PROXY STATEMENT FOR THE 2004 ANNUAL MEETING OF SHAREHOLDERS FEBRUARY 25, 2004

This Proxy Statement and related materials are furnished in connection with the solicitation of proxies by the Board of Directors (the **Board**) of RemedyTemp, Inc., a California corporation (the **Company**), for use at the Company's 2004 Annual Meeting of Shareholders (the **Meeting**) to be held on February 25, 2004, at 12 noon Pacific Standard Time, and at any and all postponements and adjournments of the Meeting. The Meeting will be held at the Company's corporate headquarters located at 101 Enterprise, Aliso Viejo, California 92656. This Proxy Statement and the accompanying form of proxy will be first mailed to shareholders on or about January 16, 2004.

The cost of preparing, assembling and mailing the Notice of Annual Meeting of Shareholders, this Proxy Statement and form of proxy and the cost of soliciting proxies will be paid by the Company. Proxies may be solicited in person or by telephone, telegraph or cable, and by personnel of the Company who will not receive any additional compensation for such solicitation. The Company will pay brokers or other persons holding stock in their names or the names of their nominees for the reasonable expenses of forwarding soliciting material to their principals.

VOTING

The Board has fixed the close of business on January 7, 2004 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. As of January 7, 2004, there were 8,794,606 shares of the Company's Class A Common Stock (**Common Stock**) outstanding. Each share of Common Stock is entitled to one vote on any matter that may be presented for consideration and action by the shareholders at the Meeting. Holders of the Company's Class B Common Stock are not entitled to any vote in the election of directors or on any other matters submitted to a shareholder vote except as to certain amendments to the Company's Amended and Restated Articles of Incorporation (the **Articles of Incorporation**), certain mergers and as otherwise required by law.

The holders of a majority of the shares of Common Stock outstanding on the record date and entitled to be voted at the Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Meeting and at any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business.

Edgar Filing: REMEDYTEMP INC - Form DEF 14A

For the purposes of Proposal No. 1, Election of Directors, the nominees receiving the greatest number of votes at the Meeting will be elected. Because directors are elected by plurality, abstentions and broker non-votes will be entirely excluded from the vote and will have no legal effect on the election of directors.

Each shareholder entitled to vote may vote by proxy by using the proxy card enclosed with this Proxy Statement. You can specify how you want your shares voted on a proposal by marking the appropriate box(es) on the proxy card. The Proposal is identified by number and identifying text on the proxy card. Each proxy submitted by a shareholder will, unless otherwise directed by the shareholder in the proxy, be voted according to the recommendation of the Board on that proposal, as set forth later in this Proxy Statement. If a shareholder has submitted a proxy appropriately directing how the shares represented thereby are to be voted, such shares will be voted according to the shareholder's direction. Any shareholder has the power to revoke his or her proxy at any time before it is voted at the Meeting by submitting a written notice of revocation to the Secretary or Assistant Secretary of the Company or by timely filing a duly executed proxy bearing a later date. A proxy will not be voted if the shareholder that executed it is present at the Meeting and elects to vote the shares represented thereby in person.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below sets forth the following information known as of January 7, 2004: (i) the number of shares of the Company's Class A Common Stock beneficially owned by those known by the Company to be beneficial owners of more than five percent (5%) of the outstanding shares of the Company's Class A Common Stock; and (ii) the number of shares of the Company's Class A and Class B Common Stock beneficially owned by each director and executive officer named in the Summary Compensation Table on page 9 of this Proxy Statement, and by all directors and executive officers of the Company as a group. Director Independence

Edgar Filing: REMEDYTEMP INC - Form DEF 14A

The Board has determined that Ms. George, Messrs. Cvengros, Elliott, Hagan, Zaepfel, and Dr. Doti are each independent directors within the meaning of Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards.

Board Committees and Meetings

During the Company's last fiscal year ended September 28, 2003 (Fiscal 2003), the Board had the following four ongoing committees: the Audit Committee; the Leadership Development and Compensation Committee; the Executive Committee; and the Corporate Governance and Nominating Committee. All of the members of each of the Board's committees are independent directors as defined under the National Association of Securities Dealers' listing standards.

Audit Committee. The Audit Committee of the Board currently consists of Messrs. Cvengros, Elliott and Zaepfel (Chair). The Audit Committee has been established in accordance with SEC rules and regulations, and all the members of the Audit Committee are independent directors as defined under the National Association of Securities Dealers' listing standards. In addition, the Board has determined that each member of the Audit Committee qualifies as an audit committee financial expert within the meaning of the SEC rules and regulations. The Audit Committee's primary purpose is to assist the Board in fulfilling its oversight responsibilities relating to the Company's accounting and financial reporting processes and the audits of the Company's financial statements. In this regard, the Audit Committee, among other matters, meets with the Company's independent auditors, makes recommendations to the Board concerning the acceptance of the reports of such auditors and the accounting policies and procedures of the Company, and reviews financial plans and operating results of the Company. The Board has adopted a written charter for the Audit Committee. The Audit Committee charter is attached as Appendix A to this Proxy Statement.

Leadership Development and Compensation Committee. The Leadership Development and Compensation Committee (the Compensation Committee) of the Board currently consists of Dr. Doti, Ms. George (Chair) and Mr. Hagan. The Compensation Committee sets the performance goals, annual salary and incentive compensation of the Company's executive officers. Additionally, the Compensation Committee administers the Company's 1996 Amended and Restated Stock Incentive Plan and 1996 Employee Stock Purchase Plan.

Executive Committee. The Executive Committee of the Board currently consists of Mr. Cvengros, Mr. Elliott and Mr. Hagan (Chair). The Executive Committee acts on behalf of the Board to mentor and review the performance of the Company's Chief Executive Officer. The Executive Committee also meets with the Company's Chief Executive Officer to provide certain strategic, shareholder and organizational planning recommendations.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee of the Board (the Nominating Committee) currently consists of Mr. Cvengros, Dr. Doti and Mr. Elliott (Chair). All the members of the Nominating Committee are independent directors as defined under the National Association of Securities Dealers' listing standards. The Nominating Committee identifies, interviews and recommends to the Board potential new Board members and makes recommendations to the Board regarding corporate governance issues. The policy of the Nominating Committee is to consider shareholder nominations for candidates for membership on the Board when properly submitted in accordance with the Company's bylaws and the provisions set forth herein under the heading Shareholder Proposals. Shareholder nominations proposed for consideration by the Nominating Committee should be delivered to the Company's Corporate Secretary as follows:

Corporate Secretary

RemedyTemp, Inc.

101 Enterprise

Aliso Viejo, CA 92656

As provided in the Company's bylaws, shareholder nominations must set forth, among other matters: (i) the name, age and business address of the nominee; (ii) the principal occupation or employment of the nominee; (iii) the number of shares of the Company's capital stock owned by the nominee; and (iv) other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors under applicable rules and regulations of the Commission.

In November 2002, the Board established and adopted Director Guidelines that provide that at a minimum all members of the Board should have the highest professional and personal ethics and values. In addition, Board members should have experience at the policy-making level, be committed to increasing shareholder value and should have enough time to attend to their substantial duties and responsibilities to the Company.

The Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. In the event that vacancies on the Board arise, the Nominating Committee considers potential candidates for director, which may come to the attention of the Nominating Committee through current directors, professional search firms, shareholders or other persons. As described above, the Nominating Committee considers properly submitted shareholder nominations for candidates for the Board in the same manner as it evaluates other nominees. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating Committee. The materials provided by a shareholder for consideration of a nominee for director are forwarded to the Nominating Committee. The Nominating Committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a shareholder. Such candidates are evaluated at meetings of the

Nominating Committee. In evaluating such nominations, the Nominating Committee seeks to achieve the appropriate balance of industry and business knowledge and experience in light of the function and needs of the Board.

The Nominating Committee is governed by a written charter that is accessible via the Company's website at www.remedytemp.com.

During Fiscal 2003, there were four (4) meetings of the Board, six (6) meetings of the Audit Committee, four (4) meetings of the Compensation Committee, two (2) meeting of the Nominating Committee, and six (6) meetings of the Executive Committee. While a director, all of the Board members attended or participated in more than 75% of the aggregate of (i) the total number of meetings of the meetings of the Board, and (ii) the total number of meetings held by all Committees of the Board on which each such director served.

Communications with the Board

Shareholders may communicate with the Board or any of the directors by sending written communications addressed to the Board or any of the directors, c/o Corporate Secretary, RemedyTemp, Inc., 101 Enterprise, Aliso Viejo, CA 92625. All communications are compiled by the Corporate Secretary and forwarded to the Board or the individual director(s) accordingly.

Director Attendance at Annual Meetings

Directors are encouraged to attend annual meetings of the Company's shareholders. The 2003 annual meeting of shareholders was attended by all of our nine incumbent directors.

Directors Compensation

Directors who are also employees or officers of the Company receive no extra compensation for their service on the Board. Pursuant to the Non-Employee Director Plan, effective March 16, 1998, and amended by the Board on October 1, 2003, independent directors receive an annual retainer in the form of cash or shares of Common Stock valued at \$25,000 on the date of their election or re-election to the Board. For those directors electing to receive their retainer in stock, the Shares that are issued under the Non-Employee Director Plan are held in trust, on a deferred basis (subject to an exception for financial hardship) until a director is no longer a director of the Company. Such shares are issued in trust no later than ten (10) business days after the next annual meeting of shareholders following election or re-election, provided that the director has remained a director during such time. Additionally, the following cash fees are paid by the Company to each independent director per meeting attended: \$2,000 per Board meeting; \$2,000 per Audit Committee meeting with the Chair receiving a \$10,000 annual retainer; \$1,500 for each meeting of all other committees of the Board, with the Chair receiving a total of \$2,000. Independent directors also receive reimbursement for out-of-pocket expenses relating to Company business.

Pursuant to the Company's 1996 Amended and Restated Stock Incentive Plan (the "Incentive Plan"), each non-employee director of the Company automatically receives, upon becoming a director, a one-time grant of an option to purchase up to 5,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of the option's grant. These non-employee director options have a term of ten (10) years and become exercisable with respect to fifty percent (50%) of the underlying shares on the grant date and the remaining fifty percent (50%) of the underlying shares on the date of the next annual meeting of shareholders of the Company following the grant date (or, if an annual meeting of shareholders occurs within six months after the grant date, then on the date of the second annual shareholders' meeting after

Edgar Filing: REMEDYTEMP INC - Form DEF 14A

the grant date), provided that the recipient has remained a director since the grant date. In addition to an initial grant, each independent director also will receive, upon each re-election to the Board, an automatic grant of an option to purchase up to 2,500 additional shares of Common Stock up to a maximum of 20,000. These additional options will vest and become exercisable upon the earlier to occur of (i) the first anniversary of the grant date, or (ii) immediately prior to the annual meeting of shareholders of the Company next following the grant date, if the director has served as a director from the grant date to such earlier date. All independent director options will have a term of ten (10) years and an exercise price equal to the fair market value of a share of Common Stock on the date of grant. Vesting of independent director options accelerates if the recipient of the option ceases to be a director of the Company or its successor in connection with a change in control.

Grants of independent directors' options under the Incentive Plan count against its current limit of 1,800,000 shares of Common Stock. Shares underlying independent directors' options that expire or are terminated or canceled will become available for further awards under the Incentive Plan. In the event that a recipient of independent directors' options ceases to be a director of the Company, all such options granted to the director will be exercisable, to the extent they were exercisable at the date directorship ceased, for a period of 365 days or, if earlier, the expiration of the option according to its terms. Vesting accelerates upon certain transactions including dissolution, merger and change in control. The Incentive Plan provides that the exercise price may be paid by Company loan or withholding of underlying stock, or deferred until completion of broker-assisted exercise and sale transactions.

Pursuant to the amended terms of the Incentive Plan, each independent director that had not yet received a total of 20,000 additional grants was awarded independent directors' option to purchase 2,500 shares of Common Stock on February 27, 2003 upon the directors' re-election to the Board at the 2004 Annual Meeting.

Recommendation of the Board

The Board recommends that the shareholders vote FOR the nine (9) nominees listed above. Proxies received will be so voted unless shareholders specify otherwise in the proxy.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee consists of three (3) non-employee, independent directors and is responsible for setting and administering the policies governing annual compensation and performance goals of the executive officers of the Company.

Compensation Policies and Philosophy

The Compensation Committee believes that the compensation for the executive officers of the Company should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee determines the executive officers compensation levels after examining competitive market levels of similarly situated temporary staffing companies and based upon the achievement of pre-established objectives, individual contribution to the Company and the financial performance of the Company. The Compensation Committee strives to set a fair and competitive base salary for each of its executive officers coupled with an incentive cash bonus tied to annual performance-based individual and Company goals. Additionally, the Company strives to link its executive officers' compensation with the financial performance of the Company and align the financial interests of the executive officers with those of the Company's shareholders by providing equity-based long-term incentives in the form of restricted stock or stock option grants.

Compensation Components and Process

BASE SALARY. The base salary for each executive officer is determined at levels considered appropriate for comparable positions at other similarly situated temporary staffing companies.

PERFORMANCE BASED COMPENSATION. The Compensation Committee believes that a substantial portion of the annual compensation of each executive officer should be in the form of a cash bonus based on the satisfaction of certain pre-established goals, including an increased emphasis on the financial performance of the Company. The pre-established goals are a product of the Company's Management By Objective Program ("MBO") in which the Compensation Committee establishes each executive officer's goals after receiving input from each executive officer.

RESTRICTED STOCK AND STOCK OPTIONS. The goal of the Company's restricted stock and stock option grants is to align the interests of executive officers with the interests of the Company's shareholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. In years past, the Compensation Committee primarily used stock options to achieve this goal. During Fiscal 2003, the Compensation Committee engaged an independent firm that specializes in compensation issues to consult on the most appropriate way for the Company to compensate its executive officers and align their interests with that of the Company's shareholders. Accordingly, based in part on recommendations from compensation specialists and its own evaluation of this issue, the Compensation Committee awarded restricted Common Stock to executive officers of the Company during Fiscal 2003.

The Compensation Committee determined the amount of restricted stock according to the executive's position within the Company, recent performance, potential for future responsibility and promotion, and comparable awards made to individuals in similar positions within the staffing industry. The Compensation Committee will continue to evaluate the merits of awarding restricted stock. In general, it is the practice of the Company to grant stock options or restricted stock to executive officers when they join the Company. The Compensation Committee believes that these initial grants give the recipients a meaningful stake in the Company's long-term performance, with any ultimate realization of significant value from those grants being commensurate with returns available on investments in the Company's Common Stock. In addition to initial grants, the Compensation Committee has adopted a policy of providing additional long-term incentives to the Company's executive officers primarily through periodic stock option grants or, as mentioned above, restricted stock. The Compensation Committee believes that these incentives are essential to the long-term success of the Company and serve as a retention and compensation tool that aligns the interests of the Company's officers with the interests of its shareholders. In general, the restricted stock vests approximately five years from the grant date, or earlier if certain pre-established performance goals have been met. Options are exercisable in the future at the fair market value at the time of grant, so that an executive officer granted an option is rewarded only by the appreciation in price of the Company's Common Stock. Such grants, if any, are generally determined by the Compensation Committee after the end of a fiscal year with the input and recommendation of the Company's CEO.

Executive Officer Compensation

In November 2003, the Compensation Committee granted bonuses to certain executive officers based upon the executives' achievement of pre-established individual MBOs and Company goals, which include the Company's earnings per share financial performance. To ensure that the Compensation Committee achieves its goal of setting competitive compensation levels, the Compensation Committee referenced an analysis by an independent compensation consulting firm which concluded that the Company's executive base salaries were competitive with other temporary staffing companies, and that executive bonuses were competitive on a percentage basis to the levels identified by surveys for other temporary staffing companies.

Regarding compensation to executive officers other than base salary and cash bonuses, the Compensation Committee also administers the Company's Incentive Plan, pursuant to which the Company may grant various stock-based awards intended to compensate Company executive officers and align the interests of recipients with the interests of the Company's shareholders. Through the year ended September 28, 2003, stock options, performance grants and restricted Common Stock have been granted under the Incentive Plan. In Fiscal 2003, the Compensation Committee awarded certain executive officers restricted stock as mentioned above.

CEO Compensation

The Compensation Committee set the performance goals, salary, bonus amount and restricted stock grant for Fiscal 2003 of the Company's Chief Executive Officer, Greg Palmer, with reference to market standards and satisfaction of certain pre-established MBOs. For Fiscal 2003, Mr. Palmer's annual base salary was \$500,000. Mr. Palmer's incentive compensation for Fiscal 2003 consisted of a cash bonus of \$115,000 and grants totaling 100,000 shares of restricted Common Stock (collectively, the Incentive Compensation). The restrictions on the Common Stock grants lapse on February 26, 2008 or earlier, if certain pre-established performance goals are met. The Compensation Committee based the CEO's Incentive Compensation on Mr. Palmer's achievement of his MBOs. Specifically, the MBOs were based on quantitative and qualitative factors such as the Company's actual earnings per share financial performance, the changing of the Company's business mix to higher gross margin service lines, hiring a targeted number of sales representatives, achieving the required headcount reductions, analysis of the Company's various operating models, and the Company's preparation and implementation of its Strategic Plan. The Company's actual financial performance for Fiscal 2003 in earnings per share failed to meet the pre-established target level. As a result, no compensation was paid based upon the aforementioned performance goal. Mr. Palmer prepared and implemented the Company's strategic plan, changed the business mix, achieved headcount reductions and analyzed business operating models, thereby satisfying certain performance goals and thus resulted in the Compensation Committee's decision to set Mr. Palmer's Incentive Compensation as stated above.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

Consistent with Commission policies regarding auditor independence, our Audit Committee has responsibility for appointing, setting compensation and overseeing the work of our independent auditor. In recognition of this responsibility and in accordance with the Audit Committee's charter, the Audit Committee has established a policy to pre-approve audit and permissible non-audit services provided by the independent auditor.

In connection with the engagement of the independent auditor for the 2004 fiscal year, the Audit Committee's pre-approval process of specific services and fees, includes a review of specific services to be performed based on the four categories of services outlined above, a review of fees incurred for such services in the past, a review of expected fees to be incurred in fiscal year 2004 and a comparison of fees for similar services. The term of any pre-approval is 12 months from

the date of the pre-approval, unless the Audit Committee specifically provides for a more definitive period. Fees for any services that will exceed the pre-approval limits must be separately approved by the Audit Committee. During the year circumstances may also arise when it becomes necessary to engage the independent auditor for additional services not contemplated by the original pre-approval engagement. In those instances, the Audit Committee requires separate pre-approval before engaging the independent auditor for such services. In this regard, the Audit Committee may delegate pre-approval authority to one of more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee may not otherwise delegate its responsibilities to pre-approve services performed by the independent auditor to management.

STOCK PERFORMANCE GRAPH

The stock performance graph set forth below compares the cumulative total shareholder return on the Company's Common Stock for the period from September 25, 1998 through September 28, 2003 with the Nasdaq Stock Market Composite Index, peer issuers in the temporary staffing industry and the Russell 2000 Index. The graph assumes that \$100 was invested on September 25, 1998 in the Company's Common Stock and each index and that all dividends were reinvested. No cash dividends have been declared on the Company's Common Stock. The comparisons in the graph are required by the Commission and are not intended to forecast or be indicative of possible future performance of the Company's Common Stock.
