**Item 1.01 Entry into a Material Definitive Agreement**

**Item 2.01 Completion of Acquisition of Assets**

As previously announced on our Current Report on Form 8-K filed on May 6, 2009, we entered into a letter of intent with GeoXplor Corp., a private Nevada company, whereby we negotiated an option to acquire a 100% interest in 100 unpatented mining claims located in Esmeralda County, Nevada, as more particularly described in Exhibit "A" to the attached purchase agreement (the Property). The Property is located approximately 25 miles east of the Nevada-California border, 35 miles southwest of Tonopah, Nevada.

On June 12, 2009, we entered into a definitive property purchase agreement with GeoXplor Corp. for the acquisition of the Property. The closing of the transaction occurred on June 15, 2009.

We have acquired an option entitling us to acquire certain legal and beneficial interests in and to the Property, and to participate in the further exploration and, if deemed warranted, the development of the Property.

In order for us to earn and acquire the 100% interest in the Property, we are required to:

(i)

make the following payments to GeoXplor Corp.:

(1)

an initial payment of \$5,000 upon the execution of the letter of intent, which has been paid by us;

---

(2)

a further \$56,000 on the execution of a definitive purchase agreement (the Effective Date ), which has been paid by us;

(3)

a further \$17,500.00 upon presentation of a receipt for payment of the filing and claim maintenance fees to the Nevada State Office of the Bureau of Land Management for the filing of 35 AF placer claims;

(4)

a further \$35,000 on or before the first anniversary of the Effective Date;

(5)

a further \$50,000 on or before the second anniversary of the Effective Date;

(6)

a further \$100,000 on or before the third anniversary of the Effective Date;

(7)

a further \$100,000 on or before the fourth anniversary of the Effective Date;

(ii)

incurring the following expenditures on the Property:

(1)

\$100,000 on or before the first anniversary of the Effective Date;

(2)

an additional \$200,000 on or before the second anniversary of the Effective Date;

(3)

an additional \$500,000 on or before the third anniversary of the Effective Date; and

(4)

an additional \$1,200,000 on or before the fourth anniversary of the Effective Date;

(iii)

issuing the following shares of our common stock to GeoXplor Corp.:

(1)

250,000 shares of our common stock on the Effective Date, which are currently being issued by us;

(2)

a further 250,000 shares of our common stock on or before the first anniversary of the Effective Date; and

(3)

a further 250,000 shares of our common stock on or before the second anniversary of the Effective Date.

The acquisition of the Property is subject to a 3% royalty in respect of the sale or disposition of lithium carbonate or other lithium compounds. We have the option to acquire up to 2% of the royalty, in whole percentage points, for \$1,000,000 for each 1%.

In the event that our company, one of our assignees or one of our joint venture partners: (i) delivers to our board of directors or applicable other management a feasibility study recommending mining of lithium carbonate or other lithium compound from the Property and such board authorizes implementation of a mining plan, or (ii) sells, options, assigns, disposes or otherwise alienates all or a portion of its interest in the Property, we shall pay GeoXplor Corp. an additional bonus of \$500,000 in cash or shares of our company. The election to obtain cash or shares of our company shall be at the sole election of GeoXplor Corp.
