Item 9 Regulation FD Disclosure

Gristede s Foods, Inc. (Gristede s) is commencing an offering of 150,000 units, each unit consisting of \$1,000 in principal amount of senior secured notes due 2010 and 150,000 common stock purchase warrants. The offering will be limited to qualified institutional buyers, institutional accredited investors and non-U.S. purchasers outside the United States. The proceeds of the offering, together with funds from a vendor support agreement with Di Giorgio Corporation and the issuance of preferred stock to an affiliate of John A. Catsimatidis, the majority stockholder, Chairman, President, Chief Executive Officer and Treasurer of Gristede s, will be used (i) to purchase the capital stock of Kings Super Markets, Inc. (Kings), (ii) to repay a portion of Gristede s outstanding indebtedness, (iii) to pay related fees and expenses of the offering and (iv) for general corporate purposes.

Gristede s will, concurrently with the consummation of the offering, (i) purchase all of the outstanding common stock of Kings for an expected purchase price of \$120.0 million in cash, subject to certain adjustments, (ii) issue \$20.0 million in aggregate stated amount of Series A Preferred Stock to an affiliate of John A. Catsimatidis, (iii) repay approximately \$20.0 million in loans from an affiliate of John A. Catsimatidis, (iv) repay outstanding indebtedness under Gristede s existing credit facility and (v) enter into a 10 year agreement with Di Giorgio Corporation (which term may be extended for an additional five years under certain circumstances) whereby Di Giorgio will pay \$10.0 million to Gristede s in consideration of Gristede s agreement to purchase its grocery, dairy and frozen food requirements from White Rose, a division of Di Giorgio, at levels and in a manner consistent with Gristede s past practices. In addition, following the consummation of the offering, Gristede s may enter into a new revolving credit facility.

The notes will be Gristede s senior secured obligations and will rank equally in right of payment to all of its senior debt and senior to its subordinated debt. All of the subsidiaries of Gristede s will guarantee the notes, jointly and severally, on a senior secured basis that will rank equally with such subsidiaries senior debt and senior to such subsidiaries subordinated debt. The notes and the related guarantees will be secured by a security interest in (i) all real property owned in fee by Gristede s, (ii) inventory, accounts receivable and related assets and (iii) the capital stock of substantially all of the subsidiaries of Gristede s, excluding certain assets and subject to prior liens. If Gristede s enters into a new revolving credit facility following the consummation of the offering, the security interest securing the notes and the related guarantees will be subordinated to any liens securing such revolving credit facility.

Edgar Filing: GRISTEDES FOODS INC - Form 8-K

Gristede s believes that the Kings acquisition will result in \$7.6 million of anticipated net annual operating synergies, which management believes are achievable and will be fully realized by the second full year of operations following the Kings acquisition.

No assurance can be made that the offering of the notes, the Kings acquisition or the other transactions referred to above will be completed, or that the anticipated net annual operating synergies by Gristede s will be achieved.

Recent Developments

Gristede s

For the thirteen weeks ended June 1, 2003, sales at Gristede s increased \$9.1 million to \$71.0 million from \$61.9 million for the thirteen weeks ended June 2, 2002. The increase in sales primarily resulted from new stores opened during the latter part of fiscal 2002 and in fiscal 2003. Same store sales during the thirteen weeks ended June 1, 2003 decreased 3.2% from same store sales during the thirteen weeks ended June 2, 2002. This decline in same stores sales was attributable to aggressive promotional pricing by a competitor and a decrease in sales of certain product categories due to unseasonably cool and wet weather.

For the thirteen weeks ended June 1, 2003, Gristede s generated EBITDA (as defined herein) of \$2.5 million as compared to \$3.0 million for the thirteen weeks ended June 2, 2002. EBITDA for the thirteen weeks ended June 1, 2003 was negatively impacted by (1) pre-opening expenses of \$0.3 million as compared to \$0.1 million for the thirteen weeks ended June 2, 2002 and (2) promotional pricing at new stores of \$1.5 million while there was no such impact during the 13 weeks ended June 2, 2002.

The integration of the operations of Kings and Gristede s will involve headcount and general and administrative expense reductions. In connection therewith, Gristede s and Gary Pokrassa have mutually agreed that Mr. Pokrassa will resign as Chief Financial Officer of Gristede s subsequent to the closing of the Kings acquisition.

Kings

For the thirteen weeks ended June 28, 2003, Kings sales declined 6.0% to \$102.2 million from \$108.7 million for the thirteen weeks ended June 29, 2002, while comparable store sales on a UK GAAP basis declined 3.1% to \$109.4 million from \$112.9 million. For the thirteen weeks ended June 28, 2003, Kings EBITDA (as defined herein) was \$4.7 million as compared to \$8.2 million for the thirteen weeks ended June 29, 2002. Management believes the decline in Kings sales and EBITDA were attributable to several factors. An unusual number of weekend rain days impacted Kings sales of seasonal perishable products for outdoor preparation. Kings also engaged in a promotional pricing program which failed to generate sufficient volume to overcome the lower margin. The Kings sale process has limited its capital expenditures and its ability to enter into long term contracts in the ordinary course of business.

Regulation G Disclosure

The recent developments discussion above includes a discussion of EBITDA, which is a non-GAAP financial measure. Generally, a non-GAAP financial measure is a numerical measure of a registrant's historical or future financial performance, financial position or cash flows that (i) excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the registrant; or (ii) includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. In this regard, GAAP refers to generally accepted accounting principles in the United States.

As used herein, Gristede's EBITDA is net income plus income taxes, net interest expense, depreciation and amortization, deferred rent leveling charges. Gristede's EBITDA is calculated as follows:

	13 Weeks Ended June 1, 2003	13 Weeks Ended June 2, 2002
	(dollars in thousands)	
Net (loss) income	\$ (913)	\$ 206
Provision for income taxes		
Interest expense, net	767	693
Depreciation and amortization	2,379	1,961
Deferred rent leveling charges	276	180
EBITDA	\$ 2,509	\$ 3,040

Edgar Filing: GRISTEDES FOODS INC - Form 8-K

As used herein, Kings EBITDA is net income plus income taxes, net interest expense, depreciation and amortization and deferred rent leveling charges. Kings EBITDA is calculated as follows:

	13 Weeks Ended June 28, 2003	13 Weeks Ended June 29, 2002
	(dollars in thousands)	
Net income	\$ 991	\$ 4,377
Provision for income taxes	634	541
Interest expense, net	167	106
Depreciation and amortization	2,795	3,033
Deferred rent leveling charges	76	120
EBITDA	\$ 4,663	\$ 8,177

EBITDA should not be considered as an alternative to, or more meaningful than, income before income taxes, cash flow from operating activities or other traditional indicators of operating performance. Rather, EBITDA is presented because it is a widely accepted supplemental financial measure that management believes provides relevant and useful information. The calculation of EBITDA presented herein may not be comparable to a similarly titled measure reported by other companies, since all companies do not calculate this non-GAAP financial measure in the same way.
