PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

This proxy statement is being furnished to you by the board of directors of Viragen, Inc., a Delaware corporation, in connection with a solicitation of proxies for use at our 2004 annual meeting of stockholders. We will hold our annual meeting at the Sheraton Suites Plantation located at 311 North University Drive, Plantation, Florida, on Thursday, February 17, 2005 at 3:00 P.M., local time, or at any and all adjournments. Viragen will bear the cost of this solicitation. Viragen's annual report on Form 10-K for the fiscal year ended June 30, 2004 is being mailed together with this proxy statement and proxy card. The first date of mailing of this proxy statement to stockholders is approximately January 14, 2004.

OUTSTANDING STOCK AND VOTING RIGHTS

Record Date

The board of directors has fixed the close of business on December 31, 2004 as the record date for determining those stockholders entitled to notice of, and to vote at, the annual meeting. Only stockholders of record on that date will be entitled to vote at the annual meeting.

Shares Outstanding

As of the December 31, 2004 record date, 36,568,385 shares of our common stock, \$.01 par value per share, were outstanding. Each share of common stock outstanding entitles the holder to one vote on each proposal submitted to stockholders for consideration at the annual meeting.

Revocation of Proxies

If you submit your proxy card, you have the power to revoke it by notice of revocation directed to the proxy holder at any time before it is voted. Unless you withhold authority in writing, proxies that are properly executed, will be voted **FOR** each of the proposals. Even if you submit a proxy card, you may nevertheless attend the meeting, revoke your proxy and vote in person.

Quorum

A quorum is the minimum number of shares that must be present at the annual meeting, in person or represented by proxy, in order to conduct the business of the meeting. The quorum necessary to conduct business at the annual meeting of stockholders is a majority of the shares of common stock outstanding (18,284,193 shares) as of the record date. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum at the annual meeting.

Vote Required for Approval

At the annual meeting, directors will be elected by a plurality of votes cast. Only votes cast **FOR** or **AGAINST** will affect the outcome of this proposal. Therefore, the three directors who receive the greatest number of votes cast **FOR** the election of directors will be elected to serve as directors.

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares of our common stock present at the annual meeting in person or by proxy, and entitled to vote on the matter.

Abstentions

Abstentions are considered shares present at the annual meeting in person or by proxy, and will be counted for purposes of determining whether a quorum is present. Abstentions will have no effect on the election of directors, but will have the effect of a vote **AGAINST** ratification of our independent registered public accountants.

Broker Non-Votes

Broker non-votes refer to Viragen shares held in street name by a brokerage firm or nominee (such as Cede & Co.) under circumstances where the beneficial owner has not instructed the broker or nominee as to how the shares should be voted. Broker non-votes are considered present by proxy for purposes of determining whether a quorum is present at the meeting. If your shares are held in street name, the broker or nominee in whose name your shares are held is permitted to vote your shares on the matters to be voted upon at the annual meeting, even if you have not provided specific direction on how your shares should be voted.

Report of the Audit and Finance Committee

The audit and finance committee reviews our financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In this context, the committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the committee that Viragen's consolidated financial statements for the fiscal year ended June 30, 2004 were prepared in accordance with accounting principles generally accepted in the United States, and the committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61 (*Communication With Audit Committees*). In addition, the committee has discussed with the independent registered public accounting firm, the independent registered public accounting firm's independence from the company and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (*Independence Discussions With Audit Committees*).

The committee discussed with our independent registered public accounting firm the overall scope and plans for their respective audit. The committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of Viragen's internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the committee recommended to the board of directors, and the board of directors has approved, that the audited consolidated financial statements be included in Viragen's annual report on Form 10-K for the year ended June 30, 2004, for filing with the Securities and Exchange Commission. The committee and the board also have recommended, subject to shareholder approval, the selection of Ernst & Young, LLP, as our independent registered public accounting firm.

Charles J. Simons (Chairperson)

C. Richard Stafford

Randolph A. Pohlman

In connection with the December 2003 effective date of American Stock Exchange rules addressing the independence of audit committee members, Mr. Salisbury resigned from the audit and finance committee and was replaced in this position by Dr. Pohlman.

Each member of our audit and finance committee is independent within the meaning of Rule 10A-3 under the Securities Exchange Act of 1934 and Section 121A of the Rules of the American Stock Exchange.

During fiscal 2004, the audit and finance committee met on twelve occasions.

Audit Committee Financial Expert

Our board of directors has determined that our audit committee financial expert within the meaning of Item 401(h) of Regulation S-K is Charles J. Simons. In general, an audit committee financial expert is an individual member of the audit committee who (a) understands generally accepted accounting principles and financial statements, (b) is able to assess the general application of such principles in connection with accounting for estimates, accruals and reserves, (c) has experience preparing, auditing, analyzing or evaluating financial statements comparable to the breadth and complexity to the Company's financial statements, (d) understands internal controls over financial reporting and (e) understands audit committee functions.

An audit committee financial expert may qualify as such through: education and experience as a principal financial officer, principal accounting officer, controller, public accountant, auditor or person serving similar functions; experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor or person serving similar functions; experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing or evaluation of financial statements; or, other relevant experience.

Compensation Committee

The compensation committee was organized in February 2001. Prior to the adoption of the compensation committee charter in December 2003, the committee operated without a written charter. Under its charter, the compensation committee is to consist of not less than two members. Each member of the compensation committee is independent within the meaning of Section 121A of the Rules of the American Stock Exchange.

The compensation committee is responsible for recommending to the entire board of directors (1) compensation payable to our executive officers and non-employee directors, (2) incentive and equity-based compensation plans, including stock option plans in which officers or employees are eligible to participate and (3) arrangements with executive officers and other key officers relating to their employment relationship with us.

During fiscal 2004, the compensation committee met on one occasion.

Nominating and Governance Committee

The nominating and governance committee was organized in November 2003. Under its charter, the nominating and governance committee is to consist of not less than two members. Each member of the nominating and governance committee is independent within the meaning of Section 121A of the Rules of the American Stock Exchange.

The nominating and governance committee was formed (1) to assist the board of directors by identifying individuals qualified to become board members, and to recommend for selection by the board of directors the director nominees to stand for election for the next annual meeting of the our shareholders; (2) to recommend to the board of directors nominees for each committee of the board of directors; (3) to oversee the evaluation of the board of directors and management, and (4) to develop and recommend to the board of directors a set of corporate governance guidelines and code of business conduct and ethics.

The nominating and governance committee is responsible for selecting those individuals to recommend to the entire board of directors for election to the board. The committee will consider candidates for directors proposed by security holders. The nominating and governance committee has no formal procedures for submitting candidates and, until otherwise determined, accepts written submissions that include the name, address and telephone number of the proposed nominee, along with a brief statement of the candidate's qualifications to serve as a director. If the proposed nominee is not the security holder submitting the name of the candidate, a letter from the candidate agreeing to the submission of his or her name for consideration should be provided at the time of submission. If the committee believes it to be appropriate, committee members may meet with the proposed nominee before making a final determination whether to recommend the individual as a nominee to the entire board of directors to stand for election to the board.

The nominating and governance committee identifies director nominees through a combination of referrals, including by management, existing board members and security holders, and direct solicitations, where warranted. Once a candidate has been identified the nominating and governance committee reviews the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation.

Among the factors that the committee considers when evaluating proposed nominees are their experience in the biopharmaceutical industry, knowledge of and experience with regulatory processes, particularly those relating to the Food and Drug Administration and its international counterparts, and knowledge of and experience in business matters, finance, capital markets and mergers and acquisitions. The committee may request references and additional information from the candidate prior to reaching a conclusion. The committee is under no obligation to formally respond to recommendations, although as a matter of practice, every effort is made to do so.

The nominating and governance committee received no security holder recommendations for nomination to the board of directors in connection with the 2004 annual meeting of stockholders. There are three director nominees for the 2004 annual meeting of stockholders. Robert C. Salisbury and Charles J. Simons are incumbent directors standing for reelection. Charles A. Rice was appointed as a director in connection with his engagement as Viragen's president and chief executive officer in March 2003.

During fiscal 2004, the nominating and governance committee met on one occasion.

Audit and Finance Committee and Compensation Committee Interlocks and Insider Participation in Compensation Decisions

Each member of the audit and finance committee, the compensation committee and the nominating and governance committee is independent within the meaning of Rule 121A of the American Stock Exchange. We are not aware of any interlocks between any member of the compensation committee and any other person associated with that member. Under Rule 805 of the American Stock Exchange, our chief executive officer may not be present during deliberations or voting by the compensation committee on his compensation.

Employment Agreements

Edgar Filing: VIRAGEN INC - Form DEF 14A

The compensation committee evaluates and establishes the compensation packages for all of Viragen's executive officers. Executive officers are evaluated routinely based on the effectiveness of their efforts in their respective areas of responsibility as well as their contribution to achieving our overall goals. The compensation committee has structured compensation packages so that base salaries are conservative by pharmaceutical industry standards. The emphasis is on compensation through the issuance of stock options. As a consequence, executive officers may maximize their total compensation through the attainment of corporate goals as reflected in appreciated stock values.

In March 2004, Charles A. Rice was appointed president and chief executive officer. Mr. Rice entered into a three year employment agreement with Viragen. Following the initial three-year term, the agreement is automatically extended for an additional year on each anniversary unless either party provides at least ninety days notice of their intent not to extend. The agreement provides for a base salary of \$300,000 per year and an incentive bonus of up to an additional \$112,500 for calendar 2004. The incentive bonus is based upon performance and achievement of agreed standards. Commencing in calendar 2005, the board of directors shall recommend an annual incentive bonus which will not be less than \$75,000. Mr. Rice also was granted options to purchase 150,000 shares of our common stock, exercisable at \$2.10 per share for a five year period from their vest date. These options vest as follows:

50,000 upon the effective date of the employment agreement;

50,000 upon the first anniversary of the effective date;

25,000 when, and if, the volume weighted average price of our common stock equals or exceeds \$5.00 per share for thirty consecutive trading days;

25,000 when, and if, the volume weighted average price of our common stock equals or exceeds \$10.00 per share for thirty consecutive trading days;

or with regard to the 50,000 price based vesting, in their entirety upon the tenth anniversary of the effective date.

In March 2004, Robert C. Salisbury resigned his positions as chief executive officer and president of Viragen. He held those positions, without compensation, since January 31, 2003. On February 7, 2003, Mr. Salisbury was granted options to purchase 35,000 shares of our common stock at \$1.10 per share. The options vested one-half upon the grant date and one-half upon the first anniversary of the grant date and are exercisable for five years from the applicable vesting dates. In January 2004, Mr. Salisbury exercised half of these options to purchase 17,500 shares of our common stock at \$1.10 per share, through the payment of \$19,250 in cash. Mr. Salisbury has been a director of Viragen since December 1998.

On March 1, 1999, Dennis W. Healey entered into an employment agreement with Viragen having an initial term of two years, and providing for automatic one-year renewal terms unless either party provides at least ninety days notice of their intent not to renew. Under this agreement, as amended from time to time, Mr. Healey receives an annual salary of \$200,000. He also received options to purchase 15,000 shares of Viragen common stock at \$13.50 per share. The options vested one-half on the date of grant and one-half on the first year anniversary. The options are exercisable over five years from the applicable vesting dates. Mr. Healey's employment agreement contains a provision that in the event Viragen were to spin-off or split-off any present or future subsidiaries, he would be entitled to receive a certain number of options in the spun-off company. The number of options he would receive would be based on a formula reflecting his then current option position relative to the fully diluted common stock of Viragen then outstanding. The pricing of the new options would be based on the relationship of the exercise price of his existing options with the fair market value of Viragen's stock at the date of the transaction.

On July 1, 2004, upon expiration of a renewal term under his July 2001 employment agreement, Mr. Rothberg entered into a new two-year employment agreement with Viragen. The agreement is automatically extended for additional one-year periods, unless either party provides at least ninety days notice of their intent not to renew. The agreement provides for a base annual salary of \$190,000. In addition, each year of the agreement, Mr. Rothberg is eligible to receive a performance-based bonus of up to 50% of his base salary. This bonus is payable upon the achievement of mutually agreed upon performance objectives established each year.

In October 2001, Mr. Burke joined Viragen as its controller and entered into a two year employment agreement. The agreement is automatically extended for one-year periods, unless either party provides at least 90 days notice of their intent not to extend. The agreement provided for a salary of \$110,000 per year. In addition, Mr. Burke received options to purchase 2,500 shares of Viragen common stock and 25,000 shares of Viragen International at \$12.40 and \$0.70 per share, respectively. These options vested one-half upon the effective date of the employment agreement and one-half on the first anniversary of the effective date. In January 2002, his employment agreement was modified, increasing his salary to \$120,000 per year.

In March 2004, Mr. Burke was appointed as vice president of Viragen. Effective July 1, 2004, his employment agreement was modified providing for an annual salary of \$145,000. He also received options to purchase 20,000 shares of Viragen common stock at \$1.57 per share. The options vest one-half on the date of grant and one-half on the first year anniversary. These options are exercisable for five years from the applicable vesting dates.

1997 Amended Stock Option Plan and 1995 Amended Stock Option Plan

On May 15, 1995 the board of directors adopted, subject to approval by the stockholders, a stock option plan, called the 1995 Stock Option Plan. The board of directors reserved 400,000 shares of common stock under the 1995 Stock Option Plan. On September 22, 1995, the board of directors amended the 1995 Stock Option Plan to define certain terms and clarify the minimum exercise price of non-qualified options. The minimum exercise price of non-qualified options cannot be less than 55% of the fair market value. Viragen stockholders ratified the 1995 Stock Option Plan at the annual meeting held on December 15, 1995.

On January 27, 1997 the board of directors adopted, subject to approval by the stockholders, a stock option plan called the 1997 Stock Option Plan. The 1997 stock option plan contains terms and provisions similar to the 1995 Stock Option Plan. Viragen stockholders ratified the 1997 Stock Option Plan at the annual meeting held on February 28, 1997. On April 24, 1998 the board of directors adopted, subject to ratification by the stockholders, an amendment to the 1997 Stock Option Plan. This amendment reserved an additional 100,000 shares of common stock for issuance under that plan. This amendment brought the total shares reserved under the 1997 Stock Option Plan to 400,000 shares. On July 31, 1998, the stockholders ratified this amendment to the 1997 Stock Option Plan.

The compensation committee of the board of directors and the board of directors currently administer the plans. Administration of the plans includes determining:

the persons who will be granted plan options,

the type of plan options to be granted,

the number of shares subject to each plan options, and

the exercise price of plan options.

Options granted under either the 1995 or the 1997 stock option plans may qualify as incentive stock options, under Section 422 of the Internal Revenue Code of 1986, as amended. In addition, the plans also include a reload option provision. This provision permits an eligible person to pay the exercise price of the plan option with shares of common stock owned by the eligible person. The person then receives a new plan option to purchase shares of common stock equal in number to the tendered shares. Any incentive option,

which is granted under a plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares, on the date of such grant. The exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of the fair market value, as determined on the date of the grant. The board of directors, the audit and finance committee or the compensation committee determine the term of each plan option and the manner in which it may be exercised. No plan option may be exercisable more than 10 years after the date of its grant. In the case of an incentive option granted to an eligible employee owning more than 10% of Viragen's common stock, no plan option may be exercisable more than five years after the date of the grant.

Officers, directors, key employees and consultants of Viragen and its subsidiaries are eligible to receive non-qualified options under the stock option plans. Only officers, directors and employees who are employed by Viragen or by any of its subsidiaries are eligible to receive incentive options.

Incentive options are non-assignable and nontransferable, except by will or by the laws of descent and distribution during the lifetime of the optionee. Only the optionee may exercise incentive options. Under an amendment to the 1997 stock option plan, non-qualified options may be transferable under limited circumstances for estate planning, if authorized by the board of directors or the compensation committee. If an optionee's employment is terminated for any reason, other than his death or disability, or if an optionee is not an employee but is a member of Viragen's board of directors and his service as a director is terminated for any reason, other than death or disability, the plan option granted to him will lapse to the extent unexercised on the earlier of the expiration date or 90 days following the date of termination. If the optionee dies during the term of his employment, the plan option granted to him will lapse to the extent unexercised on the earlier of the expiration date of the plan option or the date one year following the date of the optionee's death. If the optionee is permanently and totally disabled, the plan option granted to him lapses to the extent unexercised on the earlier of the expiration date of the option or one year following the date of the disability.

The board of directors may amend, suspend or terminate the stock option plans at any time. However, no amendment can be made which changes the minimum purchase price, except in the event of adjustments due to changes in Viragen's capitalization. Unless the plans have been suspended or terminated by the board of directors, the 1995 Stock Option Plan will terminate on May 15, 2005, and the 1997 Stock Option Plan will terminate on January 27, 2007. The termination of either plan will not affect the validity of any plan options previously granted.

As of June 30, 2004 there were approximately 12,900 and 82,260 options available to be awarded under the 1995 and 1997 stock option plans, respectively. As of December 31, 2004, there were approximately 12,900 and 95,660 options available to be awarded under the 1995 and 1997 stock option plans, respectively.

Other Option Grants

On March 14, 2004, Viragen granted each existing non-employee director 500 options to purchase shares of Viragen common stock. These grants represented the customary annual grant to existing non-employee directors of Viragen. The options vest one-half on the date of grant and one-half on the first year anniversary. The options are exercisable over five years from the vest dates, at a price of \$2.40 per share.

In November and December 2003, Viragen granted 2,500 options to purchase shares of Viragen common stock to Per-Erik Persson and Randolph A. Pohlman, respectively. These options are exercisable at prices ranging from \$2.50 to \$2.60 per share. These grants represent Viragen's normal initial grant to non-employee directors upon being appointed to the board of directors. These options vest one-half on the date of grant and one-half on the first year anniversary and are exercisable over five years from the vest dates.

**PERFORMANCE GRAPH STOCKHOLDER RETURN
ON COMMON STOCK**

The following graph compares the percentage change in the cumulative total stockholder return on the Company's common stock during the period from June 30, 1999 through June 30, 2004 with the cumulative total return on the AMEX Composite Index and the NASDAQ Biotechnology Index.

Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file with the Securities and Exchange Commission initial reports of their ownership and reports of changes in their ownership of common stock and other equity securities of Viragen. Officers, directors and greater than ten percent (10%) stockholders are required by regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of these reports furnished to us and written representations that no other reports were required, during the fiscal year ended June 30, 2004, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent (10%) beneficial owners were completed and timely filed.

Certain Relationships and Related Transactions

Carl N. Singer, Viragen's chairman of the board, also serves as president and chief executive officer of Viragen International, Inc. Dennis W. Healey, executive vice president and chief financial officer of Viragen, serves in the same capacities for Viragen International. Mr. Healey also serves as a director of Viragen International.

In May 2004, Viragen USA, Inc., our majority owned subsidiary, repurchased the shares of its outstanding common stock not held by Viragen. These shares were independently valued at \$0.22 per share, resulting in a total cost of \$70,400. Viragen USA, Inc. is now wholly owned by Viragen. The shares were held by an officer, two former officers and a former director as follow: Dennis W. Healey (100,000); Gerald Smith (100,000); Charles Fistel (100,000) and Peter Fischbein (20,000).

In January 2003, Gerald Smith resigned his positions as chairman, president and chief executive officer of Viragen and Viragen International. Upon his resignation, Mr. Smith received a one-time payment of \$170,000. Mr. Smith also entered into a one-year consulting agreement related to our avian transgenics program. Under this agreement, which expired on January 31, 2004, we paid annual compensation of \$155,000, plus health insurance and automobile related expenses aggregating \$32,600. In October 2003, Mr. Smith resigned as a director of Viragen and Viragen International.

In June 2003, we entered into a consulting agreement with Dr. Douglas Lind, a director of Viragen, upon the expiration of his employment agreement. This agreement provided for annual compensation of \$60,000. The agreement did not contain a fixed term. However, either Viragen or Dr. Lind had the option to terminate the agreement for any reason upon 90 days written notice. Under the agreement, Dr. Lind was engaged to consult with management on a variety of scientific and biopharmaceutical market issues. The consulting agreement also provided for additional non-equity compensation for Dr. Lind's assistance in the facilitation of potential financing transactions, corporate collaborations or partnerships and merger and acquisition activity. No fees were paid under this provision. For his consulting services, we issued Dr. Lind 25,000 common stock purchase warrants exercisable at \$2.60 per share for a period of five years. We recognized non-cash compensation expense of \$52,000 in connection with the grant of these warrants. Concurrent with his entering into the consulting agreement and the issuance of the related common stock purchase warrants, Dr. Lind surrendered 27,500 common stock purchase options granted during the term of his expired employment agreement. In August 2004, the consulting agreement was terminated pursuant to the agreement's 90-day notice provision.

From February 2003 through June 2003, Dennis W. Healey, chief financial officer, Melvin Rothberg, executive vice president, and Dr. Lind consented to modify their employment agreements so as to receive 20% of their compensation in the form of restricted shares of common stock, valued at market on each pay date. In March 2003, Mr. Healey consented to increase the amount of his compensation paid in restricted common stock shares to 75%. These agreement modifications ran through June 30, 2003. As of June 30, 2003, we had issued 61,065 shares to Mr. Healey, 14,070 shares to Mr. Rothberg and 18,512 shares to Dr. Lind based upon these agreement modifications.

During October 1998, Peter Fischbein, a former director, exercised options to purchase 20,000 shares of Viragen common stock at \$5.00 per share. These options were exercised through the payment of \$2,000 cash and the issuance of a promissory note payable to Viragen totaling \$98,000, and related pledge and escrow agreements. This promissory note accrued interest at 5.06%, payable semi-annually, and was secured by the underlying common stock purchased. During February 2000, Mr. Fischbein exercised options to purchase an additional 2,500 shares of Viragen common stock at \$5.00 per share through the issuance of another promissory note payable to Viragen totaling \$12,500, and related pledge and escrow agreements. This promissory note accrued interest at 6.46%, payable semi-annually. The purchased shares are being held in escrow, pending payment of the related notes pursuant to the provisions of the pledge and escrow agreements. On December 31, 2003, we reserved the uncollateralized portion of these notes totaling approximately \$64,000, based on the closing price of our stock on that date. In January 2004, Mr. Fischbein consolidated his October 1998 and February 2000 notes by issuing a two-year promissory note payable to Viragen totaling approximately \$114,000. This promissory note bears interest at 3.5%, payable semi-annually, and is secured by the underlying common stock purchased. As of June 30, 2004 the uncollateralized portion of this note has been reserved.

During May 1999, Charles F. Fistel, a former officer, exercised options totaling 41,000 shares. These options were all exercised through the issuance of promissory notes payable to Viragen totaling \$145,000, and related pledge and escrow agreements. The promissory notes bear interest at 5.15%, payable semi-annually, and were secured by the underlying common stock purchased. The purchased shares were held in escrow, pending payment of the related notes pursuant to the provisions of the pledge and escrow agreements. Mr. Fistel paid \$30,000 of the principal on his promissory notes, plus related interest, during March 2000. A pro-rata number of escrowed common shares were released to Mr. Fistel upon receipt of his payment. On June 30, 2003, we reserved the uncollateralized portion of these notes totaling approximately \$47,000, based on the closing price of our stock on that date. In February 2004, following default on these promissory notes, we reclaimed the 31,000 shares of common stock held in escrow. These shares of common stock were valued at \$2.60 per share, the then market price. This resulted in a \$80,600 reduction of the outstanding principal on the notes. In May 2004, Mr. Fistel's outstanding principal was further reduced by \$22,000 as a result of his surrendering to Viragen 100,000 shares of Viragen USA valued at \$0.22 per share.

See Directors and Executive Officers elsewhere in this proxy statement for a description of compensatory transactions with Viragen's officers and/or directors.

PROPOSAL ONE:

ELECTION OF DIRECTORS

On February 28, 1997, we amended our certificate of incorporation and established a classified board of directors commencing with the 1997 annual meeting. The following table sets forth the names of the three class A director nominees, their current positions with Viragen, the year, if applicable, in which they became directors and other related information. Pre-Approval Policy

Edgar Filing: VIRAGEN INC - Form DEF 14A

In April 2004, the board of directors implemented an Audit and Non-Audit Services Pre-Approval Policy. This policy conforms to guidelines established under the Sarbanes-Oxley Act of 2002 and is administered by the audit and finance committee and the board of directors. The policy provides that the audit and finance committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm in order to assure that they do not impair their independence. Our policy provides for both general pre-approval and specific pre-approval guidelines. The policy states that unless a type of service has received general pre-approval, it will require specific pre-approval by the audit and finance committee if it is to be provided by our independent registered public accounting firm.

Our Audit and Finance Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP, and has concluded that the provision of such services is compatible with maintaining the independence of our independent registered public accounting firm.

Although the board of directors is submitting the appointment of Ernst & Young LLP for stockholder approval, it reserves the right to change the selection of Ernst & Young LLP as the Company's independent registered public accounting firm, at any time during the fiscal year, if it deems such change to be in Viragen's best interest, even after stockholder approval. Representatives of Ernst & Young LLP are expected to be present at the annual meeting.

The board of directors recommends that the stockholders vote For the ratification of Ernst & Young LLP as Viragen's independent registered public accounting firm for the fiscal year ending June 30, 2005. Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares of Viragen's common stock present at the annual meeting in person or by proxy and entitled to vote on the matter.

**INTEREST OF CERTAIN PERSONS IN
OPPOSITION TO MATTERS TO BE ACTED UPON**

Management is not aware of any substantial interest, direct or indirect, by securities holdings or otherwise of any officer, director, or associate of the foregoing persons in any matter to be acted on, as described herein, other than elections to the board.

OTHER MATTERS

Management is not aware of any other business which may come before the meeting. However, if additional matters properly come before the meeting, proxies will be voted at the discretion of the proxy holders.

STOCKHOLDER PROPOSALS

Stockholder Proposals under Rule 14a-8

Rule 14a-8 under the Securities Exchange Act of 1934 provides a means by which stockholder proposals may be included in the proxy statement for our 2005 annual meeting of stockholders. Stockholder proposals under Rule 14a-8 intended to be included in our proxy statement for the 2005 annual meeting of stockholders must be received by us, in writing, at our principal executive offices, not later than September 5, 2005, or if the date of the 2005 annual meeting of stockholders differs by more than 30 days from the date of the 2004 annual meeting, then a reasonable time before we print and mail the proxy materials for the 2005 annual meeting. We are not required to include in our proxy statement any stockholder proposal not timely received by us, or that is not otherwise in compliance with our by-laws and Rule 14a-8.

Other Stockholder Proposals

Stockholders may also submit proposals for consideration at our 2005 annual meeting of stockholders that are not covered by Rule 14a-8, and are not to be included in our 2005 proxy statement. In order to do so, we must receive the stockholder proposal not more than 120 nor less than 90 days prior to the anniversary of the date the proxy statement for the 2004 annual meeting was first mailed to stockholders, unless the date of the 2005 annual meeting of stockholders differs by more than 30 days from the date of the 2004 annual meeting, in which event the proposal must be received by us prior to the close of business on the later of the 10th day following the day we publicly announce the date of the 2005 annual meeting or the 90th day before the 2005 annual meeting (the Notice Period). We may elect to provide a description of the proposal in our 2005 proxy statement, as well as our response to, and a recommendation to vote for or against, the stockholder proposal. A stockholder proposal may not exceed 500 words, must relate to a single matter, must state in reasonable detail the nature of the proposal and the grounds upon which the proposal is believed to be in Viragen's best interests, and must be sent to Viragen's Secretary, 865 S.W. 17th Avenue, Suite 100, Plantation, Florida 33324 and must comply with the requirements of Viragen's by-laws.

Viragen's proxy for the 2005 annual meeting of stockholders will have discretionary authority to vote on (a) any stockholder proposal as to which Viragen did not receive notice at least 45 days prior to the anniversary of the date the proxy statement for the 2004 annual meeting of stockholders was first mailed to stockholders, or if the date of the 2005 annual meeting of stockholders differs by more than 30 days from the

date of the 2004 annual meeting, then a reasonable time before we print and mail the proxy materials for the 2005 annual meeting, and (b) most stockholder proposals received by us during the period described in (a), if we disclose in our proxy statement the nature of the stockholder proposal and how our proxy intends to exercise his or her discretionary authority.

Amended and Restated Charter of Viragen, Inc. s

Audit and Finance Committee of the Board of Directors

Organization

This charter governs the operations of the Audit and Finance Committee (the Committee). The Committee shall review and reassess the charter at least annually and submit recommended changes for consideration by the board of directors. The Committee shall meet at least four times per year. The Committee shall be appointed by the board of directors and shall be comprised at least three directors, each of whom shall be (i) members of the board of directors and (ii) independent within the meaning of Section 10A-3 of the Securities Exchange Act of 1934 and the rules and regulations of any securities exchange on which the Company s securities are listed. All committee members shall be financially literate and at least one member shall be a financial expert as defined by current SEC rules. The board of directors shall designate, subject to its right to replace, one member of the Committee to serve as its chairperson.

Statement of Policy

The Committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to the Company s financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company s financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. The Committee has the authority engage outside advisers (e.g. independent counsel, or other experts) to assist it in fulfilling its responsibilities.

Responsibilities and Processes

The primary responsibility of the audit committee is to oversee the Company s financial reporting process on behalf of the board and report the results of their activities to the board. Management is responsible for preparing the Company s financial statements, and the independent auditors are responsible for reviewing the quarterly financial statements and auditing the annual financial statements. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall review and update the Committee's charter annually and consider changes that are necessary as a result of new laws or regulations.

The Committee is responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and each such registered public accounting firm must report directly to the Committee.

The Committee shall have a clear understanding with management and the independent registered public accountants that the accountants are ultimately accountable to the board and the Committee. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, recommend the replacement of the independent registered public accountants. The Committee shall discuss with the accounting firm their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the Committee shall review and recommend to the board the selection of the Company's independent registered public accountants, the engagement of whom shall be submitted for ratification by the Company's stockholders.

The Committee is responsible for the approval of audit and non-audit services in accordance with the guidelines set forth by the Sarbanes-Oxley Act, the SEC and the American Stock Exchange. The Committee may pre-approve services at any time in advance of the activity without a limit on the number of non-audit services that can be pre-approved. The Committee may delegate pre-approval to one of its members. The member to whom such authority is delegated must report the decision at the next Committee meeting. The Committee's approval of non-audit services must be disclosed in SEC periodic reports.

The Committee shall discuss with the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. Also, the Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the Committee shall meet separately with the independent auditors, with and without management present, to discuss the results of their examinations.

The Committee is authorized to appoint a director of internal audit and review who shall report directly to the Committee.

The Committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Reports on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The chair of the Committee may represent the entire Committee for the purposes of this review.

The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall review policies and procedures covering officers' expense accounts and prerequisites, including their use of corporate assets, and consider the results of any review of those areas by the internal auditor or the independent auditors.

The Committee shall review the annual departmental budget prepared by management and make recommendations as indicated to management and the board of directors.

The Committee shall review legal and regulatory matters that may have a material effect on the organization's financial statements, compliance policies and programs and reports from regulators.

The Committee shall establish procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Committee shall establish a formal document retention policy for itself.

The Committee shall meet in private session at least annually to assess management's effectiveness and to communicate the results of that assessment to senior management and the board.

The Committee shall perform a self-assessment of the Committee's performance to identify areas for improvement.

Viragen, Inc.

**BOARD OF DIRECTORS CHARTER AND
CORPORATE GOVERNANCE GUIDELINES**

This Charter and Corporate Governance Guidelines (the **Charter**) have been adopted by the Viragen, Inc. (the **Company**) Board of Directors, acting on the recommendation of its Nominating and Governance Committee, to assist the Board and its committees in the exercise of their responsibilities. These principles and policies are in addition to and are not intended to change or interpret any federal or state law or regulation, including the Delaware General Corporation Law, or the Certificate of Incorporation or Bylaws of the Company. The Board of Directors will review this Charter at least annually and, if appropriate, revise this Charter from time to time.

I. OPERATION OF THE BOARD

1. Director Responsibilities

The basic responsibility of the Directors is to exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company and its stockholders. In discharging that obligation, directors should be entitled to rely on the honesty and integrity of the Company's senior executives and its outside advisors and independent registered public accountants.

In furtherance of its responsibilities, the Board of Directors will:

Review, evaluate and approve the overall corporate organizational structure, including, but not limited to, the assignment of senior management responsibilities and plans for senior management development and succession.

Review, evaluate and approve, on a regular basis, long-range plans for the Company.

Review, evaluate and approve the Company's budget and forecasts.

Review, evaluate and approve major resource allocations and capital investments.

Review the financial and operating results of the Company.

Edgar Filing: VIRAGEN INC - Form DEF 14A

Review, evaluate and approve compensation strategy as it relates to senior management of the Company, considering the recommendations of the Compensation Committee where appropriate.

Adopt, implement and monitor compliance with the Company's Business Ethics, Conflict of Interest and Confidentiality Policy.

Review periodically the Company's corporate objectives and policies relating to social responsibility.

2. Board and Committee Meetings

Regular Board meetings will be held approximately four times per year, and special meetings will be called as necessary. A schedule of locations of the regular meetings will be provided to the Directors well in advance. Directors are expected to attend Board meetings and meetings of the committees on which they serve. Directors should spend the time necessary and meet as frequently as necessary to properly discharge their responsibilities.

B - 1

The independent Directors will meet in executive session following or in conjunction with each regular Board meeting. The Chairperson of the Nominating and Governance Committee will preside at such meetings (the **Presiding Director**), and his or her role as Presiding Director will be disclosed in the Company's annual proxy statement. In the event the Presiding Director is unable to participate in an executive session, the Directors present at such executive session shall choose a Director to preside at such executive session. The Presiding Director's additional responsibilities include: (1) being available to consult with the Chairperson and CEO about the concerns of the Board; and (2) being available to consult with any of the senior executives of the Company as to any concerns the executive might have.

The Chairperson, Chief Executive Officer or Committee Chairpersons may from time to time invite corporate officers, other employees and advisors to attend Board or committee meetings whenever deemed appropriate.

3. Meeting Dates, Agenda Items for Board and Committee Meetings

The Chairperson will schedule Board meeting dates and prepare the agenda for each Board meeting. Each Director is free to suggest the inclusion of items on the agenda. Each Director is free to raise, at any Board meeting, subjects that are not on the agenda for that meeting. A detailed agenda and, to the extent feasible, supporting documents and proposed resolutions will be provided to the Directors sufficiently in advance of each scheduled meeting to allow for a review of the materials prior to each Board meeting. Subject to any applicable notice requirements, Directors having items to suggest for inclusion on the agenda for future Board meetings should advise the Chairperson well in advance of such meetings.

The Chairperson of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairperson of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda for each meeting. A detailed agenda and, to the extent feasible, supporting documents and proposed resolutions will be provided to the committee members sufficiently in advance of each scheduled meeting to allow for a review of the materials prior to each committee meeting.

4. Director Compensation

Non-employee Directors shall receive reasonable compensation for their services as such. Directors who are employees of the Company or any of its subsidiaries shall receive no additional compensation for serving as Directors.

The form and amount of Director compensation will be determined by the Board of Directors following a review and recommendation by the Compensation Committee in accordance with the policies and principles set forth in its charter. The Compensation Committee will conduct an annual review of Director compensation. The Compensation Committee will consider that Directors' independence may be jeopardized if Director compensation and perquisites exceed customary levels, levels established by stock exchange guidelines, if the Company makes substantial charitable contributions to organizations with which a Director is affiliated, or if the Company enters into consulting contracts with (or provides other indirect forms of compensation to) a Director or an organization with which the Director is affiliated.

Under no circumstances whatsoever will the Company make a personal loan to any Director or executive officer.

5. Director Orientation and Education

Management will provide new Directors with an initial orientation in order to familiarize them with their responsibilities as Directors under Delaware law and applicable stock exchange listing standards, and with the Company and its strategic plans, its significant financial, accounting and risk management issues, its compliance programs, its Business Ethics, Conflict of Interest and Confidentiality Policy and its senior management.

In order to facilitate the Directors' fulfillment of their responsibilities regarding continuing education and to enhance each Director's knowledge of the Company, the Company's business operations and the latest developments in corporate governance, it is appropriate for management to provide Directors with the following:

Access to, or notice of, continuing educational programs that are designed to keep Directors abreast of the latest developments in corporate governance matters and critical issues relating to the operation of public company Boards.

Programs supplemental to the initial orientation to explain the Company's business operations, including its technology, products and market position.

Material pertaining to (i) the Company's industry and (ii) comparisons of the Company with its major competitors.

A legal review for the Board, at each regularly scheduled meeting, of (i) the status of major litigation, (ii) compliance with significant regulatory requirements affecting the Company and (iii) corporate governance matters.

6. Chief Executive Officer Evaluation and Management Succession

The Nominating and Governance Committee shall conduct an annual review of the Chief Executive Officer's performance, as set forth in its charter. The Board of Directors shall review the Committee's report in order to monitor the short-term and long-term effectiveness of the Chief Executive Officer.

The Nominating and Governance Committee should make an annual report to the Board on succession planning. The entire Board will work with the Nominating and Governance Committee to nominate and evaluate potential successors to the Chief Executive Officer. The Chief Executive Officer should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

7. Director Access to Officers and Employees

Directors have full and free access to officers and employees of the Company. Any meetings or contacts that a Director wishes to initiate may be arranged through the CEO or the Secretary or directly by the Director. The Directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Company and will, to the extent not inappropriate, copy the Chief Executive Officer on any written communications between a Director and an officer or employee of the Company.

8. Independent Advisors

The Board and each committee have the power to engage experts or advisors, including independent legal counsel, deemed appropriate by the Board or the committee, without prior consultation with or approval of any officer of the Company. The Company will provide for appropriate funding, as determined by the Board or committee, for payment of compensation to any such counsel, experts or advisors retained by the Board or a committee.

9. Limitation on Number of Boards

Directors may sit on a maximum of five (5) boards in addition to that of the Company. The Chief Executive Officer may sit on a maximum of two (2) additional boards. This limitation does not apply to board participation in recognized charitable organizations.

II. BOARD STRUCTURE

1. Size of the Board

The Company's By-laws prescribe that the number of Directors of the Company which shall constitute the whole Board shall not be less than three nor more than ten. The exact number of Directors within such range shall be fixed from time to time by resolution of the Board.

2. Selection of Directors

Nominees for directorship will be recommended to the Board by the Nominating and Governance Committee in accordance with the policies and principles set forth in its charter. The invitation to join the Board should be extended by the Board itself, by the Chairperson of the Nominating and Governance Committee and the Chairperson of the Board.

The Board is responsible for nominating members to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders, in each case based upon the recommendation of the Nominating and Governance Committee.

3. Director Qualifications

A majority of the Board will meet the criteria for independence established by the applicable stock exchange listing standards. The Nominating and Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. This assessment will include members' qualification as independent, as well as consideration of diversity, skills, and experience in the context of the needs of the Board.

The Nominating and Governance Committee will review Director independence standards established by the Board at least annually and recommended any appropriate changes to the Board for consideration.

B - 4

4. Resignation from the Board

Any Director may resign at any time by giving notice in writing or by electronic transmission to the Chairperson of the Board, the President or the Secretary of the Company. Such resignation shall take effect upon receipt thereof or at any later time specified therein; and unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

It is the sense of the Board that Directors who change the responsibility they held when they were elected to the Board should volunteer to resign from the Board. It is not the sense of the Board that in every instance the Directors who retire or change from the position they held when they joined on the Board should necessarily leave the Board. There should, however, be an opportunity for the Board through the Nominating and Governance Committee to review the continued appropriateness of Board membership under the circumstances.

5. Term Limits

The Board does not believe it should establish term limits. Term limits hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.

III. COMMITTEES OF THE BOARD

A substantial portion of the analysis and work of the Board is done by standing Board committees. The Board has established the following standing committees: Executive; Audit and Finance; Nominating and Governance and Compensation. The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

Committee members will be appointed by the Board upon recommendation of the Nominating and Governance Committee with consideration of the desires of individual Directors.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board.

The Board will have at all times an Audit and Finance Committee, a Nominating and Governance Committee and a Compensation Committee. All of the members of these committees will be independent Directors under the criteria established by the appropriate stock exchange standards. In addition, the members of the Audit and Finance Committee will also meet the independence requirements of the Securities and Exchange Commission and the experience requirements of the appropriate stock exchange guidelines.

IV. OTHER BOARD PRACTICES

1. Review of Roles and Responsibilities of Directors

The Chairperson of the Board will review with each Director on a periodic basis the performance of each Director's duties as well as the role and responsibilities of each Director.

2. Board Interaction with Institutional Investors, Analysts, Media, Customers and Members of the Public

Except where directed by the Chief Executive Officer or the Chief Financial Officer of the Company, communications on behalf of the Company with the media, securities analysts, stockbrokers and investors must be made only by specifically designated representatives of the Company. If a Director receives any inquiry relating to the Company from the media, securities analysts, brokers or investors, including informal social contacts, he or she should decline to comment and ask them to call the Company's Chief Executive Officer, Chief Financial Officer or Director of Communications.

3. Limitation of Liability

To the extent permitted by Delaware General Corporation Law, a Director will not be liable to the Company or its stockholders. Delaware law currently permits eliminating liability for monetary damages for breach of a Director's fiduciary duty; it does not permit limiting liability for breach of a Director's duty of loyalty to the Company or its stockholders or for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law.

4. Performance Evaluation of the Board

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating and Governance Committee will receive comments from all Directors and report annually to the Board with an assessment of the Board's performance. The assessment will be discussed with the full Board following the end of each fiscal year. The assessment will focus on the Board's contribution to the Company and specifically focus on areas in which the Board or management believes that the Board could improve.
