**Item 2.02. Results of Operations and Financial Condition.**

Our news release dated November 5, 2008, concerning third quarter 2008 financial results, furnished as Exhibit 99.1 to this report, is incorporated by reference herein. The press release contains certain measures (discussed below) which may be deemed non-GAAP financial measures as defined in Item 10 of Regulation S-K of the Securities Exchange Act of 1934, as amended.

In the press release, we present field operating income for the three months ended September 30, 2008, June 30, 2008 and September 30, 2007 and for the nine months ended September 30, 2008, and September 30, 2007. Management believes field operating income is a useful measure of operating results since the measure only deducts expenses directly related to operations from revenues. The most directly comparable GAAP financial measure, operating income before general and administrative expenses, and information reconciling the GAAP and non-GAAP measures are included in the press release.
