Other Information

On May 4, 2018, Check-Cap Ltd. (the "Company"), issued a press release announcing that it has priced an underwritten public offering (the "Offering") to issue and sell an aggregate of 2,738,472 units (the "Units"), each consisting of one share of the Company's ordinary shares, par value NIS 2.40 per share ("Ordinary Share"), and one Series C Warrant to purchase one Ordinary Share, at an offering price of \$5.50 per Unit and an aggregate of 450,909 pre-funded units, each consisting of one pre-funded warrant to purchase one Ordinary Share and one Series C Warrant to purchase one Ordinary Share (the "Pre-funded Units"), at an offering price of \$5.49 per unit ("Offering Price"). In connection with the Offering, the Company entered into an underwriting agreement, dated May 4, 2018 (the "Underwriting Agreement") with H.C. Wainwright & Co., LLC, as the underwriter for the Offering. The Pre-funded Units will be issued and sold to purchasers whose purchase of Units in the Offering would otherwise result in the purchaser, together with their affiliates and certain related parties, beneficially owning more than 4.99% (or at the election of the purchaser, 9.99%) of the outstanding Ordinary Shares immediately following the consummation of the Offering, if they so choose. Each pre-funded warrant contained in a Pre-funded Unit will be immediately exercisable for one Ordinary Share at an exercise price of \$0.01 per share and will remain exercisable until exercised in full. The Series C Warrant included in the Units and the Pre-funded Units will be immediately exercisable at a price of \$5.50 per Ordinary Share, subject to adjustment in certain circumstances, and will expire five years from the date of issuance. The Ordinary Share included in the Units or pre-funded warrants included in the Pre-funded Units, as the case may be, and the Series C Warrants were offered together, but the securities contained in the Units or Pre-funded Units will be issued separately. The Series C Warrants have been listed on the Nasdaq Capital Market under the symbol "CHEKZ".

The Company has also granted the Underwriter a 30-day option to purchase up to an additional 478,407 Ordinary Shares and/or an additional 478,407 Series C Warrants to purchase up to 478,407 Ordinary Shares at the Offering Price, less underwriting discounts and commissions. The net proceeds to the Company are expected to be approximately \$15.5 million, excluding any potential exercise of the Underwriter's option, and no exercise of the Series C Warrants, and after deducting underwriting discounts and commissions and payment of other estimated expenses associated with the Offering that are payable by the Company. The Offering is expected to close on or about May 8, 2018, subject to the satisfaction of customary closing conditions.

A registration statement on Form F-1, as amended, relating to the Offering (File No. 333-224139) was declared effective by the Securities and Exchange Commission on May 4, 2018, and an additional registration statement on Form F-1 filed pursuant to Rule 462(b) (File No. 333-224139) became automatically effective on May 4, 2018. The Offering is being made only by means of a prospectus forming a part of the effective registration statements.

The Underwriting Agreement contains customary representations, warranties, and agreements by the Company; customary conditions to closing; indemnification obligations of the Company and the Underwriter, including for liabilities under the Securities Act; other obligations of the parties; and termination provisions. The foregoing is only a brief description of the terms of the Underwriting Agreement, does not purport to be a complete description of the rights and obligations of the parties thereunder, and is qualified in its entirety by reference to the Underwriting Agreement that is filed as Exhibit 1.1 to this Report on Form 6-K and incorporated by reference herein. A copy of the press release announcing the pricing of the Offering is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
