**AMARC ARRANGES \$1.5 MILLION FINANCING**

**January 29, 2004, Vancouver, BC** - Ronald W. Thiessen, President and CEO of Amarc Resources Ltd. (TSX Venture:AHR) announces that Amarc has reached agreements in principle to privately place 2,000,000 units in its capital at a price of \$0.75 for gross proceeds of \$1.5 million to a number of accredited investors. Each unit will consist of one common share and a share purchase warrant exercisable to purchase an additional common share at a price of \$0.85 for a one year period from completion of the financing which is planned to occur in early February. Proceeds from the placement will be used to fund a proposed \$2.1 million investment in American Bullion Minerals Ltd., investigation of other properties, general corporate and working capital purposes. The offering is subject to execution of definitive agreements and TSX Venture Exchange acceptance which is expected in the ordinary course. The common shares in the units and the shares issuable on exercise of the warrants will be subject to a four month resale restricted period. Finders' fees payable in amounts permitted by TSX Venture Exchange guidelines will be payable on the placement.

Amarc has made an offer to the court appointed receiver of American Bullion Minerals Ltd. to fund a \$1.525 million loan and a \$600,000 equity investment in American Bullion in order to refinance that company which is a former Toronto Stock Exchange listed issuer which encountered financial difficulties and is entangled in certain legal disputes. The equity investment would result in a 25% ownership interest in American Bullion by Amarc (40% fully diluted). Amarc plans to assist American Bullion in resolving its legal difficulties and in seeking a re-listing on a recognized stock exchange. American Bullion holds a minimum 30% carried interest in a joint venture developing one of British Columbia's larger copper/gold resources, the Red Chris deposit. Approval of Amarc's offer to American Bullion is subject to Court and regulatory approval.

The common share purchase warrants are subject to an accelerated expiry if, at any time following the expiration of the four-month hold period, the published closing trade price of the Common Shares on the TSX Exchange is greater than or equal to \$1.50 for any 10 consecutive trading days, in which event the Holder will be given notice that the Warrants will expire 45 days following the date of such notice. The common share purchase warrants may be exercised by the holder during the 45 day period between the notice and the expiration of the common share purchase warrants.

ON BEHALF OF THE BOARD OF DIRECTORS

/s/ Ronald W. Thiessen

Ronald W. Thiessen  
President & CEO

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that the Company expects are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and that actual results or developments may differ materially from those projected in the forward-looking statements. For more information on the Company, Investors should review the Company's annual Form 20-F filing with the United States Securities Commission.
