EXPLANATORY NOTE DEREGISTRATION OF SECURITIES

This Post-Effective Amendment No. 2 to Form S-1 Registration Statement (File No. 333-121214), originally filed with the Securities and Exchange Commission on December 13, 2004 as a Form S-3 Registration Statement and subsequently declared effective (as amended, the Registration Statement), is being filed to deregister shares of common stock that were previously registered pursuant to the Registration Statement.

The Registration Statement was filed to register the resale of 3,908,387 shares of the Registrant's common stock that were issued to the selling stockholders named herein in connection with the Registrant's acquisition of all of the outstanding capital stock of Imaging Automation, Inc., or iA, through the merger of iA into a wholly-owned subsidiary of the Registrant. Pursuant to a Registration Rights Agreement between the Registrant and the selling stockholders, the Registrant agreed to file with the Securities and Exchange Commission a registration statement to register the shares of the Registrant's common stock received by the selling stockholders for sale on the public market, and to keep such registration statement effective until October 5, 2006. Although 423,179 shares issued to the selling stockholders remain unsold, the selling stockholders have agreed to waive the Registrant's obligation to file and keep such registration effective. Therefore, no further shares of the Registrant's common stock will be sold under this registration statement.

Pursuant to the Registrant's undertaking under Item 512(a)(3) of Regulation S-K, the Registrant hereby deregisters 423,179 shares of its common stock that were registered for resale by the selling stockholders.
