COMMON STOCK Par Value \$.10 Per Share

DIVIDEND REINVESTMENT AND COMMON STOCK PURCHASE PLAN

We hereby offer participation in our Dividend Reinvestment and Common Stock Purchase Plan, or the Plan. The Plan is being administered by Computershare Trust Company, N.A., or the administrator. To enroll in the Plan, a participant must complete and return an Enrollment Authorization Form to the administrator. Our common stock is listed on the New York Stock Exchange, or the NYSE, under the symbol "OHI." On April 19, 2007 the last reported sale price of our common stock on the NYSE was \$17.39 per share. Our principal executive offices are located at 9690 Deereco Road, Suite 100, Timonium, Maryland 21093, and our telephone number is (410) 427-1700.

Some of the significant features of the Plan include:

- If you are an existing stockholder, you may purchase additional shares of common stock by automatically reinvesting all or any part of the cash dividends paid on your shares of our common stock. There is no minimum or maximum limitation on the amount of dividends you may reinvest in the Plan.
 - If you are an existing stockholder, you may purchase additional shares of common stock by making optional cash purchases of between \$50 and \$6,250 in any calendar month, for an annual maximum of \$75,000. Optional cash purchases of our common stock in excess of this maximum may only be made pursuant to a written request for waiver and with our prior written consent.
- If you are not an existing stockholder, you may make an initial cash purchase of common stock of at least \$250 with a maximum of \$6,250. Initial optional cash purchases of our common stock in excess of this maximum may only be made pursuant to a written request for waiver and with our prior written consent.
- We may sell newly issued shares directly to the administrator or instruct the administrator to purchase shares in the open market or privately negotiated transactions, or elect a combination of these alternatives.
- You can purchase shares of our common stock without brokerage fees, commissions or charges. We will bear the expenses for open market purchases.
- The purchase price for newly issued shares of common stock purchased directly from us will be the market price less a discount ranging from 0% to 5%, determined from time to time by us in accordance with the terms of the Plan. This discount applies to either optional cash purchases or reinvested dividends. However, no discount will be available for common stock purchased in the open market or in privately negotiated transactions.
- Beneficial owners (stockholders whose shares of our common stock are registered in a name other than his or her name; for example, in the name of a broker, bank or nominee) may participate in the Plan by instructing their

brokers, banks or nominees to reinvest dividends and make optional cash purchases on their behalf.

· You may also make automatic monthly investments by authorizing monthly automatic deductions from your designated U.S. bank account. You may make automatic deductions for as little as \$50 per month, after the initial investment, but in no case for more than \$6,250 per month.

Participation in the Plan is entirely voluntary, and you may terminate your participation at any time. Once enrolled, your participation in the Plan will continue unless you affirmatively withdraw from the Plan. You may also change your dividend election at any time. Those holders of our common stock who do not wish to participate in the Plan will continue to receive cash dividends in the usual manner.

Investing in our common stock involves risks that are described in the section entitled “Risk Factors” beginning on page 3 of this prospectus, which include, but are not limited to:

- uncertainties relating to the business operations of the operators of our assets;
- the ability of any operators in bankruptcy to reject unexpired lease obligations, modify the terms of our mortgages and impede our ability to collect unpaid rent or interest during the process of a bankruptcy proceeding and retain security deposits for the debtor’s obligations;
 - our ability to sell closed assets on favorable terms;
 - our ability to manage, re-lease or sell any owned and operated facilities;
 - the availability and cost of capital;
 - competition in the financing of healthcare facilities;
 - regulatory and other changes in the healthcare sector;
- the effect of applicable economic and market conditions, including changes in interest rates;
- changes in tax laws and regulations affecting real estate investment trusts;
- legal and regulatory proceedings, including the impact of ongoing litigation;
 - the ability to recruit and replace key personnel; and
 - the impact of existing, modified, or new strategic initiatives.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

From time to time, we may supplement this prospectus to incorporate future filings made by us with the Securities and Exchange Commission (“SEC”). Any such prospectus supplements will be available at the SEC’s website at www.sec.gov or our website at www.omegahealthcare.com. In addition, you may request copies of all such filings by contacting our investor relations personnel at 410-427-1700.

The date of this prospectus is April 20, 2007.

| <u>Risks Associated with the Plan</u> | 3 |
| <i><u>The price of our shares may fluctuate in the interim between your investment decision and the time of the actual purchase</u></i> | 3 |
| <u>Risks Related to the Operators of Our Facilities</u> | 3 |
| <i><u>The bankruptcy, insolvency or financial deterioration of our operators could delay our ability to collect unpaid rents or require us to find new operators for rejected facilities</u></i> | 3 |
| <i><u>A debtor may have the right to assume or reject a lease with us under bankruptcy law and his or her decision could delay or limit our ability to collect rents thereunder</u></i> | 4 |
| <i><u>With respect to our mortgage loans, the imposition of an automatic stay under bankruptcy law could negatively impact our ability to foreclose or seek other remedies against a mortgagor</u></i> | 5 |
| <i><u>If an operator files bankruptcy, our leases with the debtor could be recharacterized as a financing agreement, which could negatively impact our rights under the lease</u></i> | 5 |
| <i><u>Operators that fail to comply with the requirements of governmental reimbursement programs such as Medicare or Medicaid, licensing and certification requirements, fraud and abuse regulations or new legislative developments may be unable to meet their obligations to us</u></i> | 6 |
| <i><u>Our operators depend on reimbursement from governmental and other third-party payors and reimbursement rates from such payors may be reduced.</u></i> | 7 |
| <i><u>Our operators may be subject to significant legal actions that could subject them to increased operating costs and substantial uninsured liabilities, which may affect their ability to pay their lease and mortgage payments to us</u></i> | 8 |
| <i><u>Increased competition as well as increased operating costs have resulted in lower revenues for some of our operators and may affect the ability of our tenants to meet their payment obligations to us</u></i> | 8 |
| <u>Risks Related to Us and Our Operations</u> | 8 |
| <i><u>We rely on external sources of capital to fund future capital needs, and if we encounter difficulty in obtaining such capital, we may not be able to make future investments necessary to grow our business or meet maturing commitments</u></i> | 8 |
| <i><u>Our ability to raise capital through sales of equity is dependent, in part, on the market price of our common stock, and our failure to meet market expectations with respect to our business could negatively impact the market price of our common stock and limit our ability to sell equity</u></i> | 9 |
| <i><u>We are subject to risks associated with debt financing, which could negatively impact our business, limit our ability to make distributions to our stockholders and to repay maturing debt</u></i> | 9 |
| <i><u>Certain of our operators account for a significant percentage of our real estate investment and revenues</u></i> | 10 |
| <i><u>Unforeseen costs associated with the acquisition of new properties could reduce our profitability</u></i> | 10 |
| <i><u>Our assets may be subject to impairment charges</u></i> | 10 |
| <i><u>We may not be able to sell certain closed facilities for their book value</u></i> | 10 |
| <i><u>Our substantial indebtedness could adversely affect our financial condition</u></i> | 11 |
| <i><u>Our real estate investments are relatively illiquid</u></i> | 11 |
| <i><u>As an owner or lender with respect to real property, we may be exposed to possible environmental liabilities</u></i> | 12 |
| | 12 |
| | 4 |

The industry in which we operate is highly competitive. This competition may prevent us from raising prices at the same pace as our costs increase

12

We are named as defendants in litigation arising out of professional liability and general liability claims relating to our previously owned and operated facilities that if decided against us, could adversely affect our financial condition

12

We are subject to significant anti-takeover provisions

13

We may change our investment strategies and policies and capital structure

If we fail to maintain our REIT status, we will be subject to federal income tax on our taxable income at regular corporate rates

13

To maintain our REIT status, we must distribute at least 90% of our taxable income each year

14

Even if we remain qualified as a REIT, we may face other tax liabilities that reduce our cash flow

14

Complying with REIT requirements may affect our profitability

14

We depend upon our key employees and may be unable to attract or retain sufficient numbers of qualified personnel

14

You should rely only on the information provided in this prospectus. We have not authorized anyone to provide you with different information. You should not assume that the information in this prospectus is accurate as of any date other than the date on the front of this prospectus or those documents, as applicable.

SUMMARY

The following summary may not contain all the information that may be important to you. You should read the entire prospectus and the documents we have filed with the Securities and Exchange Commission before making a decision to invest in our common stock.

All references to “you” in this prospectus refer to those persons who invest in the securities being offered by this prospectus, and all references to “we,” “us” and “our” in this prospectus refer to Omega Healthcare Investors, Inc., a Maryland corporation, and its subsidiaries.

FORWARD-LOOKING INFORMATION

We make statements about our business in our filings with the Securities and Exchange Commission, or the SEC, that are “forward-looking” within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and which are subject to the “safe harbor” created by those sections. Forward-looking statements include, among other things: expressions of the “belief,” “anticipation,” or “expectations” of management, statements as to industry trends or future results of operations of our company and its subsidiaries, and other statements that are not historical fact. Forward-looking statements are based on various assumptions by management and are subject to risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Among the risks and uncertainties which can affect our future performance are:

- those items discussed under “Risk Factors” herein;
- uncertainties relating to the business operations of the operators of our assets, including those relating to reimbursement by third-party payors, regulatory matters and occupancy levels;
- the ability of any operators in bankruptcy to reject unexpired lease obligations, modify the terms of our mortgages and impede our ability to collect unpaid rent or interest during the process of a bankruptcy proceeding and retain security deposits for the debtors’ obligations;
- our ability to sell closed assets on a timely basis and on terms that allow us to realize the carrying value of these assets;
- our ability to negotiate appropriate modifications to the terms of our credit facility;
- our ability to manage, re-lease or sell any owned and operated facilities;
- the availability and cost of capital;
- competition in the financing of healthcare facilities;
- regulatory and other changes in the healthcare sector;
- the effect of economic and market conditions generally and, particularly, in the healthcare industry;
- changes in interest rates;
- the amount and yield of any additional investments;
- changes in tax laws and regulations affecting real estate investment trusts;
- our ability to maintain our status as a real estate investment trust; and
- changes in the ratings of our debt and preferred securities.

These and other risks and uncertainties are described in our annual report to stockholders included in our annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. Readers are cautioned not to place undue reliance on any forward-looking statement, which speaks only as of the date thereof, and are urged to read carefully all of these risk factors and the risks described in the section entitled “Risk Factors” beginning on page 3

below. We undertake no obligation to update any forward-looking statements.

1

THE COMPANY

We were incorporated in the State of Maryland on March 31, 1992. We are a self-administered real estate investment trust, or REIT, investing in income-producing healthcare facilities, principally long-term care facilities located in the United States. We provide lease or mortgage financing to qualified operators of skilled nursing facilities and, to a lesser extent, assisted living and acute care facilities. We have historically financed investments through borrowings under our revolving credit facilities, private placements or public offerings of debt or equity securities, the assumption of secured indebtedness, or a combination of these methods.

As of December 31, 2006, our portfolio of investments consisted of 239 healthcare facilities, located in 27 states and operated by 32 third-party operators. This portfolio is made up of 228 long-term healthcare facilities and two rehabilitation hospitals owned and leased to third parties and fixed rate mortgages on nine long-term healthcare facilities. As of December 31, 2006, our gross investments in these facilities, net of impairments and before reserve for uncollectible loans, totaled approximately \$1.3 billion. In addition, we also held miscellaneous investments of approximately \$22 million at December 31, 2006, consisting primarily of secured loans to third-party operators of our facilities.

Summary of Financial Information

The following tables summarize our revenues and real estate assets by asset category for 2006, 2005 and 2004. (See “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” “Note 3 - Properties” and “Note 4 - Mortgage Notes Receivable” to our audited consolidated financial statements for the year ended December 31, 2006 included elsewhere herein).

Revenues by Asset Category (in thousands)

| | Year ended December 31, | | |
|---------------------------|-------------------------|------------|-----------|
| | 2006 | 2005 | 2004 |
| Core assets: | | | |
| Lease rental income | \$ 127,072 | \$ 95,439 | \$ 69,746 |
| Mortgage interest income | 4,402 | 6,527 | 13,266 |
| Total core asset revenues | 131,474 | 101,966 | 83,012 |
| Other asset revenue | 3,687 | 3,219 | 3,129 |
| Miscellaneous income | 532 | 4,459 | 831 |
| Total revenue | \$ 135,693 | \$ 109,644 | \$ 86,972 |

Real Estate Assets by Asset Category (in thousands)

| | As of December 31, | |
|--|--------------------|--------------|
| | 2006 | 2005 |
| Core assets: | | |

RISK FACTORS

Before you decide to participate in the Plan and invest in shares of our common stock, you should be aware of the following material risks in making such an investment. You should carefully consider the risks described below before you decide to participate in the Plan and purchase shares of our common stock. In addition, you should consult your own financial and legal advisors before making any investment decisions. The risks described below are not the only risks facing us. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business operations. Any of the following risks could materially adversely affect our business, financial condition or results of operations. In such case, you may lose all or part of your original investment.

Risks Associated with the Plan

The price of our shares may fluctuate in the interim between your investment decision and the time of the actual purchase.

You will not know the price of the shares you are purchasing under the Plan at the time you authorize the investment or elect to have your dividends reinvested.

The price of our shares may fluctuate between the time you decide to purchase shares under the Plan and the time of actual purchase. In addition, during this time period, you may become aware of additional information that might affect your investment decision.

If you instruct the administrator to sell shares under the Plan, you will not be able to direct the time or price at which your shares are sold. The price of our shares may decline between the time you decide to sell shares and the time of actual sale.

Risks Related to the Operators of Our Facilities

Our financial position could be weakened and our ability to fulfill our obligations under our indebtedness could be limited if any of our major operators were unable to meet their obligations to us or failed to renew or extend their relationship with us as their lease terms expire, or if we were unable to lease or re-lease our facilities or make mortgage loans on economically favorable terms. These adverse developments could arise due to a number of factors, including those listed below.

The bankruptcy, insolvency or financial deterioration of our operators could delay our ability to collect unpaid rents or require us to find new operators for rejected facilities.

We are exposed to the risk that our operators may not be able to meet their obligations, which may result in their bankruptcy or insolvency. Although our leases and loans provide us the right to terminate an investment, evict an operator, demand immediate repayment and other remedies, title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as amended and supplemented, or the Bankruptcy Code, affords certain protections to a party that has filed for bankruptcy that would probably render certain of these remedies unenforceable, or, at the very least, delay our ability to pursue such remedies. In addition, an operator in bankruptcy may be able to restrict our ability to collect unpaid rent or mortgage payments during the bankruptcy case.

Furthermore, the receipt of liquidation proceeds or the replacement of an operator that has defaulted on its lease or loan could be delayed by the approval process of any federal, state or local agency necessary for the transfer of the property or the replacement of the operator licensed to manage the facility. In addition, some significant expenditures associated with real estate investment, such as real estate taxes and maintenance costs, are generally not reduced when

circumstances cause a reduction in income from the investment. In order to protect our investments, we may take possession of a property or even become licensed as an operator, which might expose us to successor liability under government programs (or otherwise) or require us to indemnify subsequent operators to whom we might transfer the operating rights and licenses. Third-party payors may also suspend payments to us following foreclosure until we receive the required licenses to operate the facilities. Should such events occur, our income and cash flow from operations would be adversely affected.

A debtor may have the right to assume or reject a lease with us under bankruptcy law and his or her decision could delay or limit our ability to collect rents thereunder.

If one or more of our lessees files bankruptcy relief, the Bankruptcy Code provides that a debtor has the option to assume or reject the unexpired lease within a certain period of time. However, our lease arrangements with operators that operate more than one of our facilities are generally made pursuant to a single master lease covering all of that operator's facilities leased from us, and consequently, it is possible that in bankruptcy the debtor-lessee may be required to assume or reject the master lease as a whole, rather than making the decision on a facility by facility basis, thereby preventing the debtor-lessee from assuming only the better performing facilities and terminating the leasing arrangement with respect to the poorer performing facilities. The Bankruptcy Code generally requires that a debtor must assume or reject a contract in its entirety. Thus, a debtor cannot choose to keep the beneficial provisions of a contract while rejecting the burdensome ones; the contract must be assumed or rejected as a whole. However, where under applicable law a contract (even though it is contained in a single document) is determined to be divisible or severable into different agreements, or similarly where a collection of documents are determined to constitute separate agreements instead of a single, integrated contract, then in those circumstances a debtor/trustee may be allowed to assume some of the divisible or separate agreements while rejecting the others. Whether a master lease agreement would be determined to be a single contract or a divisible agreement, and hence whether a bankruptcy court would require a master lease agreement to be assumed or rejected as a whole, would depend on a number of factors some of which may include, but may not necessarily be limited to, the following:

- applicable state law;
- the parties' intent;
- whether the master lease agreement and related documents were executed contemporaneously;
- the nature and purpose of the relevant documents;
- whether the obligations in various documents are independent;
- whether the leases are coterminous;
- whether a single check is paid for all properties;
- whether rent is apportioned among the leases;
- whether termination of one lease constitutes termination of all;
- whether the leases may be separately assigned or sublet;
- whether separate consideration exists for each lease; and
- whether there are cross-default provisions.

The Bankruptcy Code provides that a debtor has the power and the option to assume, assume and assign to a third party, or reject the unexpired lease. In the event that the unexpired lease is assumed on behalf of the debtor-lessee, obligations under the lease generally would be entitled to administrative priority over other unsecured pre-bankruptcy claims. If the debtor chooses to assume the lease (or assume and assign the lease), then the debtor is required to cure all monetary defaults, or provide adequate assurance that it will promptly cure such defaults. However, the debtor-lessee may not have to cure historical non-monetary defaults under the lease to the extent that they have not resulted in an actual pecuniary loss, but the debtor-lessee must cure non-monetary defaults under the lease from the time of assumption going forward. A debtor must generally pay all rent payments coming due under the lease after the bankruptcy filing but before the assumption or rejection of the lease. The Bankruptcy Code provides that the debtor-lessee must make the decision regarding assumption, assignment or rejection within a certain period of time. For cases filed on or after October 17, 2005, the time period to make the decision is 120 days, subject to one extension "for cause." A bankruptcy court may only further extend this period for 90 days unless the lessor consents in writing.

If a tenant rejects a lease under the Bankruptcy Code, it is deemed to be a pre-petition breach of the lease, and the lessor's claim arising therefrom may be limited to any unpaid rent already due plus an amount equal to the rent reserved under the lease, without acceleration, for the greater of one year, and 15%, not to exceed three years, of the remaining term of such lease, following the earlier of the petition date and repossession or surrender of the leased

property. If the debtor rejects the lease, the facility would be returned to us. In that event, if we were unable to re-lease the facility to a new operator on favorable terms or only after a significant delay, we could lose some or all of the associated revenue from that facility for an extended period of time.

With respect to our mortgage loans, the imposition of an automatic stay under bankruptcy law could negatively impact our ability to foreclose or seek other remedies against a mortgagor.

Generally, with respect to our mortgage loans, the imposition of an automatic stay under the Bankruptcy Code precludes us from exercising foreclosure or other remedies against the debtor without first obtaining stay relief from the bankruptcy court. Pre-petition creditors generally do not have rights to the cash flows from the properties underlying the mortgages unless their security interest in the property includes such cash flows. Mortgagees may, however, receive periodic payments from the debtor/mortgagors. Such payments are referred to as adequate protection payments. The timing of adequate protection payments and whether the mortgagees are entitled to such payments depends on negotiating an acceptable settlement with the mortgagor (subject to approval of the bankruptcy court) or on the order of the bankruptcy court in the event a negotiated settlement cannot be achieved.

A mortgagee also is treated differently from a landlord in three key respects. First, the mortgage loan is not subject to assumption, assumption and assignment, or rejection. Second, the mortgagee's loan may be divided into a secured claim for the portion of the mortgage debt that does not exceed the value of the property securing the debt and a general unsecured claim for the portion of the mortgage debt that exceeds the value of the property. A secured creditor such as our company is entitled to the recovery of interest and reasonable fees, costs and charges provided for under the agreement under which such claim arose only if, and to the extent that, the value of the collateral exceeds the amount owed. If the value of the collateral exceeds the amount of the debt, interest as well as reasonable fees, costs, and charges are not necessarily required to be paid during the progress of the bankruptcy case, but they will accrue until confirmation of a plan of reorganization/liquidation and are generally paid at confirmation or such other time as the court orders unless the debtor voluntarily makes a payment. If the value of the collateral held by a secured creditor is less than the secured debt (including such creditor's secured debt and the secured debt of any creditor with a more senior security interest in the collateral), interest on the loan for the time period between the filing of the case and confirmation may be disallowed. Finally, while a lease generally would either be assumed, assumed and assigned, or rejected with all of its benefits and burdens intact, the terms of a mortgage, including the rate of interest and the timing of principal payments, may be modified under certain circumstances if the debtor is able to effect a "cram down" under the Bankruptcy Code. Before such a "cram down" is allowed, the Bankruptcy Court must conclude that the treatment of the secured creditor's claim is "fair and equitable."

If an operator files bankruptcy, our leases with the debtor could be recharacterized as a financing agreement, which could negatively impact our rights under the lease.

Another risk regarding our leases is that in an operator's bankruptcy the leases could be re-characterized as a financing agreement. In making such a determination, a bankruptcy court may consider certain factors, which may include, but are not necessarily limited to, the following:

- whether rent is calculated to provide a return on investment rather than to compensate the lessor for loss, use and possession of the property;
- whether the property is purchased specifically for the lessee's use or whether the lessee selected, inspected, contracted for, and received the property;
- whether the transaction is structured solely to obtain tax advantages;
- whether the lessee is entitled to obtain ownership of the property at the expiration of the lease, and whether any option purchase price is unrelated to the value of the land; and
- whether the lessee assumed many of the obligations associated with outright ownership of the property, including responsibility for maintenance, repair, property taxes and insurance.

If an operator defaults under one of our mortgage loans, we may have to foreclose on the mortgage or protect our interest by acquiring title to the property and thereafter making substantial improvements or repairs in order to maximize the facility's investment potential. Operators may contest enforcement of foreclosure or other remedies, seek bankruptcy protection against our exercise of enforcement or other remedies and/or bring claims for lender liability in response to actions to enforce mortgage obligations. If an operator seeks bankruptcy protection, the automatic stay provisions of the Bankruptcy Code would preclude us from enforcing foreclosure or other remedies against the operator unless relief is first obtained from the court having jurisdiction over the bankruptcy case. High "loan to value" ratios or declines in the value of the facility may prevent us from realizing an amount equal to our mortgage loan upon foreclosure.

Operators that fail to comply with the requirements of governmental reimbursement programs such as Medicare or Medicaid, licensing and certification requirements, fraud and abuse regulations or new legislative developments may be unable to meet their obligations to us.

Our operators are subject to numerous federal, state and local laws and regulations that are subject to frequent and substantial changes (sometimes applied retroactively) resulting from legislation, adoption of rules and regulations, and administrative and judicial interpretations of existing law. The ultimate timing or effect of these changes cannot be predicted. These changes may have a dramatic effect on our operators' costs of doing business and on the amount of reimbursement by both government and other third-party payors. The failure of any of our operators to comply with these laws, requirements and regulations could adversely affect their ability to meet their obligations to us. In particular:

· *Medicare and Medicaid.* A significant portion of our SNF operators' revenue is derived from governmentally-funded reimbursement programs, primarily Medicare and Medicaid, and failure to maintain certification and accreditation in these programs would result in a loss of funding from such programs. Loss of certification or accreditation could cause the revenues of our operators to decline, potentially jeopardizing their ability to meet their obligations to us. In that event, our revenues from those facilities could be reduced, which could in turn cause the value of our affected properties to decline. State licensing and Medicare and Medicaid laws also require operators of nursing homes and assisted living facilities to comply with extensive standards governing operations. Federal and state agencies administering those laws regularly inspect such facilities and investigate complaints. Our operators and their managers receive notices of potential sanctions and remedies from time to time, and such sanctions have been imposed from time to time on facilities operated by them. If they are unable to cure deficiencies, which have been identified or which are identified in the future, such sanctions may be imposed and if imposed may adversely affect our operators' revenues, potentially jeopardizing their ability to meet their obligations to us.

· *Licensing and Certification.* Our operators and facilities are subject to regulatory and licensing requirements of federal, state and local authorities and are periodically audited by them to confirm compliance. Failure to obtain licensure or loss or suspension of licensure would prevent a facility from operating or result in a suspension of reimbursement payments until all licensure issues have been resolved and the necessary licenses obtained or reinstated. Our SNFs require governmental approval, in the form of a certificate of need that generally varies by state and is subject to change, prior to the addition or construction of new beds, the addition of services or certain capital expenditures. Some of our facilities may be unable to satisfy current and future certificate of need requirements and may for this reason be unable to continue operating in the future. In such event, our revenues from those facilities could be reduced or eliminated for an extended period of time or permanently.

Fraud and Abuse Laws and Regulations. There are various extremely complex and largely uninterpreted federal and state laws governing a wide array of referrals, relationships and arrangements and prohibiting fraud by healthcare providers, including criminal provisions that prohibit filing false claims or making false statements to receive payment or certification under Medicare and Medicaid, or failing to refund overpayments or improper payments. Governments are devoting increasing attention and resources to anti-fraud initiatives against healthcare providers. The Health Insurance Portability and Accountability Act of 1996 and the Balanced Budget Act expanded the penalties for healthcare fraud, including broader provisions for the exclusion of providers from the Medicare and Medicaid programs. Furthermore, the Office of Inspector General of the U.S. Department of Health and Human Services in cooperation with other federal and state agencies continues to focus on the activities of SNFs in certain states in which we have properties. In addition, the federal False Claims Act allows a private individual with knowledge of fraud to bring a claim on behalf of the federal government and earn a percentage of the federal government's recovery. Because of these incentives, these so-called "whistleblower" suits have become more frequent. The violation of any of these laws or regulations by an operator may result in the imposition of fines or other penalties that could jeopardize that operator's ability to make lease or mortgage payments to us or to continue operating its facility.

Legislative and Regulatory Developments. Each year, legislative proposals are introduced or proposed in Congress and in some state legislatures that would affect major changes in the healthcare system, either nationally or at the state level. The Medicare Prescription Drug, Improvement and Modernization Act of 2003, or Medicare Modernization Act, which is one example of such legislation, was enacted in late 2003. The Medicare reimbursement changes for the long term care industry under this Act are limited to a temporary increase in the per diem amount paid to SNFs for residents who have AIDS. The significant expansion of other benefits for Medicare beneficiaries under this Act, such as the expanded prescription drug benefit, could result in financial pressures on the Medicare program that might result in future legislative and regulatory changes with impacts for our operators. Other proposals under consideration include efforts by individual states to control costs by decreasing state Medicaid reimbursements, a federal "Patient Protection Act" to protect consumers in managed care plans, efforts to improve quality of care and reduce medical errors throughout the health care industry and cost-containment initiatives by public and private payors. We cannot accurately predict whether any proposals will be adopted or, if adopted, what effect, if any, these proposals would have on operators and, thus, our business.

Regulatory proposals and rules are released on an ongoing basis that may have major impacts on the healthcare system generally and the skilled nursing and long-term care industries in particular.

Our operators depend on reimbursement from governmental and other third-party payors and reimbursement rates from such payors may be reduced.

Changes in the reimbursement rate or methods of payment from third-party payors, including the Medicare and Medicaid programs, or the implementation of other measures to reduce reimbursements for services provided by our operators has in the past, and could in the future, result in a substantial reduction in our operators' revenues and operating margins. Additionally, net revenue realizable under third-party payor agreements can change after examination and retroactive adjustment by payors during the claims settlement processes or as a result of post-payment audits. Payors may disallow requests for reimbursement based on determinations that certain costs are not reimbursable or reasonable or because additional documentation is necessary or because certain services were not covered or were not medically necessary. There also continue to be new legislative and regulatory proposals that could impose further limitations on government and private payments to healthcare providers. In some cases, states have enacted or are considering enacting measures designed to reduce their Medicaid expenditures and to make changes to private healthcare insurance. We cannot assure you that adequate reimbursement levels will continue to be available for the services provided by our operators, which are currently being reimbursed by Medicare, Medicaid or private third-party payors. Further limits on the scope of services reimbursed and on reimbursement rates could have a material adverse effect on our operators' liquidity, financial condition and results of operations, which could cause the

revenues of our operators to decline and potentially jeopardize their ability to meet their obligations to us.

7

Our operators may be subject to significant legal actions that could subject them to increased operating costs and substantial uninsured liabilities, which may affect their ability to pay their lease and mortgage payments to us.

As is typical in the healthcare industry, our operators are often subject to claims that their services have resulted in resident injury or other adverse effects. Many of these operators have experienced an increasing trend in the frequency and severity of professional liability and general liability insurance claims and litigation asserted against them. The insurance coverage maintained by our operators may not cover all claims made against them nor continue to be available at a reasonable cost, if at all. In some states, insurance coverage for the risk of punitive damages arising from professional liability and general liability claims and/or litigation may not, in certain cases, be available to operators due to state law prohibitions or limitations of availability. As a result, our operators operating in these states may be liable for punitive damage awards that are either not covered or are in excess of their insurance policy limits. We also believe that there has been, and will continue to be, an increase in governmental investigations of long-term care providers, particularly in the area of Medicare/Medicaid false claims, as well as an increase in enforcement actions resulting from these investigations. Insurance is not available to cover such losses. Any adverse determination in a legal proceeding or governmental investigation, whether currently asserted or arising in the future, could have a material adverse effect on an operator's financial condition. If an operator is unable to obtain or maintain insurance coverage, if judgments are obtained in excess of the insurance coverage, if an operator is required to pay uninsured punitive damages, or if an operator is subject to an uninsurable government enforcement action, the operator could be exposed to substantial additional liabilities.

Increased competition as well as increased operating costs have resulted in lower revenues for some of our operators and may affect the ability of our tenants to meet their payment obligations to us.

The healthcare industry is highly competitive and we expect that it may become more competitive in the future. Our operators are competing with numerous other companies providing similar healthcare services or alternatives such as home health agencies, life care at home, community-based service programs, retirement communities and convalescent centers. We cannot be certain the operators of all of our facilities will be able to achieve occupancy and rate levels that will enable them to meet all of their obligations to us. Our operators may encounter increased competition in the future that could limit their ability to attract residents or expand their businesses and therefore affect their ability to pay their lease or mortgage payments.

The market for qualified nurses, healthcare professionals and other key personnel is highly competitive and our operators may experience difficulties in attracting and retaining qualified personnel. Increases in labor costs due to higher wages and greater benefits required to attract and retain qualified healthcare personnel incurred by our operators could affect their ability to pay their lease or mortgage payments. This situation could be particularly acute in certain states that have enacted legislation establishing minimum staffing requirements.

Risks Related to Us and Our Operations

In addition to the operator related risks discussed above, there are a number of risks directly associated with us and our operations.

We rely on external sources of capital to fund future capital needs, and if we encounter difficulty in obtaining such capital, we may not be able to make future investments necessary to grow our business or meet maturing commitments.

In order to qualify as a REIT under the Internal Revenue Code, we are required, among other things, to distribute each year to our stockholders at least 90% of our REIT taxable income. Because of this distribution requirement, we may not be able to fund, from cash retained from operations, all future capital needs, including capital needs to make investments and to satisfy or refinance maturing commitments. As a result, we rely on external sources of capital,

including debt and equity financing. If we are unable to obtain needed capital at all or only on unfavorable terms from these sources, we might not be able to make the investments needed to grow our business, or to meet our obligations and commitments as they mature, which could negatively affect the ratings of our debt and even, in extreme circumstances, affect our ability to continue operations. Our access to capital depends upon a number of factors over which we have little or no control, including general market conditions and the market's perception of our growth potential and our current and potential future earnings and cash distributions and the market price of the shares of our capital stock. Generally speaking, difficult capital market conditions in our industry during the past several years and our need to stabilize our portfolio have limited our access to capital. The "related party tenant" issue discussed in "Note 10 - Taxes" to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein may make it more difficult for us to raise additional capital unless and until we enter into a closing agreement with the Internal Revenue Service or IRS, or otherwise resolve such issue. While we currently have sufficient cash flow from operations to fund our obligations and commitments, we may not be in position to take advantage of attractive investment opportunities for growth in the event that we are unable to access the capital markets on a timely basis or we are only able to obtain financing on unfavorable terms.

Our ability to raise capital through sales of equity is dependent, in part, on the market price of our common stock, and our failure to meet market expectations with respect to our business could negatively impact the market price of our common stock and limit our ability to sell equity.

As with other publicly-traded companies, the availability of equity capital will depend, in part, on the market price of our common stock which, in turn, will depend upon various market conditions and other factors that may change from time to time including:

the extent of investor interest;

the general reputation of REITs and the attractiveness of their equity securities in comparison to other equity securities, including securities issued by other real estate-based companies;

our financial performance and that of our operators;

the contents of analyst reports about us and the REIT industry;

general stock and bond market conditions, including changes in interest rates on fixed income securities, which may lead prospective purchasers of our common stock to demand a higher annual yield from future distributions;

our failure to maintain or increase our dividend, which is dependent, to a large part, on growth of funds from operations which in turn depends upon increased revenues from additional investments and rental increases; and

other factors such as governmental regulatory action and changes in REIT tax laws.

The market value of the equity securities of a REIT is generally based upon the market's perception of the REIT's growth potential and its current and potential future earnings and cash distributions. Our failure to meet the market's expectation with regard to future earnings and cash distributions would likely adversely affect the market price of our common stock.

We are subject to risks associated with debt financing, which could negatively impact our business, limit our ability to make distributions to our stockholders and to repay maturing debt.

Financing for future investments and our maturing commitments may be provided by borrowings under our revolving senior secured credit facility, as amended, or the New Credit Facility, private or public offerings of debt, the assumption of secured indebtedness, mortgage financing on a portion of our owned portfolio or through joint ventures. We are subject to risks normally associated with debt financing, including the risks that our cash flow will be insufficient to make timely payments of interest, that we will be unable to refinance existing indebtedness and that the terms of refinancing will not be as favorable as the terms of existing indebtedness. If we are unable to refinance or extend principal payments due at maturity or pay them with proceeds from other capital transactions, our cash flow may not be sufficient in all years to pay distributions to our stockholders and to repay all maturing debt. Furthermore, if prevailing interest rates, changes in our debt ratings or other factors at the time of refinancing result in higher interest rates upon refinancing, the interest expense relating to that refinanced indebtedness would increase, which could reduce our profitability and the amount of dividends we are able to pay. Moreover, additional debt financing increases the amount of our leverage.

Certain of our operators account for a significant percentage of our real estate investment and revenues.

At December 31, 2006, approximately 25% of our real estate investments were operated by two public companies: Sun Healthcare Group, Inc., or Sun (17%), and Advocat, Inc. or Advocat (8%). Our largest private company operators (by investment) were CommuniCare Health Services, Inc., or CommuniCare (15%), Haven Eldercare, LLC, or Haven (9%), Home Quality Management, Inc., or HQM (8%), Guardian LTC Management, Inc., or Guardian (7%), Nexion Health, Inc., or Nexion (6%) and Essex Healthcare Corporation (6%). No other operator represents more than 4% of our investments. The three states in which we had our highest concentration of investments were Ohio (22%), Florida (14%) and Pennsylvania (9%) at December 31, 2006.

For the year ended December 31, 2006, our revenues from operations totaled \$135.7 million, of which approximately \$25.1 million were from Sun (19%), \$20.3 million from CommuniCare (15%) and \$15.3 million from Advocat (11%). No other operator generated more than 9% of our revenues from operations for the year ended December 31, 2006.

The failure or inability of any of these operators to pay their obligations to us could materially reduce our revenues and net income, which could in turn reduce the amount of dividends we pay and cause our stock price to decline.

Unforeseen costs associated with the acquisition of new properties could reduce our profitability.

Our business strategy contemplates future acquisitions that may not prove to be successful. For example, we might encounter unanticipated difficulties and expenditures relating to any acquired properties, including contingent liabilities, or newly acquired properties might require significant management attention that would otherwise be devoted to our ongoing business. If we agree to provide funding to enable healthcare operators to build, expand or renovate facilities on our properties and the project is not completed, we could be forced to become involved in the development to ensure completion or we could lose the property. These costs may negatively affect our results of operations.

Our assets may be subject to impairment charges.

We periodically, but not less than annually, evaluate our real estate investments and other assets for impairment indicators. The judgment regarding the existence of impairment indicators is based on factors such as market conditions, operator performance and legal structure. If we determine that a significant impairment has occurred, we would be required to make an adjustment to the net carrying value of the asset, which could have a material adverse affect on our results of operations and funds from operations in the period in which the write-off occurs. During the year ended December 31, 2006, we recognized an impairment loss associated with three facilities for approximately \$0.5 million.

We may not be able to sell certain closed facilities for their book value.

From time to time, we close facilities and actively market such facilities for sale. To the extent we are unable to sell these properties for our book value; we may be required to take a non-cash impairment charge or loss on the sale, either of which would reduce our net income.

Our substantial indebtedness could adversely affect our financial condition.

We have substantial indebtedness and we may increase our indebtedness in the future. As of December 31, 2006, we had total debt of approximately \$676 million, of which \$150 million consisted of borrowings under our New Credit Facility, \$310 million of which consisted of our 7% senior notes due 2014 and \$175 million of which consisted of our 7% senior notes due 2016 and \$39 million of non-recourse debt to us resulting from the consolidation of a variable interest entity, or VIE, in accordance with Financial Accounting Standards Board Interpretation No. 46R, *Consolidation of Variable Interest Entities*, or FIN 46R. Our level of indebtedness could have important consequences to our stockholders. For example, it could:

- limit our ability to satisfy our obligations with respect to holders of our capital stock;
- increase our vulnerability to general adverse economic and industry conditions;
- limit our ability to obtain additional financing to fund future working capital, capital expenditures and other general corporate requirements, or to carry out other aspects of our business plan;
- require us to dedicate a substantial portion of our cash flow from operations to payments on indebtedness, thereby reducing the availability of such cash flow to fund working capital, capital expenditures and other general corporate requirements, or to carry out other aspects of our business plan;
- require us to pledge as collateral substantially all of our assets;
- require us to maintain certain debt coverage and financial ratios at specified levels, thereby reducing our financial flexibility;
 - limit our ability to make material acquisitions or take advantage of business opportunities that may arise;
 - expose us to fluctuations in interest rates, to the extent our borrowings bear variable rates of interests;
 - limit our flexibility in planning for, or reacting to, changes in our business and industry; and
 - place us at a competitive disadvantage compared to our competitors that have less debt.

Our real estate investments are relatively illiquid.

Real estate investments are relatively illiquid and, therefore, tend to limit our ability to vary our portfolio promptly in response to changes in economic or other conditions. All of our properties are “special purpose” properties that could not be readily converted to general residential, retail or office use. Healthcare facilities that participate in Medicare or Medicaid must meet extensive program requirements, including physical plant and operational requirements, which are revised from time to time. Such requirements may include a duty to admit Medicare and Medicaid patients, limiting the ability of the facility to increase its private pay census beyond certain limits. Medicare and Medicaid facilities are regularly inspected to determine compliance and may be excluded from the programs—in some cases without a prior hearing—for failure to meet program requirements. Transfers of operations of nursing homes and other healthcare-related facilities are subject to regulatory approvals not required for transfers of other types of commercial operations and other types of real estate. Thus, if the operation of any of our properties becomes unprofitable due to competition, age of improvements or other factors such that our lessee or mortgagor becomes unable to meet its obligations on the lease or mortgage loan, the liquidation value of the property may be substantially less, particularly relative to the amount owing on any related mortgage loan, than would be the case if the property were readily adaptable to other uses. The receipt of liquidation proceeds or the replacement of an operator that has defaulted on its

lease or loan could be delayed by the approval process of any federal, state or local agency necessary for the transfer of the property or the replacement of the operator with a new operator licensed to manage the facility. In addition, certain significant expenditures associated with real estate investment, such as real estate taxes and maintenance costs, are generally not reduced when circumstances cause a reduction in income from the investment. Should such events occur, our income and cash flows from operations would be adversely affected.

As an owner or lender with respect to real property, we may be exposed to possible environmental liabilities.

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner of real property or a secured lender, such as us, may be liable in certain circumstances for the costs of investigation, removal or remediation of, or related releases of, certain hazardous or toxic substances at, under or disposed of in connection with such property, as well as certain other potential costs relating to hazardous or toxic substances, including government fines and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence or disposal of such substances and liability may be imposed on the owner in connection with the activities of an operator of the property. The cost of any required investigation, remediation, removal, fines or personal or property damages and the owner's liability therefore could exceed the value of the property and/or the assets of the owner. In addition, the presence of such substances, or the failure to properly dispose of or remediate such substances, may adversely affect our operators' ability to attract additional residents, the owner's ability to sell or rent such property or to borrow using such property as collateral which, in turn, would reduce the owner's revenues.

Although our leases and mortgage loans require the lessee and the mortgagor to indemnify us for certain environmental liabilities, the scope of such obligations may be limited. For instance, most of our leases do not require the lessee to indemnify us for environmental liabilities arising before the lessee took possession of the premises. Further, we cannot assure you that any such mortgagor or lessee would be able to fulfill its indemnification obligations.

The industry in which we operate is highly competitive. This competition may prevent us from raising prices at the same pace as our costs increase.

We compete for additional healthcare facility investments with other healthcare investors, including other REITs. The operators of the facilities compete with other regional or local nursing care facilities for the support of the medical community, including physicians and acute care hospitals, as well as the general public. Some significant competitive factors for the placing of patients in skilled and intermediate care nursing facilities include quality of care, reputation, physical appearance of the facilities, services offered, family preferences, physician services and price. If our cost of capital should increase relative to the cost of capital of our competitors, the spread that we realize on our investments may decline if competitive pressures limit or prevent us from charging higher lease or mortgage rates.

We are named as defendants in litigation arising out of professional liability and general liability claims relating to our previously owned and operated facilities that if decided against us, could adversely affect our financial condition.

We and several of our wholly-owned subsidiaries have been named as defendants in professional liability and general liability claims related to our owned and operated facilities. Other third-party managers responsible for the day-to-day operations of these facilities have also been named as defendants in these claims. In these suits, patients of certain previously owned and operated facilities have alleged significant damages, including punitive damages, against the defendants. The lawsuits are in various stages of discovery and we are unable to predict the likely outcome at this time. We continue to vigorously defend these claims and pursue all rights we may have against the managers of the facilities, under the terms of the management agreements. We have insured these matters, subject to self-insured retentions of various amounts. There can be no assurance that we will be successful in our defense of these matters or in asserting our claims against various managers of the subject facilities or that the amount of any settlement or judgment will be substantially covered by insurance or that any punitive damages will be covered by insurance.

We are subject to significant anti-takeover provisions.

Our articles of incorporation and bylaws contain various procedural and other requirements which could make it difficult for stockholders to effect certain corporate actions. Our Board of Directors is divided into three classes and the members of our Board of Directors are elected for terms that are staggered. Our Board of Directors also has the authority to issue additional shares of preferred stock and to fix the preferences, rights and limitations of the preferred stock without stockholder approval. We have also adopted a stockholders rights plan which provides for share purchase rights to become exercisable at a discount if a person or group acquires more than 9.9% of our common stock or announces a tender or exchange offer for more than 9.9% of our common stock. These provisions could discourage unsolicited acquisition proposals or make it more difficult for a third party to gain control of us, which could adversely affect the market price of our securities.

We may change our investment strategies and policies and capital structure.

Our Board of Directors, without the approval of our stockholders, may alter our investment strategies and policies if it determines in the future that a change is in our stockholders' best interests. The methods of implementing our investment strategies and policies may vary as new investments and financing techniques are developed.

If we fail to maintain our REIT status, we will be subject to federal income tax on our taxable income at regular corporate rates.

We were organized to qualify for taxation as a REIT under Sections 856 through 860 of the Internal Revenue Code. Except with respect to the potential Advocat "related party tenant" issue discussed below, we believe we have conducted, and we intend to continue to conduct, our operations so as to qualify as a REIT. Qualification as a REIT involves the satisfaction of numerous requirements, some on an annual and some on a quarterly basis, established under highly technical and complex provisions of the Internal Revenue Code for which there are only limited judicial and administrative interpretations and involve the determination of various factual matters and circumstances not entirely within our control. We cannot assure you that we will at all times satisfy these rules and tests.

If we were to fail to qualify as a REIT in any taxable year, as a result of a determination that we failed to meet the annual distribution requirement or otherwise, we would be subject to federal income tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates with respect to each such taxable year for which the statute of limitations remains open. Moreover, unless entitled to relief under certain statutory provisions, we also would be disqualified from treatment as a REIT for the four taxable years following the year during which qualification is lost. This treatment would significantly reduce our net earnings and cash flow because of our additional tax liability for the years involved, which could significantly impact our financial condition.

In connection with exploring the potential disposition of the Advocat Series B preferred stock, we were advised by our tax counsel that due to the structure of the Series B preferred stock issued by Advocat to us in 2000 in connection with a prior restructuring, Advocat may be deemed to be a "related party tenant" under applicable federal income tax rules and, in such event, rental income from Advocat would not be qualifying income under the gross income tests that are applicable to REITs. In order to maintain qualification as a REIT, we annually must satisfy certain tests regarding the source of our gross income. The applicable federal income tax rules provide a "savings clause" for REITs that fail to satisfy the REIT gross income tests, if such failure is due to reasonable cause. A REIT that qualifies for the savings clause will retain its REIT status but will pay a tax. On December 15, 2006, we submitted to the IRS a request for a closing agreement to resolve the "related party tenant" issue. Since that time, we have had additional conversations with the IRS, who has encouraged us to move forward with the process of obtaining a closing agreement, and we have submitted additional documentation in support of the issuance of a closing agreement with respect to this matter. While we believe there are valid arguments that Advocat should not be deemed a "related party tenant," the matter is still not free from doubt, and we believe it is in our best interest to move forward with the request for a closing agreement in order to resolve the matter, minimize potential penalties and obtain assurances regarding our continuing REIT status. If we are able to enter into the closing agreement with the IRS, the closing agreement will conclude that any failure to satisfy the gross income tests was due to reasonable cause. In the event that it is determined that the "savings clause" described above does not apply and we are unable to conclude a closing agreement with the IRS, we could be treated as having failed to qualify as a REIT for one or more taxable years. If we fail to qualify for taxation as a REIT for any taxable year, our income will be taxed at regular corporate rates, and we could be disqualified as a REIT for the following four taxable years.

To maintain our REIT status, we must distribute at least 90% of our taxable income each year.

We generally must distribute annually at least 90% of our taxable income to our stockholders to maintain our REIT status. To the extent that we do not distribute all of our net capital gain or do distribute at least 90%, but less than 100% of our “REIT taxable income,” as adjusted, we will be subject to tax thereon at regular ordinary and capital gain corporate tax rates.

Even if we remain qualified as a REIT, we may face other tax liabilities that reduce our cash flow.

Even if we remain qualified for taxation as a REIT, we may be subject to certain federal, state and local taxes on our income and assets, including taxes on any undistributed income, tax on income from some activities conducted as a result of a foreclosure, and state or local income, property and transfer taxes. Any of these taxes would decrease cash available for the payment of our debt obligations. In addition, we may derive income through Taxable REIT Subsidiaries or TRS, which will then be subject to corporate level income tax at regular rates.

Complying with REIT requirements may affect our profitability.

To qualify as a REIT for federal income tax purposes, we must continually satisfy tests concerning, among other things, the nature and diversification of our assets, the sources of our income and the amounts we distribute to our stockholders. Thus we may be required to liquidate otherwise attractive investments from our portfolio in order to satisfy the asset and income tests or to qualify under certain statutory relief provisions. We may also be required to make distributions to stockholders at disadvantageous times or when we do not have funds readily available for distribution (e.g., if we have assets which generate mismatches between taxable income and available cash). Then, having to comply with the distribution requirement could cause us to: (i) sell assets in adverse market conditions; (ii) borrow on unfavorable terms; or (iii) distribute amounts that would otherwise be invested in future acquisitions, capital expenditures or repayment of debt. As a result, satisfying the REIT requirements could have an adverse effect on our business results and profitability.

We depend upon our key employees and may be unable to attract or retain sufficient numbers of qualified personnel.

Our future performance depends to a significant degree upon the continued contributions of our executive management team and other key employees. Accordingly, our future success depends on our ability to attract, hire, train and retain highly skilled management and other qualified personnel. Competition for qualified employees is intense, and we compete for qualified employees with companies that may have greater financial resources than we have. Our employment agreements with our executive officers provide that their employment may be terminated by either party at any time. Consequently, we may not be successful in attracting, hiring, and training and retaining the people we need, which would seriously impede our ability to implement our business strategy.

In the event we are unable to satisfy regulatory requirements relating to internal controls, or if these internal controls over financial reporting are not effective, our business could suffer.

Section 404 of the Sarbanes-Oxley Act of 2002 requires companies to do a comprehensive evaluation of their internal controls. As a result, each year we evaluate our internal controls over financial reporting so that our management can certify as to the effectiveness of our internal controls and our auditor can publicly attest to this certification. Our efforts to comply with Section 404 and related regulations regarding our management’s required assessment of internal control over financial reporting and our independent auditors’ attestation of that assessment has required, and continues to require, the commitment of significant financial and managerial resources. If for any period our management is unable to ascertain the effectiveness of our internal controls or if our auditors cannot attest to management’s certification, we could be subject to regulatory scrutiny and a loss of public confidence, which could have an adverse

effect on our business.

14

In connection with the restatement of our financial statements for the year ended December 31, 2005, we identified a material weakness in our internal control over financial reporting, which could materially and adversely affect our business and financial condition.

In connection with the restatement of our financial statements for the year ended December 31, 2005, our management identified a material weakness in internal control over financial reporting. Our management determined that as of December 31, 2005, we lacked sufficient internal control processes, procedures and personnel resources necessary to address accounting for certain complex and/or non-routine transactions. This material weakness resulted in errors in accounting for financial instruments, income taxes and straight-line rental revenue and could result in a material misstatement to our consolidated financial statements that would not be prevented or detected on a timely basis. Due to this material weakness, management concluded that we did not maintain effective internal control over financial reporting as of December 31, 2005.

While we have engaged in, and continue to engage in, substantial efforts to address the material weakness in our internal control over financial reporting, as of December 31, 2006, we have not concluded that our internal control over financial reporting is effective. We cannot be certain that any remedial measures we have taken or plan to take will ensure that we design, implement and maintain adequate controls over our financial processes and reporting in the future or will be sufficient to address and eliminate the material weakness. Our inability to remedy this identified material weakness or any additional deficiencies or material weaknesses that may be identified in the future, could, among other things, cause us to fail to file our periodic reports with the SEC in a timely manner or require us to incur additional costs or to divert management resources. Due to its inherent limitations, even effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation and presentation. These limitations may not prevent or detect all misstatements or fraud, regardless of their effectiveness.

Risks Related to Our Stock

The market value of our stock could be substantially affected by various factors.

The share price of our stock will depend on many factors, which may change from time to time, including:

- the market for similar securities issued by REITs;
- changes in estimates by analysts;
- our ability to meet analysts' estimates;
- general economic and financial market conditions; and
- our financial condition, performance and prospects.

Our issuance of additional capital stock, warrants or debt securities, whether or not convertible, may reduce the market price for our shares.

We cannot predict the effect, if any, that future sale of our capital stock, warrants or debt securities, or the availability of our securities for future sale, will have on the market price of our shares, including our common stock. Sales of substantial amounts of our common stock or preferred shares, warrants or debt securities convertible into or exercisable or exchangeable for common stock in the public market or the perception that such sales might occur could reduce the market price of our stock and the terms upon which we may obtain additional equity financing in the future.

In addition, we may issue additional capital stock in the future to raise capital or as a result of the following:

- The issuance and exercise of options to purchase our common stock. As of December 31, 2006, we had outstanding options to acquire approximately 0.1 million shares of our common stock. In addition, we may in the future issue additional options or other securities convertible into or exercisable for our common stock under our 2004 Stock Incentive Plan, our 2000 Stock Incentive Plan, as amended, or other remuneration plans we establish in the future. We may also issue options or convertible securities to our employees in lieu of cash bonuses or to our directors in lieu of director's fees.

- The issuance of shares pursuant to our dividend reinvestment and direct stock purchase plan.

- The issuance of debt securities exchangeable for our common stock.

- The exercise of warrants we may issue in the future.

- Lenders sometimes ask for warrants or other rights to acquire shares in connection with providing financing. We cannot assure you that our lenders will not request such rights.

There are no assurances of our ability to pay dividends in the future.

In 2001, our Board of Directors suspended dividends on our common stock and all series of preferred stock in an effort to generate cash to address then impending debt maturities. In 2003, we paid all accrued but unpaid dividends on all series of preferred stock and reinstated dividends on our common stock and all series of preferred stock. However, our ability to pay dividends may be adversely affected if any of the risks described above were to occur. Our payment of dividends is subject to compliance with restrictions contained in our New Credit Facility, the indenture relating to our outstanding 7% senior notes due 2014, the indenture relating to our outstanding 7% senior notes due 2016 and our preferred stock. All dividends will be paid at the discretion of our Board of Directors and will depend upon our earnings, our financial condition, maintenance of our REIT status and such other factors as our Board may deem relevant from time to time. There are no assurances of our ability to pay dividends in the future. In addition, our dividends in the past have included, and may in the future include, a return of capital.

Holders of our outstanding preferred stock have liquidation and other rights that are senior to the rights of the holders of our common stock.

Our Board of Directors has the authority to designate and issue preferred stock that may have dividend, liquidation and other rights that are senior to those of our common stock. As of the date of this filing, 4,739,500 shares of our 8.375% Series D cumulative redeemable preferred stock were issued and outstanding. The aggregate liquidation preference with respect to this outstanding preferred stock is approximately \$118.5 million, and annual dividends on our outstanding preferred stock are approximately \$9.9 million. Holders of our preferred stock are generally entitled to cumulative dividends before any dividends may be declared or set aside on our common stock. Upon our voluntary or involuntary liquidation, dissolution or winding up, before any payment is made to holders of our common stock, holders of our preferred stock are entitled to receive a liquidation preference of \$25 per share with respect to the Series D preferred stock, plus any accrued and unpaid distributions. This will reduce the remaining amount of our assets, if any, available to distribute to holders of our common stock. In addition, holders of our preferred stock have the right to elect two additional directors to our Board of Directors if six quarterly preferred dividends are in arrears.

Legislative or regulatory action could adversely affect purchasers of our stock.

In recent years, numerous legislative, judicial and administrative changes have been made in the provisions of the federal income tax laws applicable to investments similar to an investment in our stock. Changes are likely to continue

to occur in the future, and we cannot assure you that any of these changes will not adversely affect our stockholder's stock. Any of these changes could have an adverse effect on an investment in our stock or on market value or resale potential. Stockholders are urged to consult with their own tax advisor with respect to the impact that recent legislation may have on their investment and the status of legislative, regulatory or administrative developments and proposals and their potential effect.

Recent changes in taxation of corporate dividends may adversely affect the value of our stock.

The Jobs and Growth Tax Relief Reconciliation Act of 2003 that was enacted into law May 28, 2003, among other things, generally reduces to 15% the maximum marginal rate of tax payable by individuals on dividends received from a regular C corporation. This reduced tax rate, however, will not apply to dividends paid to individuals by a REIT on its shares, except for certain limited amounts. While the earnings of a REIT that are distributed to its stockholders still generally will be subject to less combined federal income taxation than earnings of a non-REIT C corporation that are distributed to its stockholders net of corporate-level tax, this legislation could cause individual investors to view the stock of regular C corporations as more attractive relative to the shares of a REIT than was the case prior to the enactment of the legislation. Individual investors could hold this view because the dividends from regular C corporations will generally be taxed at a lower rate while dividends from REITs will generally be taxed at the same rate as the individual's other ordinary income. We cannot predict what effect, if any, the enactment of this legislation may have on the value of the shares of REITs in general or on the value of our stock in particular, either in terms of price or relative to other investments.

Tax Risks

We have submitted to the Internal Revenue Service a request for a closing agreement and may not be able to obtain a closing agreement on satisfactory terms.

Management believes that certain of the terms of the Advocat Series B preferred stock previously held by us could be interpreted as affecting our compliance with federal income tax rules applicable to REITs regarding related party tenant income. See Note 10 - Taxes to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein.

On December 15, 2006, we submitted to the IRS a request for a closing agreement, which would provide that, in the event that our ownership of Advocat stock gave rise to disqualified "related party tenant" income, we are eligible for relief under a "savings clause set forth in the Internal Revenue Code because our actions with respect to the ownership of the Advocat stock were due to "reasonable cause." Since that time, we have had additional conversations with the IRS, who has encouraged us to move forward with the process of obtaining a closing agreement, and we have submitted additional documentation in support of the issuance of a closing agreement with respect to this matter. While we believe there are valid arguments that Advocat should not be deemed a "related party tenant," the matter still is not free from doubt, and we believe it is in our best interest to proceed with the request for a closing agreement with the IRS in order to resolve the matter, minimize potential interest charges and obtain assurances regarding its continuing REIT status. If obtained, a closing agreement will establish that any failure to satisfy the gross income tests was due to reasonable cause. In the event that it is determined that the "savings clause" described above does not apply, we could be treated as having failed to qualify as a REIT for one or more taxable years.

As noted above, we have completed the Second Advocat Restructuring and have been advised by tax counsel that we will not receive any non-qualifying related party tenant income from Advocat in future fiscal years. Accordingly, we do not expect to incur tax expense associated with related party tenant income in future periods commencing January 1, 2007, assuming we enter into a closing agreement with the IRS that recognizes that reasonable cause existed for any failure to satisfy the REIT gross income tests as explained above.

If we were to fail to qualify as a REIT for any taxable year, we would be subject to federal income tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates for such year, and distributions to stockholders would not be deductible by us in computing our taxable income. Any such corporate tax liability could be substantial and, unless we were indemnified against such tax liability, would reduce the amount of cash we have available for distribution to our stockholders, which in turn could have a material adverse impact on the value of, and trading prices for, our securities. In addition, we would not be able to re-elect REIT status until the fifth taxable year

following the initial year of disqualification unless we were to qualify for relief under applicable Internal Revenue Code provisions. Thus, for example, if the IRS successfully challenges our status as a REIT solely for our taxable year ended December 31, 2005 based on our ownership of the Advocat Series B preferred stock, we would not be able to re-elect REIT status until our taxable year which began January 1, 2010, unless we were to qualify for relief.

We have accrued for a potential tax liability arising from our ownership of the Advocat securities and we believe, but can provide no assurance, that we currently have sufficient assets to pay any such tax liabilities. The ultimate resolution of any controversy over potential tax liabilities covered by the closing agreement may have a material adverse effect on our financial position, results of operations or cash flows, including if we are required to distribute deficiency dividends to our stockholders and/or pay additional taxes, interest and penalties to the IRS in amounts that exceed the amount of our reserves for potential tax liabilities. There can be no assurance that the IRS will not assess us with substantial taxes, interest and penalties above the amount for which we have reserved. For further discussion, see Note 10 - Taxes to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein.

DIVIDEND REINVESTMENT AND COMMON STOCK PURCHASE PLAN

The following discussion, in question and answer format, explains the provisions of the Plan.

1. **What is the purpose of the Plan?**

The purpose of the Plan is to provide our stockholders and investors with a convenient and economical way to purchase shares of our common stock and to reinvest all or a portion of their cash dividends in additional shares of our common stock. The Plan is designed to promote ownership among stockholders who are committed to investing a minimum amount, holding their shares in direct form and building share ownership over time. Also, because the shares of common stock purchased under the Plan may be acquired directly from us, we may receive additional equity funds, which will be added to our general funds and will be used for general corporate purposes.

2. **Who administers the Plan for the Participants?**

Computershare Trust Company, N.A., referred to in this prospectus as “Computershare” or the “administrator,” administers the Plan, holds shares of common stock acquired under the Plan, keeps records, sends statements of activity to participants, and performs other duties related to the Plan.

You may contact the administrator in any of the following ways:

By telephone:

Toll Free: (800) 519-3111

An automated telephone system is available 24 hours a day, seven days a week. Customer service representatives are available from 9:00 a.m. to 5:00 p.m., Eastern Time, each business day. If you reside outside the United States and Canada you may contact the administrator at (781) 575-2724.

Telecommunications device
for the hearing impaired:

TDD: (800) 952-9245

Internet:

Unless you are participating in the Plan through your bank, broker or other nominee, you can obtain information about your Plan account through the Internet at the administrator’s website at www.computershare.com. On the website, you can access your share balance, sell shares, request a stock certificate and obtain online forms and other information about your Plan account. To gain access, you will require a password, which is included on your dividend statement. You may also request your password by calling (800) 519-3111.

In writing:

Computershare
Attn: Omega Healthcare Investors, Inc.

Dividend Reinvestment and Common Stock Purchase
Plan
P.O. Box 43078
Providence, Rhode Island 02940-3078

Please reference Omega Healthcare Investors, Inc. and
your account number in all correspondence. When
corresponding with the administrator, we suggest that you
give your daytime telephone number and area code.

3. What are the advantages of the Plan?

- There are no fees or brokerage commissions on purchases, and we will bear the expenses for open market purchases.
 - Participation is voluntary and automatic. All or any part of your quarterly stock dividends may be reinvested.
- The automatic reinvestment of dividends will enable you to add to your investment in our company in a timely and systematic fashion.
- In addition to being able to reinvest your dividends, if you are an existing stockholder, you may purchase additional shares of our common stock by making optional cash purchases of between \$50 and \$6,250 per calendar month. These optional cash purchases may be made occasionally or at regular intervals, subject to the restrictions described above. You may make optional cash purchases even if dividends on your shares are not being reinvested under the Plan. We may waive the maximum in our sole discretion and permit a larger investment.
- If you are not presently one of our stockholders, you may become a participant in the Plan by making an initial cash investment in our common stock of not less than \$250 and not more than \$6,250. We may waive this maximum, in our sole discretion, and permit a larger investment.
- The purchase price for newly issued shares of our common stock purchased directly from us either through dividend reinvestment or optional cash purchases may be issued at a discount from the market price. We will periodically establish a discount rate ranging from 0% to 5%.
- You may purchase fractional shares of our common stock under the Plan. This means that you may fully invest your dividends and any optional cash purchases. Dividends will be paid on the fractional shares of our common stock which also may be reinvested in additional shares.
- You may direct the administrator to transfer, at any time and at no cost to you, all or a portion of your shares in the Plan to a Plan account for another person.
- You can avoid the need of holding your stock certificates by submitting them to the administrator for safekeeping. By depositing your stock certificates, you do not have to worry about them being lost or stolen. The shares will be credited to your Plan account in “book-entry” form.
 - You or any other person that is a holder of record of shares of our common stock may direct the administrator to sell or transfer all or a portion of your shares held in the Plan.
- You will receive periodic statements reflecting all current activity in your Plan accounts, including purchases, sales and latest balances, to simplify your record keeping. You may also view year-to-date activity in your Plan account, as well as activity in prior years, by accessing your Plan account at the administrator’s website at www.computershare.com.

4. What are the disadvantages of the Plan?

- Cash dividends that you reinvest will be treated for federal income tax purposes as a dividend received by you on the date we pay dividends and may create a liability for the payment of income tax without providing you with immediate cash to pay this tax when it becomes due.
- We may, without giving you prior notice, change our determination as to whether the administrator will purchase shares of our common stock directly from us, in the open market or in privately negotiated transactions from third parties, which in turn will affect whether such shares will be sold to you at a discount. We will not, however, change our determination more than once in any three-month period. You will not know the actual number of shares purchased in any month on your behalf under the Plan until after the applicable investment date.
 - You will have limited control regarding the timing of sales under the Plan. Because the administrator will effect sales under the Plan only as soon as practicable after it receives instructions from you, you may not be able to control the timing of sales as you might for investments made outside the Plan.
- The market price of the shares of our common stock may fluctuate between the time the administrator receives an investment instruction and the time at which the shares of our common stock are sold. Because purchases under the Plan are only made as of the dividend payment date, in the case of dividends, or the applicable investment date, in the case of optional cash purchases, you have no control over the timing of your purchases under the Plan.
 - No discount will be available for shares acquired in the open market or in privately negotiated transactions.
- While a discount from market prices of up to 5% may be established for a particular month for shares purchased directly from us, a discount for one month will not insure the availability of a discount or the same discount in future months. Each month we may, without giving you prior notice, change or eliminate the discount. Further, in no event may we issue shares at a price less than 95% of the market price of our common stock on the date of issuance.
 - Shares deposited in a Plan account may not be pledged until the shares are withdrawn from the Plan.
- Your investment in the shares of common stock held in your account is no different than a direct investment in shares of our common stock. You bear the risk of loss and the benefits of gain from market price changes for all of your shares of common stock. Neither we nor the administrator can assure you that shares of our common stock purchased under the Plan will, at any particular time, be worth more or less than the amount you paid for them.

5. Who pays the expenses of the Plan?

We will pay all day-to-day costs of the administration of the Plan. You will be charged a service fee of \$15 for each requested sale and a processing fee of \$0.12 per each whole share and fraction sold, which includes the applicable brokerage commissions the administrator is required to pay. We will pay for all applicable fees (including any brokerage commissions the administrator is required to pay) associated with your purchases under the Plan.

6. Who is eligible to participate in the Plan?

A “registered stockholder” (a stockholder whose shares of common stock are registered in our stock transfer books in his or her name) or a “beneficial owner” (a stockholder whose shares of common stock are registered in a name other than his or her name; for example, in the name of a broker, bank or nominee) may participate in the Plan. In addition, an interested investor that is not a stockholder may participate in the Plan by making an initial cash investment of at least \$250. For further instructions, please see Question 7 below.

7. How do I enroll in the Plan?

Registered Stockholders. After reading our prospectus, if you are a registered stockholder of our common stock, you may join the Plan by going to the administrator's website at www.computershare.com, or by completing and signing an Enrollment Form and returning it to the administrator.

Beneficial Owners. If you are a beneficial owner and wish to join the Plan, you must contact your bank, broker or other nominee to arrange participation in the Plan on your behalf. To facilitate participation by beneficial owners, we have made arrangements with the administrator to reinvest dividends and accept optional cash investments under the stock purchase feature of the Plan by registered stockholders such as brokers, banks and other nominees, on behalf of beneficial owners.

Alternatively, if you are a beneficial owner of our common stock, you may simply request that the number of shares of our common stock you wish to enroll in the Plan be re-registered by the bank, broker or other nominee in your own name as record stockholder. You can then directly participate in the Plan as described above. You should contact your bank, broker or nominee for information on how to re-register your shares.

New Investors. If you do not currently own shares of our common stock, you may join the Plan in either of the following ways:

- Going to the administrator's website at www.computershare.com, and following the instructions provided for opening a Plan account online. You will be asked to complete an Online Initial Enrollment Form and to submit an initial optional cash purchase between \$250 and \$6,250. To make an initial optional cash purchase you may authorize a one-time online bank debit from your U.S. bank account or you may authorize a minimum of five (5) consecutive monthly automatic deductions of at least \$50 each from your U.S. bank account.
- Completing and signing an Initial Enrollment Form and submitting an initial investment in the amount between \$250 and \$6,250. To make an initial optional cash purchase in this manner, you may enclose a check, payable in U.S. funds and drawn against a U.S. bank, to "Computershare," or you may authorize a minimum of five consecutive monthly automatic deductions of at least \$50 each from your U.S. bank account on the reverse side of the Initial Investment Form and follow the instructions provided.

New investors choosing to make their initial optional cash purchase through automatic monthly deductions should note that the automatic monthly deductions will continue indefinitely beyond the initial investment unless the administrator is notified to discontinue such deductions. Please see Question 12 for further information on optional cash purchases.

Those holders of our common stock who do not wish to participate in the Plan will continue to receive cash dividends in the usual manner.

8. What does the Enrollment Form provide?

The Enrollment Form appoints the Plan's administrator as your administrator for purposes of the Plan and directs the administrator to apply to the purchase of additional shares of common stock all of the cash dividends on the specified number of shares of our common stock owned by you on the applicable record date and designated by you to be reinvested through the Plan.

The Enrollment Form also directs the administrator to purchase additional shares of our common stock with any optional cash purchases that you may elect to make. By checking the appropriate box on the Enrollment Form, you indicate which features of the Plan you will use.

Full Reinvestment of Dividends. Select this option if you wish to reinvest the dividends on all our common stock registered in your name in a certificate form as well as on all common stock credited to your Plan account. Selecting this alternative also permits you to make monthly optional cash purchases; however, you must still comply with the other requirements for making optional cash investments.

Partial Reinvestment of Dividends. Select this option if you wish to receive cash dividends on the number of shares that you designate from those credited to your Plan account and those registered in your name in a certificate form. The administrator will apply the dividends paid on any remaining shares to the purchase of additional shares of our common stock, which will then be credited to your Plan account. Selecting this alternative also allows you to make monthly optional cash purchases; however, you must still comply with the other requirements for making optional cash purchases.

All Cash (No Dividend Reinvestment). Select this option if you do not wish to have the cash dividends paid on the shares credited to your Plan account and those registered in your name in a certificate form be reinvested, but rather sent to you by check or through direct deposit to your U.S. bank account. Selecting this alternative still allows you to make monthly optional cash purchases; however, you must still comply with the other requirements for making optional cash purchases.

9. How can I change my method of participation or discontinue dividend reinvestment?

You may change your method of participation at any time by:

- accessing your Plan account through the Internet at the administrator's website at www.computershare.com;
- calling the administrator at (800) 519-3111;
- submitting a newly executed Enrollment Form to the administrator; or
- writing to the administrator at the address listed in Question 2.

If you do not make an election on your Enrollment Form, the administrator will reinvest all dividends paid on your shares. Any change in the number of shares with respect to which the administrator is authorized to reinvest dividends must be received by the administrator prior to the record date for a dividend to permit the new number of shares to apply to that dividend. For each method of dividend reinvestment, cash dividends will be reinvested on all shares other than those designated for payment of cash dividends in the manner specified above until you specify otherwise or withdraw from the Plan altogether, or until the Plan is terminated.

You may discontinue reinvestment of cash dividends under the Plan at any time by accessing your Plan account through the Internet at the administrator's website at www.computershare.com, by calling the administrator at (800) 519-3111, or by written notice to the administrator at the address listed in Question 2.

If a notice to discontinue is received by the administrator after the dividend record date for a dividend payment, the administrator in its sole discretion may either pay such dividend in cash or reinvest it in shares on behalf of the discontinuing Plan participant. If such dividend is reinvested, the administrator may sell the shares purchased less any fees and any applicable costs of sales. After processing your request to discontinue dividend reinvestment, any shares credited to your Plan account will continue to be held in "book-entry" form. Dividends on any shares held in "book-entry"

form and any shares held in certificated form will be paid in cash.

22

10. When will my participation in the Plan begin?

Your participation in the dividend reinvestment portion of the Plan will commence on the next date we pay dividends, provided the administrator receives your Enrollment Form before the record date for the payment of the dividend.

Your participation in the optional cash purchase portion of the Plan will commence on the next investment date, which will be the 15th calendar day of the month (unless there are no trades of our common stock reported on the NYSE on the 15th calendar day, in which case the investment date will be the next trading day following the 15th calendar day of that month in which trades of our common stock are reported on the NYSE), provided that sufficient funds to be invested are received two business days immediately prior to the investment date. Should the funds to be invested arrive after the applicable optional cash investment due date, those funds will be held without interest until they can be invested on the next investment date unless you request a refund from the administrator.

Once enrolled, you will remain enrolled until you discontinue participation or until we terminate the Plan.

11. How many shares may be purchased by a participant during any month or year?

Reinvested dividends are not subject to any minimum or maximum limits.

Optional cash purchases are subject to a minimum investment of \$50 and a maximum investment of \$6,250 in any calendar month.

Initial optional cash purchases by investors that are not yet one of our stockholders are subject to a minimum of \$250 and a maximum of \$6,250 in any calendar month.

The maximum for optional cash purchases may be waived by us in our sole and absolute discretion. You may request a waiver of such maximum by submitting a request for waiver which we must receive at least five business days prior to the applicable pricing period. The "pricing period" is the period of time encompassing the ten consecutive trading days ending on the last trading day preceding the investment date of each month as described in Question 18.

Optional cash purchase amounts of less than \$50, or \$250 in the case of an initial optional cash purchase by a non-stockholder, and, unless the maximum is waived, any optional cash purchases that exceed the maximum of \$6,250 per calendar month, will be returned to you without interest.

12. How are optional cash purchases made?

Optional cash purchases allow you to purchase more shares than you could purchase just by reinvesting dividends. You can buy shares of our common stock each month with optional cash investments after you have enrolled in the Plan as described in Question 7 above. The administrator will use your funds to purchase common stock for your Plan account on the next investment date after it receives your cash payment. If the administrator does not receive your funds at least two business days prior to the next investment date, the administrator will not invest your funds on the next investment date but will hold your funds for investment on the next subsequent investment date.

You can make optional cash purchases even if you have not chosen to reinvest your cash dividends on any shares held by you. If you choose to make only optional cash purchases, we will continue to pay cash dividends when and as declared on any shares of our common stock registered in your name in a certificate form and those shares credited to your Plan account.

Investment by One-Time Online Bank Debit. At any time, you may make an optional cash purchase within the Plan limits by going to the administrator's website at www.computershare.com, and authorizing a one-time online bank

debit from your U.S. bank account. One-time online optional cash purchase funds will be held by the administrator for three business days before such funds are invested. Please refer to the online confirmation for your bank account debit date and investment date.

Investment by Check. You may make your first optional cash purchase when you enroll by enclosing a check with the Enrollment Form. You may also make an optional cash purchase within the Plan limits by completing the Cash Investment Form attached to your Plan account statement. Checks should be made payable to “Computershare” in U.S. funds and drawn on a U.S. bank. It is also important to indicate your Plan account number on your check. Do not send cash, traveler’s checks, money orders, or third party checks for optional cash investments.

Automatic Monthly Investments. You may also make optional cash purchases each month, within the Plan limits, by instructing the administrator to arrange for automatic monthly deductions from your designated U.S. bank account.

Automatic monthly investments may be authorized through the Internet at the administrator’s website at www.computershare.com, or by completing a Direct Debit Authorization Form and returning it to the administrator. It takes approximately four to six weeks from the time the administrator receives your authorization until your first deduction occurs.

Once you begin making automatic monthly investments, the administrator will draw funds from your designated account on 9th calendar day of each month (or the next banking business day if the 9th calendar day is not a banking business day) and will purchase shares of common stock on the next investment date. Automatic monthly investments will continue at the level you set until you instruct the administrator otherwise. You can change or stop automatic monthly investments by accessing your Plan account through the Internet at the administrator’s website, www.computershare.com, by calling the administrator at (800) 519-3111, by completing and returning a new Direct Debit Authorization Form or giving written instructions to the administrator. If you wish to stop automatic monthly investments, or to change the dollar amount to be withdrawn, your request must be received at least seven business days prior to the next debit date.

If the administrator is unable to process your optional cash purchase(s) within 35 days, the administrator will return the funds to you by check. No interest will be paid on funds held by the administrator pending investment.

If any optional cash purchase is returned unpaid, whether the investment was made by check or by an attempted automatic withdrawal from your U.S. bank account, the administrator may consider the request for the investment of such money null and void and may immediately remove from your account shares of common stock purchased. The administrator may sell those shares to satisfy any uncollected amount and a \$25 returned funds fee. By enrolling in the Plan, you authorize the administrator to deduct this fee by selling the shares from your Plan account. If the proceeds from the sale of the common stock do not satisfy the service and processing fees, uncollected balance and returned funds fee, the administrator may sell additional shares from your Plan account to satisfy such fees.

13. How do I get a refund of an optional cash purchase if I change my mind?

You may obtain a refund of any optional cash purchase payment not yet invested by calling the administrator at (800) 519-3111 and requesting a refund of your payment. The administrator must receive your request for a refund not later than two business days prior to the next investment date. If the administrator receives your request later than the specified date, your cash purchase payment will be applied to the purchase of shares of common stock.

14. Will I be paid interest on funds held for optional cash purchases prior to investment?

You will not be paid interest on funds you send to the administrator for optional cash purchases. Consequently, we strongly suggest that you deliver funds to the administrator to be used for investment in optional cash purchases shortly prior to but not after the applicable optional cash investment due date so that they are not held over to the following investment date. If you have any questions regarding the applicable investment dates or the dates as of which funds should be delivered to the administrator, you should contact the administrator through the Internet, by telephone or in writing at the address and telephone numbers specified in Question 2 above.

You should be aware that because investments under the Plan are made as of specified dates, you may lose any advantage that you otherwise might have from being able to control the timing of an investment. Neither we nor the administrator can assure you a profit or protect you against a loss on shares of common stock purchased under the Plan.

15. When will shares be purchased under the Plan?

The administrator will credit shares of our common stock purchased with reinvested dividends to your account on the applicable “investment date” for the fiscal quarter in which the purchase is made. The administrator will credit shares to your Plan account for optional cash purchases on the next “investment date” after the administrator receives your cash payment.

The investment date is the date on which shares of our common stock are purchased with reinvested dividends, initial and optional cash investments of up to \$6,250 and in excess of \$6,250.

If you are reinvesting dividends declared on our common stock, the investment date is the date of payment of quarterly dividends on our common stock, or the dividend payment date, provided that if no trades of our common stock are reported on the NYSE on the date we pay dividends, or the trading day, the administrator shall apply such reinvested dividends on the next trading day on which there are trades of our common stock reported on the NYSE. The record date associated with a particular dividend distribution is referred to in this prospectus as a “dividend record date.”

It is our policy to declare quarterly distributions to the holders of common stock so as to comply with applicable sections of the Internal Revenue Code governing REITs. Subject to the foregoing, future dividends will be determined in light of our earnings, financial condition and other relevant factors.

For initial and optional cash purchases, both within the Plan limits and pursuant to an approved request for waiver, the monthly investment date is the 15th day of the calendar month (unless the 15th calendar day is not a trading day, in which case the investment date will be the first trading day following the 15th calendar day of that month).

16. How are shares purchased under the Plan?

The administrator may purchase shares from (i) the open market or in privately negotiated transactions, (ii) our authorized but unissued shares of our common stock, or (iii) a combination of both. There is no limit on the number of shares that the administrator may purchase in the open market or pursuant to privately negotiated purchases.

However, shares of common stock purchased by the administrator for initial and optional cash purchases made above the \$6,250 maximum limit with our permission will be acquired only from newly issued common stock and may not be acquired from open market purchases or privately negotiated transactions. See Question 17.

Because we presently expect to continue the Plan indefinitely, we may authorize additional shares from time to time as necessary for purposes of the Plan.

17. At what price will shares be purchased?

The purchase price for shares of our common stock under the Plan depends on how you purchase the shares and on whether we issue new shares to you or the Plan obtains your shares by purchasing them in the open market or through privately negotiated transactions.

Reinvested dividends and/or optional cash purchases under the maximum thresholds of \$6,250. The purchase price for each share of common stock acquired through the Plan by the reinvestment of dividends and/or optional cash purchases of \$6,250 or less per month will be equal to:

- in the case of newly issued shares of common stock, the average of the high and low NYSE prices on the applicable investment date on which we declare dividends and/or make optional cash purchases of \$6,250 or less per month less a discount ranging from 0% to 5%, provided that if no trades of our common stock are reported on the NYSE on the applicable investment date, the administrator shall apply the reinvested dividends and/or optional cash purchases of \$6,250 or less per month on the next trading day on which there are trades of our common stock reported on the NYSE; or
- in the case of open market or privately negotiated transactions, the weighted average of the purchase price of all shares purchased by the administrator for the Plan with reinvested dividends and/or optional cash purchases of \$6,250 or less per month on the applicable investment date. Discounts are not available when shares are purchased from persons other than us.

All shares purchased under the Plan through open market purchases will be acquired as soon as practicable, beginning on the investment date and will be completed no later than 30 days from such date for reinvestment of dividends and 35 days from such date for optional cash investments, except where completion at a later date is necessary or advisable under any applicable federal securities laws. Such purchases may be made on any securities exchange where such shares are traded, in the over-the-counter-market or in negotiated transactions and may be subject to such terms with respect to price, delivery, etc. to which the administrator may agree. Neither we nor the Plan participant shall have any authority or power to direct the time or price at which shares may be purchased, or the selection of the broker or dealer through or from whom purchases are to be made.

Optional cash purchases made above the \$6,250 per month maximum limit with our permission. If we elect to allow you to purchase in excess of \$6,250 in any calendar month, the price will be equal to the average of the daily high and low NYSE prices for each of the 10 trading days immediately preceding the applicable investment date, or the daily average price, less a discount ranging from 0% to 5%.

All shares of common stock purchased in excess of the maximum limit will be newly issued, and no shares will be acquired in open market purchases or in privately negotiated transactions. Purchases made in excess of the maximum limit may be subject to a minimum price as described below. To obtain specific information for a specific investment date, please call us at (410) 427-1700 or visit our website at www.omegahealthcare.com.

Threshold Price. We may establish a minimum or “threshold” price for optional cash purchases made with requests for waiver for any pricing period. For some pricing period’s dates, we may not establish a threshold price. At least three trading days before the first day of a pricing period we will determine whether a threshold price will be in effect, and if so, its amount. If we establish a threshold price, it will be stated as a dollar amount that the purchase price for the shares of our common stock must equal or exceed. If the price of our common stock is less than the threshold price on any trading day during the pricing period, or if no trades of our common stock are reported on the NYSE, then we will exclude that day and the trading prices for that day from the calculation of the purchase price. For example, if the minimum price is not satisfied for three of the ten days in a pricing period, then the purchase price will be based on the remaining seven days when the minimum price is satisfied. For each day during the pricing period that the minimum price is not satisfied, we will return one tenth (1/10) of each optional cash purchase made with a request for waiver to you by check, without interest, as soon as practicable after the applicable investment date. The establishment of a threshold price and the possible return of a portion of the optional cash purchase applies only to optional cash purchases made pursuant to a request for waiver.

Setting a threshold price for a pricing period shall not affect the setting of a threshold price for any subsequent pricing period. For any particular month, we reserve the right whether or not to set a threshold price. Neither we nor the administrator shall be required to provide any written notice to participants as to the threshold price for any pricing period. Participants may however ascertain whether a threshold price has been set or not set for any given pricing period by telephoning us at (410) 427-1700 or visiting our website at www.omegahealthcare.com.

Maximum discount applicable to all dividend reinvestments and optional cash purchases. Whether you are reinvesting dividends or making optional cash purchases, you may not purchase shares of our common stock on any particular trading day (whether such shares are newly issued shares or purchased by the administrator in open market or privately negotiated transactions) for an amount, less any brokerage commissions, trading fees and any other costs of purchase paid by us, which is less than 95% of the average of the high and low NYSE prices on that particular trading day. In the event that shares would be purchased for an amount, less any brokerage commissions, trading fees and other costs, which is below 95% of this average, your purchase price, less any brokerage commissions, trading fees and other costs, will equal 95% of the average of the high and low NYSE prices on that day.

18. How do I request a waiver of the purchase limitation?

You may make optional cash purchases in excess of \$6,250 during any calendar month only pursuant to a request for waiver approved by us in our sole and absolute discretion. To obtain a Request for Waiver Form, you should contact us at (410) 427-1700. Completed Requests for Waiver Forms can be sent to us by facsimile at (410) 427-8822, Attention: Chief Financial Officer, by 2:00 p.m., Eastern Time, or mailed to us at Omega Healthcare Investors Inc., 9690 Deereco Road, Suite 100, Timonium, MD 21093, Attention: Chief Financial Officer. We must receive your request at least five business days before the start of the ten-day pricing period for the applicable investment date. We will promptly notify you as to whether we approved your request and the amount of your request that we approved. If your request is approved, you must send the administrator a copy of our Form of Approval, together with your optional cash purchase in good funds no later than 2:00 p.m., Eastern Time, on the business day before the first day of the pricing period for the next applicable investment date. To obtain specific information for a specific investment date, please call us at (410) 427-1700 or visit our website at www.omegahealthcare.com.

In the event that your request for waiver is not received by us on a timely basis, the waiver will not be approved for that investment date and your optional cash purchase will be limited to \$6,250 for that investment date. If your request for a waiver is not timely, or if we deny your request for a waiver, the administrator will refund the entire amount submitted without interest thereon. We have sole and absolute discretion to grant any approval for optional cash purchases in excess of the allowable maximum amounts.

In deciding whether to approve or deny a request for waiver, we will consider each request on a case-by-case basis and consider various relevant factors, including, but not limited to:

our need for additional funds;

the attractiveness of obtaining the additional funds through the sale of common stock as compared to other sources of funds;

the purchase price likely to apply to any sale of common stock;

the participant submitting the request, including the extent and nature of such participant's prior participation in the Plan, and the number of shares of our common stock held of record and/or beneficially by such participant; and

the aggregate amount, if any, of optional cash purchases for which requests for waiver have been submitted by all participants.

If requests for waiver are submitted for any investment date for an aggregate amount in excess of the amount we are then willing to accept, we may honor those requests by any method that we determine to be appropriate. With regard to optional cash purchases made pursuant to a request for waiver, the Plan does not provide for a predetermined maximum limit on the amount that you may invest or on the number of shares that may be purchased. We reserve the right to modify, suspend or terminate participation in the Plan by otherwise eligible holders or beneficial owners of

our common stock for any reason whatsoever including, without limitation, the elimination of practices that are not consistent with the purposes of the Plan.

27

The Plan may also be used by us to raise additional capital through the sale each month of a portion of the shares available for issuance under the Plan to owners (including brokers or dealers) who in connection with any resales of such shares, may be deemed to be underwriters. These sales will be effected through our ability to approve requests for waiver. To the extent shares are purchased from us under the Plan, we will receive additional funds for general corporate purposes. The Plan is intended for the benefit of investors in our common stock and not for individuals or investors who engage in transactions which may cause aberrations in the price or trading volume of our common stock. See the section entitled "Plan of Distribution" below.

19. How and when will we determine whether shares of common stock will be newly issued or purchased in the market, and how and when will we establish a discount?

We may, without prior notice to you, change our determination as to whether common stock will be purchased by the administrator directly from us, in the open market or in privately negotiated transactions from third parties or in a combination of both, in connection with the purchase of shares of common stock from reinvested dividends or from optional cash purchases. We will not, however, change our determination more than once in any three-month period.

We may, in our sole discretion, establish a discount of 0% to 5% from the current market price for shares of our common stock purchased through the Plan. This discount may apply to reinvested dividends, initial optional cash purchases, optional cash purchases or any combination thereof as we may determine from time to time. If we elect to offer a discount, we will fix the discount at least three business days before the investment date with respect to dividend reinvestments, initial optional cash purchases and optional cash purchases within the Plan limits. The discount rate, if any, on optional cash investments pursuant to a request for waiver will be announced at least three business days before the first day of the pricing period. Such discounts may vary each month and may not apply uniformly to all purchases made pursuant to the Plan for that month. The discount will be established at our sole discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs. You may obtain the discount, if any, applicable to the next investment date by calling the administrator at (800) 519-3111 or us at (410) 427-1700. You may also visit our website at www.omegahealthcare.com.

While a discount from market prices of up to 5% may be established, the discount is subject to change from time to time and is also subject to discontinuance at our discretion at any time. We will not offer a discount for common stock purchased in the open market or in privately negotiated transactions.

20. Will certificates be issued for share purchases?

The administrator will not issue certificates for shares that you purchase under the Plan. Your account statement will show the number of shares credited to your Plan account in "book-entry" form. This service protects against the loss, theft, or destruction of certificates evidencing shares. However, you may at any time request that the administrator issue a certificate for any whole number of shares of common stock, up to the number of whole shares credited to your Plan account. You can request a certificate for some or all of your shares by accessing your Plan account through the Internet at the administrator's website at www.computershare.com, by calling the administrator at (800) 519-3111, or by writing to the administrator at the address listed in Question 2 above. The administrator will not issue certificates for fractional shares of common stock under any circumstances. If you request a certificate for all shares credited to your Plan account, a certificate will be issued for the whole shares and a cash payment will be made for any remaining fractional share. That cash payment will be based upon the then-current market value of the shares, less any applicable fees.

Receiving a portion of your shares in a certificate form from your Plan account does not affect your dividend reinvestment option. For example, if you authorized full dividend reinvestment, cash dividends with respect to the shares issued in certificate form will continue to be reinvested. However, if you withdraw all of your whole and fractional shares from your Plan account, your participation in the Plan will be terminated and any future dividends

will be paid by check or direct deposit to your bank account.

28

21. What if I have more than one Plan account?

For purposes of the limitations discussed in this prospectus, we may aggregate all optional cash purchases for you if you have more than one Plan account which uses the same social security or taxpayer identification number. If you are unable to supply a social security or taxpayer identification number, your participation may be limited by us to only one Plan account. Also for the purpose of these limitations, all Plan accounts that we believe to be under common control or management or to have common beneficial ownership may be aggregated. Unless we have determined that reinvestment of dividends and optional cash purchases for each Plan account would be consistent with the purposes of the Plan, we will have the right to aggregate all of these accounts and to return, without interest, any amounts in excess of the investment limitations.

22. May I add shares of common stock to my Plan account by depositing stock certificates that I possess?

You may send to the Plan for safekeeping all common stock certificates which you hold. The safekeeping of shares offers the advantage of protection against loss, theft or destruction of certificates as well as convenience if and when shares are sold through the Plan. All shares represented by certificates will be kept for safekeeping and credited to your Plan account in "book-entry" form and combined with any full and fractional shares then held by the Plan for you. If you wish to deposit your certificates of our common stock, you must mail them along with a request to the administrator to hold your certificates for safekeeping. The certificates should not be endorsed. Any certificates sent to the administrator should be sent registered mail or certified mail, return receipt requested, and properly insured, as you bear the risk for certificates lost or stolen in transit. You may mail certificates to the administrator at the address provided in Question 2 above.

The administrator will promptly send you a statement confirming each deposit of your common stock certificates. When necessary, you can simply request that certificates be issued as your needs require.

23. How do I sell shares of common stock in my Plan account?

You may sell some or all of your shares in your Plan account (including shares deposited by you with the administrator for safekeeping) by accessing your Plan account through the Internet at the administrator's website at www.computershare.com, by calling the administrator at (800) 519-3111 or by writing to the administrator at the address listed in Question 2 above. You will be charged a service fee of \$15 for each requested sale and a processing fee of \$0.12 per each whole share and fraction sold, which includes the applicable brokerage commissions the administrator is required to pay. The fees will be deducted from the proceeds of the sale. Shares you sell in this manner will be aggregated with those of other participants for whom the administrator is also selling shares on the same date. The administrator will process all sale orders on the day the administrator receives them, provided that the instructions are received before 1:00 p.m., Eastern time, on a business day during which the administrator and the NYSE are open for business. If your sale instructions are received after 1:00 p.m., Eastern Time, on a business day on which the administrator and the NYSE are open for business, the sale order will be processed on the following business day. The sale price for shares sold will be the market price received from the sale of such shares. Your sales proceeds would then be remitted to you by check.

You will not earn interest on funds generated from the sale of shares for the time period between the date of sale and the date on which you receive your check. The administrator reserves the right to designate a broker to sell shares on the open market. All sale requests having an anticipated market value of \$25,000 or more must be submitted in written form.

Neither we nor any Plan participant has the authority or power to control the timing, pricing, or the selection of a broker of any shares sold. Therefore, you will not be able to precisely time your sales through the Plan, and you will bear the market risk associated with fluctuations in the price of our common stock. That is, if you send in a request for

a sale, it is possible that the market price of our common stock could increase or decrease before the sale is completed. If you prefer to have control over the exact price and timing of your sale, you may request through the Internet, by telephone or in writing that the administrator issue to you a certificate for any or all of the whole shares in your Plan account, and thereafter, you can conduct the transaction through a broker-dealer of your choice.

Instructions sent to the administrator to sell shares are binding on all participants and may not be rescinded.

24. How may I transfer all or a part of my shares held in the Plan to another person?

You may transfer ownership of all or part of your shares held in the Plan through gift, private sale or otherwise, by mailing to the administrator at the address provided in Question 2 above a properly executed stock power, along with a letter with specific instructions regarding the transfer and a Substitute Form W-9 (Certification of Taxpayer Identification Number) completed by the transferee. Requests for transfer of shares held in the Plan are subject to the same requirements as the transfer of common stock certificates, including the requirement of a medallion signature guarantee on the stock power. The administrator will provide you with the appropriate forms upon request. If you have any stock certificates bearing a restrictive legend in your Plan account, the administrator will comply with the provisions of the restrictive legend before effecting a sale or transfer of the restricted shares. All transfers will be subject to the limitations on ownership and transfer provided in our charter which are summarized below in the section entitled "Restrictions on Ownership of Shares" and which are incorporated into this prospectus by reference. If you have any questions regarding transfer requirements for shares in your Plan account, please contact the administrator as specified in Question 2 above.

25. What reports will be sent to participants in the Plan?

You will receive a statement whenever there is activity affecting your Plan account. The statement will confirm each transaction, such as any purchase, sale, transfer, certificate deposit, certificate issuance, or dividend reinvestment. Statements will be sent promptly following each transaction. These statements are a record of your Plan account activity showing your cumulative share position and the prices for your purchases and sales of shares under the Plan. The statements will also show the amount of dividends reinvested (if applicable) and any applicable fees charged for your respective transactions during that period. You should retain these statements for tax purposes.

The final statement for each year will show all pertinent information for that calendar year, including tax-related information. The administrator may charge you a fee for additional copies of your account statements.

You may also view year-to-date transaction activity in your Plan account for the current year, as well as activity in prior years, by accessing your Plan account at the administrator's website at www.computershare.com.

The administrator will also send you copies of each prospectus and any amendments or supplements to the prospectus describing the Plan. We will also send you the same information that we send to other stockholders, including annual reports, notices of stockholders' meetings, proxy statements, and income tax reporting information.

Any participant that participates in the Plan through a broker, bank or nominee, should contact that party for similar statements or material.

26. What happens if we issue a stock dividend or subscription rights, declare a stock split or make any other distribution in respect of shares of our common stock?

All split shares, stock dividends, or any other distribution of our common stock on shares credited to your Plan account and/or on shares held by you in the form of stock certificates will be credited to your Plan account with the appropriate number of shares of our common stock on the payment date. In the event that we make available to the holders of our common stock subscription rights to purchase additional shares of common stock, the administrator will sell the rights accruing to all shares held by the administrator for participants and apply the net proceeds of the sale to the purchase of common stock with the next monthly optional cash purchase.

27. May shares in my account be pledged?

You may not pledge shares credited to your or any other participant's account and any purported pledge will be void. If you wish to pledge shares, those shares must be withdrawn from the Plan.

30

28. Will I be able to vote my shares of common stock held in the Plan?

Whole shares held in a Plan account may be voted in person or by the proxy sent to you. Fractions of shares may not be voted.

If you return your proxy properly signed and marked for voting, all the shares covered by the proxy - those registered in your name and/or those credited to your account under the Plan - will be voted as marked. If the proxy is returned properly signed but without indicating instructions as to the manner in which your shares are to be voted with respect to any item thereon, the shares will be voted in accordance with the recommendations of our board of directors. If your proxy is not returned, or if it is returned unexecuted or improperly executed, your shares will be voted only if you attend the meeting and vote in person.

29. What are the federal income tax consequences of participating in the Plan?

If you reinvest dividends, you will still be treated for federal income tax purposes as having received a dividend on the dividend payment date. By reinvesting dividends you will be liable for the payment of income tax on the dividends despite not receiving immediate cash dividends to satisfy the tax liability. In addition, for reinvested dividends and optional cash purchases, you will be generally treated as having received a constructive distribution, which may give rise to additional tax liability to the extent we pay brokerage commissions on your behalf or purchase shares at a discount. See the section entitled "Certain Federal Income Tax Consequences Associated with Participating in the Plan" below.

30. Are there any limitations of liability for the company or the administrator?

Neither we nor the administrator (nor any of our or its respective agents, representatives, employees, officers, directors, or subcontractors) will be liable in administering the Plan for any act done in good faith nor for any good faith omission to act, including, without limitation, any claim of liability arising from failure to terminate your Plan account upon your death prior to receipt of notice in writing of such death, with respect to the prices or times at which shares are purchased or sold for you or fluctuations in the market value of common stock. You should recognize that the prices of shares purchased under the Plan will be determined by, and subject to, market conditions, and neither we nor the administrator can provide any assurance of a profit or protection against loss on any shares purchased under the Plan.

31. May the Plan be changed or terminated?

We may amend, modify, suspend or terminate the Plan at any time. You will be notified by the administrator in writing of any substantial modifications made to the Plan. Any amendment may include an appointment by the administrator in its place of a successor administrator under the terms and conditions set forth herein, in which event we are authorized to pay the successor for the account of each participant, all dividends and distributions payable on common stock held by the participant under the Plan for application by the successor as provided herein. Notwithstanding the foregoing, this action will not have any retroactive effect that would prejudice your interests.

Any amendment, suspension, modification or termination of the Plan will not affect your rights as a stockholder in any way, and any "book-entry" shares you own will continue to be credited to your account with the administrator unless you specifically request otherwise.

If your Plan account balance falls below one full share, the administrator reserves the right to liquidate your Plan account and remit the proceeds, less any applicable fees, to you at your address of record and to terminate your participation in the Plan.

32. What law governs the Plan?

The Plan is governed by the laws of the State of Maryland.

31

RESTRICTIONS ON OWNERSHIP OF SHARES

Because our board of directors believes it is essential for us to continue to qualify as a REIT, our charter documents contain restrictions on the ownership and transfer of our capital stock which are intended to assist us in complying with the requirements to qualify as a real estate investment trust.

If our board of directors is, at any time and in good faith, of the opinion that direct or indirect ownership of at least 9.9% or more of the voting shares of stock has or may become concentrated in the hands of one beneficial owner (as that term is defined in Rule 13d-3 under the Exchange Act), our board of directors has the power:

- by any means deemed equitable by it to call for the purchase from any stockholder a number of voting shares sufficient, in the opinion of our board of directors, to maintain or bring the direct or indirect ownership of voting shares of stock of the beneficial owner to a level of no more than 9.9% of the outstanding voting shares of our stock; and
- to refuse to transfer or issue voting shares of stock to any person whose acquisition of those voting shares would, in the opinion of our board of directors, result in the direct or indirect ownership by that person of more than 9.9% of the outstanding voting shares of our stock.

Further, any transfer of shares, options, warrants or other securities convertible into voting shares that would create a beneficial owner of more than 9.9% of the outstanding shares of our stock shall be deemed void ab initio and the intended transferee shall be deemed never to have had an interest therein. The purchase price for any voting shares of stock so redeemed shall be equal to:

- the fair market value of the shares reflected in the closing sales price for the shares, if then listed on a national securities exchange;
- the average of the closing sales prices for the shares, if then listed on more than one national securities exchange;
- if the shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter, on the last business day immediately preceding the day on which notices of the acquisitions are sent; or
- if none of these closing sales prices or quotations are available, then the purchase price will be equal to the net asset value of the stock as determined by our board of directors in accordance with the provisions of applicable law.

From and after the date fixed for purchase by our board of directors, the holder of any shares so called for purchase shall cease to be entitled to distributions, voting rights and other benefits with respect to those shares, except the right to payment of the purchase price for the shares.

MARKET FOR THE REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS AND DIVIDENDS

Our shares of common stock are traded on the New York Stock Exchange under the symbol "OHI." The following table sets forth, for the periods shown, the high and low prices as reported on the New York Stock Exchange Composite for the periods indicated and cash dividends per share:

| Quarter | 2006 | | | 2005 | | | Dividends Per Share |
|---------|----------|----------|---------------------------|---------|----------|----------|---------------------------|
| | High | Low | Dividends Per Share | Quarter | High | Low | |
| First | \$14.030 | \$12.360 | \$0.23 | First | \$11.950 | \$10.310 | \$0.20 |
| Second | 13.920 | 11.150 | 0.24 | Second | 13.650 | 10.580 | 0.21 |
| Third | 15.500 | 12.560 | 0.24 | Third | 14.280 | 12.390 | 0.22 |
| Fourth | 18.000 | 14.810 | 0.25 | Fourth | 13.980 | 11.660 | 0.22 |
| | | | \$0.96 | | | | \$0.85 |

The closing price on April 19, 2007 was \$17.39 per share. As of March 26, 2007 there were 60,100,859 shares of common stock outstanding with 2,960 registered holders.

The following table provides information about all equity awards under our company's 2004 Stock Incentive Plan, 2000 Stock Incentive Plan and 1993 Amended and Restated Stock Option and Restricted Stock Plan as of December 31, 2006.

| Plan category | (a) Number of securities to be issued upon exercise of outstanding options, warrants and rights | (b) Weighted-average exercise price of outstanding options, warrants and rights | (c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) |
|---|--|--|--|
| Equity compensation plans approved by security holders | 472,245(1) | \$ 12.58 | 2,891,980 |
| Equity compensation plans not approved by security holders | — | — | — |
| Total | 472,245(1) | \$ 12.58 | 2,891,980 |

(1) Reflects 105,832 shares of restricted common stock issued January 4, 2007 and 317,500 shares of common stock issuable January 1, 2008 associated with performance restricted stock units which vested on September 30, 2006.

During the fourth quarter of 2006, no shares of our common stock were purchased from employees to pay the withholding taxes associated with employee exercising of stock options.

| Period | Total Number of Shares Purchased (1) | Average Price Paid per Share | Total Number of Shares Purchased as Part of | Maximum Number (or Approximate Dollar |
|--------|---|---------------------------------|--|--|
|--------|---|---------------------------------|--|--|

| | | | Publicly Announced Plans or Programs | Value) of Shares that May be Purchased Under these Plans or Programs | |
|---------------------------------------|-----|---|---|---|---|
| October 1, 2006 to October 31, 2006 | —\$ | — | | —\$ | — |
| November 1, 2006 to November 30, 2006 | — | — | | — | — |
| December 1, 2006 to December 31, 2006 | — | — | | — | — |
| Total | —\$ | — | | —\$ | — |

(1) Represents shares purchased from employees to pay the withholding taxes related to the exercise of employee stock options. The shares were not part of a publicly announced repurchase plan or program.

We expect to continue our policy of paying regular cash dividends, although there is no assurance as to future dividends because they depend on future earnings, capital requirements and our financial condition. In addition, the payment of dividends is subject to the restrictions described in Note 14 to our consolidated financial statements for the fiscal year ended December 31, 2006 included elsewhere herein.

SELECTED FINANCIAL DATA

The following table sets forth our selected financial data and operating data for our company on a historical basis. The following data should be read in conjunction with our audited consolidated financial statements and notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations included elsewhere herein. Our historical operating results may not be comparable to our future operating results.

| | Year ended December 31, | | | | |
|---|--|-------------|-------------|-------------|-------------|

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

Our portfolio of investments at December 31, 2006, consisted of 239 healthcare facilities, located in 27 states and operated by 32 third-party operators. Our gross investment in these facilities totaled approximately \$1.3 billion at December 31, 2006, with 98% of our real estate investments related to long-term healthcare facilities. This portfolio is made up of 228 long-term healthcare facilities and two rehabilitation hospitals owned and leased to third parties and fixed rate mortgages on nine long-term healthcare facilities. At December 31, 2006, we also held other investments of approximately \$22 million, consisting primarily of secured loans to third-party operators of our facilities.

Restatements

On December 14, 2006, we filed a Form 10-K/A, which amended our previously filed Form 10-K for fiscal year 2005. Contained within that Form 10-K/A were restated consolidated financial statements for the three years ended December 31, 2005. The restatements corrected errors in previously reported amounts related to income tax matters and to certain debt and equity investments in Advocat, as well as to the recording of certain straight-line rental income. Amounts reflected herein were derived from the restated financial information rather than the 2005 Form 10-K, which had been filed with the SEC on February 17, 2006 and mailed to stockholders shortly thereafter. Similarly, on December 14, 2006, we filed Forms 10-Q/A amending our previously filed consolidated financial statements for the first and second quarters of fiscal 2006 to correct errors in previously recorded amounts as discussed previously. Amounts reflected in Note 16 - Summary of Quarterly Results (Unaudited) to our audited consolidated financial statements as of December 31, 2006 were derived from the restated financial information rather than the Form 10-Q as of March 31, 2006 and June 30, 2006. See also Note 10 - Taxes to our audited consolidated financial statements for the fiscal year ended December 31, 2006 included elsewhere herein.

Medicare Reimbursement

All of our properties are used as healthcare facilities; therefore, we are directly affected by the risk associated with the healthcare industry. Our lessees and mortgagors, as well as any facilities that may be owned and operated for our own account from time to time, derive a substantial portion of their net operating revenues from third-party payors, including the Medicare and Medicaid programs. These programs are highly regulated by federal, state and local laws, rules and regulations and are subject to frequent and substantial change.

In 1997, the Balanced Budget Act significantly reduced spending levels for the Medicare and Medicaid programs, in part because the legislation modified the payment methodology for skilled nursing facilities, or SNFs by shifting payments for services provided to Medicare beneficiaries from a reasonable cost basis to a prospective payment system. Under the prospective payment system, SNFs are paid on a per diem prospective case-mix adjusted basis for all covered services. Implementation of the prospective payment system has affected each long-term care facility to a different degree, depending upon the amount of revenue such facility derives from Medicare patients.

Legislation adopted in 1999 and 2000 provided for a few temporary increases to Medicare payment rates, but these temporary increases have since expired. Specifically, in 1999 the Balanced Budget Refinement Act included a 4% across-the-board increase of the adjusted federal per diem payment rates for all patient acuity categories (known as "Resource Utilization Groups" or "RUGs") that were in effect from April 2000 through September 30, 2002. In 2000, the Benefits Improvement and Protection Act included a 16.7% increase in the nursing component of the case-mix adjusted federal periodic payment rate, which was implemented in April 2000 and also expired October 1, 2002. The October 1, 2002 expiration of these temporary increases has had an adverse impact on the revenues of the operators of SNFs and has negatively impacted some operators' ability to satisfy their monthly lease or debt payments to us.

The Balanced Budget Refinement Act and the Benefits Improvement and Protection Act also established temporary increases, beginning in April 2001, to Medicare payment rates to SNFs that were designated to remain in place until the Centers for Medicare and Medicaid Services, or CMS, implemented refinements to the existing RUG case-mix classification system to more accurately estimate the cost of non-therapy ancillary services. The Balanced Budget Refinement Act provided for a 20% increase for 15 RUG categories until CMS modified the RUG case-mix classification system. The Benefits Improvement and Protection Act modified this payment increase by reducing the 20% increase for three of the 15 RUGs to a 6.7% increase and instituting an additional 6.7% increase for eleven other RUGs.

On August 4, 2005, CMS published a final rule, effective October 1, 2005, establishing Medicare payments for SNFs under the prospective payment system for federal fiscal year 2006 (October 1, 2005 to September 30, 2006). The final rule modified the RUG case-mix classification system and added nine new categories to the system, expanding the number of RUGs from 44 to 53. The implementation of the RUG refinements triggered the expiration of the temporary payment increases of 20% and 6.7% established by the Balanced Budget Refinement Act and the Benefits Improvement and Protection Act, respectively.

Additionally, CMS announced updates in the final rule to reimbursement rates for SNFs in federal fiscal year 2006 based on an increase in the "full market-basket" of 3.1%. In the August 4, 2005 notice, CMS estimated that the increases in Medicare reimbursements to SNFs arising from the refinements to the prospective payment system and the market basket update under the final rule would offset the reductions stemming from the elimination of the temporary increases during federal fiscal year 2006. CMS estimated that there would be an overall increase in Medicare payments to SNFs totaling \$20 million in fiscal year 2006 compared to 2005.

On July 27, 2006, CMS posted a notice updating the payment rates to SNFs for fiscal year 2007 (October 1, 2006 to September 30, 2007). The market basket increase factor is 3.1% for 2007. CMS estimates that the payment update will increase aggregate payments to SNFs nationwide by approximately \$560 million in fiscal year 2007 compared to 2006.

Nonetheless, we cannot accurately predict what effect, if any, these changes will have on our lessees and mortgagors in 2007 and beyond. These changes to the Medicare prospective payment system for SNFs, including the elimination of temporary increases, could adversely impact the revenues of the operators of nursing facilities and could negatively impact the ability of some of our lessees and mortgagors to satisfy their monthly lease or debt payments to us.

A 128% temporary increase in the per diem amount paid to SNFs for residents who have AIDS took effect on October 1, 2004. This temporary payment increase arose from the Medicare Prescription Drug Improvement and Modernization Act of 2003, or the Medicare Modernization Act. Although CMS also noted that the AIDS add-on was not intended to be permanent, the July 2006 notice updating payment rates for SNFs for fiscal year 2007 indicated that the increase will continue to remain in effect for fiscal year 2007.

A significant change enacted under the Medicare Modernization Act is the creation of a new prescription drug benefit, Medicare Part D, which went into effect January 1, 2006. The significant expansion of benefits for Medicare beneficiaries arising under the expanded prescription drug benefit could result in financial pressures on the Medicare program that might result in future legislative and regulatory changes with impacts for our operators. As part of this new program, the prescription drug benefits for patients who are dually eligible for both Medicare and Medicaid are being transitioned from Medicaid to Medicare, and many of these patients reside in long-term care facilities. The Medicare program experienced significant operational difficulties in transitioning prescription drug coverage for this population when the benefit went into effect on January 1, 2006, although it is unclear whether or how issues involving Medicare Part D might have any direct financial impacts on our operators.

On February 8, 2006, the President signed into law a \$39.7 billion budget reconciliation package called the Deficit Reduction Act of 2005, or Deficit Reduction Act, to lower the federal budget deficit. The Deficit Reduction Act included estimated net savings of \$8.3 billion from the Medicare program over 5 years.

The Deficit Reduction Act contained a provision reducing payments to SNFs for allowable bad debts. Previously, Medicare reimbursed SNFs for 100% of beneficiary bad debt arising from unpaid deductibles and coinsurance amounts. In 2003, CMS released a proposed rule seeking to reduce bad debt reimbursement rates for certain providers, including SNFs, by 30% over a three-year period. Subsequently, in early 2006 the Deficit Reduction Act reduced payments to SNFs for allowable bad debts by 30% effective October 1, 2005 for those individuals not dually eligible for Medicare and Medicaid. Bad debt payments for the dually eligible population will remain at 100%. Consistent with this legislation, CMS finalized its 2003 proposed rule on August 18, 2006, and the regulations became effective on October 1, 2006. CMS estimates that implementation of this bad debt provision will result in a savings to the Medicare program of \$490 million from FY 2006 to FY 2010. These reductions in Medicare payments for bad debt could have a material adverse effect on our operators' financial condition and operations, which could adversely affect their ability to meet their payment obligations to us.

The Deficit Reduction Act also contained a provision governing the therapy caps that went into place under Medicare on January 1, 2006. The therapy caps limit the physical therapy, speech-language therapy and occupation therapy services that a Medicare beneficiary can receive during a calendar year. The therapy caps were in effect for calendar year 1999 and then suspended by Congress for three years. An inflation-adjusted therapy limit (\$1,590 per year) was implemented in September of 2002, but then once again suspended in December of 2003 by the Medicare Modernization Act. Under the Medicare Modernization Act, Congress placed a two-year moratorium on implementation of the caps, which expired at the end of 2005.

The inflation-adjusted therapy caps are set at \$1,780 for calendar year 2007. These caps do not apply to therapy services covered under Medicare Part A in a SNF, although the caps apply in most other instances involving patients in SNFs or long-term care facilities who receive therapy services covered under Medicare Part B. The Deficit Reduction Act permitted exceptions in 2006 for therapy services to exceed the caps when the therapy services are deemed medically necessary by the Medicare program. The Tax Relief and Health Care Act of 2006, signed into law on December 20, 2006, extends these exceptions through December 31, 2007. Future and continued implementation of the therapy caps could have a material adverse effect on our operators' financial condition and operations, which could adversely affect their ability to meet their payment obligations to us.

In general, we cannot be assured that federal reimbursement will remain at levels comparable to present levels or that such reimbursement will be sufficient for our lessees or mortgagors to cover all operating and fixed costs necessary to care for Medicare and Medicaid patients. We also cannot be assured that there will be any future legislation to increase Medicare payment rates for SNFs, and if such payment rates for SNFs are not increased in the future, some of our lessees and mortgagors may have difficulty meeting their payment obligations to us.

Medicaid and Other Third-Party Reimbursement

Each state has its own Medicaid program that is funded jointly by the state and federal government. Federal law governs how each state manages its Medicaid program, but there is wide latitude for states to customize Medicaid programs to fit the needs and resources of their citizens. Currently, Medicaid is the single largest source of financing for long-term care in the United States. Rising Medicaid costs and decreasing state revenues caused by recent economic conditions have prompted an increasing number of states to cut or consider reductions in Medicaid funding as a means of balancing their respective state budgets. Existing and future initiatives affecting Medicaid reimbursement may reduce utilization of (and reimbursement for) services offered by the operators of our properties.

In recent years, many states have announced actual or potential budget shortfalls. As a result of these budget shortfalls, many states have announced that they are implementing or considering implementing "freezes" or cuts in Medicaid reimbursement rates, including rates paid to SNF and long-term care providers, or reductions in Medicaid enrollee benefits, including long-term care benefits. We cannot predict the extent to which Medicaid rate freezes, cuts or benefit reductions ultimately will be adopted, the number of states that will adopt them or the impact of such

adoption on our operators. However, extensive Medicaid rate cuts, freezes or benefit reductions could have a material adverse effect on our operators' liquidity, financial condition and operations, which could adversely affect their ability to make lease or mortgage payments to us.

The Deficit Reduction Act included \$4.7 billion in estimated savings from Medicaid and the State Children's Health Insurance Program over five years. The Deficit Reduction Act gave states the option to increase Medicaid cost-sharing and reduce Medicaid benefits, accounting for an estimated \$3.2 billion in federal savings over five years. The remainder of the Medicaid savings under the Deficit Reduction Act comes primarily from changes to prescription drug reimbursement (\$3.9 billion in savings over five years) and tightened policies governing asset transfers (\$2.4 billion in savings over five years).

Asset transfer policies, which determine Medicaid eligibility based on whether a Medicaid applicant has transferred assets for less than fair value, became more restrictive under the Deficit Reduction Act, which extended the look-back period to five years, moved the start of the penalty period and made individuals with more than \$500,000 in home equity ineligible for nursing home benefits (previously, the home was excluded as a countable asset for purposes of Medicaid eligibility). These changes could have a material adverse effect on our operators' financial condition and operations, which could adversely affect their ability to meet their payment obligations to us.

Additional reductions in federal funding are expected for some state Medicaid programs as a result of changes in the percentage rates used for determining federal assistance on a state-by-state basis. Legislation has been introduced in Congress that would partially mitigate the reductions for some states that would experience significant reductions in federal funding, although whether Congress will enact this or other legislation remains uncertain.

Finally, private payors, including managed care payors, increasingly are demanding discounted fee structures and the assumption by healthcare providers of all or a portion of the financial risk of operating a healthcare facility. Efforts to impose greater discounts and more stringent cost controls are expected to continue. Any changes in reimbursement policies that reduce reimbursement levels could adversely affect the revenues of our lessees and mortgagors, thereby adversely affecting those lessees' and mortgagors' abilities to make their monthly lease or debt payments to us.

Fraud and Abuse Laws and Regulations

There are various extremely complex and largely uninterpreted federal and state laws governing a wide array of referrals, relationships and arrangements and prohibiting fraud by healthcare providers, including criminal provisions that prohibit filing false claims or making false statements to receive payment or certification under Medicare and Medicaid, and failing to refund overpayments or improper payments. The federal and state governments are devoting increasing attention and resources to anti-fraud initiatives against healthcare providers. Penalties for healthcare fraud have been increased and expanded over recent years, including broader provisions for the exclusion of providers from the Medicare and Medicaid programs. The Office of the Inspector General for the U.S. Department of Health and Human Services, or OIG-HHS, has described a number of ongoing and new initiatives for 2007 to study instances of potential overbilling and/or fraud in SNFs and nursing homes under both Medicare and Medicaid. The OIG-HHS, in cooperation with other federal and state agencies, also continues to focus on the activities of SNFs in certain states in which we have properties.

In addition, the federal False Claims Act allows a private individual with knowledge of fraud to bring a claim on behalf of the federal government and earn a percentage of the federal government's recovery. Because of these monetary incentives, these so-called "whistleblower" suits have become more frequent. Some states currently have statutes that are analogous to the federal False Claims Act. The Deficit Reduction Act encourages additional states to enact such legislation and may encourage increased enforcement activity by permitting states to retain 10% of any recovery for that state's Medicaid program if the enacted legislation is at least as rigorous as the federal False Claims Act. The violation of any of these laws or regulations by an operator may result in the imposition of fines or other penalties that could jeopardize that operator's ability to make lease or mortgage payments to us or to continue operating its facility.

Legislative and Regulatory Developments

Each year, legislative and regulatory proposals are introduced or proposed in Congress and state legislatures as well as by federal and state agencies that, if implemented, could result in major changes in the healthcare system, either nationally or at the state level. In addition, regulatory proposals and rules are released on an ongoing basis that may have major impacts on the healthcare system generally and the industries in which our operators do business. Legislative and regulatory developments can be expected to occur on an ongoing basis at the local, state and federal levels that have direct or indirect impacts on the policies governing the reimbursement levels paid to our facilities by

public and private third-party payors, the costs of doing business and the threshold requirements that must be met for facilities to continue operation or to expand.

38

The Medicare Modernization Act, which is one example of such legislation, was enacted in December 2003. The significant expansion of other benefits for Medicare beneficiaries under this Act, such as the prescription drug benefit, could create financial pressures on the Medicare program that might result in future legislative and regulatory changes with impacts on our operators. Although the creation of a prescription drug benefit for Medicare beneficiaries was expected to generate fiscal relief for state Medicaid programs, the structure of the benefit and costs associated with its implementation may mitigate the relief for states that originally was anticipated.

The Deficit Reduction Act is another example of such legislation. The provisions in the legislation designed to create cost savings from both Medicare and Medicaid could diminish reimbursement for our operators under both Medicare and Medicaid.

CMS also launched, in 2002, the Nursing Home Quality Initiative program in 2002, which requires nursing homes participating in Medicare to provide consumers with comparative information about the quality of care at the facility. In the fall of 2007, CMS plans to initiate a new quality campaign, Advancing Excellence for America's Nursing Home Residents, to be conducted over the next two years with the ultimate goal being improvement in quality of life and efficiency of care delivery. In the event any of our operators do not maintain the same or superior levels of quality care as their competitors, patients could choose alternate facilities, which could adversely impact our operators' revenues. In addition, the reporting of such information could lead to reimbursement policies that reward or penalize facilities on the basis of the reported quality of care parameters.

In late 2005, CMS began soliciting public comments regarding a demonstration to examine pay-for-performance approaches in the nursing home setting that would offer financial incentives for facilities delivering high quality care. In June 2006, Abt Associates published recommendations for CMS on how to design this demonstration project. The two-year demonstration is slated to begin in October 2007 and will run through September, 2009. Other proposals under consideration include efforts by individual states to control costs by decreasing state Medicaid reimbursements in the current or future fiscal years and federal legislation addressing various issues, such as improving quality of care and reducing medical errors throughout the health care industry. We cannot accurately predict whether specific proposals will be adopted or, if adopted, what effect, if any, these proposals would have on operators and, thus, our business.

Significant Highlights

The following significant highlights occurred during the twelve-month period ended December 31, 2006.

Financing

- In January 2006, we redeemed the remaining 20.7% of our \$100 million aggregate principal amount of 6.95% notes due 2007 that were not otherwise tendered in 2005.

Dividends

- In 2006, we paid common stock dividends of \$0.23, \$0.24, \$0.24 and \$0.25 per share, for stockholders of record on January 31, 2006, April 28, 2006, July 31, 2006 and November 3, 2006, respectively.

New Investments

- In August 2006, we closed on \$171 million of new investments and leased them to existing third-party operators.
- In September 2006, we closed on \$25.0 million of investments with an existing third-party operator.

- On October 20, 2006, we restructured our relationship with Advocat, which restructuring included a rent increase of \$0.7 million annually and a term extension to September 30, 2018.

Asset Sales and Other

- In August 2006, we sold our common stock investment in Sun Healthcare Group, Inc., or Sun, for \$7.6 million of cash proceeds.

In June 2006, a \$10 million mortgage was paid-off in full.

- In March 2006, Haven Eldercare, LLC, or Haven,, paid \$39 million on a \$62 million mortgage it has with us.
- Throughout 2006, in various transactions, we sold three SNFs and one assisted living facility, or ALF, for cash proceeds of approximately \$1.6 million.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with generally accepted accounting principles, or GAAP, in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Our significant accounting policies are described in Note 2 to our audited consolidated financial statements. These policies were followed in preparing the consolidated financial statements for all periods presented. Actual results could differ from those estimates.

We have identified four significant accounting policies that we believe are critical accounting policies. These critical accounting policies are those that have the most impact on the reporting of our financial condition and those requiring significant assumptions, judgments and estimates. With respect to these critical accounting policies, we believe the application of judgments and assessments is consistently applied and produces financial information that fairly presents the results of operations for all periods presented. The four critical accounting policies are:

Revenue Recognition

Rental income and mortgage interest income are recognized as earned over the terms of the related master leases and mortgage notes, respectively. Substantially all of our leases contain provisions for specified annual increases over the rents of the prior year and are generally computed in one of three methods depending on specific provisions of each lease as follows: (i) a specific annual increase over the prior year's rent, generally 2.5%; (ii) an increase based on the change in pre-determined formulas from year to year (i.e., such as increases in the CPI); or (iii) specific dollar increases over prior years. Revenue under lease arrangements with specific determinable increases is recognized over the term of the lease on a straight-line basis. SEC Staff Accounting Bulletin No. 101 "*Revenue Recognition in Financial Statements*," or SAB 101, does not provide for the recognition of contingent revenue until all possible contingencies have been eliminated. We consider the operating history of the lessee, the general condition of the industry and various other factors when evaluating whether all possible contingencies have been eliminated. We have historically not included, and generally expect in the future not to include, contingent rents as income until received. We follow a policy related to rental income whereby we typically consider a lease to be non-performing after 90 days of non-payment of past due amounts and do not recognize unpaid rental income from that lease until the amounts have been received.

In the case of rental revenue recognized on a straight-line basis, we will generally discontinue recording rent on a straight-line basis if the lessee becomes delinquent in rent owed under the terms of the lease. Reserves are taken against earned revenues from leases when collection becomes questionable or when negotiations for restructurings of

troubled operators result in significant uncertainty regarding ultimate collection. The amount of the reserve is estimated based on what management believes will likely be collected. Once the recording of straight-line rent is suspended, we will evaluate the collectibility of the related straight-line rent asset. If it is determined that the delinquency is temporary, we will resume booking rent on a straight-line basis once payment is received for past due rents, after taking into account application of security deposits. If it appears that we will not collect future rent due under our leases, we will record a provision for loss related to the straight-line rent asset.

Recognizing rental income on a straight-line basis results in recognized revenue exceeding contractual amounts due from our tenants. Such cumulative excess amounts are included in accounts receivable and were \$20.0 million and \$13.8 million, net of allowances, at December 31, 2006 and 2005, respectively.

Gains on sales of real estate assets are recognized pursuant to the provisions of SFAS No. 66, *Accounting for Sales of Real Estate*. The specific timing of the recognition of the sale and the related gain is measured against the various criteria in SFAS No. 66 related to the terms of the transactions and any continuing involvement associated with the assets sold. To the extent the sales criteria are not met, we defer gain recognition until the sales criteria are met.

Depreciation and Asset Impairment

Under GAAP, real estate assets are stated at the lower of depreciated cost or fair value, if deemed impaired. Depreciation is computed on a straight-line basis over the estimated useful lives of 25 to 40 years for buildings and improvements and 3 to 10 years for furniture, fixtures and equipment. Management periodically, but not less than annually, evaluates our real estate investments for impairment indicators, including the evaluation of our assets' useful lives. The judgment regarding the existence of impairment indicators is based on factors such as, but not limited to, market conditions, operator performance and legal structure. If indicators of impairment are present, management evaluates the carrying value of the related real estate investments in relation to the future undiscounted cash flows of the underlying facilities. Provisions for impairment losses related to long-lived assets are recognized when expected future undiscounted cash flows are determined to be permanently less than the carrying values of the assets. An adjustment is made to the net carrying value of the leased properties and other long-lived assets for the excess of historical cost over fair value. The fair value of the real estate investment is determined by market research, which includes valuing the property as a nursing home as well as other alternative uses. All impairments are taken as a period cost at that time, and depreciation is adjusted going forward to reflect the new value assigned to the asset.

If we decide to sell rental properties or land holdings, we evaluate the recoverability of the carrying amounts of the assets. If the evaluation indicates that the carrying value is not recoverable from estimated net sales proceeds, the property is written down to estimated fair value less costs to sell. Our estimates of cash flows and fair values of the properties are based on current market conditions and consider matters such as rental rates and occupancies for comparable properties, recent sales data for comparable properties, and, where applicable, contracts or the results of negotiations with purchasers or prospective purchasers.

For the years ended December 31, 2006, 2005, and 2004, we recognized impairment losses of \$0.5 million, \$9.6 million and \$0.0 million, respectively, including amounts classified within discontinued operations.

Loan Impairment

Management, periodically but not less than annually, evaluates our outstanding loans and notes receivable. When management identifies potential loan impairment indicators, such as non-payment under the loan documents, impairment of the underlying collateral, financial difficulty of the operator or other circumstances that may impair full execution of the loan documents, and management believes these indicators are permanent, then the loan is written down to the present value of the expected future cash flows. In cases where expected future cash flows cannot be estimated, the loan is written down to the fair value of the collateral. The fair value of the loan is determined by market research, which includes valuing the property as a nursing home as well as other alternative uses. We recorded loan impairments of \$0.9 million, \$0.1 million and \$0.0 million for the years ended December 31, 2006, 2005 and 2004, respectively.

In accordance with FASB Statement No. 114, *Accounting by Creditors for Impairment of a Loan* and FASB Statement No. 118, *Accounting by Creditors for Impairment of a Loan - Income Recognition and Disclosures*, we currently account for impaired loans using the cost-recovery method applying cash received against the outstanding

principal balance prior to recording interest income (see Note 5 - Other Investments to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein).

41

Assets Held for Sale and Discontinued Operations

Pursuant to the provisions of SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, the operating results of specified real estate assets that have been sold, or otherwise qualify as held for disposition (as defined by SFAS No. 144), are reflected as discontinued operations in the consolidated statements of operations for all periods presented. We had six assets held for sale as of December 31, 2006 with a combined net book value of \$3.6 million.

Results of Operations

The following is our discussion of the consolidated results of operations, financial position and liquidity and capital resources, which should be read in conjunction with our audited consolidated financial statements and accompanying notes.

Year Ended December 31, 2006 compared to Year Ended December 31, 2005

Operating Revenues

Our operating revenues for the year ended December 31, 2006 totaled \$135.7 million, an increase of \$26.0 million, over the same period in 2005. The \$26.0 million increase was primarily a result of new investments made throughout 2005 and 2006. The increase in operating revenues from new investments was partially offset by a reduction in mortgage interest income and one-time contractual interest revenue associated with the payoff of a mortgage during the first quarter of 2005.

Detailed changes in operating revenues for the year ended December 31, 2006 are as follows:

- Rental income was \$127.1 million, an increase of \$31.6 million over the same period in 2005. The increase was due to new leases entered into throughout 2006 and 2005, as well as rental revenue from the consolidation of a variable interest entity, or VIE.
- Mortgage interest income totaled \$4.4 million, a decrease of \$2.1 million over the same period in 2005. The decrease was primarily the result of normal amortization, a \$60 million loan payoff that occurred in the first quarter of 2005 and a \$10 million loan payoff that occurred in the second quarter of 2006.
- Other investment income totaled \$3.7 million, an increase of \$0.5 million over the same period in 2005. The primary reason for the increase was due to dividends and accretion income associated with the Advocat securities.
- Miscellaneous revenue was \$0.5 million, a decrease of \$4.0 million over the same period in 2005. The decrease was due to contractual revenue owed to us resulting from a mortgage note prepayment that occurred in the first quarter of 2005.

Operating Expenses

Operating expenses for the year ended December 31, 2006 totaled \$46.6 million, an increase of approximately \$13.0 million over the same period in 2005. The increase was primarily due to \$8.3 million of increased depreciation expense, \$3.3 million of incremental restricted stock expense and a \$0.8 million provision for uncollectible notes receivable, partially offset by a 2005 leasehold termination expense for \$1.1 million.

Detailed changes in our operating expenses for the year ended December 31, 2006 versus the same period in 2005 are as follows:

- Our depreciation and amortization expense was \$32.1 million, compared to \$23.9 million for the same period in 2005. The increase is due to new investments placed throughout 2005 and 2006, as well as depreciation from the consolidation of a VIE.
- Our general and administrative expense, when excluding restricted stock amortization expense and compensation expense related to the performance restricted stock units, was \$9.2 million, compared to \$7.4 million for the same period in 2005. The increase was primarily due to \$1.2 million of restatement related expenses and normal inflationary increases in goods and services.
- For the year ended December 31, 2006, in accordance with FAS No. 123R, we recorded approximately \$3.3 million (included in general and administrative expense) of compensation expense associated with the performance restricted stock units (see Note 12 - Stockholders' Equity and Stock Based Compensation to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein).
- In 2006, we recorded a \$0.8 million provision for uncollectible notes receivable.
- In 2005, we recorded a \$1.1 million lease expiration accrual relating to disputed capital improvement requirements associated with a lease that expired June 30, 2005.

Other Income (Expense)

For the year ended December 31, 2006, our total other net expenses were \$31.8 million as compared to \$36.3 million for the same period in 2005. The significant changes are as follows:

- Our interest expense, excluding amortization of deferred costs and refinancing related interest expenses, for the year ended December 31, 2006 was \$42.2 million, compared to \$29.9 million for the same period in 2005. The increase of \$13.3 million was primarily due to higher debt on our balance sheet versus the same period in 2005 and from consolidation of interest expense from a VIE in 2006.
- For the year ended December 31, 2006, we sold our remaining 760,000 shares of Sun's common stock for approximately \$7.6 million, realizing a gain on the sale of these securities of approximately \$2.7 million.
- For the year ended December 31, 2006, in accordance with FAS No. 133, we recorded a \$9.1 million fair value adjustment to reflect the change in fair value during 2006 of our derivative instrument (i.e., the conversion feature of a redeemable convertible preferred stock security in Advocat, a publicly traded company; see Note 5 - Other Investments to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein).
- For the year ended December 31, 2006, we recorded a \$3.6 million gain on Advocat securities (see Note 5 - Other Investments to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein).
- For the year ended December 31, 2006, we recorded a \$0.8 million non-cash charge associated with the redemption of the remaining 20.7% of our \$100 million aggregate principal amount of 6.95% unsecured notes due 2007 not otherwise tendered in 2005.

For the year ended December 31, 2006, we recorded a one time, non-cash charge of approximately \$2.7 million relating to the write-off of deferred financing costs associated with the termination of our prior credit facility.

- During the year ended December 31, 2005, we recorded a \$3.4 million provision for impairment of an equity security. In accordance with FASB No. 115, the \$3.4 million provision for impairment was to write-down our 760,000 share investment in Sun's common stock to its then current fair market value.
- For the year ended December 31, 2005, we recorded \$1.6 million in net cash proceeds resulting from settlement of a lawsuit filed by us against a former tenant.

2006 Taxes

So long as we qualify as a REIT and, among other things, we distribute 90% of our taxable income, we will not be subject to Federal income taxes on our income, except as described below. For tax year 2006, preferred and common dividend payments of approximately \$67 million made throughout 2006 satisfy the 2006 REIT requirements relating to qualifying income. We are permitted to own up to 100% of a "taxable REIT subsidiary," or TRS. Currently, we have two TRSs that are taxable as corporations and that pay federal, state and local income tax on their net income at the applicable corporate rates. These TRSs had net operating loss carry-forwards as of December 31, 2006 of \$12 million. These loss carry-forwards were fully reserved with a valuation allowance due to uncertainties regarding realization.

During the fourth quarter of 2006, we determined that certain terms of the Advocat Series B non-voting, redeemable convertible preferred stock held by us could be interpreted as affecting our compliance with federal income tax rules applicable to REITs regarding related party tenant income. As such, Advocat, one of our lessees, may be deemed to be a "related party tenant" under applicable federal income tax rules. In such event, our rental income from Advocat would not be qualifying income under the gross income tests that are applicable to REITs. In order to maintain qualification as a REIT, we annually must satisfy certain tests regarding the source of our gross income. The applicable federal income tax rules provide a "savings clause" for REITs that fail to satisfy the REIT gross income tests if such failure is due to reasonable cause. A REIT that qualifies for the savings clause will retain its REIT status but will pay a tax under section 857(b)(5) and related interest. On December 15, 2006, we submitted to the IRS a request for a closing agreement to resolve the "related party tenant" issue. Since that time, we have had additional conversations with the IRS, who has encouraged us to move forward with the process of obtaining a closing agreement, and we have submitted additional documentation in support of the issuance of a closing agreement with respect to this matter. While we believe there are valid arguments that Advocat should not be deemed a "related party tenant," the matter still is not free from doubt, and we believe it is in our best interest to proceed with the request for a closing agreement with the IRS in order to resolve the matter, minimize potential interest charges and obtain assurances regarding its continuing REIT status. If obtained, a closing agreement will establish that any failure to satisfy the gross income tests was due to reasonable cause. In the event that it is determined that the "savings clause" described above does not apply, we could be treated as having failed to qualify as a REIT for one or more taxable years.

As a result of the potential related party tenant issue described above and further discussed in Note 10 - Taxes, we have recorded a \$2.3 million and \$2.4 million provision for income taxes, including related interest expense, for the year ended December 31, 2006 and 2005, respectively. The amount accrued represents the estimated liability and interest, which remains subject to final resolution and therefore is subject to change. In addition, in October 2006, we restructured our Advocat relationship and have been advised by tax counsel that we will not receive any non-qualifying related party tenant income from Advocat in future fiscal years. Accordingly, we do not expect to incur tax expense associated with related party tenant income in future periods commencing January 1, 2007, assuming we enter into a closing agreement with the IRS that recognizes that reasonable cause existed for any failure to satisfy the REIT gross income tests as explained above.

2006 Loss from Discontinued Operations

Discontinued operations relate to properties we disposed of in 2006 or are currently held-for-sale and are accounted for as discontinued operations under SFAS No. 144. For the year ended December 31, 2006, we sold three SNFs and

one ALF resulting in an accounting gain of approximately \$0.2 million.

44

At December 31, 2006, we had six assets held for sale with a net book value of approximately \$3.6 million.

During the three months ended March 31, 2006, a \$0.1 million provision for impairment charge was recorded to reduce the carrying value to its sales price of one facility that was under contract to be sold that was subsequently sold during the second quarter of 2006. During the three months ended December 31, 2006, a \$0.4 million impairment charge was recorded to reduce the carrying value of two facilities, currently under contract to be sold in the first quarter of 2007, to their respective sales price.

In accordance with SFAS No. 144, the \$0.2 million realized net gain is reflected in our consolidated statements of operations as discontinued operations. See Note 18 - Discontinued Operations to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein.

Funds From Operations

Our funds from operations available to common stockholders, or FFO, for the year ended December 31, 2006, was \$76.7 million, compared to \$42.7 million for the same period in 2005.

We calculate and report FFO in accordance with the definition and interpretive guidelines issued by the National Association of Real Estate Investment Trusts, or NAREIT, and, consequently, FFO is defined as net income available to common stockholders, adjusted for the effects of asset dispositions and certain non-cash items, primarily depreciation and amortization. We believe that FFO is an important supplemental measure of our operating performance. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), such accounting presentation implies that the value of real estate assets diminishes predictably over time, while real estate values instead have historically risen or fallen with market conditions. The term FFO was designed by the real estate industry to address this issue. FFO herein is not necessarily comparable to FFO of other REITs that do not use the same definition or implementation guidelines or interpret the standards differently from us.

We use FFO as one of several criteria to measure the operating performance of our business. We further believe that by excluding the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and between other REITs. We offer this measure to assist the users of our financial statements in evaluating our financial performance under GAAP, and FFO should not be considered a measure of liquidity, an alternative to net income or an indicator of any other performance measure determined in accordance with GAAP. Investors and potential investors in our securities should not rely on this measure as a substitute for any GAAP measure, including net income.

The following table presents our FFO results for the years ended December 31, 2006 and 2005:

| | Year Ended December 31, | |
|---|--------------------------------|------------------|
| | 2006 | 2005 |
| Net income available to common | \$ 45,774 | \$ 25,355 |
| Deduct gain from real estate dispositions ⁽¹⁾ | (1,354) | (7,969) |
| | 44,420 | 17,386 |
| Elimination of non-cash items included in net income: | | |
| Depreciation and amortization ⁽²⁾ | 32,263 | 25,277 |
| Funds from operations available to common stockholders | \$ 76,683 | \$ 42,663 |

(1)The deduction of the gain from real estate dispositions includes the facilities classified as discontinued operations in our consolidated financial statements. The gain deducted includes \$1.2 million from a distribution from an investment in a limited partnership in 2006 and \$0.2 million gain and \$8.0 million gain related to facilities

classified as discontinued operations for the year ended December 31, 2006 and 2005, respectively.

- (2) The add back of depreciation and amortization includes the facilities classified as discontinued operations in our consolidated financial statements. FFO for 2006 and 2005 includes depreciation and amortization of \$0.2 million and \$1.4 million, respectively, related to facilities classified as discontinued operations.

Year Ended December 31, 2005 compared to Year Ended December 31, 2004

Operating Revenues

Our operating revenues for the year ended December 31, 2005 totaled \$109.6 million, an increase of \$22.7 million, over the same period in 2004. The \$22.7 million increase was primarily a result of new investments made throughout 2004 and 2005, contractual interest revenue associated with the payoff of a mortgage note, re-leasing and restructuring activities completed throughout 2004 and 2005. The increase in operating revenues from new investments was partially offset by a reduction in mortgage interest income.

Detailed changes in operating revenues for the year ended December 31, 2005 are as follows:

- Rental income was \$95.4 million, an increase of \$25.7 million over the same period in 2004. The increase was primarily due to new leases entered into throughout 2004 and 2005, re-leasing and restructuring activities.
- Mortgage interest income totaled \$6.5 million, a decrease of \$6.7 million over the same period in 2004. The decrease is primarily the result of normal amortization and a \$60 million loan payoff that occurred in the first quarter of 2005.
- Other investment income totaled \$3.2 million, an increase of \$0.1 million over the same period in 2004. The primary reason for the increase was due to dividends and accretion income associated with the Advocat securities.
- Miscellaneous revenue was \$4.5 million, an increase of \$3.6 million over the same period in 2004. The increase was due to contractual revenue owed to us as a result of a mortgage note prepayment.

Operating Expenses

Operating expenses for the year ended December 31, 2005 totaled \$33.6 million, an increase of approximately \$5.9 million over the same period in 2004. The increase was primarily due to \$5.0 million of increased depreciation expense and a \$1.1 million lease expiration accrual recorded in 2005.

Detailed changes in our operating expenses for the year ended December 31, 2005 are as follows:

- Our depreciation and amortization expense was \$23.9 million, compared to \$18.8 million for the same period in 2004. The increase is due to new investments placed throughout 2004 and 2005.
- Our general and administrative expense, when excluding restricted stock amortization expense, was \$7.4 million, compared to \$7.7 million for the same period in 2004.

· A \$0.1 million provision for uncollectible notes receivable was recorded in 2005.

- A \$1.1 million lease expiration accrual was recorded in 2005 relating to disputed capital improvement requirements associated with a lease that expired June 30, 2005.

Other Income (Expense)

For the year ended December 31, 2005, our total other net expenses were \$36.3 million as compared to \$45.5 million for the same period in 2004. The significant changes are as follows:

·

Our interest expense, excluding amortization of deferred costs and refinancing related interest expenses, for the year ended December 31, 2005 was \$29.9 million, compared to \$23.1 million for the same period 2004. The increase of \$6.8 million was primarily due to higher debt on our balance sheet versus the same period in 2004.

- For the year ended December 31, 2005, we recorded a \$2.8 million non-cash charge associated with the tender and purchase of 79.3% of our \$100 million aggregate principal amount of 6.95% unsecured notes due 2007.
- For the year ended December 31, 2005, we recorded a \$3.4 million provision for impairment on an equity security. In accordance with FASB Statement No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, we recorded the provision for impairment to write-down our 760,000 share investment in Sun common stock to its then current fair market value of \$4.9 million.
- For the year ended December 31, 2004, we recorded \$19.1 million of refinancing-related charges associated with refinancing our capital structure. The \$19.1 million consists of a \$6.4 million exit fee paid to our old bank syndication and a \$6.3 million non-cash deferred financing cost write-off associated with the termination of our \$225 million credit facility and our \$50 million acquisition facility, and a loss of approximately \$6.5 million associated with the sale of an interest rate cap.
- For the year ended December 31, 2004, we recorded a \$1.1 million fair value adjustment to reflect the change in fair value during 2004 of our derivative instrument (i.e., the conversion feature of a redeemable convertible preferred stock security in Advocat, a publicly traded company; see Note 5 - Other Investments).
- For the year ended December 31, 2004, we recorded a \$3.0 million charge associated with professional liability claims made against our former owned and operated facilities.

2005 Taxes

As a result of the possible related party tenant issue discussed in Note 10 - Taxes to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein, we have recorded a \$2.4 million and \$0.4 million provision for income tax for the years ended December 31, 2005 and 2004, respectively. The amount accrued represents the estimated liability and interest, which remains subject to final resolution and therefore is subject to change. In addition, in October 2006, we restructured our Advocat relationship and have been advised by tax counsel that we will not receive any non-qualifying related party tenant income from Advocat in future fiscal years. Accordingly, we do not expect to incur tax expense associated with related party tenant income in future periods commencing January 1, 2007, assuming we enter into a closing agreement with the IRS that recognizes that reasonable cause existed for any failure to satisfy the REIT gross income tests as explained above.

In addition, for tax year 2005, preferred and common dividend payments of approximately \$56 million made throughout 2005 satisfy the 2005 REIT requirements relating to qualifying income (which states we must distribute at least 90% of our REIT taxable income for the taxable year and meet certain other conditions). We are permitted to own up to 100% of a TRS. Currently we have two TRSs that are taxable as corporations and that pay federal, state and local income tax on their net income at the applicable corporate rates. These TRSs had net operating loss carry-forwards as of December 31, 2005 of \$14.4 million. These loss carry-forwards were fully reserved with a valuation allowance due to uncertainties regarding realization.

2005 Income from Discontinued Operations

Discontinued operations relate to properties we disposed of in 2005 or are currently held-for-sale and are accounted for as discontinued operations under SFAS No. 144. For the year ended December 31, 2005, we sold eight SNFs, six ALFs and 50.4 acres of undeveloped land for combined cash proceeds of approximately \$53 million, net of closing costs and other expenses, resulting in a combined accounting gain of approximately \$8.0 million.

During the year ended December 31, 2005, a combined \$9.6 million provision for impairment charge was recorded to reduce the carrying value on several facilities, some of which were subsequently closed, to their estimated fair values.

In accordance with SFAS No. 144, the \$8.0 million realized net gain as well as the combined \$9.6 million impairment charge is reflected in our consolidated statements of operations as discontinued operations.

Funds From Operations

Our FFO for the year ended December 31, 2005, was \$42.7 million, compared to a deficit of \$18.5 million, for the same period in 2004.

We calculate and report FFO in accordance with the definition and interpretive guidelines issued by NAREIT, and, consequently, FFO is defined as net income available to common stockholders, adjusted for the effects of asset dispositions and certain non-cash items, primarily depreciation and amortization. We believe that FFO is an important supplemental measure of our operating performance. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), such accounting presentation implies that the value of real estate assets diminishes predictably over time, while real estate values instead have historically risen or fallen with market conditions. The term FFO was designed by the real estate industry to address this issue. FFO herein is not necessarily comparable to FFO of other REITs that do not use the same definition or implementation guidelines or interpret the standards differently from us.

We use FFO as one of several criteria to measure operating performance of our business. We further believe that by excluding the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and between other REITs. We offer this measure to assist the users of our financial statements in evaluating our financial performance under GAAP, and FFO should not be considered a measure of liquidity, an alternative to net income or an indicator of any other performance measure determined in accordance with GAAP. Investors and potential investors in our securities should not rely on this measure as a substitute for any GAAP measure, including net income.

In February 2004, NAREIT informed its member companies that it was adopting the position of the SEC with respect to asset impairment charges and would no longer recommend that impairment write-downs be excluded from FFO. In the tables included in this disclosure, we have applied this interpretation and have not excluded asset impairment charges in calculating our FFO. As a result, our FFO may not be comparable to similar measures reported in previous disclosures. According to NAREIT, there is inconsistency among NAREIT member companies as to the adoption of this interpretation of FFO. Therefore, a comparison of our FFO results to another company's FFO results may not be meaningful.

The following table presents our FFO results for the years ended December 31, 2005 and 2004:

| | Year Ended December 31, | |
|---|--------------------------------|--------------------|
| | 2005 | 2004 |
| Net income (loss) available to common | \$ 25,355 | \$ (36,715) |
| Deduct gain from real estate dispositions ⁽¹⁾ | (7,969) | (3,310) |
| | 17,386 | (40,025) |
| Elimination of non-cash items included in net income (loss): | | |
| Depreciation and amortization ⁽²⁾ | 25,277 | 21,551 |
| Funds from operations available to common stockholders | \$ 42,663 | \$ (18,474) |

(1)

The deduction of the gain from real estate dispositions includes the facilities classified as discontinued operations in our consolidated financial statements. The gain deducted includes \$8.0 million gain and \$3.3 million gain related to facilities classified as discontinued operations for the year ended December 31, 2005 and 2004, respectively.

- (2) The add back of depreciation and amortization includes the facilities classified as discontinued operations in our consolidated financial statements. FFO for 2005 and 2004 includes depreciation and amortization of \$1.4 million and \$2.7 million, respectively, related to facilities classified as discontinued operations.

Portfolio Developments, New Investments and Recent Developments

The partial expiration of certain Medicare rate increases has had an adverse impact on the revenues of the operators of nursing home facilities and has negatively impacted some operators' ability to satisfy their monthly lease or debt payment to us. In several instances, we hold security deposits that can be applied in the event of lease and loan defaults, subject to applicable limitations under bankruptcy law with respect to operators seeking protection under title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as amended and supplemented, or the Bankruptcy Code.

Below is a brief description, by third-party operator, of new investments or operator related transactions that occurred during the year ended December 31, 2006.

New Investments and Re-leasing Activities

Advocat, Inc.

On October 20, 2006, we restructured our relationship with Advocat, or the Second Advocat Restructuring, by entering into a Restructuring Stock Issuance and Subscription Agreement with Advocat, or the 2006 Advocat Agreement. Pursuant to the 2006 Advocat Agreement, we exchanged the Advocat Series B preferred stock and subordinated note issued to us in November 2000 in connection with a restructuring because Advocat was in default on its obligations to us, or the Initial Advocat Restructuring, for 5,000 shares of Advocat's Series C non-convertible, redeemable (at our option after September 30, 2010) preferred stock with a face value of approximately \$4.9 million and a dividend rate of 7% payable quarterly, and a secured non-convertible subordinated note in the amount of \$2.5 million maturing September 30, 2007 and bearing interest at 7% per annum. As part of the Second Advocat Restructuring, we also amended our Consolidated Amended and Restated Master Lease by and between one of its subsidiaries, as lessor, and a subsidiary of Advocat, as lessee, to commence a new 12-year lease term through September 30, 2018 (with a renewal option for an additional 12 year term) and Advocat agreed to increase the master lease annual rent by approximately \$687,000 to approximately \$14 million commencing on January 1, 2007.

The Second Advocat Restructuring has been accounted for as a new lease in accordance with FASB Statement No. 13, *Accounting for Leases*, or FAS No. 13, and FASB Technical Bulletin No. 88-1, *Issues Relating to Accounting for Leases*, or FASB TB No. 88-1. The fair value of the assets exchanged in the restructuring (i.e., the Series B non-voting redeemable convertible preferred stock and the secured convertible subordinated note, with a fair value of \$14.9 million and \$2.5 million, respectively, at October 20, 2006) in excess of the fair value of the assets received (the Advocat Series C non-convertible redeemable preferred stock and the secured non-convertible subordinated note, with a fair value of \$4.1 million and \$2.5 million, respectively, at October 20, 2006) have been recorded as a lease inducement asset of approximately \$10.8 million in the fourth quarter of 2006. The \$10.8 million lease inducement asset is included in accounts receivable-net on our consolidated balance sheet and will be amortized as a reduction to rental income on a straight-line basis over the term of the new master lease. The exchange of securities also resulted in a gain in 2006 of approximately \$3.6 million representing: (i) the fair value of the secured convertible subordinated note of \$2.5 million, previously reserved and (ii) the realization of the gain on investments previously classified as other comprehensive income of approximately \$1.1 million relating to the Series B non-voting redeemable convertible preferred stock.

Guardian LTC Management, Inc.

On September 1, 2006, we completed a \$25.0 million investment with subsidiaries of Guardian LTC Management, Inc., or Guardian, an existing operator of ours. The transaction involved the purchase and leaseback of a SNF in Pennsylvania and termination of a purchase option on a combination SNF and rehabilitation hospital in West Virginia owned by us. The facilities were included in an existing master lease with Guardian with an increase in contractual annual rent of approximately \$2.6 million in the first year. The master lease now includes 17 facilities. In addition, the

master lease term was extended from October 2014 through August 2016.

In accordance with FAS No. 13 and FASB TB No. 88-1 \$19.2 million of the \$25.0 million transaction amount will be accounted for as a lease inducement and is classified within accounts receivable - net on our consolidated balance sheets. The lease inducement will be amortized as a reduction to rental income on a straight-line basis over the term of the new master lease. The remaining payment to Guardian of \$5.8 million will be allocated to the purchase of the Pennsylvania SNF.

Litchfield Transaction

On August 1, 2006, we completed a transaction with Litchfield Investment Company, LLC and its affiliates, or Litchfield, to purchase 30 SNFs and one independent living center for a total investment of approximately \$171 million. The facilities total 3,847 beds and are located in the states of Colorado (5), Florida (7), Idaho (1), Louisiana (13), and Texas (5). The facilities were subject to master leases with three national healthcare providers, which are existing tenants of the Company. The tenants are Home Quality Management, Inc., or HQM, Nexion Health, Inc., or Nexion, and Peak Medical Corporation, which was acquired by Sun Healthcare Group, Inc. or Sun, in December of 2005.

Simultaneously with the close of the purchase transaction, the seven HQM facilities were combined into an Amended and Restated Master Lease containing 13 facilities between us and HQM. In addition, the 18 Nexion facilities were combined into an Amended and Restated Master Lease containing 22 facilities between us and Nexion.

We entered into a Master Lease, Assignment and Assumption Agreement with Litchfield on the six Sun facilities. These six facilities are currently under a master lease that expires on September 30, 2007.

Haven Eldercare, LLC

During the three months ending March 31, 2006, Haven Eldercare, LLC, or Haven, an existing operator of ours, entered into a \$39 million first mortgage loan with General Electric Capital Corporation, or GE Loan. Haven used the \$39 million of proceeds to partially repay on a \$62 million mortgage it has with us. Simultaneously, we subordinated the payment of our remaining \$23 million on the mortgage note, due in October 2012, to that of the GE Loan. As a result of this transaction, the interest rate on our remaining mortgage note to Haven rose from 10% to approximately 15%, with annual escalators.

In conjunction with the above transactions and the application of Financial Accounting Standards Board Interpretation No. 46R, Consolidation of Variable Interest Entities, or FIN 46R, we consolidated the financial statements and related real estate of this Haven entity into our financial statements. The consolidation resulted in the following changes to our consolidated balance sheet as of December 31, 2006: (1) an increase in total gross investments of \$39.0 million; (2) an increase in accumulated depreciation of \$1.6 million; (3) an increase in accounts receivable-net of \$0.1 million relating to straight-line rent; (4) an increase in other long-term borrowings of \$39.0 million; and (5) a reduction of \$1.5 million in cumulative net earnings for the year ended December 31, 2006 due to the increased depreciation expense offset by straight-line rental revenue. General Electric Capital Corporation and Haven's other creditors do not have recourse to our assets. We have an option to purchase the mortgaged facilities for a fixed price in 2012. Our results of operations reflect the effects of the consolidation of this entity, which is being accounted for similarly to our other purchase-leaseback transactions.

Assets Held for Sale

· We had six assets held for sale as of December 31, 2006 with a net book value of approximately \$3.6 million. We had eight assets held for sale as of December 31, 2005 with a combined net book value of \$5.8 million, which includes a reclassification of five assets with a net book value of \$4.6 million that were sold or reclassified as held for sale during 2006.

·During the three months ended March 31, 2006, a \$0.1 million provision for impairment charge was recorded to reduce the carrying value to its sales price of one facility that was under contract to be sold that was subsequently sold during the second quarter of 2006. During the three months ended December 31, 2006, a \$0.4 million impairment charge was recorded to reduce the carrying value of two facilities, currently under contract to be sold in the first quarter of 2007, to their respective sales price.

Asset Dispositions and Mortgage Payoffs in 2006

Hickory Creek Healthcare Foundation, Inc.

On June 16, 2006, we received approximately \$10 million in proceeds on a mortgage loan payoff. We held mortgages on 15 facilities located in Indiana, representing 619 beds.

Other Asset Sales

- For the three-month period ended December 31, 2006, we sold an ALF in Ohio resulting in an accounting gain of approximately \$0.5 million.
- For the three-month period ended June 30, 2006, we sold two SNFs in California resulting in an accounting loss of approximately \$0.1 million.
- For the three-month period ended March 31, 2006, we sold a SNF in Illinois resulting in an accounting loss of approximately \$0.2 million.

In accordance with SFAS No. 144, all related revenues and expenses as well as the \$0.2 million realized net gain from the above mentioned facility sales are included within discontinued operations in our consolidated statements of operations for their respective time periods.

Liquidity and Capital Resources

At December 31, 2006, we had total assets of \$1.2 billion, stockholders' equity of \$465.5 million and debt of \$676.1 million, representing approximately 59.2% of total capitalization.

The following table shows the amounts due in connection with the contractual obligations described below as of December 31, 2006.

| | Total | Payments due by period | | | More than 5 years |
|-------------------------------|------------|------------------------|----------------|------------|-------------------|
| | | Less than 1 year | 1-3 years | 3-5 years | |
| | | | (in thousands) | | |
| Long-term debt ⁽¹⁾ | \$ 676,410 | \$ 415 | \$ 900 | \$ 150,785 | \$ 524,310 |
| Other long-term liabilities | 513 | 236 | 277 | — | — |
| Total | \$ 676,923 | \$ 651 | \$ 1,177 | \$ 150,785 | \$ 524,310 |

(1)The \$676.4 million includes \$310 million aggregate principal amount of 7.0% Senior Notes due 2014, \$175 million principal amount of 7.0% Senior Notes due 2016, \$150.0 million borrowings under the new \$200 million revolving secured credit facility ("New Credit Facility"), which matures in March 2010 and Haven's \$39 million first mortgage loan with General Electric Capital Corporation that expires in 2012.

Financing Activities and Borrowing Arrangements

Bank Credit Agreements

At December 31, 2006, we had \$150.0 million outstanding under our \$200 million revolving senior secured credit facility, or the New Credit Facility, and \$2.5 million was utilized for the issuance of letters of credit, leaving availability of \$47.5 million. The \$150.0 million of outstanding borrowings had a blended interest rate of 6.60% at December 31, 2006. The New Credit Facility, entered into on March 31, 2006, is being provided by Bank of America, N.A., as Administrative Agent, Deutsche Bank Trust Company Americas, UBS Securities LLC, General Electric Capital Corporation, LaSalle Bank N.A., and Citicorp North America, Inc. and will be used for acquisitions and general corporate purposes.

The New Credit Facility replaced our previous \$200 million senior secured credit facility, or the Prior Credit Facility, that was terminated on March 31, 2006. We will realize a 125 basis point savings on LIBOR-based loans under the New Credit Facility, as compared to LIBOR-based loans under our Prior Credit Facility. The New Credit Facility matures on March 31, 2010, and includes an “accordion feature” that permits us to expand our borrowing capacity to \$300 million during our first two years. For the year ended December 31, 2006, we recorded a one-time, non-cash charge of approximately \$2.7 million relating to the write-off of deferred financing costs associated with the termination of our Prior Credit Facility.

Our long-term borrowings require us to meet certain property level financial covenants and corporate financial covenants, including prescribed leverage, fixed charge coverage, minimum net worth, limitations on additional indebtedness and limitations on dividend payouts. As of December 31, 2006, we were in compliance with all property level and corporate financial covenants.

\$100 Million Aggregate Principal Amount of 6.95% Unsecured Notes Tender and Redemption

On December 16, 2005, we initiated a tender offer and consent solicitation for all of our outstanding \$100 million aggregate principal amount 6.95% notes due 2007, or the 2007 Notes. On December 30, 2005, we accepted for purchase 79.3% of the aggregate principal amount of the 2007 Notes outstanding that were tendered. On December 30, 2005, our Board of Directors also authorized the redemption of all outstanding 2007 Notes that were not otherwise tendered. On December 30, 2005, upon our irrevocable funding of the full redemption price for the 2007 Notes and certain other acts required by the Indenture governing the 2007 Notes, the Trustee of the 2007 Notes certified in writing to us, or the Certificate of Satisfaction and Discharge, that the Indenture was satisfied and discharged as of December 30, 2005, except for certain provisions. In accordance with FASB Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities*, we removed 79.3% of the aggregate principal amount of the 2007 Notes, which were tendered in our tender offer and consent solicitation, and the corresponding portion of the funds held in trust by the Trustee to pay the tender price from our balance sheet and recognized \$2.8 million of additional interest expense associated with the tender offer. On January 18, 2006, we completed the redemption of the remaining 2007 Notes not otherwise tendered. In connection with the redemption and in accordance with FASB No. 140, we recognized \$0.8 million of additional interest expense in the first quarter of 2006. As of January 18, 2006, none of the 2007 Notes remained outstanding.

\$175 Million Aggregate Principal Amount of 7% Unsecured Notes Issuance

On December 30, 2005, we closed on a private offering of \$175 million of 7% senior unsecured notes due 2016, or 2016 Notes, at an issue price of 99.109% of the principal amount of the notes (equal to a per annum yield to maturity of approximately 7.125%), resulting in gross proceeds to us of approximately \$173.4 million. The 2016 Notes are unsecured senior obligations to us, which have been guaranteed by our subsidiaries. The 2016 Notes were issued in a private placement to qualified institutional buyers under Rule 144A under the Securities Act of 1933, or the Securities Act. A portion of the proceeds of this private offering was used to pay the tender price and redemption price of the

2007 Notes. On February 24, 2006, we filed a registration statement on Form S-4 under the Securities Act with the SEC offering to exchange up to \$175 million aggregate principal amount of our registered 7% Senior Notes due 2016, or the 2016 Exchange Notes, for all of our outstanding unregistered 2016 Notes. The terms of the 2016 Exchange Notes are identical to the terms of the 2016 Notes, except that the 2016 Exchange Notes are registered under the Securities Act and therefore freely tradable (subject to certain conditions). The 2016 Exchange Notes represent our unsecured senior obligations and are guaranteed by all of our subsidiaries with unconditional guarantees of payment that rank equally with existing and future senior unsecured debt of such subsidiaries and senior to existing and future subordinated debt of such subsidiaries. In April 2006, upon the expiration of the 2016 Notes Exchange Offer, \$175 million aggregate principal amount of 2016 Notes were exchanged for the 2016 Exchange Notes.

\$50 Million Aggregate Principal Amount of 7% Unsecured Notes Issuance

On December 2, 2005, we completed a privately placed offering of an additional \$50 million aggregate principal amount of 7% senior notes due 2014, or the 2014 Add-on Notes, at an issue price of 100.25% of the principal amount of the notes (equal to a per annum yield to maturity of approximately 6.95%), resulting in gross proceeds to us of approximately \$50.1 million. The terms of the 2014 Add-on Notes offered were substantially identical to our existing \$200 million aggregate principal amount of 7% senior notes due 2014 issued in March 2004. The 2014 Add-on Notes were issued through a private placement to qualified institutional buyers under Rule 144A under the Securities Act. After giving effect to the issuance of the \$50 million aggregate principal amount of this offering, we had outstanding \$310 million aggregate principal amount of 7% senior notes due 2014. On February 24, 2006, we filed a registration statement on Form S-4 under the Securities Act with the SEC offering to exchange up to \$50 million aggregate principal amount of our registered 7% Senior Notes due 2014 (the "2014 Add-on Exchange Notes"), for all of our outstanding unregistered 2014 Add-on Notes. The terms of the 2014 Add-on Exchange Notes are identical to the terms of the 2014 Add-on Notes, except that the 2014 Add-on Exchange Notes are registered under the Securities Act and therefore freely tradable (subject to certain conditions). The 2014 Add-on Exchange Notes represent our unsecured senior obligations and are guaranteed by all of our subsidiaries with unconditional guarantees of payment that rank equally with existing and future senior unsecured debt of such subsidiaries and senior to existing and future subordinated debt of such subsidiaries. In May 2006, upon the expiration of the 2014 Add-on Notes Exchange Offer, \$50 million aggregate principal amount of 2014 Add-on Notes were exchanged for the 2014 Add-on Exchange Notes.

5.175 Million Common Stock Offering

On November 21, 2005, we closed an underwritten public offering of 5,175,000 shares of our common stock at \$11.80 per share, less underwriting discounts. The sale included 675,000 shares sold in connection with the exercise of an over-allotment option granted to the underwriters. We received approximately \$58 million in net proceeds from the sale of the shares, after deducting underwriting discounts and before estimated offering expenses.

8.625% Series B Preferred Redemption

On May 2, 2005, we fully redeemed our 8.625% Series B Cumulative Preferred Stock (NYSE:OHI PrB), or Series B Preferred Stock. We redeemed the 2.0 million shares of Series B at a price of \$25.55104, comprising the \$25 liquidation value and accrued dividend. Under FASB-EITF Issue D-42, *The Effect on the Calculation of Earnings per Share for the Redemption or Induced Conversion of Preferred Stock*, the repurchase of the Series B Preferred Stock resulted in a non-cash charge to net income available to common shareholders of approximately \$2.0 million reflecting the write-off of the original issuance costs of the Series B Preferred Stock.

Other Long-Term Borrowings

During the three months ended March 31, 2006, Haven used the \$39 million of proceeds from the GE Loan to partially repay a portion of a \$62 million mortgage it has with us. Simultaneously, we subordinated the payment of its remaining \$23 million on the mortgage note to that of the GE Loan. In conjunction with the above transactions and the application of FIN 46R, we consolidated the financial statements of this Haven entity into our financial statements, which contained the long-term borrowings with General Electric Capital Corporation of \$39.0 million. The loan has an interest rate of approximately seven percent and is due in 2012. The lender of the \$39.0 million does not have recourse to our assets. See Note - 3 Properties; Leased Property to our consolidated financial statements for the year ended December 31, 2006 included elsewhere herein.

Dividends

In order to qualify as a REIT, we are required to distribute dividends (other than capital gain dividends) to our stockholders in an amount at least equal to (A) the sum of (i) 90% of our "REIT taxable income" (computed without regard to the dividends paid deduction and our net capital gain), and (ii) 90% of the net income (after tax), if any, from foreclosure property, minus (B) the sum of certain items of non-cash income. In addition, if we dispose of any built-in gain asset during a recognition period, we will be required to distribute at least 90% of the built-in gain (after tax), if any, recognized on the disposition of such asset. Such distributions must be paid in the taxable year to which they relate, or in the following taxable year if declared before we timely file our tax return for such year and paid on or before the first regular dividend payment after such declaration. In addition, such distributions are required to be made pro rata, with no preference to any share of stock as compared with other shares of the same class, and with no preference to one class of stock as compared with another class except to the extent that such class is entitled to such a preference. To the extent that we do not distribute all of our net capital gain or do distribute at least 90%, but less than 100% of our "REIT taxable income," as adjusted, we will be subject to tax thereon at regular ordinary and capital gain corporate tax rates. In addition, our New Credit Facility has certain financial covenants that limit the distribution of dividends paid during a fiscal quarter to no more than 95% of our aggregate cumulative funds from operations, or FFO, as defined in the loan agreement governing the New Credit Facility, or the Loan Agreement, unless a greater distribution is required to maintain REIT status. The Loan Agreement defines FFO as net income (or loss) plus depreciation and amortization and shall be adjusted for charges related to: (i) restructuring our debt; (ii) redemption of preferred stock; (iii) litigation charges up to \$5.0 million; (iv) non-cash charges for accounts and notes receivable up to \$5.0 million; (v) non-cash compensation related expenses; (vi) non-cash impairment charges; and (vii) tax liabilities in an amount not to exceed \$8.0 million.

Common Dividends

On January 16, 2007, the Board of Directors declared a common stock dividend of \$0.26 per share, an increase of \$0.01 per common share compared to the prior quarter. The common dividend was paid February 15, 2007 to common stockholders of record on January 31, 2007.

On October 24, 2006, the Board of Directors declared a common stock dividend of \$0.25 per share, an increase of \$0.01 per common share compared to the prior quarter. The common dividend was paid November 15, 2006 to common stockholders of record on November 3, 2006.

On July 17, 2006, the Board of Directors declared a common stock dividend of \$0.24 per share. The common dividend was paid August 15, 2006 to common stockholders of record on July 31, 2006.

On April 18, 2006, the Board of Directors declared a common stock dividend of \$0.24 per share, an increase of \$0.01 per common share compared to the prior quarter. The common dividend was paid May 15, 2006 to common stockholders of record on April 28, 2006.

On January 17, 2006, the Board of Directors declared a common stock dividend of \$0.23 per share, an increase of \$0.01 per common share compared to the prior quarter. The common stock dividend was paid February 15, 2006 to common stockholders of record on January 31, 2006.

Series D Preferred Dividends

On January 16, 2007, the Board of Directors declared regular quarterly dividends of approximately \$0.52344 per preferred share on its 8.375% Series D cumulative redeemable preferred stock, or the Series D Preferred Stock, that were paid February 15, 2007 to preferred stockholders of record on January 31, 2007. The liquidation preference for our Series D Preferred Stock is \$25.00 per share. Regular quarterly preferred dividends for the Series D Preferred

Stock represent dividends for the period November 1, 2006 through January 31, 2007.

On October 24, 2006, the Board of Directors declared the regular quarterly dividends of approximately \$0.52344 per preferred share on the Series D Preferred Stock that were paid November 15, 2006 to stockholders of record on November 3, 2006.

54

On July 17, 2006, the Board of Directors declared regular quarterly dividends of approximately \$0.52344 per preferred share on the Series D Preferred Stock that were paid August 15, 2006 to preferred stockholders of record on July 31, 2006.

On April 18, 2006, the Board of Directors declared regular quarterly dividends of approximately \$0.52344 per preferred share on the Series D Preferred Stock that were paid May 15, 2006 to preferred stockholders of record on April 28, 2006.

On January 17, 2006, the Board of Directors declared regular quarterly dividends of approximately \$0.52344 per preferred share on the Series D Preferred Stock that were paid February 15, 2006 to preferred stockholders of record on January 31, 2006.

Liquidity

We believe our liquidity and various sources of available capital, including cash from operations, our existing availability under our Credit Facility and expected proceeds from mortgage payoffs are more than adequate to finance operations, meet recurring debt service requirements and fund future investments through the next twelve months.

We regularly review our liquidity needs, the adequacy of cash flow from operations, and other expected liquidity sources to meet these needs. We believe our principal short-term liquidity needs are to fund:

normal recurring expenses;
debt service payments;
preferred stock dividends;
common stock dividends; and
growth through acquisitions of additional properties.

The primary source of liquidity is our cash flows from operations. Operating cash flows have historically been determined by: (i) the number of facilities we lease or have mortgages on; (ii) rental and mortgage rates; (iii) our debt service obligations; and (iv) general and administrative expenses. The timing, source and amount of cash flows provided by financing activities and used in investing activities are sensitive to the capital markets environment, especially to changes in interest rates. Changes in the capital markets environment may impact the availability of cost-effective capital and affect our plans for acquisition and disposition activity.

Cash and cash equivalents totaled \$0.7 million as of December 31, 2006, a decrease of \$3.2 million as compared to the balance at December 31, 2005. The following is a discussion of changes in cash and cash equivalents due to operating, investing and financing activities, which are presented in our Consolidated Statement of Cash Flows.

Operating Activities – Net cash flow from operating activities generated \$62.8 million for the year ended December 31, 2006, as compared to \$74.1 million for the same period in 2005. The \$11.2 million decrease is due primarily to: (i) an investment made with Guardian that is classified as a lease inducement asset and (ii) one-time contractual revenue associated with a mortgage note prepayment in 2005. The decrease was partially offset by (i) incremental revenue associated with acquisitions completed throughout 2005 and 2006 and (ii) normal working capital fluctuations during the period.

Investing Activities – Net cash flow from investing activities was an outflow of \$161.4 million for the year ended December 31, 2006, as compared to an outflow of \$195.3 million for the same period in 2005. The decrease in outflows of \$34.0 million was primarily due to: (i) \$70 million of fewer acquisitions completed in 2006 versus 2005; (ii) \$50 million of fewer proceeds received from the sale of real estate assets and the sale of Sun common stock in 2006 versus 2005; and (iii) a \$10 million mortgage payoff in 2006 versus a \$62 million mortgage payoff in 2005.

Financing Activities— Net cash flow from financing activities was an inflow of \$95.3 million for the year ended December 31, 2006 as compared to an inflow of \$113.1 million for the same period in 2005. The change in financing cash flow was primarily a result of: (i) \$50 million of additional net borrowings under our credit facility in 2006 compared to 2005; (ii) no common equity offerings in 2006 compared to a public issuance of 5.2 million shares of our common stock at a price of \$11.80 per share in 2005; (iii) no debt offerings in 2006 compared to private offerings of a combined \$225 million of senior unsecured notes in 2005; (iv) a \$50 million redemption of Series B Preferred Stock in 2005; (v) a tender offer and purchase of our 2007 Notes in 2005; (vi) \$26 million of incremental DRIP proceeds in 2006; (vii) \$39 million in proceeds in 2006 due to the consolidation of a VIE; and (viii) \$11 million of additional payments of common and preferred dividend payments in 2006.

Effects of Recently Issued Accounting Standards

In December 2004, the Financial Accounting Standards Board, or FASB, issued FAS No. 123 (revised 2004), *Share-Based Payment*, or FAS No. 123R, which is a revision of FAS No. 123, *Accounting for Stock-Based Compensation*. FAS No. 123R supersedes Accounting Principles Board, APB, Opinion No. 25, *Accounting for Stock Issued to Employees*, and amends FAS No. 95, *Statement of Cash Flows*. We adopted FAS No. 123R at the beginning of our 2006 fiscal year using the modified prospective transition method. The additional expense recorded in 2006 as a result of this adoption was approximately \$3 thousand.

FIN 48 Evaluation

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, or FIN 48. FIN 48 is an interpretation of FASB Statement No. 109, *Accounting for Income Taxes*, and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 will require expanded disclosure with respect to the uncertainty in income taxes and is effective as of the beginning of our 2007 fiscal year. We are currently evaluating the impact of adoption of FIN 48 on our financial statements and we currently expect the impact to be immaterial.

FAS 157 Evaluation

In September 2006, the FASB issued FASB Statement No. 157, *Fair Value Measurements*, or FAS No. 157. This standard defines fair value, establishes a methodology for measuring fair value and expands the required disclosure for fair value measurements. FAS No. 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those years. Provisions of FAS No. 157 are required to be applied prospectively as of the beginning of the fiscal year in which FAS No. 157 is applied. We are evaluating the impact that FAS No. 157 will have on our financial statements.

Quantitative and Qualitative Disclosure about Market Risk

We are exposed to various market risks, including the potential loss arising from adverse changes in interest rates. We do not enter into derivatives or other financial instruments for trading or speculative purposes, but we seek to mitigate the effects of fluctuations in interest rates by matching the term of new investments with new long-term fixed rate borrowing to the extent possible.

The following disclosures of estimated fair value of financial instruments are subjective in nature and are dependent on a number of important assumptions, including estimates of future cash flows, risks, discount rates and relevant comparable market information associated with each financial instrument. The use of different market assumptions and estimation methodologies may have a material effect on the reported estimated fair value amounts. Accordingly, the estimates presented below are not necessarily indicative of the amounts we would realize in a current market exchange.

Mortgage notes receivable - The fair value of mortgage notes receivable is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

56

Notes receivable - The fair value of notes receivable is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Borrowings under lines of credit arrangement - The carrying amount approximates fair value because the borrowings are interest rate adjustable.

Senior unsecured notes - The fair value of the senior unsecured notes is estimated by discounting the future cash flows using the current borrowing rate available for the similar debt.

The market value of our long-term fixed rate borrowings and mortgages is subject to interest rate risks. Generally, the market value of fixed rate financial instruments will decrease as interest rates rise and increase as interest rates fall. The estimated fair value of our total long-term borrowings at December 31, 2006 was approximately \$693.7 million. A one percent increase in interest rates would result in a decrease in the fair value of long-term borrowings by approximately \$30.7 million at December 31, 2006. The estimated fair value of our total long-term borrowings at December 31, 2005 was approximately \$568.7 million, and a one percent increase in interest rates would have resulted in a decrease in the fair value of long-term borrowings by approximately \$31 million.

While we currently do not engage in hedging strategies, we may engage in such strategies in the future, depending on management's analysis of the interest rate environment and the costs and risks of such strategies.

BUSINESS

Overview

We were incorporated in the State of Maryland on March 31, 1992. We are a self-administered real estate investment trust, or REIT, investing in income-producing healthcare facilities, principally long-term care facilities located in the United States. We provide lease or mortgage financing to qualified operators of skilled nursing facilities, or SNFs, and, to a lesser extent, assisted living facilities, or ALFs, rehabilitation and acute care facilities. We have historically financed investments through borrowings under our revolving credit facilities, private placements or public offerings of debt or equity securities, the assumption of secured indebtedness, or a combination of these methods.

Our portfolio of investments, as of December 31, 2006, consisted of 239 healthcare facilities, located in 27 states and operated by 32 third-party operators. This portfolio was made up of:

- 228 long-term healthcare facilities and two rehabilitation hospitals owned and leased to third parties; and
- fixed rate mortgages on 9 long-term healthcare facilities.

As of December 31, 2006, our gross investments in these facilities, net of impairments and before reserve for uncollectible loans, totaled approximately \$1.3 billion. In addition, we also held miscellaneous investments of approximately \$22 million at December 31, 2006, consisting primarily of secured loans to third-party operators of our facilities.

Our filings with the SEC, including our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports are accessible free of charge on our website at www.omegahealthcare.com.

Summary of Financial Information

The following tables summarize our revenues and real estate assets by asset category for 2006, 2005 and 2004. (Management's Discussion and Analysis of Financial Condition and Results of Operations, Note 3 – Properties and Note 4 – Mortgage Notes Receivable to our audited financial statements for the year ended December 31, 2006 included elsewhere herein).

Revenues by Asset Category (in thousands)

Description of the Business

Investment Strategy. We maintain a diversified portfolio of long-term healthcare facilities and mortgages on healthcare facilities located throughout the United States. In making investments, we generally have focused on established, creditworthy, middle-market healthcare operators that meet our standards for quality and experience of management. We have sought to diversify our investments in terms of geographic locations and operators.

In evaluating potential investments, we consider such factors as:

- the quality and experience of management and the creditworthiness of the operator of the facility;
- the facility's historical and forecasted cash flow and its ability to meet operational needs, capital expenditure requirements and lease or debt service obligations, providing a competitive return on our investment;
- the construction quality, condition and design of the facility;

the geographic area of the facility;

- the tax, growth, regulatory and reimbursement environment of the jurisdiction in which the facility is located;
- the occupancy and demand for similar healthcare facilities in the same or nearby communities; and
- the payor mix of private, Medicare and Medicaid patients.

One of our fundamental investment strategies is to obtain contractual rent escalations under long-term, non-cancelable, “triple-net” leases and fixed-rate mortgage loans, and to obtain substantial liquidity deposits. Additional security is typically provided by covenants regarding minimum working capital and net worth, liens on accounts receivable and other operating assets, and various provisions for cross-default, cross-collateralization and corporate/personal guarantees, when appropriate.

We prefer to invest in equity ownership of properties. Due to regulatory, tax or other considerations, we sometimes pursue alternative investment structures, including convertible participating and participating mortgages, which can achieve returns comparable to equity investments. The following summarizes the primary investment structures we typically use. Average annualized yields reflect existing contractual arrangements. However, in view of the ongoing financial challenges in the long-term care industry, we cannot assure you that the operators of our facilities will meet their payment obligations in full or when due. Therefore, the annualized yields as of January 1, 2007 set forth below are not necessarily indicative of or a forecast of actual yields, which may be lower.

Purchase/Leaseback. In a Purchase/Leaseback transaction, we purchase the property from the operator and lease it back to the operator over terms typically ranging from 5 to 15 years, plus renewal options. The leases originated by us generally provide for minimum annual rentals which are subject to annual formula increases based upon such factors as increases in the Consumer Price Index, or CPI. The average annualized yield from leases was approximately 11.3% at January 1, 2007.

Convertible Participating Mortgage. Convertible participating mortgages are secured by first mortgage liens on the underlying real estate and personal property of the mortgagor. Interest rates are usually subject to annual increases based upon increases in the CPI. Convertible participating mortgages afford us the option to convert our mortgage into direct ownership of the property, generally at a point five to ten years from inception. If we exercise our purchase option, we are obligated to lease the property back to the operator for the balance of the originally agreed term and for the originally agreed participations in revenues or CPI adjustments. This allows us to capture a portion of the potential appreciation in value of the real estate. The operator has the right to buy out our option at prices based on specified formulas. At December 31, 2006, we did not have any convertible participating mortgages.

Participating Mortgage. Participating mortgages are similar to convertible participating mortgages except that we do not have a purchase option. Interest rates are usually subject to annual increases based upon increases in the CPI. At December 31, 2006, we did not have any participating mortgages.

Fixed-Rate Mortgage. These mortgages have a fixed interest rate for the mortgage term and are secured by first mortgage liens on the underlying real estate and personal property of the mortgagor. The average annualized yield on these investments was approximately 11.4% at January 1, 2007.

The table set forth below under the heading “Properties” contains information regarding our real estate properties, their geographic locations, and the types of investment structures as of December 31, 2006.

Borrowing Policies. We may incur additional indebtedness and have historically sought to maintain an annualized total debt-to-EBITDA ratio in the range of 4 to 5 times. Annualized EBITDA is defined as earnings before interest, taxes, depreciation and amortization for a twelve month period. We intend to periodically review our policy with

respect to our total debt-to-EBITDA ratio and to modify the policy as our management deems prudent in light of prevailing market conditions. Our strategy generally has been to match the maturity of our indebtedness with the maturity of our investment assets and to employ long-term, fixed-rate debt to the extent practicable in view of market conditions in existence from time to time.

We may use proceeds of any additional indebtedness to provide permanent financing for investments in additional healthcare facilities. We may obtain either secured or unsecured indebtedness and may obtain indebtedness that may be convertible into capital stock or be accompanied by warrants to purchase capital stock. Where debt financing is available on terms deemed favorable, we generally may invest in properties subject to existing loans, secured by mortgages, deeds of trust or similar liens on properties.

If we need capital to repay indebtedness as it matures, we may be required to liquidate investments in properties at times which may not permit realization of the maximum recovery on these investments. This could also result in adverse tax consequences to us. We may be required to issue additional equity interests in our company, which could dilute your investment in our company. (See Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources).

Federal Income Tax Considerations. We intend to make and manage our investments, including the sale or disposition of property or other investments, and to operate in such a manner as to qualify as a REIT under the Internal Revenue Code of 1986, as amended, or the Code, unless, because of changes in circumstances or changes in the Internal Revenue Code, our Board of Directors determines that it is no longer in our best interest to qualify as a REIT. So long as we qualify as a REIT, we generally will not pay federal income taxes on the portion of our taxable income that is distributed to stockholders (See Management's Discussion and Analysis of Financial Condition - Results of Operations; 2006 Taxes).

During the fourth quarter of 2006, we determined that certain terms of the Advocat Inc., or Advocat, Series B non-voting, redeemable convertible preferred stock held by us until October 20, 2006 could be interpreted as affecting our compliance with federal income tax rules applicable to REITs regarding related party tenant income. As such, Advocat, one of our lessees, may be deemed to be a "related party tenant" under applicable federal income tax rules. In such event, our rental income from Advocat would not be qualifying income under the gross income tests that are applicable to REITs. In order to maintain qualification as a REIT, we annually must satisfy certain tests regarding the source of our gross income. The applicable federal income tax rules provide a "savings clause" for REITs that fail to satisfy the REIT gross income tests if such failure is due to reasonable cause. A REIT that qualifies for the savings clause will retain its REIT status but will pay a tax under section 857(b)(5) and related interest. On December 15, 2006, we submitted to the IRS a request for a closing agreement to resolve the "related party tenant" issue. Since that time, we have had additional conversations with the IRS, who has encouraged us to move forward with the process of obtaining a closing agreement, and we have submitted additional documentation in support of the issuance of a closing agreement with respect to this matter. While we believe there are valid arguments that Advocat should not be deemed a "related party tenant," the matter is not free from doubt, and we believe it is in our best interest to request a closing agreement in order to resolve the matter, minimize potential penalties and obtain assurances regarding our continuing REIT status. By submitting a request for a closing agreement, we intend to establish that any failure to satisfy the gross income tests was due to reasonable cause. In the event that it is determined that the "savings clause" described above does not apply, we could be treated as having failed to qualify as a REIT for one or more taxable years. If we fail to qualify for taxation as a REIT for any taxable year, our income will be taxed at regular corporate rates, and we could be disqualified as a REIT for the following four taxable years.

As a result of the potential related party tenant issue described above, we have recorded a \$2.3 million and \$2.4 million provision for income taxes, including related interest expense, for the year ended December 31, 2006 and 2005, respectively. The amount accrued represents the estimated liability and interest, which remains subject to final resolution and therefore is subject to change. In addition, in October 2006, we restructured our Advocat relationship and have been advised by tax counsel that we will not receive any non-qualifying related party tenant income from Advocat in future fiscal years. Accordingly, we do not expect to incur tax expense associated with related party tenant income in future periods commencing January 1, 2007, assuming we enter into a closing agreement with the IRS that recognizes that reasonable cause existed for any failure to satisfy the REIT gross income tests as explained above.

Policies With Respect To Certain Activities. If our Board of Directors determines that additional funding is required, we may raise such funds through additional equity offerings, debt financing, and retention of cash flow (subject to provisions in the Code concerning taxability of undistributed REIT taxable income) or a combination of these methods.

Borrowings may be in the form of bank borrowings, secured or unsecured, and publicly or privately placed debt instruments, purchase money obligations to the sellers of assets, long-term, tax-exempt bonds or financing from banks, institutional investors or other lenders, or securitizations, any of which indebtedness may be unsecured or may be secured by mortgages or other interests in our assets. Holders of such indebtedness may have recourse to all or any part of our assets or may be limited to the particular asset to which the indebtedness relates.

We have authority to offer our common stock or other equity or debt securities in exchange for property and to repurchase or otherwise reacquire our shares or any other securities and may engage in such activities in the future.

Subject to the percentage of ownership limitations and gross income and asset tests necessary for REIT qualification, we may invest in securities of other REITs, other entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities.

We may engage in the purchase and sale of investments. We do not underwrite the securities of other issuers.

Reporting Policies. We make our annual and quarterly reports on Forms 10-K and 10-Q available to our stockholders pursuant to the requirements of the Securities Exchange Act of 1934. We may elect to deliver other forms or reports to stockholders from time to time.

Our officers and directors may change any of these policies without a vote of our stockholders.

In the opinion of our management, our properties are adequately covered by insurance.

Conflicts of Interest Policies. We will not engage in any purchase, sale or lease of property or other business transaction in which our officers or directors have a direct or indirect material interest without the approval by resolution of a majority of those directors who do not have an interest in such transaction. It is generally our policy to enter into or ratify related party transactions only when our Board of Directors, acting through our Audit Committee, determines that the related person transaction in question is in, or is not inconsistent with, our best interests and the interests of our stockholders. We are currently unaware of any transactions with our company in which our directors or officers have a material interest.

The Maryland General Corporation Law, or MGCL, provides that a contract or other transaction between a corporation and any of that corporation's directors or any other entity in which that director is also a director or has a material financial interest is not void or voidable solely on the grounds of the common directorship or interest, the fact that the director was present at the meeting at which the contract or transaction is approved or the fact that the director's vote was counted in favor of the contract or transaction, if:

- the fact of the common directorship or interest is disclosed to the board or a committee of the board, and the board or that committee authorizes the contract or transaction by the affirmative vote of a majority of the disinterested directors, even if the disinterested directors constitute less than a quorum;
- the fact of the common directorship or interest is disclosed to stockholders entitled to vote on the contract or transaction, and the contract or transaction is approved by a majority of the votes cast by the stockholders entitled to vote on the matter, other than votes of stock owned of record or beneficially by the interested director, corporation, firm or other entity; or
- the contract or transaction is fair and reasonable to the corporation.

At December 31, 2006, our real estate investments included long-term care facilities and rehabilitation hospital investments, either in the form of purchased facilities which are leased to operators, mortgages on facilities which are operated by the mortgagors or their affiliates and facilities subject to leasehold interests. The facilities are located in 27 states and are operated by 32 unaffiliated operators. The following table summarizes our property investments as of December 31, 2006:

| Investment Structure/Operator | Number of Beds | Number of Facilities | Occupancy Percentage ⁽¹⁾ | Gross Investment (in thousands) |

| Total | 239 | 27,302 | \$ 1,272,619 | 100.0 |

Geographically Diverse Property Portfolio. Our portfolio of properties is broadly diversified by geographic location. We have healthcare facilities located in 27 states. Only two states comprised more than 10% of our rental and mortgage income in 2006. In addition, the majority of our 2006 rental and mortgage income was derived from facilities in states that require state approval for development and expansion of healthcare facilities. We believe that such state approvals may limit competition for our operators and enhance the value of our properties.

Large Number of Tenants. Our facilities are operated by 32 different public and private healthcare providers. Except for Sun and CommuniCare which together hold approximately 32% of our portfolio (by investment), no single tenant holds greater than 10% of our portfolio (by investment).

Significant Number of Long-term Leases and Mortgage Loans. A large portion of our core portfolio consists of long-term lease and mortgage agreements. At December 31, 2006, approximately 92% of our leases and mortgages had primary terms that expire in 2010 or later. Our leased real estate properties are leased under provisions of single facility leases or master leases with initial terms typically ranging from 5 to 15 years, plus renewal options.

Substantially all of the leases and master leases provide for minimum annual rentals that are subject to annual increases based upon increases in the CPI or increases in revenues of the underlying properties, with certain limits. Under the terms of the leases, the lessee is responsible for all maintenance, repairs, taxes and insurance on the leased properties.

Legal Proceedings

We are subject to various legal proceedings, claims and other actions arising out of the normal course of business. While any legal proceeding or claim has an element of uncertainty, management believes that the outcome of each lawsuit, claim or legal proceeding that is pending or threatened, or all of them combined, will not have a material adverse effect on our consolidated financial position or results of operations.

We and several of our wholly-owned subsidiaries have been named as defendants in professional liability claims related to our former owned and operated facilities. Other third-party managers responsible for the day-to-day operations of these facilities have also been named as defendants in these claims. In these suits, patients of certain previously owned and operated facilities have alleged significant damages, including punitive damages against the defendants. The majority of these lawsuits representing the most significant amount of exposure were settled in 2004. There currently is one lawsuit pending that is in the discovery stage, and we are unable to predict the likely outcome of this lawsuit at this time.

In 1999, we filed suit against a former tenant seeking damages based on claims of breach of contract. The defendants denied the allegations made in the lawsuit. In settlement of our claim against the defendants, we agreed in the fourth quarter of 2005 to accept a lump sum cash payment of \$2.4 million. The cash proceeds were offset by related expenses incurred of \$0.8 million, resulting in a net gain of \$1.6 million paid December 22, 2005.

In 2005, we accrued \$1.1 million for potential obligations relating to disputed capital improvement requirements associated with a lease that expired June 30, 2005. Although no formal complaint for damages was filed against us, in February 2006, we agreed to settle this dispute for approximately \$1.0 million.

DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth the name and age of each of our executive officers and directors.

| <i>Name</i> | <i>Age</i> | <i>Position</i> |
|--|------------|--------------------------------------|
| Bernard J. Korman(1),(3),(4) | 75 | Chairman of the Board of Directors |
| Thomas F. Franke(1),(4),(6) | 76 | Director |
| Harold J. Kloosterman(1),(2),(3),(4),(7) | 64 | Director |
| Edward Lowenthal(1),(2),(4) | 62 | Director |
| Stephen D. Plavin(1),(2),(4),(5) | 47 | Director |
| C. Taylor Pickett(3) | 45 | Chief Executive Officer and Director |
| Daniel J. Booth | 43 | Chief Operating Officer |
| R. Lee Crabill, Jr. | 53 | Senior Vice President of Operations |
| Robert O. Stephenson | 43 | Chief Financial Officer |

(1) Member of Compensation Committee.

(2) Member of Audit Committee.

(3) Member of Investment Committee.

(4) Member of Nominating and Corporate Governance Committee.

(5) Chairman of Audit Committee.

(6) Chairman of Compensation Committee.

(7) Chairman of Investment and Nominating and Corporate Governance Committees.

Set forth below are descriptions and backgrounds of each of our current executive officers and directors.

64

Directors of Our Company

Under the terms of our Articles of Incorporation, our Board of Directors is classified into three classes. Each class of directors serves for a term of three years, with one class being elected each year. As of the date of this prospectus, there are six directors, with two directors in each class.

Thomas F. Franke is a Director and has served in this capacity since March 31, 1992. His term expires in 2009. Mr. Franke is Chairman and a principal owner of Cambridge Partners, Inc., an owner, developer and manager of multifamily housing in Grand Rapids, Michigan. He is also a principal owner of Laurel Healthcare (a private healthcare firm operating in the United States) and is a principal owner of Abacus Hotels LTD. (a private hotel firm in the United Kingdom). Mr. Franke was a founder and previously a director of Principal Healthcare Finance Limited and Omega Worldwide, Inc.

Harold J. Kloosterman is a Director and has served in this capacity since September 1, 1992. His term expires in 2008. Mr. Kloosterman has served as President since 1985 of Cambridge Partners, Inc., a company he formed in 1985. He has been involved in the development and management of commercial, apartment and condominium projects in Grand Rapids and Ann Arbor, Michigan and in the Chicago area. Mr. Kloosterman was formerly a Managing Director of Omega Capital from 1986 to 1992. Mr. Kloosterman has been involved in the acquisition, development and management of commercial and multifamily properties since 1978. He has also been a senior officer of LaSalle Partners, Inc. (now Jones Lang LaSalle).

Bernard J. Korman is Chairman of the Board and has served in this capacity since March 8, 2004. His term expires in 2009. He has served as a director since October 19, 1993. Mr. Korman has been Chairman of the Board of Trustees of Philadelphia Health Care Trust, a private healthcare foundation, since December 1995. Mr. Korman is also a director of The New America High Income Fund, Inc. (NYSE:HYB) (financial services), Medical Nutrition USA, Inc. (OTC:MDNU.OB) (develops and distributes nutritional products) and NutraMax Products, Inc. (OTC:NUTP) (consumer health care products). He was formerly President, Chief Executive Officer and Director of MEDIQ Incorporated (OTC:MDDQP) (health care services) from 1977 to 1995. Mr. Korman served as a director of Kramont Realty Trust (NYSE:KRT) (real estate investment trust) from June 2000 until its merger in April 2005 and of The Pep Boys, Inc. (NYSE:PBYY) and also served as The Pep Boys, Inc.'s Chairman of the Board from May 28, 2003 until his retirement from such board in September 2004. Mr. Korman was previously a director of Omega Worldwide, Inc.

Edward Lowenthal is a Director and has served in this capacity since October 17, 1995. His term expires in 2007. From January 1997 to March 2002, Mr. Lowenthal served as President and Chief Executive Officer of Wellsford Real Properties, Inc. (AMEX:WRP) (a real estate merchant bank), and was President of the predecessor of Wellsford Real Properties, Inc. since 1986. Mr. Lowenthal also serves as a director of WRP, REIS, Inc. (a private provider of real estate market information and valuation technology), Ark Restaurants (Nasdaq:ARKR) (a publicly traded owner and operator of restaurants), American Campus Communities (NYSE:ACC) (a public developer, owner and operator of student housing at the university level), Desarrolladora Homex (NYSE: HXM) (a Mexican homebuilder) and serves as a trustee of the Manhattan School of Music.

C. Taylor Pickett is the Chief Executive Officer of our company and has served in this capacity since June, 2001. Mr. Pickett is also a Director and has served in this capacity since May 30, 2002. His term expires in 2008. Prior to joining our company, Mr. Pickett served as the Executive Vice President and Chief Financial Officer from January 1998 to June 2001 of Integrated Health Services, Inc., a public company specializing in post-acute healthcare services. He also served as Executive Vice President of Mergers and Acquisitions from May 1997 to December 1997 of Integrated Health Services. Prior to his roles as Chief Financial Officer and Executive Vice President of Mergers and Acquisitions, Mr. Pickett served as the President of Symphony Health Services, Inc. from January 1996 to May 1997.

Stephen D. Plavin is a Director and has served in this capacity since July 17, 2000. His term expires in 2007. Mr. Plavin has been Chief Operating Officer of Capital Trust, Inc., (NYSE:CT) a New York City-based mortgage real estate investment trust (“REIT”) and investment management company and has served in this capacity since 1998. In this role, Mr. Plavin is responsible for all of the lending, investing and portfolio management activities of Capital Trust, Inc.

Executive Officers of Our Company

At the date of this report, the executive officers of our company are:

C. Taylor Pickett is the Chief Executive Officer and has served in this capacity since June, 2001. See “—Directors of our Company” above for additional information.

Daniel J. Booth is the Chief Operating Officer and has served in this capacity since October, 2001. Prior to joining our company, Mr. Booth served as a member of Integrated Health Services’ management team since 1993, most recently serving as Senior Vice President, Finance. Prior to joining Integrated Health Services, Mr. Booth was Vice President in the Healthcare Lending Division of Maryland National Bank (now Bank of America).

R. Lee Crabill, Jr. is the Senior Vice President of Operations of our company and has served in this capacity since July, 2001. Mr. Crabill served as a Senior Vice President of Operations at Mariner Post-Acute Network, Inc. from 1997 through 2000. Prior to that, he served as an Executive Vice President of Operations at Beverly Enterprises.

Robert O. Stephenson is the Chief Financial Officer and has served in this capacity since August, 2001. Prior to joining our company, Mr. Stephenson served from 1996 to July 2001 as the Senior Vice President and Treasurer of Integrated Health Services, Inc. Prior to Integrated Health Services, Mr. Stephenson held various positions at CSX Intermodal, Inc., Martin Marietta Corporation and Electronic Data Systems.

As of December 31, 2006, we had 18 full-time employees, including the four executive officers listed above.

Board of Directors and Committees of the Board

While the Board of Directors has not adopted any categorical standards of independence, in making these independence determinations, the Board of Directors noted that no director other than Mr. Pickett (a) received direct compensation from our company other than director annual retainers and meeting fees, (b) had any relationship with our company or a third party that would preclude independence, or (c) had any business relationship with our company and its management, other than as a director of our company. Each of the members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee meets the New York Stock Exchange listing standards for independence.

Audit Committee

Each of the members of the Audit Committee is financially literate, as required of audit committee members by the New York Stock Exchange. The Board has determined that Mr. Plavin is qualified to serve as an “audit committee financial expert” as such term is defined in Item 401 (h) of Regulation S-K promulgated by the SEC. The Board made a qualitative assessment of Mr. Plavin’s level of knowledge and experience based on a number of factors, including his formal education and his experience as Chief Operating Officer of Capital Trust, Inc., a New York City-based mortgage REIT and investment management company, where he is responsible for all lending and portfolio management activities. Mr. Plavin holds an M.B.A. from J.L. Kellogg Graduate School of Management at Northwestern University.

Executive Compensation

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis, or CD&A, addresses the following topics:

- the members and role of our Compensation Committee, or the Committee;
- our compensation-setting process;

· our compensation philosophy and policies regarding executive compensation;

· the components of our executive compensation program; and

· our compensation decisions for fiscal year 2006 and for the first quarter of 2007.

In this Compensation Discussion and Analysis section, the terms “we,” “our,” “us” and the “Committee” refer to the Compensation Committee of Omega Healthcare Investors, Inc.’s Board of Directors.

The Compensation Committee

Committee Members and Independence

Thomas F. Franke, Harold J. Kloosterman, Bernard J. Korman, Edward Lowenthal, and Stephen D. Plavin are the members of the Committee. Mr. Franke, who has served on the Company’s Board of Directors since 1992, is the Chairman of the Committee. Each member of the Committee qualifies as an independent director under the New York Stock Exchange listing standards and under the Company’s Board of Directors’ standards of independence.

Role of the Committee

The Committee’s responsibilities and function are governed by its charter, which the Board of Directors has adopted and a copy of which is available at our website. The Committee administers our 2004 Stock Incentive Plan, our 2000 Stock Incentive Plan and our 1993 Deferred Compensation Plan and has responsibility for other incentive and benefit plans. The Committee determines the compensation of our executive officers and reviews with the Board of Directors all aspects of compensation for our executive officers.

The Committee is responsible to the Board for the following activities:

- The Committee determines and approves the compensation for the Chief Executive Officer and our other executive officers. In doing so, the Committee evaluates their performance in light of goals and objectives reviewed by the Committee and such other factors as the Committee deems appropriate in our best interests and in satisfaction of any applicable requirements of the New York Stock Exchange and any other legal or regulatory requirements.
- The Committee reviews and recommends for Board approval (or approves, where applicable) the adoption and amendment of our director and executive officer incentive compensation and equity-based plans. The Committee has the responsibility for recommending to the Board the level and form of compensation and benefits for directors.
- The Committee may administer our incentive compensation and equity-based plans and may approve such awards thereunder as the Committee deems appropriate.
- The Committee reviews and monitors succession plans for the Chief Executive Officer and our other senior executives.
- The Committee meets to review and discuss with management the CD&A required by the SEC rules and regulations. The Committee recommends to the Board whether the CD&A should be included in our proxy statement or other applicable SEC filings. The Committee prepares a Compensation Committee Report for inclusion in our applicable filings with the SEC. Such reports state whether the Committee reviewed and discussed with management the CD&A, and whether, based on such review and discussion, the Committee recommended to the Board that the CD&A be included in our proxy statement or other applicable SEC filings.

- The Committee should be consulted with respect to any employment agreements, severance agreements or change of control agreements that are entered into between us and any executive officer.

- To the extent not otherwise inconsistent with its obligations and responsibilities, the Committee may form subcommittees (which shall consist of one or more members of the Committee) and delegate authority to such subcommittees hereunder as it deems appropriate.

- The Committee reports to the Board as it deems appropriate and as the Board may request.

- The Committee performs such other activities consistent with its charter, our Bylaws, governing law, the rules and regulations of the New York Stock Exchange and such other requirements applicable to the Company as the Committee or the Board deems necessary or appropriate.

The responsibilities of a member of the Committee are in addition to those responsibilities set out for a member of the Board.

Committee Meetings

The Committee meets as often as necessary to perform its duties and responsibilities. The Committee met four times during the year ended December 31, 2006 and thus far has held three meetings in 2007. Mr. Franke works, from time to time, with Mr. Pickett and other members of the Committee to establish the agenda. The Committee typically meets in executive sessions without management and meets with the Company's legal counsel and outside advisors when necessary.

The Committee receives and reviews materials in advance of its meetings. These materials include information that management believes will be helpful to the Committee as well as materials the Committee has requested. Depending upon the agenda for the particular meeting, these materials may include, among other things:

- reports from compensation consultants or legal counsel;
- a comparison of the compensation of our executives and directors compared to its competitors prepared by members of the Committee, by management at the Committee's request or by a compensation consultant engaged by the Committee;
- financial reports on year-to-date performance versus budget and compared to prior year performance, as well as other financial data regarding us and our performance;
- reports on our strategic plan and budgets for future periods;
- information on the executive officers' stock ownership and option holdings; and
- reports on the levels of achievement of individual and corporate objectives.

The Compensation Committee Process

Committee Advisors

The Compensation Committee Charter grants the Committee the sole and direct authority to engage and terminate advisors and compensation consultants and to approve their fees and retention terms. These advisors and consultants report directly to the Committee and we are responsible for paying their fees.

The Committee had previously engaged a consulting group in 2004, The Schonbraun McCann Group LLP (“Schonbraun”), in connection with determining the compensation of our executive officers for the current fiscal year, and the Committee also retained Schonbraun in late 2006 in connection with determining the compensation and incentive arrangements for our executive officers for fiscal year 2007. Schonbraun has not performed and has agreed not to perform in the future any work for us other than work for which it is engaged by the Committee. During late 2006 and early 2007, Schonbraun presented to the Committee analysis that included, but was not limited to, the status of our current compensation scheme as compared to our peer companies, the methodologies behind the research and analysis it used to determine the comparisons, the techniques it used to standardize the compensation schemes of peer companies in order to permit more accurate comparisons against our policies, and a proposed incentive compensation plan for executive officers. The Committee also requested that Schonbraun evaluate our current director compensation and prepare a proposal with respect to compensation for our directors in 2007.

Peer companies included in Schonbraun’s 2006/2007 analysis were Alexandria Real Estate Equities, Inc., BioMed Realty Trust, Corporate Office Properties Trust Inc., Digital Realty Trust, Inc., First Potomac Realty Trust, Glenborough Realty Trust Incorporated, Health Care REIT, Inc., Healthcare Realty Trust, LTC Properties, Inc., Medical Properties Trust Inc., Nationwide Health Properties, Inc., Parkway Properties, Inc., Republic Property Trust, Ventas, Inc., Washington Real Estate Investment Trust and Windrose Medical Properties Trust. Analyses performed included a comparison of the total return to the stockholders of the respective companies, a comparison of salaries of comparable officers for each company and a comparison of the terms of officer employment agreements.

Also, our Chief Executive Officer meets with the Committee upon the Committee’s request to provide information to the Committee regarding management’s views regarding its performance as well as other factors the Chief Executive Officer believes should impact the compensation of our executive officers. In addition, the Chief Executive Officer provides his recommendation to the Committee regarding the compensation of the executive officers and the business and performance targets for incentive awards and bonuses.

Annual Evaluation

The Committee meets in one or more executive sessions each year to evaluate the performance of our named executive officers, to determine their bonuses for the prior year, to establish bonus metrics for the current year, to set their salaries for the current year, and to approve any grants to them of equity incentive compensation, as the case may be.

The Committee also performs an annual evaluation of its performance and the adequacy of its charter and reports to our Board of Directors regarding this evaluation.

Compensation Policy

Historically, the policy and the guidelines followed by the Committee have been directed toward providing compensation and incentives to our executive officers in order to achieve the following objectives:

- 1) Assist in attracting and retaining talented and well-qualified executives;
- 2) Reward performance and initiative;
- 3) Be competitive with other healthcare real estate investment trusts;
- 4) Be significantly related to accomplishments and our short-term and long-term successes, particularly measured in terms of growth in funds from operations on a per share basis;

- 5) Align the interests of our executive officers with the interests of our stockholders; and
- 6) Encourage executives to achieve meaningful levels of ownership of our stock.

Elements of Compensation

The following is a discussion of each element of our executive compensation:

Annual Base Salary

Our approach to base compensation levels has been to offer competitive salaries in comparison with prevailing market practices. The Committee examined market compensation levels and trends in connection with the issuance of the executive employment contracts during 2004. Additionally, in connection with the issuance of these contracts, the Committee hired Schonbraun in 2004 to conduct a review and analysis of our peer group companies and to provide the Committee with executive base salaries of individuals then employed in similar positions in such companies. The employment agreements for each of the executive officers established a base annual salary and provided that the base salary should be reviewed on an annual basis to determine if increases are warranted.

In 2006 and 2007, the Committee evaluated and established the annual executive officer salaries for each fiscal year in connection with its annual review of management's performance and based on input from our Chairman of the Board of Directors and our Chief Executive Officer. The Committee undertook this evaluation and determination at the beginning of fiscal year 2006 and 2007 so that it could have available data for the recently completed prior fiscal year and so that it could set expectations for the beginning fiscal year. In undertaking the annual review, the Committee considered the decision-making responsibilities of each position and the experience, work performance and team-building skills of each incumbent officer, as well as our overall performance and the achievement of our strategic objectives and budgets. The Committee viewed work performance as the single most important measurement factor, followed by team-building skills and decision-making responsibilities.

We accrue salaries as they are earned by our officers, and thus all salaries earned during the year are expensed in the year earned. Each officer must include his salary in his taxable income in the year during which he receives it. We withhold appropriate tax withholdings from the salaries of the respective officers.

Annual Cash Bonus

Our historical compensation practices have embodied the principle that annual cash bonuses should be based primarily on achieving objectives that enhance long-term stockholder value is desirable in aligning stockholder and management interests.

The Committee has considered our overall financial performance for the fiscal year and the performance of the specific areas of our company under each incumbent officer's direct control. It was the Committee's view that this balance supported the accomplishment of overall objectives and rewarded individual contributions by executive officers. Individual annual bonuses for each named executive have been consistent with market practices for positions with comparable decision-making responsibilities and have been awarded in accordance with the terms of each executive officer's employment agreement.

In 2006, the executive officers were eligible for a cash bonus at the Committee's discretion based on the objective, subjective and personal performance goals set by the Committee. This bonus is in addition to any special bonus that may be paid at the discretion of the Board. In determining the amount of the annual cash bonuses, the Committee considered a variety of factors, including the individual performance of each executive officer along with our achievement of certain financial benchmarks, the successful implementation of asset management initiatives, control of expenses and satisfaction of our strategic objectives. Considering these factors, the Committee set annual cash bonuses related to fiscal year 2006 for Messrs. Pickett, Booth, Stephenson, and Crabill at \$463,500, \$158,500, \$114,750 and \$123,000, respectively.

We accrue estimated bonuses for our executive officers throughout the year service is performed relating to such bonuses, and thus bonuses are expensed in the year they are earned, assuming they are approved by our Board of Directors. Each officer must include his bonus in his taxable income in the year during which he receives it, which is generally in the year following the year it is earned. We withhold appropriate tax withholdings from the bonus amounts awarded.

70

Restricted Stock Incentives

In 2004, we entered into restricted stock agreements with four executive officers under the Omega Healthcare Investors, Inc. 2004 Stock Incentive Plan. A total of 317,500 shares of restricted stock were granted, which equated to approximately \$3.3 million of deferred compensation. The shares vest thirty-three and one-third percent (33 ⅓ %) on each of January 1, 2005, January 1, 2006 and January 1, 2007 so long as the executive officer remains employed on the vesting date, with vesting accelerating upon a qualifying termination of employment, upon the occurrence of a change of control (as defined in the restricted stock agreements), death or disability. In addition, we also entered into performance restricted stock unit agreements with our four executive officers. A total of 317,500 performance restricted stock units were granted under the Omega Healthcare Investors, Inc. 2004 Stock Incentive Plan. The performance restricted stock units were fully vested as December 31, 2006 following our attaining \$0.30 per share of common stock per fiscal quarter in “Adjusted Funds from Operations” (as defined in the agreement) for two (2) consecutive quarters. Dividend equivalents (plus an interest factor based on our company’s cost of borrowing) accrued on unvested shares and were paid, according to the terms of the stock grant, because the performance restricted stock units vested. Dividend equivalents on vested performance restricted stock units are paid currently. Pursuant to the terms of the performance restricted stock unit agreements, each of the executive officers will not receive the vested shares attributable to the performance restricted stock units until the earlier of January 1, 2008, such executive officer is terminated without cause or quits for good reason (as defined in the performance restricted stock unit agreement), or the death or disability (as defined in performance restricted stock unit agreement) of the executive officer.

In 2006, the Committee did not make any grants under the 2004 Stock Incentive Plan, 2000 Stock Incentive Plan or 1993 Deferred Compensation Plan to any executive officer or employee.

We account for all stock and option awards in accordance with Statement of FAS 123R. Executive officers recognize taxable income from stock option awards when a vested option is exercised. We generally receive a corresponding tax deduction for compensation expense in the year of exercise. The amount included in the executive officer’s wages and the amount we may deduct is equal to the most recent closing common stock price on the date the stock options are exercised less the exercise price multiplied by the number of stock options exercised. We do not pay or reimburse any executive officer for any taxes due upon exercise of a stock option or upon vesting of an award.

Retirement Savings Opportunities

All employees may participate in our 401(k) Retirement Savings Plan, or 401(k) Plan. We provide this plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner. Under the 401(k) Plan, employees are eligible to make contributions, and we, at our discretion, may match contributions and make a profit sharing contribution. We do not provide an option for our employees to invest in our stock in the 401(k) plan.

Health and Welfare Benefits

We provide a competitive benefits package to all full-time employees which includes health and welfare benefits, such as medical, dental, disability insurance, and life insurance benefits. The plans under which these benefits are offered do not discriminate in scope, terms or operation in favor of officers and directors and are available to all salaried employees. We have no structured executive perquisite benefits (e.g., club memberships or company vehicles) for any executive officer, including the named executive officers, and we currently do not provide supplemental pensions to our employees, including the named executive officers.

2006 Chief Executive Officer Compensation

In connection with retaining the services of Mr. Pickett to act as our Chief Executive Officer, we entered into an employment Agreement dated September 1, 2004 with Mr. Pickett. The Committee believes that the terms of the employment agreement are consistent with the duties and scope of responsibilities assigned to Mr. Pickett as Chief Executive Officer. In order to align Mr. Pickett's interests with our long-term interests, Mr. Pickett's compensation package includes significant equity-based compensation, including stock options and restricted stock. For a detailed description of the terms of the Employment Agreement, see "Compensation and Severance Agreements - C. Taylor Pickett Employment Agreement" below.

For the fiscal year ended December 31, 2006, the Committee awarded Mr. Pickett an annual cash bonus of \$463,500. This bonus was determined by the Committee substantially in accordance with the policies described above relating to all of our executive officers.

COMPENSATION COMMITTEE REPORT

The Committee reviewed and discussed the CD&A with management, and based on this review and discussion, the Committee recommended to the Board of Directors that the CD&A be included in this prospectus, in the company's annual proxy statement and the Annual Report on Form 10-K for the year ended December 31, 2006.

Tax Deductibility of Executive Compensation

The SEC requires that this report comment upon our policy with respect to Section 162(m) of the Internal Revenue Code. Section 162(m) disallows a federal income tax deduction for compensation over \$1.0 million to any of the named executive officers unless the compensation is paid pursuant to a plan that is performance-related, non-discretionary and has been approved by our stockholders. We did not pay any compensation during 2006 that would be subject to Section 162(m). We believe that, because we qualify as a REIT under the Internal Revenue Code and therefore are not subject to federal income taxes on our income to the extent distributed, the payment of compensation that does not satisfy the requirements of Section 162(m) will not generally affect our net income, although to the extent that compensation does not qualify for deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income taxation as dividend income rather than return of capital. We do not believe that Section 162(m) will materially affect the taxability of stockholder distributions, although no assurance can be given in this regard due to the variety of factors that affect the tax position of each stockholder. For these reasons, Section 162(m) does not directly govern the Compensation Committee's compensation policy and practices.

Compensation Committee Interlocks and Insider Participation

Thomas F. Franke, Harold J. Kloosterman, Bernard J. Korman, Edward Lowenthal and Stephen D. Plavin were members of the Compensation Committee for the year ended December 31, 2006 and during such period, there were

no Compensation Committee interlocks or insider participation in compensation decisions.

Summary Compensation Table

| Name and Principal Position(A) | Year (B) | Salary (\$) (C) | Bonus (\$) (1) (D) | Stock Awards (\$) (2) (E) | Option Plan Awards (\$) (F) | Non-Equity and Incentive Compensation (\$) (G) | Change in Pension Value Non-qualified Deferred Compensation (\$) (H) | All Other Compensation (\$) (I) | Total (\$) (J) |
|--------------------------------------|-------------|-----------------------|-----------------------------|---------------------------------------|--------------------------------------|--|--|--|----------------------|
| | | | | | | | | | |
| Taylor Pickett | 2006 | \$ 515,000 | \$ 463,500 | \$ 1,317,500 | \$ — | \$ — | \$ — | \$ 343,211 | \$ 2,639,211 |
| Robert Stephenson | 2006 | \$ 255,000 | \$ 114,750 | \$ 632,400 | \$ — | \$ — | \$ — | \$ 168,172 | \$ 1,170,322 |
| Dan Booth | 2006 | \$ 317,000 | \$ 158,500 | \$ 790,500 | \$ — | \$ — | \$ — | \$ 208,566 | \$ 1,474,566 |
| Lee Crabill | 2006 | \$ 246,000 | \$ 123,000 | \$ 606,050 | \$ — | \$ — | \$ — | \$ 161,441 | \$ 1,136,491 |

(1) This amount represents the bonuses related to the performance in 2006 but paid in 2007.

(2) The restricted common stock units were granted in 2004 and earned in 2006 because we attained \$0.30 per share of common stock per fiscal quarter in “Adjusted Funds from Operations,” which target was previously set in 2004 by the Committee, valued at grant date price of \$10.54 times the number of units earned.

- (3) This amount includes: (i) dividends on units paid in January 2007 (see footnote 2 above);
- (ii) interest earned on dividends on units paid in January 2007 (see footnote 2 above);
- (iii) dividends on restricted stock that was paid during 2006, which vested on January 1, 2007; and
- (iv) 401(K) matching contributions.

Outstanding Equity Awards at Fiscal Year End

| Name | Option Awards | | | | | Stock Awards | | | |
|-------------------|---|---|---|---------------------|-----------------|--|---|--|---|
| | Number of Securities Underlying Unexercised Options (#) | Number of Securities Underlying Exercised Options (#) | Equity Incentive Plan Awards of Securities Unearned (#) | Exercise Price (\$) | Expiration Date | Number of Shares or Units That Have Not Vested (#) | Market Value of Shares or Units That Have Not Vested (\$) | Equity Incentive Awards: Number of Unearned Shares, Units or Rights That Have Not Vested (#) | Equity Incentive Awards: Market or Payout Value of Unearned Shares, Units or Rights That Have Not Vested (\$) |
| (A) | (B) | (C) | (D) | (E) | (F) | (G)(1) | (H)(2) | (I) | (J) |
| Taylor Pickett | | | | | | 41,666 | \$ 738,322 | | |
| Robert Stephenson | | | | | | 20,000 | \$ 354,400 | | |
| Dan Booth | | | | | | 25,000 | \$ 443,000 | | |
| Lee Crabill | | | | | | 19,166 | \$ 339,622 | | |

(1) These balances represent unvested restricted stock at December 31, 2006, which subsequently vested on January 1, 2007. These balances exclude performance restricted stock units, which were vested as of December 31, 2006 but will be distributed on January 1, 2008. The performance criteria for the receipt of these units were met in 2006. Messrs. Pickett, Stephenson, Booth and Crabill were awarded 125,000, 60,000, 75,000 and 57,500 of these performance restricted stock units, respectively.

(2) The market value is based on the closing price of our common stock on December 29, 2006 of \$17.72.

Option Exercises and Stock Vested

| Name | Option Awards | | Stock Awards | |
|-------------------|---|---------------------------------|--|--------------------------------|
| | Number of Shares Acquired on Exercise (#) | Value Realized on Exercise (\$) | Number of Shares Acquired on Vesting (#) | Value Realized on Vesting (\$) |
| (A) | (B) | (C) | (D) | (E) |
| Taylor Pickett | — | \$ — | — | \$ — |
| Robert Stephenson | 80,274 | \$ 785,891 | — | \$ — |
| Dan Booth | 91,667 | \$ 874,837 | — | \$ — |
| Lee Crabill | — | \$ — | — | \$ — |

(1) This amount represents the gain to the employee based on the market price of underlying shares at the date of exercise less the exercise price.

Compensation and Severance Agreements

C. Taylor Pickett Employment Agreement

We entered into an employment agreement with C. Taylor Pickett, dated as of September 1, 2004, to be our Chief Executive Officer. The term of the agreement expires on December 31, 2007.

Mr. Pickett's current base salary is \$530,500 per year, subject to increase by us and provides that he will be eligible for an annual bonus of up to 125% of his base salary based on criteria determined by the Compensation Committee of our Board of Directors.

In connection with this employment agreement, we issued Mr. Pickett 125,000 shares of our restricted common stock on September 10, 2004, which vested 33 1/3% on each of January 1, 2005, January 1, 2006, and January 1, 2007. Dividends were paid on unvested shares and a dividend equivalent per share was paid in an amount equal to the dividend per share payable to stockholders of record as of July 30, 2004. Also in connection with this employment agreement, we issued Mr. Pickett 125,000 performance restricted stock units on September 10, 2004, which were fully vested as of December 31, 2006 because we had attained \$0.30 per share of common stock per fiscal quarter in "Adjusted Funds from Operations" (as defined in the agreement) for two (2) consecutive quarters. Dividend equivalents accrued on unvested shares and were paid upon vesting of the performance restricted stock units. Dividend equivalents on vested performance restricted stock units are paid currently. Pursuant to the terms of Mr. Pickett's performance restricted stock unit agreement, he will not receive the vested shares attributable to his performance restricted stock units until the earlier of January 1, 2008, he is terminated without cause or quits for good reason (as defined in the performance restricted stock unit agreement), or his death or disability (as defined in performance restricted stock unit agreement).

If we terminate Mr. Pickett's employment without "cause" or if he resigns for "good reason," he will be entitled to payment of his cash compensation (the sum of his then current annual base salary plus average annual bonus payable based on the three completed fiscal years prior to termination of employment) for a period of three (3) years. "Cause" is defined in the employment agreement to include events such as willful refusal to perform duties, willful misconduct in performance of duties, unauthorized disclosure of confidential company information, or fraud or dishonesty against us. "Good reason" is defined in the employment agreement to include events such as our material breach of the employment agreement or our relocation of Mr. Pickett's employment to more than 50 miles away without his consent.

Mr. Pickett is required to execute a release of claims against us as a condition to the payment of severance benefits. Severance is not paid if the term of the employment agreement expires. Mr. Pickett's restricted common stock and performance restricted stock units will become fully vested upon the occurrence of Mr. Pickett's death, disability, termination of employment without cause or resignation for good reason, or a "change in control" (as defined in the respective restricted stock agreement). In the event of a termination by us without cause or by Mr. Pickett for good reason, benefits are grossed up to cover federal excise taxes. If Mr. Pickett dies during the term of the employment agreement, his estate is entitled to a prorated bonus for the year of his death.

Mr. Pickett is restricted from using any of our confidential information during his employment and for two years thereafter or from using any trade secrets during his employment and for as long thereafter as permitted by applicable law. During the period of employment and for one year thereafter, Mr. Pickett is obligated not to provide managerial services or management consulting services to a competing business. Competing businesses is defined to include a defined list of competitors and any other business with the primary purpose of leasing assets to healthcare operators or financing ownership or operation of senior, retirement or healthcare related real estate. In addition, during the period of employment and for one year thereafter, Mr. Pickett agrees not to solicit clients or customers with whom he had material contact or to solicit our management level or key employees. If the term of the employment agreement

expires at December 31, 2007 and as a result no severance is paid, then these provisions also expire at December 31, 2007.

75

Daniel J. Booth Employment Agreement

We entered into an employment agreement with Daniel J. Booth, dated as of September 1, 2004, to be our Chief Operating Officer. The term of the agreement expires on December 31, 2007.

Mr. Booth's current base salary is \$326,500 per year, subject to increase by us and provides that he will be eligible for an annual bonus of up to 75% of his base salary based on criteria determined by the Compensation Committee of our Board of Directors.

In connection with this employment agreement, we issued Mr. Booth 75,000 shares of our restricted common stock on September 10, 2004, which vested 33 1/3% on each of January 1, 2005, January 1, 2006, and January 1, 2007. Dividends were paid on unvested shares and a dividend equivalent per share was paid in an amount equal to the dividend per share payable to stockholders of record as of July 30, 2004. Also in connection with this employment agreement, we issued Mr. Booth 75,000 performance restricted stock units on September 10, 2004, which were fully vested as of December 31, 2006 because we had attained \$0.30 per share of common stock per fiscal quarter in "Adjusted Funds from Operations" (as defined in the agreement) for two (2) consecutive quarters. Dividend equivalents on vested performance restricted stock units are paid currently. Pursuant to the terms of Mr. Booth's performance restricted stock unit agreement, he will not receive the vested shares attributable to his performance restricted stock units until the earlier of January 1, 2008, he is terminated without cause or quits for good reason (as defined in the performance restricted stock unit agreement), or his death or disability (as defined in performance restricted stock unit agreement).

If we terminate Mr. Booth's employment without "cause" or if he resigns for "good reason," he will be entitled to payment of his cash compensation (the sum of his then current annual base salary plus average annual bonus payable based on the three completed fiscal years prior to termination of employment) for a period of two (2) years. "Cause" is defined in the employment agreement to include events such as willful refusal to perform duties, willful misconduct in performance of duties, unauthorized disclosure of confidential company information, or fraud or dishonesty against us. "Good reason" is defined in the employment agreement to include events such as our material breach of the employment agreement or our relocation of Mr. Booth's employment to more than 50 miles away without his consent.

Mr. Booth is required to execute a release of claims against us as a condition to the payment of severance benefits. Severance is not paid if the term of the employment agreement expires. Mr. Booth's restricted common stock and performance restricted stock units will become fully vested upon the occurrence of Mr. Booth's death, disability, termination of employment without cause or resignation for good reason, or a "change in control" (as defined in the respective restricted stock agreement). In the event of a termination by us without cause or by Mr. Booth for good reason, benefits are grossed up to cover federal excise taxes. If Mr. Booth dies during the term of the employment agreement, his estate is entitled to a prorated bonus for the year of his death.

Mr. Booth is restricted from using any of our confidential information during his employment and for two years thereafter or from using any trade secrets during his employment and for as long thereafter as permitted by applicable law. During the period of employment and for one year thereafter, Mr. Booth is obligated not to provide managerial services or management consulting services to a competing business. Competing businesses is defined to include a defined list of competitors and any other business with the primary purpose of leasing assets to healthcare operators or financing ownership or operation of senior, retirement or healthcare related real estate. In addition, during the period of employment and for one year thereafter, Mr. Booth agrees not to solicit clients or customers with whom he had material contact or to solicit our management level or key employees. If the term of the employment agreement expires at December 31, 2007 and as a result no severance is paid, then these provisions also expire at December 31, 2007.

Robert O. Stephenson Employment Agreement

We entered into an employment agreement with Robert O. Stephenson, dated as of September 1, 2004, to be our Chief Financial Officer. The term of the agreement expires on December 31, 2007.

76

Mr. Stephenson's current base salary is \$262,700 per year, subject to increase by us and provides that he will be eligible for an annual bonus of up to 60% of his base salary based on criteria determined by the Compensation Committee of our Board of Directors.

In connection with this employment agreement, we issued Mr. Stephenson 60,000 shares of our restricted common stock on September 10, 2004, which vested 33 1/3% on each of January 1, 2005, January 1, 2006, and January 1, 2007. Dividends were paid on unvested shares and a dividend equivalent per share was paid in an amount equal to the dividend per share payable to stockholders of record as of July 30, 2004. Also in connection with this employment agreement, we issued Mr. Stephenson 60,000 performance restricted stock units on September 10, 2004, which were fully vested as of as of December 31, 2006 because we had attained \$0.30 per share of common stock per fiscal quarter in "Adjusted Funds from Operation" (as defined in the agreement) for two (2) consecutive quarters. Dividend equivalents on vested performance restricted stock units are paid currently. Pursuant to the terms of Mr. Stephenson's performance restricted stock unit agreement, he will not receive the vested shares attributable to his performance restricted stock units until the earlier of January 1, 2008, he is terminated without cause or quits for good reason (as defined in the performance restricted stock unit agreement), or his death or disability (as defined in performance restricted stock unit agreement).

If we terminate Mr. Stephenson's employment without "cause" or if he resigns for "good reason," he will be entitled to payment of his cash compensation (the sum of his then current annual base salary plus average annual bonus payable based on the three completed fiscal years prior to termination of employment) for a period of one and one half (1.5) years. "Cause" is defined in the employment agreement to include events such as willful refusal to perform duties, willful misconduct in performance of duties, unauthorized disclosure of confidential company information, or fraud or dishonesty against us. "Good reason" is defined in the employment agreement to include events such as our material breach of the employment agreement or our relocation of Mr. Stephenson's employment to more than 50 miles away without his consent.

Mr. Stephenson is required to execute a release of claims against us as a condition to the payment of severance benefits. Severance is not paid if the term of the employment agreement expires. Mr. Stephenson's restricted common stock and performance restricted stock units will become fully vested upon the occurrence of Mr. Stephenson's death, disability, termination of employment without cause or resignation for good reason, or a "change in control" (as defined in the respective restricted stock agreement). In the event of a termination by us without cause or by Mr. Stephenson for good reason, benefits are grossed up to cover federal excise taxes. If Mr. Stephenson dies during the term of the employment agreement, his estate is entitled to a prorated bonus for the year of his death.

Mr. Stephenson is restricted from using any of our confidential information during his employment and for two years thereafter or from using any trade secrets during his employment and for as long thereafter as permitted by applicable law. During the period of employment and for one year thereafter, Mr. Stephenson is obligated not to provide managerial services or management consulting services to a competing business. Competing businesses is defined to include a defined list of competitors and any other business with the primary purpose of leasing assets to healthcare operators or financing ownership or operation of senior, retirement or healthcare related real estate. In addition, during the period of employment and for one year thereafter, Mr. Stephenson agrees not to solicit clients or customers with whom he had material contact or to solicit our management level or key employees. If the term of the employment agreement expires at December 31, 2007 and as a result no severance is paid, then these provisions also expire at December 31, 2007.

R. Lee Crabill, Jr. Employment Agreement

We entered into an employment agreement with R. Lee Crabill, dated as of September 1, 2004, to be our Senior Vice President of Operations. The term of the agreement expires on December 31, 2007.

Mr. Crabill's current base salary is \$253,400 per year, subject to increase by us and provides that he will be eligible for an annual bonus of up to 60% of his base salary based on criteria determined by the Compensation Committee of our Board of Directors.

77

In connection with this employment agreement, we issued Mr. Crabill 57,500 shares of our restricted common stock on September 10, 2004, which vested 33 1/3% on each of January 1, 2005, January 1, 2006, and January 1, 2007. Dividends were paid on unvested shares and a dividend equivalent per share was paid in an amount equal to the dividend per share payable to stockholders of record as of July 30, 2004. Also in connection with this employment agreement, we issued Mr. Crabill 57,500 performance restricted stock units on September 10, 2004, which were fully vested as of as of December 31, 2006 because we had attained \$0.30 per share of common stock per fiscal quarter in "Adjusted Funds from Operations" (as defined in the agreement) for two (2) consecutive quarters. Dividend equivalents on vested performance restricted stock units are paid currently. Performance restricted stock units that have not become vested as of December 31, 2007 are forfeited. Pursuant to the terms of Mr. Crabill's performance restricted stock unit agreement, he will not receive the vested shares attributable to his performance restricted stock units until the earlier of January 1, 2008, he is terminated without cause or quits for good reason (as defined in the performance restricted stock unit agreement), or his death or disability (as defined in performance restricted stock unit agreement).

If we terminate Mr. Crabill's employment without "cause" or if he resigns for "good reason," he will be entitled to payment of his cash compensation (the sum of his then current annual base salary plus average annual bonus payable based on the three completed fiscal years prior to termination of employment) for a period of one and one half (1.5) years. "Cause" is defined in the employment agreement to include events such as willful refusal to perform duties, willful misconduct in performance of duties, unauthorized disclosure of confidential company information, or fraud or dishonesty against us. "Good reason" is defined in the employment agreement to include events such as our material breach of the employment agreement or our relocation of Mr. Crabill's employment to more than 50 miles away without his consent.

Mr. Crabill is required to execute a release of claims against us as a condition to the payment of severance benefits. Severance is not paid if the term of the employment agreement expires. Mr. Crabill's restricted common stock and performance restricted stock units will become fully vested upon the occurrence of Mr. Crabill's death, disability, termination of employment without cause or resignation for good reason, or a "change in control" (as defined in the respective restricted stock agreement). In the event of a termination by us without cause or by Mr. Crabill for good reason, benefits are grossed up to cover federal excise taxes. If Mr. Crabill dies during the term of the employment agreement, his estate is entitled to a prorated bonus for the year of his death.

Mr. Crabill is restricted from using any of our confidential information during his employment and for two years thereafter or from using any trade secrets during his employment and for as long thereafter as permitted by applicable law. During the period of employment and for one year thereafter, Mr. Crabill is obligated not to provide managerial services or management consulting services to a competing business. Competing businesses is defined to include a defined list of competitors and any other business with the primary purpose of leasing assets to healthcare operators or financing ownership or operation of senior, retirement or healthcare related real estate. In addition, during the period of employment and for one year thereafter, Mr. Crabill agrees not to solicit clients or customers with whom he had material contact or to solicit our management level or key employees. If the term of the employment agreement expires at December 31, 2007 and as a result no severance is paid, then these provisions also expire at December 31, 2007.

Option Grants/SAR Grants

No options or stock appreciation rights, or SARs, were granted to the named executive officers during 2006.

Long-Term Incentive Plan

For the period from August 14, 1992, the date of commencement of our operations, through December 31, 2006, we have had no long-term incentive plans.

Defined Benefit or Actuarial Plan

For the period from August 14, 1992, the date of commencement of our operations, through December 31, 2006, we have had no pension plans.

(1) This represents the fees earned in 2006 and includes amounts to be paid in 2007. The amount excludes amounts paid in 2006 but earned in 2005.

2006 Standard Compensation Arrangement for Directors. For the year ended December 31, 2006, our standard compensation arrangement for our Board of Directors provided that each non-employee director would receive a cash payment equal to \$20,000 per year, payable in quarterly installments of \$5,000. Each non-employee director also is entitled to receive a quarterly grant of shares of common stock equal to the number of shares determined by dividing the sum of \$5,000 by the fair market value of the common stock on the date of each quarterly grant, currently set at February 15, May 15, August 15, and November 15. At the director's option, the quarterly cash payment of director's fees may be payable in shares of common stock. In addition, each non-employee director is entitled to receive fees equal to \$1,500 per meeting for attendance at each regularly scheduled meeting of the Board of Directors. For each teleconference or called special meeting of the Board of Directors, each non-employee director receives \$1,500 for meeting. The Chairman of the Board receives an annual payment of \$25,000 for being Chairman and each Committee Chair received an annual payment of \$5,000. In addition, we reimburse the directors for travel expenses incurred in connection with their duties as directors. Employee directors received no compensation for service as directors.

Under our standard compensation arrangement of directors, each non-employee director of our company receives awarded options with respect to 10,000 shares at the date the plan was adopted or upon their initial election as a director. For the fiscal year ended December 31, 2006, our standard compensation arrangement for directors provide that each non-employee director receives awarded an additional option grant with respect to 1,000 restricted shares on January 1 of each year they served as a director. All grants have been and will be at an exercise price equal to 100% of the fair market value of our common stock on the date of the grant. Non-employee director options and restricted stock vest ratably over a three-year period beginning the date of grant.

2007 Standard Compensation Arrangement for Directors. Effective January 1, 2007, we modified our standard compensation arrangement for directors to provide that each non-employee director would receive (i) a cash payment of \$25,000, payable in quarterly installments of \$6,250, (ii) a quarterly grant of shares of common stock equal to the number of shares determined by dividing the sum of \$6,250 by the fair market value of the common stock on the date of each quarterly grant, currently set at February 15, May 15, August 15, and November 15, and (iii) restricted stock with respect to 1,500 shares on January 1 of each year they serve as a director (except that the chairman of the board will be awarded an additional 2,500 restricted shares on January 1 of each year he serves as Chairman). In addition, the Chairman of the Board will receive an additional annual payment of \$25,000, the Chairman of the Audit Committee will receive an additional \$15,000, the Chairman of the Compensation Committee will receive an additional \$10,000 and all other committee chairman will receive \$7,000.

We will continue to pay each non-employee director fees equal to \$1,500 per meeting for attendance at each regularly scheduled meeting of the Board of Directors. For each teleconference or called special meeting of the Board of Directors, each non-employee director will continue to receive \$1,500 for meeting. In addition, each non-new employee director of our company will be awarded options with respect to 10,000 shares upon their initial election as a director.

All stock grants will be at an exercise price equal to 100% of the fair market value of our common stock on the date of the grant. Non-employee director options and restricted stock vest ratably over a three-year period beginning the date of grant.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our capital stock as of March 8, 2007 for:

- each of our directors and the named executive officers appearing in the table under “Executive Compensation — Compensation of Executive Officers”; and

- all persons known to us to be the beneficial owner of more than 5% of our outstanding common stock.

Except as indicated in the footnotes to this table, the persons named in the table have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them, subject to community property laws where applicable. The business address of the directors and executive officers is 9690 Deereco Road, Suite 100, Timonium, Maryland 21093.

which ING Groep N.V. has sole voting power or power to direct the vote.

(19) Based on 4,739,500 shares of Series D preferred stock outstanding at March 8, 2007.

Description of Capital Stock

As of the date of this prospectus, our authorized capital stock consisted of 100,000,000 shares of our common stock, par value \$0.10 per share, and 20,000,000 shares of preferred stock, par value \$1.00 per share, of which 4,739,500 are designated as Series D cumulative redeemable preferred stock, or Series D Preferred Stock. Following the redemption of our Series A, Series B and Series C preferred stock, our board of directors, pursuant to authority granted in our articles of incorporation, re-classified the remaining 5,260,500 authorized shares of Series A, Series B and Series C preferred stock as preferred stock without designation as to series. As of March 8, 2007, we had 60,100,525 shares of our common stock and 4,739,500 shares of our 8.375% Series D Preferred Stock issued and outstanding. Our common stock and Series D Preferred Stock are listed on the NYSE.

All shares of our common stock participate equally in dividends payable to stockholders of our common stock when and as declared by our board of directors and in net assets available for distribution to stockholders of our common stock on liquidation or dissolution, have one vote per share on all matters submitted to a vote of the stockholders and do not have cumulative voting rights in the election of directors. Holders of our common stock do not have preference, conversion, exchange or preemptive rights. Our common stock is listed on the New York Stock Exchange under the symbol "OHI."

The following description of the terms of the preferred stock sets forth certain general terms and provisions of the preferred stock. The description of certain provisions of the preferred stock set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to the company's articles of incorporation, as amended, and the board of directors' resolution or articles supplementary relating to each series of the preferred stock.

Under the articles of incorporation, our board of directors is authorized without further stockholder action to provide for the issuance of up to an additional 15,260,500 shares of preferred stock, in one or more series, with such designations, preferences, powers and relative participating, optional or other special rights and qualifications, limitations or restrictions thereon, including, but not limited to, dividend rights, dividend rate or rates, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), the redemption price or prices, and the liquidation preferences as shall be stated in the resolution providing for the issue of a series of such stock, adopted, at any time or from time to time, by our board of directors. The board of directors' resolution or articles supplementary relating to future series of the preferred stock offered will establish specific terms for each series.

Our outstanding preferred stock is, and any future series of preferred stock will, when issued, be, fully paid and nonassessable. Our outstanding preferred stock does not have, and any future series of preferred stock will not have, any preemptive rights. Unless otherwise stated in the board of directors' resolutions or articles supplementary relating to a particular series of the preferred stock, each series of the preferred stock will rank on a parity as to dividends and distributions of assets with each other series of the preferred stock. The rights of the holders of each series of the preferred stock will be subordinate to those of the company's general creditors.

Our outstanding Series D Preferred Stock has no stated maturity or voting rights and is not subject to any sinking fund or mandatory redemption. The Series D Preferred Stock is, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our company, ranked senior to all classes or series of our common stock. Holders of shares of the Series D Preferred Stock are entitled to receive the payment of dividends, preferential cumulative cash dividends at a rate of 8.375% per annum of the liquidation preference per share. Dividends on the Series D Preferred Stock are cumulative from the date of original issue and are payable quarterly.

Computershare, N.A. is the transfer agent and registrar of the common stock and our outstanding preferred stock.

Stockholder Rights Plan

On May 12, 1999, our Board of Directors authorized the adoption of a stockholder rights plan. The plan is designed to require a person or group seeking to gain control of our company to offer a fair price to all of our stockholders. The rights plan will not interfere with any merger, acquisition or business combination that our board of directors finds is in our best interest and the best interests of our stockholders.

In connection with the adoption of the stockholder rights plan, our Board of Directors declared a dividend distribution of one right for each common share outstanding on May 24, 1999. The stockholder protection rights will not become exercisable unless a person acquires 10% or more of our common stock, or begins a tender offer that would result in the person owning 10% or more of our common stock. At that time, each stockholder protection right would entitle each stockholder other than the person who triggered the rights plan to purchase either our common stock or stock of an acquiring entity at a discount to the then market price. The plan was not adopted in response to any specific attempt to acquire control of our company.

RESTRICTIONS ON OWNERSHIP OF SHARES

Because our board of directors believes it is essential for us to continue to qualify as a REIT, our charter documents contain restrictions on the ownership and transfer of our capital stock that are intended to assist us in complying with the requirements to qualify as a real estate investment trust.

If our board of directors is, at any time and in good faith, of the opinion that direct or indirect ownership of at least 9.9% or more of the voting shares of stock has or may become concentrated in the hands of one beneficial owner (as that term is defined in Rule 13d-3 under the Exchange Act), our board of directors has the power:

- by any means deemed equitable by it to call for the purchase from any stockholder a number of voting shares sufficient, in the opinion of our board of directors, to maintain or bring the direct or indirect ownership of voting shares of stock of the beneficial owner to a level of no more than 9.9% of the outstanding voting shares of our stock; and
- to refuse to transfer or issue voting shares of stock to any person whose acquisition of those voting shares would, in the opinion of our board of directors, result in the direct or indirect ownership by that person of more than 9.9% of the outstanding voting shares of our stock.

Further, any transfer of shares, options, warrants or other securities convertible into voting shares that would create a beneficial owner of more than 9.9% of the outstanding shares of our stock shall be deemed void ab initio and the intended transferee shall be deemed never to have had an interest therein. The purchase price for any voting shares of stock so redeemed shall be equal to:

- the fair market value of the shares reflected in the closing sales price for the shares, if then listed on a national securities exchange;
- the average of the closing sales prices for the shares, if then listed on more than one national securities exchange;
- if the shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter, on the last business day immediately preceding the day on which notices of the acquisitions are sent; or
- if none of these closing sales prices or quotations are available, then the purchase price will be equal to the net asset value of the stock as determined by our board of directors in accordance with the provisions of applicable law.

From and after the date fixed for purchase by our board of directors, the holder of any shares so called for purchase shall cease to be entitled to distributions, voting rights and other benefits with respect to those shares, except the right to payment of the purchase price for the shares.

CERTAIN FEDERAL INCOME TAX CONSIDERATIONS

Certain Federal Income Tax Consequences Associated with Participating in the Plan

Dividends you receive on shares of our common stock that you hold in the Plan and which are reinvested in newly issued shares will be treated for federal income tax purposes as a taxable stock distribution to you. Accordingly, you will receive taxable dividend income in an amount equal to the fair market value of the shares of our common stock that you receive on the date we pay dividends to the extent we have current or accumulated earnings and profits for federal income tax purposes. We intend to take the position that the fair market value of the newly issued shares purchased with reinvested dividends equals the average of the high and low NYSE prices of our common stock on the

related date we pay dividends. The treatment described above will apply to you whether or not the shares are purchased at a discount. On the other hand, dividends you receive on shares of our common stock that you hold in the Plan, which are reinvested in shares of our common stock purchased by the administrator in the open market or in privately negotiated transactions, will be treated for federal income tax purposes as a taxable cash distribution to you in an amount equal to the purchase price of such shares to the extent that we have current or accumulated earnings and profits for federal income tax purposes. The portion of a distribution you receive that is in excess of our current and accumulated earnings and profits will not be taxable to you if this portion of the distribution does not exceed the adjusted tax basis of your shares. However, you will be required to reduce the basis in your existing shares by the amount of such excess. If a portion of your distribution exceeds the adjusted tax basis of your shares, that portion of your distribution will be taxable as a capital gain. If we properly designate a portion of your distribution as a capital gain dividend, then that portion will be reportable as a capital gain. Capital gains will be taxed to you at a 15% or 25% income tax rate, depending on the tax characteristics of the assets which produced such gains, and on certain other designations, if any, that we may make.

The Internal Revenue Service has indicated in somewhat similar situations that a participant who participates in the dividend reinvestment portion of the Plan and makes an optional cash purchase of common stock under the Plan will be treated as having received a distribution equal to the excess, if any, of the fair market value on the investment date of the common shares over the amount of the optional cash payment made by the participant. The fair market value will equal the average of the high and low NYSE prices of our common stock on the applicable investment date. Any distributions which the participant is treated as receiving, including the discount, would be taxable income or gain or would reduce his or her basis in common stock, or some combination thereof, under the rules described above.

Under the Plan, we will bear any trading fees or brokerage commissions related to the acquisition of, but not the sale of, shares of our common stock. Brokerage commissions paid by a corporation with respect to open market purchases on behalf of participants in a dividend reinvestment plan or pursuant to the optional cash purchase features of a plan are generally treated as constructive distributions to the participants, and the payment of these fees or commissions is generally subject to income tax in the same manner as distributions and includable in the participant's cost basis of the shares purchased. Accordingly, to the extent that we pay brokerage commissions with respect to any open market or privately negotiated purchases made with reinvested dividends or optional cash purchases by the administrator, participants will generally be treated as receiving their proportionate amount of the commissions as distributions in addition to the amounts described above.

Your tax basis in your shares of common stock acquired under the dividend reinvestment features of the Plan will generally equal the total amount of distributions you are treated as receiving, as described above. Your tax basis in your shares of common stock acquired through an optional cash purchase under the Plan will generally equal the total amount of distributions you are treated as receiving, as described above, plus the amount of the optional cash payment. Your holding period for the shares of our common stock acquired under the Plan will begin on the day following the date such shares were purchased for your Plan account. Consequently, shares of our common stock purchased in different quarters will have different holding periods.

You will not realize any gain or loss when you receive certificates for whole shares of our common stock credited to your account, either upon your request, when you withdraw from the Plan or if the Plan terminates. However, you will recognize gain or loss when you sell or exchange whole shares of our common stock acquired under the Plan. You will also recognize gain or loss when you receive a cash payment for a fractional share of our common stock credited to your Plan account when you withdraw from the Plan or if the Plan terminates. The amount of your gain or loss will equal the difference between the amount of cash you receive for your fractional shares of our common stock, net of any costs of sale paid by you, and your tax basis of such fractional shares.

Backup Withholding and Information Reporting. In general, we are required to report to the Internal Revenue Service all actual and constructive dividend distributions to you, unless you are a corporation or other shareholder exempt from reporting requirements. Additionally, dividends are subject to backup withholding, currently at a 28% rate, unless you provide your taxpayer identification number in the manner prescribed in applicable Treasury Regulations, certify that such number is correct, certify as to no loss of exemption from backup withholding, and meet certain other conditions, or otherwise establish an exemption. Backup withholding amounts will be withheld from dividends before those dividends are reinvested under the Plan. Therefore, dividends to be reinvested under the Plan by participants subject to backup withholding will be reduced by the backup withholding amount. The withheld amounts will generally be allowed as a refund or credit against the participant's U.S. federal income tax liability, provided the required information is furnished to the Internal Revenue Service.

REIT Taxation. As an owner of shares of a REIT, you will be generally taxed on distributions made to you (not designated as capital gain dividends), to the extent of our earnings and profits, at ordinary tax rates of up to 35% (in the case of a shareholder who is an individual). Because we are not generally subject to federal income tax on the portion of our REIT taxable income or capital gains distributed to our stockholders, our dividends will generally not be eligible for the low 15% tax rate on dividends distributed by regular “C” corporations. As a result, our ordinary REIT dividends will continue to be taxed at the higher tax rates applicable to ordinary income. However, the 15% tax rate for long-term capital gains and dividends will generally apply to:

- your long-term capital gains, if any, recognized on the disposition of our shares;
- our distributions designated as long-term capital gain dividends (except to the extent attributable to “unrecaptured Section 1250 gain,” in which case such distributions would continue to be subject to a 25% tax rate);
- our dividends attributable to dividends received by us from non-REIT corporations, such as taxable REIT subsidiaries; and
- our dividends to the extent attributable to income upon which we have paid corporate income tax (e.g., to the extent that we distribute less than 100% of our taxable income).

The foregoing summary of certain federal income tax considerations regarding the Plan is based on current law, is for your general information only and is not tax advice. This discussion does not purport to deal with all aspects of taxation that may be relevant to you in light of your personal investment circumstances, or if you are a type of investor (including insurance companies, tax-exempt organizations, entities treated as pass-through entities for U.S. federal income tax purposes, financial institutions or broker-dealers, foreign corporations and persons who are not citizens or residents of the United States) that is subject to special treatment under the federal income tax laws.

FOR FURTHER INFORMATION AS TO THE TAX CONSEQUENCES TO PARTICIPANTS IN THE PLAN, INCLUDING STATE, LOCAL AND FOREIGN TAX CONSEQUENCES, YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISOR(S). THE ABOVE DISCUSSION IS BASED ON FEDERAL INCOME TAX LAWS AS IN EFFECT AS OF THE DATE HEREOF. ALL PARTICIPANTS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE IMPACT OF ANY FUTURE LEGISLATIVE PROPOSALS OR LEGISLATION ENACTED AFTER THE DATE OF THIS PROSPECTUS.

Consequences of an Investment in Our Securities

The following is a general summary of the material U.S. federal income tax considerations applicable to us, and to the purchasers of our securities and our election to be taxed as a REIT. It is not tax advice. The summary is not intended to represent a detailed description of the U.S. federal income tax consequences applicable to a particular stockholder in view of any person’s particular circumstances, nor is it intended to represent a detailed description of the U.S. federal income tax consequences applicable to stockholders subject to special treatment under the federal income tax laws such as insurance companies, tax-exempt organizations, financial institutions, securities broker-dealers, investors in pass-through entities, expatriates and taxpayers subject to alternative minimum taxation.

The following discussion relating to an investment in our securities was based on consultations with Powell Goldstein LLP, our special counsel. In the opinion of Powell Goldstein LLP, the following discussion, to the extent it constitutes matters of law or legal conclusions (assuming the facts, representations, and assumptions upon which the discussion is based are accurate), accurately represents the material U.S. federal income tax considerations relevant to purchasers of our securities. Powell Goldstein LLP has not rendered any opinion regarding any effect of such issuance on purchasers of our securities. The sections of the Code relating to the qualification and operation as a REIT are highly technical and complex. The following discussion sets forth the material aspects of the Code sections that govern the

federal income tax treatment of a REIT and its stockholders. The information in this section is based on the Code; current, temporary, and proposed Treasury regulations promulgated under the Code; the legislative history of the Code; current administrative interpretations and practices of the Internal Revenue Service, or IRS; and court decisions, in each case, as of the date of this prospectus. In addition, the administrative interpretations and practices of the IRS include its practices and policies as expressed in private letter rulings which are not binding on the IRS, except with respect to the particular taxpayers who requested and received those rulings.

Taxation of Omega

Taxation of Omega

General. We have elected to be taxed as a REIT, under Sections 856 through 860 of the Code, beginning with our taxable year ended December 31, 1992. Except with respect to the Advocat “related party tenant” issue described elsewhere in this prospectus, we believe that we have been organized and operated in such a manner as to qualify for taxation as a REIT under the Code and we intend to continue to operate in such a manner, but no assurance can be given that we have operated or will be able to continue to operate in a manner so as to qualify or remain qualified as a REIT.

The sections of the Code that govern the federal income tax treatment of a REIT are highly technical and complex. The following sets forth the material aspects of those sections. This summary is qualified in its entirety by the applicable Code provisions, rules and regulations promulgated thereunder, and administrative and judicial interpretations thereof.

If we qualify for taxation as a REIT, we generally will not be subject to federal corporate income taxes on our net income that is currently distributed to stockholders. However, we will be subject to federal income tax as follows: First, we will be taxed at regular corporate rates on any undistributed REIT taxable income, including undistributed net capital gains; provided, however, that if we have a net capital gain, we will be taxed at regular corporate rates on our undistributed REIT taxable income, computed without regard to net capital gain and the deduction for capital gains dividends, plus a 35% tax on undistributed net capital gain, if our tax as thus computed is less than the tax computed in the regular manner. Second, under certain circumstances, we may be subject to the “alternative minimum tax” on our items of tax preference that we do not distribute or allocate to our stockholders. Third, if we have (i) net income from the sale or other disposition of “foreclosure property,” which is held primarily for sale to customers in the ordinary course of business, or (ii) other nonqualifying income from foreclosure property, we will be subject to tax at the highest regular corporate rate on such income. Fourth, if we have net income from prohibited transactions (which are, in general, certain sales or other dispositions of property (other than foreclosure property) held primarily for sale to customers in the ordinary course of business by us, (i.e., when we are acting as a dealer)), such income will be subject to a 100% tax. Fifth, if we should fail to satisfy the 75% gross income test or the 95% gross income test (as discussed below), but have nonetheless maintained our qualification as a REIT because certain other requirements have been met, we will be subject to a 100% tax on an amount equal to (a) the gross income attributable to the greater of the amount by which we fail the 75% or 95% test, multiplied by (b) a fraction intended to reflect our profitability. Sixth, if we should fail to distribute by the end of each year at least the sum of (i) 85% of our REIT ordinary income for such year, (ii) 95% of our REIT capital gain net income for such year, and (iii) any undistributed taxable income from prior periods, we will be subject to a 4% excise tax on the excess of such required distribution over the amounts actually distributed. Seventh, we will be subject to a 100% excise tax on transactions with a taxable REIT subsidiary, or TRS, that are not conducted on an arm’s-length basis. Eighth, if we acquire any asset, which is defined as a “built-in gain asset” from a C corporation that is not a REIT (i.e., generally a corporation subject to full corporate-level tax) in a transaction in which the basis of the built-in gain asset in our hands is determined by reference to the basis of the asset (or any other property) in the hands of the C corporation, and we recognize gain on the disposition of such asset during the 10-year period, which is defined as the “recognition period,” beginning on the date on which such asset was acquired by us, then, to the extent of the built-in gain (i.e., the excess of (a) the fair market value of such asset on the date such asset was acquired by us over (b) our adjusted basis in such asset on such date), our recognized gain will be subject to tax at the highest regular corporate rate. The results described above with respect to the recognition of built-in gain assume that we will not make an election pursuant to Treasury Regulations Section 1.337(d)-7(c)(5).

Requirements for qualification. The Code defines a REIT as a corporation, trust or association: (1) which is managed by one or more trustees or directors; (2) the beneficial ownership of which is evidenced by transferable shares, or by transferable certificates of beneficial interest; (3) which would be taxable as a domestic corporation, but for Sections 856 through 859 of the Code; (4) which is neither a financial institution nor an insurance company subject to the provisions of the Code; (5) the beneficial ownership of which is held by 100 or more persons; (6) during the last half year of each taxable year not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals (as defined in the Code to include certain entities); and (7) which meets certain other tests, described below, regarding the nature of its income and assets and the amount of its annual distributions to stockholders. The Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of twelve months, or during a proportionate part of a taxable year of less than twelve months. For purposes of conditions (5) and (6), pension funds and certain other tax-exempt entities are treated as individuals, subject to a “look-through” exception in the case of condition (6).

Income tests. In order to maintain our qualification as a REIT, we annually must satisfy two gross income requirements. First, at least 75% of our gross income (excluding gross income from prohibited transactions) for each taxable year must be derived directly or indirectly from investments relating to real property or mortgages on real property (including generally “rents from real property,” interest on mortgages on real property and gains on sale of real property and real property mortgages, other than property described in Section 1221 of the Code) and income derived from certain types of temporary investments. Second, at least 95% of our gross income (excluding gross income from prohibited transactions) for each taxable year must be derived from such real property investments, dividends, interest and gain from the sale or disposition of stock or securities other than property held for sale to customers in the ordinary course of business.

Rents received by us will qualify as “rents from real property” in satisfying the gross income requirements for a REIT described above only if several conditions are met. First, the amount of the rent must not be based in whole or in part on the income or profits of any person. However, any amount received or accrued generally will not be excluded from the term “rents from real property” solely by reason of being based on a fixed percentage or percentages of receipts or sales. Second, the Code provides that rents received from a tenant will not qualify as “rents from real property” in satisfying the gross income tests if we, or an owner (actually or constructively) of 10% or more of the value of our stock, actually or constructively owns 10% or more of such tenant, which is defined as a related party tenant. Third, if rent attributable to personal property, leased in connection with a lease of real property, is greater than 15% of the total rent received under the lease, then the portion of rent attributable to such personal property will not qualify as “rents from real property.” Finally, for rents received to qualify as “rents from real property,” we generally must not operate or manage the property or furnish or render services to the tenants of such property, other than through an independent contractor from which we derive no revenue. We, however, directly perform certain services that are “usually or customarily rendered” in connection with the rental of space for occupancy only and are not otherwise considered “rendered to the occupant” of the property. In addition, we may provide a minimal amount of “non-customary” services to the tenants of a property, other than through an independent contractor, as long as our income from the services does not exceed 1% of our income from the related property. Furthermore, we may own up to 100% of the stock of a taxable REIT subsidiary, or TRS, which may provide customary and non-customary services to our tenants without tainting our rental income from the related properties. For our tax years beginning after 2004, rents for customary services performed by a TRS or that are received from a TRS and are described in Code Section 512(b)(3) no longer meet the 100% excise tax safe harbor. Instead, such payments avoid the excise tax if we pay the TRS at least 150% of its direct cost of furnishing such services.

The term “interest” generally does not include any amount received or accrued (directly or indirectly) if the determination of such amount depends in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term “interest” solely by reason of being based on a fixed percentage or percentages of gross receipts or sales. In addition, an amount that is based on the income or profits

of a debtor will be qualifying interest income as long as the debtor derives substantially all of its income from the real property securing the debt from leasing substantially all of its interest in the property, but only to the extent that the amounts received by the debtor would be qualifying “rents from real property” if received directly by a REIT.

If a loan contains a provision that entitles us to a percentage of the borrower's gain upon the sale of the real property securing the loan or a percentage of the appreciation in the property's value as of a specific date, income attributable to that loan provision will be treated as gain from the sale of the property securing the loan, which generally is qualifying income for purposes of both gross income tests.

Interest on debt secured by mortgages on real property or on interests in real property generally is qualifying income for purposes of the 75% gross income test. However, if the highest principal amount of a loan outstanding during a taxable year exceeds the fair market value of the real property securing the loan as of the date we agreed to originate or acquire the loan, a portion of the interest income from such loan will not be qualifying income for purposes of the 75% gross income test, but will be qualifying income for purposes of the 95% gross income test. The portion of the interest income that will not be qualifying income for purposes of the 75% gross income test will be equal to the portion of the principal amount of the loan that is not secured by real property.

Prohibited transactions. We will incur a 100% tax on the net income derived from any sale or other disposition of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of a trade or business. We believe that none of our assets is primarily held for sale to customers and that a sale of any of our assets would not be in the ordinary course of our business. Whether a REIT holds an asset primarily for sale to customers in the ordinary course of a trade or business depends, however, on the facts and circumstances in effect from time to time, including those related to a particular asset. Nevertheless, we will attempt to comply with the terms of safe-harbor provisions in the federal income tax laws prescribing when an asset sale will not be characterized as a prohibited transaction. We cannot assure you, however, that we can comply with the safe-harbor provisions or that we will avoid owning property that may be characterized as property that we hold primarily for sale to customers in the ordinary course of a trade or business.

Foreclosure property. We will be subject to tax at the maximum corporate rate on any income from foreclosure property, other than income that otherwise would be qualifying income for purposes of the 75% gross income test, less expenses directly connected with the production of that income. However, gross income from foreclosure property will qualify for purposes of the 75% and 95% gross income tests. Foreclosure property is any real property, including interests in real property, and any personal property incident to such real property:

- that is acquired by a REIT as the result of the REIT having bid on such property at foreclosure, or having otherwise reduced such property to ownership or possession by agreement or process of law, after there was a default or default was imminent on a lease of such property or on indebtedness that such property secured;
- for which the related loan or lease was acquired by the REIT at a time when the default was not imminent or anticipated; and
