NOTICE OF CONVOCATION OF THE
ONE HUNDRED AND THIRTY-SIXTH ORDINARY
GENERAL MEETING OF SHAREHOLDERS
OF KOMATSU LTD.

June 2, 2005

Dear Shareholder:

Please be advised that the 136th Ordinary General Meeting of Shareholders of Komatsu Ltd. (the Company) will be held in accordance with the particulars indicated in the attachment hereto. Your attendance at the meeting is cordially requested.

Sincerely,

Masahiro Sakane
President and Representative Director
Komatsu Ltd.
3-6, Akasaka 2-chome, Minato-ku, Tokyo

- Notes:
1. This document has been translated from the Japanese original for the convenience of non-Japanese shareholders. In the event of any discrepancy between this document and the Japanese original, the original shall prevail.
 2. Regarding nonresident shareholders, if you wish to exercise your voting rights, please instruct your local permanent representative accordingly in advance of the date of the Ordinary General Meeting of Shareholders.

Table of Contents

1. Date and Time: June 24, 2005 (Friday) at 10:00 a.m. (Japan)

2. Place: PROMINENCE, ANA Hotel Tokyo, 12-33, Akasaka 1-chome, Minato-ku, Tokyo

3. Purpose of Meeting:

Items to be Reported

- 1) The Business Report, Consolidated Statement of Income for the 136th business term (April 1, 2004 – March 31, 2005) and Consolidated Balance Sheet as of March 31, 2005; Accounting Auditors' Report and Board of Statutory Auditors' Report
- 2) Non-consolidated Statement of Income for the 136th business term (April 1, 2004 – March 31, 2005) and Non-consolidated Balance Sheet as of March 31, 2005, as well as a report on the purchase of the treasury shares upon a resolution of Board of Directors in accordance with Provisions stipulated in the Articles of Incorporation.

Items to be Resolved

- Item 1:** Approval of the Proposed Appropriation of Unappropriated Retained Earnings for the 136th Business Term (April 1, 2004 – March 31, 2005)
- Item 2:** Partial Amendments to the Articles of Incorporation
Please refer to the outline of the proposal in the enclosed document – Reference Materials for Exercising Voting Rights.
- Item 3:** Appointment of Ten (10) Directors
- Item 4:** Appointment of Two (2) Statutory Auditors
- Item 5:** Gratis Issue of Share Acquisition Rights under Stock Option Plan
Please refer to the outline of the proposal in the enclosed document – Reference Materials for Exercising Voting Rights.
- Item 6:** Approval of Payment of Retirement Benefits to Retiring Directors in Recognition of Service to the Company

- Notes:
1. In the event that you attend in person, please submit the enclosed document so that you may exercise your voting rights.
 2. Following the Ordinary General Meeting of Shareholders, all are invited to attend a reception that will be held in a nearby banquet hall.

Edgar Filing: KOMATSU LTD - Form 6-K

2. ROA = Income before income taxes / ((Total assets at the beginning of the year + Total assets at the end of year) / 2)
3. Net DER (debt/equity ratio) = (interest-bearing debt - cash and time deposits)/shareholders' equity

Consolidated net sales increased 19.9 % over the previous year, to JPY1,434.7 billion, demonstrating a renewal of record-high figures for the second consecutive year. In the construction and mining equipment business, Komatsu effectively capitalized on expanded demand worldwide, boosting sales in the world's largest market of North America and other regions, except for China, where demand declined sharply from the previous year. In the industrial machinery, vehicles and others business, sales of forklift trucks, industrial machinery and other products expanded against the backdrop of buoyant market conditions. In the electronics business, both silicon wafer and polycrystalline silicon businesses increased sales over the previous year, while growth of the semiconductor market slowed in the second half period.

Operating profit* totaled JPY101.9 billion, up 54.6%, topping the JPY100 billion mark for the first time and setting another record-high figure. Komatsu's efforts to reduce production costs and increase sales prices coupled with expanded sales in all businesses offset the negative effects of skyrocketed prices of steel materials and increased expenses from boosted production, demonstrating further improvement of profitability.

Table of Contents

Income before income taxes, minority interests and equity in earnings expanded by 3.7 times over the previous year, to JPY98.7 billion, reflecting improved non-operating income, including gains from the sales of land for the former Kawasaki Plant, in addition to increased operating profit. Net income for the year increased 2.2 times over the previous year, to JPY59.0 billion. Both income before income taxes and net income represent record-high figures.

Non-consolidated sales for the year increased 25.1% over the previous year, to JPY523.5 billion, supported by propelled exports of construction and mining equipment. Ordinary profit totaled JPY33.4 billion, up 67.6%, while net income for the year reached JPY17.0 billion, up 61.0% over the previous year. Both sales and profits improved for the second consecutive year on a non-consolidated basis.

Note*: Operating profit stated above is the sum of segment profit (net sales less cost of sales and selling, general and administrative expenses). It conforms to Japanese accounting principles, and does not represent consolidated operating profit under U.S.GAAP.

Construction and Mining Equipment

Consolidated sales of construction and mining equipment business climbed 22.9% over the previous year, to JPY1,061.1 billion, topping the JPY1 trillion mark for the first time, supported by increased sales in Japan in addition to expanded overseas sales. By region, sales in the Americas accelerated against the backdrop of burgeoning market conditions, surpassing Japanese sales for the first time.

Non-consolidated sales of construction and mining equipment business for the year increased 26.8% over the previous year, to JPY457.9 billion.

<Japan>

Although private-sector capital investments increased moderately, public-sector investments continued to decline in Japan. Construction investments as a whole declined slightly from the previous year. However, exports of used Japanese equipment remained brisk to meet thriving overseas demand, which facilitated renewals of equipment centering on hydraulic excavators, resulting in continued increase in demand for new equipment in Japan. Komatsu worked to increase sales prices and reinforce the service business based on the KOMTRAX (machine operations management system, utilizing IT advantages), while expanding sales of new machines. Komatsu also worked to expand the used equipment business primarily through Komatsu Used Equipment Corp. and improve management efficiency of affiliated rental equipment companies. As a result, sales in Japan improved from the previous year.

<The Americas>

Sales in the Americas accelerated over the previous year, fueled by expanded demand for construction equipment against the backdrop of buoyant construction investments in the United States coupled with big growth in demand for mining equipment. In North America, under the leadership of Komatsu America Corp. (KAC), Komatsu aggressively worked to expand sales of products, improve customer support capabilities and reinforce distributors. Also during the year, KAC's Chattanooga Manufacturing Operation in Tennessee commenced production of articulated dump trucks to meet expanding sales backed by their excellent market evaluation. In Central and South America, sales of mining equipment remained strong, especially those of large dump trucks, resulting in a substantial gain in sales in these regions.

Table of Contents

<Europe & CIS>

While demand stayed firm in Europe, Komatsu carried out aggressive sales activities in concert with the market introduction of over 20 renewed and new models. Together with the positive effects of full-scale entry to the forestry equipment market by Komatsu Forest AB, European sales increased sharply over the previous year. In the Commonwealth of Independent States (CIS: former Soviet republics), sales expanded, centering on mining equipment and pipelayers for construction of pipelines for oil and natural gas. In particular, a long-term supply agreement with the government of Turkmenistan, which extends to 2010, creates a bright outlook for continuous large-lot orders for equipment. Komatsu worked to improve customer support capabilities by opening a local office and training center.

<China>

The construction equipment market in China, which had expanded rapidly in the last few years, has slowed substantially since May 2004, adversely affected by the Chinese government's credit-squeeze measures and consolidation of industrial parks. While the fall in demand stopped in the last half period, sales in China decreased from the previous year. Komatsu responded promptly to this market change by analyzing real-time information concerning the operating conditions of KOMTRAX-equipped machines. Komatsu also completed inventory adjustment at an early phase of the demand decline, and worked to secure profits by cutting back fixed costs and thoroughly managing credits. Under the leadership of Komatsu (China) Ltd., Komatsu restructured its distributor network and broadened the product range of locally produced equipment, getting prepared for future market recovery.

<Asia & Oceania and the Middle East & Africa>

Sales in Asia & Oceania expanded substantially over the previous year, as Komatsu captured expanded demand for mining equipment in addition to brisk demand for hydraulic excavators and other construction equipment. Especially in Asia, sales doubled over the previous year, supported by buoyant sales of mining equipment, including strong sales of dump trucks in Indonesia.

In addition to sales in Turkey, with its good economy, sales in the Middle East accelerated against the backdrop of thriving construction investments in oil producing countries with expanded revenues from increased prices of crude oil. Sales in Africa also made a substantial gain centering on mining equipment.

Table of Contents

Industrial Machinery, Vehicles and Others

Consolidated sales of industrial machinery, vehicles and others segment increased 10.1% over the previous year, to JPY266.4 billion.

On a non-consolidated basis, sales of large presses to automobile manufacturers expanded, supported by their aggressive capital investments, and sales of products to Japan's Defense Agency increased, resulting in JPY65.6 billion, up 14.4% over the previous year.

Komatsu Forklift Co., Ltd. effectively capitalized on expanded demand in Japan and overseas, and stepped up sales for the year. The company launched the LEO-NXT-V series engine-driven models featuring improved operability.

Komatsu Industries Corporation also expanded sales for the year by capturing increased demand for medium-size presses to automobile manufacturers. At the same time, the company broadened the line of the Hybrid AC Servo Press series for which it continued to receive brisk orders, while incorporating the AC Servo mechanism to auxiliaries.

Komatsu Machinery Corporation continued to accelerate sales of crankshaft millers and other equipment to automobile manufacturers. The company also stepped up sales of LCD (liquid crystal display) manufacturing-related equipment to LCD makers.

Komatsu Zenoah Co. posted the record-high sales of agricultural and forestry equipment, especially brushcutters both in Japan and overseas. The company also introduced new products with original features, such as chainsaws with the Finger EZ mechanism for easy start-up.

Electronics

Consolidated sales from the electronics segment increased 17.5% over the previous year, to JPY107.1 billion for the year.

Komatsu Electronic Metals Co., Ltd. focused its efforts to expand sales of high value-added 200mm silicon wafers, such as discrete wafers and wafers designed to meet micro processing needs for semiconductors, in Japan, Taiwan and China. As for 300mm wafers, the company made full use of its integrated production line at the Nagasaki Plant and worked to ensure high quality and expand sales. As a result, the company improved consolidated sales over the previous year. To meet projected demand growth for 300mm wafers, the company made capital investment to uplift its monthly production capacity to 75,000 pieces in Japan, and decided to start up a new integrated production line for monthly capacity of about 50,000 pieces at Formosa Komatsu Silicon Corporation, a subsidiary of the company in Taiwan.

Advance Silicon Materials LLC (ASiMI) boosted sales of polycrystalline silicon and monosilane gas under buoyant market conditions. In view of the fact that ASiMI's value has been enhanced by such market conditions and improved performance of the company, the Company determined it is an appropriate time to sell the company. Komatsu has started negotiations for the formal contact with Renewable Energy Corporation AS, based on the basic agreement for the sale of 75% of the Company's stake in the first half period of the fiscal year ending March

31, 2006.

(2) Capital Investment of the Komatsu Group

Total capital investment during the term under review, on a consolidated basis, amounted to JPY89.0 billion, an increase of JPY10.9 billion compared with the previous business term. By operational segment, capital investment in the construction and mining equipment segment was JPY64.5 billion, that in the industrial machinery, vehicles and others segment to JPY10.9 billion, and that in the electronics segment to JPY13.4 billion.

Capital investment in the construction and mining equipment segment during the reporting period focused particularly on enhancement of production capacity for principal components such as engines and hydraulic components, in addition to continued investment to improve workplace safety and environmental friendliness. Moreover, Komatsu tried to reinforce the competitiveness of its products by making investments in the development and production of engines that meet Tier 3 emission regulations and other new products. Additionally, construction equipment for rental was replaced with the aim of optimizing operating assets.

Table of Contents

In the electronics segment, investments were made to increase the production capacity for 300mm wafers, as well as to produce high value-added 200mm wafers.

For purposes of comparison, total capital investment on a non-consolidated basis was JPY17.7 billion, increasing by JPY7.4 billion from the previous year.

(3) Fund Procurement of the Komatsu Group

While aggressive capital investments (in production) were made to enhance production volume during the reporting term, Komatsu continued to repay the debt mainly with operating cash flow by redeeming commercial paper of JPY15 billion issued in Japan at the end of the previous term and reducing the issuance of Euro Medium Term Notes in the United States and Europe as compared with previous term. As a result, the net DER at the end of the term under review further improved to 0.70 compared with the end of the previous term, continuously achieving the target of 1 or under.

(4) Tasks Facing the Komatsu Group

Thanks to the measures to take prompt advantage of improvements in market demand for our products particularly in the construction and mining equipment, Komatsu was able to boost improvements in sales and profits significantly, reaching its goals under the mid-range management plan one year ahead of original schedule. Komatsu's next aim is to accelerate its efforts to strengthen the group's profitability, with the goal of raising the ratio of operating profit to sales to 10% or higher.

Komatsu will make effective use of its management resources by promoting its business portfolio formed based on both the comparative excellence of technologies and profitability. Furthermore, Komatsu reinforces foundations for competitiveness through various measures such as strengthening financial position, raising the morale of the group's workforce and firmly establishing the principle of performance-linked employee promotion and compensation.

In addition, all employees of Komatsu will continue to keep the vital importance of compliance, safety, and environmental preservation at the forefront of their minds in the performance of their duties.

- 1) Improvement of Profitability: Working to attain operating profit ratio of 10% or higher

The construction and mining equipment business, Komatsu's mainstay business, will first work to attain operating profit ratio of 10% or higher.

In the Greater Asia region where Komatsu maintains a strong market position and can expect market expansion, Komatsu will make further its effort to reinforce its business operations including expansion of its customer support networks. In the United States and Europe, Komatsu will enhance its market position by introducing DANTOTSU (unique and unrivaled) products featuring unrivaled performance, in addition to

Edgar Filing: KOMATSU LTD - Form 6-K

expanding and strengthening its distributors. In Japan, Komatsu will continue its efforts to develop and expand a new IT-deployed business model for the rental equipment business. In the mining equipment market where strong demand should continue, Komatsu will reinforce its Repair and Maintenance (R&M) business in addition to expanding sales of equipment. Komatsu will also promote differentiation from competitors by developing an autonomous hauling system with off-highway dump trucks and taking other initiatives.

Table of Contents

With respect to sales whereas, Komatsu has a finance service, an important marketing tool of manufacturers, now developed mainly in the United States and Australia, Komatsu will introduce this service in other regions of the world. Concerning product development, Tier 3 emission regulations will become effective in the United States and Europe in January 2006, calling for a substantial reduction of NOx. Komatsu is going to introduce new products which meet Tier 3 emission regulations. While working to ensure successful market introduction by placing the top priority on maintaining and improving quality, Komatsu will also work to enhance profitability by setting appropriate prices for new models.

In the industrial machinery, vehicles and others business, each group company will work to improve profits by promoting differentiation from respective competitors as it continues to introduce new products with unrivaled features. In the electronics business, Komatsu will steadfastly improve quality and costs of the silicon wafer business in Japan and Taiwan. For both segments, Komatsu will also work to attain an operating profit ratio of 10% or higher.

2) Reform of Sales and Production Planning Procedures

Komatsu will work to seize business opportunities and improve production efficiency by detecting any signs of demand change as soon as they surface and responding flexibly to them. By utilizing IT advantages such as its proprietary KOMTRAX machine operations management system, Komatsu will work to grasp market conditions around the world directly and promptly and promote groupwide reforms of sales and production planning procedures.

To achieve optimal production globally, Komatsu will centralize the management of operating conditions of plants around the world and optimize the volume of production for each plant. For Komatsu to achieve this, each plant needs to have top-level cost competitiveness in its respective region. To this end, Komatsu will promote optimal procurement and logistics reform on a global basis while improving production technologies.

3) Reinforcement of Groupwide Governance

The management of Komatsu is working to strengthen its corporate governance, to ensure a sound and transparent management. In addition to the reduction of the number of members of the Board of Directors and appointment of outside directors and outside statutory auditors, the Company is working on the operational reform to improve the effectiveness of the Board of Directors by stimulating discussions on important management issues and establishing a framework for swift decision-making.

To strengthen our stakeholders' confidence in the Company's management, the Company is steadily reinforcing its internal control systems. The companies of Komatsu are working to further strengthen the governance by implementing reform of their board of directors and enhancing the effectiveness of statutory auditors' assignment in an integrated manner.

The Company defines its corporate value as the total sum of the trust given to it by societies and all its stakeholders. In order to maintain and enhance this trust, the Company believes that it is fundamental to disclose information in an appropriate manner. The trust from society is of particular importance and, based on the policy to give the first priority to compliance, top management and all employees of Komatsu are determined to continue our best efforts to comply with the Komatsu's Code of Worldwide Business Conduct in addition to laws and regulations.

Edgar Filing: KOMATSU LTD - Form 6-K

Centered on the Spirit of Manufactures, Komatsu's direction remains crystal clear: We provide the products, (hardware and software), that customers are happy to own, and we will make profits and grow. In addition to top management officers, of course, all employees of Komatsu in Japan and abroad fulfill this commitment with self-confidence and a sense of mission by converging their talents and knowledge.

Table of Contents**(5) Business Performance and Financial Position of the Company and the Komatsu Group**

1) Business Performance & Financial Position of Komatsu (consolidated basis)

(JPY billion)

	133rd Business Term	134th Business Term	135th Business Term	136th Business Term (This Consolidated Fiscal Year)
	(April 2001 - March 2002)	(April 2002 - March 2003)	(April 2003 - March 2004)	(April 2004 - March 2005)
Net Sales	1,035.8	1,089.8	1,196.4	1,434.7
Income (Loss) before Income Taxes	(106.7)	12.9	27.0	98.7
Net Income (Loss)	(80.6)	3.0	26.9	59.0
Net Income (Loss)	(84.46)	3.09	27.17	59.51
per Share (JPY)				
ROE	(18.5)%	0.8%	6.6%	13.1%

Shareholders' Equity	395.1	395.3	425.5	477.1
(Equity Ratio)	29.5%	30.3%	31.6%	32.9%

- Notes: 1. Net Income (Loss) per Share are calculated on the basis of the average number of shares issued and outstanding for the reporting period deducting there from the average number of treasury shares.
2. Income before minority interests and equity in earnings in the consolidated statement of income is recorded as income before income taxes.

133rd Business Term (April 1, 2001- March 31, 2002)

Economies worldwide suffered a simultaneous slowdown. At Komatsu, in pursuit of our goal of becoming a lucrative corporate group, we embarked on a program of structural reform of our management system that included the reduction of fixed expenses, steps to significantly decrease the cost of production, and measures to achieve new growth in the construction and mining equipment business. However, a one-time loss was recorded for the term, as a result of the implementation of an early retirement plan, the transfer of certain employees to affiliated companies, and impairment accounting with respect to fixed assets in the electronics business. As a result, net sales fell below the previous year's level, and a net loss was recorded.

Table of Contents**134th Business Term (April 1, 2002- March 31, 2003)**

While China and other East Asian countries registered growth in GDP, economic conditions remained difficult in Japan, the United States, and Europe. The management of Komatsu placed prioritized measures to effect an earnings recovery and a turnaround in sales, while continuing with the management restructuring program centered on establishing new growth fields for construction and mining equipment, reducing fixed expenses, and making substantial cuts in manufacturing costs. As a result of these efforts, a year-on-year increase was recorded in sales and net income.

135th Business Term (April 1, 2003- March 31, 2004)

Markets enjoyed a positive turnaround on a global scale. Komatsu inaugurated Move The World. KOMATSU 5-800 mid-range management plan, under which Komatsu laid out the goals of rapid decision-making and the establishment of a high-earnings business structure. At the same time, Komatsu continued to reduce fixed expenses and bring down production costs. As a result, Komatsu registered our highest-ever sales, while net income also posted a sharp increase over the previous year.

136th Business Term (April 1, 2004- March 31, 2005)

Table of Contents

Notes to Consolidated Financial Statements

Basis of Preparation of Consolidated Financial Statements

1. Scope of Consolidation

Number of consolidated subsidiaries: 141

Principal consolidated subsidiaries (Business Report, II Outline of the Komatsu Group, (4) Status of Consolidation)

Name of principal non-consolidated subsidiary: PT Komatsu Undercarriage Indonesia

As all non-consolidated subsidiaries are small-scale, their total assets, sales, net income (the amount of net income proportionate to the Company's equity stake in the subsidiaries), and retained earnings (proportionate to the Company's equity stake) do not exert a significant influence on the consolidated financial statements of Komatsu Ltd.

2. Application of Equity-Method Accounting

Number of non-consolidated subsidiaries and affiliated companies to which the equity method is applied: 44

Names of principal non-consolidated subsidiaries and affiliated companies to which the equity method is applied: (Business Report, II Outline of the Komatsu Group, (4) Status of Consolidation)

Name of principal company to which the equity method is not applied: PT Komatsu Undercarriage Indonesia

Judging from the scale of the net income (the amount of net income proportionate to the Company's equity stake in the companies) and retained earnings (proportionate to the Company's equity stake) of these companies, it has been determined that their exclusion from the application of the equity method of accounting would not exert any noticeable effect on the consolidated financial statements of the Company.

3. Changes in the Scope of Consolidation and Application of Equity-Method Accounting

With effect from the reporting period, Komatsu Fukuoka Ltd. and three other companies have been included in the scope of consolidation as a result of the acquisition of additional equity, and Komatsu Underground Machinery Ltd. and three other companies have been included due to their increased importance in terms of future risks and prospects. Additionally, Komatsu Kagoshima Ltd. and seven other companies have

Edgar Filing: KOMATSU LTD - Form 6-K

disappeared from the list of consolidated companies as a result of their merger with other consolidated subsidiaries.

With effect from the reporting business term, the Company has excluded Komatsu Shearing Co., Ltd. and one other company from the application of the equity method of accounting, due to the sell-off of the companies' equity stakes.

Table of Contents

4. Significant Accounting Policies

(1) Basis of Preparation of Consolidated Financial Statements

The consolidated financial statements of the Company are prepared in accordance with the stipulations of Article 179, Clause 1 of the Enforcement Regulations to the Commercial Code, and the method of preparation conforms to the standards of accounting generally accepted in the United States in terms of terminology and format (U.S. GAAP). However, some description and notes under the mandatory requirements of the U.S. GAAP are omitted within the scope of stipulations in the said clause.

(2) Method and basis of valuation of inventories

Inventory assets are valued at the lower of cost or market. The cost of products and work in progress are valued by the specific identification method (except for consumable supplies within the category of products, which are stated using the last-in, first-out method). Raw materials and supplies are valued using the weighted-average method.

(3) Method of valuation of land and buildings held for sale

Land and buildings held for sale are valued at the lower of cost or market.

(4) Method and basis of valuation of investment securities

The Company has applied Statement of Financial Accounting Standards (SFAS) No. 115 Accounting for Certain Investments in Debt and Equity Securities for the valuation of investment securities.

Available-for-sale securities:

Stated at fair market value based on market prices at the balance sheet date (Unrealized gains and losses are charged, net of applicable income taxes, to shareholders' equity, and the cost of securities sold is determined using the moving-average method.)

(5) Depreciation and amortization of fixed assets

Depreciation of tangible fixed assets:

Computed principally using the declining-balance method

Amortization of intangible assets:

Computed using the straight-line method

The Company has applied SFAS No.142 Goodwill and Other Intangible Assets. However, goodwill and intangible assets whose useful lives cannot be determined are reviewed for impairment annually.

(6) Allowances

Allowance for doubtful receivables:

To cover possible credit losses on accounts receivables or loans, an allowance for doubtful receivables is provided in the amount deemed uncollectible, which is calculated on the basis of historical default rates for normal claims, or on the basis of individual assessments for specific claims on obligors threatened with bankruptcy.

Liability for pension and retirement benefit:

In accordance with SFAS No. 87, Employers Accounting for Pensions, provision is made in the amount deemed necessary as of the balance sheet date based on retirement benefit obligations and fair value of the plan assets.

Table of Contents

Additional provision is made in the amount of the shortfall of liability for pension and retirement benefit to accumulated benefit obligations deducted by fair value of plan assets.

Unrecognized prior service obligations are charged to income on a straight-line basis over the average remaining service period of employees. Regarding unrecognized net actuarial loss, an excessive amount of the corridor (10% of expected benefit obligations, or fair value of plan assets, whichever is the larger) to income on a straight-line basis over the average remaining service period of employees.

(7) Accounting for consumption taxes

Consumption taxes are separately accounted for by excluding it from each transaction amounts.

3. Notes to Consolidated Balance Sheet

(1) Accumulated depreciation for tangible fixed assets: JPY682,317 million

(2) Accumulated other comprehensive income (loss) consists of changes in foreign currency translation adjustments, net unrealized holding gains (losses) on securities available for sale, pension liability adjustments and net unrealized holding gains (losses) on certain derivative.

(3) Assets pledged as collateral

Cash and cash equivalents:	JPY548 million
Trade notes and accounts receivable	JPY29 million
Tangible fixed assets	JPY4,296 million
	<hr/>
Total	JPY4,873 million

(4) Guarantee obligations

Guaranteed obligations for borrowings made by the Company's employees and affiliates: JPY20,585 million

4. Note to Consolidated Statement of Income

(1) Basic net income per share JPY59.51

(2) Diluted net income per share JPY59.47

5. Important Subsequent Events

There were no important subsequent events to report.

Table of Contents

Notes to Non-Consolidated Financial Statements

1. Significant Accounting Policies

(1) Valuation of securities

Held-to-maturity debt securities: Carried at amortized cost (on a straight-line basis).

Investments in subsidiaries and affiliated companies: Stated at cost determined by the moving-average method.

Available-for-sale securities:

Securities whose market value is readily determinable:

Stated at the market value, based on market quotation. Unrealized gains and losses are reported, with net of applicable taxes, in a separate component of shareholders' equity. The cost of securities sold is determined based on the moving-average method.

Securities whose market value is not readily determinable:

Stated at cost determined by the moving-average method.

(2) Method and basis of valuation of inventories

Finished products (excluding spare parts and real estate held for sale) and work in process: Stated at lower of cost (specific identification method) or market.

Spare parts: Stated at lower of cost (last-in, first-out method) or market.

Land and buildings held for sale: Stated at cost (specific identification method)

Edgar Filing: KOMATSU LTD - Form 6-K

Materials and supplies: Stated at lower of cost (periodic average method)

(3) Depreciation of tangible fixed assets and amortization of intangible assets is computed according to the declining-balance method and the straight-line method respectively.

(4) Liability for employee retirement benefits:

In order to provide for the employee retirement benefits, the Company accrues liabilities for severance payments and pension at the amount calculated based on the projected benefit obligations and plan assets at the balance sheet date.

Prior service obligations are charged to income when incurred. Actuarial loss is charged to income in an amount proportionally appropriated on a straight-line basis over a 10-year period, which is shorter than the averaged remaining service period of employees, beginning with the following term when the loss is recognized.

(5) Allowance for loss on valuation of investments in unlisted companies is accounted for by taking into consideration the financial position of the issuer and fluctuation of the foreign exchange of the country of the issuer in order to prepare for losses from investing in domestic and overseas unlisted companies.

(6) Accounting method of lease transactions

Finance leases that do not transfer ownership of leased property to the lessee are accounted in the same manner as operating leases.

(7) Accounting for consumption tax

Consumption taxes are separately accounted for by excluding it from each transaction amounts.

Table of Contents

- (8) The Company has, in part, adopted terminology and forms in line with Regulations Regarding Terminology, Format and Preparation of Financial Statements, etc. Regarding affiliates, special provisions under the Commercial Code Enforcement Regulation are applied to description including notes.
- (9) Changes in accounting policies

Effective the reporting term, the Company has adopted the new accounting standards for impairment of fixed assets (the Opinions on Accounting Standards for Impairment of Fixed Assets issued by the Business Accounting Council dated August 9, 2002, and the Guidance for Impairment of Fixed Assets issued by the Accounting Standards Board dated October 31, 2003, that is, ASB Guidance No.6). As a result, income before income taxes decreased by JPY9,126 million.

2. Notes to Non-Consolidated Balance Sheet

- (1) Fractions of JPY one million have been rounded down.
- (2) Short-term receivables from affiliates: JPY176,490 million
 Short-term debts payable to affiliates: JPY37,366 million
 Long-term receivables from affiliates: JPY4,664 million
- (3) Accumulated depreciation of tangible fixed assets: JPY301,497 million
- (4) In addition to the non-current assets shown in the balance sheet, there are computers and peripherals leased and used as important fixed assets.
- (5) Liability for Director and Statutory Auditor retirement benefits is an allowance accounted pursuant to Article 43 of the Commercial Code Enforcement Regulation.
- (6) Guaranteed liability: JPY72,676 million
 Balance under letters of keep-well agreements: JPY67,337 million
 Maximum repurchase amount for the transferred claims
 for installment sales receivables: JPY280 million
- (7) The amount of net assets prescribed in Article 124,
 Item 3 of the Commercial Code Enforcement Regulation: JPY19,235 million
- (8) Type and total number of shares issued and outstanding at the end of the period: 998,744,060 ordinary shares

Type and the number of shares held in treasury at the end of the period: 7,323,364 ordinary shares

Table of Contents**3. Notes to Non-Consolidated Statement of Income**

(1) Fractions of JPY one million have been rounded down.

(2) Trading with affiliates

Sales:	JPY294,519	million
Purchases:	JPY186,731	million
Trading other than operating transactions:	JPY18,973	million

(3) Liability for employees' severance payments

During the reporting term, the Company changed its system for the periodical allocation of retirement benefit obligations. Previously the Company had employed a tax-qualified defined benefit pension plan. From July 1, 2004 the Company introduced a new system for lump-sum payment of retirement money and on August 1 a new system for pension benefits. Under the new system, termed a cash balance pension plan, a type of defined benefit plan, each employee acquires performance-linked points, and interest points based on market interest rates. On the basis of these points, an amount is accumulated in the plan assets. Prior service costs in an amount of 224 million generated from changes in the retirement benefit systems were amortized in lump-sum in line with the accounting policy of the Company.

(4) Unappropriated retained earnings resulting from merger

On October 1, 2004 the Company absorbed its subsidiary Komatsu Building Co., Ltd., resulting in an increase in unappropriated retained earnings of JPY696 million.

(5) Net income per share: JPY16.91

We have audited the consolidated statutory report, that is the consolidated balance sheet and the consolidated statement of income, of Komatsu Ltd. for the 136th business year from April 1, 2004 to March 31, 2005 in accordance with Article 19-2(3) of the Law for Special Exceptions to the Commercial Code Concerning Audit, etc. of Kabushiki Kaisha. The consolidated statutory report is the responsibility of the Company's management. Our responsibility is to express an opinion on the consolidated statutory report based on our audit as independent auditors.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those auditing standards require us to obtain reasonable assurance about whether the consolidated statutory report is free of material misstatement. An audit is performed on a test basis, and includes assessing the accounting principles used, the method of their application and estimates made by management, as well as evaluating the overall presentation of the consolidated statutory report. We believe that our audit provides a reasonable basis for our opinion. Our audit procedures also include those considered necessary for the Company's consolidated subsidiaries.

As a result of the audit, in our opinion, the consolidated statutory report referred to above presents fairly the consolidated financial position of Komatsu Ltd. and consolidated subsidiaries, and the consolidated results of their operations in conformity with related laws and regulations and the Articles of Incorporation of the Company.

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Edgar Filing: KOMATSU LTD - Form 6-K

Our firm has been providing services described in Article 2(2) of the Certified Public Accountants Law of Japan to the Company, which are not considered prohibited services to audit client.

Board of Statutory Auditors Report

(consolidated)

May 24, 2005

Having been reported by each Statutory Auditor on the methods and results of the audit in regard to the consolidated statutory report, that is the consolidated balance sheet and the consolidated statement of income, of Komatsu Ltd. (the Company) for the 136th fiscal year from April 1, 2004 to March 31, 2005, the Board of Statutory Auditors of the Company prepares this Auditors Report on deliberation and reports as follows:

1. Outline of the auditing methods used by the Statutory Auditors

Each Statutory Auditor, according to the audit policy set up by the Board of Statutory Auditors and the duties assigned to each Statutory Auditor by the Board of Statutory Auditors audited the consolidated statutory report, having received reports and explanation from Directors, etc. and Accounting Auditors.

2. Results of the audit

We confirm that the auditing methods and results made by KPMG AZSA & Co., the auditing corporation, are appropriate.

Certified Public Accountant

We have audited the statutory report, that is the non-consolidated balance sheet, the non-consolidated statement of income, the business report (limited to accounting matters) and the proposal for appropriation of unappropriated retained earnings, and its supporting schedules (limited to accounting matters) of Komatsu Ltd. for the 136th business year from April 1, 2004 to March 31, 2005 in accordance with Article 2(1) of the Law for Special Exceptions to the Commercial Code Concerning Audit, etc. of Kabushiki Kaisha. With respect to the aforementioned business report and supporting schedules, our audit was limited to those matters derived from the accounting books and records. The statutory report and supporting schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on the statutory report and supporting schedules based on our audit as independent auditors.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those auditing standards require us to obtain reasonable assurance about whether the statutory report and supporting schedules are free of material misstatement. An audit is performed on a test basis, and includes assessing the accounting principles used, the method of their application and estimates made by management, as well as evaluating the overall presentation of the statutory report and supporting schedules. We believe that our audit provides a reasonable basis for our opinion. Our audit procedures also include those considered necessary for the Company's subsidiaries.

As a result of the audit, our opinion is as follows:

- (1) The non-consolidated balance sheet and the non-consolidated statement of income present fairly the financial position and the results of operations of the Company in conformity with related laws and regulations and the Articles of Incorporation of the Company.
- (2) As stated in (9) Significant Accounting Policies, with effect from the start of the reporting period (i.e. April 1, 2004), the Company has adopted impairment accounting standards for fixed assets (as set out in the Report on Impairment Accounting Standards for Fixed Assets, issued by the Business Accounting Council on Aug. 9, 2002, and the Guidelines for the Application of Impairment Accounting Standards for Fixed Assets, issued on Oct. 31, 2003 by the Accounting Standards Board). In our opinion, the adoption of impairment accounting is

appropriate.

Table of Contents

- (3) The business report (limited to accounting matters) presents fairly the status of the Company in conformity with related laws and regulations and the Articles of Incorporation of the Company.
- (4) The proposal for appropriation of unappropriated retained earnings has been prepared in conformity with related laws and regulations and the Articles of Incorporation of the Company.
- (5) With respect to the supporting schedules (limited to accounting matters) there are no items to be noted that are not in conformity with the provisions of the Commercial Code.

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Our firm has been providing services described in Article 2(2) of the Certified Public Accountants Law of Japan to the Company, which are not considered prohibited services to an audit client.

[English Translation of the Board of Statutory Auditors Report Originally Issued in Japanese Language]

Board of Statutory Auditors Report

Having been reported by each Statutory Auditor on the methods and results of the audit in regard to the performance of duties by the Directors of Komatsu Ltd. (the Company) for the 136th fiscal year (from April 1, 2004 to March 31, 2005), the Board of Statutory Auditors of the Company prepares this audit report on deliberation and reports as follows:

1. Outline of the auditing methods used by the Statutory Auditors

Each Statutory Auditor, according to the audit policy set up by the Board of Statutory Auditors and the duties assigned to each Statutory Auditor by the Board of Statutory Auditors, has attended meetings of the Board of Directors and other meetings as deemed important, as well as having received from Members of the Board of Directors, etc. reports on the execution of their duties, perused the documents whereby the important decisions were made, and examined business and financial conditions at the head office and principal operating offices, and asked the subsidiaries of the Company for reports on their business conditions. In addition, we received reports and explanations from the Independent Accountants on their audit and examined the statutory report and the supplementary schedules.

With respect the competitive transactions of the Members of the Board of Directors, conflict-of-interest transactions between the Company and the Members of the Board of Directors, benefits without compensation furnished by the Company, irregular transactions with subsidiaries or shareholders and acquisition and disposal, etc., of treasury stocks, we have examined these matters by means of methods such as conducting a full investigation of related records, in addition to the auditing methods mentioned above.

2. Results of the audit

- (1) We confirm that the auditing methods and results made by KPMG AZSA & Co., the accounting auditor, are appropriate.
- (2) We confirm that the business report accurately describes the situation of the Company in accordance with all relevant laws and regulations and the Articles of Incorporation.
- (3) With respect to the proposed appropriation of unappropriated retained earnings, we confirm that there is no matter to be disclosed in light of the state of the Company's assets or other circumstances.
- (4) The supplementary schedules present fairly the information required, and we confirm that there is no other matter to be disclosed.

Table of Contents

- (5) With respect to the performance of the Members of the Board of Directors' duties, including those associated with the Company's subsidiaries, we confirm that there has been no improper act committed, nor important violation of applicable laws and regulations or the Articles of Incorporation.

In addition, with respect to the competitive transactions of the Members of the Board of Directors, conflict-of-interest transactions between the Company and the Members of the Board of Directors, benefits without compensation furnished by the Company, irregular transactions with subsidiaries or shareholders and acquisition and disposal, etc., of treasury stocks, we confirm that there has been no breach of the Members of the Board of Directors' responsibilities.

Reference Materials for

Exercising Voting Rights

1. Total Number of Voting Rights Held by All the Shareholders:

982,692 voting rights

2. Proposed Resolution and Reference Information:

Item 1: Approval of the Proposed Appropriation of Unappropriated Retained Earnings for the 136th Business Term (April 1, 2004 March 31, 2005)

The proposal for appropriation of unappropriated earnings is as described in Exhibit 6.

The Company is building a sound financial position and a flexible and agile business structure to increase its corporate value. Concerning cash dividends to shareholders, the Company maintains the basic policy of redistributing profits by first striving to continue stable dividends and then considering business results, pay out ratio and other related matters in a comprehensive manner.

For the reporting period, the Company proposes to pay JPY6 per share for a year-end dividend, an increase of JPY2 over the previous term-end.

Accordingly, combined with the interim dividend of JPY5 per share, annual dividend will be JPY11 per share for this fiscal year, an increment of JPY4 per share over the previous term.

Item 2: Partial Amendments to the Articles of Incorporation

1. Reasons for Amendments:

- (1) The Law Amending Part of the Commercial Code for the Purpose of Introducing Electronic Public Notice (Law No.87 of 2004) went into effect on February 1, 2005; this authorized electronic public notices as a means to post public notices on website. Present Article 4 of the Articles of Incorporation thus required to be revised to allow the Company to post public notices through the Internet.
- (2) In accordance with the revisions made on October 1, 2004 to the law regarding the transfer of corporate bonds, thereby resulting in the abolition of the system of suspension of the shareholders register (Law No.88 of 2004), it is necessary to partially delete the present Article 14 of the Articles of Incorporation.

Edgar Filing: KOMATSU LTD - Form 6-K

- (3) In June 1999, the Company introduced the executive officer system by reforming the Board of Directors to strengthen corporate governance and enable flexible response to changes in the business environment. In April 2003, the Company abolished the directors positions of Senior Managing Director and Managing Director . As both reduced numbers of directors and executive officer system have become established as an institution, the Company proposes to amend Articles 20 and 22 of the Articles of Incorporation. In conjunction with the amendment of Article 22, it is necessary to alter Articles 15 and 17 simultaneously.

Table of Contents

Details of the Amendments:

The amendments to be made are as follows:

(Amendments are shown in underlines)

Current Articles of Incorporation

Chapter I. General Provisions

Article 4. Method of Public Notice

All public notices made by the Company shall be given by publication in the Nihon Keizai Shimbun published in Tokyo.

Chapter II. Shares

Article 14. Record Date and Suspension of Shareholders Register

Those shareholders who are listed or recorded in the Register of Shareholders or the Register of Beneficial Owners effective as of the closing of a business term of the Company shall be deemed shareholders who are entitled to exercise their rights in the ordinary general meeting of shareholders for such business term.

In addition to the case prescribed in the preceding paragraph, the Company may, through a resolution of the Board of Directors, deem those shareholders or registered pledgees listed or recorded in the Register of Shareholders or the Register of Beneficial Owners on a specified date to be shareholders or registered pledgees who are entitled to exercise their rights at the general meeting of shareholders, by giving a two (2) week prior public notice thereof.

In the case prescribed in the preceding two paragraphs or if the Board of Directors deem it necessary, a temporary suspension of new entries or recordings in the Shareholders Register may be effected through a resolution of the Board of Directors for a specified period, by giving a two (2) week prior public notice thereof.

Proposed Amendments

Chapter I. General Provisions

Article 4. Method of Public Notice

All public notices made by the Company shall be given by electronic public notices. However, in the event that electronic public notices are deemed impossible due to accidents or other unavoidable circumstances, the public notices shall be made by publication in the Nihon Keizai Shimbun, published in Tokyo.

Chapter II. Shares

Article 14. Record Date

Those shareholders who are listed or recorded in the Register of Shareholders or the Register of Beneficial Owners effective as of the closing of a business term of the Company shall be deemed shareholders who are entitled to exercise their rights in the ordinary general meeting of shareholders for such business term.

In addition to the case prescribed in the preceding paragraph, the Company may, through a resolution of the Board of Directors, deem those shareholders or registered pledgees listed or recorded in the Register of Shareholders or the Register of Beneficial Owners on a specified date to be shareholders or registered pledgees who are entitled to exercise their rights at the general meeting of shareholders, by giving a two (2) week prior public notice thereof.
