PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

May 26, 2006

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors (the "Board") of CASTELLE, a California corporation, for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held on May 26, 2006, at 10:00 a.m. local time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at our corporate offices, located at 855 Jarvis Drive, Suite 100, Morgan Hill, California 95037. We intend to mail this proxy statement and accompanying proxy card on or about May 2, 2006 to all shareholders entitled to vote at the Annual Meeting.

Solicitation

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to shareholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the company. No additional compensation will be paid to directors, officers or other regular employees for such services. Shareholders whose shares are registered in the name of a bank or brokerage firm may be eligible to vote electronically through the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible shareholders the opportunity to vote via the Internet or by telephone. Voting forms will provide instructions for shareholders whose bank or brokerage firm is participating in the ADP's program. Registered shareholders may vote electronically through the Internet by following the instructions included with their proxy card. A shareholder not wishing to vote electronically through the Internet or whose form does not reference Internet or telephone voting information should complete and return the enclosed paper proxy card. Signing and returning the proxy card or submitting the proxy via the Internet or by telephone does not affect the right to vote in person at the Annual Meeting.

Voting Rights and Outstanding Shares

Only holders of record of common stock at the close of business on April 5, 2006 (the "Record Date") will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date we had outstanding and entitled to vote 4,018,821 shares of common stock.

Each holder of record on the Record Date will be entitled to one vote for each share held on all matters to be voted upon. With respect to the election of directors, shareholders may exercise cumulative voting rights. Under cumulative voting, each holder of common stock will be entitled to five votes for each share held. Each shareholder may give one candidate all the votes that shareholder is entitled to cast or may distribute his or her votes among as many candidates as the shareholder chooses. However, no shareholder will be entitled to vote for a candidate unless the candidate's name has been placed in nomination prior to the voting. No shareholder will be entitled to vote cumulatively unless at least one shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes. Unless the proxyholders are otherwise instructed, shareholders, by means of the accompanying proxy, will grant the proxyholders discretionary authority to cumulate votes.

Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or, in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. If a broker votes shares that are not voted by its clients for or against a proposal, those shares are considered present and entitled to vote at the Annual Meeting, and will be counted towards determining whether or not a

- 1 -

quorum is present. Those shares will also be taken into account in determining the outcome of all of the proposals to be voted on at the Annual Meeting. Although all of the proposals to be voted on at the Annual Meeting are considered routine, where a proposal is not routine, a broker who has received no instructions from its clients generally does not have discretion to vote its clients' unvoted shares on that proposal. When a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, the missing votes are referred to as broker non-votes. Those shares would be considered present for purposes of determining whether or not a quorum is present, but would not be considered entitled to vote on the proposal and would not be taken into account in determining the outcome of the non-routine proposal.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter is approved.

Quorum

A majority of the shares outstanding on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If shareholders cause abstentions to be recorded or brokers holding their clients' shares of record cause broker non-votes or abstentions to be recorded, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted toward determining whether or not a quorum is present.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with our Secretary at our principal executive office, 855 Jarvis Drive, Suite 100, Morgan Hill, California 95037, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy. Please note, however, that if a shareholder's shares are held of record by a broker, bank or other nominee and that shareholder wishes to vote at the meeting, the shareholder must bring to the meeting a letter from the broker, bank or other nominee confirming the shareholder's beneficial ownership of the shares and that the broker, bank or other nominee is not voting the shares at the meeting.

Shareholder Proposals

The deadline for submitting a shareholder proposal for inclusion in our proxy statement and form of proxy for our 2007 annual meeting of shareholders, pursuant to Rule 14a-8 of the Securities and Exchange Commission, is 120 calendar days before the one year anniversary of the date of the proxy statement, or January 3, 2007. Shareholder proposals may be presented at the 2007 annual meeting of shareholders only if we have received adequate notice of such proposals at our principal executive offices no later than January 3, 2007. Proposals we receive after that date will be considered untimely and will not be presented at our 2007 annual meeting. Unless a shareholder who wishes to bring a matter before the shareholders at our 2007 annual meeting of shareholders notifies us of such matter prior to January 3, 2007, management will have discretionary authority to vote all shares for which it has proxies in opposition to such matter.

PROPOSAL 1

ELECTION OF DIRECTORS

There are five nominees for the five Board positions presently authorized in our Bylaws. Each director to be elected will hold office until the next annual meeting of shareholders and until his successor is elected and qualified, or until such director's earlier death, resignation or removal. Each nominee listed below is currently a director of Castelle, having been elected by the shareholders.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the five nominees named below, with discretionary power with respect to any further nominees and to cumulate votes. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the proxyholder may determine. Each person nominated for election has agreed to serve if elected and we are not aware that any nominee will be unable to, or for good cause will not, serve.

The five candidates receiving the highest number of affirmative votes cast at the meeting will be elected as our directors. The minimum authorized number of directors is five, and there are no vacancies on the Board.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee and the Board has selected Grant Thornton LLP as our independent auditors for the year ending December 31, 2006, and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting.

Shareholder ratification of the selection of Grant Thornton LLP as our independent auditors is not required by applicable law, our articles of incorporation, our Bylaws or otherwise. However, the Board is submitting the selection of Grant Thornton LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of Castelle and its shareholders.

Edgar Filing: CASTELLE \CA\ - Form DEF 14A

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the Annual Meeting (which shares voting affirmatively also constitute at least a majority of the required quorum) will be required to ratify the selection of Grant Thornton LLP.

On September 24, 2004, we dismissed PricewaterhouseCoopers LLP as our independent registered public accounting firm. The Audit Committee participated materially in and approved the decision to change independent registered public accounting firms. The reports of PricewaterhouseCoopers LLP on the financial statements for the past two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the two most recent fiscal years and through September 24, 2004, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, with disagreements if not resolved to the satisfaction of PricewaterhouseCoopers LLP would have caused them to make reference thereto in their reports on the financial statements for such years. During the two most recent fiscal years and through September 24, 2004, there have been no reportable events (as defined in Regulation S-K Item 304(a)(1)(v)).

We requested that PricewaterhouseCoopers LLP furnish us with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the above statements. A copy of such letter, dated September 24, 2004 was filed as Exhibit 16.1 to our Form 8-K filed September 30, 2004.

We engaged Grant Thornton LLP as our new independent registered public accounting firm as of September 24, 2004. We determined that the selection of Grant Thornton LLP would result in significant cost advantages to us over PricewaterhouseCoopers LLP, and that the change would be in the best interest of the company and our shareholders. During the two most recent fiscal years prior to the selection and through September 24, 2004, we had not consulted with Grant Thornton LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us nor oral advice was provided that Grant Thornton LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to that Item, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Grant Thornton LLP began providing auditing services to us beginning with financial statements for the third quarter of 2004. The following is a summary of the fees billed to our company by Grant Thornton LLP for professional services rendered during the year ended December 31, 2005 and 2004.

	2005	2004
Audit Fees	\$247,707 ⁽¹⁾	\$248,737 ⁽²⁾

(3) Excludes fees in the amount of \$43,500 billed to us by our prior independent auditors, PricewaterhouseCoopers LLP.

Audit Fees. Consists of fees billed for professional services rendered for the audit of our annual consolidated financial statements and the review of our quarterly consolidated financial statements and services that are normally provided by Grant Thornton LLP (and previously by PricewaterhouseCoopers LLP) in connection with statutory and regulatory filings or engagements. The restated financial statements were included in the Company's 2004 Form 10-K.

Audit-Related Fees. Consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees. These services include accounting consultations in connection with public offerings, internal control reviews, and consultations concerning financial accounting and reporting standards. The audit-related fees incurred in 2004 were for consultations rendered by Grant Thornton and PricewaterhouseCoopers in response to a series of comment letters issued to us by the Office of the Chief Accountant of the Securities and Exchange Commission.

These services consist of assistance regarding federal, state and international tax compliance, assistance with the preparation of various tax returns, research and design tax study and international compliance.

DIRECTOR COMPENSATION

Cash Compensation

In 2005, each non-employee director received a quarterly retainer of \$2,500 and a per meeting fee of \$1,000 for each quarterly board meeting attended. Non-employee directors are also reimbursed for their expenses incurred in connection with attending Board meetings.

Equity Compensation

Non-employee directors are eligible to participate in the 2002 Equity Incentive Plan (the 2002 Option Plan), which superseded the 1995 Non-Employee Directors Stock Option Plan, as amended through February 2000, and the 1988 Equity Incentive Plan, as amended through 1998 (collectively as the Prior Option Plan). In 2005, each non-employee director received non-qualifying stock option grants under the 2002 Option Plan.

The 2002 Option Plan provides that each non-employee member of the Board, upon initial election to the Board, is automatically granted an option to purchase 10,000 shares of common stock at an exercise price equal to the fair market value per share of our common stock on the date of grant. This initial option grant vests monthly in 12 equal installments, beginning one month after the date of grant provided that the optionee has continuously served as a director. On April 1 of each year (or the next business day should such date be a weekend or a legal holiday), each then-current member of the Board who is eligible for participation in the 2002 Option Plan and is a non-employee member of the Board (an

Outside Director) is automatically granted an option to purchase 5,000 shares of common stock at an exercise price equal to the fair market value per share of our common stock on the date of grant, without further action by us, the Board or our shareholders, provided, that the Outside Director has served continuously as a member of the Board for at least twelve (12) months since the last option grant (whether an initial option grant or an annual grant). If less than twelve (12) months has passed, then the number of shares subject to the annual grant will be pro-rated based on the number of days passed since the last option grant to such Outside Director, divided by 365 days. This annual grant to Outside Directors under the 2002 Option Plan vests monthly in 12 equal installments, beginning one month after the date of grant. The term of options granted under the 2002 Option Plan may not be longer than ten years.

In 2006, we granted to each of Messrs. Hambrecht, Tierney, Rich and Smith an option to purchase 5,000 shares at an exercise price of \$3.10 per share under the 2002 Option Plan. During 2005, we granted to each of Messrs. Hambrecht, Tierney, Rich and Smith an option to purchase 5,000 shares at exercise prices of \$2.91 per share under the 2002 Option Plan. The exercise prices were equal to the respective fair market values of such common stock on the date of grant (based upon the closing sale price reported on the NASDAQ SmallCap Market for the date of grant).

Options which remain outstanding under the Prior Option Plan will accelerate under certain circumstances. In the event of our merger with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction, vesting of outstanding option grants under the Prior Option Plan is accelerated and such options will terminate if not exercised prior to the consummation of the transaction.

The 5% and 10% assumed rates of appreciation are derived from the rules of the U.S. Securities and Exchange Commission and do not represent our estimate or projection of future common stock prices.

(4) One-thirty-sixth (1/36th) of the shares subject to the option vests at the end of each full calendar month following the option grant date.

(5) 25% of the shares subject to the option vests on December 19, 2006 and thereafter the remaining portion vests in equal monthly installments over a 36-month period.

EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

In April 2002, we entered into an employment agreement with Scott C. McDonald, pursuant to which Mr. McDonald agreed to serve as our Chief Executive Officer. The employment agreement is not for a specified term and is terminable at will by either us or Mr. McDonald at any time upon written notice, subject to the conveyance of certain severance benefits to Mr. McDonald upon termination, as described below. The employment agreement provided for an annual base salary of \$200,000, plus an annual bonus of up to \$100,000, if certain performance criteria are met, or above \$100,000 at the discretion of the Compensation Committee if certain performance criteria are exceeded. Mr. McDonald's annual base salary was adjusted by the Compensation Committee to \$225,000 in April 2003, and his bonus arrangement was also revised (see Report of the Compensation Committee of the Board of Directors on Executive Compensation below). Mr. McDonald was originally granted options to purchase 300,000 shares of the common stock under our Prior Option Plan. The first option became one quarter vested after six months, with the remainder vesting over the next eighteen months. The second option becomes fully vested after three years. In 2003, Mr. McDonald received a grant to purchase additional shares of the company (see Report of the Compensation Committee of the Board of Directors on Executive Compensation below).

We have also entered into a severance and transition benefit agreement with Mr. McDonald, pursuant to which we agreed that if we terminate Mr. McDonald without cause or if Mr. McDonald terminates his employment voluntarily for good cause, we are required to pay him 100% of his annualized salary and maintain his medical benefits for one year. In addition, 50% of Mr. McDonald's unvested options will become immediately vested. The agreement allows Mr. McDonald to terminate his employment for good cause if his responsibilities are materially diminished, his base pay is reduced or potential bonus payments are materially reduced, we fail to continue any benefit plan in which Mr. McDonald is participating without comparable replacement, our corporate headquarters is relocated more than 20 miles from its current location or we breach this agreement or Mr. McDonald's employment agreement. No payment will be due if Mr. McDonald is dismissed for

cause. In the event of a change of control of Castelle, Mr. McDonald is eligible for a lump sum payment equal to six months of his base salary, in addition to any benefits that may be conveyed to Mr. McDonald upon termination, if he remains with us at least ninety days after a change in control and his employment is subsequently terminated for any reason.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers currently serves or has served during the current fiscal year or at any time during the last completed fiscal year as a member of the board of directors or the compensation committee of another entity whose executive officer(s) served on our Board or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION

(The information contained in this Report of the Compensation Committee shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any filing, except to the extent that Castelle specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.)

Our executive compensation program is administered by the Compensation Committee of the Board of Directors. The Committee currently consists of Robert H. Hambrecht and Peter R. Tierney. Each is a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934 and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. None of the members of the Compensation Committee has any interlocking relationships as defined by the Securities and Exchange Commission.

General Compensation Philosophy

The Committee is responsible for determining compensation policies for our executive officers, including any stock-based awards to such individuals under the Prior Option Plan and the 2002 Option Plan. In determining executive officer compensation, the Compensation Committee considers corporate performance against our objectives.

The Compensation Committee structures executive compensation packages with two objectives:

- to ensure that the compensation and incentives provided to the executive officers are closely aligned with our financial performance and shareholder value; and
- to attract and retain, through a competitive compensation structure, those key executives critical to the long-term success of the company.

For 2005, our executive compensation program included the following components: (i) base salary, (ii) options to purchase shares of common stock, and (iii) quarterly incentives in the form of cash bonuses.

Executive Compensation

Stock Options. In addressing the first objective, the Compensation Committee utilizes stock option grants to executive officers to tie a portion of executive officer compensation directly to our stock price performance. The Compensation Committee believes that the grant of an equity interest in the company serves to link management interests with shareholder interests and to motivate executive officers to make decisions that are in the best interests of Castelle and its shareholders. The Board considers stock option grants to executive officers based on various factors, including (i) each officer's responsibilities, (ii) any changes in such responsibilities, (iii) past option grants and each officer's current equity interest in the company and (iv) individual or corporation performance. In 2005, our executive officers received options to purchase common stock at levels ranging from 15,000 to 50,000 shares.

Base Salary and Cash Bonuses. The second objective of the overall executive compensation policy is addressed by a salary and bonus policy which is based on:

- consideration of the salaries and total compensation of executive officers in similar positions with comparable companies in the industry;
- the qualifications and experience of each executive officer;
- the company's financial performance during the past year; and
- each officer's performance against objectives related to their areas of responsibility.

The Compensation Committee periodically reviews individual base salaries of executive officers, and adjusts salaries based on individual job performance and changes in the officer's duties and responsibilities. In making salary decisions, the Board exercises its discretion and judgment based on these factors. No specific formula is applied to determine the weight of each factor, although the mix among the compensation elements of salary, cash incentive and stock options are biased toward stock options to emphasize the link between executive incentives and the creation of shareholder value as measured by the equity markets. Consequently, salaries and cash incentives may be in the low-range as compared to the comparable

- 12 -

companies in the industry while stock options may be in the mid to high-range compared to comparable companies. The Chief Executive Officer provides the Board with recommendations for individual executive officers based upon an evaluation of their performance against objectives and responsibilities. The base salaries paid to our executive officers were unchanged for 2005.

The Compensation Committee believes that another key element of executive compensation should be the variable portion provided by cash incentive plans. The Board of Directors sets annual performance objectives for executives of the company, which are administered quarterly by the Chief Executive Officer. Our executive officer compensation plan is designed such that if we meet our stated objectives, executive officers receive the cash incentive part of their compensation. If we perform below our stated objectives, the cash incentive portion of the executive's compensation is significantly reduced, and may be eliminated altogether if performance is below defined thresholds. A substantially smaller portion of some executives' incentive compensation is based on performance against individual objectives. The actual cash bonus earned in 2005 by executive officers depended upon the extent to which our objectives were achieved. Because we obtained a certain percentage of such quarterly performance objectives, cash bonuses ranging from \$43,050 to \$107,626 were paid to executive officers for services performed during 2005.

Chief Executive Officer

The Compensation Committee uses similar factors to those described above for the executive officers in setting the annual salary, stock option grant and cash incentives awarded to our Chief Executive Officer, Scott C. McDonald. Mr. McDonald is eligible to receive quarterly performance bonuses, in a total amount of up to \$150,000 per year. Payment of \$75,000 or fifty percent (50%) of such bonus is contingent upon the company remaining profitable on an Earnings per Share basis. The remaining \$75,000 or fifty percent (50%) of such bonus shall be granted in proportion to the company meeting the profit performance criteria set forth within the financial plans approved by the Compensation Committee and Board of Directors. In the event Mr. McDonald exceeds the performance criteria established by the Committee and Board in a given year (as determined by the Compensation Committee), Mr. McDonald will be eligible to earn bonuses that exceed a total of \$150,000 for the year. Mr. McDonald was awarded cash bonuses totaling \$163,126 in 2005.

Internal Revenue Code Section 162(m) Limitation

Section 162(m) of the Internal Revenue Code, limits the tax deduction to \$1 million for compensation paid to certain executive officers. Compensation in excess of \$1 million may be deducted if it is performance-based compensation within the meaning of the Code. The Committee has determined that stock options granted under our Prior Option Plan with an exercise price at least equal to the fair market value of the common stock on the date of grant should, where practicable, be treated as performance-based compensation, and the Prior Option Plan contains provisions designed to allow compensation recognized by an executive officer as a result of the grant of a stock option to be deductible by the company.

See Shareholder Proposals for additional information regarding deadlines for submitting proposals. Properly submitted recommendations will be forwarded to the Nominating Committee for review and consideration. Assuming that a shareholder recommendation complies with the above process and contains the information required above, the Nominating Committee will evaluate a candidate recommended by a shareholder according to its processes and criteria established in its sole discretion.
