Item 1.01 Entry into a Material Definitive Agreement

On January 18, 2008, Harte-Hanks, Inc. (Harte-Hanks) entered into a revolving loan facility (the Revolving Loan Facility) with Wells Fargo Bank, National Association, as Administrative Agent (the Agent), that provides for a commitment to loan Harte-Hanks up to \$50 million, subject to the terms and conditions in the Revolving Loan Facility. The Revolving Loan Facility matures on July 18, 2008. Harte-Hanks intends to utilize the availability under the Revolving Loan Facility primarily to repurchase shares of Harte-Hanks stock and for general corporate purposes. The Revolving Loan Facility will not replace, and is in addition to, the five-year \$125 million revolving credit facility which Harte-Hanks entered into on August 12, 2005 with JPMorgan Chase Bank, N.A., as administrative agent, and the \$200 million term loan facility which Harte-Hanks entered into on September 6, 2006 with Wells Fargo Bank, National Association, as administrative agent.

Subject to market conditions, Harte-Hanks anticipates entering into an approximately \$100 million, longer-term credit facility prior to the maturity date of the Revolving Loan Facility. If Harte-Hanks enters into such new credit facility, a portion of the proceeds are expected to be used for the re-payment in full of any amounts then owed under the Revolving Loan Facility.

For each borrowing under the Revolving Loan Facility, Harte-Hanks can generally choose to have the interest rate for that borrowing calculated based on either:

the LIBO rate for the applicable interest period, multiplied by the statutory reserve rate for such interest period, plus a spread which is determined based on Harte-Hanks total debt-to-EBITDA ratio then in effect, which spread ranges from .4% to .75% per annum; or

the higher of the Agent s prime rate in effect on such date or the Federal Funds rate in effect on such date plus .50% per annum. There is a facility fee that Harte-Hanks is also required to pay under the Revolving Loan Facility that is based on a facility fee rate. Prior to termination of the commitment under the Revolving Loan Facility, the facility rate is applied to the total commitment amount under the Revolving Loan Facility, regardless of how much of that commitment Harte-Hanks has actually drawn upon. Commencing upon termination of the commitment under the Revolving Loan Facility, the facility rate is applied to the outstanding principal balance owed under the Revolving Loan Facility. The facility fee rate ranges from .1% to .25% per annum, depending on Harte-Hanks total debt-to-EBITDA ratio then in effect. Harte-Hanks may elect to prepay the Revolving Loan Facility at any time, subject to certain breakage costs. Once an amount has been prepaid, it may be reborrowed.

Under the Revolving Loan Facility, Harte-Hanks is required to maintain an interest coverage ratio of not less than 2.75 to 1 and a total debt-to-EBITDA ratio of not more than 3.0 to 1. The Revolving Loan Facility also contains covenants restricting Harte-Hanks and its subsidiaries ability to:

grant liens;

enter into certain merger or liquidation transactions;

enter into certain sale and leaseback transactions;

enter into certain transactions with affiliates; and

allow the total amount of indebtedness of Harte-Hanks subsidiaries to exceed \$20.0 million.

The Revolving Loan Facility also includes customary covenants regarding reporting obligations, delivery of notices regarding certain events, maintaining Harte-Hanks corporate existence, payment of obligations, maintenance of Harte-Hanks properties and insurance thereon at customary levels with financially sound and reputable insurance companies, maintaining books and records and compliance with applicable laws.

The Revolving Loan Facility provides for customary events of default including nonpayment of principal or interest, breach of representations and warranties, violations of covenants, failure to pay certain other indebtedness, bankruptcy and material judgments and liabilities, certain violations of environmental laws or ERISA or the occurrence of a change of control or event of default under existing credit agreements. Upon the occurrence of any such event of default, the Agent may terminate the commitment and declare the loans made under the Revolving Loan Facility immediately due and payable.

The above description of the material terms of the Revolving Loan Facility is not a complete statement of the parties rights and obligations with respect to such transactions. The above statements are qualified in their entirety by reference to the Revolving Loan Agreement executed in connection with the Revolving Loan Facility, a copy of which is attached to this Current Report on Form 8-K as Exhibit 10.1 and is incorporated by reference in this Form 8-K.
