The Benefits Administrative Committee of YRC Worldwide, Inc.

New Penn Motor Express, Inc. 401(k) Retirement Plan

We have audited the accompanying statements of net assets available for benefits of the New Penn Motor Express, Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the years ended December 31, 2006 and 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As further described in Note 6, the Plan adopted FSP AAG INV-1 and SOP 94-4-1 for the years ended December 31, 2006 and 2005.

**NEW PENN MOTOR EXPRESS, INC. 401(k) RETIREMENT PLAN**

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**(1) Description of Plan**

The following description of the New Penn Motor Express, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**(a) General**

The Plan is a defined contribution plan covering employees (other than employees covered by a collective bargaining agreement and nonresident aliens) of New Penn Motor Express, Inc. (the Company) who are age 18 or older and complete at least 1000 hours of service in a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**(b) Contributions**

Each year, participants may contribute between 1% and 15% of pretax annual compensation in 1% increments, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 21 mutual funds and one managed income portfolio as investment options for participants. Contributions by participants are subject to annual limitations in accordance with Section 401(k) of the Internal Revenue Code (the Code). Employer contributions are not required or permitted under the Plan.

**(c) Participant Accounts**

Each participant's account is adjusted to reflect all contributions, withdrawals, distributions, earnings and increases or decreases in the value of investments.

**(d) Vesting**

Participants are immediately 100% vested in their accounts.

**(e) Participant Loans**

Participant loans are not permitted under the Plan.

**(f) Payment of Benefits**

On termination of service, a participant may receive either (i) a lump-sum amount equal to the value of the participant's account or (ii) installments over a period of time based on the reason for termination and the election made by the participant or by his or her beneficiary. For benefit distributions prior to March 28, 2005, generally, any participant account balance that did not exceed \$5,000 was paid in a single lump-sum cash payment. For benefit distributions on or after March 28, 2005, generally, the cash-out threshold was reduced to \$1,000 and any participant account balance that is more than \$1,000 will be rolled over to an individual retirement plan designated by the Benefits Administrative Committee if the participant does not elect a different distribution option.

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**(1) Description of Plan (continued)**

***(f) Payment of Benefits (continued)***

If a participant makes a hardship withdrawal from the Plan, he or she is suspended from participating in the Plan for a period of six months.

***(g) Risk and Uncertainties***

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

**(2) Summary of Accounting Policies**

***(a) Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

***(b) Use of Estimates***

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

***(c) New Accounting Pronouncements***

In 2006, the Financial Accounting Standards Board issued FASB Staff Position (FSP) Nos. AAG INV-1 and SOP 94-4-1, *Reporting of Fully-Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans*.

This new pronouncement states investment contracts held by defined contribution plans are required to be reported at fair value, except fully-benefit responsive investment contracts are reflected at contract value, since it represents the amount at which participants can execute transactions in the Plan. In order to reflect fully-benefit responsive contracts at contract value an adjustment from net assets at fair value to contract value is reflected in the Statement of Net Assets Available for Benefits. The prior year financial statements have been restated to reflect retrospective application of the FSP accordingly.

***(d) Valuation of Investments and Income Recognition***

## Edgar Filing: YRC WORLDWIDE INC - Form 11-K

The Plan's investments are stated at fair value. Quoted market prices, if available, are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 6 regarding the valuation of the investment contract.

**Table of Contents****NEW PENN MOTOR EXPRESS, INC. 401(k) RETIREMENT PLAN****Notes to Financial Statements****December 31, 2006 and 2005****(2) Summary of Accounting Policies (continued)****(d) Valuation of Investments and Income Recognition (continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**(e) Payment of Benefits**

Benefits are recorded when paid.

**(f) Administrative Expenses**

The Company pays all administrative expenses of the Plan, except for administrative fees related to servicing participant loans and broker fees. The investment income of the trust is net of any investment advisory fees charged by the managers.

**(3) Plan Termination**

The Company has the right under the terms of the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan shall pay all expenses chargeable against the Plan and shall then distribute all assets to the participants in proportion to the amounts credited to their accounts at the date of such termination. If the Plan is terminated, the trust established within the Plan will continue until each account has been distributed.

**(4) Investments**

Participants may direct investment of their accounts among several mutual funds that invest in stocks, money markets, U.S. government securities, and corporate bonds.

The following investments individually represent 5% or more of the net assets available for plan benefits at December 31:

	<b>2006</b>	<b>2005</b>
Mid-Cap Growth Fund	\$ 2,195,753	\$ 2,063,529
Equity Index 500 Fund	2,024,957	1,811,251

## Edgar Filing: YRC WORLDWIDE INC - Form 11-K

\* Fund did not represent 5% or more of net assets available for benefits  
During 2006 and 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$548,104 and \$387,880, respectively.

**NEW PENN MOTOR EXPRESS, INC. 401(k) RETIREMENT PLAN**

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**(5) Related Party Transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, trustee of the Plan. Transactions related to these investments qualify as exempt party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

In 2005, State Street Bank and Trust Company served as the Plan's directed trustee; its affiliate, Boston Financial Data Services, Inc., provided recordkeeping services to the Plan; and Plan assets were invested in T. Rowe Price funds, and therefore these transactions qualify as party-in-interest transactions.

**(6) Investment Contract with Fidelity Management Trust Company**

The Plan has a benefit-responsive investment contract with Fidelity Management Trust Company. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at estimated fair value as provided by Fidelity.

The adjustment from fair value to contract value for the investment contract is based on the contract value as provided by Fidelity. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Information on the fully-benefit response investment contract held by the Plan is as follows as of December 31:

	2006	2005
Fair Value	\$ 169,559	
Average yield	2.70%	
Crediting interest rate	4.37%	

The crediting interest rate is based on a formula agreed upon with Fidelity. Such interest rates are reviewed periodically for resetting. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Fidelity. The Plan administrator believes the occurrence of such events is not probable.

**(7) Income Tax Status**

The Internal Revenue Service has determined by a letter dated January 18, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the trust is tax-exempt.
