UMB FINANCIAL CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE MONTHS ENDED MARCH 31, 2010 (UNAUDITED)

1. Financial Statement Presentation

The condensed consolidated financial statements include the accounts of UMB Financial Corporation and its subsidiaries (collectively, the Company) after elimination of all significant intercompany transactions. In the opinion of management of the Company, all adjustments, which were of a normal recurring nature and necessary for a fair presentation of the financial position and results of operations, have been made. The results of operations and cash flows for the interim periods presented may not be indicative of the results of the full year. The financial statements should be read in conjunction with Management s Discussion and Analysis of Financial Condition and Results of Operations and in conjunction with the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

2. Summary of Accounting Policies

The Company is a multi-bank financial holding company, which offers a wide range of banking and other financial services to its customers through its branches and offices in the states of Missouri, Kansas, Colorado, Illinois, Oklahoma, Arizona, Nebraska, Pennsylvania, South Dakota, Indiana, and Wisconsin. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also impact reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. A summary of the significant accounting policies to assist the reader in understanding the financial presentation is listed in the Notes to Consolidated Financial Statements in the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

Interest-bearing Due From Banks

Amounts due from the Federal Reserve Bank which are interest-bearing for all periods presented, and amounts due from certificates of deposits held at other financial institutions are included in interest-bearing due from banks. The amount due from the Federal Reserve Bank totaled \$420.3 million and \$806.8 million at March 31, 2010 and March 31, 2009, respectively, and is considered cash and cash equivalents. The amounts due from certificates of deposit totaled \$304.1 million and \$121.5 million at March 31, 2010 and March 31, 2009, respectively.

This table provides a summary of cash and due from banks as presented on the Consolidated Statement of Cash Flows as of March 31, 2010 and March 31, 2009 (in thousands):

Diluted income per share includes the dilutive effect of 285,268 and 282,226 shares issuable upon the exercise of stock options granted by the Company at March 31, 2010 and 2009, respectively.

Options issued under employee benefit plans to purchase 1,119,068 and 971,191 shares of common stock were outstanding at March 31, 2010 and 2009, respectively, but were not included in the computation of diluted EPS because the options were anti-dilutive.

3. New Accounting Pronouncements

Accounting for Transfers of Financial Assets- an amendment of FASB Statement No. 140 In June 2009, the Financial Accounting Standards Board (FASB) issued SFAS No. 166 Accounting for Transfers of Financial Assets-an amendment of FASB Statement No. 140 or Accounting Standards Codification (ASC) 860. The objective of this Statement is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial statements about a transfer of financial assets; the effects of a transfer on its financial position, financial performance, and cash flows; and a transferor's continuing involvement, if any, in transferred financial assets. This Statement removes the concept of a qualifying special-purpose entity from SFAS No. 140 and removes the exception from applying FASB Interpretation No. 46 to qualifying special-purpose entities. The Company adopted this statement on January 1, 2010 without a material impact on its financial position or results of operations.

Amendments to FASB Interpretation No. 46(R) In June 2009, the FASB issued SFAS No. 167, Amendments to FASB Interpretation No. 46(R) or ASC 810, which amends the consolidation guidance applicable to variable interest entities. The amendments to the consolidation guidance affect all entities currently within the scope of FIN 46(R), as well as qualifying special-purpose entities that are currently excluded from the scope of FIN 46(R). The Company adopted this statement on January 1, 2010 without a material impact on its financial position or results of operations.

Fair Value Measurements and Disclosures In January 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-06, Fair Value Measurements and Disclosures (ASU 2010-06), which amends ASC 820, adding new requirements for disclosures for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU 2010-06 is effective for interim and annual periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Company adopted this statement on January 1, 2010 without a material impact on its financial position or results of operations.
