Valued Supply-Chain Partner:

As you may be aware, on July 16, Cleveland-Cliffs began a new chapter in its long history of innovation, partnership and growth in the diversified mining industry by combining its business with Alpha Natural Resources, a major supplier and exporter of metallurgical and thermal coal. The combination of these two companies will create one of the largest mining companies in the United States and the world. Once the transaction is completed, we will be doing business under a new name, Cliffs Natural Resources.

Our intent is to quickly integrate Cliffs and Alpha and thereby optimize our highly complementary operations. We believe this combination will be beneficial to all stakeholders, including our supply-chain partners.

Although we will immediately commence integration planning, the acquisition is still subject to approval by each company's shareholders, the satisfaction of customary closing conditions and regulatory approvals. We expect the transaction to close by the end of 2008.

We are committed to keeping you informed of developments related to the transaction. In the meantime, please continue to direct inquiries to your current contact person at Cleveland-Cliffs.

## Edgar Filing: Alpha Natural Resources, Inc. - Form 425

On the behalf of both Cleveland-Cliffs and Alpha Natural Resources, we look forward to a continuing our mutually-beneficial relationship, as we begin this new chapter in the history of our business.

Sincerely,
