General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the **Common Stock**), of Monolithic Power Systems, Inc., a Delaware corporation (the **Company**), in connection with the solicitation of proxies by the Company's Board of Directors (the **Board**) for use at the Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Thursday, May 21, 2009 at 10:00 a.m., Pacific Daylight Time, and at any adjournment or postponement thereof for the purpose of considering and acting upon the matters set forth herein. The Annual Meeting will be held at the Company's corporate headquarters, located at 6409 Guadalupe Mines Road, San Jose, CA 95120. The telephone number at that location is (408) 826-0600.

This Proxy Statement, the accompanying form of proxy card and the Company's Annual Report to Stockholders are first being mailed on or about April 9, 2009 to all stockholders of record at the close of business on March 23, 2009 (the **Record Date**).

Record Date; Outstanding Shares

Only stockholders of record at the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. On the Record Date, 33,868,682 shares of the Company's Common Stock were issued and outstanding. No shares of the Company's Preferred Stock were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Common Stock, see the section of this Proxy Statement entitled **Security Ownership of Certain Beneficial Owners and Management**.

Procedure for Submitting Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. Proposals of stockholders of the Company which are to be presented by such stockholders at the Company's 2010 annual meeting of stockholders must meet the stockholder proposal requirements contained in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the **1934 Act**), and must be received by the Company no later than December 10, 2009 in order that they may be included in the Proxy Statement and form of proxy relating to that meeting. Such stockholder proposals should be submitted to the Company's principal executive office located at 6409 Guadalupe Mines Road, San Jose, CA 95120, Attention: Corporate Secretary.

Requirements for stockholder proposals to be brought before an annual meeting. If a stockholder wishes to present a proposal at the Company's 2010 annual meeting, and the proposal is not intended to be included in the Company's proxy statement relating to that meeting, the stockholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the Company's Bylaws. Under the Company's Bylaws, in order to be deemed properly presented, notice of proposed business must be delivered to or mailed and received by the Secretary of the Company at the principal executive offices of the Company not fewer than 90 or more than 120 calendar days before the one year anniversary of the date on which the Company first mailed its proxy statement to stockholders in connection with the previous year's annual meeting of stockholders (the **Notice Period**). As a result, the Notice Period for the Company's 2010 annual meeting will begin on December 10, 2009 and end on January 9, 2010. However, in the event the date of the 2010 annual meeting will be changed by more than 30 days from the date of the prior year's meeting, notice by the stockholder to be timely must be so received not later than the close of business on the later of: (1) 90 calendar days in advance of such annual meeting and (2) 10 calendar days following the date on which public announcement of the date of the meeting is first made. A stockholder's notice to the secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such

business, (c) the class and number of shares of the Company that are beneficially owned by the stockholder, (d) any material interest of the stockholder in such business, and (e) any other information that is required to be provided by the stockholder pursuant to Rule 14a-8 of the 1934 Act, in his or her capacity as a proponent to a stockholder proposal. If a stockholder gives notice of such a proposal after the Notice Period, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

Voting

Voting prior to the Annual Meeting. Most stockholders have three options for submitting their votes prior to the Annual Meeting: (1) via the Internet, (2) by telephone or (3) by mail. If you have Internet access, the Company encourages you to record your vote on the Internet. It is convenient, and it saves the Company significant postage and processing costs. In addition, when voting via the Internet or by telephone prior to the meeting date, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late, and therefore not be counted. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Voting by attending the meeting. A stockholder may also vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting.

Changing vote; revocability of proxy. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by: (1) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company at or before the taking of the vote at the Annual Meeting, (2) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Monolithic Power Systems, Inc., 6409 Guadalupe Mines Road, San Jose, CA 95120, Attention: Corporate Secretary.

Expenses of Solicitation

The Company will bear all expenses of this solicitation, including the cost of preparing and mailing this solicitation material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be significant.

Table of Contents

Quorum; Required Votes; Abstentions; Broker Non-Votes

Holders of a majority of the outstanding shares entitled to vote must be present at the Annual Meeting in order to have the required quorum for the transaction of business. Stockholders are counted as present at the meeting if they: (1) are present in person or (2) have properly submitted a proxy card or voted by telephone or by using the Internet. If the shares present at the meeting do not constitute the required quorum, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

The required votes to approve the proposals to be considered at this Annual Meeting are as follows:

The affirmative vote of a plurality of the votes duly cast is required for the election of directors.

The affirmative vote of a majority of the votes duly cast is required to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company.

Under the General Corporation Law of the State of Delaware, both abstaining votes and broker non-votes are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting. An abstaining vote is not counted as a vote cast for the election of directors, but is counted as a vote cast against proposals requiring approval by a majority of the votes cast, such as the ratification of our independent registered public accounting firm. A broker non-vote is not counted as a vote cast for the election of directors or proposals requiring approval by a majority of the votes cast and, therefore, does not have the effect of a vote against such proposals. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

PROPOSAL ONE

ELECTION OF DIRECTORS

Classified Board of Directors; Nominees

The Company's Board currently consists of eight persons. As of the date of the Annual Meeting, the size of the Company's Board will be reduced to seven persons. Our certificate of incorporation provides for a classified Board consisting of three classes of directors, each serving staggered three-year terms. As a result, a portion of our Board will be elected each year for three-year terms.

Two Class II directors are to be elected to the Board at the Annual Meeting. Unless otherwise instructed, the proxyholders will vote the proxies received by them for the Board's nominees, **James C. Moyer** and **Karen A. Smith Bogart**. Mr. Moyer is standing for re-election to the Board. Ms. Smith Bogart is standing for election for the first time. Ms. Smith Bogart was appointed to the Board on May 2007 to fill a vacancy on the Board. In connection with the reduction in the size of the Board, it has been agreed that Alan Earhart shall not stand for re-election to the Board. Each person nominated for election has agreed to serve if elected, and the Board has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board to fill the vacancy. The term of office of each person elected as a Class II director will continue for three years or until his successor has been duly elected and qualified. If elected, the term for Mr. Moyer and Ms. Smith Bogart will expire at the 2012 annual meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE.

Compensation Committee Member	\$ 4,000

Each year, on the date of the first meeting of the Board or Compensation Committee, as applicable, for the fiscal year, the Company grants each non-employee director who has been on the Board for at least six months an option to purchase 25,000 shares of Common Stock, with such grant to be effective as of the first day that the Company's trading window re-opens (or as of the date of the meeting of the Board or Compensation Committee, as applicable, if the Company's trading window is open on such date) and which option fully vests on the anniversary of the date of grant and is otherwise governed by the terms of our 2004 Equity Incentive Plan. Additionally, the Company grants each new non-employee director an option to purchase 40,000 shares of Common Stock when joining the Board, which option vests over a term of two years and is otherwise governed by the terms of the 2004 Equity Incentive Plan. The size and vesting schedule of the equity awards were selected following a review of competitive market data.

In March 2009, in connection with the agreement that Mr. Earhart would not stand for re-election to the Board, the Board authorized the full acceleration of vesting of Mr. Earhart's options and the extension of the post-termination exercise period of Mr. Earhart's options to one year from the date of his termination of service as a director. The Board believes that the acceleration of vesting and extension of post-termination exercise period is appropriate in recognition of Mr. Earhart's past service to the Company.

The following table sets forth the total compensation paid by the Company to each non-employee director for fiscal 2008. Mr. Hsing and Mr. Moyer, who are our employees, did not receive additional compensation for their services as a director. However, they had a role in setting director compensation for our independent directors.

Board, each of Messrs. Chang, Earhart, Lee, McBurnie and Padval and Ms. Smith Bogart were granted an option to purchase 15,000 shares of common stock at an exercise price of \$23.05 on May 22, 2008, the date of grant. The assumptions used to calculate the value of stock awards are set forth under Note 7 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for fiscal 2008 filed with the SEC on February 27, 2009. Each of the grants had a grant date fair market value of \$126,747.

Mr. Earhart's amount does not reflect the impact, if any, of the acceleration of vesting and extension of post-termination exercise period authorized by the Board in March 2009.

PROPOSAL TWO**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC****ACCOUNTING FIRM**

The Audit Committee of the Board has appointed Deloitte & Touche, LLP ("Deloitte & Touche") as the independent registered public accounting firm of the Company for the fiscal year ended December 31, 2009. Deloitte & Touche has audited the Company's financial statements since the Company's 1999 fiscal year. Representatives of Deloitte & Touche are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions. Although ratification by stockholders is not required by law, the Board has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interest of the Company and its stockholders. If the stockholders do not ratify the appointment of Deloitte & Touche, the Audit Committee may reconsider its selection.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE, LLP AS THE COMPANY'S REGISTERED INDEPENDENT PUBLIC ACCOUNTING FIRM.

Pre-Approval of Audit and Non-Audit Services

The charter of the Company's Audit Committee requires that the Audit Committee pre-approve all audit and non-audit services provided to the Company by its independent registered public accounting firm or subsequently approve non-audit services in those circumstances where a subsequent approval is necessary and permissible. All such services for fiscal 2008 and fiscal 2007 were pre-approved by the Audit Committee.

Table of Contents**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the 1934 Act and regulations of the SEC thereunder require the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on its review of copies of such forms received by the Company, or on written representations from certain reporting persons that no other reports were required for such persons, the Company believes that, during 2008, all of the Section 16(a) filing requirements applicable to its executive officers, directors and 10% stockholders were complied with, except for three late Forms 4, including one each for Maurice Sciammas, Deming Xiao, Adriana Chiocchi and Herbert Chang. The Forms 4 were filed upon discovery that they had not been filed on time.

Certain Relationships and Related Transactions

In 2008 the Company granted to Julia Chu, an employee of MPS and the wife of Deming Xiao, President of MPS Asia Operations, the following options and restricted stock units with a total value of \$0.2 million as calculated in accordance with FAS 123(R):

Date of Grant	Type of Grant	Number of Shares	Exercise Price	Vesting Schedule
February 8, 2008	Option	3,000	\$ 15.60	50% two years after the vesting commencement date; 1/48th monthly thereafter
February 8, 2008	Restricted Stock Unit	3,000	\$	50% each year following the vesting commencement date
August 5, 2008	Restricted Stock Unit	2,000	\$	25% each year following the vesting commencement date
October 28, 2008	Option	10,000	\$ 15.74	50% two years after the vesting commencement date; 1/48th monthly thereafter

On December 16, 2008, our Compensation Committee approved certain amendments to the employment contracts for Michael Hsing, C. Richard Neely, Jr., Maurice Sciammas, Deming Xiao and Adriana Chiocchi designed to, among other things, ensure compliance with Section 409A of the Internal Revenue Code. In addition, the employment contracts were revised to provide for gross-up payments sufficient to pay the applicable excise tax and, in the case of Mr. Hsing, any additional federal or state taxes, arising from severance payments and other benefits payable to such executive officers that would constitute parachute payments under Section 280G of the Internal Revenue Code.

These transactions were approved by the Board, and not specifically by the Audit Committee.

The Company has a written policy on related party transactions, as defined in the Company's Code of Ethics and Business Conduct and the Audit Committee Charter. In accordance with the Company's Code of Ethics and Business Conduct, it is the responsibility of our employees and directors to disclose any significant financial interest in a transaction between the Company and a third party, including an indirect interest, through, for example, a relative or significant other. It is also the responsibility of our Audit Committee, as described in the Audit Committee Charter, to review on an ongoing basis all related party transactions and approve these transactions before they are entered into.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview

The goal of our named executive officer compensation program is the same as our goal for operating the Company to create long-term value for our stockholders. Toward this goal, we have designed and implemented our compensation programs for our named executives to reward them for sustained financial and operating performance and leadership excellence, to align their interests with those of our stockholders and to encourage them to remain with the company for long and productive careers. Most of our compensation elements simultaneously fulfill one or more of our performance, alignment and retention objectives. These elements consist of salary, long-term equity and short-term non-equity incentive compensation. In deciding on the type and amount of compensation for each executive, we focus on both current pay and the opportunity for future compensation. We combine the compensation elements for each executive in a manner we believe optimizes the executive's contribution to the Company.

Determining Compensation

Frederic W. Cook & Co. was retained by Monolithic Power Systems' Compensation Committee in August 2007 to conduct an independent review of the Company's executive compensation program, focusing on:

1. Its external reasonableness compared to publicly-traded technology companies of similar size and market value; and
2. The program's effectiveness in supporting the Company's ongoing business strategy.

Other than its independent review of the Company's executive compensation program, Frederic W. Cook & Co. did not perform any other work for the Company.

In its review of the Company's executive compensation program, Frederic W. Cook & Co. considered all elements of total direct compensation for MPS' Chief Executive Officer, Chief Financial Officer and its next four most highly compensated officers. Frederic W. Cook & Co.'s review included an analysis of cash compensation, including non-equity incentive plan awards and equity incentives for both individual officers and the Company in the aggregate. For equity award grants, consideration was given to equity ownership interest, Company-wide annual share usage rates, stock-based compensation expense related to equity awards and total potential dilution from equity compensation programs.

In 2007, MPS' compensation programs were compared to 19 publicly-traded semiconductor companies, with market capitalization between approximate \$250 million and \$2.0 billion. MPS' market capitalization was in the mid-range of the group, making it ideal for direct compensation comparisons. Furthermore, it also ensures the reasonableness of the benchmark study. The peer group was developed by Frederic W. Cook & Co. with the assistance from management and the Compensation Committee and included: Advanced Analogic, Amis Holdings, Applied Micro Circuits, Cirrus Logic, Diodes, Genesis Microchip, IXYS, Micrel, Microsemi, NetLogic, Pericom, Power-One, Semtech, Silicon Laboratories, Skyworks Solutions, SiRF Technologies, Supertex, Triquint, and Volterra. The results at that time identified a shortfall in the salary and target non-equity incentive plan award for our executive officers, which would be generally uncompetitive over time.

Based on the results of the 2007 study, Frederic W. Cook & Co. recommended that we change our compensation philosophy, which has worked well in the past but was more appropriate for a pre-IPO company, so that it is sustainable for a performance-oriented public company. The study corroborated the Compensation Committee's belief that there should be an appropriate mix between equity incentive awards and cash payments in order to meet the Company's stated objectives. The mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards and takes into consideration financial, operational and strategic metrics, which impact the performance of our stock. It also serves to motivate and retain key personnel.

Table of Contents

To address the shortfall in the base compensation of our executive officers, the Compensation Committee, on October 25, 2007, approved an increase in the base salaries effective November 1, 2007. The salaries for certain of our named executives were reviewed by the Compensation Committee on July 29, 2008 and again on February 3, 2009. The increase in the base salaries for certain of our named executive officers were approved in order to be more competitive and consistent with the salaries of certain positions of the benchmark companies used in the study conducted by Frederick W. Cook & Co. The base salary increases were as follows:

Named Executive Officer	2008 Base Salary Change	2009 Base Salary Change
Deming Xiao		\$ 20,000
Maurice Sciammas		\$ 20,000
Adriana Chiocchi	\$ 28,000	

The current salaries for our named executives are as follows:

Named Executive Officer	Base Salary
Michael Hsing	\$ 400,000
C. Richard Neely, Jr.	\$ 280,000
Deming Xiao	\$ 300,000
Maurice Sciammas	\$ 300,000
Adriana Chiocchi	\$ 280,000

The increase in the base salaries of our executive officers in 2007, 2008 and 2009 generally brought the cash compensation up to competitive levels of the peer group, with the exception of Michael Hsing, who is a co-founder of the Company and is below the average of the companies for which MPS was compared. The Compensation Committee feels that these are appropriate levels of compensation for the executive officers because it would make the salaries more competitive and consistent with the salaries offered at the benchmark companies.

In 2008, we did not conduct another comprehensive compensation study for our executive officers, as we believed that the data obtained from the study in 2007 was still relevant.

The Role of the Compensation Committee and CEO

The Compensation Committee of our Board has primary responsibility for overseeing the design, development and implementation of the compensation program for the CEO and the other named executives. The Compensation Committee Charter, which is available in the Investor Relations section of our website at <http://www.monolithicpower.com>, was originally adopted on October 26, 2007, and is updated periodically. The Compensation Committee meets on no less than a quarterly basis (in 2008 it met seven (7) times) and has the authority to delegate any of its responsibilities to subcommittees as appropriate.

The Compensation Committee independently evaluates the performance of the CEO and determines CEO compensation in light of the goals and objectives of the compensation program. The CEO and the Compensation Committee together assess the performance of the other named executives and determine their compensation, based on initial recommendations from the CEO. Our CEO assists the Compensation Committee in reaching compensation decisions with respect to the named executive officers other than himself. The other named executive officers do not play a role in their own compensation determination, other than calculating achievement to discrete financial objectives, discussing individual performance objectives with the CEO and assisting with the compilation of external benchmark data for the Compensation Committee to review. The Company's CEO regularly attends the meetings of the Compensation Committee. In 2008, the Company's CEO attended all of the meetings of the Compensation Committee. The Compensation Committee does, however, regularly meet in closed session without the CEO present.

Long-term, Equity Incentive Compensation

Long-term equity awards are designed to reward and retain our valued executives, to effectively compete for executives that can strategically position the Company for future growth and financial success, and to encourage our executives to focus on achieving both short-term goals as well as long term development goals for the future.

Stock option awards are granted to encourage long-term retention and performance and remain a popular means of compensation for the following reasons: (1) goal-setting is not required; (2) it is essentially tax-deferred; and (3) employees generally receive more of them than if restricted shares were used, which then increases the upside potential if the stock price increases. Performance units are generally granted in fewer quantities and are used to reward individual outstanding performance. There are several types of performance units:

1. Those that convey immediate value on vesting, and as such, the executive is assured some amount of value as long as he/she remains employed through the vesting period. Vesting periods may vary, at the discretion of the Compensation Committee. Generally, options granted to our named executive officers vest over a period of four years and performance units vest over a period of two to four years as determined by the Compensation Committee. The Compensation Committee believes that these vesting schedules for our named executive officers are appropriate because such vesting periods provide a proper incentive to the named executive officers while still retaining the long-term retention goals of such awards; and
2. Those that have an acceleration component which are based on performance-based objectives. These performance-based objectives include, but are not limited to revenue growth relative to the semiconductor industrial average, earnings margins within the industry standard, coordination of design activities and new product development.

In granting options and performance units to our named executive officers under the Company's 2004 Equity Incentive Plan, the Compensation Committee bases the size of the awards on such considerations as the value of options and restricted stock awarded to individuals in comparable positions at peer group companies, the Company's and individual's performance against the Company's goals and the goals set for such individual, the number of options and performance units currently held by the executive officer and the overall percentage of shares held by executive officers. In 2008, we granted equity awards to purchase our common stock to our incumbent officers, based on the Company's performance and each individual's current and past performance and the achievement of certain performance-based objectives.

The grants to the majority of our named executives were made in February 2008 and October 2008, after the fiscal year 2007 and first-half 2008 results were available and after which the goals of our executives were assessed. The timing of the grants is made pursuant to a policy established by the Compensation Committee (please see below for further details).

In 2008, based on the recommendation of Frederic Cook & Co. from the previous year, which recommendation was based on our competitive data, we granted a combination of time-based and performance-based options and restricted awards to our employees, including our named executive officers. This combination will allow us to retain certain key individuals and will reward individuals when short-term performance goals are met. 100% of the options granted in 2008 were on a purely time-based vesting schedule and 100% of the performance units granted in 2008 had some performance-based vesting component. The Compensation Committee feels these percentages are appropriate based on the competitive data that was reviewed.

Table of Contents

In 2008, the equity grants as a percentage of total compensation for each of the named executive officers was as follows:

Named Executive Officer	Equity Awards as % of Total Compensation
Michael Hsing	160%
C. Richard Neely, Jr.	56%
Deming Xiao	133%
Maurice Sciammas	70%
Adriana Chiocchi	52%

The assumptions used to calculate the value of stock options and awards, for which the above percentages were determined, are set forth under Note 7 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for fiscal 2008 filed with the SEC on February 27, 2009. These amounts reflect the Company's accounting expense for these options and awards, and do not correspond to the actual value that will be recognized by the named executive officers.

Short-Term, Non-Equity Incentive Compensation

On May 28, 2008, the Compensation Committee approved a non-equity incentive plan based on meeting certain revenue and non-GAAP financial targets and achieving certain corporate and individual goals. The Compensation Committee felt these goals were appropriate because these are items that the Company uses to measure its performance. For purposes of this metric, non-GAAP operating income is defined as GAAP operating income, less stock-based compensation expense and extraordinary one time charges. The plan has variable performance payouts based on achieving financial and discretionary goals. The plan has a maximum payout of 200% and 195% of target for the CEO and named executive officers, respectively, based on goals that would require significantly better performance to the criteria stated above. The plan also has a discretionary component that provides that the CEO may recommend certain additional bonus amounts, subject to the final approval of the Compensation Committee. The maximum payout for each of our named executive officers in 2009 is as follows.

Name	Maximum 2009 Performance Bonus
Michael R. Hsing	\$ 880,000
C. Richard Neely, Jr.	\$ 437,000
Deming Xiao	\$ 468,000
Maurice Sciammas	\$ 468,000
Adriana Chiocchi	\$ 437,000

Severance and Change-in-Control Arrangements

We have severance and change-in-control arrangements with certain of our named executive officers pursuant to employment agreements, which provide for such executives to receive certain payments and benefits upon termination of their employment with the Company in certain circumstances, including in connection with a change-in-control. For all change-in-control arrangements, the named executive officer is entitled to benefits if their employment is terminated without cause or if they leave for good reason within one year following a change-in-control. A change-in-control of the Company refers to a merger or consolidation after which our shareholders do not hold a majority of our outstanding voting securities, any transaction involving the transfer of greater than 50% of our voting power, or a sale of substantially all our assets. Cause is generally defined as: the named executive officer's failure to perform the duties or responsibilities of his or her employment, the named executive officer personally engaging in illegal conduct that is detrimental to the Company, the named executive officer being convicted of or pleading *nolo contendere* to a felony or other crime involving moral turpitude, or the named executive officer committing a material act of dishonesty, fraud or misappropriation of property. Good Reason generally means the named executive officer's termination of employment following the expiration of

any cure period following the occurrence of: a material reduction in compensation (except where a substantially equivalent reduction is applied to all officers of the Company), a material reduction in the named executive officer's duties, or a material change in the location at which the named executive officer performs services.

The Company implemented the severance and change-in-control agreements for retention purposes and to ensure the continued loyalty and service of our named executive officers notwithstanding the possibility of a change-in-control. Severance and change-in-control arrangements and triggers were benchmarked against our peer group. These arrangements are discussed in *Potential Payments Upon Termination or Change-in-Control* below.

Other Compensation

The Compensation Committee does not provide compensation packages for our executives that include extravagant perquisites nor do we provide our executives with non-qualified deferred compensation plans and defined benefit plans, other than our 401(k) plan for which our Company does not make a matching contribution. The Company also offers a number of other benefits to named executive officers pursuant to benefit programs that provide for broad-based employee participation. These benefit programs include the Employee Stock Purchase Program, broad-based restricted stock unit awards, medical, dental and vision insurance, long-term and short-term disability insurance, life and accidental death and dismemberment insurance and health and dependent care flexible spending accounts.

We do not provide pension arrangements or post-retirement health coverage for our named executive officers or other employees.

Equity Incentive Grant Policies

On October 21, 2008, the Board approved our current Monolithic Power Systems Equity Award Grant Policy which is designed to comply with: (i) the administrative provisions of the Company's 2004 Equity Incentive Plan and such other plans as the Company may adopt from time to time (collectively, the Plans), (ii) the requirements of the Delaware General Corporation Law, (iii) the corporate governance requirements of NASDAQ, (iv) applicable rules and regulations of the SEC, including those relating to Section 16 of the 1934 Act, and (v) relevant sections of the Internal Revenue Code, including Sections 422 (incentive stock options), 409A (deferred compensation) and 162(m) (performance based compensation). Grants to our named executive officers are made pursuant to this policy. Grants to our named executive officers must be approved by the Board and will only be granted at specific times during the year, as described in further detail below.

Plan and Corporate Authorization

Under the Plans, the authorization to administer the grant of equity incentive awards is conferred upon the Board or any committee of the Board as properly constituted under applicable laws.

The Board has delegated to the Compensation Committee of the Board the authority to serve as administrator of the Plans (including the authority to grant awards thereunder), and has approved a charter outlining the responsibilities of this committee which also includes this express authority. The delegation of authority to the Compensation Committee is not exclusive; the Board retains the right to formally approve award grants as well. The Compensation Committee may form and delegate authority to subcommittees when appropriate.

In addition, the Board has delegated limited authority only for grants of equity awards under the Plans to new employees and consultants to a committee consisting of the Chief Executive Officer (the Equity Award Committee). Grant documentation approved by the Equity Award Committee through unanimous written consent will also be verified through a second signature. The authority does not extend to grants to the named executive officers.

Table of Contents

The delegation of authority to the Equity Award Committee is not exclusive; the Board and Compensation Committee retain the right to formally approve award grants as well.

Equity Grants to New Hires

It is the Company's policy not to time equity award grants in relation to the release of material non-public information, and it is the intent of this policy to specify the timing of effectiveness of equity awards granted hereunder in order to avoid such timing. This policy applies to all employees of the Company, including the named executive officers.

Grants to new hire employees and consultants (other than Executive Officers as defined below) will generally be made on the first Monday and third Monday of each month. Management submits the Company's employee equity award recommendations to the Equity Award Committee and/or the Compensation Committee and, if such equity awards are approved by the Equity Award Committee or the Compensation Committee, such equity awards will be granted effective as of the date of a meeting approving such awards as evidenced by written minutes of such meeting or the date of the last verification signature or electronic verification over email in the event of a written consent in lieu of the meeting. In the event that the Compensation Committee meets on any date other than the first Monday or third Monday of the month, the awards approved at such meeting for new hire employees who are not Executive Officers will be granted and priced effective as of the next scheduled grant date.

New hire grants made to Executive Officers (defined as the Chief Executive Officer, Chief Financial Officer, Chief Legal Officer, Chief Operations Officer, President, employees who are members of the Board and any other employee determined by the Board to be an Executive Officer) may not be granted by the Equity Award Committee and will only be granted on the date of the next regularly scheduled Board meeting subsequent to the Executive Officer's start date and following approval of such grant by the Compensation Committee.

Equity Grants to Existing Employees or Incumbent Members of the Board

Generally, annual grants of equity awards shall be made to key performers quarterly at a regularly scheduled Board meeting for employees who are not Executive Officers. Grants of equity awards to Executive Officers shall be made four times per year in an open trading window by the Board or the Compensation Committee at a regularly scheduled meeting following the approval of such equity awards by the Compensation Committee to help avoid making such grants at a time when the Company's trading market may not be in possession of material information regarding the Company.

Equity awards to non-employee members of the Board shall be made by the Board or pursuant to any automatic grant provisions in the Plans.

Prior to the adoption of a formal equity incentive grant policy, we granted equity instruments in a manner similar to the process described above.

There are no stock ownership guidelines for the Company's named executive officers. The Company has chosen not to implement stock ownership guidelines for its named executive officers because there are a limited number of executive officers of the Company and many of them own a large number of shares in the Company. As of December 31, 2008, our executive officers, directors and affiliates beneficially owned 15% of the Company's common stock.

Tax and Accounting Impacts of Equity Grants

In issuing equity incentive grants to our employees, including our named executive officers, the accounting and tax impacts on the Company's income statement are looked at regularly and are an integral part of the financial planning process.

The following table sets forth, as to the named executive officers, certain entitlements based on employment agreements and change-in-control arrangements. A change-in-control of the Company refers to a merger or consolidation after which our shareholders do not hold a majority of our outstanding voting securities, any transaction involving the transfer of greater than 50% of our voting power, or a sale of substantially all our assets. For all change-in-control arrangements, the named executive is entitled to their benefits if their employment is terminated without cause or if they leave for good reason within one year following a change-in-control. The Company has followed general market practices for senior executives in allowing limited Change-in-Control arrangements for selected officers.

Each of the employment agreements with the Company's named executive officers contains a provision whereby during the period of employment and thereafter, the Executive shall not, without the prior written consent of the Company, disclose or use any confidential information or proprietary data other than for the Company's interest. These employment agreements also contain a covenant not to solicit, beginning with the date of the Executive's termination and until one year thereafter.

On December 16, 2008, our Compensation Committee approved certain amendments to the employment contract for Michael Hsing designed to, among other things, provide that in the event that any severance payment or other benefits payable to Mr. Hsing constituted parachute payments under Section 280G of the Internal Revenue Code and would be subject to the applicable excise tax, the Company will pay Mr. Hsing a gross-up payment sufficient to pay the excise tax and any additional federal or state taxes arising from such payments. Prior to approving these amendments, our Compensation Committee reviewed data regarding gross-up payments to chief executive officers in our peer group, and decided that these amendments were appropriate in order to maintain a competitive compensation package and provide appropriate incentives to Mr. Hsing.

On December 16, 2008, our Compensation Committee also approved certain amendments to the employment contracts for C. Richard Neely, Jr., Maurice Sciammas, Deming Xiao and Adriana Chiocchi designed to, among other things, provide that in the event that any severance payment or other benefits payable to such persons constituted parachute payments under Section 280G of the Internal Revenue Code and would be subject to the applicable excise tax, the Company will pay such persons a gross-up payment sufficient to pay the applicable excise tax. The payment of any additional excise tax and any additional federal, state or other taxes arising from the payment made by the Company pursuant to the previous sentence will be the sole responsibility of the individual. Prior to approving these amendments, our Compensation Committee reviewed data regarding gross-up payments to named executive officers in our peer group, and decided that these amendments were appropriate in order to maintain competitive compensation packages and provide appropriate incentives to our named executive officers.

Table of Contents***Estimated Payments Upon Termination or Change-in-Control***

The following table sets forth the payments required to be made to each named executive officer in connection with the termination of their employment upon specified events assuming a stock price of \$12.61 per share, the closing price on December 31, 2008. The amounts shown also assume that the termination was effective December 31, 2008, and thus include amounts earned through such time and are estimates of the amounts which would be paid out in a lump sum to the executives upon their termination. These amounts do not include any tax benefits for which the Company may become liable as a result of the employment agreements between the Company and the named executives. The actual amounts paid can only be determined at the time of the termination of the executive's employment.

receiving the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountant's communications with the Audit Committee concerning independence, and discussing with the independent registered public accounting firm their independence.

Based upon the reviews and discussions described in this Report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.
