NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

The unaudited condensed consolidated financial statements included herein have been prepared by Alliance Data Systems Corporation (ADSC or, including its wholly owned subsidiaries, the Company), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted pursuant to such rules and regulations. However, the Company believes that the disclosures are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company s Annual Report filed on Form 10-K for the year ended December 31, 2006.

The unaudited condensed consolidated financial statements included herein reflect all adjustments (consisting of normal, recurring adjustments) which are, in the opinion of management, necessary to state fairly the results for the interim periods presented. The results of operations for the interim periods presented are not necessarily indicative of the operating results to be expected for any subsequent interim period or for the fiscal year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; and disclosure of contingent assets and liabilities at the date of the financial statements; and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For purposes of comparability, certain prior period amounts, have been reclassified to conform to the current year presentation. Such reclassifications have no impact on previously reported net income.

2. PROPOSED MERGER

On May 17, 2007, the Company entered into an Agreement and Plan of Merger by and among Aladdin Holdco, Inc. (Parent), Aladdin Merger Sub, Inc. (Merger Sub) and the Company (the Merger Agreement). Under the terms of the Merger Agreement, Merger Sub will be merged with and into the Company, and as a result the Company will continue as the surviving corporation and a wholly owned subsidiary of Parent (the Merger). Parent is owned by an affiliate of The Blackstone Group. At the effective time of the Merger, each outstanding share of common stock of the Company (the Common Stock), other than shares owned by the Company, Parent, any subsidiary of the Company or Parent, or by any stockholders who are entitled to and who properly exercise appraisal rights under Delaware law, will be cancelled and converted into the right to receive $81.75 in cash, without interest. In addition, the vesting and/or lapse of restrictions on substantially all stock options, restricted stock awards and restricted stock units will be accelerated at the effective time of the Merger and holders of such securities will receive consideration in accordance with the terms of the Merger Agreement. The Company will also accelerate the recognition of stock compensation expense resulting from the vesting of substantially all outstanding unvested stock options, restricted stock and restricted stock units in connection with the Merger.

Pending the receipt of regulatory approvals and the satisfaction of other customary closing conditions, the Merger is expected to close in the fourth quarter of 2007. The Company filed its definitive proxy statement and proxy supplement with the SEC on July 5, 2007 and July 30, 2007, respectively, soliciting stockholder approval of the Merger Agreement, which was approved at a special meeting of the Company s stockholders on August 8, 2007. The Company filed its Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, notification

and report forms with the Federal Trade Commission and the Antitrust Division of the Department of Justice on June 1, 2007 and early termination of the applicable waiting period was granted on June 11, 2007. The Company filed a request for an advance ruling certificate (ARC) regarding the Merger under the Competition Act (Canada) with the Canadian Commissioner of Competition on June 1, 2007 and received an ARC on June 7, 2007. The Company filed a notification under the German Act against Restraints of Competition, as amended (the German Competition Act) with the German Federal Cartel Office (the FCO) on June 14, 2007. The waiting period under the German Competition Act expired on July 14, 2007. Parent filed the required notices with the Office of the Comptroller of the Currency (the OCC) on June 28, 2007. Parent also filed the required notices with the Federal Deposit Insurance Corporation (the FDIC) and the Utah Department of Financial Institutions (UDFI), in each case on July 2, 2007.

The Merger Agreement may be terminated under certain circumstances, including if the Company has received a superior proposal and the Company s Board of Directors or the special committee of the Company s Board of Directors (the Special Committee) has determined in good faith that the failure to terminate the Merger Agreement would reasonably be expected to be inconsistent with the fiduciary duties of the members of the Board of Directors or Special Committee and the Company otherwise complies with certain terms of the Merger Agreement. Upon the termination of the Merger Agreement, under specified circumstances, the Company will be required to reimburse Parent and Merger Sub for their transaction expenses up to $20.0 million and under specified circumstances, the Company will be required to pay Parent, or its designee, a termination fee of $170.0 million less any expenses previously reimbursed. Additionally, under specified circumstances, Parent will be required to pay the Company a termination fee of $170.0 million.

On October 15, 2007, Merger Sub commenced a tender offer (the Tender Offer) in respect of the Company s $250.0 million aggregate principal amount 6.00% Senior Notes, Series A, due May 16, 2009 and the Company s $250.0 million aggregate principal amount 6.14% Senior Notes, Series B, due May 16, 2011 (collectively, the Notes). The Tender Offer was conducted concurrently with a related consent solicitation (the Consent Solicitation) to amend the terms of the Notes and the related Note Purchase Agreement dated as of May 1, 2006 (the Note Purchase Agreement) to, among other things, eliminate substantially all of the restrictive covenants and certain events of default and modify or eliminate certain other provisions. On the same date, the Company commenced a cash offer (the Prepayment Offer) in respect of the Notes pursuant to the terms of the Note Purchase Agreement.

On October 22, 2007, the Company entered into an amendment (the Amendment) in respect of the Notes with all of the Holders (as defined in the Note Purchase Agreement) providing for a mandatory prepayment of all of the Notes on the date that the Merger is consummated, provided that the Merger is consummated no later than January 1, 2008. The Notes shall be repaid at 100% of the principal amount plus accrued and unpaid interest to the date of prepayment and the Make-Whole Amount (as defined in the Note Purchase Agreement) as determined for the prepayment date in accordance with the terms of the Amendment. The obligation of the Company to prepay the Notes pursuant to the terms of the Amendment is subject to and conditioned upon the occurrence of the Merger and will be void and of no force and effect in the event that the Merger is abandoned or does not occur on or prior to January 1, 2008. In connection with the Amendment, on October 23, 2007, Merger Sub withdrew the Tender Offer and Consent Solicitation and the Company withdrew the Prepayment Offer. The early retirement of debt will result in the recognition of unamortized debt issuance costs as well as any premium charges associated with early retirement.

Parent has obtained equity and debt financing commitments for the transactions contemplated by the Merger Agreement, the proceeds of which, together with the available cash of the Company, will be sufficient for Parent to pay the aggregate Merger consideration and all related fees and expenses of the transactions contemplated by

the Merger Agreement. Consummation of the Merger is not subject to a financing condition, but is subject to customary closing conditions, including the approval of the Company s stockholders, which was received on August 8, 2007, and regulatory clearance. For more information regarding the Merger, see the Company s definitive proxy statement and proxy supplement filed with the SEC on July 5, 2007 and July 30, 2007, respectively.

During the nine months ended September 30, 2007, the Company has recorded merger costs of approximately $8.3 million consisting of investment banking, legal, accounting and other costs associated with the Merger.

4. ACQUISITIONS

On February 1, 2007, the Company completed the acquisition of Abacus, a division of DoubleClick Inc. Abacus is a leading provider of data, data management and analytical services for the retail and catalog industry, as well as other sectors. The Abacus acquisition complements, expands and strengthens Epsilon s core offerings and provides additional scale to its data services, strategic database services and analytics offerings.

The acquisition of Abacus included specified assets of DoubleClick s data division (Purchased Assets) and all of the outstanding equity interests of four DoubleClick entities. The consideration consisted of approximately $435.0 million plus other incremental costs as defined in the agreement for a total of approximately $439.3 million.

The results of operations for Abacus have been included since the date of acquisition and are reflected in our Marketing Services segment. The goodwill resulting from the acquisition of the Purchased Assets will be deductible for tax purposes.

Credit Facility and Bridge Loan

At the beginning of fiscal year 2007, the Company maintained one consolidated credit agreement that provides for a $540.0 million revolving credit facility with a U.S. $50.0 million sublimit for Canadian dollar borrowings and a $50.0 million sublimit for swing line loans (the consolidated credit facility). Additionally, the consolidated credit facility includes an uncommitted accordion feature of up to $210.0 million in the aggregate allowing for future incremental borrowings, subject to certain conditions. The consolidated credit facility is unsecured. Each of ADS Alliance Data Systems, Inc., Alliance Data Foreign Holdings, Inc., Epsilon Marketing Services, LLC and Epsilon Data Management, LLC are guarantors under the consolidated credit facility.

On March 30, 2007, the Company amended the consolidated credit facility to extend the lending commitments that were scheduled to terminate on September 29, 2011 to March 30, 2012. In addition, the amendment adjusts the Senior Leverage Ratio applicable to the various levels set forth in the consolidated credit facility and the margin applicable to Eurodollar loans to those reflected below.

ALLIANCE DATA SYSTEMS CORPORATION

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Advances under the consolidated credit facility are in the form of either base rate loans or eurodollar loans and may be denominated in U.S. dollars or Canadian dollars. The interest rate for base rate loans denominated in U.S. dollars fluctuates and is equal to the higher of (1) the Bank of Montreal s prime rate and (2) the Federal funds rate plus 0.5%, in either case with no additional margin. The interest rate for base rate loans denominated in Canadian dollars fluctuates and is equal to the higher of (1) the Bank of Montreal s prime rate for Canadian dollar loans and (2) the CDOR rate plus 1%, in either case with no additional margin. The interest rate for eurodollar loans denominated in U.S. or Canadian dollars fluctuates based on the rate at which deposits of U.S. dollars or Canadian dollars, respectively, in the London interbank market are quoted plus a margin of 0.4% to 0.8% based upon the Company s Senior Leverage Ratio as defined in the consolidated credit facility.

Among other fees, the Company pays a facility fee of 0.1% to 0.2% per annum (due quarterly) on the aggregate commitments under the consolidated credit facility, whether used or unused, based upon the Company s Senior Leverage Ratio as defined in the consolidated credit facility. The Company will also pay fees with respect to any letters of credit issued under the consolidated credit facility.

The consolidated credit facility includes usual and customary negative covenants for credit agreements of this type, including, but not limited to, restrictions on the Company s ability, and in certain instances, its subsidiaries ability, to consolidate or merge; substantially change the nature of its business; sell, transfer or dispose of assets; create or incur indebtedness; create liens; pay dividends and repurchase stock; and make investments. The negative covenants are subject to certain exceptions, as specified in the consolidated credit facility. The consolidated credit facility also requires the Company to satisfy certain financial covenants, including maximum ratios of Total Capitalization and Senior Leverage as determined in accordance with the consolidated credit facility and a minimum ratio of Consolidated Operating EBITDA to Consolidated Interest Expense as determined in accordance with the consolidated credit facility.

The consolidated credit facility also includes customary events of default, including, among other things, payment default, covenant default, breach of representation or warranty, bankruptcy, cross-default, material ERISA events, a change of control of the Company, material money judgments and failure to maintain subsidiary guarantees.

On January 24, 2007, the Company entered into a credit facility, (the bridge loan) which provides for loans up to $400.0 million. At the closing of the bridge loan, the Company borrowed $300.0 million for general corporate purposes including the repayment of debt and the financing of permitted acquisitions. The bridge loan includes an uncommitted accordion feature of up to $100.0 million allowing for future borrowings, subject to certain conditions. The bridge loan is unsecured. Each of ADS Alliance Data Systems, Inc., Alliance Data Foreign Holdings, Inc., Epsilon Marketing Services, LLC and Epsilon Data Management, LLC are guarantors under the bridge loan. On July 6, 2007, the Company amended its bridge loan to extend the maturity date from July 24, 2007 to December 31, 2007.

Advances under the bridge loan are in the form of either base rate loans or eurodollar loans. The interest rate for base rate loans fluctuates and is equal to the higher of (1) the Bank of Montreal s prime rate and (2) the Federal funds rate plus 0.5%, in either case with no additional margin. The interest rate for eurodollar loans fluctuates based on the London interbank offered rate plus a margin of 0.6% to 1.2% based upon our Senior Leverage Ratio as defined in the bridge loan.

The bridge loan contains usual and customary negative covenants for transactions of this type, including, but not limited to, restrictions on the Company s ability, and in certain instances, its subsidiaries ability, to consolidate or merge; substantially change the nature of its business; sell, transfer or dispose of assets; create or incur indebtedness; create liens; pay dividends and repurchase stock; and make investments. The negative

covenants are subject to certain exceptions, as specified in the bridge loan. The bridge loan also requires the Company to satisfy certain financial covenants, including maximum ratios of Total Capitalization and Senior Leverage as determined in accordance with the bridge loan and a minimum ratio of Consolidated Operating EBITDA to Consolidated Interest Expense as determined in accordance with the bridge loan.

The bridge loan must be prepaid prior to the scheduled maturity date if the Company or any of its subsidiaries issues any debt or equity securities, subject to certain exceptions.

The bridge loan also includes customary events of default, including, among other things, payment default, covenant default, breach of representation or warranty, bankruptcy, cross-default, material ERISA events, a change of control, material money judgments and failure to maintain subsidiary guarantees.

The Company plans to repay in full and terminate the credit facility and the bridge loan upon closing of the Merger described in Note 2 with the proceeds of the equity and debt financing commitments obtained by Parent and Merger Sub. For more information regarding the Merger, see the Company s definitive proxy statement and proxy supplement filed with the SEC on July 5, 2007 and July 30, 2007, respectively.

Senior Notes

On May 16, 2006, the Company entered into a senior note purchase agreement and issued and sold $250.0 million aggregate principal amount of 6.00% Series A Notes due May 16, 2009 and $250.0 million aggregate principal amount of 6.14% Series B Notes due May 16, 2011. The Series A and Series B Notes will accrue interest on the unpaid balance thereof at the rate of 6.00% and 6.14% per annum, respectively, from May 16, 2006, payable semiannually, on May 16 and November 16 in each year, commencing with November 16, 2006, until the principal has become due and payable. The note purchase agreement includes usual and customary negative covenants and events of default for transactions of this type. The senior notes are unsecured. The payment obligations under the senior notes are guaranteed by certain of the Company s existing and future subsidiaries, originally ADS Alliance Data Systems, Inc. Due to their status as guarantors under the consolidated credit facility and pursuant to a Joinder to Subsidiary Guaranty dated as of September 29, 2006, three additional subsidiaries of the Company became guarantors of the senior notes, including Alliance Data Foreign Holdings, Inc., Epsilon Marketing Services, LLC and Epsilon Data Management, LLC.

On October 22, 2007, the Company entered into an amendment (the Amendment) in respect of the Notes with all of the Holders (as defined in the Note Purchase Agreement) providing for a mandatory prepayment of all of the Notes on the date that the Merger is consummated, provided that the Merger is consummated no later than January 1, 2008. The Notes shall be repaid at 100% of the principal amount plus accrued and unpaid interest to the date of prepayment and the Make-Whole Amount (as defined in the Note Purchase Agreement) as determined for the prepayment date in accordance with the terms of the Amendment. The obligation of the Company to prepay the Notes pursuant to the terms of the Amendment is subject to and conditioned upon the occurrence of the Merger and will be void and of no force and effect in the event that the Merger is abandoned or does not occur on or prior to January 1, 2008. In connection with the Amendment, on October 23, 2007, Merger Sub withdrew the Tender Offer and Consent Solicitation and the Company withdrew the Prepayment Offer. The early retirement of debt will result in the recognition of unamortized debt issuance costs as well as any premium charges associated with early retirement.

8. STOCK-BASED COMPENSATION

Total stock-based compensation expense recognized in the Company s consolidated statements of income for the three and nine months ended September 30, 2007 and 2006 respectively, is as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2007	2006	2007	2006
	(In thousands)			
Cost of operations	$ 9,174	$ 6,712	$ 23,804	$ 20,218
General and administrative	8,201	4,862	17,580	11,258
Total	$ 17,375	$ 11,574	$ 41,384	$ 31,476

During the third quarter of 2007, the vesting provisions of 133,772 shares of restricted stock and stock options issued to 29 employees were modified. The service conditions of these awards were accelerated in connection with the anticipation of termination and the termination of these employees. The terms were modified such that should the Merger, as discussed in Note 2, be completed before the Merger Agreement expires or is otherwise terminated, the employee would then receive the consideration as set forth in the Merger Agreement. As a result of the modification, the Company recorded incremental stock-based compensation expense of approximately $5.6 million.

As discussed in Note 2, vesting of substantially all of the Company s stock options, restricted stock awards, and restricted stock units will be accelerated upon closing of the Merger. In February 2006, the Financial Accounting Standards Board (FASB) issued Staff Position No. FAS 123(R)-4, Classification of Options and Similar Instruments Issued as Employee Compensation That Allow for Cash Settlement upon Occurrence of a Contingent Event (FSP FAS 123(R)-4). FASB Staff Position FSP FAS 123(R)-4 amends SFAS No. 123(R) to require evaluation of the probability of occurrence of a contingent cash settlement event in determining whether the underlying options or similar instruments issued as employee compensation should be classified as liabilities or equity. On the date the contingent event becomes probable of occurring the award must be recognized as a liability. On that date, the company recognizes a share-based liability equal to the portion of the award attributed to past service and any provision for accelerated vesting, multiplied by the fair value of the award on that date. The Merger described in Note 2 is the contingent event which would result in cash settlement of the Company s outstanding stock options, restricted stock and restricted stock units. The Company does not believe the Merger is considered probable under FSP FAS 123(R)-4 as of September 30, 2007, due to the existence of certain unfulfilled conditions, including receipt of regulatory approvals that must be satisfied before the Merger is consummated.

In addition, in accordance with the terms of the Merger Agreement, as of June 29, 2007, the Alliance Data Employee Stock Purchase Plan was closed to further contributions.

10. INCOME TAXES

For the three and nine months ended September 30, 2007, the Company has utilized an effective tax rate of 40.1% and 39.0%, respectively, to calculate its provision for income taxes. Legislation was enacted in various states during the three months ended September 30, 2007 that impacted the effective tax rate. In accordance with Accounting Principles Board (APB) Opinion No. 28, Interim Financial Reporting, the Company s expected annual effective tax rate for calendar year 2007 based on all known variables is estimated to be approximately 38.9% excluding the effect of the change in tax laws.

On January 1, 2007, the Company adopted the provisions of FASB Interpretation No. 48 (FIN No. 48), Accounting for Uncertainty in Income Taxes, an interpretation of statement of Financial Accounting Standards No. 109. As a result of the implementation of FIN No. 48, the Company recognized approximately a $9 million increase in the liability for unrecognized tax benefits, which was accounted for as a reduction to retained earnings.

As of September 30, 2007, the Company has unrecognized tax benefits of approximately $82 million, of which $28 million relate to taxes and $18 million relate to potential interest and penalties. These unrecognized tax benefits, if recognized at some point in the future, would favorably impact the effective tax rate by approximately $35 million. The Company does not anticipate a significant change to the total amount of unrecognized tax benefits over the next twelve months.

The Company recognizes potential accrued interest and penalties related to unrecognized tax benefits in income tax expense. For the three and nine months ended September 30, 2007, the Company recognized approximately $0.5 million and $2.7 million, respectively, in potential interest and penalties with respect to unrecognized tax benefits.

The Company files income tax returns in the United States Federal jurisdiction and in many state and foreign jurisdictions. With few exceptions, the tax returns filed by the Company are no longer subject to United States Federal or state and local income tax examinations for years before 2004 and are no longer subject to foreign income tax examinations by tax authorities for years before 2003.

(1) Adjusted EBITDA is a non-GAAP financial measure equal to net income, the most directly comparable GAAP financial measure, plus stock compensation expense, provision for income taxes, interest expense, net, depreciation, amortization and merger costs. Adjusted EBITDA is presented in accordance with Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information (SFAS No. 131) as it is the primary performance metric by which senior management is evaluated.

(2) Merger and other costs are not allocated to the segments in the computation of segment operating profit for internal evaluation purposes. Merger costs represent investment banking, legal, and accounting costs. Other costs represent compensation charges related to certain departing corporate executives.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the unaudited condensed consolidated financial statements and related notes thereto presented in this quarterly report and the audited consolidated financial statements and related notes thereto included in our Annual Report filed on Form 10-K for the year ended December 31, 2006.

Proposed Merger

On May 17, 2007, we entered into an Agreement and Plan of Merger by and among Aladdin Holdco, Inc. (Parent), Aladdin Merger Sub, Inc. (Merger Sub) and the Company (the Merger Agreement). Under the terms of the Merger Agreement, Merger Sub will be merged with and into the Company, and as a result the Company will continue as the surviving corporation and a wholly-owned subsidiary of Parent (the Merger). Parent is owned by an affiliate of The Blackstone Group. At the effective time of the Merger, each outstanding share of common stock of the Company, other than shares owned by the Company, Parent, any subsidiary of the Company or Parent, or by any stockholders who are entitled to and who properly exercise appraisal rights under Delaware law, will be cancelled and converted into the right to receive $81.75 in cash, without interest. In addition, the vesting and/or lapse of restrictions on substantially all stock options, restricted stock awards and restricted stock units will be accelerated at the effective time of the Merger and holders of such securities will receive consideration in accordance with the terms of the Merger Agreement. The Company will also accelerate the recognition of stock compensation expense resulting from the vesting of substantially all outstanding unvested stock options, restricted stock and restricted stock units in connection with the Merger.

Pending the receipt of regulatory approvals and the satisfaction of other customary closing conditions, the Merger is expected to close in the fourth quarter of 2007. We filed our definitive proxy statement and proxy supplement with the SEC on July 5, 2007 and July 30, 2007, respectively, soliciting stockholder approval of the Merger Agreement, which was approved at a special meeting of our stockholders on August 8, 2007. We filed our Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, notification and report forms with the Federal Trade Commission and the Antitrust Division of the Department of Justice on June 1, 2007 and early termination of the applicable waiting period was granted on June 11, 2007. We filed a request for an advance ruling certificate, ARC, regarding the Merger under the Competition Act (Canada) with the Canadian Commissioner of Competition on June 1, 2007 and received an ARC on June 7, 2007. We filed a notification under the German Act against Restraints of Competition, as amended with the German Federal Cartel Office on June 14, 2007. The waiting period under the German Competition Act expired on July 14, 2007. Parent filed the required notices with the Office of the Comptroller of the Currency on June 28, 2007. Parent also filed the required notices with the Federal Deposit Insurance Corporation and the Utah Department of Financial Institutions, in each case on July 2, 2007.

Year in Review Highlights

Our nine months ended September 30, 2007 results included the following new and renewed agreements with significant clients and continued selective execution of our acquisition strategy:

In September 2007, we announced the signing of a multi-year agreement with Tesco Stores Limited to provide permission-based email marketing solutions and services to Tesco.com. Tesco Stores Limited is a leading retailer in the United Kingdom, and has operations in Europe, North America and Asia.

In September 2007, we announced the signing of a multi-year agreement with the RONA, a Canadian distributor and retailer of hardware, home renovation and gardening products, to expand its relationship as a sponsor in our Canadian AIR MILES Reward Program.

Critical Accounting Policies and Estimates

There have been no material changes to our critical accounting policies and estimates from the information provided in Item 7, Management s Discussion and Analysis of Financial Condition and Results of Operations , included in our 10-K for the fiscal year ended December 31, 2006, except as follows:

We account for uncertain tax positions in accordance with FIN No. 48. The application of income tax law is inherently complex. Laws and regulations in this area are voluminous and often ambiguous. As such, we are required to make many subjective assumptions and judgments regarding our income tax exposures. Interpretations of, and guidance surrounding, income tax laws and regulations can change over time. As such, changes in our subjective assumptions and judgments can materially affect amounts recognized in the consolidated balance sheets and statements of income. See Note 10 to the unaudited condensed consolidated financial statements, Income Taxes included in this report, for additional detail on our tax positions.

Use of Non-GAAP Financial Measures

Adjusted EBITDA is a non GAAP financial measure equal to net income, the most directly comparable GAAP financial measure, plus stock compensation expense, provision for income taxes, interest expense, net, depreciation and other amortization, amortization of purchased intangibles, and merger costs. Operating EBITDA is a non GAAP financial measure equal to adjusted EBITDA plus the change in deferred revenue plus the change in redemption settlement assets. We have presented operating EBITDA because we use the financial measure to monitor compliance with financial covenants in our credit facilities and our senior note agreements. For the nine months ended September 30, 2007, senior debt-to-operating EBITDA was 1.4x compared to a maximum ratio of 2.75x permitted in our credit facilities and in our senior note agreements. Operating EBITDA to interest expense was 9.6x compared to a minimum ratio of 3.5x permitted in our credit facilities and 3.0x permitted in our senior note agreements. As discussed in more detail in the liquidity section of Management s Discussion and Analysis of Financial Condition and Results of Operations, our credit facilities and cash flows from operations have historically been the two main sources of funding for our acquisition strategy and for our future working capital needs and capital expenditures. As of September 30, 2007, we had borrowings of $484.0 million outstanding under the credit facilities, $500.0 million under our senior notes, and had $354.0 million in unused borrowing capacity. We were in compliance with our covenants at September 30, 2007, and we expect to be in compliance with these covenants during the year ended December 31, 2007.

We use adjusted EBITDA as an integral part of our internal reporting to measure the performance of our reportable segments and to evaluate the performance of our senior management. Adjusted EBITDA is considered an important indicator of the operational strength of our businesses. Adjusted EBITDA eliminates the uneven effect across all business segments of considerable amounts of non-cash depreciation of tangible assets and amortization of certain intangible assets that were recognized in business combinations. A limitation of this measure, however, is that it does not reflect the periodic costs of certain capitalized tangible and intangible assets used in generating revenues in our businesses. Management evaluates the costs of such tangible and intangible assets, the impact of related impairments, as well as asset sales through other financial measures, such as capital expenditures, investment spending and return on capital. Adjusted EBITDA also eliminates the non-cash effect of stock compensation expense. Stock compensation expense is not included in the measurement of segment adjusted EBITDA provided to the chief operating decision maker for purposes of assessing segment performance and decision making with respect to resource allocations. Therefore, we believe that adjusted EBITDA provides useful information to our investors regarding our performance and overall results of operations. Adjusted EBITDA and operating EBITDA are not intended to be performance measures that should be regarded as an alternative to, or more meaningful than, either operating income or net income as an indicator of operating performance or to cash flows from operating activities as a measure of liquidity. In addition, adjusted EBITDA and operating EBITDA are not intended to represent funds available for dividends, reinvestment or other discretionary uses, and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP. The adjusted EBITDA and operating EBITDA measures presented in this Quarterly Report on Form 10-Q may not be comparable to similarly titled measures presented by other companies, and may not be identical to corresponding measures used in our various agreements.

Note: An increase in deferred revenue has a positive impact to operating EBITDA, while an increase in redemption settlement assets has a negative impact to operating EBITDA. Changes in deferred revenue and redemption settlement assets are affected by fluctuations in foreign exchange rates. Changes in redemption settlement assets are also affected by the timing of receipts and transfers of cash.

(1) Operating expenses excludes stock compensation expense, depreciation expense, amortization expense, impairment charges, merger and other costs.

(2) Adjusted EBITDA margin is adjusted EBITDA divided by revenue. Management uses adjusted EBITDA margin to analyze the operating performance of the segments and the impact revenue growth has on operating expenses. For the definition of adjusted EBITDA and reconciliation to net income, the most closely comparable GAAP measure, see Use of Non-GAAP Financial Measures included elsewhere in this report.

Revenue. Total revenue increased $68.9 million, or 13.6%, to $575.5 million for the three months ended September 30, 2007 from $506.6 million for the comparable period in 2006. The increase was due to a 24.8% increase in Marketing Services revenue and an 11.6% increase in Credit Services revenue, offset by a 2.8% decrease in Transaction Services revenue as follows:

Marketing Services. Revenue increased $54.3 million, or 24.8%, due to a combination of strong organic growth and acquisitions completed over the past twelve months. AIR MILES Reward Program growth was driven primarily by an increase in redemption revenue of $13.9 million related to a 6.4% increase in the redemption of AIR MILES reward miles. Issuance revenue increased $5.4 million primarily due to growth in issuances of AIR MILES reward miles in recent years from the roll-out of major national programs, combined with overall firm pricing and expanded commitments from existing sponsors. Within our revenue increase, changes in the exchange rate of the Canadian dollar had a $9.5 million positive impact on revenue for the AIR MILES Reward Program. Database and direct marketing fees revenue increased approximately $34.3 million primarily due to the acquisition of Abacus as well as organic growth within Epsilon s database marketing services division, but was offset by declines in Epsilon s strategic marketing and consulting services division from lower volumes and a reduction of services provided to one of our clients.

Credit Services. Revenue increased $21.1 million, or 11.6%, primarily due to a 15.1% increase in securitization income and finance charges, net. Securitization income and finance charges, net increased $21.5 million, which includes an increase related to the valuation of the interest only strip of $16.1 million. The increase was primarily as a result of an 8.3% increase in our average managed receivables, an increase in collected yield and a nominal improvement in the cost of funds. In addition, we had a decrease in merchant discount fees primarily as a result of a change in mix of fees received from merchants compared to fees received from cardholders.

Transaction Services. Revenue decreased $5.4 million, or 2.8%, primarily as a result of attrition in the merchant services business as well as pricing concessions and a decline in consulting services provided by the utility services business.

Operating Expenses. For purposes of the discussion below, total operating expenses excludes stock compensation expense, depreciation expense, amortization expense, impairment charges, merger and other costs. Total operating expenses increased $28.9 million, or 7.7%, to $402.7 million during the three months ended September 30, 2007 from $373.8 million during the comparable period in 2006. Total adjusted EBITDA margin increased to 30.0% for the three months ended September 30, 2007 from 26.2% for the comparable period in 2006 due to increased adjusted EBITDA margins across Marketing Services and Credit Services and offset by a decline in adjusted EBITDA margin for Transaction Services.

Marketing Services. Operating expenses, as defined, increased $30.7 million, or 17.7%, to $204.2 million for the three months ended September 30, 2007 from $173.5 million for the comparable period in 2006, and adjusted EBITDA margin increased to 25.2% for the three months ended September 30, 2007 compared to 20.6% for the same period in 2006. Increases in operating expenses were primarily attributable to the acquisition of Abacus, and higher volume-driven redemption costs in our AIR MILES Reward Program. Changes in the exchange rate of the Canadian dollar had a $7.1 million impact on operating expenses for the AIR MILES Reward Program. The increase in adjusted EBITDA margin was due to the growth of the AIR MILES business and the impact of the Abacus acquisition.

Credit Services. Operating expenses, as defined, increased $1.1 million, or 0.9%, to $121.4 million for the three months ended September 30, 2007 from $120.3 million for the comparable period in 2006, and adjusted EBITDA margin increased to 40.0% for the three months ended September 30, 2007 from 33.7% for the same period in 2006. The increase in adjusted EBITDA margin is the result of growth in our average managed receivables and an increase in collected yield. The adjusted EBITDA margins also benefited from increased staffing levels in our call centers and customer relationship areas since those costs were borne by the Transaction Services segment.

Transaction Services. Operating expenses, as defined, decreased $1.9 million, or 1.1%, to $167.1 million for the three months ended September 30, 2007 from $168.9 million for the comparable period in 2006, and adjusted EBITDA margin decreased to 12.1% for the three months ended September 30, 2007 from 13.6% during the comparable period in 2006. Operating expenses decreased due to lower revenue volume in utility services and merchant services and reduced corporate overhead offset in part by higher expenses in our private label retail services business for increased staffing levels in our call centers and customer relationship areas. Adjusted EBITDA margin decreased primarily due to the incremental private label business expenses.

Stock compensation expense. Stock compensation expense increased $5.8 million, or 50.1 %, to $17.4 million for the three months ended September 30, 2007 from $11.6 million for the comparable period in 2006. The increase in expense was primarily the result of $5.6 million in additional compensation due to the acceleration of certain equity based awards and incremental expenses associated with additional issuances of restricted stock.

Depreciation and Amortization. Depreciation and amortization increased $11.0 million, or 34.3%, to $43.0 million for the three months ended September 30, 2007 from $32.0 million for the comparable period in 2006 primarily due to a $6.1 million increase in the amortization of purchased intangibles related to recent acquisitions and an increase of $4.9 million in depreciation and other amortization which has also been impacted by recent acquisitions and capital expenditures.

Merger and other costs. In the second quarter of 2007, we entered into the Merger Agreement with an affiliate of The Blackstone Group which we expect to close in the fourth quarter of 2007. Costs associated with the Merger were approximately $2.1 million for the three months ended September 30, 2007 and include investment banking, legal and accounting costs. In addition, we incurred $3.9 million in compensation charges related to certain departing corporate executives.

Impairment of long-lived assets. In the third quarter of 2007, we determined that certain long-lived assets, including internally developed software, certain customer relationship assets, and other assets, had been impaired. We recognized $40.0 million as a non-cash asset write-down, with the impairment charge included in our Transaction services segment.

Operating Income. Operating income decreased $22.7 million, or 25.5%, to $66.5 million for the three months ended September 30, 2007 from $89.2 million during the comparable period in 2006. Operating income decreased due to the revenue and expense factors discussed above.

Interest Income. Interest income increased $1.3 million, or 80.4%, to $2.9 million for the three months ended September 30, 2007 from $1.6 million for the comparable period in 2006 due to higher average balances of our short term cash investments, as well as an increase in the yield earned on the short term cash investments.

Interest Expense. Interest expense increased $8.5 million, or 69.1%, to $20.7 million for the three months ended September 30, 2007 from $12.3 million for the comparable period in 2006. Core debt interest expense increased $7.8 million primarily as a result of additional borrowings to fund recent acquisitions and our stock repurchase program. Interest on our certificates of deposit remained relatively flat.

Taxes. Income tax expense decreased $10.3 million to $19.5 million for the three months ended September 30, 2007 from $29.8 million for the comparable period in 2006 due to a decrease in taxable income. Our effective tax rate increased to 40.1% for the three months ended September 30, 2007 as compared to 37.9% for the comparable period in 2006, primarily due to a decrease in taxable income in certain jurisdictions and changes in legislation enacted in various states.

(1) Operating expenses excludes stock compensation expense, depreciation expense, amortization expense, impairment charges, merger and other costs.

(2) Adjusted EBITDA margin is adjusted EBITDA divided by revenue. Management uses adjusted EBITDA margin to analyze the operating performance of the segments and the impact revenue growth has on operating expenses. For the definition of adjusted EBITDA and reconciliation to net income, the most closely comparable GAAP measure, see Use of Non-GAAP Financial Measures included elsewhere in this report.

Revenue. Total revenue increased $214.2 million, or 14.5%, to $1,688.5 million for the nine months ended September 30, 2007 from $1,474.3 million for the comparable period in 2006. The increase was due to a 27.2% increase in Marketing Services revenue and an 11.1% increase in Credit Services revenue, offset by a 1.3% decrease in Transaction Services revenue as follows:

Marketing Services. Revenue increased $164.1 million, or 27.2%, due to a combination of strong organic growth and acquisitions completed over the past twelve months. AIR MILES Reward Program growth was driven primarily by an increase in redemption revenue of $41.5 million related to a 12.9% increase in the redemption of AIR MILES reward miles. Issuance revenue increased $11.2 million primarily related to growth in issuances of AIR MILES reward miles in recent years from the roll out of major national programs. Within our revenue increase, changes in the exchange rate of the Canadian dollar had a $10.6 million positive impact on revenue for the AIR MILES Reward Program. Database and direct marketing fees revenue increased by $106.2 million primarily related to Epsilon s recent acquisitions of DoubleClick Email Solutions and Abacus as well as organic growth within Epsilon s database marketing services division, but was offset by declines in Epsilon s strategic marketing and consulting services division from lower volumes and a reduction of services provided to one of our clients.

Credit Services. Revenue increased $61.8 million, or 11.1%, primarily due to a 14.1% increase in securitization income and finance charges, net. Securitization income and finance charges, net increased $62.6 million, which includes an increase related to the valuation of the interest only strip of $29.9 million. The increase was primarily as a result of an 8.7% increase in our average managed receivables and an increase in collected yield. In addition, we had a decrease in merchant discount fees primarily as a result of a change in mix of fees received from merchants compared to fees received from cardholders.

Transaction Services. Revenue decreased $7.4 million, or 1.3%, as a result of attrition and pricing concessions in our merchant services business and a decline in consulting services provided by the utility services business.

Operating Expenses. For purposes of the discussion below, total operating expenses excludes stock compensation expense, depreciation expense, amortization expense, impairment charges, merger costs and other costs. Total operating expenses increased $123.9 million, or 11.5%, to $1,203.4 million during the nine months ended September 30, 2007 from $1,079.6 million during the comparable period in 2006. Adjusted EBITDA margin increased to 28.7% for the nine months ended September 30, 2007 from 26.8% for the comparable period in 2006 due to increased adjusted EBITDA margins across Marketing Services and Credit Services, offset by a decrease in adjusted EBITDA margin for Transaction Services.

Marketing Services. Operating expenses, as defined, increased $108.5 million, or 22.0%, to $602.9 million for the nine months ended September 30, 2007 from $494.4 million for the comparable period in 2006, and adjusted EBITDA margin increased to 21.5% for the nine months ended September 30, 2007 from 18.1% for the comparable period in 2006. Increases in operating expenses were primarily attributable to the acquisition of the Epsilon businesses, as discussed above. Changes in the exchange rate of the Canadian dollar had a $7.8 million impact on operating expenses for the AIR MILES Reward Program. The increase in adjusted EBITDA margin was due to the growth of the AIR MILES business and the impact of the Abacus acquisition.

Credit Services. Operating expenses, as defined, increased $8.7 million, or 2.4%, to $366.5 million for the nine months ended September 30, 2007 from $357.7 million for the comparable period in 2006, and adjusted EBITDA margin increased to 40.8% for the nine months ended September 30, 2007 from 35.8% for the comparable period in 2006. The increased adjusted EBITDA margin is the result of favorable revenue trends from an increase in our average managed receivables and an increase in collected yield. The adjusted EBITDA margin also benefited from increased staffing levels in our call centers and customer relationship areas as those costs were borne by the Transaction Services segment.

Table of Contents

Transaction Services. Operating expenses, as defined, increased $10.8 million, or 2.2%, to $505.7 million for the nine months ended September 30, 2007 from $494.8 million for the comparable period in 2006, and adjusted EBITDA margin decreased to 11.8% for the nine months ended September 30, 2007 from 14.8% during the comparable period in 2006. Operating expenses increased due to higher expenses in our private label retail services business for increased staffing levels in our call centers and customer relationship areas. Adjusted EBITDA margin decreased primarily due to the incremental private label business expenses.

Stock compensation expense. Stock compensation expense increased $9.9 million, or 31.5%, to $41.4 million for the nine months ended September 30, 2007 from $31.5 million for the comparable period in 2006. The increase was due in part to the true up of certain estimates, including forfeitures upon the adoption of SFAS No. 123(R) in 2006, of approximately $3.6 million, $5.6 million in additional compensation due to the acceleration of certain equity based awards and incremental expenses associated with additional issuances of restricted stock.

Depreciation and Amortization. Depreciation and amortization increased $34.1 million, or 37.3%, to $125.5 million for the nine months ended September 30, 2007 from $91.4 million for the comparable period in 2006 primarily due to a $18.7 million increase in the amortization of purchased intangibles related to recent acquisitions and an increase of $15.4 million in depreciation and other amortization related in part to recent acquisitions as well as 2006 capital expenditures.

Merger and other costs. In the second quarter of 2007, we entered into the Merger Agreement with an affiliate of The Blackstone Group which we expect to close in the fourth quarter of 2007. Costs associated with the Merger were approximately $8.3 million for the nine months ended September 30, 2007 and include investment banking, legal and accounting costs. In addition, we incurred $3.9 million in compensation charges related to certain departing corporate executives.

Impairment of long-lived assets. In the third quarter of 2007, we determined that certain long-lived assets, including internally developed software, certain customer relationship assets, and other assets, had been impaired. We recognized $40.0 million as a non-cash asset write-down, with the impairment charge included in our Transaction services segment.

Operating Income. Operating income decreased $5.8 million, or 2.1%, to $266.0 million for the nine months ended September 30, 2007 from $271.8 million during the comparable period in 2006. Operating income decreased due to the revenue and expense factors discussed above.

Interest Income. Interest income increased $3.1 million, or 66.7%, to $7.8 million for the nine months ended September 30, 2007 from $4.7 million for the comparable period in 2006 due to higher average balances of our short term cash investments, as well as an increase in the yield earned on the short term cash investments.

Interest Expense. Interest expense increased $26.5 million, or 78.2%, to $60.4 million for the nine months ended September 30, 2007 from $33.9 million for the comparable period in 2006. Interest expense on core debt, which includes the credit facilities and senior notes, increased $26.5 million as a result of additional borrowings to fund our recent acquisitions and our stock repurchase program as well as an increase in interest rates from the comparable period in 2006. Interest on our certificates of deposit remained relatively flat.

Taxes. Income tax expense decreased $9.4 million to $83.2 million for the nine months ended September 30, 2007 from $92.6 million in 2006 due to a decrease in taxable income. Our effective tax rate increased to 39.0% for the nine months ended September 30, 2007 compared to 38.2% in 2006, primarily due to a decrease in taxable income in certain jurisdictions and changes in legislation enacted in various states.

Asset Quality

Our delinquency and net charge-off rates reflect, among other factors, the credit risk of our private label credit card receivables, the average age of our various private label credit card account portfolios, the success of

our collection and recovery efforts, and general economic conditions. The average age of our private label credit card portfolio affects the stability of delinquency and loss rates of the portfolio. We continue to focus our resources on refining our credit underwriting standards for new accounts and on collections and post charge-off recovery efforts to minimize net losses.

An older private label credit card portfolio generally drives a more stable performance in the portfolio. At September 30, 2007, 59.0% of securitized accounts with balances and 62.2% of securitized receivables were for accounts with origination dates greater than 24 months old, as compared to 57.4% and 60.8%, respectively, at September 30, 2006.

Delinquencies. A credit card account is contractually delinquent if we do not receive the minimum payment by the specified due date on the cardholder s statement. It is our policy to continue to accrue interest and fee income on all credit card accounts, except in limited circumstances, until the account balance and all related interest and other fees are charged off or paid beyond 90 days delinquent. When an account becomes delinquent, we print a message on the cardholder s billing statement requesting payment. After an account becomes 30 days past due, a proprietary collection scoring algorithm automatically scores the risk of the account rolling to a more delinquent status. The collection system then recommends a collection strategy for the past due account based on the collection score and account balance and dictates the contact schedule and collections priority for the account. If we are unable to make a collection after exhausting all in-house efforts, we engage collection agencies and outside attorneys to continue those efforts. Delinquency rates subsequent to the 2005 bankruptcy reform legislation have generally risen as it has become more difficult to file for bankruptcy protection under the law.

The following table presents the delinquency trends of our managed credit card portfolio:

	September 30, 2007	% of total	December 31, 2006	% of total
	(Dollars in thousands)			
Receivables outstanding	$ 3,945,248	100.0%	$ 4,171,262	100.0%
Receivables balances contractually delinquent:				
31 to 60 days	72,939	1.8%	62,221	1.5%
61 to 90 days	50,601	1.3%	40,929	1.0%
91 or more days	106,418	2.7%	88,078	2.1%
Total	$ 229,958	5.8%	$ 191,228	4.6%

Net Charge-Offs. Net charge-offs comprise the principal amount of losses from cardholders unwilling or unable to pay their account balances, as well as bankrupt and deceased cardholders, less current period recoveries. Net charge-offs exclude accrued finance charges and fees. The following table presents our net charge-offs for the periods indicated on a managed basis. Average managed receivables represent the average balance of the cardholder receivables at the beginning of each month in the period indicated.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2007	2006	2007	2006
	(Dollars in thousands)			
Average managed receivables	$ 3,901,632	$ 3,602,336	$ 3,890,389	$ 3,580,389
Net charge-offs	55,445	44,460	164,549	123,935
Net charge-offs as a percentage of average managed receivables (annualized)	5.7%	4.9%	5.6%	4.6%

The net charge-off rate during 2006 was impacted by abnormally low credit losses resulting from the enactment of bankruptcy reform legislation during the fourth quarter of 2005. Although we continue to benefit

from the impact of the legislation in our 2007 results, the impact is significantly less than in 2006. Credit losses through September 30, 2007 have remained under the Company s 6 percent target. Based on favorable delinquency trends, the Company expects credit quality to remain stable for the foreseeable future.

Liquidity and Capital Resources

Operating Activities. We have historically generated cash flows from operations, although that amount may vary based on fluctuations in working capital and the timing of merchant settlement activity. Our operating cash flow is seasonal, with cash utilization peaking at the end of December due to increased activity in our Credit Services segment related to holiday retail sales.

	Nine Months Ended September 30,	
	2007	2006
	(In thousands)	
Cash provided by operating activities before changes in credit card portfolios and merchant settlement activity	$ 334,288	$ 255,034
Net change in credit card portfolio activity	(5,780)	86,047
Net change in merchant settlement activity	37,341	11,819
Cash provided by operating activities	$ 365,849	$ 352,900

We generated cash flow from operating activities before changes in credit card portfolios and merchant settlement activity of $334.3 million for the nine months ended September 30, 2007 as compared to $255.0 million for the comparable period in 2006. The increase in operating cash flows before changes in merchant settlement and credit card portfolio activity is related to an increase in net income as adjusted for non-cash charges, for the nine months ended September 30, 2007. Merchant settlement activity fluctuates significantly depending on the day in which the quarter ends. We utilize our cash flow from operations for ongoing business operations, acquisitions and capital expenditures.

Investing Activities. Cash used in investing activities was $520.8 million for the nine months ended September 30, 2007 compared to $202.0 million for the comparable period in 2006. Significant components of investing activities are as follows:

Acquisitions. Cash outlays, net of cash received, for acquisitions for the nine months ended September 30, 2007 was $438.2 million compared to $133.1 million for the comparable period in 2006. In 2007, the cash outlay relates primarily to the acquisition of Abacus. In 2006, the cash outlay primarily relates to the acquisition of ICOM and DoubleClick Email Solutions.

Securitizations and Receivables Funding. We generally fund all private label credit card receivables through a securitization program that provides us with both liquidity and lower borrowing costs. As of September 30, 2007, we had over $3.5 billion of securitized credit card receivables. Securitizations require credit enhancements in the form of cash, spread accounts and additional receivables. The credit enhancement is partially funded through the use of certificates of deposit issued through our subsidiary, World Financial Network National Bank. Cash flow from securitization activity and on-balance sheet credit card activity was $21.3 million for the nine months ended September 30, 2007 and $20.1 million for the comparable period in 2006. We intend to utilize our securitization program for the foreseeable future.

Capital Expenditures. Our capital expenditures for the nine months ended September 30, 2007 were $78.7 million compared to $72.2 million for the comparable period in 2006. We anticipate capital expenditures to be approximately 5% of annual revenue for the foreseeable future.

Financing Activities. Cash provided by financing activities was $182.2 million for the nine months ended September 30, 2007 compared to cash used of $151.4 million in the comparable period in 2006. Our financing

29

activities during the nine months ended September 30, 2007 relate primarily to borrowings and repayments of debt, the repurchase of 1,805,800 shares of our common stock and the issuance and repayment of certificates of deposit.

Liquidity Sources. In addition to cash generated from operating activities, we have four main sources of liquidity: securitization program, certificates of deposit issued by World Financial Network National Bank and World Financial Capital Bank, our credit facilities and issuances of equity securities. We believe that internally generated funds and existing sources of liquidity are sufficient to meet working capital needs, capital expenditures, and other business requirements excluding the Merger for at least the next 12 months. If the Merger is consummated, we expect it will have a significant impact on liquidity and capital resources. Parent and Merger Sub have obtained equity and debt financing commitments for the transactions contemplated by the Merger Agreement, the proceeds of which, together with the available cash, will be sufficient for Parent and Merger Sub to pay the aggregate merger consideration and all related fees and expenses of the transactions contemplated by the Merger Agreement.

Securitization Program and Off-Balance Sheet Transactions. Since January 1996, we have sold, sometimes through WFN Credit Company, LLC and WFN Funding Company II, LLC, substantially all of the credit card receivables owned by our credit card bank subsidiary, World Financial Network National Bank, to World Financial Network Credit Card Master Trust, World Financial Network Credit Card Master Note Trust, World Financial Network Credit Card Master Trust II and World Financial Network Credit Card Master Trust III, which we refer to as the WFN Trusts, as part of our securitization program. This securitization program is the primary vehicle through which we finance our private label credit card receivables.

As of September 30, 2007, the WFN Trusts had over $3.5 billion of securitized credit card receivables. Securitizations require credit enhancements in the form of cash, spread deposits and additional receivables. The credit enhancement is principally based on the outstanding balances of the series issued by the WFN Trusts and by the performance of the private label credit cards in the securitization trust. During the period from November to January, the WFN Trusts are required to maintain a credit enhancement level of between 6% and 10% of securitized credit card receivables. Certain of the WFN Trusts are required to maintain a level of between 4% and 9% for the remainder of the year.

Certificates of Deposit. We utilize certificates of deposit to finance the operating activities and fund securitization enhancement requirements of our credit card bank subsidiaries, World Financial Network National Bank and World Financial Capital Bank. World Financial Network National Bank and World Financial Capital Bank issue certificates of deposit in denominations of $100,000 in various maturities ranging between three months and two years and with effective annual fixed rates ranging from 5.4% to 5.7%. As of September 30, 2007, we had $312.0 million of certificates of deposit outstanding. Certificate of deposit borrowings are subject to regulatory capital requirements.

Credit Facilities. On January 24, 2007, we entered into a credit facility that provides for loans in a maximum amount of $400.0 million, or the bridge loan. At the closing of the bridge loan, we borrowed $300.0 million for general corporate purposes including the repayment of debt and the financing of permitted acquisitions. The bridge loan includes an uncommitted accordion feature of up to $100.0 million allowing for future borrowings, subject to certain conditions. On July 6, 2007, we amended the bridge loan to extend the maturity date from July 24, 2007 to December 31, 2007.

In March 2007, we amended our Credit Agreement dated September 29, 2006. The amendment extended the lending commitments under the agreement which were scheduled to terminate on September 29, 2011 to March 30, 2012. In addition, the amendment adjusts the Senior Leverage Ratio applicable to the various levels set forth in the agreement and the margin applicable to Eurodollar loans. After giving effect to the amendment,

the interest rate for Eurodollar loans denominated in U.S. or Canadian Dollars fluctuates based on the rate at which deposits of U.S. Dollars or Canadian Dollars, respectively, in the London interbank market are quoted plus a margin of 0.4% to 0.8% based upon the Senior Leverage Ratio as defined in the agreement. We paid an amendment fee equal to 0.05% of each bank s commitment under the agreement.

At September 30, 2007, we had borrowings of $484.0 million outstanding under our credit facilities (with a weighted average interest rate of 5.9%), $2.0 million in letters of credit outstanding, and we had available unused borrowing capacity of approximately $354.0 million. These credit facilities limit our aggregate outstanding letters of credit to $50.0 million. Additional details regarding our credit facilities are set forth in Note 7 to our unaudited condensed consolidated financial statements, Debt , under the caption Credit Facility and Bridge Loan. We were in compliance with the covenants under our credit facilities at September 30, 2007.

On October 22, 2007, we amended the note purchase agreement governing our senior notes to provide for a mandatory prepayment upon the closing of the Merger and we plan to pay off and terminate each of our credit facilities upon the closing of the Merger, each as described in Note 2.

We utilize our credit facilities and excess cash flows from operations to support our acquisition strategy and to fund working capital and capital expenditures. However, we will incur significant indebtedness in order to complete the Merger and our future financing needs will be materially impacted by the Merger. Future indebtedness may impose various restrictions and covenants on us that could limit our ability to respond to market conditions or take advantage of business opportunities. Following the Merger, our ability to fund working capital, capital expenditures, debt service, strategic acquisitions, and other investments will depend on our ability to generate cash flows from operations, which is subject to general economic, financial, competitive, regulatory and other factors that are not within our control.

Recent Accounting Pronouncements

In September 2006, FASB issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 establishes a new definition of fair value as well as a fair value hierarchy that prioritizes the information used to develop the assumptions, and requires new disclosures of assets and liabilities measured at fair value based on their level in the hierarchy. The standard is effective for fiscal years beginning after November 15, 2007. We are currently in the process of evaluating the effect that the adoption of SFAS No. 157 will have on our consolidated financial position, results of operations and cash flows.

In February 2007, FASB issued Statement of Financial Accounting Standards No. 159, Establishing the Fair Value Option for Financial Assets and Liabilities (SFAS No. 159), to permit all entities to choose to elect to measure eligible financial instruments at fair value. SFAS No. 159 applies to fiscal years beginning after November 15, 2007, with early adoption permitted for an entity that has also elected to apply the provisions of SFAS No. 157. An entity is prohibited from retrospectively applying SFAS No. 159, unless it chooses early adoption. We are currently in the process of evaluating the effect that the adoption of SFAS No. 159 will have on our consolidated financial position, results of operations and cash flows.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market Risk

There has been no material change from our Annual Report on Form 10-K for the year ended December 31, 2006 related to our exposure to market risk from off-balance sheet risk, interest rate risk, credit risk, foreign currency exchange risk and redemption reward risk.

Item 4. Controls and Procedures
Evaluation

As of September 30, 2007, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15 of the Securities Exchange Act of 1934. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that as of September 30, 2007, our disclosure controls and procedures are effective. Disclosure controls and procedures are controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC s rules and forms and include controls and procedures designed to ensure that information we are required to disclose in such reports is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Our evaluation of and conclusion on the effectiveness of internal control over financial reporting as of December 31, 2006 did not include the internal controls of ICOM, DoubleClick Email Solutions, CPC or Abacus because of the timing of these acquisitions, which were completed in February 2006, April 2006, October 2006, and February 2007, respectively. As of December 31, 2006, these entities constituted $254.5 million of total assets, $96.4 million of revenues and $6.5 million of net income for the year then ended.

During the third quarter of 2007, we completed the process of converting Abacus legacy general ledger platform to the platform utilized by the majority of our business units. There have been no other changes in our internal control over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

FORWARD-LOOKING STATEMENTS

This Form 10-Q and the documents incorporated by reference herein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements may use words such as anticipate, believe, estimate, expect, intend, predict, project and similar expressions as they relate to us or our management. W make forward-looking statements, we are basing them on our management s beliefs and assumptions, using information currently available to us. Although we believe that the expectations reflected in the forward-looking statements are reasonable, these forward-looking statements are subject to risks, uncertainties and assumptions, including those discussed in this report, the Risk Factors section in our Annual Report on Form 10-K for the year ended December 31, 2006, and in Item 1A in each of our Quarterly Reports on Form 10-Q for each quarterly period subsequent to our most recent Form 10-K.

If one or more of these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may vary materially from what we projected. Any forward-looking statements contained in this quarterly report reflect our current views with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to our operations, results of operations, growth strategy and liquidity. We have no intention, and disclaim any obligation, to update or revise any forward-looking statements, whether as a result of new information, future results or otherwise.

PART II

Item 1. Legal Proceedings.

We are aware of litigation arising from what were originally four lawsuits filed against the Company and its directors in connection with the Merger. On May 18, 2007, Sherryl Halpern filed a putative class action (cause no. 07-04689) on behalf of Company stockholders in the 68th Judicial District of Dallas County, Texas against the Company, all of its directors and Blackstone (the Halpern Petition). On May 21, 2007, Levy Investments, Ltd. (Levy) filed a purported derivative lawsuit (cause no. 219-01742-07) on behalf of the Company in the 219th Judicial District of Collin County, Texas against all of the Company s directors and Blackstone (the Levy Petition) (this suit was subsequently transferred to the 296th Judicial District of Collin County, Texas and assumed the cause no. 296-01742-07). On May 29, 2007, Linda Levine filed a putative class action (cause no. 07-05009) on behalf of Company stockholders in the 192nd Judicial District of Dallas County, Texas against the Company and all of its directors (the Levine Petition). On May 31, 2007, the J&V Charitable Remainder Trust filed a putative class action (cause no. 07-05127-F) on behalf of Company stockholders in the 116th Judicial District of Dallas County, Texas against the Company, all of its directors and Blackstone (the J&V Petition).

The three putative class actions were consolidated in the 68th Judicial District Court of Dallas County, Texas under the caption In re Alliance Data Corp. Class Action Litigation, No. 07-04689. On July 16, 2007, a consolidated class action petition was filed seeking a declaration that the action was a proper class action, an order preliminarily and permanently enjoining the Merger, a declaration that the director defendants breached their fiduciary duties and an award of fees, expenses and costs. The Company and its directors filed general denials in response to the putative class actions.

The derivative action filed by Levy was voluntarily dismissed and refiled in Dallas County (cause no. 07-06794), and was subsequently transferred to the 68th Judicial District Court. On July 18, 2007, Levy filed an amended derivative petition seeking an injunction preventing consummation of the Merger, an order directing the director defendants to exercise their fiduciary duties to obtain a transaction beneficial to the Company and its stockholders, a declaration that the Merger Agreement was entered into in breach of the director defendants fiduciary duties and is unlawful and unenforceable, an order rescinding the Merger Agreement, the imposition of a constructive trust upon any benefits improperly received by the director defendants and an award of costs and disbursements, including reasonable attorneys and experts fees. On July 24, 2007, the Company and its directors filed their Motion to Abate, Plea to the Jurisdiction and Special Exceptions to the derivative action.

On July 12, 2007, class plaintiffs filed a motion to enjoin the scheduled August 8, 2007 special meeting of stockholders at which stockholders would be asked to vote to adopt the Merger Agreement. On July 20, 2007, Levy filed a motion reflecting its similar demand. On July 27, 2007, the Company and its directors filed an opposition brief to both motions. The Company continued to deny all of the allegations in the consolidated class action petition and the amended derivative petition, contended that the asserted claims were baseless and strongly believed that its disclosures in the Company s definitive proxy statement filed with the SEC on July 5, 2007 were appropriate and adequate under applicable law. Nevertheless, in order to lessen the risk of any delay of the closing of the Merger as a result of the litigation, the Company made available to its stockholders certain additional information in connection with the Merger, which was filed with the SEC on July 27, 2007 and subsequently mailed to stockholders on or about July 28, 2007 (the Proxy Supplement). Class action and derivative plaintiffs subsequently withdrew their motions to enjoin the August 8, 2007 special meeting of stockholders.

Subsequently, on August 7, 2007, Levy filed an Application for Attorneys Fees, stating that the substantive issues in the case had been resolved and seeking $750,000 in attorney s fees. Levy alleges that its lawsuit caused the Company to issue the Proxy Supplement, which, Levy contends, contained material disclosures critical to the stockholders assessment of the fairness of the Merger. The fee application was originally set for hearing on September 17, 2007, but was continued at Levy s request and has been rescheduled for November 15, 2007. The Company and its directors filed their opposition to Levy s application on Friday, October 12, 2007 (and an amended opposition on Tuesday, October 16, correcting a printing error). Levy filed a Second Amended Petition

and Amended Application for Attorney s Fees on October 25, 2007, purporting to replace Levy Investments with Yona Levy as plaintiff. The Company and its directors filed a Motion to Strike and Plea to the Jurisdiction on November 2 asking the court to strike the October 25 pleadings and dismiss Levy s lawsuit which is scheduled to be heard on November 15, 2007.

On August 14, 2007, class plaintiffs filed a Second Amended Petition, in which they withdrew all prior claims but added a claim for an equitable award of attorney s fees. Similar to Levy, class plaintiffs allege that their lawsuits caused the Company to issue the Proxy Supplement, and that the supplement constitutes a benefit to the Company, its directors and stockholders, for which class plaintiffs attorneys should be compensated. The Company and its directors filed Special Exceptions challenging class plaintiffs entitlement to attorney s fees on Friday, October 12, 2007 which is scheduled to be heard on November 15, 2007. The Court has scheduled a hearing on November 12, 2007 to consider a dismissal for want of prosecution.

The Company denies that class plaintiffs are entitled to legal fees under applicable law. The Company also denies that Levy is entitled to attorney s fees and denies that Levy had standing to bring a derivative lawsuit. The Company contends that the disclosures in the definitive proxy were appropriate and adequate, and that the Company made the Proxy Supplement available to stockholders solely to lessen the risk of any delay of the closing of the Merger as a result of the litigation. The Company denies that the Proxy Supplement contained any material disclosures or constituted any benefit to the Company, its directors or its stockholders.

In addition, form time to time we are involved in various claims and lawsuits arising in the ordinary course of our business that we believe will not have a material adverse affect on our business or financial condition, including claims and lawsuits alleging breaches of our contractual obligations.

Item 1A. Risk Factors.

There have been no material changes to the Risk Factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2006 and our Quarterly Report on Form 10-Q for the period ended June 30, 2007.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During 2005 and 2006 our Board of Directors authorized three stock repurchase programs to acquire up to an aggregate of $900.0 million of our outstanding common stock through December 2008, as more fully described in the footnote to the table below. As of September 30, 2007, we had repurchased 8,605,552 shares of our common stock for approximately $403.3 million under these programs. The following table presents information with respect to those purchases of our common stock made during the three months ended September 30, 2007:

Period	Total Number of Shares Purchased(1)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs(2)(3) (In millions)
During 2007:				
July	1,296	$ 77.13		$ 496.7
August	24,995	75.82		496.7
September	1,747	78.55		496.7
Total	28,038	76.05		$ 496.7

(1) During the period represented by the table, 28,038 shares of our common stock were purchased by the administrator of our 401(k) and Retirement Saving Plan for the benefit of the employees who participated in that portion of the plan.

Table of Contents

(2) On June 9, 2005, we announced that our Board of Directors authorized a stock repurchase program to acquire up to $80.0 million of our outstanding common stock through June 2006. As of the expiration of the program, we acquired the full amount available under this program. On October 27, 2005, we announced that our Board of Directors authorized a second stock repurchase program to acquire up to an additional $220.0 million of our outstanding common stock through October 2006. On October 3, 2006, we announced that our Board of Directors authorized a third stock repurchase program to acquire up to an additional $600.0 million of our outstanding common stock through December 2008, in addition to any amount remaining available at the expiration of the second stock repurchase program. As of September 30, 2007, we had repurchased 8,605,552 shares of our common stock for approximately $403.3 million under these programs.

(3) Per the terms of the Merger Agreement, we agreed that from May 17, 2007 until the effective time of the Merger, with certain exceptions, that we would not purchase any of our capital stock, which includes suspension of any repurchases under the third stock repurchase program or otherwise. Debt covenants in our credit facilities also restrict the amount of funds that we have available for repurchases of our common stock in any calendar year. The limitation for each calendar year was $200.0 million beginning with 2006, increasing to $250.0 million in 2007 and $300.0 million in 2008, conditioned on certain increases in our Consolidated Operating EBITDA as defined in the credit facilities.

Item 3. Defaults Upon Senior Securities.

None

Item 4. Submission of Matters to a Vote of Security Holders.

On August 8, 2007, our stockholders, voting at a special meeting of the Company s stockholders (Special Meeting), adopted the Agreement and Plan of Merger, dated as of May 17, 2007, by and among Aladdin Holdco, Inc., Aladdin Merger Sub, Inc. and the Company.

A total of 59,975,594 of our shares of common stock were present or represented by proxy at the Special Meeting, representing approximately 76% of our shares outstanding as of July 2, 2007, the record date set for the Special Meeting. The results of the tabulation of the votes cast at the Special Meeting are as follows:

Proposal 1. To adopt the Agreement and Plan of Merger, dated as of May 17, 2007, among Alliance Data Systems Corporation, Aladdin Holdco, Inc. and Aladdin Merger Sub, Inc., as may be amended from time to time.

For:	59,774,816
Against:	164,763
Abstain:	36,015

Proposal 2. If necessary or appropriate, to adopt a proposal to adjourn the special meeting to solicit additional proxies if there are insufficient votes at the time of the meeting to adopt the Merger Agreement.

For:	54,515,305
Against:	5,417,374
Abstain:	42,915
