Section 2- Financial Information

Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

During the course of the audit for its fiscal year ended February 28, 2006, Q.E.P. Co., Inc. (the Company) became aware, and on April 10, 2006, determined that the Company was in violation of a financial covenant under the Company's credit facility (the Credit Facility) with its senior lenders (collectively, the Lenders) that required the Company to maintain a certain liabilities to tangible net worth ratio (the leverage ratio as defined in the Credit Facility). A violation of a financial covenant would, unless waived by the Lenders, constitute an event of default under the Credit Facility, giving the Lenders the right to prohibit additional borrowing under the Credit Facility, accelerate the Company's indebtedness thereunder, and take other actions as provided for in the Credit Facility. As of April 10, 2006, \$24,442,000 of borrowings was outstanding under the Credit Facility.

The Company intends to begin discussions with the Lenders with respect to the violation of the financial covenant with a view toward obtaining a waiver of the current non-compliance with the covenant. The Company also intends to begin discussions with the Lenders towards amending the Company's credit facility with respect to all of the financial covenants contained therein. There can be no assurance that the Company will be able to negotiate a waiver and amendments or that such a waiver and amendments will be on terms acceptable to the Company. If the Company is unable to obtain a waiver from the Lenders, it could have a material adverse effect on the Company's financial position.
