Section 1. Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

On May 22, 2007, Handleman Company's (Handleman) Compensation Committee adopted Handleman Company's Key Employee Retention Plan (KERP) for executive officers and certain other employees.

Management identified 53 key employees for the KERP based on the following criteria:

- 1) There is a high risk of the employee terminating his/her employment relationship with Handleman;
- 2) The employee is critical to Handleman's success;
- 3) The employee's job performance rating is good or better;
- 4) It would be difficult for management to replace the knowledge, skills and abilities the employee provides Handleman;
- 5) The impact suffered by Handleman as a result of the employee terminating his/her employment relationship with Handleman would exceed the cost of retaining the employee.

Management determined each employee's total KERP potential payout by taking the below-stated percentage of the employee's base salary as of May 22, 2007:

Pay Grade	KERP Payout Percentage
15 and above	75%
11-13	50%
10	40%
9-7	25%
6 and below	20%

The key employees will receive the payouts as follows:

- 1) 25% of the total payout if the employee is employed by Handleman up to and on December 15, 2007;
 - 2) the remaining 75% of the total payout if the employee is employed by Handleman up to and on March 15, 2009.
- Handleman's total cost for KERP with full payouts to all key employees would total \$3.44 million.
