Item 8.01. Other Events

The registrant, Unitrin, Inc. (the "Company" or "Unitrin") issued a press release on May 17, 2011, which is attached hereto as Exhibit 99.01, announcing its preliminary estimate of catastrophe losses due to several, severe tornados and other storms during the month of April. The Company estimates second quarter results will include between \$65 million and \$75 million in pre-tax catastrophe losses related to the April storm activity. Amounts recoverable through reinsurance are estimated to be immaterial.

Customers across more than a dozen states were impacted, with those in North Carolina, South Carolina, Texas and Alabama suffering the largest losses. Unitrin's catastrophe teams have been on the ground since the storms began, working to provide funds for emergency living expenses and to expedite claims processing. Total claims are estimated to reach approximately 12,000.
