Annual bonuses

Edgar Filing: CULP INC - Form PRE 14A

Until fiscal 2006, we had for many years awarded annual bonuses to management, including the named executive officers, based on our company's achievement of pre-established financial performance goals. During the past two years, however, fundamental changes in the fabric industry have led to dramatic and challenging changes in our company. These changes have included significant restructuring activities and expansion of our operations into China. The scope of the changes made it difficult to set meaningful financial performance goals in advance. As a result, during this period the compensation committee has not tied bonuses for the named executive officers (with one exception, discussed below) to our achievement of particular financial performance goals.

Instead, the committee has focused on rewarding management, where the committee considered appropriate, for shepherding the company through this challenging period. The committee also considered the need to retain executives during this challenging time in the company's history. Finally, bonuses in certain cases were awarded based upon changing roles of some of our executives during the year. Specifically, for fiscal 2007, the committee decided to award a bonus of \$300,000 to Mr. Saxon, as he took a strong leadership role in shepherding the company during its restructuring over the past several years and was promoted to the role of CEO at the end of the fiscal year. A bonus of \$100,000 was awarded to Mr. Culp, in recognition of his leadership as CEO during the year, and a bonus of \$20,000 was awarded to each of Mr. Ludwig and Mr. Bowling for their significant efforts during a difficult period for the company, and in addition in connection with Mr. Bowling's promotion to chief financial officer at the end of fiscal 2007. In each case, the committee considered the individual salary of each executive to whom these awards were granted in deciding on the bonus amount.

23

Because the performance of our home fashions division remained more stable during this period of change, the committee established a bonus plan for that division to award bonuses based upon financial performance goals for the home fashions division. Mr. Culp, IV, president of the division, is the only named executive officer who participates in this bonus plan. For fiscal 2007, Mr. Culp, IV was awarded a bonus of \$83,475 under the plan, which was 47.7% of his base salary and 159% of his target bonus of 30% of salary. This amount was just short of the maximum amount that Mr. Culp, IV could have qualified for under the plan and was based upon the home fashions division reaching "stretch" maximum performance goals for operating income and free cash flow and falling just short of the goal for return on capital. In assessing whether the division met its maximum goals, the committee excluded the financial effects of the acquisition completed by the home fashions division during the third quarter of fiscal 2007, pursuant to the provisions of the plan providing that extraordinary items and events are to be excluded in determining performance with respect to the numerical performance measures.

With this recent period of change largely behind us, the committee has now decided to resume our practice of tying all named executive officers' annual bonuses to achievement of pre-established financial performance goals, effective for fiscal 2008. For more information about this new bonus plan, see "-Changes for Fiscal 2008."

Long-term incentives

The committee has long used stock options as its primary tool for aligning executives' long-term interests with those of our shareholders, thereby giving

Edgar Filing: CULP INC - Form PRE 14A

the officers a strong personal incentive to help us meet or exceed our long-term financial goals. To that end, the committee periodically approves the grant of stock options to management and other key employees, including all of the named executive officers. Our current stock option plan, which our shareholders approved in 2002, requires that all options be granted at exercise prices that are at or above the fair market value of our common stock at the time of grant. This means that option recipients will not realize any value for their options unless our stock price increases. In addition, options have been granted with provisions that they will only become exercisable in increments over a period of time (typically five years), so optionees must remain employed for a significant additional period before realizing any value for their options.

We currently have no formal system for determining the number of options we grant each year, either in the aggregate or to any individual. In making its grant decisions, the committee generally considers the individual's level of responsibility and/or ability to affect stock price or other performance measures such as earnings. The committee also sometimes grants stock options to recognize changes in responsibilities. Options granted early in fiscal 2007 were granted less than two weeks prior to the announcement of fiscal 2006 earnings, due to a longer than usual delay between the end of the fiscal year and the announcement of financial results. The compensation committee has adopted a policy that in the future annual option grants will not be made until at least two business days after the announcement of financial results for the prior fiscal year.

The numbers of options granted during fiscal 2007 were based upon the committee's assessment of an appropriate number to provide adequate incentive to the recipients of the grants, taking into account the number of options granted in prior years, management's recommendation, and the remainder of the recipients' compensation package. The numbers of options granted were somewhat larger than in recent prior years, in an effort to provide more incentive in light of very little increases in salary and limited bonuses in recent years.

Welfare plans

Our current welfare benefit plans are open to all full-time employees. Under each plan, the named executive officers receive either the same benefit as all other salaried employees or a benefit that is exactly proportional, as a percentage of salary, to the benefits that others receive. For example, the amount of each individual's company-paid life insurance policy is based on his or her base salary.

24

Retirement plans

401(k)

Participation in our tax-qualified 401(k) plan is available to all of our full-time employees over the age of 21. This plan allows our employees to save money for retirement in a tax-advantaged manner. All of our named executive officers currently participate in this plan. For each participant for fiscal 2007, we contributed 100% of the first 3% of salary that the participant contributed to the plan, and 50% of the next 2% contributed. This is the level of matching contribution that the plan prescribes, and it has not been changed in many years.

Edgar Filing: CULP INC - Form PRE 14A

Supplemental deferred compensation plan

We provide a supplemental deferred compensation plan for two of our executive officers, Mr. Saxon and Mr. Ludwig. Under this plan, we contribute 15% of each officer's base salary each year to the officer's plan account. The 15% amount was set by a past compensation committee more than ten years ago and has been retained each year. We adopted this plan instead of providing split-dollar life insurance plans similar to the one described below that we provide for our former CEO, Mr. Culp, III. The plan also allows the participants to defer additional amounts of their salary or bonus into the plan at their discretion, up to 100% of compensation other than amounts required for withholding taxes.

Split-dollar life insurance plan

We have participated in a split-dollar life insurance plan with Mr. Culp, III, our board chairman and former CEO, for more than 20 years. Under this plan, we pay the premiums on policies insuring Mr. Culp's life and in some cases, the life of Mr. Culp's spouse as well. Upon the death of Mr. Culp or his spouse, as set forth in the individual policies, the beneficiaries named under the policy will receive the policy proceeds that remain after we have recovered an amount equal to the total policy premiums we have paid.

Perquisites

We provide only very limited perquisites. During fiscal 2007, the only perquisites provided to any of the named executive officers were an automobile lease for Mr. Culp, III and an automobile allowance for the other named executives (except for Mr. Bowling, who was added to the plan in fiscal 2008). This benefit has been offered for many years, and we believe it is a common element of a competitive compensation package for companies that are comparable to the company. We also pay dues to an uptown business club in High Point for Mr. Culp, III, for purposes of business entertainment and also because we believe it is a common element of a competitive compensation package.

Severance protection plan

We have a severance protection plan that covers certain of our officers, including Mr. Saxon, Mr. Ludwig and Mr. Culp, III. We recently took action to add Mr. Culp, IV and Mr. Bowling to the plan. The plan operates through written agreements we have with each officer. Under each of these agreements, the officer will be entitled to receive payment from us in certain circumstances if the officer's employment terminates in anticipation of, or within a particular time period following, a change of control of our company. We recently took action to amend the agreements covering this plan by eliminating the window period that allows the executive to receive a change in control payment if he terminates his employment following a change in control without demonstrating an adverse change in his conditions of employment.

In each case, upon the officer's termination we would owe him an amount that is approximately double his total compensation at the time of termination. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well.

Each agreement also provides for an additional payment of one year's total compensation to the officer in exchange for non-competition covenants. For information about these covenants, the circumstances in which payments under the agreements would be triggered and the estimated amounts of the payments to Mr.

Changes for Fiscal 2008

In April 2007, the compensation committee approved significant changes to the annual base salaries of three of our executive officers. The salary of Mr. Culp, III, our board chairman, decreased from \$416,000 to \$300,000 to reflect his retirement as our CEO. Mr. Saxon's salary increased by \$50,000, to \$350,000, to reflect his promotion to CEO. Mr. Bowling's salary increased \$30,000 to \$160,000, to reflect his promotion to CFO. The salary for Mr. Culp, IV was increased by \$15,000 to \$190,000 based on general performance, and Mr. Ludwig's salary was left unchanged.

Also in April, the compensation committee and the full board adopted a management incentive plan under which certain executive officers may earn cash bonuses based on our financial performance. Mr. Culp, III, Mr. Saxon, Mr. Bowling and Mr. Ludwig are among the plan participants. The financial performance measures for fiscal 2008 are operating income, free cash flow and return on capital, in each case excluding certain extraordinary and non-recurring items. These measures are weighted to make up the total bonus opportunity, as follows:

Measure	Weight
-----	-----
Operating income	60%
Free cash flow	25%
Return on capital	15%

The compensation committee and the board have set target, threshold and maximum performance levels for each measure, as well as target, threshold and maximum bonuses for each participant. The bonus levels increase, as a percentage of base salary, with the level of the participant's responsibility within our company. For our named executive officers who are participating in the plan, the target bonuses for fiscal 2008 range from 30% to 150% of base salary.

The compensation committee and the board also approved Mr. Culp, IV as a participant in the management incentive plan for our home fashions division for fiscal 2008. This plan is substantially identical to the plan in which our other named executive officers participate, except that it provides a bonus opportunity based solely on the financial performance of our home fashions division. As with the other plan, the financial measures for fiscal 2008 are operating income, free cash flow and return on capital, in each case excluding certain extraordinary and non-recurring items. The measures' relative weights are also the same. Mr. Culp, IV's target bonus under this plan for fiscal 2008 is 40% of his base salary.

The board is now proposing that our shareholders approve a new equity plan (see Proposal 4 above). If our shareholders approve the new plan, it will allow us to structure incentive awards using various types of equity based compensation, including performance units, restricted stock, stock options, and stock appreciation rights. Our current plan provides only for option grants, which no longer have an advantage from an accounting perspective over other types of equity-based compensation. We have not yet adopted a formal plan for determining when and to whom to make grants under the new plan, except that our current compensation arrangements for non-employee directors provide that these

Edgar Filing: CULP INC - Form PRE 14A

directors receive 2,000 options per year (see "Compensation of Directors" below).

Conclusions

Our compensation committee has considered each of the elements of the named executive officers' compensation, as described above. It also has considered the total amounts of current compensation, retirement compensation and potential compensation from stock option grants and severance protection that these elements provide to the officers. The committee believes the amount of each element, and the total amount of compensation, for each named executive officer is reasonable and appropriate in light of the officer's experience and individual performance, our recent operational and financial challenges and the officer's role in leading us through those challenges, and the resulting enhancement to shareholder value.

COMPENSATION COMMITTEE REPORT

Our compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on its review and discussion, the committee recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement and in our annual report on Form 10-K for filing with the SEC.

The amount we paid for life insurance for Mr. Culp, III consists of \$1,200 in premiums for group life insurance that is generally available to all salaried full-time employees and \$58,500 in premiums under our split-dollar life insurance arrangement with Mr. Culp. Mr. Culp's perquisites consisted of \$18,888 in automobile lease expenses and \$1,020 in business club dues. Perquisites for the other named executive officers were less than \$10,000 per officer.

- (3) Mr. Culp, III served as our chairman and CEO until April 30, 2007. Effective May 1, 2007, Mr. Saxon became our president and CEO. Mr. Culp, III continues to serve as chairman of our board.
- (4) Mr. Saxon was our principal financial officer during fiscal 2007. Effective May 1, 2007, the board promoted Mr. Bowling from vice president, finance and treasurer to chief financial officer.

The option award expense reflected in column (f) of the table is for options we granted to the officers in fiscal years 2003, 2004, 2005, 2006 and

Edgar Filing: CULP INC - Form PRE 14A

2007. For all of these options:

- o the exercise price is at least equal to the fair market value of our common stock at the time of grant;
- o the term is five years;
- o 25% of each grant vests on each of the first four anniversaries of the grant date;
- o the options terminate three months after the optionee's death, disability or termination (immediately, for termination due to misconduct);
- o no dividends are paid or accrue on unexercised options; and
- o there may be no transfers except upon the optionee's death or, if approved by the compensation committee, by gift to an immediate family member or family trust.

Column (h) shows the amount of interest earned during the fiscal year on the officer's account balance under our deferred compensation plan that the SEC considers to be "above market." The compensation committee is responsible for setting this interest rate. The current rate, which is the rate for 30-year treasury notes plus 2.5%, has been in place since fiscal 2003. For more information about this plan, see "-Non-Qualified Deferred Compensation" below.

Grants of Plan-Based Awards

The following table provides information about the option awards we made to the named executive officers in fiscal 2007. It also provides information about the potential bonus payable to Mr. Culp, IV under our management incentive plan for the home fabrics division. We did not make any other awards to the named executive officers in or for fiscal 2007 that were based on pre-established performance criteria.

Option grants

The option grants reflected in the table have a five-year term. They vest pro rata on the first four anniversaries of the grant date, as follows:

Vesting Date	% of Grant That Vests
6/14/07	25
6/14/08	25
6/14/09	25
6/14/10	25

In the event of a change of control of our company, the compensation committee has the discretion to accelerate vesting so that all of the options vest just prior to the change of control.

We made these grants under our 2002 stock option plan, which our shareholders approved in 2002. Under this plan, all options must have an exercise price at least equal to the fair market value of our common stock on the date of grant. The plan defines "fair market value" as the 10-day-average closing price of our stock or the closing price on the date of grant, whichever is higher.

For more information about these options, see above under "-Summary Compensation Table."

Management incentive plan bonus

Mr. Culp, IV was the only named executive officer in fiscal 2007 who participated in a management incentive plan that paid bonuses based on achievement of pre-established performance criteria. See "Compensation Discussion and Analysis-Annual bonuses." Bonus awards under this plan are tied directly to the financial performance of our home fabrics division.

30

For fiscal 2007, the compensation committee and board established objective goals under the plan for three measures of corporate performance and communicated them to plan participants in December 2006. We refer to these objective goals as the "targets." For each measure, the committee and board also assigned a specific weight, i.e., the percentage of the participants' total bonuses that the measure would contribute. These fiscal 2007 performance goals and weightings were:

Operating income	60%
Free cash flow	25%
Return on capital	15%

As defined under the plan, each performance measure excludes certain extraordinary and non-recurring items, such as restructuring and related charges, goodwill write-offs, non-recurring items, and material acquisitions. In addition, the plan provides that bonuses will only be paid if the company as a whole reports positive earnings, excluding restructuring and related expenses and other extraordinary items.

Edgar Filing: CULP INC - Form PRE 14A

The committee and the board awarded each participant a target bonus opportunity under the plan. Mr. Culp, IV's target bonus was 30% of his salary (column (d)). This meant he would earn 30% of his salary if the division achieved the targeted performance level for each of the three measures. For each measure, the committee and board also established a performance level below the target and two performance levels above the target. The lower or "threshold" performance level was the level below which no participant would receive a bonus based on that measure. For performance at that threshold level, a participant would receive 10% of his targeted bonus for that measure (column (c)). The two higher performance levels, which we call the "maximum" and "super maximum," corresponded to higher bonus payments of 150% and 200% of target, respectively, for the measure. The super maximum award for Mr. Culp appears in column (e). For performance between any of these levels, participants would receive a proportional payout. The four performance levels, and the percentages of target bonus to which they corresponded, were as follows:

Threshold	10%
Target	100%
Maximum	150%
Super maximum	200%

Thus, assuming threshold performance levels under the plan, Mr. Culp, IV's bonus opportunity ranged from 3%-60% of his salary.

At the time the board set these performance tiers, it believed performance at the target level for each measure was reasonably likely based on our budget and annual performance to date. It believed performance at the threshold level was probable, that performance at the maximum level was possible but unlikely and that performance at the super maximum level was very unlikely.

Based on the division's performance for the year, Mr. Culp, IV received a bonus of \$83,475 under the plan. This was 47.7% of his base salary and 159% of his target bonus of 30% of salary. This amount was just short of the maximum amount that Mr. Culp, IV could have qualified for under the plan and was based on the home fashions division reaching the maximum performance goals for operating income and free cash flow and falling just short of the goal for return on capital.

Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan for certain of our management employees. Although all of the named executive officers are eligible to participate in the plan, to date only Mr. Saxon, Mr. Ludwig and Mr. Bowling have done so. The following table provides information about amounts we contributed to these officers' plan accounts in fiscal 2007, and about the officers' earnings under the plan. The last column shows each participating officer's total account balance as of the end of the fiscal year.

Franklin N. Saxon	--	45,000	23,063	--
Kenneth M. Ludwig	--	27,994	15,556	--
Kenneth R. Bowling	--	--	818	--

(1) All amounts in this column are included in column (i), "All Other Compensation," of the summary compensation table on page 28.

(2) Of the amounts reported in this column, the following amounts are reported as above-market earnings on deferred compensation in column (h), "Change in Pension Value and Nonqualified Deferred Compensation Earnings," of the summary compensation table: Mr. Saxon - \$4,605; Mr. Ludwig - \$3,106 and Mr. Bowling - \$163.

Under the plan, each participant may elect to defer any or all of his annual salary or bonus into his plan account. In addition, we have the ability to make company contributions in any amount to any participant's account. We have agreed with both Mr. Saxon and Mr. Ludwig to contribute an amount equal to 15% the officer's annual salary to his plan account each year. We have also agreed to pay the officer's share of social security taxes on the amount of our contributions. Aside from these two contributions, we did not make company contributions to the account of any plan participant in fiscal 2007.

Our compensation committee sets the rate of interest for plan accounts. The current rate, set in fiscal 2003, is equal to the rate for 30-year treasury notes plus 2.5%. We currently compound interest on a monthly basis.

In general, if a participant's employment terminates for any reason other than death, he will receive his account balance in a lump sum payment within 30 days after termination. However, certain participants who are officers or shareholders of our company, including the three named executive officers listed above, must wait six months after termination before receiving a distribution

Edgar Filing: CULP INC - Form PRE 14A

from the plan.

If a participant dies, we will pay his account balance to his beneficiary in a single lump sum within 30 days.

A participant may request to receive an early distribution of all or a portion of his account balance if he suffers a financial hardship involving unexpected and unforeseeable emergency medical expenses that are beyond the participant's control. A committee consisting of the board chairman, the chief financial officer and the head human resources officer has sole discretion to grant or deny such requests.

In addition, we have the right to terminate the plan at any time and distribute all account balances. If we choose to do this, we must make the distributions between the date that is 12 months after we have completed all action necessary to terminate the plan and the date that is 24 months after the termination.

Because this is a nonqualified plan, benefits are unsecured. This means that a participant's claim for benefits is no greater than the claim of a general creditor.

Potential Payments Upon Termination or Change of Control

We are party to change of control and non-competition agreements with Mr. Culp, III, Mr. Saxon and Mr. Ludwig. In addition, in June 2007 the board determined to enter into similar agreements with Mr. Culp, IV and Mr. Bowling.

The purpose of these agreements is to encourage the officers to carry out their duties in the event of a possible change in the control of our company. The agreements are not ordinary employment agreements. Unless there is a change of control (as defined in the agreements), they do not provide any assurance of continued employment, or any severance. Each agreement has a rolling three-year term.

Under these agreements, any of the following events would be a "change of control:"

- o any person, entity or group acquiring, directly or indirectly, 35% or more of our common voting stock (subject to certain exceptions);
- o a merger or consolidation involving us and another entity, if we were not the surviving entity and after the merger or consolidation the holders of 35% or more of the voting stock of the surviving corporation were not holders of our voting stock immediately before the transaction;
- o our liquidation or dissolution, or a sale or transfer of substantially all of our assets; or
- o a change in the majority of our directors that our directors have not approved.

Each agreement provides for payment to the officer in connection with a change of control if any of the following triggering events were to occur:

- (1) the officer is terminated in anticipation of the change of control,

Edgar Filing: CULP INC - Form PRE 14A

- (2) the officer is terminated within three years after the change of control for any reason other than death, disability or for cause, or
- (3) the officer terminates his employment during that three-year period because we (or our survivor) change his employment conditions in a negative and material way.

Following a triggering event, the officer would be entitled to payment in the amount of 1.99 times his total compensation. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well. However, any compensation that would constitute a parachute payment under Section 280G of the federal tax code would be reduced to the extent necessary to avoid a federal excise tax on the officer or the loss of our federal income tax deduction.

Each agreement currently allows the officer to choose whether to receive his change of control payment in a single lump sum or in equal monthly installments over the thirty-six month period following termination.

The agreements also provide for an additional payment of one year's total compensation to each officer in exchange for non-competition covenants by the officer that take effect only if the officer's employment terminates following a change of control. Under these covenants, each officer has agreed not to compete with us or solicit our customers or employees for 12 months following termination. The officer would receive the non-competition payment in 12 equal monthly installments beginning on the date of termination.

In addition, the agreements require us to reimburse the officers for any fees and expenses incurred in connection with any claim or controversy arising out of or relating to the agreements.

The following table estimates the total amounts we would owe Mr. Culp, III, Mr. Saxon and Mr. Ludwig under these agreements if there had been a change of control, and the officers had been terminated, on April 29, 2007, the last day of fiscal 2007.

Directors who are also employees of the Company do not receive additional compensation for service as directors. In fiscal 2007, we paid each of our non-employee directors the following compensation:

- o an annual retainer of \$32,500 (\$37,500 for the lead director); and
- o a grant under our 2002 stock option plan of 2,000 stock options, with an exercise price equal to fair market value on the date of grant (as defined in the plan) and a 10-year term.

The following table shows the total compensation we paid our non-employee directors in fiscal 2007 for their service on our board.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee, all of whom are non-employee directors and independent directors, are Mr. Brunel (Chairman), Mr. Larson, Mr. Flavin, and Mr. McAllister. No member of the Compensation Committee serves on the compensation committee of another corporation that has a business relationship with the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All transactions between the Company and related parties are reviewed and approved by our audit committee, which is made up entirely of independent directors. Policies requiring review and approval of any transaction or arrangement with a director or executive officer that may present a conflict of interest are set forth in the Company's Code of Business Conduct and Ethics, which states that such transactions will only be approved when the audit committee finds that the transaction is in the best interests of the Company even though it presents or appears to present a conflict of interest. The Company is not aware of any such transaction with any shareholder owning more than five percent of our stock who is not a director or officer, but any such transaction would be reviewed using the same guidelines as for officers and directors. The transactions described below were reviewed and approved by the

Edgar Filing: CULP INC - Form PRE 14A

audit committee using the Company's policies and procedures described herein.

Lease Transactions. During part of fiscal 2007, the Company leased an industrial facility from a partnership owned by certain of the Company's executive officers, directors, principal shareholders and members of their immediate families. Principals of this related entity include Robert G. Culp, III, Harry R. Culp (brother of Robert G. Culp, III), and Judith C. Walker (sister of Robert G. Culp, III). The lease was terminated during fiscal 2007 and the Company vacated the building. This facility contains approximately 300,000 square feet of floor space. The initial term of the lease was for a period of seven years, with several five-year renewal options. Base rent per year for the leased facility during fiscal 2007 was approximately \$0.60 per square foot. The terms of the lease included the following: The lease prohibits assignment or subletting without the lessor's consent, but such consent may not be unreasonably withheld. The lessor is generally responsible for maintenance only of roof and structural portions of the leased facility. The industrial facility is leased on a "triple net" basis, with the Company responsible for payment of all property taxes, insurance premiums and maintenance, other than structural maintenance. The Company believes that at the time the lease and any lease renewals were executed, the terms of this lease were no less favorable to the Company than could have been obtained in arms length transactions with unaffiliated persons. The Company received an independent appraisal to this effect. All related party leases and amendments thereto are approved by the Audit Committee and are reviewed annually by the Audit Committee. The total amount of rent paid by the Company under all related party leases during fiscal 2007 was approximately \$46,500.

Certain Business Relationships. The Company had sales of approximately \$27.6 million, which constituted 11% of the Company's net sales, to La-Z-Boy Incorporated in fiscal 2007. Patrick H. Norton, who served as Chairman of La-Z-Boy until his retirement on August 16, 2006, served on our board of directors until his resignation on August 14, 2006.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, its executive officers, any persons who hold more than ten percent of the Company's common stock and certain trusts (collectively, "insiders") to report their holdings of and transactions in the Company's common stock to the Securities and Exchange Commission (the "SEC"). Specific due dates for these reports have been established, and the Company is required to disclose in this proxy statement any late filings and any failures to file that have occurred since April 30, 2006. Insiders must file three types of ownership reports with the SEC: initial ownership reports, change-in-ownership reports and year-end reports. Under the SEC's rules, insiders must furnish the Company with copies of all Section 16(a) reports that they file. Based solely on a review of copies of these reports and on written representations the Company has received, the Company believes that since April 29, 2007, its insiders have complied with all applicable Section 16(a) reporting requirements.

1.2 Administration of the Plan.

- (a) The Plan shall be administered by the Committee, which shall, subject to the terms of the Plan and applicable law, have sole and plenary power and authority to administer the Plan, including, but not limited to, the power and authority to:

 - (v) modify, amend or adjust the terms and conditions of any Award, including, but not limited to, modifications, amendments, adjustments to, or replacement grants for, Awards if the Committee determines, in its sole discretion, that the tax consequences of an Award to the Company or a Participant differ from the consequences expected at the time an Award was granted or changes, clarifications or interpretations of tax laws or regulations permit Awards to be granted with more favorable tax consequences than originally anticipated;
 - (vi) determine under what circumstances, and the methods by which, an Award may be settled in cash, Common Stock, other securities, other Awards or other property or canceled, forfeited or suspended;
- A-1

Any such allocation or delegation may be revoked by the Committee at any time. The Committee may not delegate its authority to decide on the fundamental terms of grants of Awards (number of shares in initial grant, exercise price, term, and vesting schedule). Except to the extent prohibited by applicable law or the applicable rules of a Stock Exchange, the authority of the Committee hereunder may also be exercised by the Board at any time and from time to time.
 - (c) Any determination made in respect of any Award by the Committee, the Board, or any other person pursuant to delegated authority under the provisions of the Plan, shall be made in the sole discretion of the Committee, the Board or such delegate at the time the Award is made or, unless in contravention of any express term of the Plan, at any time thereafter. Subject to adjustment as provided in Section 1.5 hereof, the maximum number of shares of Common Stock that may be delivered to Participants and their beneficiaries under the Plan shall be 1,200,000 shares of Common Stock.
- (b) The shares of Common Stock that may be delivered to Participants and their

Edgar Filing: CULP INC - Form PRE 14A

beneficiaries under the Plan are subject to the following additional restrictions:

- (i) The maximum number of shares of Common Stock that may be issued in respect of Options intending to qualify as Incentive Stock Options shall be 800,000 shares;
- (ii) The maximum number of Shares that may be issued pursuant to Awards of Restricted Stock or otherwise as outright grants of Common Stock pursuant to Article VI hereof shall be 600,000 shares; and
- (iii) For Awards that are intended to be "performance-based compensation" (as that term is used for purposes of Section 162(m) of the Code) (a "Qualifying Award"), no more than the following amounts may be granted pursuant to such Qualifying Awards to any one individual during any one calendar year period: (1) 100,000 shares of Common Stock, subject to adjustment as provided in Section 1.5 hereof, and (2) with respect to cash and other property other than Common Stock, \$1,000,000 (valued at its Fair Market Value). The Committee, in its sole discretion, may grant an Award to any Participant with the intent that such award be a Qualifying Award. The right to receive or retain any award granted as a Qualifying Award (other than an Option or SAR) shall be conditional upon the achievement of specified performance goals during a calendar year or such other period (a "Performance Period") as may be established by the Committee. Performance goals shall be established in writing by the Committee prior to the beginning of each Performance Period, or at such other time no later than such time as is permitted by the applicable provisions of the Code. Such performance goals, which may vary from Participant to Participant and Award to Award, shall be based upon the attainment of specific amounts of, or increases in, one or more of the following: the Fair Market Value of Common Stock, revenues, operating income, cash flow, earnings before or after income taxes (including earnings before interest, taxes depreciation and amortization), net income, net income before or after income taxes, earnings per share, stockholders' equity, return on equity, return on investment or capital, return on assets, share price profitability or profit margins, market share or strategic business objectives consisting of one or more objectives based on meeting business expansion goals and goals relating to acquisitions or divestitures, all whether applicable to the Company or any relevant division, subsidiary or any combination thereof as the Committee may deem appropriate. Each performance goal may be expressed on an absolute and/or relative basis, may be based on, or otherwise employ, comparisons based on internal targets, the past performance of the Company and/or the past or current performance of other companies, may provide for the inclusion, exclusion or averaging of specified items in whole or in part, such as realized gains or losses on strategic investments, discontinued operations, extraordinary items, accounting changes, and unusual or nonrecurring items, and, in the case of earnings-based measures, may use or employ comparisons relating to capital, stockholders' equity and/or shares outstanding, assets or net assets. Prior to the payment of any Award granted as a Qualifying Award, the Committee shall certify in writing that the performance goals were satisfied. In determining the actual size of a Qualifying Award for a Performance Period, the Committee may, in its sole and plenary discretion, reduce or eliminate the amount of the Award earned in the Performance Period, even if applicable Performance Goals have been attained.

Edgar Filing: CULP INC - Form PRE 14A

- (c) To the extent any shares of Common Stock covered by an Award are not delivered to a Participant or beneficiary because the Award is forfeited or canceled, or the shares of Common Stock are not delivered because the Award is settled in cash or such shares are used to satisfy any exercise price of such Award or any applicable tax withholding obligation, such shares shall not be deemed to have been delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan; provided, however, that in no event shall such undelivered shares increase the number of shares that may be granted under the Plan as Incentive Stock Options.
- 1.5 Adjustments in Common Stock. Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, extraordinary distribution, split-up or spin-off or other similar change, the Committee shall cause appropriate adjustments to be made to (i) the maximum number and/or class of securities issuable under the Plan and applicable sub-limits regarding specific types of Awards and (ii) the number and/or class of securities and the exercise price per share in effect under each outstanding Award, in order to preserve the value of the Award. The obligation to make payments and distributions with respect to Awards may be (i) subject to such conditions, restrictions and contingencies as the Committee shall determine, and (ii) satisfied through cash payments, the delivery of shares of Common Stock, the issuance of replacement Awards, or any combination thereof as the Committee shall determine.
- 1.7 Exchange and Buy Out Provisions; Limitations on Repricing. The Committee may at any time offer to exchange or buy out any previously granted Award for a payment in cash, shares of Common Stock, other Awards or property based on such terms and conditions as the Committee shall determine and communicate to a Participant at the time that such offer is made. Notwithstanding the foregoing, a repricing (as defined for this purpose by Stock Exchange rules and applicable interpretations thereof), of an Option or SAR shall not be permitted except with the approval of the Company's stockholders.
- 1.8 Substitute Awards. Awards may, in the discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company or any of its affiliates or a company acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines ("Substitute Awards"). The number of Shares underlying any Substitute Awards shall be counted against the aggregate number of Shares available for Awards under the Plan; provided, however, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding awards previously granted by an entity that is acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines shall not be counted against the aggregate number of Shares available for Awards under the Plan; provided further, however, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding stock options intended to qualify for special tax treatment under Sections 421 and 422 of the Code that were previously granted by an entity that is acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines shall be counted against the aggregate number of Shares available for Incentive Stock Options under the Plan.

- 9.10 Governing Law. This Plan shall be governed and construed in accordance with the laws of the State of North Carolina, without regard to conflicts of law principles thereof.
- 9.11 Severability. If any provision of this Plan or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Plan and the application of such provision to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

- 9.12 Indemnification. No member of the Board, the Committee or any employee of the Company (each such person, a "Covered Person") shall be liable for any action taken or omitted to be taken or any determination made in good faith with respect to the Plan or any Award hereunder. Each Covered Person shall be indemnified and held harmless by the Company against and from (i) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement and (ii) any and all amounts paid by such Covered Person, with the Company's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person; provided that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding, and, once the Company gives notice of its intent to

assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's Articles of Incorporation or Bylaws. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.
