Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On June 1, 2010, Stepan Company ("Stepan") entered into a First Supplement to Note Purchase Agreement (the "Agreement") with three insurance companies pursuant to which Stepan issued and sold to the insurance companies \$40 million in long-term senior notes (the "Notes"). The Agreement is a supplement to the Note Purchase Agreement dated September 29, 2005, among Stepan and purchasers named therein (the "Note Purchase Agreement"). Stepan expects to use the net proceeds from the issuance of the Notes to finance capital expenditures and for general corporate purposes.

The Notes will bear interest at a fixed rate of 5.88% with interest to be paid semi-annually. Principal amortization is contractually scheduled with equal annual payments beginning on June 1, 2016, and continuing through final maturity on June 1, 2022. The Agreement requires the maintenance of certain financial ratios and covenants that are similar to Stepan's existing long-term debt and provides for customary events of default. Generally, if an event of default occurs, subject to certain exceptions, the holders of more than 50% in aggregate principal amount of the notes outstanding under the Note Purchase Agreement may declare all the notes to be immediately due and payable. A copy of the Agreement is attached as Exhibit 99.1 hereto and incorporated herein by reference.
