## Special Business to be considered at the Annual General Meeting

Your attention is drawn to the Notice of Meeting on pages 3 to 5 which sets out matters to be considered at the Annual General Meeting. In addition to the ordinary business there are four Resolutions relating to special business.

### Resolution 4 - Directors' Authority to Allot Ordinary Shares

The Directors are seeking to renew their authority to allot shares in the authorised but unissued share capital of the Company for the period up to September 20, 2018.

### Resolution 5 - Disapplication of Statutory pre-emption Rights

As was the case at previous years' Annual General Meetings, the Directors are seeking authority to allot Ordinary Shares without first offering them to existing shareholders in accordance with statutory pre-emption rights where the Ordinary Shares are allotted:-

- (a) on the exercise of any option in accordance with the provisions of the existing Ryanair Holdings plc Share Option Plans of 2000, 2003 and (subject to the passing of resolution 7) 2013;
- (b) in connection with a rights issue; and
- (c) otherwise than in pursuance of (a) and (b) above, up to an aggregate nominal value of the greater of €451,911 or 5% of the then issued share capital of the Company.

It is proposed to renew this authority for the period expiring fifteen months from the passing of this Resolution or, if earlier, on the day following the next Annual General Meeting of the Company.

### Resolution 6 - Authority to Repurchase Shares

At the Extraordinary General Meeting held on April 19, 2012 (the EGM) the Directors sought and obtained an amendment to the share repurchase authority granted at previous years' Annual General Meetings to allow the Company to repurchase shares from both the Ordinary Share pool and the American Depositary Share (the ADS) pool. The Directors are now seeking to renew the authority granted at the EGM. Any ADSs repurchased will be converted to Ordinary Shares and cancelled as will Ordinary Shares repurchased, and the number of Ordinary Shares in issue will reduce accordingly.

In line with the authority granted at the EGM, the maximum price at which Ordinary Shares traded on the Irish Stock Exchange or the London Stock Exchange could be repurchased would be the higher of (i) 5% above the average

market value of the Company's Ordinary Shares on the Irish Stock Exchange for the five business days prior to the date of purchase and; (ii) the price stipulated by Article 5(1) of Commission Regulation (EC) of December 22, 2003 (No. 2273/2003), being the higher of the last independent trade and the highest current independent bid on the trading venue on which the shares are being repurchased. It is further proposed that the maximum price at which Ordinary Shares which underlie the Company's ADSs which are traded on NASDAQ could be repurchased would be 5% above the average market value of one-fifth of the Company's ADSs on NASDAQ for the five business days prior to the date of purchase (as one ADS represents five Ordinary Shares).

The minimum price at which Ordinary Shares could be repurchased would be their nominal value of 0.635 euro cents. The authority will also enable the Company to repurchase in US dollars or euro.

#### Resolution 7 - Adoption of the Ryanair Share Option Plan 2013

Resolution 7 seeks the approval of shareholders for a new incentive plan, the Ryanair Share Option Plan 2013 (the "Plan"), for senior employees and directors of the Group.

The Board has decided, based on recommendations of the Remuneration Committee and subject to shareholder approval, to introduce the Plan to reward, retain and incentivise selected senior employees and directors. The Plan has been designed to align the interests of participants in the Plan with those of shareholders, to encourage participants to focus on the strategic objectives of the Company and in doing so achieve long term growth in shareholder value. No share option grants were made since 2008 and having recently completed the Boeing Agreement to purchase 175 new aircraft over a five year period the Company believes that it is now appropriate to provide for new option grants that will reflect the financial and commercial targets it has set itself for the next five year period and beyond.

The Plan will replace two stock option plans previously approved by shareholders (Option Plan 2000 and Option Plan 2003) for all future grants, as both of these plans have expired, although any subsisting options granted under Option Plan 2000 or Option Plan 2003 that have not yet lapsed will continue to be governed by the terms of those plans, as applicable.

The principal features of the Plan are set out in Appendix 1 to this Notice.

#### Recommendation of Directors

The Directors believe that the passing of the Resolutions set out in the Notice of Meeting is in the best interests of the Company and its shareholders as a whole and the Directors unanimously recommend that you vote in favour of such Resolutions as they intend to do in respect of their own beneficial holdings in Ordinary Shares which, as at the date of this letter, represent approximately 4.2% of the issued share capital of the Company.

Yours sincerely,

David Bonderman  
Chairman

B. 105% of the average of the Relevant Price for such Ordinary Shares of the same class for each of the five (5) business days immediately preceding the day of the purchase of the Ordinary Shares; and

(iv) for the purpose of sub-paragraph (iii)(B), "Relevant Price" means, in respect of the purchase of Ordinary Shares traded on the Irish Stock Exchange or the London Stock Exchange, on any business day on which there

### Appendix 1 Summary of Plan

#### Principal features of the Ryanair Share Option Plan 2013

The Ryanair Share Option Plan 2013 ("the Plan") provides for the delivery of fully paid ordinary shares in Ryanair Holdings plc (the "Company") to selected senior employees and directors of the Company or its subsidiaries. The

awards are subject to a vesting period and the satisfaction of certain performance conditions, as outlined below.

#### Basis of the Plan

The Plan provides for the grant of options to acquire shares ("Options") to selected senior employees and directors. The Options will give participants a right to acquire a predetermined number of shares at a price per share equal to the market value of a share at the date of grant, subject to a vesting period and the achievement of certain performance conditions. During the vesting period participants will have no beneficial entitlement to the shares, and in particular no dividend or voting rights in respect of the shares.

The Remuneration Committee will have responsibility for overseeing and administering the Plan.

#### Participation in the Plan

Any person who is a director or a senior employee of the Company or any subsidiary is eligible to participate. The Remuneration Committee in its absolute discretion will be responsible for nominating an eligible person for participation in the Plan. It is intended that grants of Options under the Plan will in practice be limited to key members of the senior management team and directors of the Company.

Awards made under the Plan are not pensionable.

#### Dilution Limits

In any ten year period no more than five per cent of the Company's issued shares may be acquired pursuant to the Plan.

#### Vesting and Performance Conditions

All Options will be subject to a five year performance period beginning with the financial year in which a grant occurs. There is an overriding time-based vesting condition such that even when designated performance targets are met, no Option will vest prior to the end of the fifth financial year comprising the performance period.

The Remuneration Committee has discretion to determine the financial performance targets that must be met with respect to each financial year. Those targets will relate directly to the achievement of certain year-on year growth targets in the Company's profit after tax figures for each of the five financial years of the performance period and/or certain share price targets. Such targets will be appropriately challenging and will require a sustained and continuous improvement in the financial performance of the Company. The Remuneration Committee is committed to using a performance measurement package that is demanding and by setting Plan targets by reference to a five year performance period, the Remuneration Committee will ensure that senior management and directors who are considered key to the business will be appropriately incentivised to strive for and deliver long term benefits to shareholders.

Profit after tax targets set in respect of a particular Option grant may be adjusted by the Remuneration Committee subsequently to take account of i) exceptional items recorded as such in the audited accounts of the Company for any financial year that falls into the performance period of that Option or ii) other extraordinary events that are outside of the Company's control and which have a material impact on the financial performance of the Company where such adjustment, in the opinion of the Remuneration Committee (acting fairly and reasonably) is necessary to maintain the integrity and purpose of the Plan.

The proportion of an Option that vests at the end of the five year performance period will be based on whether individual targets for each financial year are met, with twenty per cent of the Option vesting for each financial year's

target that is met. If a profit after tax target for an individual financial year is not met but the aggregate cumulative profit after tax target for the full five year period is met, the Option may still vest in full. In certain circumstances, exceptional and sustained share price performance in excess of pre-determined targets set by the Remuneration Committee prior to an Option grant, during the five year performance period relating to that Option grant, may also result in such Option vesting in full at the end of the five year performance period.

Options will lapse on the eighth anniversary of the date of grant, unless they lapse prior to that date on foot of any other provisions of the Plan.

#### Transferability

In general Options are not transferable save in the event of the death of a participant or where the Remuneration Committee in its absolute discretion has determined that an Option granted to a participant may be transferred to family members of that participant or one or more trusts or other entities for the benefit of or owned by family members of that participant.

#### Life of Plan

No Options will be capable of being granted more than ten years after the date the Plan is approved by shareholders.

#### Cessation of Office or Employment

Unvested options will lapse on the date a participant ceases to be a director or employee except in the following circumstances:

- death;
- due to incapacity for health reasons;
- the company in which the participant holds his office or employment ceases to be a member of the Group;
- the business or part of the business to which the participant's employment or office relates has ceased to be owned by the Group; or
- any other reason in the Remuneration Committee's sole and absolute discretion.

Where any of the above circumstances apply, the participant (or his legal personal representative, if applicable) may continue to hold an unvested Option until such time as it vests and is exercised or lapses pursuant to the terms of the Plan. In exercising its discretion with respect to an unvested Option the Remuneration Committee will consider the extent to which performance criteria have been satisfied at the date of cessation and the period of time from the date of grant to the date of cessation relative to the entire vesting period, unless it deems that this is inappropriate in any particular case.

A participant (or his legal personal representative, if applicable) may continue to hold an Option that has vested as at the date he ceases to be a director or employee for any reason and may exercise that Option at any time up to the date on which it lapses pursuant to the terms of the Plan.

#### Adjustment on capitalisation, rights issue etc

The terms of an Option may be adjusted on foot of any alteration taking place in the capital structure of the Company.

Change in control

In the event of a change in control of the Company (excluding any internal reorganisation) all Options vest. Alternatively, and with the agreement of the acquiring company, Options may be exchanged for new Options over shares in the acquiring company.

Alterations

Any material amendment to the advantage of participants in respect of the Option grant period, eligibility criteria, life of the Plan, dilution limits, determination of the Option price, change in control provisions, provisions allowing adjustments of Options in the event of share capital adjustments or provisions on a reconstruction or winding up requires the prior sanction of the Company in general meeting.

No amendment to the disadvantage of participants in respect of rights already granted under the Plan may be made without the approval of such number of participants as hold the majority of shares under Option at that time.

Copies of the rules of the proposed Plan referred to above are available for inspection at the registered office of the Company, Corporate Head Office, Dublin Airport, Co Dublin and at the office of A&L Goodbody Solicitors, 25-28 North Wall Quay, IFSC, Dublin 1, Ireland, during normal business hours on any weekday (except public holidays) up to Friday September 20, 2013 and at The Radisson Blu Hotel, Dublin Airport, Co. Dublin, Ireland from 15 minutes prior to the Annual General Meeting until the conclusion of the Meeting.
